President's Message

The faculty, administrators and staff join me in welcoming you to San Diego Mesa College. As one of the largest and most successful of California’s 110 community colleges, Mesa College takes pride in its high academic standards, its excellent programs and services, and its personal approach to helping each individual student succeed.

At Mesa College, students will find a wide and diverse array of day, evening and on-line courses leading to 176 Associate in Arts, Associate in Science degrees and certificate programs. Students may also pursue courses and programs of general interest.

Because of the college’s comprehensive offerings, excellent programs, uniquely talented faculty and support services, Mesa College enjoys one of the highest student transfer rates in California and the nation. According to the 2006 Community College Week report, Mesa College ranked 53rd in the number of Liberal Arts & Sciences and General Studies & Humanities associate degrees awarded (787) when compared to the 1,200 community colleges within the United States.

Many students who plan to transfer have great success in pursuing the college’s Associate Degree in Transfer Studies, as well as the college’s guaranteed transfer agreements with colleges and universities in California and throughout the nation.

Students following the vocational track have similar success when they enter or advance through the job market. Unique partnerships with local industries have created pathways for upward mobility and success in high-demand occupations.

Mesa College provides extensive collegiate and co-curricular experiences for students, including such opportunities as student government; 20 men’s and women’s intercollegiate athletic teams; clubs; performance groups; an Honors Program; Service Learning and a host of activities in which students learn leadership skills, expand their academic horizons and celebrate cultural diversity.

As you read through this catalog, you will also find complete information about the college’s programs, courses, requirements and policies. You will find information about the college’s other services for students: counseling, library and media services, tutorial services, child care, financial aid, health services and special services for students with disabilities, just to name a few. The college counselors will answer any questions you may have about programs and services and will assist you in making your educational plans. To contact a counselor, call (619) 388-2672.

Once again, welcome to San Diego Mesa College. We are dedicated to making your Mesa College experience a memorable and rewarding one, and to help you have a productive and enjoyable experience in realizing your educational goals.

Rita M. Cepeda, Ed.D.
President

On the Cover:

Students of the Mesa College Bridges to the Future program. The summer research program provides talented, under-represented science students who are interested in majoring in the sciences (biology, chemistry, and psychology) with experiences and opportunities to gain knowledge and preparation for successful transfer to one of the program’s partner universities. For more information on this unique educational opportunity and university partnership log on to: www.sdmesa.edu/7bridges/index.html, or contact program co-directors, Professors Jaye Van Kirk (619-388-2290) and Yoshito Kawahara, Ph.D. (619-388-2288).
The San Diego Community College District

The San Diego Community College District is charged with educating all adults 18 years of age and older in the City of San Diego. The District provides education at several levels, from adult basic education through sophomore level college degree programs. The District has three fully accredited colleges, City, Mesa, and Miramar, the Educational Cultural Complex, and six major Centers for Education and Technology. The District is governed by a Board of Trustees consisting of five voting members elected by the people of San Diego and a student trustee elected by District college students. The Chancellor is the Chief Executive Officer in charge of day to day operations.

General Information
History

San Diego City College, San Diego Mesa College and San Diego Miramar College are public two-year community colleges administered by the San Diego Community College District. Also under the auspices of this district are the Continuing Education division with six major centers throughout San Diego, and the Educational Cultural Complex which offers both college and continuing education courses. These educational programs carry out the charge made by the voters of San Diego in 1972, that the San Diego Community College District provide education for all high school graduates and adults 18 years of age and older in the district. This charge includes providing adult basic education through sophomore-level college degree programs, with both academic and vocational curricula.

Community college education in San Diego can be traced to 1914 when the Board of Education of the San Diego City Schools authorized postsecondary classes for the youth of San Diego. Classes opened that fall at San Diego High School with four faculty members and 35 students.

City College was first established in 1916 and was located at San Diego High School. For 25 years the Junior College program was located at San Diego State University. In 1938, the San Diego Vocational Junior College was established to offer training in technical-vocational skills to post high school students. The following year the San Diego Evening Junior college was set up to provide college classes in the evening for adults unable to attend day classes.

In 1964, San Diego Mesa College was opened to 1,800 students. Five years later, in 1969, San Diego Miramar College opened on 140 acres in what was then undeveloped land north of the Miramar Naval Air Station, now known as Mira Mesa. Unlike City and Mesa Colleges which offered a range of general education classes, Miramar College began by concentrating on law enforcement and fire science training. It has since broadened its curriculum to include the general education college courses needed by students in the rapidly growing northern area of the city.

In November 1972, the voters approved separating the San Diego Community College District from the San Diego Unified School District. The first election of community college district trustees was held in November 1973. The year 1976 brought the opening of a unique district campus, the Educational Cultural Complex, dedicated to offering both college and continuing education classes to the multicultural population surrounding its Ocean View Boulevard site. In 1979-80 the administration of the Evening College program was merged with those of the day college programs at San Diego City, San Diego Mesa, and San Diego Miramar Colleges.

With both college and continuing education programs, the San Diego Community College District is the second largest community college district in California and offers a choice of educational programs unparalleled in the region.

Statement of Philosophy

The general education program at the colleges in the San Diego Community College District is designed to broaden students’ knowledge and their understanding of methods of gaining knowledge in a variety of disciplines and to develop students’ abilities in critical thinking, in oral and written communication, and in mathematics.

The awarding of an Associate Degree symbolizes an attempt on the part of the college to lead students through patterns of learning experiences designed to develop an awareness of other cultures and times; to achieve insights gained through experience in thinking about ethical problems; and to develop the capacity for self-understanding. In addition to these accomplishments, students should possess sufficient depth in some field of knowledge to contribute to lifetime interest.

Student Learning Outcomes

Mesa College has adopted the following Student Learning outcomes for the Associate Degree.

Critical Thinking: Ability to analyze problems, conceptualize theses, develop arguments, weigh evidence, and derive conclusions. This outcome includes both inductive and deductive logical reasoning and methodological processes.

Communication: Ability to articulate the critical thinking outcomes in writing and/or speaking or by other modes of communication.

Self-awareness and Interpersonal Skills: Ability to analyze one’s own actions, to see the perspective of
other persons, and to work effectively with others in groups.

Personal Actions and Civic Responsibility: Ability to understand one's role in society, take responsibility for one's own actions, make ethical decisions in complex situations, and participate actively in a diverse democracy.

Global Awareness: Ability to articulate similarities and contrasts among cultures, times and environments, demonstrating understanding of cultural pluralism and knowledge of global issues.

Technological Awareness: Ability to understand the applications and implications of technology and to use technology in ways appropriate to the situation. This outcome includes information computer competency skills.

Mission and Goals

San Diego Mesa College, as part of the California Community College system and the San Diego Community College District, has a vital role in higher education with a commitment to provide excellent educational programs and services to its students and the community.

San Diego Mesa College cultivates relationships with the total community, offering programs for the benefit of college students of all backgrounds and ages, including those wishing to re-enter the educational process. The College is committed to providing education and services that promote access, retention, and student success. Through participatory governance, all segments of the college promote excellence in college programs and governance, engage in on-going dialogue about quality, assess how well learning is occurring, and implement institutional changes to improve student success.

The primary mission of San Diego Mesa College is to provide:

- Programs which lead to an Associate Degree or Certificate,
- Lower division curricula in arts and sciences with an emphasis on courses which transfer to baccalaureate institutions,
- Programs in career and technical education, and
- Programs that promote regional economic development.

To further this mission, educational programs and services offered by San Diego Mesa College include:

General Education, Associate Degree Majors, and Transfer Education: Courses and programs which contribute to the broad education of career, technical and transfer students. Included are critical thinking, writing, and oral communication skills; the ability to use and understand quantitative analysis; awareness of the arts and humanities; understanding of diversity, personal and civic responsibility, and of the physical, social and behavioral sciences as they affect one's participation in the diverse local and global community.

Basic Skills: Courses and programs which prepare students, including native and non-native speakers of English, for college level reading, writing, speaking, and mathematics, as well as other programs designed to enable those with special learning needs to reach their educational goals.

Student Services: Admission, orientation, assessment, counseling, tutorial, and other services which assist students in the matriculation process; including helping students select programs and courses that help satisfy their transfer and/or career goals and offering services that promote access, retention and student success.

Co-curricular Activities: Courses, programs and activities that further the students' learning experience through the practical implementation of curriculum-based methods, theories, and concepts resulting in the enrichment of both students' development and campus life.

Economic and Career Development: Courses and degree and certificate programs that advance California's economic growth and global competitiveness through education, training, and services that contribute to continuous work force improvement.

Accreditation

San Diego Mesa College is accredited by the Western Association of Schools and Colleges and approved by the California State Department of Education. In addition, certain programs at Mesa College hold special accreditation:

Animal Health Technology - California Department of Consumer Affairs, Veterinary Medical Board
Dental Assisting - American Dental Association Commission on Dental Accreditation.
Health Information Technology - Commission on Accreditation of Health Informatics and Information Management;

Medical Assisting - Commission on Accreditation of Allied Health Education Programs (CAAHEP), on recommendation of the Curriculum Review Board of the American Association of Medical Assistants’ Endowment (AAMAE);

Physical Therapist Assistant - Commission on Accreditation in Physical Therapy Education (American Physical Therapy Association);

Radiologic Technology - Joint Review Committee on Education in Radiologic Technology;

Mesa College is approved by the Office of Private Postsecondary Education for the training of veterans as well as by the U. S. Department of State and the U.S. Immigration Services for international student education. Courses paralleling university level work are accepted by the University of California, the California State Universities, and by other universities and colleges.

Persons interested in the institution’s accreditation and program approvals may review documents describing these activities in the President’s Office. These documents will be available for such review at a mutually convenient time during regular business hours, and an appropriate interpretation of their contents will be provided if requested.

Disclaimer

While every reasonable effort has been made to ensure that statements in this catalog are accurate, it must be understood that the information contained herein is subject to change or elimination without notice by the administration of the San Diego Community College District. Students should consult the appropriate campus or department for current information, as well as for any special rules or requirements imposed.

Admissions and Registration
The College Matriculation Program

Steps to Student Success
The college matriculation program is designed to help students succeed in their academic program. To "matriculate" means to enroll and to commit oneself to an educational goal. The matriculation process requires a commitment on the part of the college as well as the student.

The steps in the matriculation process are:

1) Admission
   - No exemptions

2) Assessment
   - Students with the following educational goals: preparation for a new career, advancement in their current job/career, maintenance of a certificate or license, educational development, or completion of credits for high school diploma
   - Students enrolled in an apprenticeship program
   - Students who have an associate degree or higher
   - Students concurrently enrolled at a four-year college or university

3) Orientation
   - Students with the following educational goals: preparation for a new career, advancement in their current job/career, maintenance of a certificate or license, educational development, or completion of credits for high school diploma
   - Students enrolled in an apprenticeship program
   - Students who have an associate degree or higher
   - Students concurrently enrolled at a four-year college

4) Counseling/Advising
   - Students with the following educational goals: preparation for a new career, advancement in their current job/career, maintenance of a certificate or license, educational development, or completion of credits for high school diploma
   - Students enrolled in an apprenticeship program
   - Students who have an associate degree or higher
   - Students concurrently enrolled at a four-year college
   - Students who have taken the placement tests within the last three years

5) Follow-up
   - No exemptions

Admission
Admission is open to anyone who meets one of the following criteria:

- Persons who possess a high school diploma or California high school proficiency exam certification or GED with an average score of 45 or higher.
- Persons 18 years of age or older or emancipated minors who do not possess a high school diploma or equivalent may be admitted by the college under provisional admission status.
• High school students requesting concurrent enrollment may be admitted as “special part-time” students subject to the following criteria:
  
a. Students must have completed the 10th grade.
  b. A student may take a maximum of two courses not to exceed 8 units per semester or session. This maximum includes classes at City, Mesa, Miramar Colleges and ECC (excludes High School Honors classes).
  c. High school students must satisfy prerequisites and eligibility requirements for each course.
  d. Students must maintain a 2.0 grade point average each semester in all college work.
  e. If the number of units of W, I and NC exceed 40%, in any semester or session, the student will be academically disqualified. Students whose grade point average falls below a 2.0, or who do not complete 60% of all units attempted, will not be permitted to re-enroll without approval from a college counselor.
  f. Enrollment in Physical Education classes will not be permitted.
  g. The course is advanced scholastic or technical.
  h. The course is not available at the school of attendance.
  i. Students will be given college credit for all courses. Grades will be part of the student's permanent college record.
• Persons who are under 18 years of age who do not have a high school diploma and are not enrolled in a high school may be admitted as a special full-time student pursuant to Education Code §48800.5 subject to approval of the high school governing board and the college President where the student is planning to attend. Special full-time students will be admitted under provisional admission status.
• Persons who do not meet one of the admission criteria stated above will not be admitted under any circumstances.

Apply Online
Applications for admission to San Diego City, Mesa and Miramar Colleges are available on the Internet. Students access the online application at http://studentweb.sdccd.edu.

Important Reminder
Every male citizen of the U. S. and male immigrant residing in the U. S., ages 18 through 25, must register with the Selective Service.

Assessment
Assessment is a tool used to assist students in selecting courses best suited to their abilities and educational goals. Specifically, assessments help students identify their skill levels in English and mathematics.

Assessment is a process that includes tests and other measures and is intended to assist students in meeting course prerequisites. Students may also meet course prerequisites based on other factors such as past educational achievements in mathematics or English or course completion.

In order to ensure proper course selection, all new students should go through assessment and orientation unless they already possess an associate degree or higher.

Testing accommodations are available to students with disabilities. Contact the Disability Support Programs and Services (DSPS) office at (619) 388-2780 for assistance.

Orientation
The orientation provides important information to students about the programs and services available at the college as well as strategies for student success. Orientation includes assessment and program planning. Matriculating students who have been admitted to the college are expected to attend an assessment/orientation session before registering for classes.

For additional information call (619) 388-2715 or stop by the Testing Office on campus in room I-425.

Educational Planning
The Education Plan is an important tool to assist students in successfully attaining their goals without wasted time and effort. Counseling and career planning services are available to help students make informed choices concerning the programs and courses available.
The Education Plan is an agreement which contains the official requirements for graduation and/or transfer. **All transcripts of prior college work must be on file and evaluated by the Evaluations Office before an official education plan can be prepared.** See the Graduation section on page 74 for graduation filing requirements.

An Education Plan typically lays out a program of study for a four or six semester period. These plans allow students to determine how long it will take to complete a program of study and to be sure that all program requirements can be met within a particular period of time. Education plans may be changed. The student should review plans periodically with a counselor. They are revised as a student's goals or objectives change.

Assessment of interests and aptitudes is also available to those students who want more information or assistance in order to choose the “right” programs or courses.

**Follow-up Services**

Follow-up services are available to all students as part of the college's commitment to student success. These services include a periodic review of student progress and education plans to assist students in reaching their educational goal. Students who need additional support services will be referred to those services.

**Registration**

With the exception of Special-Admit High School students, all students receive an appointment to register by online using Reg-e or telephone using ClassTalk. Special-Admit High School students must enroll in person at the time of their registration appointment.

By using the combined schedule of classes and Reg-e or ClassTalk, a student can enroll in any available course offered at ECC, City, Mesa, or Miramar Colleges. The class schedule is also available on the web at: [http://www.sdccd.edu/schedule](http://www.sdccd.edu/schedule)

Reg-e and ClassTalk are easy to use. Instructions for using Reg-e are on the registration site. Written instructions for using ClassTalk may be found in the combined schedule of classes and in the Admissions Office.

**The following information and services are available through Reg-e and ClassTalk:**

- a record of the student's class schedule, fees, and payment deadlines
- cancellation of registration
- adding and dropping classes
- academic deadlines and calendar
- grade information
- academic history
- purchase of parking permits
- purchase of an Associated Students college membership

**Online Registration (Reg-e)**

Students can register for classes using Reg-e, the San Diego Community College District’s online registration system. Students can visit the Student Web Services at: [http://studentweb.sdccd.edu](http://studentweb.sdccd.edu) and click on the Reg-e icon. Full instructions will lead students through the process.

**Class Schedules on Internet**

Up-to-date class schedule information and course descriptions for each campus is available on the Internet at [www.sdccd.edu/schedule](http://www.sdccd.edu/schedule). This web site displays new classes, cancellations, and changes after the printed schedule has been distributed. A search engine allows students to search for classes by academic subject, by time and day, or by key words.

**Wait List**

Students who attempt to register in a class that is closed may select the option to have his/her name placed on a Wait List.

**IMPORTANT NOTE:** Wait Listing is not a guaranteed priority for enrollment.

**Criteria:**

- Students may place their name on only one Wait List for a specific subject and course number.
- Students must meet course prerequisites to be placed on the Wait List.
- Students who are on a Wait List and later enroll in another section of the same subject and course number will be automatically removed from the Wait List.
- Students will be told their priority number on the Wait List.
Students can check their priority number on Reg-e and ClassTalk.

Students have the option to remove themselves from the Wait List at any time.

Wait List capability is available through both online and telephone registration.

There is a limit to the number of students allowed on each Wait List.

Wait listed students will be given first priority to add their waitlisted class if a space becomes available.

The college will attempt to notify students that a space is available via e-mail and telephone according to their priority number; however, it is the students’ responsibility to check the status of their waitlisted classes on Reg-e and/or ClassTalk daily.

Upon notification, students will be given five (5) business days, including the day of notification, to add the waitlisted class. (An add code is not required.)

If students do not add their waitlisted class within the 5-day period, they will be removed from the Wait List and lose their priority.

It is the Student’s responsibility to check their e-mail, Reg-e and/or ClassTalk, weekly for the status of their waitlisted class(es).

Students remaining on the Wait List after classes begin, MUST attend the first class meeting (and be on time) to have their Wait List priority considered.

Note: Students enrolled in SDCCD Online courses must contact the instructor on the first day of class via e-mail if they wish to have their Wait List priority considered.

Adding Classes

Students may add classes online or by telephone until the deadline date published in the schedule of classes. Students will not be allowed to add classes beyond the published deadline.

To add a class once the semester has begun, students must obtain an add code from the instructor, then must process and pay for the added class through Reg-e or ClassTalk. A student may also pay at the Accounting Office, Room I-412.

Students are not officially enrolled until the add code is processed through Reg-e or ClassTalk and fees are paid in full. Add codes for Special-Admit part-time high school and Joint Diploma students must be processed in person in the college Admissions Office prior to the add deadline.

If an instructor finds that a student has given his or her add code to another student, the instructor should administratively drop the student who was not issued the add code.

Dropping Classes

Students may drop or withdraw from classes by online or telephone until the deadline dates published in the schedule of classes. Deadline dates not published in the schedule of classes are available in the Admissions Office or online at http://studentweb.sdccd.net

It is the student’s responsibility to drop classes. If a student remains on the class roster beyond the withdrawal deadline, the student must receive a letter grade even if he or she has stopped attending class.

*NOTE: The “withdrawal” deadline for the 16 week primary session is the Friday of the 10th week of instruction. Consult the class schedule for the published dates http://studentweb.sdccd.edu

Administrative Drop

Registration may be administratively canceled for the following reasons:

1) Failure to pay all mandatory fees in accordance with the fee payment schedule;

2) Using an add code issued to another student;

3) Failure to meet the terms and conditions of a fee deferment;

4) Failure to meet academic or progress standards;

5) Denial of a “Petition to Challenge A Prerequisite.”
Exclusion from Classes
A student may be excluded from class or the college whenever the student:

1) Exhibits behavior which interferes with the educational process. An instructor may remove a student from two class sessions for disruptive behavior. (Refer to Policy 3100: Student Rights, Responsibilities and Administrative Due Process); or

2) Is found to have a communicable disease which requires isolation pursuant to a directive from the County Department of Public Health.

Minor Children on Campus
Minor children who are not enrolled are not permitted in any classroom at any time.

Minor children who are not enrolled are not to be left unattended at any time while on the campus.

Study Load Limit
The maximum study load for a semester is 20 academic units exclusive of physical education activity units and/or 25 units including physical education. In special circumstances, in which a student has an exceptional record of academic achievement, the Counseling Department may consider a request to increase this limit.

Students are reminded that each unit of credit is calculated to involve a total of at least three hours of classroom and outside time per week. Thus, a 20-unit study load represents a minimum 60-hour work load each week. Students working full-time are advised NOT to attempt a full-time college program.

Twelve units of credit is considered a minimum full-time program during a semester; nine units is three-quarters time, and six units, half-time.

The maximum study load for summer session is 12 academic units excluding physical education and/or 15 units including physical education.

Priority Enrollment System
Consistent with state law and the goal of providing a fair and equitable registration system for all students, the San Diego Community College District has established the following priority system for assigning registration appointments for Fall and Spring semesters.

Priority Group
1) EOPS and DSPS students
2) Continuing students
3) New matriculating students
4) New and returning students
5) Students possessing a baccalaureate or higher degree who are not matriculating*

* Students with a baccalaureate degree or higher will move into one of the other four groups once they have completed an education plan.

Within each priority group above, students are prioritized according to cumulative units, including transfer units and work in progress. Students who have completed an education plan will receive priority within each range. New students are assigned an appointment on a first-come, first-served basis.

Range
- 50.0-69.9 units
- 70.0-89.9 units
- 30.0-49.9 units
- 15.0-29.9 units
- 00.0-14.9 units
- 90+ units

The priority system for the Summer session is:
1) EOPS and DSPS students
2) Continuing students
3) New and returning students
4) Open registration

Change of Name, Mailing or E-mail Address
All students must report immediately any change of address to the college Admissions Office or online at http://studentweb.sdccd.edu. Failure to provide this information will result in delays in registration, and other important information sent by the college. Name changes must be supported with legal documentation and a picture ID and reported in person at the Admissions Office.
Prerequisites, Corequisites, Limitations on Registration and Advisories

PLAN AHEAD! All prerequisites, corequisites, and limitations on enrollment stated in the course descriptions listed in this catalog will be strictly enforced at the time of registration. Students who do not meet the requisite requirements according to college records will not be permitted to register for the course. Students who believe they have met the prerequisite at another institution are strongly advised to have all transcripts of prior college work evaluated and on file well in advance of registration to minimize registration delays.

Note: Unofficial transcripts are accepted for prerequisite clearance.

Students should plan their schedules early and see a counselor for assistance.

PREREQUISITES are courses that must be completed with a “C” or better prior to registration in a specific course.

COREQUISITES are courses that are required to be taken the same semester as another course.

LIMITATIONS ON ENROLLMENT are other restrictions that are stated in the course description such as “not open to students with credit in...”

ADVISORIES are departmental recommendations to be completed prior to enrolling in the course. Advisories do not prevent a student from enrolling, but are strongly encouraged by the department for a student’s academic success.

Challenge Procedures

Students who believe they have sufficient grounds may challenge a prerequisite, corequisite, or limitation on enrollment in a specific course (the student does not get units for a challenged class). A student may obtain a Petition to Challenge in the Admissions Office and a copy of Procedures 5500.2. The completed petition must be filed in the Admissions Office no later than ten working days prior to the published add deadline for the course being challenged. Students who challenge a prerequisite or corequisite after the start of the semester must obtain an add code issued by the instructor prior to completing the petition. Contact the Admissions Office for additional information. For credit by examination, please refer to page 46.

Residency

I-410 (619) 388-2688

Residency is determined when a student applies for admission to the College. The following paragraphs summarize the rules and regulations related to student residency for tuition purposes. Details are found in the CA Education Code Section 68000, Title 5, sections 54000-54072.

Residency Status

Every person who is married or is age 18 or older and under no legal restriction may establish residence. Certain minors may also establish residence.

- A California “resident” is a person who has resided in the state for more than one year prior to the residence determination date and shows “intent” to make the state of California their permanent residence.
- An undocumented student is precluded from establishing residency. Restrictions also apply to some visas; please see the Residency Office.
- The residence determination date is the day immediately preceding the first day of classes for each semester.

Factors Considered to Determine Residency

No one factor determines residency. The following factors are called “indices of intent.” They, along with a person’s presence in California, are among the factors considered in determining California residency:

- Filing California state income taxes as a resident
- Possessing a California driver’s license and a vehicle registered in California
- Voting in California
- Owning residential property in California for personal use
- Being licensed to practice a profession in California
Exception to Residency Requirements
Several exceptions to the residency rules apply. They include, but are not limited to, the following:

- Active duty military personnel stationed in California
- Dependents of active duty military personnel stationed in California.
- Certain minors who remained in California when their parents moved
- Self-supporting minors
- Full-time employees of the college or a state agency, or a child or spouse of the full-time employee

Nonresident Students
A student’s residency status is determined at the time of application. Nonresident students must pay nonresident tuition in addition to the enrollment fee and other fees for credit classes. Tuition must be paid in full at the time of registration.

Assembly Bill (AB) 540
Assembly Bill 540 exempts nonresident students, U.S. citizens, and permanent residents who meet the following criteria, from paying nonresident tuition:

- have attended high school in California for three or more years;
- have received a high school diploma or equivalent, including certification of graduation from a California high school;
- have registered as an entering student at, or concurrent enrollment at an accredited institution of higher education in California.

- must file an affidavit with the college stating that he or she has filed an application to legalize his or her immigration status.

This provision applies to students attending community college after January 1, 2002. For additional information contact the college Residency Office.

Incorrect Classification
A student incorrectly classified as a California resident is subject to reclassification as a nonresident and payment of all nonresident tuition. If incorrect classification results from false or misleading facts, a student may be excluded from classes or the college upon notification.

Reclassification
Reclassification to resident status must be requested by the student. Financial independence during the current year and preceding two years will be considered at the time the student requests reclassification. Information regarding requirements for reclassification is available in the Residency Office or Admissions Office.

Tuition may not be refunded to a student classified as a nonresident due to lack of documentation if, at a later date, documentation is presented for a previous semester.

Appeals
To appeal a residency determination decision, a student may file a Residency Determination Appeal form with the college Admissions and Records Supervisor.

Limitation of Residency Rules
Students are cautioned that this summary of rules regarding residency determination is by no means a complete explanation of their meaning or content.

For further information, contact the residency clerk in the Admissions Office. Changes may have been made in the statutes and in the regulations since this catalog was published.

False Information
Providing false information necessary for establishing residency will result in disciplinary action up to and including dismissal from the college.

Contact the Admissions Office for more details.
International Students
(F-1 Visa Students)

San Diego Mesa College welcomes applications from nonimmigrant F-1 visa students. Acceptance into a program at the college is necessary before U.S. Citizenship and Immigration Services (formerly INS) Form I-20 (certificate of eligibility) is issued by the International Student Admissions Office. The decision to grant an acceptance will be based on all evidence received prior to the deadlines. Students may contact the International Student Admissions Office at the following address to request forms or information:

International Student Admissions Office, I-410
San Diego Mesa College
7250 Mesa College Drive
San Diego, CA 92111-4998

General Information

1) An international student must register for and maintain a minimum of 12 units each semester while at Mesa College. Part-time F-1 status will not be approved. The registration status and academic performance of all international students will be monitored by the college.

2) A recent photograph must be submitted with an application (passport size is acceptable).

3) Prospective international students are advised that they must comply with all requirements of the U.S. Citizenship and Immigration Services and of San Diego Mesa College to be admitted as international students.

4) A transfer student from another accredited United States college or university must:
   a. Follow set transfer procedures of the U.S. Citizenship and Immigration Services; and
   b. Have pursued a full-time course of study with a minimum GPA of 2.0 (“C”) at the college the student was last authorized to attend (an official transcript must be filed).

Admission Requirements

Application Fee: All international students are required to pay a $100.00 non-refundable application fee. Upon admission to the college, the fee will be applied toward the first semester nonresident tuition. The fee is valid for up to one year from the date processed.

Admission for Fall Semester: Students must complete all admissions requirements no later than May 1 to be admitted for the fall semester. Since the processing of an application normally requires a minimum of three to five months, students are strongly encouraged to file an application by March 1 of the current year. Students who meet the May 1 deadline will be notified as soon as possible of their admission status. Admission to summer session is restricted to international students properly cleared by May 1 for admission to the Fall semester.

Admission for Spring Semester: Students must complete all admissions requirements no later than October 1 to be admitted for the Spring semester. Students who meet the October 1 deadline will be notified as soon as possible of their admission status.

Academic Achievement

1) An international student must have graduated from high school (or its equivalent) with a GPA of 2.0 (“C”) or better, or have obtained a GED certificate (General Education Development).

2) Official transcripts of all previous secondary and college/university education must be submitted, including an English translation of the transcript, before an application will be considered.

English Proficiency Requirements

To be considered for admission, an international student whose native language is not English must take an International Test of English as a Foreign Language (TOEFL) and score a minimum of 500 on the paper-based test, 173 on the computerized version, or 61 on the internet-based test. For questions regarding the TOFEL test, please visit the Educational Testing Service website at www.ets.org/toefl/. Institutional reports or photocopies will not be accepted. Students may petition to waive the TOEFL requirement under one of the following conditions:

1) completion of a transfer level college English composition course at an accredited United States institution with a grade of “C” or higher;

2) completion of ESL assessment and placement at a level of English 40 (formerly English 62) or higher; in addition, the student must take the prescribed course work at the level of assessment; or

3) a minimum ACT verbal score of 19 or SAT verbal score of 450.
Advanced Degrees: An international student in possession of an associate degree or its equivalent (completion of about 60 semester units) may be determined to be beyond the course offerings of Mesa college and is encouraged to apply to a four-year college or university.

Financial Resources
1) Each international student must submit verification of sufficient financial resources. The verification must indicate the ability of the student to finance each year’s education and living expenses to the satisfaction of the International Student Advisor (normally $17,500 a school year for two semesters).
2) An international student attending the college must pay all mandatory fees, including nonresident tuition, enrollment fees and health services fees.
3) Financial aid is not available to F-1 visa international students.
4) An international student may not accept off-campus employment while attending college unless approval is granted by the U.S. Citizenship and Immigration Services (formerly INS) and the International Student Advisor.

Health Clearance
1) Students must be in good health and free of communicable diseases. The “Report of Health Examination” form or a medical examination report by a physician must be submitted prior to admission. The medical examination must certify immunization against polio, diphtheria, measles, rubella, and tetanus, and must provide tuberculosis clearance.
2) Each student must present and maintain satisfactory evidence of an active medical insurance policy while in attendance.

Housing
The college is located near public transportation and housing. The college does not provide or assist with housing. Housing is the responsibility of the student.

Visa Students (other than F-1)
All other visa categories or immigrant classifications must see the Residency Office.

Students who are residing in the United States on other than F-1 student visas must comply with all restrictions on total units enrolled as specified by the U.S. Citizenship and Immigration Services.

Fees

Community College Enrollment Fee
The enrollment fee is assessed of all students, including nonresidents. The fee is currently $26.00 per unit.

Waiver of the enrollment fee is available to students who petition and qualify as recipients of benefits under the Temporary Assistance to Needy Families (TANF) program, the Supplemental Security Income/State Supplementary (SSI) program, or the General Assistance program.

- Indentured apprentices are exempt from enrollment fees for Apprenticeship Program classes only.
- Financial Aid may be available to students who qualify for assistance.

Health Services Fee
All students are assessed a mandatory fee for health services and accident insurance, whether or not they choose to use the health services available to them. The health services fee is currently $13 per semester (spring/fall). Beginning Fall 2006, the following students are exempt from the health fee:

- Students who meet the income standards for the Board of Governor’s Waiver (BOGW-A Only). Contact the Financial Aid Office for eligibility determination.
- Students attending under an approved apprenticeship program.
- Students who depend on prayer for healing, in accordance with the teachings of a bonafide religious sect, denomination, or organization, may petition to have the fees waived. To apply for an exemption contact the Admissions Office.

For more information, contact the Admissions Office.

Nonresident Tuition
In addition to the enrollment fee and health fee, tuition is charged to students who are not legal residents of California for tuition purposes. The 2006-2007 non-resident tuition fee is $160.00 per unit.
Liability Insurance
Students enrolled in occupational courses that require
directed clinical practice must pay a fee for liability
insurance. Liability insurance fee is automatically
assessed at the time of registration. The current fee is
$7.00 per semester.

Additional Fees
Parking
Automobile permits per semester
(hanger included) .................. $30.00
Carpool permits per semester
(Mesa only) .......................... $30.00
Motorcycle permits per semester  .......... $15.00
Transcript of Record ........................ $5.00
(over two have been issued free of charge)
Loss or damage of equipment and books ........ Cost
A.S. College Membership (per academic year) ... $8.00
Credit by Examination ....................... $26.00/unit
Student Representation Fee .................... $1.00

Note: Students receiving public assistance, or who are
determined eligible for financial aid, may purchase a
single car permit for $20.
All fees are subject to change.

Students are expected to buy all books and supplies
needed for their courses. Certain occupational programs
may require additional expenditures for tools, uniforms
and/or liability insurance.

Student Representation Fee: All students attending
college classes are required to pay a $1.00 student
representation fee. This fee is expended by the college
solely for the purpose of student advocacy efforts to
Federal, State and local governments. Students have
the right to refuse to pay the fee for religious, moral,
political or financial reasons.

Note: A $10.00 fee will be assessed for any returned
checks. The Bookstore fee for returned checks is
$25.00.

Refunds
1) Fees will be refunded to students who reduce their
program in accordance with the following
schedule:
   • Classes 1 week or shorter in duration, see
     Admissions for refund deadline dates.
   • Short-Term Sessions (less than 16 weeks) -
     Monday of second week
   • Primary Session (16 weeks or more) - Monday
     of third week
2) Students who are administratively dropped when a
Petition to Challenge is denied will receive a full
refund of the class(es) petitioned.
3) Students who are academically disqualified and
administratively dropped will receive a full refund.

No refund is given for classes dropped after the
deadline.

Students with a valid address on file and who do not
have an outstanding financial obligation to the district
will receive a refund in the mail or credit to their credit
card. Refunds will be automatically sent to students
after the add/drop deadline. For payments by check,
there is a five week waiting period for checks to clear
the bank before refunds will be processed.

NOTE: Students who drop all classes and wish to
receive a refund must also submit their parking per-
mit before the refund will be granted. If the permit
is not returned within the two-week refund period,
the student will not receive a refund for the permit.
Counseling Services
I-430  (619) 388-2672

Academic, career, and personal counseling are provided in the Counseling Department. Services include academic skills assessment and development of a Student Education Plan (SEP), which outlines what courses are needed for graduation and/or transfer and provides a checklist for requirements completed and those remaining. Students should have official transcripts from other colleges on file and evaluated before seeking to obtain an official SEP. Once students initiate the filing of their transcript(s) and confirm its arrival at the Mesa College Records Office (I-408), a request for the evaluation must be made in the Counseling Department. The entire process may take up to a month to complete. Students are advised to review the catalog and schedule for program and general information prior to meeting with a counselor. The Counseling Department offers college success and career planning through courses in Personal Growth listed in the schedule of classes.

Transfer and Career Center
I3-202  (619) 388-2473

The San Diego Mesa College Transfer and Career Center is the focal point of transfer and career/employment activities on campus. The Transfer and Career Center is designed to be the backbone in assisting students in making a seamless transition and successful transfer to a four-year institution and to the world of work. This is accomplished by offering the following resources:

- College Catalog Library
- Transfer Center reference materials including the Peterson’s Guide to Two-year and Four-year Colleges, Guide to Earning Degrees Non-Traditionally, Gourman’s Reports of Undergraduate Programs, the Multicultural Student’s Guide to Colleges, California Careers in Biotech, Guide to Performing Arts Programs, and many others
- University of California and California State University application and transfer workshops
- Online transfer resources such as College Source, ASSIST, CSU Mentor, and UC Pathways
- Extensive part-time and career employment listings
- Career/employment advising and resources
- Software for career exploration and labor market research
- Workshops including career assessment, high tech job search, resumes and business communication and interview strategies conducted in cooperation with campus and industry representatives

The San Diego Mesa College Transfer and Career Center coordinates college and employer recruitment visits to campus and sponsors Fall Transfer Day and Spring Career Week annually. All students are encouraged to walk-in and sign up for workshops, browse through catalogs, glance at advising sheets, take a career assessment, or meet with a transfer counselor.

Visit us in Room I3-202 or see our web site at www.sandiegomesa.net/transcareer/

English for Speakers of Other Languages (ESOL)
I-430  (619) 388-2672

The English as a Second Language Program is designed to prepare students to read, write, speak and listen at a level that enables them to succeed in college courses. The program consists of four levels and the student is assigned a level based on the result of his/her placement test. Students interested in enrolling in ESOL courses should schedule an assessment test for placement into the appropriate skill level.

For more information on the English as a Second Language Program, students should contact the college Counseling Office.

Disability Support Programs and Services (DSPS)
H-202  (619) 388-2780  (619) 388-2974/tty

Mesa College provides programs and services for students with disabilities in compliance with State and Federal legislation including Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act (ADA). Student participation in the program is voluntary.

Anyone interested in receiving services must contact DSPS well before classes start to establish eligibility to ensure timely provision of services. Information can be found at www.sdmesa.edu/dspss.

Eligible students who have a verifiable disability may qualify for support services through DSPS. The programs
and services are designed to support students in the achievement of their academic and vocational goals. Specialized classes for students with disabilities are available to support the college academic and vocational programs through DSPS, Physical Education and English Departments. Services provided include priority enrollment, interpreters for deaf students, note-taking materials, test-taking modifications, tape recorders, braille devices, use of special equipment and adaptive devices, and specialized counseling and referral. Liaison with community agencies is also an important component of the program. The campus is physically accessible.

Extended Opportunity Programs and Services (EOPS) and Cooperative Agencies Resources for Education (CARE)

What is EOPS?
I3-101 (619) 388-2706

EOPS is a state-funded program. Its purpose is to provide enhanced recruitment, retention, and transition services to eligible students. The services offered are “above and beyond” those offered by the college’s Student Services division. The primary services include assistance in the following areas: priority enrollment, counseling/advisement and preparation for transition to four-year universities or the workplace. Services may also include book vouchers and financial assistance, depending on funding. For detailed information on all services offered and application procedures, please contact the EOPS Office.

EOPS students who are single parents, have a child less than 15 years of age, and receive public assistance are encouraged to apply for the program’s Cooperative Agencies Resources for Education (CARE) component. CARE provides additional support services, including grants, meal tickets and parking permits to address those needs that are unique to single parents.

You may be eligible for EOPS if you are enrolled full-time (at least 12 units). At least 9 of these units must be taken at Mesa College. The other 3 units may be taken at other colleges within the San Diego Community College District in order to be considered a full time student for admissions eligibility. In addition, you must meet all of the following criteria:

1) You are a resident of the state of California, as determined by the Admissions Office.
2) You are (or plan to be) a full-time student.
3) You qualify to receive a Board of Governors Waiver A or B.
4) You have not completed 6 semesters or 70 (or more) units of degree-applicable college course work. This includes courses taken at other colleges.
5) You are determined to be educationally disadvantaged by meeting any one of the following criteria:
   a. You do not qualify to enroll for the minimum level English or Math courses required for your degree objective.
   b. You have not fulfilled the requirements for a high school diploma or General Educational Development (GED).
   c. Upon graduation from high school your high school grade point average (GPA) was 2.5 or less on a 4.0 scale.
   d. You have been enrolled in a Math or English course, or program that is considered developmental or remedial.
   e. You have been enrolled in an English as a Second Language (ESL) class or program.
   f. In the judgment of the EOPS director, using state guidelines, you are determined to be educationally challenged.

How to Apply

Students interested in applying for the EOPS program must complete an EOPS application and the Free Application for Federal Student Aid (FAFSA) or the Board of Governors Grant Waiver. These applications are available in the EOPS and Financial Aid Offices. They are also available online or in the EOPS/STAR Office located in I3-101. Students should apply early to ensure that they receive consideration for all services. It is recommended that students complete the FAFSA by the priority filing date published by the Financial Aid Office.
Financial Aid

The Financial Aid Office is committed to assisting students who might otherwise be unable to continue their education because of a financial disadvantage.

Financial Aid funds are administered in accordance with a nationally established policy of financial assistance for education. The basis of this policy is the belief that students and their parents have the primary responsibility for meeting educational costs. The amount of the contribution expected from students and their parents is determined by careful analysis of family financial strength taking into consideration net income, household size, allowable expenses, and assets. The U.S. Department of Education, in cooperation with Congress and educational agencies, has established procedures which are used in making an evaluation of the amount families can be expected to contribute.

Application

Application materials are available on January 1st for the following academic year. The priority filing date for campus-based aid is April 15. The Cal Grant deadline is March 2. Students filing their application by this date will be the first considered in the award process. However, applications for financial aid are accepted throughout the school year until June 30, 2007.

Prospective students do not have to be accepted for admission to Mesa College to apply for financial aid. In fact, students should apply for aid as soon as the applications are available whether or not they have been admitted to the college since the application process for federal aid can take up to 12 weeks. However, students must be enrolled at Mesa College in order to be offered any financial aid funds.

All financial aid applicants must complete the Free Application for Federal Student Aid (FAFSA). The FAFSA is available in the office and can be filed on the Internet at www.fafsa.ed.gov. Those who wish to file the paper application should mail the completed form directly to the processor according to the instructions.

Academic transcripts from all prior colleges attended must be submitted before the processing of a financial aid application can be completed. Academic transcripts must be submitted directly to the District Records Office. (See Transcripts of Prior Academic Credit)

Eligibility

In order to be eligible to apply for financial aid, a student must be a citizen or permanent resident of the United States or be in the country for other than a temporary purpose with the intention of becoming a permanent resident.

Eligible non-citizens may be required to provide proof of permanent residency for Federal Aid. F-1, M5, R1, or R2 Visa students are not eligible for financial aid at Mesa College. For further information regarding other eligible immigration statuses, contact the Financial Aid Office.

Students who do not have a high school diploma or equivalent are required to demonstrate “Ability to Benefit” from instruction. Information is available in the Financial Aid Office.

Awards

Awards take the form of a “package” of financial aid, usually consisting of grant money and work-study, depending on the financial need of the applicant and the availability of funds. Awards may be adjusted at any time upon notice of receipt of resources not previously reported. Revisions to awards are always possible because personal financial circumstances can be very unpredictable. If funding is available, aid for valid educational expenses not already covered in the student’s budget may be offered.

Financial aid checks are usually ready for disbursement approximately four or five weeks after the start of classes. Pell Grant disbursements are based on enrollment levels at the time of payment and will not be adjusted. However, SEOG, Cal Grant and loan payments will be adjusted according to enrollment status. If you withdraw from classes after aid has been disbursed to you, you may be required to repay all or part of this aid. (see “Return of Title IV Funds” on page 29)

An automated system is available in the college bookstores to allow California Resident students, who are enrolled in at least six units, to use a portion of their estimated Pell Grant to purchase books and supplies one week prior, and two weeks after, the start of the semester. Funds will be set aside from each eligible student's Pell Grant and placed in a special account in the bookstore. This account may be used for the purchase of books and supplies until the funds are exhausted. The account is valid at the City, Mesa, and Miramar College and ECC bookstores, regardless of where students are taking classes.
The student will be responsible for paying back the Bookstore Pell Grant if the student does not attend classes.

Students who elect not to purchase books from the college bookstore, or have any funds remaining on account, will receive the funds in the mail with the remainder of their Pell Grant award according to the Pell Grant payment schedule for the semester.

Students must be making satisfactory academic progress as determined by the Standards of Satisfactory Academic Progress for Financial Aid Recipients. Copies are available in the Financial Aid Office, and on our website: www.sdmesa.edu/studentservices/financialaid/eligibility.

Return of Title IV Funds

Federal law requires that if a student receives a Federal grant and then drops/withdraws from all of his/her classes, he/she will owe money back to the Federal Government.

Note that the earlier a student drops/withdraws, the more money he/she will have to pay back.

- If a student receives LOAN money and withdraws, he/she must pay back the money according to the normal rules of the loan program.
- If a student receives WORKSTUDY money and withdraws, he/she does not owe anything back and may keep the salary earned; but must stop working.

For more detailed information, contact the Financial Aid Office.

Financial Aid Programs Available

Following is a basic description of the programs available. Contact the Financial Aid Office for detailed descriptions and eligibility requirements, or visit our website.

Enrollment Fee Assistance: Board of Governors Waiver (BOGW)

State law requires that students attending the college pay an enrollment fee. Students enrolled in credit classes are currently required to pay $26.00 per unit.

The college offers the Board of Governors Waiver (BOGW), a state-funded program which will waive the enrollment fee for all eligible applicants. Effective Fall, 2006, students who are eligible for a Board of Governors Waiver will be required to pay the health fee.

The health fee will no longer be waived for students who are eligible for a BOGW other than students who are eligible for a BOGWA (TANF/CalWorks, SSI/SSP, or General Assistance).

If you are a California resident, you will qualify for a BOGW if any ONE of the following statements applies to your current status:

- You have already qualified for financial aid, such as a Federal Pell Grant or a Cal Grant, which demonstrates that you have need as determined by Federal Methodology.
- You or your parents are receiving TANF (Temporary Aid for Needy Families, SSI (Supplemental Security Income), or General Assistance/General Relief at the time of enrollment.
- You have a letter from the Department of Veterans Affairs certifying that you meet the eligibility requirements of “certain disabled veterans, dependents of certain deceased or disabled veterans.”
- You are a dependent of a deceased or disabled veteran of the California National Guard. You must submit a letter of certification from the California National Guard Adjutant General's Office.

You meet the following income standards:

<table>
<thead>
<tr>
<th>Number in Household (including yourself)</th>
<th>Total Family Income for 2005 (adjusted gross income and/or untaxed income)</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>$14,355 or less</td>
</tr>
<tr>
<td>2</td>
<td>$19,245 or less</td>
</tr>
<tr>
<td>3</td>
<td>$24,135 or less</td>
</tr>
<tr>
<td>4</td>
<td>$29,025 or less</td>
</tr>
<tr>
<td>5</td>
<td>$33,915 or less</td>
</tr>
<tr>
<td>6</td>
<td>$38,805 or less</td>
</tr>
<tr>
<td>7</td>
<td>$43,695 or less</td>
</tr>
<tr>
<td>8</td>
<td>$48,585 or less</td>
</tr>
</tbody>
</table>

Add $4,890 for each additional family member.

To determine your eligibility for the Board of Governor's Waiver based on the above income standards, you will be considered independent if:

- You do not live with your parents or your parent’s registered domestic partner
- You were not claimed as an exemption on any federal income tax filed by your parents or your parent’s registered domestic partner in 2005
**Federal Pell Grant**
The Federal Pell Grant is the largest federal grant program and is the foundation of a student's total “aid package.” Eligibility is determined by the federal government using a standard formula for all applicants.

Enrollment status will be frozen after the add/drop period and will be the basis for Pell disbursement. Once the Pell Grant award has been processed it will not be adjusted for additional units added during the semester.

**Federal Supplemental Educational Opportunity Grant (FSEOG)**
FSEOG is a federal grant program designed to assist students who have the greatest demonstrated financial need. Awarding of FSEOG funds is determined by the Financial Aid Office based on available resources.

**Cal Grants**
The Cal Grant program is administered by the California Student Aid Commission to help low-income students attend college. Students at the college may receive Cal Grant B or C.

- To be eligible for Cal Grant B a student must be a California resident and pursuing an undergraduate academic program of not less than one academic year.
- Cal Grant C is designed for students enrolled in a vocational program who are California residents from a low- or middle-income family.
- See the Financial Aid Bulletin for important dates and deadlines.

**Federal Work Study**
Federal Work Study (FWS) allows students the opportunity to earn part of their financial aid by working in assigned jobs, both on and off campus. The salary received is at least equal to the current minimum wage, but many Federal Work Study jobs pay more than minimum wage. Federal Work Study differs from the other financial aid programs in that a student is allocated a certain amount of money to earn. As work on the job is completed, a time card is submitted for the hours worked just as at a regular job. Once a month the student receives a paycheck for the hours worked. Once the amount allocated in the financial aid package is earned, the job ends.

**Student Loans**
Applicants for student loans will be subject to college policy requirements regarding enrollment status, length of attendance, number of units completed, and total amount of previous loans.

Contact the Financial Aid Office for other requirements.

**Federal Direct Loan (Subsidized)**
The Federal Direct Loan is a federal loan program that replaced the Stafford Loan program. Instead of borrowing from a bank, students borrow directly from the Federal Government.

A community college student may borrow $2,625 as a first year student and $3,500 as a second year student. A student may not borrow more than a total of $23,000 as an undergraduate student. The interest rate is a variable rate that changes each school year. Borrowers are required to pay an origination and insurance fee which is currently 3%. These fees are deducted from the proceeds of the loan.

To qualify, a student must be enrolled in at least six units and must demonstrate financial need through the federal methodology. To apply for a Federal Direct Loan, students must complete a FAFSA. All new applicants must also complete a mandatory loan entrance counseling session. The counseling session is required even if a student has attended a Stafford loan workshop in the past. If a student has attended a Direct Loan workshop at City, Mesa or Miramar College in the past, it will not be necessary to conduct another entrance counseling session. You may complete the entrance counseling session on-line at dlservicer.ed.gov (and click on Entrance Counseling). The Financial Aid Office will be notified when the session has successfully been completed. In addition, you must fill out a Loan Request Form from your Financial Aid Office.

Borrowers may also be required to submit a student educational program plan. The actual loan amount for which a student is eligible will be determined by the Financial Aid Office. Students must have financial need to qualify and must repay the loan. Checks will be disbursed twice per loan period. Checks for first-time borrowers will be disbursed at least 30 days after the start of the semester. For additional information, please refer to the 2006-2007 Financial Aid Bulletin or call the Financial Aid Office at (619) 388-2817.

**Federal Direct Loan (Unsubsidized)**
Since July 1, 1999, City College, Mesa College and Miramar College have not participated in the Unsubsidized Federal Direct Loan Program.
**Plus Loan**

Parents of dependent undergraduate students may borrow from the PLUS loan program. The amount borrowed may be up to the cost of attendance minus any financial aid. Parents must begin repayment within 60 days of receiving the loan. The interest rate is a variable rate determined on June 1 for the following award year. Borrower must meet all other financial aid eligibility requirements, including completing the FAFSA.

**Student Emergency Loans**

Short term loans for limited amounts of money are available to students in emergency situations. The student must have a completed financial aid file to apply. Contact the Financial Aid Office for further information.

**Service Learning Program**

**What is Service Learning?**

A-109 (619) 388-2873
Service Learning combines service in the community with classroom instruction, focusing on critical thinking as well as personal and civic responsibility. The Service Learning Program helps Mesa College instructors and students to incorporate practical service experiences within academic studies. For more information, contact the Service Learning Program office in A-109, phone (619) 388-2873, or visit the web at sdmesa.sdccd.edu/service-learning/.

**Veterans and Service Members**

**Veterans Center Military Service Connected Benefit Programs**

I-408 (619) 388-2805
The San Diego Community Colleges have been approved to offer military service connected benefit programs leading to a certificate, an Associate Degree or transfer to a four-year institution. The Veterans Affairs Office staff provides counseling, guidance and a mandatory orientation to veterans and assists them in the selection of educational programs which qualify for veterans benefits. The final responsibility for monitoring the process of qualification for educational benefits resides with the individual. Each veteran must read, understand, and comply with the many rules, regulations, and procedures that influence the benefit process.

---

**Failure to take the proper classes can result in an overpayment and the reduction or termination of benefits.**

---

**Disabled Veterans**

Veterans who qualify for educational benefits as disabled veterans may be entitled to special educational benefits. Veterans should visit the Veterans Administration Regional Office, 8810 Rio San Diego Dr., San Diego, CA 92108, to determine their eligibility for disabled status (Telephone: 1-800-827-1000).

**Veteran Dependent Exemption**

Children and spouses of U.S. Veterans with service connected disabilities may be eligible for waiver of college fees and/or for a small monthly payment. For more information see the Veterans Affairs Office on campus.

**Liability**

The veteran assumes full liability for any overpayment of veterans benefits.

All persons receiving educational benefits must report to the Veterans Affairs Office after enrollment every semester to continue their benefits. In addition, a Student Educational Plan (SEP) must be on file by the end of the first semester: otherwise, certification of VA benefits will be delayed for the second semester. This plan must be developed and reviewed by a counselor. Veterans with disabilities are encouraged to pursue services offered through Disabled Students Programs and Services.

**Number of Units Required**

For students enrolled in a degree program, the following number of units are required each semester to qualify for educational and training allowance:

<table>
<thead>
<tr>
<th>Units</th>
<th>Allowance</th>
</tr>
</thead>
<tbody>
<tr>
<td>12 units or more</td>
<td>full allowance</td>
</tr>
<tr>
<td>9 - 11.5 units</td>
<td>three-fourths allowance</td>
</tr>
<tr>
<td>6 - 8.5 units</td>
<td>one-half allowance</td>
</tr>
<tr>
<td>2 - 5.5 units</td>
<td>one-quarter allowance*</td>
</tr>
</tbody>
</table>

* Chapters 32 and 1606 only. All other chapters, tuition and fees only.
Short-term and summer session courses are computed proportionately for payment purposes.

Withdrawal/Change of Classes
Veterans are required to notify the campus Veterans Affairs Office when they stop attending class, withdraw from the college, or add or drop a class. Such changes should be reported immediately after completing the add/drop procedure through ClassTalk or Reg-e. Failure to comply with this regulation will be grounds for decertification.

Veterans Academic Progress
A veteran student on Academic or Lack of Progress probation status will be disqualified when his/her grade point average (GPA) falls below 2.0 for two consecutive semesters. The College Veterans Affairs Office is required to notify the Department of Veterans Affairs (DVA) of this status. The DVA will terminate benefits unless it can be shown that the student is pursuing an appropriate objective and has a reasonable chance for success in the chosen program. Please contact the Veterans Affairs Office for more information.

Repeated Classes
Veterans may not receive benefits for a repeat of a course in which a grade of “A,” “B,” “C,” “D,” or “CR” has already been earned. Although District policy allows a student to repeat a course in which a “D” grade has been received; the course may be certified for benefits only if this catalog states that a grade of “C” or better in that course is required to earn a degree or meet a prerequisite.

VA Orientations
All first time veterans and/or dependants receiving educational benefits must attend a mandatory VA orientation before the end of the first semester. If a VA orientation is not attended all benefits will be terminated effective the first day of the semester.

Work Experience
Veterans may be approved for Work Experience classes only if work experience is required in their major or if they have electives available according to their education plan. Total work experience may not exceed four units per semester or a total of 16 cumulative units.

Transcripts
All official transcripts of prior college work and military schools, including copies of form DD214, Smart Transcript or DD2685 covering all periods of military service, must be on file in the Records Office by the end of the first semester of attendance at this college. Certification for benefits for the second semester will be withheld if transcripts are not received. Visit the Veterans’ Affairs Office (I-408) for necessary forms.

Academic, Vocational & Support Services Programs

Freshman Experience Learning Communities
I-430 (619) 388-2672

Freshman Experience Learning Communities are an innovative approach to traditional course offerings, created by linking courses together to provide more support for academic skill development and an easier adjustment to college life. In order to join a learning community, students are required to enroll in all classes within a learning community.

Instructors in linked courses of a learning community work as a team, coordinating class activities. Students also share the linked courses, joining together as a “cohort” or group so that they also work as a team. Students benefit from a coordinated class work load, and from a strong learning support network made up of instructors and other students.

Students in learning communities get to know their teachers and each other better, and they are better able to connect and apply what they learn from one course to another. Participation in learning communities has been shown to contribute to improved student success and reduced attrition. Freshman Experience Learning Communities can be located in the class schedule under offerings for English, Math, Library Science, Personal Growth, and Learning Communities.
Puente Project
I-430 (619) 388-2595

The Puente Project, co-sponsored by the University of California and the California Community Colleges, is an academic preparation, retention and transfer program. Puente is a year-long program in which students participate in three components:

- **Writing**: students enroll in English 51 for the Fall and English 101 for the Spring semester. Course materials focus on Latino/Chicano literature & experience to enhance writing skills.

- **Counseling**: academic, personal, transfer and career counseling is offered. Students enroll in PERG 127 for the fall semester and PERG 140 for the spring semester.

- **Mentoring**: students are exposed to various career options through their close involvement with mentors.

Materials utilized in the Puente Project come from the Latino/Chicano perspective. Classes are open to all students. If interested in participating, please stop by the Counseling Office, I-430, and speak to the Puente Counselor.

Mesa Academy Student Success Program
I-430 (619) 388-2536

The Mesa Academy is a program designed to support the academic success of Mesa College students. In addition, the program is designed to encourage and assist students earning a Certificate of Achievement, and Associate Degree, and/or a Transfer Studies Degree while attending San Diego Mesa College. Students participating in the Mesa Academy program are provided with writing, counseling, and mentoring services throughout their Mesa College career.

Discussions, activities, and materials utilized in the program are from an African American perspective. The Mesa Academy is open to all students.

Mesa Academy students participate in the following learning components:

- **Mentoring**: Students receive educational and career advice from Mesa College Faculty/Staff and members of the community through mentorship.

- **Counseling**: Academic, career, and personal counseling is offered by the Mesa Academy Counselor and mentors. Mesa Academy students develop and complete a career plan and an educational plan.

- **Personal Growth/English**: Mesa Academy students enroll in Personal Growth 127 and Personal Growth 130. Personal Growth 127 is paired with English 051 and Personal Growth 130 is paired with English 101 as part of the Mesa College Learning Communities.

- **Campus Tours**: Mesa Academy students participate in a “Transfer-for-a-Day” Program sponsored by Alliant University and San Diego State University.

- **Cultural Events**: Mesa Academy participates in the planning of the Historical Black College University (HBCU) Transfer Day and the African American Heritage Events.

- **Study Skills**: STAR Tutoring program provides tutorial services for Mesa Academy students in all subjects. Mesa Academy students are encouraged to utilize the College Tutorial Services especially the Writing Center.

- **Peer Support**: Mesa Academy students get an opportunity to develop leadership skills, and conduct campus programs through the Mesa Academy Club. Previous Academy students act as mentors to current Mesa Academy students.

For more information, contact the Mesa Academy Counselor in the Counseling Department located on the 3rd floor of the I 400 Building.

Learning Resources

Library and Audiovisual Services
Library (619) 388-2695
Audiovisual Services (619) 388-2690
Website: http://www.sdmesa.edu/library/index.html

Location: The Library, Audiovisual Services, and The Center for Independent Learning are located in the Learning Resource Center (LRC) building. The Library is housed on the first three floors of the four-story structure (Floor One: Reference, Periodicals, and Checkout services; Floor Two: Individual study and group study rooms; Floor Three: Circulating book collection). The Center for Independent Learning and Audiovisual Services are located on the fourth floor.
Important Library Resources:

**SandyPac Computer Catalog:** The 110,000 hard-copy books, 13,000 electronic books, 3,000 films, tapes, DVDs and records in the Mesa College Library and Audiovisual Services can be accessed easily by using any of the SandyPac computer terminals located in the Library and Audiovisual Services. The terminals also access the City College and Miramar College Library collections.

*ProQuest:* This comprehensive database includes citations, abstracts and full-text articles in 8,000 periodicals, including a cross-section of 200 American and international newspapers.

*Ebsco “Academic Search Premier”* indexes over 7,500 scholarly journals and provides full-text coverage of over 4,400 journals.

*Ebsco “Master File”* offers full-text coverage of over 2,000 magazines and journals on many subjects including business, health, education, science, and multi-cultural issues.

*Literature Resource Center:* This database is a comprehensive electronic resource which consists of full-text monographs and other literature reference sources.

*Access Science:* Includes online version of McGraw-Hill Encyclopedia of Science & Technology and other science resources.

*Oxford Reference Online* contains online publications on many subjects published by Oxford University Press.

*Safari Tech Books Online!* This consists of online computer and technical manuals.

*Oxford English Dictionary Online (O.E.D.):* This is an electronic version of the most authoritative English dictionary providing extensive information on word origins.

*Ethnic Newswatch:* This includes full-text articles from a wide variety of periodicals published in the United States by the ethnic and minority press.

*Gender Watch:* This database contains articles about the impact of gender on various areas of life, many of which were published in non-mainstream publications.

*New Databases in 2006-2007:* Access to subject-specific databases related to Psychology, Women’s Studies, History, and Communication/Mass Media is now available.

**Access to the Internet:** Fourteen sit-down computers dedicated to Internet access. During busy times, students and faculty may also use the SandyPac computers to access the Internet for library research and browsing.

**Career Collection:** Books containing current information on colleges and universities, financial aid, occupations, college entrance examinations, and job examinations are kept in this special collection. In addition, access to CollegeSource - a computerized database containing the full-text catalogs of many U.S. and Canadian colleges and universities - is provided on two computers in the area housing Career Collection; hard-copy college catalogs of many California colleges and universities are also available here.

**Additional Library Services and Facilities:** Library instruction for classes and individuals (including a one-unit Information Literacy and Research Skills course); Reference services; Interlibrary loans; Group study rooms; Class reserves; Photocopiers; Microfiche and microfilm reader/printers; Laser printers for the library's computerized databases; Aladdin Genie Print Reader for vision-impaired students; SandyPac computer for vision-impaired and disabled students.

**Important Audiovisual Resources and Services:** Audiovisual Services contains audio cassettes and CDs, videotapes and DVD's. These audiovisual materials and the equipment needed to use them are circulated to instructors for use in the classroom. Students may review any of these materials in listening and viewing booths, and they may borrow materials and equipment for use in class presentations if they have the written approval of their instructor. Media production equipment is available for students to create original audiovisual materials for use in the classroom. (There may be a fee for materials used.) A color copier is also available for a fee.

**Center for Independent Learning (CIL)**

LRC - 4th Floor  (619) 388-2769

Website: http://www.sdmesa.edu/lrc/index.html

The Center for Independent Learning (CIL) serves as one of the focal points for instructional innovation at Mesa College. It provides individualized learning experiences for students wanting to improve academic skills, to augment in-class activities, or to study a particular subject in depth. The collection includes a variety of media formats including audio cassettes, slides, videotapes, and computer software.

Students may work with instructors to select self-paced instructional materials geared to their own needs, or

*Students with an email box may transmit articles to their box without charge.*
they may use the CIL to supplement regular class assignments.

The CIL Student Computing Lab has more than 140 computers and current software all running in a Windows XP network environments. The CIL lab provides Internet access and there are over 100 academic programs covering a wide spectrum of subjects including: Astronomy, Biology, Geology, Mathematics, Nutrition, and Psychology. Of course, there is also word processing and spreadsheet software to use when preparing reports and class assignments.

A Faculty/Staff Computing Lab is also available, with a wide variety of equipment and programs to support development of materials for instruction in the classroom. Computer training is also provided to faculty and staff on many applications of interest.

If you have questions, please come see us; we're user friendly!

**Computer Services**
The use of District computer equipment is limited to District staff and students.

**Tutorial Services**
Mesa College provides comprehensive tutoring services to students. Various tutoring programs work together to help meet the wide array of student learning needs. Each tutoring center has its own specialization and brings resources that help students achieve their educational objectives.

**The Bridging Lab**
H-218  (619) 388-2869
The Bridging Lab instructors provide free individual help in English, algebra, basic mathematics, Spanish, French, and study skills. Students may also review for college or course entry, Mesa's placement test, PT/Radiology, TOEFL or GED tests. Macintosh computers for writing, instructional software, and research are available. A Mesa counselor is in the Lab twice a week for personal or academic counseling. Bridging Lab instructors work with students on a walk-in basis and the lab is open to all students.

**Mesa College Math and Science Center**
K-211  (619) 388-2898
The Mesa College Math and Science Center provides free tutoring in math and science subjects for all Mesa College students. The Center is open Monday through Thursday 8:30 a.m. - 6:30 p.m. and on Fridays from 8:30 a.m. - 2:00 p.m. Tutoring in mathematics and science courses is available on a walk-in basis. Tutoring is provided by trained peer tutors and faculty volunteers. A schedule of subjects tutored is available in the Center. The service is free to all Mesa College students and is available on a first-come, first-served basis. For additional information please call the Mesa College Math and Science Center.

**The Student Tutorial and Academic Resources (STAR) Program**
I3-101  (619) 388-2706
STAR is a retention program for low income, first generation, and disabled students. The program provides learning-centered counseling, intensive weekly tutoring and student grants to students who meet eligibility criteria and have been admitted into the program. Individual tutoring is available by appointment in all subject areas. STAR also provides a series of academic success workshops as well as a study skills assessment. All services are free to students. For an application or additional information, please come to the office or call.

**Tutoring Appointment Center (T.A.C.)**
H-400  (619) 388-2574
The Mesa College Tutoring Appointment Center provides free tutoring in a variety of subject areas, such as, accounting, American Sign Language and foreign languages, anthropology, astronomy, biology, economics, genetics, geography, and music. The Center is open Monday - Friday, 9-1pm. Students sign up for tutoring or call the tutor to make an appointment. The service is free to all Mesa College students and is available on a first-come, first served basis. For additional information please call the T.A.C.

**Writing Center**
C-108  (619) 388-2570
The Writing Center is available to Mesa College students and provides one-on-one and small group assistance with all aspects of the writing process across all disciplines. Students enroll in a zero-unit supervised tutoring course, and open enrollment is available throughout the semester. One-on-one tutoring is provided on a first-come-first-served basis, while group sessions may be arranged in advance. Also available
through the Writing Center are resource materials and various writing skills workshops.

**Student Health Services**

L-504  (619) 388-2774

The Student Health Services supports the success of students by attending to their physical and emotional well-being through the following services:

- Physician and Nurse Practitioner Care
- STD Treatment
- Lab Services
- First Aid
- Vaccinations
- TB tests
- Health Counseling
- Blood Pressure screening
- Smoking Cessation
- Psychological Counseling
- Physical Exams
- Women’s Health and Family Planning
- Acne Management

Nurse practitioners are on duty daily. A medical doctor and psychological counselors are available by appointment only. Psychological counseling appointments are $5 in cash for each visit. Some medical procedures may also require a fee.

For the protection of college students and personnel, students may be asked to supply health records. In addition, the college may require health consultations and physical examinations when they appear necessary. Legal injection of prescribed medications must occur in the Health Center for safety purposes. All students are strongly encouraged to obtain immunizations against communicable diseases as recommended by public health authorities. Please visit our website for complete and updated information. http://www.sdmesa.edu/health-services/index.html.

**Student Accident Insurance**

The Student Accident Insurance Plan provides coverage for on-campus or college-related injuries. This insurance covers most reasonable charges. The student, however, is ultimately responsible for any medical expenses incurred. Evening students taking physical education or designated "hazardous" classes are also covered.

Student Accident Insurance is co-insurance. Students covered by a primary health organization or any other type of medical insurance should first seek treatment and payment from the provider or insurance company. All student claims are made through the Student Health Services office. The student, however, is ultimately responsible for any medical expenses incurred.

**Child Development Center**

Building R  (619) 388-2812

The Child Development Center is a campus laboratory school that provides students with the opportunity to observe and study growth and development patterns in young children. The Center offers an educational program for children 2-5 years of age. The Center also participates in a collaboration with Neighborhood House Association (NHA) Head Start for children 3-5 years of age.

Enrollment in the Center is limited to the children of parents attending day classes at Mesa College. Due to limited space, priority is given based on eligibility as defined by the Child Development Division (CDD) and Head Start income guidelines, California State Department of Education. Parents of children participating in the Center are required to enroll in specific child development courses that support the operation of the children's program. The courses have a lab participation requirement which is completed by working in the Center. Course requirement varies according to the program in which the child is enrolled.
The Center’s CDD program operates during the fall, intersession, and spring semesters. The Center’s Head Start program operates during the fall, intersession, spring, and two five-week summer sessions.

Hours of Operation: 7:30 a.m. - 5:00 p.m., M-Th
7:30 a.m. - 2:00 p.m., F

License #372005155
This institution is an equal opportunity provider.

Campus Life

Life on the Mesa College campus is rich and dynamic. Students and staff have a variety of educational, social, and cultural events and activities in which to engage according to his/her needs and interests.

Community Events

Mesa College actively supports various community events. Students and staff are invited and encouraged to participate in these events as representatives of the college and as concerned community members.

Student Activities

Student Clubs and Organizations

H-500 (619) 388-2699

The many activities sponsored by student clubs and organizations provide a rich and exciting multicultural dimension to college life at Mesa. While some clubs tend to be more active than others, all clubs contribute to a lively and student-oriented environment on campus. Examples of student activities include:

- Asian-American/Pacific Islander History Month
- Black History Month Celebration
- Cultural Shows
- Chinese Lunar New Year Celebration, sponsored by Vietnamese Students Association
- Cinco de Mayo Celebration
- Community Service activities
- Club-Rush
- Festival of Colors
- Disability Awareness Day

An alphabetical listing of the active and inactive clubs at Mesa is available in the Student Affairs Office.

Students who do not find a club that interests them are encouraged to start a new club.

Honor Societies

San Diego Mesa College has three active honor societies on campus.

Alpha Gamma Sigma (ΑΓΣ)

Sigma Upsilon Chapter is the California State Community College Honor Society. To be eligible, students must have completed 12 semester units, and have a 3.0 cumulative grade point average (GPA). Members are required to engage in community service.

Advisors: Judith Ross & Evan Adelson (619) 388-2393

Phi Theta Kappa (ΦθΚ)

Beta Beta Upsilon Chapter is an international honor society. To be eligible, students must have completed 12 semester units and have a 3.5 GPA. PTK provides international recognition for academic excellence.

Advisors: Sondra Frisch and Alison Primoza. Call (619) 388-2989 for more information.

Psi Beta (ΨΒ)

Psi Beta is a National Honor Society in Psychology for Community and Junior Colleges. It is a national honor society for students enrolled in or majoring in Psychology. To be eligible for membership, students must have a cumulative GPA of 3.0, or range in the top 35% of enrollment, “B” average in Psychology courses, and completion of one introductory Psychology course and 12 semester hours.

Advisor: Jaye Van Kirk (619) 388-2290

Associated/Student Government (ASG)

H-500 (619) 388-2903

The Associated Students Government is the representative body of the students in the shared governance process at Mesa College. The Associated Students Government provides students with practical leadership experience in the area of budget/financial planning, parliamentary procedures, and in the development of programs and services which are designed to meet the students’ needs. The student leaders and the staff of the Student Affairs Office encourage you to get involved and take part in the many leadership opportunities available at Mesa College.
Current district policy allows the elected Associated Student President to share the responsibility of the Student Trustee. The Student Trustee is a non-voting member of the Board of Trustees of the San Diego Community College District and represents the student voice on the Board.

Any student who participates in student government may not have any Policy 3100 violations of suspension or greater, as stated on their official student record.

**Associated Students Membership**
H-600  (619) 388-2903/2904
A.S. membership provides a benefit package that includes both internal and external benefits. Internal benefits include book loans, emergency loans, free gifts, free admission to athletic events, and many others. External benefits include discounts for movie passes, local restaurants, and merchants all throughout San Diego.

While purchase of this membership is voluntary, students are strongly encouraged to purchase it in order to gain access to valuable benefits.

**Associated Students of San Diego Mesa College**

**With Your A.S. Membership Fee You Receive Free:**
- Free Gift (Academic Planner)
- Free Transcript
- Book Loans
- Scholarship Opportunities
- Admission to Athletic Events
- Entertainment & Guest Speakers
- Selected A.S. Sponsored Lunches/Events
- Free Scantrons

**Discounts:**
- Theatre and Campus Performances
- Local Restaurants & Merchants
- Signs, Banners, and Posters

**Looking for Leadership Opportunities?**

**Want to Get Involved?**
The Associated Students Government meets every Monday and Wednesday, 12:30 p.m.-1:30 p.m. in H117-118. Please keep these times open and become part of your Student Government.

We need leaders, planners, recorders, and student representatives. We offer experience in student governance and opportunities for you to express your ideas.

For more information, please come to the Student Affairs Office, Room H-500 or call (619) 388-2699.

**Athletics**
San Diego Mesa College provides intercollegiate competition for our students in the following sports: men's and women's cross country, football, men's and women's basketball, men's and women's volleyball, men's and women's soccer, men's and women's water polo, baseball, softball, men's and women's tennis, men's and women's swimming, men's and women's track and field, and women's badminton.

Students must meet the academic requirements established by the Community College League of California under the direction of the Commission of Athletics. Student Athletes must pass a physical examination which is subject to approval of the team.
physician before they are determined to be eligible to participate in intercollegiate sports.

Academic eligibility requires enrollment in a minimum of 12 units, 9 units of which must be in courses other than physical education activity classes. To be eligible for a second season in the same sport, the student must have completed a minimum of 24 units, 18 of which are in courses other than physical education activity classes. In addition, once a student has participated in intercollegiate athletics he/she must maintain a 2.0 grade point average or higher. An education plan developed through the counseling office must be on file by the student’s second semester of attendance.

**Physical Education Classes/Intercollegiate Sports Disclaimer**

Participation in all sports and physical education activities involves certain inherent risks. Risks may include, but are not limited to, neck and spinal injuries that may result in paralysis or brain injury, injury to bones, joints, ligaments, muscles, tendons and other aspects of the muscular skeleton system; and serious injury, or impairment, to other aspects of the body and general health, including death. The San Diego Community College District, its officers, agents and employees are not responsible for the inherent risks associated with participation in physical education classes/intercollegiate sports.

Students are strongly advised to consult a physician prior to participating in any physical education activity.

**Mesa Athletics and Academic Program (MA²P)**

The Mesa Athletics and Academic Program (MA²P) is a cooperative effort between the Counseling and Physical Education/Athletic Departments. We are dedicated to helping you attain academic success. For most students, college is both exciting and challenging. We want to help you develop and achieve your educational, athletic, and personal goals. Counseling and guidance are offered in educational planning, athletic eligibility, personal concerns, athletic and academic issues.

---

**Dramatic Arts Program**

The Dramatic Arts Program at Mesa College is designed to meet the needs of the dramatic arts major as well as general education classes and courses for the casual theatre student. The Mesa College Theatre Company is a two-year training program for drama majors. The company requires majors to participate in all aspects of production including performance, design, technology, and management. All of the productions of the Mesa College Theatre Company utilize student designers, actors, and technicians as well as the opportunity to direct student one acts. The department produces 4 plays per year - participation is restricted to Dramatic Arts majors. The department also produces “Literature to Life,” an outreach program dedicated to bringing live performance of dramatic literature to the classroom. This program is open to anyone interested in acting or directing. The department also offers courses in acting, script analysis, and make-up, as well as general education courses in theatre and cinema.

**Journalism**

The English Department’s Journalism Program is dedicated to familiarizing students with the demands of the journalism profession and providing them with a realistic experience in media production. In accordance with that vision for journalism education, the program provides an introductory course on news writing, reporting, editing, and media law and ethics. An advanced course devoted to the publication of The Mesa Press, San Diego Mesa College’s campus newspaper, allows students to engage in all phases of newspaper production, including news writing, reporting, editing, photography, advertising, design and lay-out.

**Speech and Debate**

The Olympian Speech and Debate Program is dedicated to improving students’ speaking skills. The team will travel to several tournaments a year, competing in eleven Individual Speech Events (Informative, Persuasion, After Dinner Speaking, Poetry, Prose, Dramatic Interp, Programmed Oral Interp, Duo, Communication Analysis, Impromptu, Extemp) and
Parliamentary Debate. If you wish to become a better speaker, have some fun, and enjoy a truly competitive activity, the San Diego Mesa College Olympian Speech and Debate Team is for you.

Support Services

Campus Bookstore

H-110 (619) 388-2714
www.bookstore.sdccd.edu

The Mesa College Bookstore located on campus, stocks ALL required and optional textbooks and academic supplies. In addition, the Bookstore also carries a large assortment of school supplies, software, emblematic clothing, gifts, and snacks. Faculty, students, and staff can save 30% - 60% on academically priced software. Order your books and supplies online at www.bookstore.sdccd.edu.

The Mesa Bookstore buys back textbooks everyday. For the best return on your investment, sell your books for cash during finals week.

Hours of operation are extended during the first few weeks of each semester.

Mesa Bookstore Hours:
Monday - Thursday 7:45 AM - 7:00 PM
Friday 7:45 AM - 12:00 PM
Saturday 9:00 AM - 1:00 PM
Summer hours vary. Contact the bookstore for additional information.

City Bookstore Hours:
Monday - Thursday 7:45 AM - 7:00 PM,
Friday 7:45 AM - 12:00 PM.

Miramar Bookstore Hours:
Monday - Thursday 9:00 AM - 7:00 PM
Friday - 9:00 AM - 12:00 Noon

Cafeteria

H-105 (619) 388-2727

The cafeteria serves both day and evening students.

Fall & Spring Hours
7:00 AM - 8:45 PM Monday - Thursday
7:00 AM - 1:30 PM Friday

Intersession and Summer hours may vary depending on term. See the summer class schedule for more information.

College Police Department

J-202 (619) 388-2749

The College Police Department is responsible for providing public safety, law enforcement and crime prevention services. Its mission is to maintain peace and order and a safe learning environment for all members of the campus community. It is also responsible for administering the campus parking program, lost and found and building security program.

Emergency services are provided 24 hours a day. The police business office is located in J-202 and is open as follows.

7:00 AM - 10:00 PM Monday - Thursday
7:00 AM - 5:00 PM Friday

For information and general assistance, call (619) 388-2749. For POLICE assistance, call (619) 388-6405. Learn more about College Police at http://police.sdccd.net.

Police Escort and Related Services

The college police are available to provide escort, dead battery and vehicle lockout service during regular hours of operation as published above. Students who wish to use these services, should go to the College Police Office at the following locations for assistance:

City College............................................. T211
Mesa College ........................................... J202
Miramar College ....................................... B102

Escorts and police services at other campuses available anytime by calling College Police Dispatch at (619) 388-6405.

Parking

Student parking permits are available for purchase during registration through ClassTalk, Reg-e, or at the campus accounting office. Permits paid for before classes begin are generally mailed and those purchased after classes begin must be picked up. Listen and/or read instructions carefully to determine your method of delivery. You do not need a permit in student lots for the first two weeks of each sixteen-week semester. Check in College Police for parking permits not received before the grace period ends. Parking permits are not required in student lots from 12noon - 6p.m. daily or on Saturdays, Sunday or College Holidays including winter break and spring break. Students may not utilize staff/faculty parking areas unless they are the owner of a valid state issued disabled placard. Owners of valid
disabled placards may also park at meters without paying and are not required to buy a parking permit.

There are visitor parking meters at each campus. Student may not utilize meters that are posted for visitor use only. All meters require deposit of coins. Permits are not valid at meters. Mesa and Miramar colleges have pay & display machines for visitor and student use. Pay & display permits are only valid in student parking lots.

For additional information on parking visit your campus police office or call parking services at (619) 388-6415.

**Transportation for Disabled Students:**
Paratransit (curb-to-curb) service is available for a fee to persons with disabilities who cannot use public transportation. ADA certification is required. Please contact DSPS for additional information or forms for certification. Students may also contact MTS (Metropolitan Transit System) at (888) 517-9627.

**Vehicle Immobilization/Booting/ Towing/Hold**
Vehicles that accumulate five (5) or more unpaid parking citations are subject to immobilization (booting) of their vehicle and/or impound (towing) at owners expense. In addition a hold may be placed on the vehicle registration. If a vehicle accumulates $100 or more in outstanding fines a hold may be placed on student records/grades.

**Emergency Calls**
The college will not interrupt classroom instruction to deliver messages, except in an extreme emergency. All calls/inquiries should be referred to the College Police Dispatch at (619) 388-6405.
Academic Information and Regulations

SDCCD Online Learning Pathways
San Diego City, Mesa, and Miramar Colleges

QUALITY ONLINE LEARNING
Learn anytime, anywhere with our convenient, flexible online courses that fit your busy schedule. Enjoy interactive communication with your classmates and instructor as you complete your coursework in an engaging, supportive learning environment. Our quality online courses are developed and taught by experienced instructors from our three colleges - City College, Mesa College, and Miramar College.

Want to get started? Find out if online learning is for you at http://www.sdccdonline.net/assess.htm.

See how our WebCT online learning system works by viewing the tutorials at http://www.sdccdonline.net/student_tutorials.htm.

For login instructions and technical support visit http://www.sdccdonline.net, e-mail support@sdccdonline.net, or call 619-388-7330.

Honors
G-306 (619) 388-2341, 388-2351, 388-2363 388-2989

The Honors Program serves self-motivated and qualified students by providing exceptional and intense learning experiences in classes that are usually highly interactive. Topics are explored in depth; typical assignments emphasize critical thinking, extensive reading and writing, and student presentations and critiques. Activities may also include opportunity for individual research projects, close interaction with faculty and participation in community and cultural events. In addition to Honors class sections, the program also offers Honors Contracts through which individuals can pursue Honors-level course work in a non-Honors section.

The Honors Program offers enhanced transferability to our partner institutions which include University of California campuses in Los Angeles, Irvine, Santa Cruz, and Riverside; Chapman University; Pitzer and Pomona Colleges; and San Diego State University. And for qualified students, the program also has a Book Award Scholarship designed to defray the cost of textbooks.

The Honors Program is open to all students (part-time or full-time, day or evening) and can be found in all disciplines (vocational, liberal arts, fine arts, sciences, business, etc.). For specific criteria and other information, please consult the schedule of classes or contact the campus Honors Coordinator.

Study Abroad Programs
San Diego Mesa College offers students the opportunity to study in different countries around the world in order to develop global competencies and to increase cultural awareness while making progress towards completion of academic goals.

Classes are held at educational institutions in the host country. Field trips, excursions, and visits to sites of cultural and historical interest are components of the program. Housing arrangements include family homestays, student apartments, and/or residence halls. Costs vary from approximately $4,500 to $7,000 for semester programs and are less for summer programs. Financial aid is available for students who qualify.

Semester Abroad Programs: San Diego Mesa College, through a Study Abroad Consortium, offers academic programs in countries around the world. Courses are taught by faculty from San Diego & Imperial Valley community colleges. Classes offered abroad meet general education requirements and are selected to take advantage of the host country's history, environment, and culture.

Summer Abroad Programs: Programs from 3 to 6 weeks in length are available during the summer in various countries for college credit.

Contact Information: Additional information is available from the International Education Coordinator at (619) 388-2230 or the Dean of Social/Behavioral Sciences and Multicultural Studies at (619) 388-2801.

Accelerated College Program
Transferable community college courses in calculus and political science are provided for qualified high school students at local high schools. The Accelerated College Program (ACP), located at Mesa College, is the districtwide program responsible for providing and administering these classes, following guidelines established by a joint agreement between the San Diego Community College District and San Diego Unified School District. When an ACP student becomes a first-year or transfer student, credits transfer and are widely applicable in fulfilling general education and pre-major requirements at most universities.
Dean's List
A Dean's Honor List is compiled at the close of each academic year. To be eligible for the Dean's Honor List, a student must complete 12 units or more during the academic year and have earned a grade point average of 3.5 or better.

Cooperative Work Experience
F-216F (619) 388-2271
Under certain circumstances, students can receive academic credit for their current employment or volunteer service. For registration information refer to the class schedule or contact the Work Experience Office at the beginning of each semester.

Class Attendance
Enrollment in college assumes maturity, seriousness of purpose, and self-discipline. Every student is expected to attend each meeting of all classes for which he/she is registered, to arrive on time, and to stay for the full class period. The college recognizes that absences occur as a result of circumstances beyond a student's control as well as from a student's failure to accept responsibility for attending class regularly. It is with the intent of providing for the orderly management of the colleges that the Board of Trustees established the following rules:

1) Attendance shall be taken and recorded at each regularly scheduled class meeting.
2) Instructors may excuse absences when the absence results from illness, accident, religious observances, holidays, other circumstances beyond the student's control, or participation in authorized professional or college activities.
3) Instructors shall determine what work should be made up.
4) Any student absent from the first meeting of a class may be dropped by the instructor.
5) All rosters shall be cleared of inactive enrollment as of the census date. Inactive enrollment results when students do not attend the first class meeting, or when students have accumulated unexcused absences in excess of 12% of the total class hours.
6) Any student accumulating absences that exceed 6% of the total hours a class is scheduled to meet during its full term may be dropped by the instructor.

Note: It is the student's responsibility to drop by the withdrawal deadline or a letter grade will be assigned.

7) FOR VETERANS ONLY: To satisfy Veterans reporting requirements, the interval between the last date attended and the date dropped (the date the drop is processed) shall not exceed 22 calendar days.
8) Tardiness and leaving class early may be treated in the same manner as are absences.
9) All drops (administrative, instructor, or student initiated) shall be recorded on the student's record in the same manner.

10) Final grades may be affected by attendance to the extent that the instructor has included attendance in the “method by which the final grade is determined” and has provided this information to the students in the course syllabus.

Grading System
Unit of Credit: A unit of credit represents one hour of lecture or recitation and two hours of preparation per week, or three hours of laboratory per week for one semester.

Academic Grades

</tr>
<tr>
<td>CR</td>
<td>Credit</td>
<td>Units earned not counted in GPA</td>
</tr>
<tr>
<td>NC</td>
<td>No Credit</td>
<td>Units not counted in GPA</td>
</tr>
</tbody>
</table>

The grade point average (GPA) is determined by dividing the total grade points earned by the total grade point units completed as listed in the chart above.

Administrative symbols: CR/NC - Credit/No Credit;
I - Incomplete; W - Withdrawal; IP - In Progress; RD - Report Delayed. Administrative symbols are not used in the computation of GPA. See below for further explanation.

Credit/No Credit (CR/NC) is a non-punitive grading system where such units earned will be counted in satisfaction of curricular requirements but will be
disregarded in determining a student's grade point average. For more specific information, refer to the discussion of the Credit/No Credit Policy on page 46.

**Incomplete**: A symbol of “I,” Incomplete, may be assigned by an instructor when a student has been unable to complete academic work for unforeseeable emergency and/or justifiable reason at the end of term. A copy of the “Assignment of Incomplete” form will be mailed to the student and the original retained in the Office of the Vice President, Student Services. A final grade will be assigned when the work stipulated has been completed and evaluated by the instructor or when the time limit for completion of the work has passed. An “I” must be made up no later than one year following the end of the term in which it was assigned. In the event of unusual, verifiable circumstances beyond the student's control, a petition may be filed in the Office of the Vice President, Student Services for extension of the one-year time limit. Course repetition is not permitted to remove an Incomplete.

**Withdrawal**: An official withdrawal from classes may be requested by the student or initiated on his/her behalf by the instructor or Vice President, Student Services. The following conditions apply to official withdrawal:

1) No record of the class will be entered on the student's permanent record if the official withdrawal is made by the deadline to drop without a “W” being recorded as published in the schedule of classes.

2) If the withdrawal is made after the deadline for withdrawing without a “W” and prior to the deadline for withdrawal published in the class schedule for that session, a “W” will be recorded on the student's permanent record. No exceptions to this policy will be made. Petitions will not be accepted for exception to policy.

3) A student attending a session after the deadline for withdrawal will not be eligible to receive a “W” and must be assigned an academic grade or other administrative symbol by the instructor. Exceptions to this policy will be made only upon verification of extreme circumstances beyond the control of the student. Petitions requesting exception must be filed in the Admissions Office.

4) Withdrawal (W) symbols will be used in the calculation of lack of progress probation and disqualification status.

5) Students on active duty or reserve duty may petition for a “military” withdrawal. This withdrawal is not calculated in the determination of academic progress and is noted on the student's academic record.

**In Progress**: A symbol of “IP,” In Progress, will be assigned when a class extends beyond the normal end of a semester or summer session, that is, when the class “carries over” from one term to the next. The appropriate grade, however, shall be assigned and appear on a student's record for the term during which the course is completed. The “IP” will remain on the academic record. The “IP” shall not be used in the calculation of a student's grade point average.

**Grade Challenge**

Final grades will be issued at the end of each semester. In the absence of mistake, fraud, incompetence, or bad faith, the determination of the student's grade by the instructor shall be final once they have been recorded by the Registrar's Office. A student may challenge a grade or request a change to his/her academic record within two years from the date of issuance. Requests beyond two years will not be accepted. Students wishing to challenge a grade should first attempt to resolve the challenge informally with the instructor. Grade challenges must be processed under District Procedure 3001.2, Grade Challenge Procedure. Copies of Procedure 3001.2 are available in the Office of the Vice President, Instruction.

**Credit/No Credit Grading Policy**

Consistent with District policy, a student in good standing may elect to be graded on a Credit/No Credit basis in a course. A grade of “Credit” (CR) shall be awarded only for work which otherwise would have received a grade of “C” or better. Work that would have received a “D” or “F” will be graded “No Credit” (NC). The units earned will be counted in satisfaction of program requirements, but will be disregarded in determining a student's grade point average.

**IMPORTANT**: Students who plan to transfer to a four-year institution should review the Credit/No Credit acceptance policy of the transfer institution prior to petitioning for this grading option. Restrictions in the San Diego Community College District also apply.

**Limitations**:

1) No course required in the student's major may be taken for Credit/No Credit. Some departments may limit this option further.

2) No more than 12 units of a student's coursework completed in the San Diego Community College
District may be graded on a Credit/No Credit basis. **Conditions:**

1) Students who wish to be graded on a Credit/No Credit basis must submit a petition to the Admissions Office by the deadline date listed in the schedule of classes. No exceptions to the deadline will be made.

2) An evaluation on a Credit/No Credit basis may not later be changed to a letter grade nor may the reverse occur. **No exceptions to this condition will be made. Petitions will not be accepted for exception to policy.**

There are courses in which Credit/No Credit grades are used exclusively; these are designated in the catalog course description by the statement “Credit/No Credit Only.” In addition, there are courses which cannot be taken on a Credit/No Credit basis; these are designated in the course description by the statement “Letter Grade Only.”

### Standards of Academic Progress

Students are in good academic standing when they have a 2.0 grade point average or higher and have completed at least 60% of units they have attempted. There are two kinds of probation and disqualification, one based upon GPA (Academic Performance) and the other based upon the number of units completed (Progress Performance).

Certain programs may have more stringent standards for academic progress. Consult the program director for more information.

Students enrolled in the core curriculum of medically-related programs will be governed by the probation and disqualification policies as outlined in the program policy manuals that reflect the tenets of safe medical practice and respond to program accreditation guidelines.

### Academic Probation*

Students whose grade point average falls below a 2.0 after completion of 12 units in the San Diego Community College District will be placed on academic probation and remain there until their overall GPA reaches or exceeds 2.0.

### Academic Disqualification

A student on academic probation status is disqualified when his/her non-cumulative GPA falls below 2.0 in a subsequent semester. An enrollment hold will be placed on the student’s record. Students who are disqualified after registering for the subsequent semester will be administratively dropped from all classes.

### Lack of Progress Probation*

A student who has attempted a total of 12 or more units as shown by the official academic record, shall be placed on lack of progress probation when the percentage of all (cumulative) units for which entries of “W,” “I,” and “NC” are recorded reaches or exceeds 40%.

### Lack of Progress Disqualification

A student who has been placed on lack of progress probation shall be disqualified and an enrollment hold placed on the student’s record when the percentage of units for which entries of “W,” “I,” and “NC” are recorded in a subsequent semester (not-cumulative), reaches or exceeds 40%. Students who are disqualified after registering for the subsequent semester will be administratively dropped from all classes.

* **Exceptions:**

  - Provisional, Joint Diploma and Special Admit High School students who do not maintain good academic standing will be automatically disqualified. **PROBATIONARY STATUS WILL NOT APPLY!**
  - If disqualified:
    - Special Admit High School students will not be permitted to re-enroll without approval from a high school counselor.
    - Joint Diploma students must see a JD counselor for readmission.

### Readmission after Disqualification

*Note: Disqualification status is determined based upon Progress Performance, Academic Performance, or a combination of both.*

- **First Disqualification**

  Students who wish to be considered for readmission after the first disqualification will be required to meet with a counselor and develop a Student Success Plan prior to being readmitted. Students who are disqualified after registering for the next semester will be administratively dropped from all classes.
• Second Disqualification
Students who are disqualified a second time will be required to sit out for one semester. Students who are disqualified after registering for the next semester will be administratively dropped from all classes.

• Third Disqualification
Students who are disqualified a third time (and each disqualification thereafter) will be required to sit out for one year. Students who are disqualified after registering for the next semester will be administratively dropped from all classes.

Academic Regulations

Honest Academic Conduct
Honesty and integrity are integral components of the academic process. Students are expected to be honest and ethical at all times in their pursuit of academic goals in accordance with Policy 3100, Student Rights, responsibilities and Administrative Due Process. Procedure 3100.3 describes the Academic and Administrative Sanctions for Students who are found to be cheating. A copy of Procedure 3100.3 can be obtained in the Office of the Vice President of Student Services in I-422.

Course Repetition Policy
No course in which a “C” or better grade has been earned may be repeated. Students who believe that they have a compelling reason for an exception to policy may file a “Petition for Exception to Course Repetition Policy.” Petitions are available in the Counseling Department, I-430.

Effective Fall 2006, students will be allowed a maximum of four enrollments in any course, including "W" and substandard grades. For more information, consult the Counseling Office on campus.

Additional repetitions of a course to accommodate a student’s disability-related needs may be permitted. For students with disabilities, course repetition is determined on an individual student basis. Contact a DSPS counselor or DSPS instructor for more information.

Academic Renewal by Course Repetition
Each course in which an unsatisfactory grade (“D,” “F,” or “NC”) has been earned may be repeated one time only. The course being repeated must be the same as the original course, not its equivalent. Only the newly-earned units and grades will be used in computing the grade point average.

Academic Renewal Without Course Repetition
A student with a record of substandard academic performance that is not reflective of present demonstrated ability may petition to have the substandard grades disregarded in computation of grade point average.

The following conditions apply:

1) To be eligible a student must:
   a. be enrolled in an accredited college/university and working toward a degree or certificate of achievement.
   b. have transcripts from all institutions attended officially on file.
   c. successfully complete, in an accredited college or university, 12 units with a grade point average of at least 2.0 subsequent to the work to be disregarded. All courses taken during the semester/session in which the student reaches or exceeds the 12 unit minimum will be used in computing the 2.0 grade point average.
   d. have one year elapsed since the semester/session to be disregarded was completed.

2) Students with degrees or certificates: Semester/session(s) including courses that were used to fulfill requirements of a degree or certificate are not eligible for academic renewal.

3) A maximum of 24 units or two semesters or summer sessions, may be disregarded, whichever is greater. For purposes of academic renewal for summer session work, a summer session will be defined as all courses which commence after the termination of the Spring semester and end prior to the commencement of the Fall semester. Intersession work will be included in Spring semesters. Short-term or carry-over classes will be considered to be part of the semester or session in which credit is awarded or a grade is posted to the student’s permanent record.

4) For any semester/session in which course work is to be disregarded, all courses in that semester/session will be disregarded including satisfactory grades.

5) No courses taken during the disregarded semesters or session(s), even if satisfactory, may be
applied toward degree or certificate requirements.

6) Work taken at another institution may be forgiven in our computations for purposes of graduation from one of the District colleges under the regulations stated above.

7) Similar actions by other accredited institutions will be honored under the District policy. Similar actions by another institution will also be counted as part of the maximum of 24 units or two semesters/sessions maximum to be disregarded.

8) The permanent academic record will be annotated in such a manner that the record of all work remains legible, ensuring a true and complete academic record.

9) Recalculation of the grade point average may be used toward qualification for graduation with honors.

10) Academic standing for the semester/session(s) will not be adjusted.

11) Once the petition is approved the action is not reversible.

NOTE: Transcripts from all institutions attended must be officially on file.

Transcripts of Record
A student may obtain an official transcript of record by filing a request in person at the Accounting Office at the college, or in person or by mail at the Office of the Registrar, San Diego Community College District, Administrative Office, 3375 Camino del Rio South, San Diego, CA 92108. Payment of fees must be made prior to processing a request for transcripts. The following policy has been adopted by the San Diego Community College District Board of Trustees regarding the issuance of transcripts of record:

1) The first two transcripts will be issued without charge.

2) There will be a charge of $5.00 for each additional transcript.

3) All transcript requests are processed within 10 working days except “RUSH” orders.

4) A $5.00 special handling fee will be charged for all “RUSH” order transcript requests. The special handling fee will be charged per request.

All official copies of the student’s permanent record are in the Office of the Registrar. The Office of the Registrar will certify only to the accuracy of the records prepared by and issued directly from that office to another institution.

Transcripts of Prior Academic Credit
Students with credit from other colleges and universities must file official transcripts at the time of application for admission.

- Official transcripts are those sent directly from one institution to another.
- Transcripts will only be accepted for one year after issuance.

Please note: Foreign transcripts are not evaluated by the college. This service is available through outside companies for a fee. Contact the college Evaluation Office for additional information.

- Transcripts brought in by students may be accepted for unofficial purposes only.
- Transcripts are required even if prior credits do not appear relevant or if units were taken years ago.
- Students receiving financial aid or veterans benefits must have transcripts on file within one semester.
- Certain programs require transcripts before admission to the program.
- Official transcripts from other institutions become the property of the college and will not be duplicated or returned.

Official transcripts should be sent to the following address:

San Diego Community College District
3375 Camino del Rio South, Rm. 100
San Diego, CA 92108-3883

Transferability of Credits
Credits from other accredited institutions may be accepted for transfer credit after evaluation by District and college evaluators. San Diego Mesa College will not accept the transfer credits from another institution if the evaluation by the District and college evaluators determines that the credits received from another accredited institution do not meet the equivalent standards for a similar course taken at San Diego Mesa College.

Academic Credit for Nontraditional Education
Academic credit may also be available to currently enrolled SDCCD students for skills or knowledge not

To request an official AP transcript, write to:
College Board / SAT Program, Princeton, NJ 08541
obtained by formal scholastic experience or for prior course work with content determined equivalent to district courses.

Credit is available through the following:

- **Advanced Placement Examinations (AP).**
- **College-Level Examination Program (CLEP).**
- **Defense Activity for Non-Traditional Education Support (DANTES).**
- **International Baccalaureate (IB).**

A maximum of 30 cumulative units may be granted for acceptable scores on any combination of Advanced Placement (AP), College Level Examination Program (CLEP), Defense Activity for Non-Traditional Education Support (DANTES), or International Baccalaureate (IB) examinations. All official transcripts must be on file, and official copies of test scores must be submitted to the college Evaluations Office to receive credit.

To obtain credit, the student must be currently enrolled and working toward an associate degree or certificate of achievement. Credit granted cannot be used to meet the district in-residence requirements nor will such credit be included in the student's current study load.

Limitations on credit by standardized examination:

- Tests cannot be used to meet the American Institutions nor laboratory requirements. The English composition requirement can be met by the AP and IB exams.
- Credit will not be granted for equivalent courses completed.
- Grades are not assigned, nor is the credit used in calculating grade point average.
- Departmental approval is required to satisfy requirements in the student’s major.
- Credit granted by SDCCD does not necessarily transfer to other institutions. Transferability of credit is determined by the receiving college or university.

The tables below indicate the score necessary, the credit allowed, and the area(s) satisfied for each of the examinations accepted for credit.

*Credit may not be earned at SDCCD for courses which duplicate credit already allowed through other means such as AP or credit-by-exam.

*IB tests can not be used to clear CSU Breadth, IGETC certification, nor some degree requirements.

*IB tests may be requested from your high school.

Credit by Examination designed and approved by individual disciplines

The term “examination” means any written, oral or performance standards determined by the individual departments. Forms are available in the Evaluations Office.

Credit for non-college credit vocational courses

Students who complete non-college credit articulated courses (SDUSD/SDCCD) that are equivalent in subject matter, content, educational objectives, length of course, and performance standards and pass a college faculty approved examination for the course offered by the college may have these courses converted to college credit. Additional information is available in the Evaluations Office.

Credit is also available for the following military experiences:

- **Credit for Military Service**
  
  A minimum of six months active U.S. military service is required. The student should submit Form DD-214, DD-295, SMART, and AARTS transcript to obtain this credit. Four units of credit to fulfill the Health Education and Physical Education graduation requirements will be granted.

- **Credit for Military School(s)**
  
  The college is guided by the associate degree/baccalaureate credit recommendations of schools contained in “A Guide to the Evaluation of Educational Experiences in the Armed Services,” published by the American Council on Education. Units earned may be used for completion of graduation requirements. More specific information may be obtained in the Evaluations Office.

- **Service Members Opportunity College and SOCNAV/SOCMAR**
  
  The San Diego Community Colleges have been designated as members of the Service Members Opportunity College (SOC). As members, these colleges provide educational assistance to active duty service members and agree to accept credit for military service schools as recommended by the American Council on Education. In addition, these institutions recognize other non-traditional sources for credit such as DANTES and CLEP examinations. The San Diego Community Colleges are also committed to military personnel who may choose to participate in the SOCNAV/SOCMAR (Service Members Opportunity College/Navy/Marine Corp.) Program Network. SOCNAV/SOCMAR was established to better serve highly mobile service members and their families. The San Diego Community Colleges are members of the Interdisciplinary Studies and Criminal Justice SOCNAV/SOCMAR Networks. For more information on these programs, contact the Military Education counselors at the following locations:

  - ASW (619) 230-2331
  - Naval Station 32nd St. (619) 233-5617
  - MCAS (858) 536-7805
  - Marine Corps Recruit Depot (MCRD) (619) 295-9974
  - Sub Base (619) 553-7195

- **Air Force and U.S. Army ROTC Programs**
  
  Under the provisions of a special agreement with the United States Army, the United States Air Force, San Diego State University (SDSU), and this institution, students may participate in the Army or Air Force Reserve Officers Training Program (ROTC). San Diego Community College District students may enroll and attend ROTC classes at SDSU by contacting the Air Force ROTC at the Aerospace Studies Department (619) 594-5545 or the Army ROTC at the Military Science Department (619) 594-4943. The credits earned in these classes may be transferred as electives to meet the degree requirements of Mesa College.

  Note: Although University of California, San Diego (UCSD) does not have an ROTC program, students may, however, with the permission of their college, enroll in ROTC courses at another institution in conjunction with completing their degree programs at UCSD.
Responsibility for Meeting Requirements

Each student must assume responsibility for compliance with the regulations of the college set forth in this catalog, for satisfying prerequisites for any course, and for selecting courses which will facilitate attainment of educational objectives. The college does not assume responsibility for misinterpretation of policies and procedures as presented in this catalog. Counselors and advisors are available to assist in planning students' programs. Any questions or doubts concerning this catalog material should be referred to the Office of the Vice President, Student Services.

Petition for Exceptions

Petitions for exceptions to graduation requirements, substitutions, or waiver of requirements are filed with the Evaluations Office (I3-201). All petitions are acted upon by the appropriate college committees/offices.

Statement of Open Courses

It is the policy of the San Diego Community College District that, unless specifically exempted by statute, every course, section, or class offered by the District and reported for state aid shall be fully open to enrollment and participation by any person who has been admitted to the college and who meets course prerequisites.

Academic Accommodation

The District is committed to the fundamental principles of nondiscrimination and accommodation in academic programs and to all provisions of Sections 504 and 508 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990. District Policy 3105 and Procedure 3105.1 provide for academic accommodations and adjustments for students with disabilities.

Students with verified disabilities who may require academic adjustments or auxiliary aids are strongly recommended to contact the Disability Support Programs and Services (DSPS) Department and complete orientation procedures well before classes begin. Contact DSPS early to ensure timely provision of services. Students are encouraged to identify themselves to the appropriate instructors to discuss the details and timelines necessary to provide appropriate accommodations. Students enrolled in on-line courses are encouraged to contact the college DSPS Office to request academic accommodation. Questions regarding academic accommodations may be directed to the college 504 Officer, Pamela Chapman at (619) 388-2254 (Room F-208A).

Responsibility for Maintaining Accurate Registration

It is the student's obligation to add, drop, or withdraw from classes before the deadlines stated in the class schedule. This applies even if the student has never attended class. Any student who anticipates difficulty in paying fees should check with the Financial Aid Office about eligibility and sources of assistance. Registration will be canceled for nonpayment of fees.

Debt Owed to the College

California Education Code Section 72237 and Title 5 Section 54640 state that grades, transcripts, diplomas, and registration privileges, or any combination thereof, shall be withheld from any student or former student who has been provided with written notice that he or she has failed to pay a proper financial obligation. Any item(s) withheld shall be released when the student satisfactorily meets the financial obligation. A service fee may be charged for all delinquent loans; any service fee would be determined by the total cost required to collect the delinquent loans.

Audit Policy

Auditing courses is not permitted under any circumstances. Students must be officially enrolled in all classes which they attend.

Student Right to Know

The Higher Education Act mandates that institutions of higher education disclose the completion of graduation rates of full-time degree-, certificate-, or transfer-seeking freshman students. The completion and transfer-out rates for full-time students seeking an Associate Degree, Certificate of Achievement, or transfer are:

<table>
<thead>
<tr>
<th>Completion Rates</th>
<th>Transfer-Out Rates</th>
</tr>
</thead>
<tbody>
<tr>
<td>City</td>
<td>21.6%</td>
</tr>
<tr>
<td>Mesa</td>
<td>30.9%</td>
</tr>
<tr>
<td>Miramar</td>
<td>34.4%</td>
</tr>
</tbody>
</table>

Nondiscrimination Policy

The San Diego Community College District has a policy which prohibits discrimination in accordance with state and federal laws. Students wishing to file complaints based upon discrimination should contact the campus Equal Employment Opportunity (EEO) Officer Sondra Frisch in room A-111A or phone (619) 388-2440.
Appeals may be made to the District EEO Compliance Manager at the District Administrative Office, 3375 Camino del Rio South, San Diego, CA 92108.

Students with disabilities who want to file a grievance under Section 504 of the 1973 Federal Rehabilitation Act should contact Pam Chapman in F-208A at (619) 388-2254. Students who want to file a grievance under the Americans with Disabilities Act (ADA) should contact the campus Equal Employment Opportunity (EEO) Officer Sondra Frisch in room A-111A or phone (619) 388-2440.

**Free Speech**
Free speech areas have been designated on the college campuses to maximize the opportunity for free discussion and expression, while minimizing the potential for disruption of classroom and college activities.

Information concerning free speech areas is available in the office of the Dean of Student Affairs office in H-500.

**Gender Equity**
The Gender Equity Coordinator facilitates the development or updating of the campus Gender Equity Plan in cooperation with committees that are responsible for equity concerns. The EEO Officer, Sondra Frisch can be reached at (619) 388-2440, A-111A.

**Additional Information on Policies**
- Nondiscrimination A-111A (619) 388-2440
- Sex Discrimination A-111A (619) 388-2440
- Sexual Harassment A-111A (619) 388-2440
- Academic Accommodation/504 Officer F-208A (619) 388-2254
- Student Right to Know H-500 (619) 388-2699
- Substance Abuse L-504 (619) 388-2774
- Crime Awareness J-202 (619) 388-2749

**Title IX. Prohibiting Sex Discrimination in Education**
San Diego Mesa College is committed to support all regulations under Title IX. “No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance.”

For further directions or inquiries, please contact the EEO Officer, Sondra Frisch, at (619) 388-2440, A-111A.

**Policy Prohibiting Sexual Harassment**
It is the policy of the San Diego Community College District to provide an educational environment that is free of sexual advances, requests for sexual favors, and other verbal or physical conduct or communications that constitute sexual harassment as defined and prohibited by federal and state statutes. Anyone with questions about this policy or anyone who wishes to file a complaint should contact the Dean of Student Affairs, the College EEO Officer, or the District Diversity and EEO Compliance Manager. The Vice President, Student Services is also available to provide assistance in matters of alleged sexual harassment.

Procedures for filing a formal complaint of sexual harassment are described in District Procedure 4105.2. Copies of this procedure may be obtained from the EEO Officer, Sondra Frisch, at (619) 388-2440, A-111A.

**Drug and Alcohol Use**
The San Diego Community College District is committed to providing a drug free environment. Any type of drug use, including alcohol, is dangerous and potentially life threatening. Drugs and alcohol adversely affect the body, mind and behavior. The effects vary from person to person and from usage to usage. Even low doses of drugs and alcohol can impair judgment and coordination. If you use drugs or alcohol, you risk overdose, accidents, dependence, ill health, as well as legal, financial and personal problems. The federal laws against drugs are divided into two categories: possession and distribution. The penalties are severe depending upon the type of drug, quantity of the drug, and any prior offenses. Possession will earn up to one year in prison and a $5,000 fine. Distribution will earn up to life in prison and an $8 million fine. State laws vary and may be more severe. District Policy 3100-Code of Conduct-states that use, possession, or distribution of narcotics or other controlled substances is prohibited while on the college premises or at college sponsored events. A student may be suspended or expelled for violation of this policy. A complete list of legal sanctions is available in the Vice President, Student Services Office. The colleges provide information on drug and alcohol treatment and prevention through seminars, courses, and the Student Health Services. Contact Student Health Services at (619) 388-2774 or
the Vice President, Student Services Office at (619) 388-2678 for additional information.

**Mesa College Transitions to a Smoke-Free Campus**

In an effort to prevent the serious health risks associated with exposure to second hand smoke, students, faculty, staff and visitors who choose to use tobacco products on the Mesa College Campus may now do so only in designated areas. Please refer to the campus map which identifies six designated smoking areas where smoking is allowed through December 31. On January 1, 2007 Mesa College will transition to a smoke-free campus. Please contact Mesa College’s Student Health Services Office for materials, help and information, including a free smoking-cessation program. Call 619-388-2774 or stop by L-S04.

**Smoking Regulation**

The following procedure is applicable to all District facilities. It implements the Board policy of consonance with the City of San Diego’s ordinance regulating smoking in public facilities.

The success of this program is dependent upon the voluntary cooperation of the smoking and nonsmoking public. The District recognizes the fact that individual health can be impaired both by the direct and by the secondary effects of smoking. The District, therefore, discourages the practices of smoking, but provides for opportunities for those who smoke as long as there is no impact upon the rights and health of non-smokers. It is not the intent that the program be a prohibition of smoking, rather it is intended to recognize the individual right of the smoking/nonsmoking public.

All campuses of the San Diego Community College District operate in compliance with AB 846. As required by this law, City College, Mesa College, Miramar College, and the Centers for Education and Technology will not permit smoking within 20 feet of main entrances to buildings, exits, or any operable windows. In addition, smoking is prohibited inside all public buildings. The colleges and centers will enforce the new ordinance at all times. Additional information is available in the College Police office on each campus.

- The posting of no smoking signs without the corresponding designation of smoking permitted areas is not in consonance with the intent of the procedure.
- Smoking is not permitted in District facilities which are open to the public and used as: Classrooms, Meetings Rooms, Theatres, Restrooms, Libraries, Cafeterias, Bookstores, Service Lines, Elevators, Faculty Offices.
- Smoking is not permitted in vehicles used for transportation of students.
- Site presidents/provost/facility managers may designate facilities or areas in addition to those listed above as NO SMOKING facilities or areas.
- Each site determines areas for smoking and areas for nonsmoking in accordance with the SDCCD procedure and San Diego Municipal Code.
- Signs indicating SMOKING PERMITTED and NO SMOKING should be posted conspicuously in each area.
- Site presidents/provost/facility managers may designate areas within NO SMOKING areas where smoking is permitted, under the general guidance of San Diego Municipal Code.

For complete Smoking Policy, please reference SDCCD Procedure 0505.2.

**Crime Awareness and Campus Security**

J-202 (619) 388-2749

The San Diego Community College District Annual Security Report, titled “Safe and Sound, a guide to safety and security in the San Diego Community College District”, includes statistics for the previous three years concerning reported crimes that occurred on campus; in certain off-campus buildings or property owned or controlled by the San Diego Community College District; and on public property within, or immediately adjacent to and accessible from, the campus. The report also includes institutional policies concerning campus security, such as policies on drug use, crime prevention, the reporting of crimes, sexual assault and other matters. You can obtain a copy of this report by contacting any campus admissions office, Vice President of Student Services (I-422) office or college police business office. At anytime you may view a full copy by accessing the following website: http://police.sdccd.edu/statistic.html.

Pursuant to State and Federal Law information concerning registered sex offenders enrolled or employed by the college may be obtained through the College Police Office.

**Elder and Dependent Adult Abuse**

An elder is defined as a resident of the State of California which is 65 years of age or older; or a
dependent adult, defined as a resident of the State of California between the ages of 18 and 64 years, who has a physical or mental limitation that restrict his or her ability to carry out normal activities or to protect his/her rights.

Secondary educational institutions serving dependent adults are designated as mandated reporters with an individual, personal responsibility to comply with the reporting requirements.

Any mandated reporter, who, in his or her professional capacity, or within the scope of his or her employment, has observed or had knowledge of an incident that reasonably appears to be physical abuse, abandonment, isolation, financial abuse, or neglect, or is told by an elder or dependent adult that he or she has experienced behavior constituting physical abuse, abandonment, isolation, financial abuse, or neglect, or reasonably suspects abuse shall report the known or suspected instance of abuse immediately to Adult Protective Services at 1-800-510-2020.

Copyright Responsibility
Any duplication request of copyrighted materials for use in the college's instructional programs must be accompanied by written permission from the copyright owner. Any duplication of copyrighted materials by student, staff, or faculty is to be for the sole purpose of private scholarly study. Since the liability for infringement of statutory or common-law copyright occurs during misuse of duplicated materials, the duplicated copies cannot be sold or distributed. A designated portion of the duplicated copy cannot be included in another's work without the written permission of the copyright owner. All copyright responsibility is assumed by the individual requesting the duplication. San Diego Mesa College, its agents, representatives, and employees are held harmless against all claims, suits, damage costs, and expenses of charges of statutory or common-law infringement resulting from the college's efforts to provide services, materials, and equipment to the requester.

Faculty Rights and Responsibilities
Community college faculty members, guided by a deep conviction of the worth and dignity of the advancement of knowledge, recognize the special responsibilities placed upon them. Their primary responsibility to their subjects is to seek and to state the truth as they see it. To this end faculty members devote their energies to developing and improving their scholarly competence. They accept the obligation to exercise critical self-discipline and judgment in using, extending, and transmitting knowledge. They practice intellectual honesty. Although faculty members may follow subsidiary interests, these interests must never seriously hamper or compromise their freedom of inquiry.

As teachers, faculty members encourage the free pursuit of learning in their students. They hold before them the best scholarly standards of their discipline. Faculty members demonstrate respect for the student as an individual, and adhere to their proper role as intellectual guides and counselors. Faculty members make every reasonable effort to foster honest academic conduct and to assure that evaluation of students reflects their true merit. They respect the confidential nature of the relationship between faculty member and student. They avoid any exploitation of students for private advantage and acknowledge significant assistance from them. They protect the academic freedom of students.

As colleagues, faculty members have obligations that derive from common membership in the community of scholars. Faculty members do not discriminate against or harass colleagues. They respect and defend the free inquiry of associates. In the exchange of criticism and ideas faculty members show due respect for the opinions of others. Faculty members acknowledge their academic debts and strive to be objective in their professional judgment of colleagues. Faculty members accept their share of faculty responsibilities for the governance of their institution.

As members of an academic institution, faculty members seek above all to be effective teachers and scholars. Although faculty members observe the stated regulations of their institutions, provided the regulations do not contravene academic freedom, they maintain their right to criticize and seek revision. Faculty members give due regard to their paramount responsibilities within their institution in determining the amount and character of work done outside it. When considering the interruption or termination of their service, faculty members recognize the effect of their decisions upon the program of the institution and give due notice of their intentions.

As members of their community, faculty members have the rights and obligations of all citizens. Faculty members measure the urgency of these obligations in the light of their responsibilities to their subject areas, to their students, to their profession, and to their
institutions. When they speak or act as private persons they avoid creating the impression that they speak or act for their colleges or universities. As citizens engaged in a profession that depends upon freedom for its health and integrity, faculty members have a particular obligation to promote conditions of free inquiry and to further public understanding of academic freedom.

Student Rights, Responsibilities, and Privacy of Student Records

Student Rights and Responsibilities
District policy 3100 enumerates the rights and responsibilities of all San Diego Community College District students.

1.0 Student Rights
All students shall have the right to a campus learning environment free from interference or disruption. The District shall ensure to the best of their ability to afford students the rights contained herein.

1.1 Students shall have the right to impartial objective evaluation of their academic performance. Students shall receive in writing, at the beginning of each course, information outlining the method of evaluating student progress including the method by which the final grade is determined.

1.2 Students shall have the right to exercise free expression including, but not limited to, the use of bulletin boards, the distribution of printed materials or petitions, and wearing of buttons, badges, or other insignia, so long as the expression is not obscene, libelous or slanderous according to current legal standards, and so long as the expression does not incite students so as to create a clear and present danger of (a) the commission of unlawful acts on community college premises, (b) the violation of lawful community college regulations, or (c) the substantial disruption of the orderly operation of the community college. The District reserves the right to regulate the time, place and manner of all student activities. (Education Code Section 76120).

1.3 Students shall have the right to be free from acts or threats of intimidation, harassment, or physical aggression.

1.4 Students shall have the right to be free from the imposition of disciplinary sanctions without proper regard for due process.

1.5 Students shall have the right to take reasoned exception to the data or views offered in any course of study without disrupting the instructional environment and to reserve judgment about matters of opinion. However, this does not preclude learning the content of any course for which they are enrolled.

1.6 Students shall have the right to participate in the formation of policy affecting them in accordance with established procedures for Shared Governance.

1.7 Students shall have the right to petition to organize interest groups and/or join student associations pursuant to Manual 3200.

1.8 Students shall have the right to invite guest speakers to make presentations on campus in accordance with campus guidelines and District policies and procedures.

1.9 Students shall have the right to develop student publications in accordance with standards established by current District policies and procedures.

1.10 Students with verified disabilities shall have the right to receive appropriate academic adjustments and auxiliary aids as specified in the Americans with Disabilities Act and Section 504 of the Federal Rehabilitation Act of 1973.

2.0 Student Responsibilities
Student behavior must remain in accordance with specific academic and behavior requirements as specified in District policy and which may be outlined by the course syllabus.

2.1 Students shall be responsible for defining and making progress toward their educational goal.

2.2 Students are responsible for reading and adhering to the policies and procedures as
outlined in catalogs, schedules, course syllabi and other official printed materials.

2.3 Students with verified disabilities who believe they need academic adjustments or auxiliary aids are encouraged to identify themselves to their instructors to discuss the details and timelines necessary to provide appropriate accommodation. Students are responsible for providing written verification of their disability to the instructor upon request.

2.4 Students may elect to consult directly with a Disabled Students Programs and Services (DSPS) Counselor Specialist regarding any accommodation. These students will be required to meet timelines and procedural requirements established by the DSP&S office.

3.0 Code of Conduct

Students are subject to adhering to the policies and procedures of the San Diego Community College District, as well as all federal, state, and local laws. Students are subject to charges of misconduct concerning, but not limited to, the following acts when committed on District-owned or controlled property or at District-sponsored activities.

3.1 The taking of and passing off as one’s own the work or ideas of another: plagiarism and academic cheating.

3.2 Falsification, alteration or misuse of campus/District documents, and records.

3.3 Act or threat of damage to or theft of property belonging to or located on District-owned or controlled property or facilities.

3.4 The physical or verbal disruption of instructional or student services activities, administrative procedures, public service functions, authorized curricular or co-curricular activities or prevention of authorized guests from carrying out the purpose for which they are on campus.

3.5 The physical or verbal intimidation or harassment of such severity or perversiveness as to have the purpose or effect of unreasonably interfering with a student’s academic performance, or a District employee’s work performance, or of creating an intimidating, hostile, or offensive educational or work environment.

3.6 Disorderly, lewd, indecent or obscene conduct or expression or habitual profanity or vulgarity; any expression which is obscene, libelous or slanderous according to current legal standards or which so incites students as to create a clear and present danger of the commission of unlawful acts, or the substantial disruption of the orderly operation of the community college. (Ed. Code 76120)

3.7 Assault, or battery upon a student or district personnel on district premises or at any time or place while under the authority of District personnel.

3.8 Participation in hazing (California Education Code Sections 32050 through 32052).

3.9 Possession of weapons, explosives, unlicensed dangerous chemicals or objects which may be used as weapons or to threaten bodily harm, as specified in the California Penal Code or other applicable laws.

3.10 Participating in activities which are in violation of federal, state, or local laws or ordinances while on district premises or at district-sponsored or supervised activities.

3.11 Failure to comply with directions of staff members of the district who are acting within the scope of their employment. Continued and willful disobedience or open and persistent defiance of the authority of district personnel providing, such conduct is related to district activities or college/center attendance.

3.12 Smoking on District premises, or in vehicles provided by the district used for transporting students, except as permitted by applicable ordinances, laws, college guidelines and District procedure 0505.2.

3.13 Use, possession, distribution, or sale of alcoholic beverages on campus except as permitted by law.

3.14 Use, possession, distribution, manufacture or sale of narcotics or other hallucinogenic drugs or substances or inhaling or breathing the fumes of, or ingesting, any poison classified as such by the California Business and Professions Code Section 4160, Schedule “D,” except as provided by law, is prohibited when on district premises.
3.15 Violation of Policies & Procedures for Student Organizations as enumerated in Manual 3200.

Student Grievance Procedure
The purpose of this procedure is to provide a prompt and equitable means for resolving student grievance. The procedures enumerated in Student Grievance Procedures 3100.1 shall be available to any student who believes a district decision or action has adversely affected his/her rights as a student as specified in Student Rights and Responsibilities, Policy 3100, Section 1 through 10. Note that grades are not grievable under this policy. Refer to the Grade Challenge section, page 46, of this catalog.

Review of Student Records
Pursuant to the “Family Rights and Privacy Act of 1974” (Public Law 93-380) and the California Education Code, a student may request to inspect all his/her official school records, files, and related data that are classified as Student Records. The records will be available for review at a mutually convenient time during regular working hours. Contact the Vice President, Student Services. If information in the file is inaccurate, misleading, or inappropriate, a student may request removal of the information or include a statement disputing the material that is challenged.

The law provides that no individual, agency or organization shall have access to a student’s records without the written consent of the student, with the exception of the following:

1) School officials within the district with “legitimate educational interest” such as the following:
   a. Instructional staff, when such information will assist in determining or improving the academic competence of students under their jurisdiction.
   b. Counseling staff, when such information will assist the student in achieving his/her personal, academic, or vocational goals.
   c. Classified staff who are involved in the creation, analysis, distribution, correction, compilation, or processing of student records.
   d. Management or supervisory staff, when such information is directly related to the successful completion of management or supervisory duties, as prescribed by the Board of Trustees.
   e. The Board of Trustees, in appropriate disciplinary cases.

2) Specified federal and state educational officials such as officials in the State Chancellor’s Office.
3) State and local officials to the extent that such information is required to be reported pursuant to state law adopted prior to November 19, 1974.
4) Schools or colleges of intended enrollment provided that the student has been notified and given the opportunity to challenge the content.
5) Organizations conducting studies for the district.
6) Persons in connection with an emergency.
7) Agencies in connection with financial aid.
8) Court officials pursuant to a court order or subpoena provided the college makes a reasonable effort to notify the student in advance of such compliance.

Student records will normally include documents filed for admission to the college, grade reports, permanent records of academic work completed, transcripts received from other schools and colleges attended, test scores, counseling information, correspondence, and petitions. These documents will normally include but not be limited to a student’s name, address, telephone number, birth date, residence classification, sex, past and current enrollment, academic and attendance status, educational benefits, ethnic background, high school graduation, college major, and identification number.

Information which cannot be classified as a student record, is as follows: (a) information provided by the students parents in connection with financial aid, (b) confidential letters of recommendation on file prior to January 1, 1975, (c) information maintained by a district official or employee which remains in his/her sole possession, (d) information about the student maintained by a physician, psychiatrist, psychologist, or other professional acting in his/her professional capacity for the college, (e) information about the student maintained by the college law enforcement unit, (f) information about the student maintained in the normal course of business pertaining to the student’s employment, if the student is employed by the college.

The information listed below is considered “Directory Information” and may be released as specified unless the student notifies the official responsible for student
Information related to officially recognized activities and sports which appears in programs, campus/district newspapers, or is released to the news media.

2) Information pertaining to graduation which appears on commencement programs, campus/district newspapers or is released to the news media.

3) Information pertaining to the receipt of awards which appears in campus/district newspapers or is released to the news media.

When releasing the above categories of information, the following items of information may be included: student's name, date and place of birth, address, phone number, major field of study, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and most recent public or private school attended by the student. No other categories of information may be released nor may the information be released to other recipients without the written authorization of the student concerned. The college will maintain a log which lists all persons, agencies or organizations requesting or receiving information from a student's record at the college Admissions/Records Office. Such log will also indicate why such information is requested.

Information about students may be requested by officials in charge of recruitment for the National Guard and each active reserve component of the armed forces. Such information shall be released subject to the following conditions:

- The requesting agency shall reimburse the District for the cost of developing and furnishing the information.
- The agreement shall acknowledge the confidentiality of the information and prohibit its release to a third party.
- After public notice, the student named has informed the district in writing that the information may be released.

In the event you feel that Mesa College has not complied with the provisions of the privacy act as specified herein or in the statutes, you may file a complaint with the United States Department of Education.

The official responsible for student records at Mesa College is the Admissions and Records Director.
Academic Requirements
The Associate Degree

On the recommendation of the faculty, the college awards the Associate in Arts degree, the Associate in Science degree, or the Certificate of Achievement to students who complete the requirements specified.

Associate Degree Requirements

The Associate in Science degree is awarded in engineering, physical and biological sciences, and occupational curricula. The Associate in Arts degree is awarded in the social sciences, humanities, the arts, and similar disciplines.

An associate degree is awarded by the San Diego Community College District colleges in recognition of completion of a minimum of 60 units which include completion of:

- **Major Requirements**
- **District Requirements**
- **General Education Requirements**

Students should plan programs with long range goals in mind. Students who plan to transfer to a four-year institution should review the Transfer Requirements section of this catalog.

A minimum of 12 semester units must be completed in residence as an officially enrolled student in the San Diego Community College District.

Grade Point Average (GPA) and Minimum Grade Requirements

Students must obtain a grade point average of at least 2.0 (a “C” average) in all courses completed upon which the degree is based.

Students enrolled in occupational and health occupation programs must earn a grade of “C” or better in courses required for the major.

Major Requirements

Eighteen semester units or more are required for a major. Refer to the Degree Curricula and Certificate Programs section of this catalog for specific requirements for each major. Only one course in a student's major discipline may be used to meet the San Diego Community College District general education requirements.

District Requirements

The following information is based on 2006-2007 course offerings and is subject to change. Please contact the Counseling Department for updates.

1. **Competence in Reading and Written Expression**

Complete one course with a grade of “C” or better from General Education Requirements Area A.1 Language and Rationality, English Composition.

Note: The course selected to meet this requirement may also be used to meet the general education requirement for English Composition.

2. **Competence in Mathematics**

Competence is demonstrated by:

   a. Placement in MATH 096 or higher on the SDCCD mathematics assessment test
b. Completing one of the following courses with a grade of “C” or better:

- BIOL 200 Biological Statistics (C,M)
- BUSE 101 Business Mathematics (C,M,MMR)
- MATH 91 Algebra for Math Placement (C)
- MATH 95 Elementary Algebra and Geometry (C,M,MMR)
- MATH 181 Mechatronics College Algebra and Trigonometry I (C)
- MATH 182 Mechatronics College Algebra and Trigonometry II (C)
- MATH 183 Mechatronics Calculus I (C)
- MATH 184 Mechatronics Calculus II (C)
- PHIL 101 Symbolic Logic (C,M,MMR)
- PSYC 258 Behavioral Science Statistics (C,M,MMR)

c. Completing, with a grade of “C” or better, any other Mathematics course for which one of the above listed courses is a prerequisite.

Note: The course selected to meet this requirement may also be used to meet the general education requirement for Communications and Analytical Thinking.
3. American Institutions/California Government

Students must complete **TWO** (2) courses (six units) in American Institutions/California Government; one course selected from **Part A** and one course from **Part B**:

<table>
<thead>
<tr>
<th>Part A</th>
<th>Part B</th>
</tr>
</thead>
<tbody>
<tr>
<td>^ BLAS 140A History of the U.S., Black Perspective (C, M, MMR)</td>

</tbody>
</table>

Students who have completed the American Institutions requirement except for the California government portion must complete one of the following three-unit courses:

^ BLAS 140B History of U.S., Black Perspective (C, M, MMR)
^ CHIC 141B U.S. History from a Chicano Perspective (C, M)
HIST 110 History of the United States II (C, M, MMR)
^ HIST 115B History of the Americas II (C, M)
^ HIST 123 U.S. History from the Asian Pacific American Perspective (C, M)
HIST 142 Women in United States History II (C, M, MMR)
^ HIST 151 Native Americans in U.S. History (M, MMR)
HIST 175 California History (M)
POLI 102 The American Political System (C, M, MMR)

**NOTE:** If a six-unit sequence or combination is selected to fulfill the American Institutions requirement, only three (3) units may be used for general education credit.
4. Health Education

This requirement is met by completing Health Education 101: Health and Lifestyle, three units.

Note: This requirement is waived for students who earn degrees in Nursing Education. U.S. Veterans and active duty U.S. military personnel may be granted two units of college credit to fulfill the Health Education Requirement if service has been continuous for at least six months. Copies of form DD-214 or DD-295 or SMART or AART Transcript covering all periods of military service must be on file in the Records Office.

5. Physical Education

Students must complete two activity courses in Physical Education. Physical Education courses numbered below 240 are acceptable, except for Physical Education 150. Students with physical conditions which prevent participation in regular physical education activity classes must file a physician's statement with the Evaluations Office, I300 room 201. Adapted Physical Education classes are available. A Physician's medical release form is required.

The following dance courses meet the Physical Education graduation requirement: DANC 110, Ballet; DANC 115, Tap; DANC 120, American Street Dance; DANC 130, Dance Repertoire; DANC 135, Jazz Dance; DANC 140, Modern Dance; DANC 177, Dance Improvisation; DANC 178, Advanced Contemporary; DANC 179 Advanced Classical; and DANC 261, Dance Performance.

Note: U.S. Veterans and active duty U.S. military personnel may be granted two units of college credit to fulfill the Physical Education requirement if service has been continuous for at least six months. Copies of form DD-214 or DD-295 or SMART or AART Transcript covering all periods of military service must be on file in the records Office.

6. Multicultural Studies

Students may satisfy the District multicultural studies graduation requirement by satisfactorily completing a course related to the culture of one or more of the ethnic groups which are represented in American society. The course shall include a focus on the role of men and women in the origin, development, and current status of these cultures.

Note: Each student seeking the Associate Degree must complete a three-unit multicultural studies course selected from the general education courses marked with a ^ indicating that it meets the Multicultural Requirement. The three units may be applied to the 18 units required in general education.

This requirement is met by completing one of the following courses (these courses are also on the District General Education list).

^ ADJU 106 Diversity and Community Relations (MMR)
^ ANTH 103 Introduction to Cultural Anthropology (C,M,MMR)
^ ANTH 200 Introduction to North American Indians (M)
^ ANTH 210 Introduction to California Indians (C,M)
^ AMSL 104 Introduction to Deaf Culture (M)
^ ARTF 113 African, Oceanic, and Native American Art (M,MMR)
^ ARTF 115 African Art (C,M)
^ ARTF 120 Native American Indian Art (M)
^ BLAS 104 Black Psychology (C,M)
^ BLAS 110 Afro-American Art (C,M)
^ BLAS 115 Sociology from a Black Perspective (C)
^ BLAS 116 Contemporary Social Problems from a Black Perspective (C,M)
^ BLAS 120 Black Music (C,M)
^ BLAS 125 Dynamics of the Black Community (M)
^ BLAS 130 The Black Family (C,M)
^ BLAS 135 Introduction to Black Politics (C)
^ BLAS 140A History of the U.S., Black Perspectives (C,M,MMR)
^ BLAS 140B History of the U.S., Black Perspectives (C,M,MMR)
^ BLAS 145A Introduction to African History (C,M)
^ BLAS 145B Introduction to African History (C)
^ BLAS 150 Black Women in Literature and the Media (C,M)
^ BLAS 155 Afro-American Literature (C,M)
^ CHIC 110A Introduction to Chicano Studies (C,M)
^ CHIC 110B Introduction to Chicano Studies (C,M)
^ CHIC 135 Chicano Literature (C,M)
^ CHIC 141A United States History from a Chicano Perspective (C,M)
^ CHIC 141B United States History from a Chicano Perspective (C,M)
^ CHIC 190 Chicano Images in Film (C,M)
^ CHIC 210 Chicano Culture (C,M)
^ CHIL 141 The Child, Family and Community (C,M,MMR)
^ ENGL 202 Introduction to Linguistics (C,M,MMR)
^ ENGL 230 Asian American Literature (M,MMR)
^ FILI 100 Filipino American Experience (M,MMR)
^ GEOG 102 Cultural Geography (C,M,MMR)
^ HIST 115A History of the Americas I (C,M)
General Education Outcomes Defined

General Education courses should contribute to the broad education of career technical and transfer students in the areas of critical thinking, writing, and oral communication skills, understanding of and the ability to use quantitative analysis, and awareness of the arts and humanities; and of the physical, social and behavioral sciences as they affect one’s interaction with the diverse local and global communities. General Education Requirements Title 5: Section 55806

a. Natural Sciences. Courses in the natural sciences are those that examine the physical universe, its life forms, and its natural phenomena. To satisfy the General Education Requirement in natural sciences, a course shall be designed to help the student develop an appreciation and understanding of the scientific method, and encourage an understanding of the relationships between science and other human activities. This category would include introductory or integrative courses in astronomy, biology, chemistry, general physical science, geology, meteorology, oceanography, physical geography, physical anthropology, physics and other scientific disciplines.

b. Social and Behavioral Sciences. Courses in the social and behavioral sciences are those which focus on people as members of society. To satisfy the general education requirement in social and behavioral sciences, a course shall be designed to develop an awareness of the method of inquiry used by the social and behavioral sciences. It shall be designed to stimulate critical thinking about the ways people act and have acted in response to their societies and should promote appreciation of how societies and social subgroups operate. This category would include introductory or integrative survey courses in cultural anthropology, cultural geography, economics, history, political science, psychology, sociology and related disciplines.

c. Humanities. Courses in the humanities are those which study the cultural activities and artistic expressions of human beings. To satisfy the general education requirement in the humanities, a course shall be designed to help the student develop an awareness of the ways in which people throughout the ages and in different cultures have responded to themselves, help the student develop aesthetic understanding and an ability to make value judgments. Such courses could include introductory or integrative courses in the arts, foreign languages, literature, philosophy, and religion.

d. Language and Rationality. Courses in language and rationality are those which develop for the student the principles and applications of language toward logical thought, clear and precise expression and critical evaluation of communication in whatever symbol system the student uses.

1) English Composition. Courses fulfilling the written composition requirement shall be designed to include both expository and argumentative writing.

2) Communication and Analytical Thinking. Courses fulfilling the communication and analytical thinking requirement include oral communication, mathematics, logic, statistics, computer languages and programming, and related disciplines.

Ethnic Studies will be offered in at least one of the required areas.
General Education Requirements

Only one course in a student's major discipline may be used to meet the San Diego Community College District General Education Requirements.

The following information is based on 2006-2007 course offerings and is subject to change. Please contact the Counseling Department for updates.

The State of California requires the completion of a minimum of 18 units of general education. One course must be selected from each of the following areas: English Composition; Communication/Analytical Thinking; the Sciences (Life or Physical, not both); Humanities; Social Sciences; and a sixth course chosen from any area.

A. Language and Rationality:

A minimum of three semester units, or four quarter units, must be completed. Choose one course from the following:

1. English Composition
   - BUSE 119 Business Communications (C,M,MMR)
   - ENGL 101 Reading and Composition (C,M,MMR)
   - ENGL 105 Composition and Literature (C,M,MMR)
   - ENGL 205 Critical Thinking and Intermediate Composition (C,M,MMR)
   - TEHW 101 Introduction to Technical Writing (C)

2. Communication and Analytical Thinking
   - BIOL 200 Biological Statistics (C,M)
   - BLAS 106 Black Oral Expression and Interpretation (M)
   - BUSE 101 Business Mathematics (C,M,MMR)
   - CISC 150 Introduction to Computer and Information Sciences (C,M)
   - CISC 181 Principles of Information Systems (C,M,MMR)
   - MATH 91 Algebra for Math Placement (C)
   - MATH 95 Elementary Algebra and Geometry (C,M,MMR)
   - MATH 96 Intermediate Algebra and Geometry (C,M,MMR)
   - MATH 104 Trigonometry (C,M,MMR)
   - MATH 107 Introduction to Scientific Programming (C,M)
   - MATH 107L Introduction to Scientific Programming Lab (C,M)
   - MATH 116 College and Matrix Algebra (C,M,MMR)
   - MATH 118 A Survey of Modern Mathematics (C,M,MMR)
   - MATH 119 Elementary Statistics (C,M,MMR)
   - MATH 121 Basic Techniques of Applied Calculus I (C,M,MMR)
   - MATH 122 Basic Techniques of Calculus II (C,M,MMR)
   - MATH 141 Precalculus (C,M,MMR)
   - MATH 150 Calculus with Analytic Geometry I (C,M,MMR)
   - MATH 151 Calculus with Analytic Geometry II (C,M,MMR)
   - MATH 181 Mecomtronics College Algebra and Trigonometry I (C)
   - MATH 182 Mecomtronics College Algebra and Trigonometry II (C)
   - MATH 183 Mecomtronics Calculus I (C)
   - MATH 184 Mecomtronics Calculus II (C)
   - MATH 210A Concepts of Elementary School Mathematics I (C,M,MMR)
   - MATH 210B Concepts of Elementary School Mathematics II (C,M,MMR)
   - MATH 237 Machine and Assembly Language (C,M)
   - MATH 245 Discrete Mathematics (C,M,MMR)
   - MATH 252 Calculus with Analytic Geometry III (C,M,MMR)
   - MATH 254 Introduction to Linear Algebra (C,M,MMR)
   - MATH 255 Differential Equations (C,M,MMR)
B. Natural Sciences

A minimum of three semester units, or four quarter units, must be completed. Choose one course from the following:

1. Life Sciences

**Certificate of Achievement**

Programs in which a Certificate of Achievement may be awarded are described in the Degree Curricula and
Certificate Programs section of this catalog. Certificate programs are designed for students with specific personal or occupational goals. To qualify for the Certificate of Achievement, students must satisfy the following requirements:

1) meet all standards for admission to the desired certificate program;
2) earn a grade of “C” or higher in each course;
3) complete a minimum of three courses in residence.

Certificate of Completion

Programs in which a Certificate of Completion may be awarded are described in the Degree Curricula and Certificate Programs section of this catalog. A Certificate of Completion recognizes the attainment of knowledge and/or skill through the successful completion of two or more courses as specified by a department. Certificates of Completion are designed to prepare students for employment, job enhancement and/or job advancement. To qualify for the Certificate of Completion, students must satisfy the following requirements:

1) Achieve a grade of "C" or better in each of the required courses.
2) Complete all required course work in the San Diego Community College District.
3) Course substitutions or course equivalencies from other colleges may not be used to satisfy Certificate of Completion requirements.

For additional information, contact the campus Evaluations Office or subject-area department.

Graduation

Petition for Graduation

Graduation is not automatic upon completion of requirements. A student who expects to receive the Associate Degree or the Certificate of Achievement must file a Petition for Graduation in the Evaluations Office. See class schedule for important deadline dates for filing a Petition for Graduation.

Official college transcripts from all colleges attended must be on file before submitting the petition for Associate Degree or Certificate of Achievement.

A petition for an associate degree evaluation should be submitted one year before the student plans to graduate.

An evaluation is a summary of college work completed and of requirements to be completed for the associate degree or the certificate of achievement. Only evaluations completed by one of the College Evaluators are official.

Students who have petitioned for graduation should notify the evaluator immediately of any name or address change.

Students who are working toward a certificate of achievement should file the Petition for Graduation prior to the beginning of the semester in which they plan to complete the requirements of their certificate program.

Catalog Rights

Students who maintain continuous enrollment may choose to graduate under the (City College, Mesa College, and Miramar College) catalog in effect at the time they began their studies in a California Community College, California State University, or University of California campus, or under the catalog in effect at the time of graduation.

Certification of a student’s completion of CSU general education requirements or the Intersegmental General Education Transfer Curriculum (IGETC) is not a graduation requirement. Therefore, students do not have catalog rights to a certification pattern used by a certifying institution or a CSU or UC campus.

Continuous Enrollment

Continuous enrollment is defined as attendance in one semester or two quarters (excluding summer) within a calendar year in either the CSU, UC, or California Community College System.

Awarding of Degrees or Certificates

The graduation ceremony is held once a year at the end of the spring semester. Students who complete requirements for the Associate Degree or the Certificate of Achievement in the fall or spring semesters and petition by March will be granted the degree in Spring.

Students who complete the requirements during the summer session or petition after the March deadline will be granted the degree in August. Summer candidates for graduation may participate in the graduation ceremony in Spring if the Petition for Graduation is filed by the March deadline.
Diplomas

Diplomas are issued only after completion of all graduation requirements have been verified. For information on obtaining your diploma or certificate of achievement, please contact the Evaluations Office on campus at (619) 388-2680, I3-201.

Graduation with Distinction

Graduation with honors distinction will be based upon all coursework that is applicable to the associate degree or certificate of achievement.

Graduation with Honors is granted to students who achieve an overall 3.5 GPA, High Honors is granted to students who achieve an overall 3.75 GPA, and Highest Honors is granted to students who achieve an overall 4.0 GPA.

Students will be notified that this distinction is pending at the time of the graduation ceremony, when the GPA will be calculated based upon degree or certificate applicable coursework completed through the fall semester of the year of the ceremony. The final distinction will be determined upon completion of all coursework completed through the spring semester for spring graduates or the summer term for summer graduates.

Additional College Degree

A student having received an associate or baccalaureate degree may qualify for an additional Associate in Arts or Associate in Science degree in a new major or concentration.

An additional degree:

1) Permits upgrading or preparation for upgrading current employment.

2) Prepares for employment in an area different from that provided by previous training.

3) Provides general knowledge leading to fulfillment of personal goals.

The following requirements are applicable:

1) The degree to be earned must represent a change in major or concentration from the degree or degrees previously earned.

2) A student must earn a minimum of 18 required semester units in the new major or concentration beyond the minimum 60 units required for the Associate Degree, bringing the total units required for the second degree to a minimum of 78 units, a minimum of 96 units for the third degree, and so on. Twelve (12) semester units of the new major or concentration must be completed in residence.

3) A student must fulfill current catalog associate degree requirements.

4) In order to receive an additional college degree, the student must file a Petition for Graduation in the Evaluations Office. The college evaluator will review all previous college work to determine the student's eligibility for a second degree.
Transfer Programs

Many of the courses completed at San Diego City College, San Diego Mesa College, and San Diego Miramar College may be applied for transfer credit to four-year colleges and universities. Students have the opportunity to complete their first two years of a four-year degree at this level. The Transfer Center serves as a resource center for students interested in transfer and provides the following: university catalogs, student computer work stations, university brochures and handouts, assistance with transfer information such as articulation agreements for lower division general education, major preparation, transferable electives, workshops on transferring to colleges and universities, access to university advisors, guaranteed university admission programs, and assistance completing college applications.

Students are advised to plan transfer programs as early as possible and enroll in transferable courses in both general education and in courses that prepare for the specific university major. Questions related to transfer programs should be discussed with counselors or the Transfer Center staff. Students interested in transfer should meet with a counselor in the Counseling Department, room I-430 to develop a Transfer Educational Plan which will identify the courses needed to transfer. The Transfer Center is located on the second floor of the Student Services Building I-300 in Room 202. For information, call (619) 388-2473.

Components of Transfer

"Transfer" is continuing your education at a baccalaureate-degree granting college or university, usually after completing your first two years at a community college. Websites www.californiacolleges.edu and www.csmentor.edu provide Transfer Planners and additional resources to provide you with pertinent information.

1) Making your decisions

Career Objective
Your career objective will determine the type of degree you need and your choices for selecting a major.

Major Objective
Many of the classes you take in college will be determined by your major, which is the field of study you will emphasize. You are required to major in a specific academic subject to demonstrate sustained, high level work in one field.

University Selection
Selecting a university takes time and planning. It is strongly recommended that you enroll in the Transfer 101 Workshop offered through the Transfer Center or enroll in Personal Growth 127, College Success. Work closely with your counselor to ensure that you are making the choice that is right for you.

2) Educational Plan

Major Preparation
Some majors require specific lower-division courses to be admitted to a major upon transfer. For public universities in California, visit www.assist.org for this articulation information. Articulation is the process whereby a course (or set of courses) offered at one institution is accepted as equivalent to or in lieu of a comparable course (or set of courses) at another institution. For current Mesa College articulation agreements with private/independent universities, visit the Transfer Center website at www.sdmesa.edu, click on Student Services and then Transfer Center.

General Education Requirements
General Education requirements are courses required of everyone regardless of major. Each university has different general education patterns. Mesa students can choose from the following:

a. Complete specific requirements for an individual university or,
b. Complete the approved Intersegmental General Education Transfer Curriculum (IGETC) pattern of courses acceptable at all campuses of the CSU, most campuses of the UC, and some private institutions, or
c. Complete the approved CSU GE Breath pattern of lower-division courses acceptable at all campuses of the CSU system.

It is strongly advised that you work closely with a counselor before making a decision. For a list of transfer GE options for the IGETC coursework patterns see page 86. The CSU GE coursework patterns may be found on page 91.

Electives

Electives are additional courses taken to meet the number of required units or to meet addi-
tional lower-division graduation requirements. Make sure the courses you select are transferable courses by referring to the course descriptions in this catalog.

3) Application
Most universities require you to apply for admission about one year prior to your expected transfer date. Visit the Transfer Center in I300 Room 202 for more information.

Transfer to California State University (CSU)

The California State University (CSU) system is made up of 23 universities throughout the state. These include:

California Maritime Academy
California Polytechnic State University, San Luis Obispo
California State Polytechnic University, Pomona
California State University, Bakersfield
California State University, Channel Islands
California State University, Chico
California State University, Dominguez Hills
California State University, East Bay
California State University, Fresno
California State University, Fullerton
California State University, Long Beach
California State University, Los Angeles
California State University, Monterey Bay
California State University, Northridge
California State University, Sacramento
California State University, San Bernardino
California State University, San Marcos
California State University, Stanislaus
Humboldt State University
San Diego State University
San Francisco State University
San Jose State University
Sonoma State University

Students who plan to earn a university degree may find it advantageous to complete freshman and sophomore work at a California community college. A student may apply 70 transferable semester units from the community colleges toward a university degree. Courses completed at a community college after the 70-unit maximum course units has been reached will count toward university requirements, but these course units will not count toward the total number of units required to earn a university degree.

California State University Minimum Admission Requirements
Transfer students will be eligible for admission by meeting the following requirements:

1) 1. Complete 60 semester units or 90 quarter units of transferable units. These 60 units consist of:
   • "General Education pattern (for details see page 85),
   • "Preparation for Major (details on page 84), and
   • "any electives needed to reach the 60 unit minimum.

2) Within the General Education, the completion the Golden 4 (Critical Thinking, Writing, Speech, Math) with a grade of C or better. Credit/No-Credit grades are not recommended in these areas.

3) GPA: Your overall grade point average must be at least 2.0 (2.40 for California nonresidents). Impacted majors may have higher GPA requirements.

4) The CSU designates major programs as impacted when more applications are received in the initial filing period from CSU-eligible applicants than can be accommodated by the campus. The initial filing period is defined as the first month of the filing period (October and November for fall terms). If you are interested in an impacted major, you must apply during the initial filing period. You will be subject to supplementary admission criteria and may not be accepted into the program.
Additional Requirements for CSU Graduation - American Institutions/California Government

Note: Not required for GE Certification.

Although this requirement is not part of the General Education requirements for CSU, all students must complete course work in U.S. History, Constitution and Government. The courses may also be used to partially fulfill Area D of the CSU General Education Breadth Requirements.

Students must complete TWO (2) courses (six units) in American Institutions/California Government; one course selected from Part A and one course from Part B:

<table>
<thead>
<tr>
<th>Part A</th>
<th>Part B</th>
</tr>
</thead>
<tbody>
<tr>
<td>^ BLAS 140A History of the U.S., Black Perspectives (C, M, MMR)</td>
<td>^ BLAS 140B History of the U.S., Black Perspectives (C, M, MMR)</td>
</tr>
<tr>
<td>^ CHIC 141A United States History from a Chicano Perspective (C,M)</td>
<td>^ CHIC 141B United States History from a Chicano Perspective (C, M)</td>
</tr>
<tr>
<td>HIST 109 History of the United States I (C, M, MMR)</td>
<td>HIST 110 History of the United States II (C, M, MMR)</td>
</tr>
<tr>
<td>^ HIST 115A History of the Americas I (C, M)</td>
<td>^ HIST 115B History of the Americas II (C, M)</td>
</tr>
<tr>
<td>HIST 141 Women in United States History I (C,M)</td>
<td>^ HIST 123 U.S. History from the Asian Pacific American Perspective (C, M)</td>
</tr>
<tr>
<td>^ HIST 150 Native Americans in United States History (M,MMR)</td>
<td>HIST 142 Women in United States History II (C,M)</td>
</tr>
<tr>
<td></td>
<td>^ HIST 151 Native Americans in United States History (M, MMR)</td>
</tr>
<tr>
<td></td>
<td>POLI 102 The American Political System (C, M, MMR)</td>
</tr>
</tbody>
</table>

Students who have completed the American Institutions requirement but who have not yet completed the California government requirement must complete one of the following three-unit courses:

^ BLAS 140B History of U.S., Black Perspectives (C, M, MMR)
^CHIC 141B United States History from a Chicano Perspective (C, M)
HIST 110 History of the United States II (C, M, MMR)
^HIST 115B History of the Americas II (C, M)
^HIST 123 U.S. History from the Asian Pacific American Perspective (C,M)
HIST 142 Women in United States History II (C,M)
^HIST 151 Native Americans in United States History (M, MMR)
POLI 102 The American Political System (C, M, MMR)

**NOTE:** If a six-unit sequence or combination is selected to fulfill the American Institutions requirement, only three (3) units may be used for general education credit.

*Courses designated with a carat (^) may also be used to fulfill the District Multicultural studies requirement.*
California State University
Transfer Checklist

☐ When you begin classes at a California Community College, discuss your transfer plans with a community college counselor or Transfer Center director. Inquire about California State University (CSU) general education requirements and the lower division courses required for your major.

☐ Review your California Community College catalog for information on which courses are transferable to the CSU.

☐ Obtain one or more CSU campus catalogs to become familiar with admission, general education, and major requirements.

☐ If you will need financial assistance to attend CSU, talk to a financial aid advisor at the California Community College you are attending; obtain a copy of the FAFSA form, and note application deadlines.

☐ Contact a CSU campus Disabled Student Services program to inquire about available services.

☐ Visit one or more CSU campuses. Call the Admissions Office at your target campus if you would like a campus tour. Contact the Transfer Center in I3-202 to see about 4-year representative visits or visit the website at www.sdmesa.edu

☐ Complete and file an application for admission with the CSU campus during the initial filing period (visit http://www.csumentor.edu, see the CSU admission booklet, or contact a CSU admission office).

☐ Send the application fee ($55) with the CSU application for admission.

☐ Have transcripts from all colleges attended (and high school transcript, if necessary) sent to the CSU campus you have selected.

☐ After you have applied for admission to a CSU campus, request that the community college Evaluations Office certify on your transcript the courses you have completed to satisfy CSU general education.

Take charge of your transfer program. You too, can discover the difference that a CSU education can make in reaching your career goals.
Transfer to University of California

The University of California system includes nine campuses and a Health Sciences Center in San Francisco.

University of California Campuses
University of California, Berkeley
University of California, Davis
University of California, Irvine
University of California, Los Angeles
University of California, Merced
University of California, Riverside
University of California, San Diego
University of California, San Francisco
University of California, Santa Barbara
University of California, Santa Cruz

Students who plan to earn a university degree may find it advantageous to complete freshman and sophomore work at a California community college. A student may apply 70 transferable semester units (or 105 quarter units) from the community colleges toward a university degree. Courses completed at a community college after the 70-unit maximum course units has been reached will count toward university requirements, but these course units will not count toward the total number of units required to earn a university degree.

The University of California minimum requirements

Transfer students will be eligible for admission if they meet the following requirements:

1) Complete 60 semester units or 90 quarter units of transferable units;

2) A grade point average of at least 2.4, with no more than 14 semester or 21 quarter units taken as Credit/No-Credit; and

3) Complete the following course pattern, with a grade of "C" or better in each course:
   - two transferable college courses (3 semester or 4-5 quarter units each) in English composition; and
   - one transferable college course (3 semester or 4-5 quarter units) in mathematical concepts and quantitative reasoning; and
   - four transferable college courses (3 semester or 4-5 quarter units each) selected from at least two of the following subject areas: arts and humanities; social and behavioral sciences; and physical and biological sciences.

Students who complete the Intersegmental General Education Transfer Curriculum (IGETC) pattern prior to transferring to the University of California system will meet the transfer eligibility coursework requirement listed above (see page 85 for details). Students who did not qualify for admissions to a university when graduating from high school because subjects A-F were not satisfied, must complete the requirements listed above.

Note: Specific admission criteria vary among University of California campuses. The UC system limits credit for transfer of courses in fine arts, music, theater arts, computer science, engineering and independent study.

UC Transfer and Physical Education Activity Courses

UC grants a maximum of four semester units of credit for appropriate Physical Education Activity courses. Courses that are subject to this limit are listed as such on the college’s UC Transfer Course Agreement, available on web ASSIST at www.assist.org under the UC Transferable Courses link. Physical Education Theory courses or courses that do not fit either the Theory or Activity category are not included in the four semester credit limit.

UC Transfer and Variable Topics Courses

These courses are also called “Independent Studies”, “Special Studies”, “Special Topics”, “Internships”, “Field Work”, etc. Credit for variable topics courses is given only after a review of the scope and content of the course by the enrolling UC campus. This usually occurs after transfer and may require recommendations from faculty. UC does not grant credit for variable topics courses in Journalism, Photography, Health, Business Administration, Architecture, Administration of Justice (Criminology) or Library Departments because of credit restrictions in these areas.
University of California
Transfer Checklist

☐ When you begin classes at a California Community College, discuss your transfer plans with a community college counselor or Transfer Center director. Inquire about University of California (UC) general education requirements and the lower division courses required for your major. Please note that UC stresses the prep for major over the general education requirements.

☐ Review your California Community College catalog for information on which courses are transferable to the UC.

☐ Obtain one or more UC campus catalogs to become familiar with admission, general education, and major requirements.

☐ If you will need financial assistance to attend UC, talk to a financial aid advisor at the California Community College you are attending; obtain a copy of the FAFSA form, and note application deadlines.

☐ Contact a UC campus Disabled Student Services program to inquire about available services.

☐ Visit one or more UC campuses. Call the Admissions Office at your target campus if you would like a campus tour. Contact the Transfer Center in I3-202 to see about 4-year representative visits or visit the website at www.sdmesa.edu

☐ Complete and file an application for admission with the UC campus during the initial filing period (visit http://www.universityofcalifornia.edu, see the UC admission booklet, or contact a UC admission office).

☐ Send the application fee ($60) with the UC application for admission.

☐ Have transcripts from all colleges attended (and high school transcript, if necessary) sent to the UC campus you have selected.

☐ After you have applied for admission to a UC campus, request that the community college Evaluations Office certify on your transcript the courses you have completed to satisfy UC general education.

Take charge of your transfer program. Visit the Transfer Center in I-300 Room 202 for resources, appointments with UC representatives and additional information.
Transfer to Private and Independent Colleges and Universities

Transfer options are available to hundreds of Private and Independent Colleges and Universities throughout the world. Admission requirements are different at each private and independent university. To establish a transfer plan, come to the Transfer Center to research and obtain transfer admissions requirements, then work with a counselor to establish a plan.

Historically Black Colleges and Universities (HBCU)

Any historically black college or university that was established prior to 1964, whose principal mission was, and is, the education of black Americans, and that is accredited by a nationally recognized accrediting agency or association determined by the Secretary [of Education] to be a reliable authority as to the quality of training offered or is, according to such an agency or association, making reasonable progress toward accreditation. There are over 125 HBCU’s in the United States.

Hispanic Serving Institutions

The Hispanic Association of Colleges and Universities (HACU) is a national educational association that represents colleges and universities committed to Hispanic higher education success in the United States (including Puerto Rico), Latin America, and Spain. HACU has 193 member Hispanic-Serving Institutions (HSIs) located in 11 U.S. states and Puerto Rico. To be considered a Hispanic-Serving Institution, the Hispanic enrollment at a college or university must be at least 25 percent of the total student enrollment. California is home to 54 Hispanic Serving Institutions.

Tribal Colleges and Universities

There are 35 federally recognized Tribal Colleges and Universities in the United States. Located mainly in the Midwest and Southwest, Tribal Colleges and Universities service approximately 30,000 full- and part-time students. They offer two-year associate degrees in over 200 disciplines with some providing a bachelor’s and master’s degree. They also offer 200 vocational certificate programs.

Preparation for the Major

Preparation for the Major: Many majors require or recommend introductory or prerequisite courses, most of which are offered in California Community Colleges. These pre-major requirements are described in CSU campus catalogs. Most CSU campuses have articulation agreements with several California Community Colleges specifying coursework taken at California Community Colleges that can satisfy lower division requirements for the major. Check the articulation agreement to be sure your courses will be accepted toward the degree at the CSU campus you plan to attend. You can obtain articulation agreements for specific majors from your counselor, transfer center director, or through ASSIST at www.assist.org.

ASSIST: ASSIST is a computerized student-transfer information system that can be accessed over the World Wide Web. It displays reports of how course credits earned at one California college or university can be applied when transferred to another. ASSIST is the official repository of articulation for California's colleges and universities and therefore provides the most accurate and up-to-date information available about student transfer in California. Visit ASSIST at www.assist.org

AICCU Mentor: AICCU Mentor is a student services website representing the private colleges and universities of California. Visit www.aiccumentor.org

HBCU Mentor: HBCUMentor is a student services website representing the statewide and independent colleges and universities of Historically Black Colleges and Universities. Visit www.hbcumentor.org

California Articulation Number (CAN) System

The California Articulation Number (CAN) identifies some of the transferable, lower division, introductory, preparatory courses and sequences commonly taught within each academic discipline on college campuses. The system assures students that CAN courses and sequences on one participating campus will be similar in content to the comparable CAN course and sequence on another participating campus. For example, CAN ECON 4 on one campus can be identified for use “in lieu of” CAN ECON 4 on another participating campus. Each college, however, maintains its own course numbering system and its own requirements.

California Articulation Numbers are listed after each
course description in this catalog. Lists of courses and sequences from campuses participating in the CAN system are available in the Transfer Center. See a counselor for assistance. These courses are by no means the only transferable courses offered; other courses that transfer are listed in campus articulation agreements and elsewhere in this catalog.

General Education Patterns and Certification

The following two general education patterns (IGETC and CSUGE) are based on 2006-2007 articulation agreements and/or course offerings and is subject to change. Please contact the Transfer Center, Counseling Department, or see www.assist.org for updates.

Intersegmental General Education Transfer Curriculum (IGETC)

The Intersegmental General Education Transfer Curriculum (IGETC) is a general education program that community college transfer students may use to fulfill lower-division general education requirements in either the California State University (CSU) or University of California (UC) system. Completion of the IGETC is not a requirement for admission to CSU or UC, nor is it the only way to fulfill lower-division GE requirements.

The IGETC is recommended for students who have not made a final decision about transferring to a particular CSU or UC campus. Students may be better served by following the CSU GE requirements or those of the UC campus to which they plan to transfer.

Students pursuing majors that require extensive lower-division major preparation may not find the IGETC option to be advantageous. There are other limitations. All courses used for IGETC must be passed with a minimum grade C (C minus is not acceptable.) A credit or pass is acceptable providing either is equivalent to a grade C or better.

For assistance in determining the most appropriate general education program for you, please visit the Transfer Center or the Counseling Office.

IGETC Certification

All GE requirements must be completed before IGETC can be certified. Certification must take place prior to transfer to UC and/or CSU (note exception below). The Evaluations Office will complete the certification. Petitions are available in the Evaluations Department. As a general rule, the IGETC can be certified for California community college transfers who have also completed transfer units at a CSU, UC, or independent college provided that the student has completed most of the transfer units at one or more California community colleges.

Official transcripts from other colleges and universities must be on file before submitting the petition, and will be reviewed for inclusion in the certification process.

Please Note: Coursework completed at a foreign college or university, that is not accredited by one of the U.S. regional accrediting agencies, cannot be used to satisfy requirements for certification.

IGETC Certification after Transfer

Students who are approaching readiness for transfer, and for "good cause", are unable to obtain a maximum of two IGETC courses, may be eligible to complete IGETC after transferring. Students must complete a petition from the Counseling Office, explicitly describe the "good cause" on the form and provide supporting documentation. The petition should be submitted with supporting documentation to the Evaluations Office. Typical situations that constitute "good cause" for not completing a maximum of two IGETC courses are: illness, unavailable or canceled courses, military service and unexpected hardships, such as family or employment problems. Partial certification is allowed only in the student's final term before transfer. See the Counseling Office on campus for detailed information.

IGETC Restrictions

A student who has been registered at a UC campus and wishes to return to the same UC campus is NOT eligible for IGETC. This restriction does not apply to students who have taken UC summer session or Extension classes only.

The IGETC may NOT be used for transfer to the following schools:

- University of California, San Diego - Revelle and Eleanor Roosevelt Colleges.

The IGETC may NOT be the appropriate option for transfer to the following schools:

- University of California, Berkeley - Colleges of Business, Chemistry, Environmental Design (Architecture), Engineering, Natural Resources.
- University of California, Davis - College of Engineering
- University of California, Irvine - Schools of Engineering, Biological Sciences, or Physical Sciences
• University of California, Riverside - College of Engineering
• University of California, Santa Barbara - College of Engineering

The IGETC is NOT recommended for students planning to attend the following schools:
• University of California, Berkeley - College of Optometry
• University of California, Los Angeles - School of Engineering and Applied Science and School of Nursing
• University of California, Riverside - College of Natural and Agricultural Sciences
• University of California, Santa Barbara - College of Creative Studies

Advanced Placement Exams
Acceptable scores of 3, 4, or 5 may be used to satisfy any of the courses in IGETC subject areas. An acceptable score on an English exam may be used to meet the English Composition requirement but may NOT be used to meet the Critical Thinking-English Composition and Oral Communication requirements.

• Only one Advanced Placement exam per area may be used to fulfill IGETC requirements.

IGETC Course Options

| () Colleges in parenthesis indicate where the course is approved for IGETC Requirements. |
| C - City College |
| M - Mesa College |
| MMR - Miramar College |
| Please note: A course may be offered at multiple colleges and not be approved for IGETC at every college offering the course. |
| * Courses with asterisks are listed in more than one area but shall not be certified in more than one area. |
| + Courses with pluses indicate transfer credit may be limited by either UC or CSU, or both. Please consult a counselor for additional information. |
| @Courses with at symbols indicate CSU-only requirements. |

The following information is based on 2006-2007 articulation agreements and/or course offerings and is subject to change. Please contact the Transfer Center, Counseling Department or visit www.assist.org for updates.

Area 1 - English Communication
2-3 courses, 6-9 semester/8-12 quarter units

| Group A: English Composition |
| Course, 3 semester/4-5 quarter units |

| ENGL 101 Reading and Composition (C,M,MMR) OR ENGL 105 Composition and Literature (C,M,MMR) |

| Group B: Critical Thinking - English Composition |
| Course, 3 semester/4-5 quarter units |

| ENGL 205 Critical Thinking and Intermediate Composition (C,M,MMR) PHIL 205 Critical Thinking and Writing in Philosophy (C,M,MMR) |

| Group C: Oral Communication |
| Course, 3 semester/4-5 quarter units |

| SPEE 103 Oral Communication (C,M,MMR) SPEE 160 Argumentation (C,M,MMR) |

Area 2 - Mathematical Concepts and Quantitative Reasoning
1 course, 3 semester/4-5 quarter units

| Course, 3 semester/4-5 quarter units |

**Area 3 - Arts and Humanities**

3 courses, 9 semester/12-15 quarter units

At least one course from the Arts and one from the Humanities.

### 3A: Arts Courses:

- **ARTF 100** Art Orientation (C,M,MMR)
- **ARTF 109** Nineteenth and Twentieth Century Art (C,M,MMR)
- **ARTF 110** Art History: Prehistoric to Gothic (C,M,MMR)
- **ARTF 111** Art History: Renaissance to Modern (C,M,MMR)
- **ARTF 113** African, Oceanic, and Native American Art (M,MMR)
- **ARTF 115** African Art (C,M)
- **ARTF 120** Native American Indian Art (M)
- **BLAS 110** Afro-American Art (C,M)
- **BLAS 111** African Art History (M)
- **BLAS 120** Black Music (C,M)
- **CHIC 230** Chicano Art (M)
- **DFLM 101** Introduction to Film (MMR)
- **DRAM 105** Introduction to Dramatic Arts (C,M,MMR)
- **DRAM 136** History of Canonized Theatre - Ancient Greece to the Restoration (C)
- **DRAM 137** History of Canonized Western Theatre - Restoration to the Present (C)
- **DRAM 150** Cinema as Art & Communication I (M)
- **DRAM 151** Cinema as Art & Communication II (M)
- **MUSI 100** Introduction to Music (C,M,MMR)
- **MUSI 105** Music of Our Time (M)
- **MUSI 109** World Music (C,M,MMR)
- **MUSI 111** Jazz - History & Development (C,M,MMR)
- **MUSI 125** Music, The Arts, and Humanity (M)
- **MATH 252** Calculus with Analytic Geometry III (C,M,MMR)
- **MATH 254** Introduction to Linear Algebra (C,M,MMR)
- **MATH 255** Differential Equations (C,M,MMR)
- **PSYC 258** Behavioral Science Statistics (C,M,MMR)
- **BLAS 145B** Introduction to African History (C)
- **BLAS 150** Black Women in Literature & the Media (C,M)

Languages Other Than English

UC Requirement Only. In order to complete IGETC for the University of California system, students are required to demonstrate competence/proficiency in a language other than English equal to two years of high school study. **Competence may be demonstrated through the following mechanisms:**

1. Completion of two years of the same foreign language of high school level work with grades of “C” or better;
2. Completion of a course or courses at a college or university, with a grade of “C” or better in each course. Usually, one semester of college work in a language other than English is equivalent to two years of high school work;

Any one of the following course or courses completed with a grade of “C” or better, will fulfill the requirement:

- AMSL 115 American Sign Language Level I (C,M)
- AMSL 116 American Sign Language Level II (C,M)
- AMSL 215 American Sign Language Level III (C,M)
- AMSL 216 American Sign Language Level IV (C,M)
- ARAB 101 First Course in Arabic (C)
- ARAB 102 Second Course in Arabic (C)
- CHIN 101 First Course in Mandarin Chinese (M)
- CHIN 102 Second Course in Mandarin Chinese (M)
- CHIN 201 Third Course in Mandarin Chinese (M)
- FREN 101 First Course in French (C,M)

---

**5B: Biological Science Courses:**

- + CHEM 130L Introduction to Organic & Biological Chemistry Lab (C,M,MMR)
- + CHEM 152 Introduction to General Chemistry (C,M,MMR)
- + CHEM 152L Introduction to General Chemistry Lab (C,M,MMR)
- CHEM 200 General Chemistry I - Lecture (C,M,MMR)
- CHEM 200L General Chemistry I - Lab (C,M,MMR)
- CHEM 201 General Chemistry II - Lecture (C,M,MMR)
- CHEM 201L General Chemistry II - Lab (C,M,MMR)
- + CHEM 231 Organic Chemistry I - Lecture (C,M,MMR)
- + CHEM 231L Organic Chemistry I - Lab (C,M,MMR)
- CHEM 233 Organic Chemistry II - Lecture (C,M,MMR)
- CHEM 233L Organic Chemistry II - Lab (C,M,MMR)
- CHEM 251 Analytical Chemistry - (C,M,MMR)
- GEOG 101 Physical Geography (C,M,MMR)
- GEOG 101L Physical Geography Lab (C,M,MMR)
- GEOL 100 General Geology (C,M,MMR)
- GEOL 101 General Geology Lab (C,M,MMR)
- GEOL 104 Earth Science (M,MMR)
- + PHYN 100 Survey of Physical Science (C,M,MMR)
- + PHYN 101 Survey of Physical Science Lab (C,M,MMR)
- PHYN 120 Physical Oceanography (M,MMR)
- + PHYS 100 Introductory Physics w/Lab (C,M)
- + PHYS 120A General Physics I (C)
- + PHYS 120B General Physics II (C)
- + PHYS 121A General Physics Lab (C)
- + PHYS 121B General Physics Lab (C)
- + PHYS 124A General Physics w/Lab (C,M,MMR)
- + PHYS 124B General Physics w/Lab (C,M,MMR)
- + PHYS 195A Mechanics w/Lab (C,M,MMR)
- + PHYS 195B Electricity and Magnetism w/Lab (C,M,MMR)
- + PHYS 195C Waves, Light, and Modern Physics w/Lab (C,M,MMR)
- + BIOL 107 General Biology - Lecture and Lab (C,M,MMR)
- BIOL 110 Introduction to Oceanography (C,M)
- BIOL 115 Marine Biology Lecture/Laboratory (C,M,MMR)
- + BIOL 120 The Environment of Man (M)
- BIOL 130 Human Heredity (C,M,MMR)
- BIOL 131 Introduction to Biotechnology (MMR)
- BIOL 180 Plants and People (C,M)
- BIOL 205 General Microbiology (C,M,MMR)
- + BIOL 210A Introduction to the Biological Sciences I (C,M,MMR)
- + BIOL 210B Introduction to the Biological Sciences II (C,M,MMR)
- + BIOL 215 Introduction to Zoology w/Lab (C,M,MMR)
- BIOL 230 Human Anatomy w/Lab (C,M,MMR)
- BIOL 235 Human Physiology w/Lab (C,M,MMR)
- + BIOL 250 Introduction to Botany w/Lab (M,MMR)
- PSYC 260 Introduction to Physiological Psychology (C,M,MMR)
91 Transfer Guide

3. Completion, with grades "C" or better, of two years formal schooling at the sixth grade level or higher at an institution where the language of instruction is not English. Documentation must be presented to substantiate that required coursework was completed;

4. 500 or higher in the College Board Achievement tests in languages other than English;

5. 3 or higher in the College Board Advanced Placement Examinations in languages other than English;

6. 5 or higher in the International Baccalaureate Higher Level Examinations in languages other than English;

7. Completion of an achievement test administered by a community college - the San Diego Community College District does not administer this test - university or other college in a language other than English. The test will have to assess the student proficiency at the level equivalent to 2 years of high school language.

Completion of courses above proficiency level, with grades of C or better, may also be used to meet the requirement. Special Topics and Civilization courses DO NOT meet this requirement. See a counselor.

Students who are eligible for IGETC Certification may also be awarded an Associate Degree in Liberal Arts if they have completed the San Diego Community College District requirements of American Institutions, Multicultural Studies, two Physical Education activity courses and Health Education 101.

California State University General Education Breadth (CSU GE)

The California State University General Education Breadth (CSU GE) is a general education program that community college transfer students may use to fulfill lower-division general education requirements in the California State University (CSU) system. Completion of the CSU GE is not a requirement for admission to CSU, nor is it the only way to fulfill lower-division GE requirements.

For assistance in determining the most appropriate general education program for you, please visit the Transfer Center or the Counseling Office

CSU GE Certification

Certification is a legal agreement between CSU and community colleges in California to assure that CSU lower division general education requirements have been satisfied.

It is the policy of the San Diego Community College District to provide certification of general education breadth requirements when such service is specifically requested by the student. The certification form is available in the Evaluations Office, I300 room 201.

Certification is based on coursework which is completed in the San Diego Community College District or from institutions which have filed a list of certifiable courses with the Chancellor's Office, California State University. Official transcripts from other colleges and universities must be on file before submitting the petition, and will be reviewed for inclusion in the certification process.
Official transcripts from other colleges and universities must be on file before submitting the petition, and will be reviewed for inclusion in the certification process.

Please Note: Coursework completed at a foreign college or university, that is not accredited by one of the U.S. regional accrediting agencies, cannot be used to satisfy requirements for certification.

Certification of General Education courses is generally requested when the CSU GE pattern has been completed. Prior to GE certification, students must complete a minimum of 12 units in residence at the San Diego Community College District colleges, or 3 units of general education transferable course work from the CSU Certification Pattern prior to a review of courses for certification. A minimum of 39 semester units is required for certification.

Courses which can be certified as general education for transfer to California State Universities are listed below. These courses are transferable to most four-year institutions and are considered baccalaureate level. There are five major areas of general education.

Students who are eligible for CSU GE Certification may also qualify for an Associate Degree in Liberal Arts if they have completed the following San Diego Community College District requirements: American Institutions, a Multicultural Studies course, Health Education 101, and two Physical Education activity courses. Students who are pursuing an Associate Degree in Transfer Studies are not required to meet the additional San Diego Community College District graduation requirements.

### Certification of CSU General Education Breadth Requirements

The following information is based on 2006-2007 articulation agreements and/or course offerings and is subject to change. Please contact the Transfer Center, Counseling Department or visit www.assist.org for updates.

() Colleges in parenthesis indicate where the course is approved for CSU General Education Breadth Requirements.

- C - City College
- M - Mesa College
- MMR - Miramar College

Please note: A course may be offered at multiple colleges and not be approved for CSU General Education Breadth at every college offering the course.

* Courses with asterisks are listed in more than one area but shall not be certified in more than one area.

Courses required in areas A1 (Oral Communication), A2 (Written Communication), A3 (Critical Thinking), and B4 (Mathematics and Quantitative Reasoning) **MUST** be completed with grades of "C" or better for admission to most CSU campuses. For additional information, please consult a counselor.

### Area A. Communication in the English Language and Critical Thinking:

*No fewer than nine semester units (12-15 quarter units) including one course in A1, one course in A2, and one course in A3.*

#### A1: Oral Communication

- BLAS 106 Black Oral Expression and Interpretation (M)
- SPEE 103 Oral Communication (C,M,MMR)
- SPEE 135 Interpersonal Communication (C,M,MMR)
- SPEE 170 Small Group Communication (C,M)

#### A2: Written Communication

- ENGL 101 Reading and Composition (C,M,MMR)
- ENGL 105 Composition and Literature (C,M,MMR)

#### A3: Critical Thinking

- ENGL 205 Critical Thinking and Intermediate Composition (C,M,MMR)
- PHIL 100 Logic and Critical Thinking (C,M,MMR)
Area B. Physical Universe and its Life Forms; Mathematics/Quantitative Reasoning:
No fewer than nine semester units (12-15 quarter units)
Including:
- One course in B1 (underlined courses include a lab component)
- One course in B2 (underlined courses include a lab component)
- One of the courses selected to fulfill the requirement for B1 or B2 must include a laboratory component or a separate course must be taken from B3. If a separate laboratory course is taken from B3, it must match one of the two lecture courses taken from B1 or B2.
- One course in B4

SAN DIEGO MESA COLLEGE  2006-2007
98

Guarantee Admission Programs

Mesa College offers a number of Guarantee Admissions Programs. Come to the Transfer Center for program requirements. Plan early as many agreements must be signed at least a year in advance of the transfer semester/quarter.

The two most popular Guarantee Admission Programs are:

University of California, San Diego Transfer Admission Guarantee (UCSD-TAG)

The TAG program guarantees admission to the student’s choice of college (see page 99 for program requirements).

San Diego State University Transfer Studies Degree Agreement (TSDA)

Guarantees admission to SDSU and the major of your choice (not available for all majors). Also "locks in" the SDSU admission requirements in effect at the time the agreement is signed.

Other Transfer programs include:

California State University, Northridge Transfer Admission Guarantee Program (TAG)

Guarantees admission to CSU Northridge during transfer semester of your choice and provides CSU Northridge advising and other services.

University of California, San Diego UniversityLink Program

Guarantees admission to UCSD and provides counseling, workshops and other activities to help you succeed in the university. Open to students who are recent graduates of a San Diego County high school.

University of California, Davis Transfer Admission Agreement Program (TAA)

Guarantees admission to UC Davis and the major of your choice. Limited numbers available. Apply in August of the year before transfer. You must have completed 30 UC-transferable units and have a 2.8 GPA to apply.

University of California, Irvine Preliminary Admission in the Field Program (PAIF)

Guarantees admission to UC Irvine. Administered through UC Irvine.

University of California, Riverside Transfer Admission Guarantee Program (TAG)

Guarantees admission to UC Riverside. Administered through UC Riverside Admissions Office.

University of California, Santa Barbara Transfer Admission Agreement Program (TAA)

Guarantees admission to UCSB. No agreement form is necessary - just meet the requirements and apply.

University of California, Santa Cruz Guaranteed Admission for Transfer Entry Program (GATE)

Guarantees admission to UC Santa Cruz. Apply in early Fall of year before transfer. You must have completed 30 UC-transferable units and have a 3.0 GPA to apply.

Note: Eligibility and coursework requirements differ for each of these programs. See a counselor or visit the Transfer Center for more information.

Students who qualify for the college Honors Program may also be eligible for additional transfer guarantee programs and benefits. Visit the Honors Program office for more information.

NUTR 150 Nutrition (M,MMR)
PERG 140 Life Skills and Personal Adjustment (C,M,MMR)
PHYE 103 Aerobic Dance (C,M,MMR)
PHYE 123 Fitness Activities (C,M,MMR)
PHYE 132 Individual Conditioning (C,M,MMR)
PHYE 168 Yoga (C,M)
PHYE 182 Adapted Weight Training (C,M)
PSYC 111 Psychological/Social Aspects of Aging, Death and Dying (M)
PSYC 112 Interpersonal Relations (M)
PSYC 128 Biofeedback and Stress Management (M)
PSYC 135 Marriage and Family Relations (C,M,MMR)
* PSYC 137 Human Sexual Behavior (C,M,MMR)
* PSYC 155 Introduction to Personality (C,M)
* PSYC 230 Psychology of Lifespan Development (C,M,MMR)
SPEE 180 Intercultural Communication (C,M,MMR)
University of California, San Diego Transfer Admission Guarantee
(UCSD-TAG)

() Colleges in parenthesis indicate where the course is approved for UCSD-TAG Requirements.

C - City College
M - Mesa College
MMR - Miramar College

Please note: A course may be offered at multiple colleges and not be approved for UCSD-TAG at every college offering the course.

The following information is based on 2005-2006 articulation agreements and/or course offerings and is subject to change. Please contact the Counseling Department for updates.

Students are encouraged to attend a TAG workshop and consult a counselor or the Transfer/Career Center staff for specific transfer requirements.

The TAG program guarantees admission to the student’s choice of college, i.e., John Muir, Thurgood Marshall, Earl Warren, Revelle, Eleanor Roosevelt or Sixth college and to the term of transfer. Under the terms of the agreement, students are required to plan their programs with a counselor at City, Mesa, or Miramar College and comply with all TAG provisions. The following requirements must be satisfied:

1) Maintain a minimum cumulative GPA of 2.8 in all UC-transferable units and be in good academic standing.

2) Sign a TAG contract at the TAG participating college by the published deadlines, but not more than two years in advance of the quarter of admission to UCSD.

3) Once the TAG contract is signed, complete any remaining core general education courses only at a TAG participating college.

4) Establish residency for admission by completing thirty (30) UC-transferable semester units at a California Community College and the last regular term (regular means Fall or Spring, not Summer) attended must be at a California Community College. (California residency status at the community college does NOT guarantee resident status for tuition purposes at UCSD)

5) Earn a minimum of sixty (60) UC-transferable semester units.

6) Pass with a "C" or better grade all TAG core general education courses, including one year (two semesters) of a transferable sequence in (a) writing, (b) humanities, (c) a foreign language, (d) social science and (e) calculus or natural science.

7) Pass with a "C" or better grade one UC-transferable math course that clears the math requirement. (see www.assist.org for courses denoted with UC-M)

8) Complete courses to prepare for the major as required. (see www.assist.org)

9) Submit official UC Admission Application within published deadlines during the filing period for quarter noted on TAG contract and comply with all UC requirements: www.universityofcalifornia.edu for filing deadlines)

Following is a list of course sequences for each of the five areas that will satisfy the UCSD general education core requirements for TAG.

Followings is a list of course sequences for each of the five areas that will satisfy the UCSD general education core requirements for TAG.

TAG Core Requirements

Select a one-year (two-course) sequence from one department in each of the following areas:

A. Writing: ENGL 101 (C,M,MMR) and 205 (C,M,MMR) OR 105 (C,M,MMR) and 205 (C,M,MMR)

B. Humanities: Choose a two-course sequence from one subject:

1) ARTF Art 109 (C,M,MMR) and 111 (C,M,MMR), OR 110 (C,M,MMR) and 111 (C,M,MMR), OR 113 (M,MMR) and 115 (C,M)

2) BLAS 145A (C,M) and 145B (C)

3) CHIC 135 (C,M) and 138 (C,M)

4) DRAM 136 (C) and 137 (C), OR 150 (M) and 151 (M)

5) ENGL 210 (C,M,MMR) and 211 (C,M,MMR), OR 215 (C,M,MMR) and 216 (C,M,MMR), OR 220 (C,M,MMR) and 221(C,M,MMR)

6) HIST 100 (C,M,MMR) and 101 (C,M,MMR) OR 105 (C,M,MMR) and 106 (C,M,MMR), OR 115A (C,M) and 115B (C,M), OR 120 (C,M,MMR) and 121 (C,M,MMR), OR 125 (M) and 126 (M)

7) HUMA 101 (C,M,MMR) and 102 (C,M,MMR)

8) MUSI 100 (C,M,MMR) and one of the following: 105 (M), 109 (C,M,MMR), or 111 (C,M,MMR)
9) PHIL 102A (C,M,MMR) and 102B (C,M,MMR), OR 104A (C,M) and 104B (C,M), OR 103 (M) and 106 (C,M)

C. Foreign Language: Complete two-semesters in the same language:
1) AMSL 115 (C,M), 116 (C,M), 215 (C,M), 216 (C,M)
2) ARAB 101 (C), 102 (C)
3) CHIN 101 (M), 102 (M), 201 (M)
4) FREN 101 (C,M), 102 (C,M), 201 (C,M), 202 (C,M)
5) GERM 101 (C,M), 102 (C,M), 201 (C,M)
6) ITAL 101 (C,M), 102 (C,M), 201 (C,M)
7) JAPN 101 (M), 102 (M), 201 (M), 202 (M)
8) LATI 101 (M), 102 (M), 201 (M)
9) RUSS 101 (M), 102 (M), 201 (M)
10) SPAN 100 (M), 101 (C,M,MMR), 102 (C,M,MMR), 201 (C,M,MMR), 202 (C,M,MMR)
11) TAGA 101 (M,MMR), 102 (M,MMR), 201 (M,MMR)
12) VIET 101 (M), 102 (M), 201 (M)

Note: If your national language of instruction is anything other than English, please contact the Admissions Office at UCSD.

D. Social Science: Complete a two-course sequence from one subject:
1) ANTH 102 (C,M,MMR) and 103 (C,M,MMR), OR 102 (C,M,MMR) OR 103 (C,M,MMR) and one of the following: 107 (C,M,MMR), 200 (M), 210 (C,M), or 215 (C,M)
2) BLAS 140A (C,M,MMR) and 140B (C,M,MMR)
3) CHIC 110A (C,M) and CHIC 110B (C,M), OR 141A (C,M) and 141B (C,M)
4) ECON 120 (C,M,MMR) and 121 (C,M,MMR), OR 150 (C,M,MMR) and 151 (C,M,MMR)
5) HIST 109 (C,M,MMR) and 110 (C,M,MMR), OR 109 (C,M,MMR) and 123 (C,M), OR 150 (M,MMR) and 151 (M,MMR)
6) POLI 101 (C,M,MMR), 102 (C,M,MMR), 103 (C,M,MMR), or 140 (C,M,MMR) (any two)
7) PSYC 101 (C,M,MMR) and one of the following: 121 (M,MMR), 123 (M,MMR), 155 (C,M), 211 (C,M,MMR), 245 (M,MMR), or 260 (C,M,MMR)
8) SOCIO 101 (C,M,MMR), 110 (C,M,MMR), or 201 (C,M) (any two)

E. Calculus or Natural Science: Complete a two-course sequence from one subject:
1) BIOL 105 (MMR) and 106 (MMR) (see Note) OR 107 (C,M,MMR) OR 210A (C,M,MMR), AND one of the following: 205 (C,M,MMR), 210B (C,M,MMR), 215 (C,M,MMR), 230 (C,M,MMR), 235 (C,M,MMR) or 250 (M,MMR)

Note: Biology 106 laboratory is required by the San Diego Community College District as a prerequisite to selected 200 level biology courses.
2) CHEM 200 (C,M,MMR) and 201 (C,M,MMR) OR 231 (C,M,MMR) and 233 (C,M,MMR)
3) MATH 121 (C,M,MMR) and 122 (C,M,MMR), OR 150 (C,M,MMR) and 151 (C,M,MMR), OR 151 (C,M,MMR) and 252 (C,M,MMR)

Note: Students who elect to take the Calculus course sequence in Area E must complete an approved Natural Science course within their program to meet district general education graduation requirements for the Transfer Studies AA degree.
4) PHYS 120A (C) and 120B (C), OR 124A (C,M,MMR) and 124B (C,M,MMR), OR 195A (C,M,MMR) and 195B (C,M,MMR) OR 195C (C,M,MMR)

Note: Students who select options 1, 2, or 4 above must satisfy the UC transfer math requirement.

Recognition of High School Courses for College Credit
Students who successfully complete the articulated course/program and demonstrate acquisition of the knowledge, skills, and abilities via an examination administered at end of the course/program may earn college credit equivalent to the course(s) identified in the Articulation Table below. Successful completion is defined as the completion of the course(s)/program and a grade of “B” or better on the final examination administered upon completion. In order to receive the credit for an articulated college course/program, the
student must complete a Tech Prep Articulation packet, which includes the college application and the Tech Prep Articulation Certification form, and submit it to the high school instructor. Forms will be processed annually each July. Seniors earning college credit may request a copy of their SDCCD transcript after July 31st. Other high school students earning Tech Prep articulated credit may request a copy of their SDCCD transcript the following Fall semester. If you have any questions, please contact the Associate Dean of Tech Prep at (619) 388-6572.

Degree Curricula and Certificate Programs
Qualifies the graduate as a bookkeeper, account clerk, accounting technician, audit or tax aide, or accountant trainee. Subjects of immediate practical value enable the student to work part-time in the field while completing the curriculum. The certificate program is for students desiring early employment. Students planning to transfer to a four-year college or university as an accounting major should major in Business Administration.

Certificate of Completion:
Governmental/Nonprofit Accounting

Courses:
- ACCT 116A, Financial Accounting ..................... 4
- ACCT 116B, Managerial Accounting.................... 4
- ACCT 125, Government & Non-for-Profit Accounting

Select one course from:
- CBTE 180, Microsoft Office
- ACCT 150, Computer Accounting Applications .......... 3

Total Units = 14

*This is a department award in recognition of information on the transcript and does not imply that a graduation requirement has been met.

Certificate of Achievement:
Accounting

Courses Required for the Major: Units
- ACCT 116A, Financial Accounting ..................... 4
- ACCT 116B, Managerial Accounting .................... 4
- ACCT 150, Computer Accounting Applications .......... 3
- ACCT 201A, Intermediate Accounting I .................. 3
- ACCT 201B, Intermediate Accounting II ................. 3
- BUSE 100, Introduction to Business
  (recommended as a first semester course)............. 3
- BUSE 119, Business Communications .................... 3
- BUSE 140, Business Law and the Legal Environment
  ...................................................... 3
- CISC 181, Principles of Information Systems ............. 4
- ECON 120, Principles of Economics I .................... 3
- ECON 121, Principles of Economics II .................... 3

Select one course from the following:
- ACCT 120, Federal Income Tax
- ACCT 125, Government & Non-for-Profit Accounting
- ACCT 135, Principles of Auditing ....................... 3

Total Units = 23

For graduation requirements see Requirements for the Associate Degree on page 64.

Electives as needed to meet minimum of 60 units required for the degree:
Recommended Electives: Accounting 120, 121, 125, 135, 186, 270 (if not taken above); Business 150, 155, 201; Computer and Information Sciences 181; Computer Business Technology 140, 140A; Psychology 101; Speech Communications 135.

Transfer Information

Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution. See catalog TRANSFER INFORMATION section. Additional courses may be required to meet university lower-division requirements. Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog. Many Baccalaureate in Arts degrees require third semester competency in a foreign language.
Consult the current catalog of the transfer institution and consult with a counselor.

Allied Health

American Indian Studies

Courses relating to the American Indians are offered through an interdisciplinary approach in the following areas:

**Anthropology**
- Introduction to North American Indians
- Introduction to California Indians

**Art**
- North American Indian Arts

**History**
- Native Americans in United States History

American Sign Language/Interpreting

Certificate of Achievement:

American Sign Language/Interpreting 33

Associate in Arts Degree:

American Sign Language/Interpreting 33*

*and electives as needed to meet minimum of 60 units required for the degree.

The Interpreter Training Program will prepare the student for a career in the field of sign language interpretation/transliteration. Provides theoretical and practical knowledge in various aspects of community and academic interpreting. This program provides instruction in the various aspects of interpretation/transliteration skills to students who possess intermediate skills in American Sign Language. Prepares the student for certification by the Registry of Interpreters for the Deaf and/or National Association of the Deaf and/or San Diego County Educational Interpreter Evaluation.

Certificate of Achievement:
American Sign Language Interpreting

AMSL 216, American Sign Language IV ..............4
AMSL 276, Field Work in Interpreting .....................3

Total Units = 33

Note: Only one American Sign Language (AMSL) course from the above list may be used to satisfy SDCCD general education requirements.

For graduation requirements see Requirements for the Associate Degree on page 64.

Electives as needed to meet minimum of 60 units required for the degree:
Recommended Electives: American Sign Language/Interpreting 108; Anthropology 103; English 101, 202; Speech Communications 101. See American Sign Language course descriptions for additional courses.

Prepares students for employment as an assistant to graduate veterinarians in private veterinary facilities, biomedical research institutions, regulatory agencies, and zoological parks.

The program is approved by the California Department of Consumer Affairs, Veterinary Medical Board. Graduates may become Registered Veterinary Technicians (RVT) upon passing an examination offered by the California Department of Consumer Affairs.

Eligibility for enrollment in this program is determined by a special admission procedure. Interested persons should call the Special Programs Admissions Clerk in the Admissions Office (619) 388-2684. Course repetition in this program is not permitted.

Directed Clinical Practice Requirement
Students accepted into this program will be required to successfully complete Directed Clinical Practice/clinically-based courses held in health care facilities. These facilities may require background checks, including fingerprinting, as a condition of placement at the clinic.

Refusal to submit to a background check, or failure to meet clearance criteria established by the health care facility, may prevent placement in the Directed Clinical Practice/clinically-based course and thus, it may not be possible to successfully complete the program.

Health care facilities also require adherence to strict standards of conduct. Facilities may refuse educational access to any person who does not adhere to the facility's standards of safety, health and ethical behavior. This may be cause for removal from the program.
### Associate in Science Degree: Animal Health Technology

**Electives as needed to meet minimum of 60 units required for the degree:**

**Recommended Elective:** Animal Health Technology 290.

### Transfer Information

Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution. See catalog **TRANSFER INFORMATION** section. Additional courses may be required to meet university lower-division requirements. **Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog. Many Baccalaureate in Arts degrees require third semester competency in a foreign language. Consult the current catalog of the transfer institution and consult with a counselor.**
Students planning a major in anthropology should prepare themselves with undergraduate courses which complement that major. An undergraduate major in anthropology is not intended to be a training program, since professional anthropologists draw their experiences from a variety of academic backgrounds and personal experiences. It is recommended that a student who plans an anthropology major consult one of the anthropologists on the faculty for advice on courses that will be most valuable. For the non-major, anthropology will provide a unique cross-cultural understanding of other peoples.

**Associate in Arts Degree: Anthropology**

<table>
<thead>
<tr>
<th>Courses Required for the Major</th>

<td>3</td>
</tr>
</tbody>
</table>

**Total Units = 18**

Note: Only one Anthropology (ANTH) course from the above list may be used to satisfy SDCCD general education requirements.

For graduation requirements see **Requirements for the Associate Degree** on page 64.

**Electives as needed to meet minimum of 60 units required for the degree:**

- Recommended Electives: Anthropology 104, 115, 120; Biology 100, 110, 215, 230, 250, 255; Computer and Information Sciences 150; English 211, 215, 220; Foreign Languages*; Geography 101, 102; Geology 100, 101; History 105, 106, 150, 151; Philosophy 102A; Psychology 101, 112, 258 (or Math 119), 260; Sociology 101, 110; Speech Communications 103 or 135; Political Science 140.

*Although no course in a foreign language is specified in the above course sequence, a minimal familiarity with one foreign language is desirable. The particular language should be selected in consultation with the Behavioral Science Department anthropologists.

**Transfer Information**

Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution. See catalog TRANSFER INFORMATION section. Additional courses may be required to meet university lower-division requirements. **Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog. Many Baccalaureate in Arts degrees require third semester competency in a foreign language. Consult the current catalog of the transfer institution and consult with a counselor.**

Architecture Option

Designed for those who desire employment in architects' or engineers' offices or who plan to enter a college of architecture or engineering. Emphasis is placed on the office practices, procedures, principles and ethics of these professions. Students planning to transfer to a school of architecture should consult with architectural counselors to select acceptable transfer courses.

Landscape Architecture Option

The landscape architecture program is designed to train individuals to have employable technical skills related to professional landscape design development, or those who plan to enter a college of landscape architecture. Students planning to transfer to a school of landscape architecture should consult with landscape architectural counselors to select acceptable transfer courses.

Woodbury University Option

Woodbury University is a fully accredited private university with a satellite campus in San Diego. Students who maintain a 3.0 average in all San Diego Mesa College architecture design studies qualify for automatic transfer to Woodbury's third year design studio (Design Studio 5) without portfolio review. Students who successfully complete (2.0 or better) all Woodbury transfer track courses but do not meet the required design studio average of 3.0 will require portfolio review to achieve third year design studio placement. See department chair for more information.

For graduation requirements see Requirements for the Associate Degree on page 64.

Electives as needed to meet minimum of 60 units required for the degree:

**Architecture Option**

**Recommended Electives:** Fine Arts 155A; Architecture 101, 155, 190, 270, 290, 296; Physics 124A, 125A or higher; Mathematics 104 or higher.

**Landscape Architecture Option**

**Recommended Electives:** Fine Arts 150A, 155A; Architecture 126, 127, 221, 226; Biology 100, 105 (Miramar), 120, 255; Business 119, 150, 155; Economics 120.

**Transfer Information**

Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution. See catalog TRANSFER INFORMATION section. Additional courses may be required to meet university lower-division requirements. **Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog.** Many Baccalaureate in arts degrees require third semester competency in a foreign language. **Consult the current catalog of the transfer institution and consult with a counselor.**

**Associate in Arts Degree:**

- Art History Emphasis: 30*
- Ceramics Emphasis: 30*
- Design Emphasis: 30*
- Museum Studies Emphasis: 31*
- Three-Dimensional Emphasis: 30*
- Two-Dimensional Emphasis: 30*

*and electives as needed to meet minimum of 60 units required for the degree.

**Description**

The major in fine art consists of five "core" courses, plus five courses which define an "area of emphasis." Successful completion of the core courses indicates that a student has achieved an operational understanding of certain essential visual skills -- an accomplishment which the department recognizes by awarding a certificate of completion. Successful completion of area-of-emphasis courses indicates that a student has demonstrated the ability to apply and expand these understandings to specific problems of media and context. Students planning to transfer to four-year schools should consult catalogs for those schools. Some courses listed below as electives will transfer only as electives, rather than as lower division requirements.

**Statement of Goals**

This program is designed to provide students with a foundation for the study of fine art and enables students to obtain an Associate in Arts degree, complete preparation for the major in fine art, and transfer to a four-year school. The program also prepares students to do advanced work in art on their own or pursue a career in fields requiring visual literacy and design expertise.
Program Emphasis
There are six areas of emphasis in the fine art major: two-dimensional, design, three-dimensional, art history, ceramics, and museum studies.

Career Options
The study of fine art will prepare students to pursue careers in fields requiring visual literacy and design expertise such as commercial graphics, animation, business communications, journalism, architecture, industrial design, interior and landscape design, stage design, curatorial design, art conservation, and gallery management.

Certificate of Completion: Fine Art*
The Certificate of Completion in Fine Art certifies that the student has completed the core course work in Fine Art and has demonstrated an operational understanding of critical visual skills.

Courses: Units
ARTF 110, Art History: Prehistoric to Gothic or ARTF 111, Art History: Renaissance to Modern ........ 3
ARTF 150A, Design I ............................................ 3
ARTF 150B, Beginning Graphic Design ................. 3
ARTF 151, Three-Dimensional Design .................. 3
ARTF 155A, Freehand Drawing I ......................... 3

Total Units = 15

*This is a department award in recognition of information on the transcript and does not imply that a graduation requirement has been met.

Certificate of Completion: Museum Studies*
The Certificate of Completion in Museum Studies certifies that a student has completed all our museum studies courses, including an off-campus internship at a gallery or museum.

Courses: Units
ARTF 161A, Museum Studies/Gallery Exhibition
Skills I ............................................................. 3
ARTF 161B, Museum Studies/Gallery Exhibition
Skills II ............................................................ 3
ARTF 163, Art Museum/Gallery Internship ............. 4

Total Units = 10

*This is a department award in recognition of information on the transcript and does not imply that a graduation requirement has been met.

Associate in Arts Degree: Art - Fine Art
Art History Emphasis
The Associate Degree in Fine Art with an art history emphasis certifies that a student has explored a particular interest in art in a disciplined manner and has produced a range of work indicative of a thorough understanding of the visual arts as a discipline.

Courses Required for the Major: Units
Complete the Art Major Core Course Requirements:
ARTF 110, Art History: Prehistoric to Gothic or ARTF 111, Art History: Renaissance to Modern ....... 3
ARTF 150A, Design I ............................................ 3
ARTF 150B, Beginning Graphic Design ................ 3
ARTF 151, Three-Dimensional Design ................. 3
ARTF 155A, Freehand Drawing I ........................ 3

Complete the Requirements for the Art History Emphasis:
ARTF 110, Art History: Prehistoric to Gothic or ARTF 111, Art History: Renaissance to Modern ....... 3
ARTF 113, African, Oceanic, and Native American Art ......................................................... 3

Select three courses from:
ARTF 107, Contemporary Art
ARTF 109, Nineteenth and Twentieth Century Art
ARTF 115, African Art
ARTF 120, Native American Indian Art
ARTF 165A, Composition in Painting I
ARTF 175A, Sculpture I
ARTF 195A, Ceramics I
ARTF 210A, Life Drawing I .................................. 9

Total Units = 30

For graduation requirements see Requirements for the Associate Degree on page 64.

Electives as needed to meet minimum of 60 units required for the degree:

Note: Only one Fine Arts (ARTF) course from the above list may be used to satisfy SDCCD general education requirements.
Associate in Arts Degree:  
Art - Fine Art

Ceramics Emphasis
The Associate Degree in Fine Art with a ceramics emphasis certifies that a student has explored a particular interest in art in a disciplined manner and has produced a range of work indicative of a thorough understanding of the visual arts as a discipline.

Courses Required for the Major:  
Units

Complete the Art Major Core Course Requirements:
ARTF 110, Art History: Prehistoric to Gothic or  
ARTF 111, Art History: Renaissance to Modern ......... 3
ARTF 150A, Design I ............................................ 3
ARTF 150B, Beginning Graphic Design ................... 3
ARTF 151, Three-Dimensional Design ..................... 3
ARTF 155A, Freehand Drawing I ............................. 3
Complete the Requirements for the Ceramics Emphasis:
ARTF 195A, Ceramics I ......................................... 3
ARTF 197A, Handbuilding Ceramics ........................ 3
Select three courses from:
ARTF 110, Art History: Prehistoric to Gothic  
ARTF 111, Art History: Renaissance to Modern  
ARTF 195B, Ceramics II  
ARTF 196, Clay and Glaze Technology  
ARTF 197B, Handbuilding Ceramics II  
ARTF 220A, Life Sculpture I  .................................. 3
Total Units = 30

For graduation requirements see Requirements for the Associate Degree on page 64.

Electives as needed to meet minimum of 60 units required for the degree:

Note: Only one Fine Art (ARTF) course from the above list may be used to satisfy SDCCD general education requirements. The department offers advanced studio courses for students who are building portfolios and/or extending their skills: ARTF 175B, 175C, and 220C. Students who have completed an entire sequence of studio art course work may also elect to take ARTF 260, 280, 281, or 290.

Associate in Arts Degree:  
Art - Fine Art

Design Emphasis
The Associate Degree in Fine Art with a design emphasis certifies that a student has explored a particular interest in art in a disciplined manner and has produced a range of work indicative of a thorough understanding of the visual arts as a discipline.

Courses Required for the Major:  
Units

Complete the Art Major Core Course Requirements:
ARTF 110, Art History: Prehistoric to Gothic or  
ARTF 111, Art History: Renaissance to Modern ......... 3
ARTF 150A, Design I ............................................ 3
ARTF 150B, Beginning Graphic Design ................... 3
ARTF 151, Three-Dimensional Design ..................... 3
ARTF 155A, Freehand Drawing I ............................. 3
Complete the requirements for the Design emphasis:
ARTF 152, Color Theory ........................................ 3
ARTF 155B, Freehand Drawing II .......................... 3
ARTF 198A, Introduction to Printmaking I .................. 3
Select two courses from:
ARTF 110, Art History: Prehistoric to Gothic  
ARTF 111, Art History: Renaissance to Modern  
ARTF 174A, Book Arts I  
ARTF 177A, Contemporary Wood Furniture I ............ 6
Total Units = 30

For graduation requirements see Requirements for the Associate Degree on page 64.

Electives as needed to meet minimum of 60 units required for the degree:

Note: Only one Fine Art (ARTF) course from the above list may be used to satisfy SDCCD general education requirements. The department offers advanced studio courses for students who are building portfolios and/or extending their skills: ARTF 161B, 165B, 177C, and 198C. Students who have completed an entire sequence of studio art course work may also elect to take ARTF 260, 280, 281, or 290.
Associate in Arts Degree:  
Art - Fine Art  

Museum Studies Emphasis

The Associate Degree in Fine Art with a museum studies emphasis certifies that a student has explored a particular interest in art in a disciplined manner and has produced a range of work indicative of a thorough understanding of the visual arts as a discipline.

Courses Required for the Major:  

Complete the Art Major Core Course Requirements:  
ARTF 110, Art History: Prehistoric to Gothic  
or  
ARTF 111, Art History: Renaissance to Modern ........... 3
ARTF 150A, Design I ........................................... 3
ARTF 150B, Beginning Graphic Design ..................... 3
ARTF 151, Three-Dimensional Design ...................... 3
ARTF 155A, Freehand Drawing I .......................... 3

Complete the requirements for the Museum Studies emphasis:  
ARTF 161A, Museum Studies/Gallery Exhibition  
Skills I .................................................................... 3
ARTF 161B, Museum Studies/Gallery Exhibition  
Skills II ................................................................... 3
ARTF 163, Art Museum/Gallery Internship ............... 4

Select two courses from:  
ARTF 107, Contemporary Art  
ARTF 109, Nineteenth and Twentieth Century Art  
ARTF 110, Art History: Prehistoric to Gothic  
ARTF 111, Art History: Renaissance to Modern  
ARTF 115, African Art  
ARTF 120, Native American Indian Art  
ARTF 165A, Composition in Painting I  
ARTF 175A, Sculpture I  
ARTF 195A, Ceramics I  
ARTF 210A, Life Drawing I .................................... 6

Total Units = 31

For graduation requirements see Requirements for the Associate Degree on page 64.

Electives as needed to meet minimum of 60 units required for the degree:  
Recommended electives: Fine Art 152, 155B, 174A, 190A, 198A,

Note: Only one Fine Art (ARTF) course from the above list may be used to satisfy SDCCD general education requirements.

Associate in Arts Degree:  
Art - Fine Art  

Three-Dimensional Emphasis

The Associate Degree in Fine Art with a three-dimensional emphasis certifies that a student has explored a particular interest in art in a disciplined manner and has produced a range of work indicative of a thorough understanding of the visual arts as a discipline.

Courses Required for the Major:  

Complete the Art Major Core Course Requirements:  
ARTF 110, Art History: Prehistoric to Gothic  
or  
ARTF 111, Art History: Renaissance to Modern ........... 3
ARTF 150A, Design I ........................................... 3
ARTF 150B, Beginning Graphic Design ..................... 3
ARTF 151, Three-Dimensional Design ...................... 3
ARTF 155A, Freehand Drawing I .......................... 3

Complete the requirements for the Three-Dimensional emphasis:  
ARTF 175A, Sculpture I ....................................... 3
ARTF 195A, Ceramics I ........................................ 3

Select three courses from:  
ARTF 110, Art History: Prehistoric to Gothic  
ARTF 111, Art History: Renaissance to Modern  
ARTF 161A, Museum Studies/Gallery Exhibition  
Skills I  
ARTF 174A, Book Arts I  
ARTF 177A, Contemporary Wood Furniture I  
ARTF 197A, Handbuilding Ceramics  
ARTF 220A, Life Sculpture I ................................. 9

Total Units = 30

For graduation requirements see Requirements for the Associate Degree on page 64.

Electives as needed to meet minimum of 60 units required for the degree:  
Recommended electives: Fine Art 107, 109, 115, 155B, 161B, 175B, 177B, 195B, 220B.

Note: Only one Fine Art (ARTF) course from the above list may be used to satisfy SDCCD general education requirements. The department offers advanced studio courses for students who are building portfolios and/or extending their skills: ARTF 175C, 177C, 195C (City, Miramar) and 220C. Students who have completed an entire sequence of studio art course work may also elect to take ARTF 260, 280, 281, or 290.
## Associate in Arts Degree: Art - Fine Art

### Two-Dimensional Emphasis

The Associate Degree in Fine Art with a two-dimensional emphasis certifies that a student has explored a particular interest in art in a disciplined manner and has produced a range of work indicative of a thorough understanding of the visual arts as a discipline.

For graduation requirements see **Requirements for the Associate Degree** on page 64.

**Electives as needed to meet minimum of 60 units required for the degree:**

**Recommended electives:** Fine Art 107, 109, 115, 161A, 165B, 198B, 210B, 220A.

Note: Only one Fine Art (ARTF) course from the above list may be used to satisfy SDCCD general education requirements. The department offers advanced studio courses for students who are building portfolios and/or extending their skills: ARTF 165C, 165D, 198C, 210C. Students who have completed an entire sequence of studio art course work may also elect to take ARTF 260, 280, 281, or 290.

### Transfer Information

Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution. See catalog **TRANSFER INFORMATION** section. Additional courses may be required to meet university lower-division requirements. Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog. Many Baccalaureate in arts degrees require third semester competency in a foreign language. Consult the current catalog of the transfer institution and consult with a counselor.
Asian Studies
Courses relating to Asian cultures and civilizations are offered through an interdisciplinary approach in the following areas:

**English**
- Introduction to Asian Literature

**History**
- Introduction to Asian Civilizations
- Asian Civilizations in Modern Times

**Humanities**
- World Music

**Language Arts**
- Chinese, Japanese, Tagalog, Vietnamese

**Music**
- World Music

**Philosophy**
- Oriental Philosophy

**Asian Pacific American Studies**
Courses relating to Asian Pacific American Studies are offered through an interdisciplinary approach in the following areas:

**Filipino Studies**
- Filipino Studies

**History**
- U. S. History from the Asian Pacific American Perspective

---

**Biology**

Biology is a natural science that focuses on physical and chemical processes of living organisms. This discipline explores how organisms acquire and use energy to maintain homeostasis, how they reproduce, and how they interact with each other and their environment. Scientific processes are emphasized as a means of answering these biological questions. Biologists rely heavily on a chemistry foundation since living organisms are chemical systems.

The Biology program serves three areas of study. Biology provides a broad background of studies for the biology major preparing for transfer to a four-year institution. The biology program offers support courses in human anatomy, human physiology, and general microbiology which may be used to satisfy prerequisites for nursing programs and other allied health fields. The biology program provides courses in natural science to fulfill general education requirements.

The following list is a sample of the many career options available for the biology major. A few of these require an associate degree; most require a baccalaureate degree and some require a graduate level degree: agricultural consultant, animal health technician, biotechnology technician, dentist, environmental consultant, field biologist, forester, horticulturist, high school or college teacher, marine biologist, microbiologist, public health technician, physician, pharmaceutical researcher, research biologist, and veterinarian. In addition, a background in biology may be required for the following: registered nurse, physical therapist, respiratory therapist, dental

---

**Certificate of Completion:**
- Applied Biotechnology: 8 units

**Associate in Science Degree:**
- Transfer Track: 23-24 units
- Applied Biology Track: 31 units
- Applied Health Track: 21 units

*and electives as needed to meet minimum of 60 units required for the degree.
assistant, health information technician, medical technician, physician’s assistant and optometrist.

The three associate degrees in biology require completion of the courses listed below. Additional general education and graduation requirements for the associate degree are listed in the catalog. The Associate Degree requires a minimum of 60 units.

Certificate of Completion: Applied Biotechnology*

Students may take the specific biotechnology courses and receive a Certificate of Completion authorized and issued by the academic department. It is not intended to nor will it be recognized as an official state approved program. It is intended to provide students with intensive laboratory skills development experience to meet entry-level employment requirements in the biotechnology industry.

Courses: Units
BIOL 132, Applied Biotechnology I ........................ 4
BIOL 133, Applied Biotechnology II (Miramar)......... 4

Total Units = 8

*This is a department award in recognition of information on the transcript and does not imply that a graduation requirement has been met.

Associate in Science Degree: Biology
Transfer Track

Courses Required for the Major: Units
BIOL 210A, Introduction to the Biological Sciences I ......................... 4
BIOL 210B Introduction to the Biological Sciences II ........................... 4
CHEM 200, General Chemistry I Lecture and CHEM 200L, General Chemistry I Lab ...................... 5
CHEM 201, General Chemistry II Lecture and CHEM 201L, General Chemistry II Lab ..................... 5
MATH 121, Basic Techniques of Applied Calculus I & MATH 122, Basic Techniques of Calculus II OR MATH 150, Calculus with Analytic Geometry I ...... 5-6

Total Units = 23-24

Note: Only one Biology (BIOL) course from the above list may be used to satisfy SDCCD general education requirements.

For graduation requirements see Requirements for the Associate Degree on page 64.

Electives as needed to meet minimum of 60 units required for the degree:
Recommended Electives: Biology 100, 101 (City), 110, 115, 120 (Mesa, Miramar), 130 (Mesa), 180, 200, 205, 215, 230, 235, 250, 290, 296.

Associate in Science Degree: Biology
Applied Biology Track

Courses Required for the Major: Units

A multidisciplinary curriculum offering courses in American Institutions, Humanities, Social Sciences, and Learning Skills. The program builds a positive understanding and knowledge of the history, culture, and contributions of Africans and Afro-Americans. All students benefit from courses in Black Studies, especially those who pursue careers in social sciences, education, law, counseling, journalism, social work, health care professions, teaching, business, and public administration.

Associate in Arts Degree:
Black Studies

Courses Required for the Major: Units
BLAS 100, Introduction to Black Studies .................. 3
BLAS 104, Black Psychology or
BLAS 130, The Black Family .................................... 3
BLAS 115, Sociology/Black Perspective (City) or
BLAS 116, Contemporary Social Problems from a Black Perspective or
BLAS 135, Introduction to Black Politics (City) .......... 3
BLAS 110 Afro-American Art or
BLAS 120, Black Music ........................................... 3
BLAS 125, Dynamics of the Black Community .......... 3
BLAS 140A, History of the U.S., Black Perspective... 3
BLAS 150, Black Women in Literature & the Media or
BLAS 155, Afro-American Literature ......................... 3

Select six units from the following:
Black Studies 106, 111, 140B, 145A, 145B, 165, 175; or English 101, 105; or Speech Communications 103 .............................................. 6

Total Units = 27

Note: Only one Black Studies (BLAS) course from the above list may be used to satisfy SDCCD general education requirements.
For graduation requirements see Requirements for the Associate Degree on page 64.

Electives as needed to meet minimum of 60 units required for the degree:
Recommended Electives: Black Studies 106, 290, 296; Business 140; Chicano Studies 201, 210; Economics 120, 121; English 51; Geography 102; History 109, 110; Mathematics 96 or higher; Philosophy 102A; Political Science 103; Psychology 135, 270.

*These courses should be planned with the assistance of a counselor and must be approved by a department member. Approval forms may be obtained in the counseling office.

The Chicano Studies program provides an interdisciplinary approach, examines the interaction of the Chicano with the majority culture in a bilingual, bicultural setting. Chicano Studies courses are taught in English. The Chicano Studies curriculum is designed to meet general education requirements for all students. It also prepares students for upper division work toward a B.A. in Chicano Studies and professional fields, e.g., social sciences, humanities, law, teaching, social work, and public administration. Chicano Studies courses transfer to four-year colleges and universities.

**Description**

Child Development offers programs for Career and transfer students. Certificates of Completion, Certificates of Achievement and Associate Degree program is available to students interested in a range of child development opportunities and in meeting the requirements for the State of California Child Development permits and the California State Department of Social Services, Title 22, Community Care Licensing.

**Program Emphasis**

The Child Development program offers course work, training and supervised practicum experiences to meet state licensing requirements for working in centers, schools, child care homes and service related agencies. This skills and knowledge gained in beginning courses provide the framework and foundation for more specialized courses.

**Career Options**

The San Diego Community College District offers certificates, a degree and transfer options in the field of Child Development/Early Childhood Education. The **Family Child Care Certificate** offered at City, Mesa, and
Miramar and the **Home Day Care** Certificate offered at Mesa provides skills and knowledge for child care in family settings. The **Infant/Toddler Care** Certificate of Completion offers skills for working with children aged birth to three years. The **School Age Child Care** Certificate of Completion offered at City and Mesa provides training for working with school age children. The **Assistant Teacher** Certificate of Completion prepares an individual to work in public and private child care settings. The Certificate of Achievement options, **Associate Teacher, Teacher and Master Teacher**, prepare individuals for higher level instructional positions. The **Assistant Teacher, Associate Teacher, Teacher, and Master Teacher** certificates meet the requirements for the State of California Child Development Permits. The Child Development Associate in Science Degree prepares for teacher, master teacher and director.

**Certificates of Completion**
These are department awards in recognition of information on the transcript and does not imply that a graduation requirement has been met.

**Certificate of Completion: Assistant Teacher**
This certificate prepares students to assist in the instruction of children under the supervision of an Associate Teacher or higher. Child Development courses must be completed with a grade of "C" or better.

**Courses:** **Units**  
CHIL 101, Human Growth and Development............. 3  
CHIL 180, Nutrition, Health & Safety for Children..... 3  
**Select one course from:**  
CHIL 111, Curriculum: Music/Motor Skills  
CHIL 121, Curriculum: Art  
CHIL 131, Curriculum: Language/Science  
CHIL 141, The Child, Family and Community............ 3  
**Total Units = 10-13**

**Certificate of Completion: Family Child Care**
This certificate prepares students with basic training to care for children in a licensed home/family setting. Child Development courses must be completed with a grade of "C" or better.

**Courses:** **Units**  
CHIL 100, Introduction to Child Development or  
CHIL 101, Human Growth and Development............. 3  
CHIL 180, Nutrition, Health & Safety for Children .... 3  
**Select one course from:**  
CHIL 111, Curriculum: Music/Motor Skills  
CHIL 121, Curriculum: Art  
CHIL 131, Curriculum: Language/Science  
CHIL 175, Infant-Toddler Growth and  
Development................................................ 3  
**Total Units = 9**

**Certificate of Completion: Home Day Care**
This certificate prepares students for entry level positions as home day care providers. Child Development courses must be completed with a grade of "C" or better.

**Courses:** **Units**  
CHIL 100, Introduction to Child Development or  
CHIL 101, Human Growth and Development............. 3  
CHIL 175, Infant-Toddler Growth and  
Development................................................ 3  
CHIL 180, Nutrition, Health and Safety  
for Children................................................ 3  
**Select one course from:**  
BUSE 119, Business Communications  
CONF 110, Personal Financial Management .............. 3  
**Total Units = 12**

**Certificate of Completion: Infant/Toddler Care**
This certificate prepares students with basic training to work with children aged birth to three years in licensed home/family care and center programs. Child Development courses must be completed with a grade of "C" or better.

**Courses:** **Units**  
CHIL 100, Introduction to Child development or  
CHIL 101, Human Growth and Development............. 3  
CHIL 175, Infant-Toddler Growth and  
Development................................................ 3  
CHIL 176, Principles of Infant/Toddler Caregiving .... 3  
**Total Units = 9**
Certificate of Completion: Residential Care Worker*
This certificate is designed to meet the State requirements for positions in residential care programs. Child Development courses must be completed with a grade of "C" or better.

Courses: Units
CHIL 101, Human Growth and Development .............3
CHIL 141, The Child, Family and Community ............3
CHIL 175, Infant-Toddler Growth and Development ........3
CHIL 188, Child Abuse..........................................3
Total Units = 12

Certificate of Completion: School Age Child Care*
This certificate prepares students for entry level positions as before- and after-school care providers, recreation leaders, and camp counselors. Child Development courses must be completed with a grade of "C" or better.

Courses: Units
CHIL 100, Introduction to Child Development or CHIL 101, Human Growth and Development .............3
CHIL 152, School Age Program Planning..................3
Select two courses from:
CHIL 185, Computer Usage with Young Children (City)
MATH 210A, Concepts of Elementary School Mathematics I
MUSI 110, Music for Elementary School Teachers
PHYE 240, Physical Education in the Elementary Schools.................................................................6
Total Units = 12

For the Certificates of Completion listed above, one or more of the following courses is recommended to gain experience and credits required for higher level permits:

CHIL 160, Observing and Understanding Children
CHIL 161, Observations and Issues in Child Development
CHIL 270, Work Experience
CHILD 291, Child Development Lab Practicum
CHIL 291A, or 291B, or 291C, or 291D, Child Development Center Practicum ....................................3-4
Total Units = 3-4

Certificate of Achievement: Child Development

Certificate of Achievement: Child Development
Associate Teacher
This certificate prepares students to provide instruction to children and supervise Assistant Teachers. Child Development courses must be completed with a grade of "C" or better.

Courses Required for the Major: Units
CHIL 101, Human Growth and Development .............3
CHIL 141, The Child, Family and Community ............3
CHIL 180, Nutrition, Health & Safety for Children .......3
Select two courses from:
CHIL 111, Curriculum: Music/Motor Skills
CHIL 121, Curriculum: Art
CHIL 131, Curriculum: Language/Science...............6
Select three or more units from:
CHIL 160, Observing and Understanding Children
CHIL 161, Observations & Issues in Child Development
CHIL 270, Work Experience
CHILD 291, Child Development Lab Practicum
CHIL 291A, or 291B, or 291C, or 291D, Child Development Center Practicum ....................................3-4
Total Units = 18-19

Certificate of Achievement: Child Development
Teacher
This certificate prepares students to provide instruction to children and supervise Assistant and Associate Teachers. Child Development courses must be completed with a grade of "C" or better.

Courses Required for the Major: Units
CHIL 101, Human Growth and Development .............3
CHIL 111, Curriculum: Music/Motor Skills ...............3
CHIL 121, Curriculum: Art ...................................3
CHIL 131, Curriculum: Language/Science.................3
CHIL 141, The Child, Family and Community ............3
CHIL 180, Nutrition, Health & Safety for Children .......3
CHIL 151, Program Planning..................................3
and concurrent enrollment in:
CHIL 270, Work Experience, or
CHIL 275, Supervised Field Study .........................2-4
Select one of the following three options:
CHIL 160, Observing & Understanding Children and
CHIL 161, Observations & Issues in Child Development
or
CHIL 165, Children with Special Needs or
CHIL 175, Infant-Toddler Growth and Development ...............................................................3-4
Total Units = 26-29
Certificate of Achievement:  
Child Development  
Master Teacher  
This certificate prepares students to provide instruction to children and supervised Assistant/Associate Teachers and Teachers. It further prepares the Master Teacher to coordinate curriculum and staff development. Child Development courses must be completed with a grade of "C" or better.

**Courses Required for the Major:**

**AND**  
Select one of the following Specializations for a total of 6 - 7 units:

- Guiding Young Children  
- CHIL 160, Observing & Understanding Children  
- CHIL 161, Observations & Issues in Child Development  
- CHIL 162, Observing and Guiding Child Behavior  
- CHIL 165, Children with Special Needs  
- CHIL 175, Infant-Toddler Growth and Development

**Total Units = 26-29**

**Recommended Electives:** (select from courses not already taken): Child Development 100, 152, 160, 161, 162, 165, 166, 175, 176, 185 (City), 188, 202, 210, 215, 270, 275, 290, 291A, 291B, 291C, 291D.
Courses offered by San Diego Community College District that meet experience requirements for Certificates and Degrees:

CHIL 160, Observing & Understanding Children, 2 units (16 days)
CHIL 161, Observation & Issues in Child Development, 2 units (16 days)
CHIL 270, Work Experience, 1 unit (16 days)
CHIL 270, Work Experience, 2 unit (32 days)
CHIL 270, Work Experience, 3 unit (48 days)
CHIL 270, Work Experience, 4 unit (64 days)
CHIL 275, Supervised Field Study, 2 units (32 days)
CHILD 291, Child Development Lab Practicum, 1 unit (16 days)
CHIL 291A, Child Development Practicum, 1 unit (16 days)
CHIL 291B, Child Development Practicum, 1 unit (16 days)
CHIL 291C, Child Development Practicum, 1 unit (16 days)
CHIL 291D, Child Development Practicum, 1 unit (16 days)

Associate in Science Degree:
Child Development Site Supervisor

Effective with the Fall 2005 semester, San Diego Mesa College will no longer offer the Child Development Site Supervisor degree.

Transfer Information

Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution. See catalog TRANSFER INFORMATION section. Additional courses may be required to meet university lower-division requirements. Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog. Many Baccalaureate in Arts degrees require third semester competency in a foreign language. Consult with the current catalog of the transfer institution and consult with a counselor.

Certificate of Completion:
General Office Clerk 11
Keyboarder/Word Processor 8-9

Certificate of Achievement:
Administrative Assistant 23-25
Information Management Technology 21
Medical Business Assistant 28-31
Medical Transcription Specialist 23-26
Microcomputer Applications 24-26

Associate in Science Degree:
Administrative Assistant 25.5-27.5*
Information Management Technology 21*
Medical Business Assistant 28-31*
Medical Transcription Specialist 23-26*
Microcomputer Applications 33.5-35.5*

*and electives as needed to meet minimum of 60 units required for the degree.

Administrative Assistant

Prepares the student for employment in business or civil service as a general office clerk, clerk-typist, file clerk, receptionist, cashier, word processor, machine transcriptionist, or other positions not requiring stenography.

Certificate of Completion:
General Office Clerk*

This certificate prepares students for entry-level positions as administrative assistants.

Recommended Electives: Business 150; Computer
Business Technology 126, 162, 270; Computer and
Information Sciences 150.

Prepares students for employment in the rapidly
expanding field of Computer and Information Sciences
and offers the skills required to function effectively in
various occupations and professions requiring the use
of computers. Required courses focus upon the use and
functioning of the computer and relate the general
study of the computer with studies of specific
languages, enabling the student to combine computer
hardware and software to process data into information.
Upon completion of this curriculum, the student should
have the capability to apply computer technology to
diverse business and professional environments and be
qualified for employment as an entry-level programmer
in the computer and information sciences industry or
transfer to 4-year institution.

Certificate of Completion:
Computer Programming ...............................15
Microsoft Certified System Engineer .................17
Certificate of Achievement:
Computer and Information Sciences .................31
Associate in Science Degree:
Computer and Information Sciences .................31*
*a and electives as needed to meet minimum of 60
units required for the degree.

Prepares students for employment in the rapidly
expanding field of Computer and Information Sciences
and offers the skills required to function effectively in
various occupations and professions requiring the use
of computers. Required courses focus upon the use and
functioning of the computer and relate the general
study of the computer with studies of specific
languages, enabling the student to combine computer
hardware and software to process data into information.
Upon completion of this curriculum, the student should
have the capability to apply computer technology to
diverse business and professional environments and be
qualified for employment as an entry-level programmer
in the computer and information sciences industry or
transfer to 4-year institution.

Certificate of Completion:
Computer Programming*

This certificate of completion in computer programming
requires completion of the courses listed below and is
meant to prepare students who are planning on
preparing for entry-level positions in computer
programming and/or information technology. The
certificate of completion also offers students the
opportunity to learn or enhance computer programming
skills.

Courses:                                         Units
CISC 186, Visual Basic Programming .................4
CISC 190, Java Programming ............................4
CISC 192, C/C++ Programming ........................................ 4  
CISC 210, System Analysis and Design ............................. 3  

Total Units = 15

*This is a departmental award in recognition of information on the transcript and does not imply that a graduation requirement has been met.

**Certificate of Completion: Microsoft Certified System Engineer**

Upon successful completion of this certificate, students will be prepared to take Microsoft Certification exams and for becoming successful Microsoft Certified System Engineers.

**Courses:**  
Units  
MSFT 051, Installing, Configuring, and Administering Windows 2000 Professional ................................. 2.5  
MSFT 052, Installing, Configuring, and Administering Microsoft Windows 2000 Server .......................... 2.5  
MSFT 053, Implementing and Administering a Microsoft Windows 2000 Network Infrastructure .......... 2.5  
MSFT 054, Implementing and Administering a Microsoft Windows 2000 Directory Infrastructure .......... 2.5  
MSFT 055, Designing a Microsoft Windows 2000 Directory Services Infrastructure .............................. 2.5  
MSFT 056, Designing a Microsoft Windows 2000 Network Infrastructure ............................................ 2  
MSFT 057, Designing Security for a Microsoft Windows 2000 Network ................................................. 2.5  

Total Units = 17

*This is a departmental award in recognition of information on the transcript and does not imply that a graduation requirement has been met.

**Certificate of Achievement: Computer and Information Sciences**

The certificate of achievement in Computer and Information Sciences requires completion of the courses listed below and is meant to prepare students who are planning and preparing for entry-level positions in the Computer and Information Sciences Industry.

**Courses Required for the Major:**  
Units  
ACCT 116A, Financial Accounting ................................ 4  
ACCT 116B, Managerial Accounting ............................... 4  
BUSE 119, Business Communications ........................... 3  
BUSE 140, Business Law & the Legal Environment .......... 3  
CISC 181, Principles of Information Systems .................. 4  
CISC 186, Visual Basic Programming ............................ 4  
ECON 120, Principles of Economics I ......................... 4  
MATH 119, Elementary Statistics .................................. 3  

CISC Elective(s)* .................................................. 3  

Total Units = 31

*Choose a minimum of 3 units in CISC. Students should consult with their counselor prior to choosing electives to ensure electives meet program and/or transfer goals.

Note: Only one Computer and Information Sciences (CISC) course from the above list may be used to satisfy SDCCD general education requirements.

**Associate in Science Degree: Computer and Information Sciences**

The associate degree in Computer and Information Sciences requires completion of the courses listed below and is intended to prepare students who are planning on transferring to Information Decision Systems programs at four-year institutions. Additional general education and graduation requirements for the associate degree are listed on page 64 of this catalog. The associate degree requires completion of a minimum of 60 units.

**Courses required for the Major:**  
Units  
ACCT 116A, Financial Accounting ................................ 4  
ACCT 116B, Managerial Accounting ............................... 4  
BUSE 119, Business Communications ........................... 3  
BUSE 140, Business Law & the Legal Environment .......... 3  
CISC 181, Principles of Information Systems .................. 4  
CISC 186, Visual Basic Programming ............................ 4  
ECON 120, Principles of Economics I ......................... 4  
MATH 119, Elementary Statistics .................................. 3  

CISC Elective(s)* .................................................. 3  

Total Units = 31

*Choose a minimum of 3 units in CISC. Students should consult with their counselor prior to choosing electives to ensure electives meet program and/or transfer goals.

Note: Only one Computer and Information Sciences (CISC) course from the above list may be used to satisfy SDCCD general education requirements.

For graduation requirements see **Requirements for the Associate Degree on page 64.**

**Electives as needed to meet minimum of 60 units required for the degree:**

**Recommended Electives:** Computer and Information Sciences 130, 132, 133, 150, 151, 270, 290; Economics 120, 121; Marketing 105.

**Transfer Information**

Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern.
required by that transfer institution. See catalog TRANSFER INFORMATION section. Additional courses may be required to meet university lower-division requirements. Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog. Many Baccalaureate in Arts degrees require third semester competency in a foreign language. Consult the current catalog of the transfer institution and consult with a counselor.

Course work provides the concepts, skills and processes by which decisions about the use of resources are directed toward goal achievement. Financial and life management skills are emphasized. Nutrition offers courses for vocational use and transfer while educating individuals in scientific principles and healthful food preparation techniques that improve general health.

The Nutrition and Fitness Option would prepare students for impending state certificate exam as fitness instructors.

Students planning to transfer to a four-year college should consult the Counseling Department and a Nutrition Advisor for assistance in program planning. Course repetition in Nutrition 391 is not permitted.

Certificate of Completion:
Dietetic Service Supervisor 17
Skills for Success 7-9

Certificate of Achievement:
Consumer Resource Management 22-25
Nutrition 24-27
Nutrition and Fitness 17.5-22.5

Associate in Science Degree:
Consumer Resource Management 22-25*
Nutrition 24-27*
Nutrition & Fitness 17.5-22.5*

Certificate of Completion:
Dietetic Service Supervisor*

This curriculum is approved and certified by the California State Department of Health Services and prepares the student to function as a qualified dietetic service supervisor/manager in health care facilities. A student may not continue in the program with an unsatisfactory grade (D,F)

Directed Clinical Practice Requirement
Students accepted into this program will be required to successfully complete Directed Clinical Practice/clinically-based courses held in health care facilities.
These facilities may require background checks, including fingerprinting, as a condition of placement at the clinic. Refusal to submit to a background check, or failure to meet clearance criteria established by the health care facility, may prevent placement in the Directed Clinical Practice/clinically-based course and thus, it may not be possible to successfully complete the program.

Health care facilities also require adherence to strict standards of conduct. Facilities may refuse educational access to any person who does not adhere to the facility's standards of safety, health and ethical behavior. This may be cause for removal from the program.

Courses:  

NUTR 150, Nutrition (City, Miramar) ....................... 3  
NUTR 180, Nutrition and Diet Therapy .................... 3  
NUTR 391, Directed Clinical Practicum .................... 2

### Transfer Information

Students planning to transfer to a four-year college or university should complete courses required for the university major and the degree general education pattern required by that transfer institution. See catalog TRANSFER INFORMATION section. Additional courses may be required to meet university lower-division requirements. **Course requirements are subject to change at the transfer institution and may be verified by a counselor or by consulting the current university catalog. Many Baccalaureate in Arts degrees require third semester competency in a foreign language. Consult the current catalog of the transfer institution and consult with a counselor.**
Description
Students in Culinary Arts/Culinary Management enjoy a practical hands-on approach to innovative methods and classical techniques, as well as numerous cuisines. A rigorous training program combines both laboratory and general education coursework, in addition to business courses including supervision and cost control. Students are prepared for employment and for transfer to four-year programs.

Program Emphasis
The world of hospitality is unique because it offers opportunities in a variety of vocations. Employees could manage departments in a hotel, plan new special effects at a theme park, hire and train employees at a resort, or select and buy china for a posh restaurant. They could forecast profitability of a new convention center, publicize a new attraction at a world-famous zoo, organize on-location catering for film crews, or lead port excursions for cruise passengers. They may also become an entrepreneur and own your own franchise eatery or bed and breakfast establishment. This is one field of study that can open many careers doors. Hospitality is the largest private sector industry worldwide. Significant growth is expected to continue in these areas, and the industry is known to promote from within and move talented employees quickly up the career ladder. Career paths can be found in many professions in the hospitality industry, where the focus is people, service and guest satisfaction.

Career Options
Majoring in Culinary Arts/Culinary Management, will allow graduates to become a culinary specialist with varied career options such as being a caterer, line cook, restaurateur, executive chef, food stylist, pastry chef, kitchen manager, restaurant manager, private chef, entrepreneur, food writer or editor, product research and development specialist, or sous chef, to name a few. Rapid promotional opportunities in this field exist for people with increasing skill sets and enhanced educational backgrounds. Careers in hospitality and tourism extend far beyond individual restaurants, recreation services, food service operations, hotels and lodging facilities, and travel-related businesses. Worldwide experiences abound in resorts, country clubs, catering companies, cruise lines, casinos, convention centers, theme parks, airlines, and more.

Dental Assisting
(RDA,CDA)

Certificate of Achievement:
Dental Assisting (RDA,CDA) 29.5

Associate in Science Degree:
Dental Assisting (RDA,CDA) 29.5*

*and electives as needed to meet minimum 60 units required for the degree.

The program is a two-semester certificate program which prepares the student for certification as a Registered Dental Assistant and a Certified Dental Assistant. Training includes basic and advanced chairside dental support procedures; sterilization of instruments and equipment; preparation of dental laboratory and restorative materials; working with the patient under the supervision of the dentist; operating dental x-ray equipment including exposing and processing radiographs. Students must complete four units of Directed Clinical Practice working in private dental offices or clinics under the supervision of the clinic and college staff.

The program is accredited by the Dental Board of California and the Commission on Dental Accreditation of the American Dental Association, and is sponsored by the San Diego County Dental Society and the San Diego County Dental Assistants Society. Upon completion of the program the student receives a certificate of completion from the program, and certification to operate dental x-ray equipment in the State of California. The student is eligible to take the California Registered Dental Assistant (RDA) Examination with Coronal Polish certification and the Certified Dental Assistant (CDA) National Examination.

Interested students should contact the admissions office at (619) 388-2684 or the program director at (619) 388-2697. Course repetition in this program is not permitted.

Directed Clinical Practice Requirement

Students accepted into this program will be required to successfully complete Directed Clinical Practice/clinically-based courses held in health care facilities.
These facilities may require background checks, including fingerprinting, as a condition of placement at the clinic.

Refusal to submit to a background check, or failure to meet clearance criteria established by the health care facility, may prevent placement in the Directed Clinical Practice/clinically-based course and thus, it may not be possible to successfully complete the program.

Health care facilities also require adherence to strict standards of conduct. Facilities may refuse educational access to any person who does not adhere to the facility’s standards of safety, health and ethical behavior. This may be cause for removal from the program.

For graduation requirements see Requirements for the Associate Degree on page 64.

Electives as needed to meet minimum of 60 units required for the degree:

**Recommended Electives:** Dental Assisting 290.
Description:
Students gain solid business knowledge and comprehensive skills designed to help prepare for a career in the destination, event and meeting industries for any of the corporate, association, social, leisure, or hospitality and tourism arenas. Curriculum exposes students to develop and enhance sales techniques, efficiently and effectively research locations and activities available, and gain business skills necessary for success in providing the highest level of guest service and satisfaction. Extensive techniques are examined for increasing organizational skills and the attention to detail necessary to carry out events of all sizes. Coursework is supplemented by numerous field excursions and networking opportunities within San Diego county—which is one of the most prominent locations for destination and event management in the United States.

Program Emphasis
The world of hospitality is unique because it offers opportunities in a variety of vocations. Employees could manage departments in a hotel, plan new special effects at a theme park, hire and train employees at a resort, or select and buy china for a post restaurant. They could forecast profitability of a new convention center, publicize a new attraction at a world-famous zoo, organize on-location catering for film crews, or lead port excursions for cruise passengers. They may also become an entrepreneur and own your own franchise eatery or bed and breakfast establishment. This is one field of study than can open many career doors. Hospitality is the largest private sector industry worldwide. Significant growth is expected to continue in these areas, and the industry is known to promote from within and move talented employees quickly up the career ladder. Career paths can be found in many professions in the hospitality industry, where the focus is people, service and guest satisfaction.

Career Options
Meeting planners bring people together for meetings, seminars, conferences, trade shows and expositions. Event planners are actively involved in planning fairs, parties, and other specials events. Certified entertainment managers organize and arrange for artists, music and amusement at meetings and events. Destination specialist are an authority on and know all about a specific city or area. And, incentive travel specialist set up and arrange incentive tours, group tours, and enticement travel and meetings for exceptional employees. Meeting and event professionals are found in a variety of disciplines ranging from catering, decorators, audio-visual technicians, party and convention coordinators, facilities directors, corporations, hotel sales managers and many more professional disciplines.

For graduation requirements see Requirements for the Associate Degree on page 64.

Transfer Information

Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution. See catalog TRANSFER INFORMATION section. Additional courses may be required to meet university lower-division requirements. **Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog.**

Dietary Service Supervisor Certificate, Dietetics

See “Consumer and Nutrition Studies” on page 137.

Description:
The major in dramatic arts consists of a "core" program, the Mesa College Theatre Company (MCTC), plus three courses designed to complement the student's breadth of knowledge in the dramatic arts. MCTC is designed as a two-year training program encompassing study in the areas of acting, scenery, lighting, costumes, and management. Practical, hands-on production experience combined with more formal instruction provides a comprehensive introduction to the dramatic arts as either a career option or a field of study. Students planning to transfer to four-year schools should consult catalogs for those schools. Some courses listed below as electives may transfer only as electives, rather than as lower division requirements.

Statement of Goals:
This program is designed to provide a unique "hands-on" approach to the study of the dramatic arts. The core of the program is the Mesa College Theatre Company (MCTC), a two year curriculum which encompasses training in all aspects of the discipline. The program provides a solid foundation for the study of dramatic arts and enables students to obtain an Associate in Arts degree or complete preparation for the major in dramatic arts as necessary for transfer to a four-year school. The program also prepares students to pursue a career in various occupations throughout the entertainment and communication industries.

Program Emphasis:
This program emphasizes the study of dramatic arts through participation in all aspects of theatrical production. It is a comprehensive program providing practical and theoretical experiences for the student interested in the study and creation of the dramatic arts.
Career Options:
The study of dramatic arts will prepare students to pursue careers in a variety of areas both within and beyond the entertainment industries. Careers such as actor, director, casting director, stage manager, designers, business manager, special events coordinator, producer, theatre manager, and teacher top the list. More importantly, however, students will gain skill in oral communication, problem solving, self confidence, leadership, adaptability, and flexibility, as well as the ability to work under pressure, meet deadlines, and work cooperatively with others. These are skills that will aid them in whatever career path they choose.

Associate in Arts Degree: 
Dramatic Arts
The associate degree in Dramatic Arts certifies that a student has achieved a broad knowledge of the dramatic arts through a variety of specific experiences and, as a result, has produced a range of work signifying a thorough understanding of the discipline. This degree addresses the requirements for transfer to four-year colleges and universities and conservatory programs, and prepares students for entry-level careers in the entertainment industry as well.

Total Units 25-28

The courses required for the major are intended to introduce the student to all aspects of theatre. Emphasis is placed on production, as participation results in active learning, allowing the student valuable hands-on experience. Through the course of the two year program, students will study acting scenery, costuming, lighting, and audio as well as being introduced to production and state management techniques and responsibilities.

Note: Only one Dramatic Arts (DRAM) course from the above list may be used to satisfy SDCCD general education requirements.

For graduation requirements see Requirements for the Associate Degree on page 64.

Electives as needed to meet minimum of 60 units required for the degree:
Recommended Electives: Dramatic Arts 132, 133, 267, 290; Speech Communications 101; Fine Arts 100, 151, 152, 155A, Fashion 120; Music 190, 201, 202; Business 101, 150, 201.

While the required courses for the major in Dramatic Arts are intended to give the student a broad understanding of the various areas of study in the Dramatic Arts, elective classes give the student the option to pursue one of those areas in more detail. For the student interested in acting, additional acting classes or voice classes are recommended. The technician/design student would pursue classes in art history, fashion history or practical lab courses. The student interested in production management should enrol in business classes that would further their base knowledge in that area.

TRANSFER INFORMATION
Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution. See catalog TRANSFER INFORMATION section. Additional courses may be required to meet university lower-division requirements. Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog. Many Baccalaureate in Arts degrees require third semester competency in a foreign language. Consult the current catalog of the transfer institution and consult with a counselor.

Economics

Engineering
See “Physical Sciences” on page 170.
English

Certificate of Completion: Creative Writing

For students seeking a broad appreciation of literature and increased skills in communication. Superior ability to understand and use English is necessary for success in such careers as education, writing, advertising, selling, journalism, law, business and government.

Students planning to transfer to a four-year institution should learn the requirements for English majors at that institution.

Certificate of Completion: Creative Writing*

This certificate is designed for students who want to hone their writing skills by participating in creative writing workshops and immersing themselves in literature and also for students preparing portfolios for 4-year colleges. Only two creative writing classes may be transferred to SDSU for the English major. However, the certificate also includes transfer general education courses, and other creative writing courses may transfer as electives.

Courses:

Select two courses from:
ENGL 249, Introduction to Creative Writing
ENGL 245, Writing Creative Nonfiction
ENGL 247, Writing Seminar-Poetry
ENGL 253, Fundamentals of Fiction Writing
ENGL 254, Intermediate Fiction Writing

Select two courses from:
BLAS 155, Afro-American Literature
CHIC 135, Chicano Literature
ENGL 208, Introduction to Literature
ENGL 210, American Literature I
ENGL 211, American Literature II

Units
15

Associate in Arts Degree: English

*and electives as needed to meet minimum of 60 units required for the degree.

ENGL 215, English Literature I: 800 - 1799
ENGL 216, English Literature II: 1800 - Present
ENGL 220, Masterpieces of World Literature I: 1500 BCE - 1600 CE
ENGL 221 Masterpieces of World Literature II: 1600 - Present
ENGL 230, Asian American Literature
ENGL 237, Women in Literature (City, Miramar)
ENGL 238, Evaluating Children's Literature
ENGL 240, Shakespeare

Select one course from:
ENGL 249, Introduction to Creative Writing
ENGL 245, Writing Creative Nonfiction
ENGL 247, Writing Seminar - Poetry
ENGL 253, Fundamentals of Fiction Writing
ENLG 254, Intermediate Fiction Writing
BLAS 155, Afro-American Literature
CHIC 135, Chicano Literature
ENGL 208, Introduction to Literature
ENGL 210, American Literature I
ENGL 211, American Literature II
ENGL 215, English Literature I: 800 - 1799
ENGL 216, English Literature II: 1800 - Present
ENGL 220, Masterpieces of World Literature I: 1500 BCE - 1600 CE
ENGL 221 Masterpieces of World Literature II: 1600 - Present
ENGL 230, Asian American Literature
ENGL 237, Women in Literature (City, Miramar)
ENGL 238, Evaluating Children's Literature
ENGL 240, Shakespeare

Total Units = 15

*This is a departmental award in recognition of information on the transcript and does not imply that a graduation requirement has been met.

Associate in Arts Degree: English

Courses Required for the Major:

ENGL 101, Reading and Composition or
ENGL 105, Composition and Literature

*ENGL 205, Critical Thinking and Intermediate Composition

ENGL 215, English Literature I: 800 - 1799
ENGL 216, English Literature II: 1800 - Present
ENGL 220, Masterpieces of World Literature I: 1500 BCE - 1600 CE
ENGL 221 Masterpieces of World Literature II: 1600 - Present

**Select three units from:
ENGL 208, Introduction to Literature
ENGL 220 Masterpieces of World Literature I: 1500 BCE - 1600 CE
ENGL 221 Masterpieces of World Literature II: 1600 - Present

**Select three units from:
ENGL 210, American Literature I
ENGL 211, American Literature II
Engl 230, Asian American Literature
ENGL 245, Writing Creative Nonfiction
ENGL 247, Writing Seminar-Poetry
ENGL 249, Introduction to Creative Writing ............. 3

Total Units = 18

*Meets SDSU/CSU critical thinking requirement.

**Recommended sequence for UC transfer.
Not all courses are offered at each campus.

For graduation requirements see Requirements for the Associate Degree on page 64.

Electives as needed to meet minimum of 60 units required for the degree:

Recommended Electives: English 202, 209, 238, 240, 245, 247, 249, 253, 254; Humanities 101, 102, 201, 202; Journalism 200, 210A/B/C/D.

Courses designed to support this and other majors:
ESOL 19, 20, 21, 22, 30, 31, 32, 40.

Transferable Units as Prep for the Major at SDSU
SDSU will accept a total of 12 units of literature and creative writing as preparation for the English Major. This includes any combination of lower division literature courses and up to six units of creative writing courses.

Transfer Information
Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution. See catalog TRANSFER INFORMATION section. Additional courses may be required to meet university lower-division requirements. Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog. Many Baccalaureate in Arts degrees require third semester competency in a foreign language. Consult the current catalog of the transfer institution and consult with a counselor.

Environmental Design Studies
Studies in Environmental Design leading to degrees and/or certificates are found in the following areas:

Architecture
Computer Aided Design/Drafting
Construction Management
Garden Design
Landscape Architecture

Escrow
See “Escrow” courses on page 278.

Event Planning
See “Destination and Event Management in Hospitality” on page 143.
Fashion

Designed for the student who is interested in a fashion related career. Each student gains an understanding of opportunities and a working knowledge of the various phases of the constantly changing fashion industry.

The program provides the opportunity to specialize in one of two areas: Fashion Merchandising and Fashion Design.

Fashion Merchandising prepares for beginning positions in sales, management, buying, visual presentation, promotion, and wholesaling for both men and women. Fashion Design develops skills in the creation of imaginative finished garments. Technology skills that will be learned include sketching, sewing, draping, pattern making and presentation. These skills will prepare men and women for entry level positions in manufacturing, designing, and the home sewing industry.

Students planning to transfer to a four-year college should consult the Counseling Department and a Fashion advisor for assistance in program planning.

**Certificate of Completion:**

Geographic Information Systems

This is an interdisciplinary program that integrates the mapping sciences, geographic information systems technology, and spatial analysis in a core program related to computer supported data storage, management, and display functions. The program offers students the opportunity to develop the skills and abilities that are required of professionals in geographic information systems and related fields. The program is also relevant for professionals seeking to upgrade their computer mapping and spatial analysis skills.

Certificate of Completion:
Geographic Information Systems Specialist

Recommended electives: Anthropology 103, 107, 115; Architecture 100, 105, 106, 170; Biology 100; Computer and Information Sciences 186, 190, 192; Computer Business Technology 140, 140A, 151, 161, 162, 170; Geography 101, 102, 104, 154; Geology 100; Health Information Technology 105, 156; Marketing 100, 110, 130; Physics 100; Political Science 101, 102, 103; Real Estate 101, 105, 125; Travel and Tourism 105, 111, 120, 121, 130, 145.

Transfer Information
Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution. See catalog TRANSFER INFORMATION section. Additional courses may be required to meet university lower-division requirements. Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog. Many Baccalaureate in Arts degrees require third semester competency in a foreign language. Consult the current catalog of the transfer institution and consult with a counselor.

Health Education
See “Consumer and Nutrition Studies” on page 137.
Health Information Technology

This program is designed to meet the increasing need for professionally trained Health Information Technicians in acute care hospitals, clinics, long term care, and other health care facilities as well as governmental and private agencies. The two-year A.S. degree program provides emphasis on record storage and retrieval, quantitative analysis, coding and abstracting, legal aspects of health records, health care statistics, supervision of department personnel, and an introduction to quality assessment, utilization review, and risk management.

The program is accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP), in cooperation with the American Health Information Management Association's Council on Accreditation. Graduates of the program are eligible to write the national accreditation examination of the American Health Information Management Association, and upon passing this exam become designated as an RHIT (Registered Health Information Technician).

Interested persons should call the Special Programs Admissions Clerk in the Admission's Office (619) 388-2684.

Course repetition in this program is not permitted.

Directed Clinical Practice Requirement
Students accepted into this program will be required to successfully complete Directed Clinical Practice/clinically-based courses held in health care facilities. These facilities may require background checks, including fingerprinting, as a condition of placement at the clinic.

Refusal to submit to a background check, or failure to meet clearance criteria established by the health care facility, may prevent placement in the Directed Clinical Practice/clinically-based course and thus, it may not be possible to successfully complete the program.

Health care facilities also require adherence to strict standards of conduct. Facilities may refuse educational access to any person who does not adhere to the facility’s standards of safety, health and ethical behavior. This may be cause for removal from the program.

See “Hotel Management in Hospitality” on page 153.
Hotel Management in Hospitality

Description:
Hotel management covers a range of topics with a business focus aimed at student success in a variety of segments. Specific emphasis includes business priorities and aspects including, leadership and management specific to the industry, business communications, human resources, legal and legislative requirements for lodging operators, and sales and marketing as they relate to guest accommodation. This hospitality business focus prepares students for entry-level supervision and oversight in any of the myriad of segments. These segments include but are not limited to accommodation options in: hotels, resorts, timeshare/vacation ownership, condominiums, conference centers, camp and park lodges, bed and breakfast inns, private clubs, cruise lines, and casino hotels. Coursework is supplemented with participation in numerous field excursions and opportunities to hear from industry professionals and experts.

Program Emphasis:
The world of hospitality is unique because it offers opportunities in countless vocations. You could manage departments in a hotel, plan new special effects at a theme park, hire and train employees at a resort, or select and buy china for a posh restaurant. You could forecast profitability of a new convention center, publicize a new attraction at a world-famous zoo, organize on-location catering for film crews, or lead port excursions for cruise passengers. And, you could become an entrepreneur and own your own franchise eatery or bed and breakfast establishment. This is one field of study that can open any career door you want. Hospitality is the largest private sector industry! Significant growth is expected to continue in these areas, and the industry is known to promote from within and move talented employees quickly up the career ladder. For most any profession you may have an interest in, a career path can be found in the hospitality industry where the focus is people, service and guest satisfaction.

Career Options:
Hotel positions are diverse, wide ranging, and include: guest service, finance, marketing, sales, human resources, customer service, purchasing, information technology, security, maintenance, engineering, accounting, food and beverage, banquets, catering, restaurants, nightclubs, concierge, bell staff, housekeeping, reservations, spas, fitness centers and swimming pool operations, meeting planning, and management opportunities in most every establishment. Two hundred different types of positions exist in the hotel industry, from entry-level to executive management. Opportunities abound in rooms management; food and beverage offerings in restaurants, coffee shops, catering and banquets; sales and marketing; event, meeting, and wedding planning; human resources, hiring, training, and coaching employees; housekeeping, security, engineering, maintenance; information technology; and accounting and finance. Choose your location for a hotel position, in high-rise city center hotels; beach, ski, or golf resorts; posh boutique hotels; airport properties, casino hotels that are local or from Las Vegas to Monte Carlo; quaint bed and breakfasts; or bustling convention hotels and conference centers. Properties exist with every imaginable amenity in full-service hotels, to extended-stay or all-suite facilities with more space and comfortable work and living environments, to economy lodging in motels. Vacation ownership or timeshare is also a concept that is greatly increasing in number. Opportunities in hospitality and tourism extend far beyond individual restaurants, recreation services, food service operations, hotels and lodging facilities, and travel-related businesses. Worldwide experiences abound in resorts, country clubs, catering companies, cruise lines, casinos, convention centers, theme parks, airlines, and more.

Transfer Information

Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution. See catalog TRANSFER INFORMATION section. Additional courses may be required to meet university lower-division requirements. Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog.
This program provides the basic aesthetic and business concepts of interior design for students interested in an interior design career. The interior design program offers two educational options: option one is a Certificate of Achievement, option two is an Associate in Science Degree.

### Certificate of Achievement: Interior Design

The Certificate of Achievement option prepares the student for an entry-level position in business related areas of Interior Design.

**Recommended sequence for student success.**

**Courses Required for the Major:**

- INTE 101, Introduction to Interior Design..................... 3
- INTE 112A, Drafting for Interiors............................. 3
- CONF 140, Textiles.............................................. 3
- INTE 115, Elements and Principles of Interior Design............ 3
- INTE 105, Residential Design.................................... 3
- INTE 125, Decorative Arts ..................................... 3
- INTE 145, Contemporary Housing................................. 3
- INTE 110, Materials and Resources............................ 3
- INTE 130, Interior Design Professional Practice.............. 3
- INTE 270, Work Experience OR

**Select one course from:**

- *INTE 200, Advanced Residential Design: Kitchens and Baths
- *INTE 205, Non-Residential Space Planning
- *INTE 210, Presentation & Color Rendering
- *INTE 215, Environmental Lighting Design................. 3-4

**Total Units = 30-31**

*During semesters when none of these courses are offered, students may instead select one course from the Recommended Electives shown below.*

### Associate in Science Degree: Interior Design

The Associate in Science Degree option provides the student with skills and knowledge for entry into the design area of interior design.

**Recommended sequence for student success.**

**Courses Required for the Major:**

- INTE 101, Introduction to Interior Design..................... 3
- INTE 112A, Drafting for Interiors............................. 3
- CONF 140, Textiles.............................................. 3
- INTE 115, Elements and Principles of Interior Design............ 3
- INTE 105, Residential Design.................................... 3
- INTE 112B, Conceptual Drawings for Interiors II ............ 3
- INTE 125, Decorative Arts ..................................... 3
- INTE 145, Contemporary Housing................................. 3
- INTE 110, Materials and Resources............................ 3
- INTE 130, Interior Design Professional Practice.............. 3
- INTE 270, Work Experience OR

**Select one course from:**

- *INTE 200, Advanced Residential Design: Kitchens and Baths
- *INTE 205, Non-Residential Space Planning
- *INTE 210, Presentation & Color Rendering
- *INTE 215, Environmental Lighting Design................. 3-4

**Total Units = 33-34**

*During semesters when none of these courses are offered, students may instead select one course from the Recommended Electives shown below.*

For graduation requirements see Requirements for the Associate Degree on page 64.

**Electives as needed to meet minimum of 60 units required for the degree:**

**Landscape Architecture**

See “Architecture” on page 111.
Languages

Program provides training in the fundamental skills of understanding, speaking, reading and writing the language, and increases one’s familiarity with the English language. From a vocational standpoint, the curriculum will provide a student with skills useful in translating, interpreting, teaching, linguistic or literary research, music, foreign trade, or missionary work. The major requires 26 units in the same language, unless the student has completed two years of a language in high school (with a “C” average or better) and takes 10 units of an intermediate course at the college. In this case, the department will determine the courses necessary to complete the requirements.

### Associate in Arts Degree: Languages

#### French

Courses Required for the Major:  
FREN 101 and 102, First and Second Course in French, and  
FREN 201 and 202, Third and Fourth Course in French  

*FREN 210 and 211, The Grammar of Spoken French*  
French I and II  

Total Units = 26

Note: Only one French (FREN) course from the above list may be used to satisfy SDCCD general education requirements.

#### Spanish

Courses Required for the Major:  
SPAN 101 and 102, First and Second Course in Spanish, or  
*SPAN 100, First/Second Course in Spanish (Accelerated), and*  
SPAN 201 and 202, Third and Fourth Course in Spanish  

FREN 210 and 211, The Grammar of Spoken French  
French I and II  

Total Units = 26

Note: Only one Spanish (SPAN) course from the above list may be used to satisfy SDCCD general education requirements.

### Japanese

Courses Required for the Major:  
JAPN 101 and 102, First and Second Course in Japanese  
JAPN 201 and 202, Third and Fourth Course in Japanese  

JAPN 210 and 211, The Grammar of Spoken Japanese  
Japanese I and II  

Total Units = 26

Note: Only one Japanese (JAPN) course from the above list may be used to satisfy SDCCD general education requirements.

### Recommended Electives:

- Anthropology 103, 107
- Chicano Studies 135, 138
- Fine Art 109, 111
- English 220, 221
- Geography 102
- History 115A, 115B, 120
- Music 109
- Philosophy 106
- Vietnamese 201

*Note: The “accelerated” foreign language course is 100 (101-102). This is particularly well-suited for students who are specializing in foreign languages or who have the desire and ability to do intensive work in a language.*

For graduation requirements see Requirements for the Associate Degree on page 64.

Electives as needed to meet minimum of 60 units required for the degree:

Recommended Electives: Anthropology 103, 107; Chicano Studies 135, 138; Fine Art 109, 111; English 220, 221; Geography 102; History 115A, 115B, 120; Music 109; Philosophy 106; Vietnamese 201.
Transfer Information
Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution. See catalog TRANSFER INFORMATION section. Additional courses may be required to meet university lower-division requirements. Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog. Many Baccalaureate in Arts degrees require third semester competency in a foreign language. Consult the current catalog of the transfer institution and consult with a counselor.

The degree is designed to develop a broad knowledge base and academic skills in a variety of subject areas. This flexible major is intended for students who wish to earn a general associate degree and may also be appropriate for transfer students. Those planning to transfer to a four-year institution should consult a counselor prior to beginning courses for this degree.

Caution: Because admission and major preparation requirements vary at each UC, CSU, and private institution, it is strongly advised that students meet with a counselor to determine the specific admissions and major preparation requirements of the selected transfer institution. The Liberal Arts degree is awarded in recognition of academic achievement at the community college. With additional coursework, it may also be appropriate for students who intend to transfer to a four-year institution.

Associate in Arts Degree:
Liberal Arts
Option I

Courses Required for the Major:

The student will select courses that conform to the CSU General Education area requirements. Refer to page 92.

Total Units = 39-40

Associate in Arts Degree:
Liberal Arts
Option II

Courses Required for the Major:

The student will select the core general education courses that conform to the SDCCD-UCSD Transfer Admission Guarantee (TAG) agreement. This option is appropriate only for those students who have signed a UCSD TAG agreement. Only completion of the requirements listed on a signed UCSD TAG agreement will guarantee transfer to UCSD. See a counselor or the Transfer Center for more information on the UCSD TAG program.
The core requirements for general education are one year of a transferable sequence in the following areas: (a) writing, (b) the humanities, (c) the social sciences, (d) foreign language, and (e) mathematics or a natural science. For more information, see a counselor.

Total Units = 34-38

**Associate in Arts Degree:**

**Liberal Arts**

**Option III**

**Courses Required for the Major:**  
The student will select courses that conform to the Intersegmental General Education Transfer Curriculum (IGETC) area requirements. For specific information, see a counselor.

Total Units = 37-40

**Honors Global Competencies Certificate**

**Description**
The Honors Global Competencies Certificate provides an interdisciplinary and systemic approach in order to prepare students for the highly diverse, technologically-rich, and multilingual global society in which we live. The Certificate offers students the opportunity to gain a global perspective through completion of coursework in intercultural competencies, communication skills, technology skills, and coping skills. This certificate helps students to transfer to four-year institutions in concert with the Honors designation. It prepares students for study and work in the world as a whole in professional fields such as international studies, intercultural studies, language studies, international business, international law, political science, comparative literature, environmental studies, history, technology, social sciences, humanities, teaching, and more.

**Program Emphasis**
The Honors Global Competencies certificate has an international emphasis.

**Career Options**
The Honors Global Competencies certificate might lead to careers in the following areas: International relations, international business, politics, international law, technology professions, teaching, translating, travel and tourism, and intercultural communications, among others.

**Certificate of Completion:**

**Honors Global Competencies Certificate**
The Honors Global Competencies Certificate offers you the opportunity to gain a global perspective through completion of coursework in intercultural competencies, communication skills, technology skills, and coping skills.

**Courses Required for the Major**

* and electives as needed to meet minimum of 60 units required for the degree.

The Medical Assisting program offers a two semester Certificate of Achievement in Medical Assisting. The Mesa College Medical Assisting program is accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP) upon the recommendation of the Curriculum Review Board of the American Association of Medical Assistants (AAMA) Endowment. Commission on Accreditation of Allied Health Education Programs
33 East Wacker Drive, Suite 1970
Chicago, IL 60601-2208
312-553-9355
www.caahep.org

All students completing the Medical Assisting program will be awarded a Certificate of Achievement and are eligible to attempt the AAMA certification exam and become nationally certified. Students, who have been awarded a Certificate of Achievement in Medical Assisting, may continue and complete the additional courses needed for Associate Degree in Medical Assisting. A grade of “C” or better must be maintained in all courses to continue in the program and retain a Medical Assisting major. Course repetition in this program is not permitted.

Interested students should contact the Special Admissions clerk at (619) 388-2684 or program director at (619) 388-2267.
**Directed Clinical Practice Requirement**

Students accepted into this program will be required to successfully complete Directed Clinical Practice/clinically-based courses held in health care facilities. These facilities may require background checks, including fingerprinting, as a condition of placement at the clinic.

Refusal to submit to a background check, or failure to meet clearance criteria established by the health care facility, may prevent placement in the Directed Clinical Practice/clinically-based course and thus, it may not be possible to successfully complete the program.

Health care facilities also require adherence to strict standards of conduct. Facilities may refuse educational access to any person who does not adhere to the facility's standards of safety, health and ethical behavior. This may be cause for removal from the program.

**Certificate of Achievement: Medical Assisting**

Multimedia

Certificate of Completion:
Digital Video

Successful completion of this program qualifies individuals for entry-level employment as digital video producers in the multimedia industry.

Courses: Units
MULT 101, Introduction to Multimedia .................. 4
MULT 112, Multimedia Authoring ....................... 4
ARTF 150A, Design I ....................................... 4

Select six units from:
DRAM 150, Cinema as Art and Communication I
MULT 127, Creating User-Centered Websites
MULT 137, Introduction to 3D Animation I ............... 6

Total Units = 17

*This is a department award in recognition of information on the transcript and does not imply that a graduation requirement has been met.

Certificate of Completion:
Multimedia Survey*

Successful completion of this program qualifies individuals for entry-level multimedia positions as authors, product designers, and web page designers.

Courses: Units
MULT 101, Introduction to Multimedia .................. 4
MULT 112, Multimedia Authoring ....................... 4
ARTF 150A, Design I ....................................... 4

Select six units from:
ARTF 152, Color Theory
ARTF 150B, Beginning Graphic Design
ARTF 210A, Life Drawing
DRAM 150, Cinema as Art and Communication I
MULT 118, Multimedia Production
MULT 121, Digital Image Editing
MULT 122, Vector Image Editing
MULT 123, Digital Video
MULT 127, Creating User-Centered Websites
MULT 137, Introduction to 3D Animation I
MULT 139, 3D Character Animation II
MULT 141, 3D Animation: Realism
MULT 143, 3D Animation: Production Studio ............. 6

Total Units = 17

*This is a department award in recognition of information on the transcript and does not imply that a graduation requirement has been met.

Certificate of Completion:
New Media Publishing*

Successful completion of this program qualifies individuals for entry-level employment in the multimedia industry in multimedia publishing.

Courses: Units
MULT 101, Introduction to Multimedia .................. 4
MULT 112, Multimedia Authoring ....................... 4
MULT 121, Digital Image Editing ......................... 3
CBTE 161, Learning the Internet ......................... 1

*This is a department award in recognition of information on the transcript and does not imply that a graduation requirement has been met.
Certificate of Completion: Video Game Development*

Upon successful completion of this certificate, students will be prepared for entry-level design and development positions in the video game industry.

Courses: Units
MULT 120, Introduction to Video Game Development .......... 3
MULT 121, Digital Image Editing .................................. 3
MULT 137, Introduction to 3D Animation I .................. 3
MULT 139, 3D Character Animation II ......................... 3
MULT 141, 3D Animation: Realism ............................. 3
Total Units = 15

*This is a department award in recognition of information on the transcript and does not imply that a graduation requirement has been met.

Certificate of Achievement: Multimedia

MULT 112, Multimedia Authoring ............................... 4
MULT 121, Digital Image Editing ............................... 3
MULT 123, Digital Video ......................................... 3
Select six units from:
ARTF 151, Three-Dimensional Design
ARTF 152, Color Theory
DRAM 150, Cinema as Art and Communication I
MULT 139, 3D Character Animation II
MULT 141, 3D Animation: Realism
MULT 143, 3D Animation: Production Studio ................. 6
Total Units = 35

For graduation requirements see Requirements for the Associate Degree on page 64.

Electives as needed to help meet minimum of 60 units required for the degree:
The academic program in Music has been designed to provide students with the basic skills for most musical pursuits, yet to be flexible so that students may determine which music classes would be most suitable to meet their goals and needs. It is recommended that students seek advice from a member of the Music faculty.

**Certificate of Completion:**
**Music Composition**

Students may take the following selected courses considered necessary by the Music Department to pursuing music composition as a specialty within the discipline of music.

<table>
<thead>
<tr>

*These are department awards in recognition of information on the transcript and does not imply that a graduation requirement has been met.

**Associate in Arts Degree: Music**

**Basic Musicianship**

Courses Required for the Major: Units
**MUSI 150A, Basic Musicianship**.......................... 3
**Music Theory - select eight units:**
MUSI 158A, 158B, Music Theory I & II .......... 8
MUSI 258A, 258B, Music Theory III & IV
**Ear Training - select two units:**
MUSI 268A, 268B, Beginning Ear Training Lab I & II
MUSI 269A, 269B, Advanced Ear Training Lab III & IV 2
**Music History/Literature - select three units:**
MUSI 100, Introduction to Music
MUSI 101, Music History I (Miramar, Mesa)
MUSI 102, Music History II (Miramar, Mesa)
MUSI 105, Music of Our Time
MUSI 109, World Music
MUSI 110, Music for Elementary School Teachers
MUSI 111, Jazz-History and Development
MUSI 125, Music, The Arts, and Humanity
BLAS 120, Black Music......................................... 3
**Electronic/Computer Music - select three units:**
MUSI 190, The Electronic Music Studio
MUSI 201, Recording Arts
MUSI 202, Computer Music
MUSI 205A, 205B, Projects in Electronic Music
MUSI 206A, 206B, Projects in Composition .......... 3
**Piano - select two units:**
MUSI 115A, 115B, Class Piano I and II
MUSI 215A, 215B, Class Piano III and IV ............ 2
**Private Study - select two to four units:**
MUSI 275A, 275B, 275C, 275D, Applied Music
MUSI 276A, 276B, 276C, 276D,

Individual Study (2 semesters required)........ 2-4
**Recital Hour (to be taken twice)**
MUSI 123, Recital Hour (each semester) ..........0.5

**Performance Groups - select 3-4 units:**
MUSI 212A, 212B, 212C, 212D, Vocal Ensemble
MUSI 214A, 214B, 214C, 214D, Concert Choir
MUSI 250A, 250B, 250C, 250D, Concert Band
MUSI 252, Concert Jazz Band
MUSI 253A, 253B, 253C, 253D, Ensembles
MUSI 254, Instrumental Ensemble .................... 3-4

Total Units = 27-30

Note: Only one Music (MUSI) course from the above list may be used to satisfy SDCCD general education requirements.

For graduation requirements see Requirements for the Associate Degree on page 64.

**Recommended electives** as needed to help meet minimum of 60 units required for the degree: any of the classes listed above as well as Voice classes - Music 120, 121, 240, 241; Classical Guitar - Music 132A, 132B; foreign languages (Italian, German, French, or Spanish; maximum of 10 units).

**Music 150A, Basic Musicianship,** is the prerequisite to Music Theory and Ear Training classes. Because the latter are sequential classes and offered only during specific semesters, it is recommended that students take Music 150A during the summer prior to the fall semester in which they will be entering Mesa College. Students also have the option of testing out of Music 150A. Contact the Music Theory instructor to exercise this option (619) 388-2809.

**Transfer Information**

Most four-year schools require that students’ first two years of study include 1) music theory, 2) aural skills, 3) music history, 4) private study of voice or an instrument, 5) participation in a performance group, and 6) piano skills. Placement exams are given by these institutions to determine students’ comprehension in these areas. The Music faculty’s goal is to prepare students to transfer at the junior level following two years of attendance at Mesa College.

Computer skills have become an integral means by which to learn, teach, and create music. It is therefore strongly suggested that students first speak with a Mesa counselor. The following program of courses is recommended for transfer students. Students are urged, prior to transferring, to contact the school of their choice to verify required course work.

Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution. Additional courses may be required to meet university lower-division requirements.
requirements. **Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog. Many Baccalaureate in Arts degrees require third semester competency in a foreign language. Consult the current catalog of the transfer institution and consult with a counselor.**

**Nursery and Landscape Technology**

Effective the fall of 1996, the Nursery and Landscape Technology certificate and degree programs were deactivated at Mesa College. Students who are in this major are advised to contact the Architecture Department chairperson to explore options for completing the certificate or degree program.

Note: Students interested in learning to design landscapes should see listings under Architecture for a certificate or degree in Landscape Architecture Technology.

**Nutrition**

See “Consumer and Nutrition Studies” on page 137.

*and electives as needed to meet minimum of 60 units required for the degree.

The Physical Education Department offers a diverse curriculum which includes lower division theory courses designed for those who want to complete their Associate in Arts degree in Physical Education and transfer to an institution of higher learning; a basic instruction program which provides students a wide variety of movement experiences for the development of physical activity skills, knowledge, and fitness necessary for lifetime wellness; an adapted activities curriculum for students with disabilities; and an intercollegiate athletic program, which offers performance-oriented students opportunities for competition.

**Certificate of Completion:**

**Dance**

The Dance Certificate of Completion offers a comprehensive curriculum designed to provide practical and theoretical training for students interested in a dance career. In addition, this program offers lower division theory courses to prepare the student for transfer to a four-year institution as a dance major. Students planning to transfer to a school of dance should consult with dance faculty to select acceptable transfer courses.

**Courses:**

DANC 181, Introduction to Dance ....................... 3
DANC 183, Music for Dance.............................. 2
DANC 253, Choreography................................. 2

**Select ten units from the following:**

DANC 110, Ballet or
DANC 111, Ethnic Dance Forms......................... 2
Physical Education

DANC 120, American Street Dance ..................... 0.5-1
DANC 130, Dance Repertoire .................................. 0.5-1
DANC 135, Jazz Dance or

DANC 179, Advanced Classical Dance .................. 1
DANC 261, Dance Performance .......................... 2
DANC 271, Dance Production ................................ 1-2

Total Units = 17

*This is a department award in recognition of information on the transcript and does not imply that a graduation requirement has been met.

Associate in Arts Degree: Physical Education

Courses Required for the Major: Units
PHYE 240, Physical Education in the Elementary Schools ........................................ 3
PHYE 241, Introduction to Exercise Science/Physical Education ....................................... 2
PHYE 242, Care & Prevention of Injuries ................. 2

Physical Education Activity:
Choose a minimum of six (6) different activities from the following:
Aquatic Activities, Dance Activities,
Individual and Dual Activities
(one course to be chosen from badminton, racquetball, or tennis),
Team Sports .................................................... 6-9
BIOL 230, Human Anatomy ................................ 4
BIOL 235, Human Physiology ............................ 4

Total Units = 21-24

For graduation requirements see Requirements for the Associate Degree on page 64.

Electives as needed to meet minimum of 60 units required for the degree:
Psychology 101, 258.

Transfer Information
Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution. See catalog TRANSFER INFORMATION section. Additional courses may be required to meet university lower-division requirements. Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog. Many Baccalaureate in Arts degrees require third semester competency in a foreign language. Consult the current catalog of the transfer institution and consult with a counselor.

Physical Education

Fitness Specialist

Certificate Program
Students in this program will be trained to be group exercise leaders and personal trainers. Students in this program will learn the principles of exercise and physical conditioning, techniques of leading exercise classes, appropriate methods of establishing healthy behavior and the designing of personalized exercise prescriptions. They will be able to develop safe, effective exercise plans for a variety of clients.

The Fitness Specialist certificate program trains students for positions, entry-level or higher, in the growing fitness industry.

Graduates will be qualified to be exercise testing technicians, fitness instructors, strength training instructors, aerobic instructors, and personal fitness trainers.

The fitness industry continued to experience growth and has an ongoing need for trained instructors and trainers in health clubs, fitness centers, and sports medicine clinics.

Please note that students enrolled in an occupational program must earn a grade of “C” or better in courses required for the major.
Certificate of Achievement:  
Physical Education  
Fitness Specialist

Courses Required for the Major: Units
PHYE 242, Care & Prevention of Injuries ............... 2
PHYE 280, Applied Exercise Physiology ................. 2
PHYE 281, Applied Kinesiology......................... 2
PHYE 282, Techniques of Weight Training............. 2
PHYE 283, Exercise & Fitness Assessment.............. 2
PHYE 284, Fitness & Sports Nutrition ................. 2
PHYE 285, Exercise for Special Populations .......... 2
PHYE 286, Techniques of Exercise Leadership ........ 2
PHYE 287, Fitness Specialist Internship.............. 2

Total Units = 18

This program prepares candidates for American College of Sports Medicine (ACSM) or American Council of Exercise (ACE) certification exams.
Physical Sciences

Certificate of Completion: Preparation for Chemistry Laboratory Positions*

Courses:
- CHEM 200, General Chemistry I - Lecture ................. 3
- CHEM 200L, General Chemistry I - Lab ..................... 2
- CHEM 201, General Chemistry II - Lecture ............... 3
- CHEM 201L, General Chemistry II - Lab ................. 2
- CHEM 231, Organic Chemistry I - Lecture ............. 3
- CHEM 231L, Organic Chemistry I - Laboratory ...... 2
- CHEM 161, Techniques in Biochemistry.................. 2

Total Units = 17

*This is a department award in recognition of information on the transcript and does not imply that a graduation requirement has been met.

Certificates of Achievements: Physical Sciences

A minimum of 35 units chosen from one of the following with the advice of the departmental advisor.

Courses Required According to Patterns for Specialization:

Chemistry

Courses Required for the Major: Units
- CHEM 200/200L, General Chemistry I Lecture/Lab .......... 5
- CHEM 201/201L, General Chemistry II Lecture/Lab .... 5
- CHEM 231/231L, Organic Chemistry I Lecture/Lab .... 5
- CHEM 233/233L, Organic Chemistry I Lecture/Lab .... 5
- CHEM 255, Inside the Pharmaceutical Industry ....... 3
- MATH 141, Precalculus ........................................ 5
- MATH 150/151/252, Calculus with Analytic Geometry I/II/III 10
- PHYS 195A, Mechanics ........................................ 5
- PHYS 195B, Electricity & Magnetism ..................... 5
- PHYS 195C, Waves, Light, & Modern Physics ........... 5
- PHYS 196A, Problems in Mechanics ...................... 5
- PHYS 196B, Problems in Electricity & Magnetism ....... 5
- PHYS 196C, Problems in Waves, Light, & Modern Physics ......................................................... 15

Total Units = 35

Chemistry Technician

Courses Required for the Major: Units
- CHEM 200/200L, General Chemistry I Lecture/Lab .... 3
- CHEM 201/201L, General Chemistry II Lecture/Lab .... 3
- CHEM 231/231L, Organic Chemistry I Lecture/Lab .... 3
- CHEM 255, Inside the Pharmaceutical Industry ....... 3

Total Units = 28

*and electives as needed to meet minimum of 60 units required for the degree.
Chemistry

Courses Required for the Major: Units
CHEM 151, Analytical Chemistry OR
CHEM 160, Introduction to Biochemistry and
CHEM 161, Techniques in Biochemistry .............. 5

Total Units = 28

Engineering

Courses Required for the Major: Units
ENGE 151, Engineering Drawing
ENGE 200, Statics
ENGE 210, Properties of Materials
ENGE 250, Dynamics ..................................... 11

Plus twenty-four units selected from the following:
CHEM 200/200L, General Chemistry I Lecture/Lab
CHEM 201/201L, General Chemistry II Lecture/Lab
ENGE 240, Digital Systems
ENGE 260, Electric Circuits
MATH 141, Precalculus
MATH 150/151/252, Calculus with Analytic Geometry I/II/III ......................... 8

Total Units = 35

Physical Sciences (General)

Courses Required for the Major: Units
GEOL 100, 101, General Geology and Lab .............. 4

At least 4 units from the following:
ASTR 101, Descriptive Astronomy
ASTR 109, Practice in Observing
ASTR 111, Astronomy Laboratory .......................... 4

At least 8 units from the following:
CHEM 100, 100L, Fundamentals of Chemistry and Lab
CHEM 130, 130L, Introduction to Organic & Biological Chemistry and Lab
CHEM 152, 152L, Introduction to General Chemistry and Lab
CHEM 200/200L, General Chemistry I Lecture/Lab
CHEM 201/201L, General Chemistry II Lecture/Lab ... 8

At least 3 units from the following:
GEOG 101, 101L, Physical Geography and Lab ........ 3

At least 8 units from the following:
PHYS 195A, Mechanics
PHYS 195B, Electricity & Magnetism
PHYS 195C, Waves, Light, & Modern Physics

Plus fifteen units selected from the following:
MATH 141, Precalculus
MATH 150/151/252, Calculus with Analytic Geometry I/II/III ............................. 20

Total Units = 35

Associate in Science Degree: Physical Sciences

Courses Required for the Major According to Patterns for Specialization:
A minimum of 35 units chosen from one of the following with the advice of the departmental advisor.

Chemistry

Courses Required for the Major: Units
CHEM 200/200L, General Chemistry I Lecture/Lab
CHEM 201/201L, General Chemistry II Lecture/Lab
CHEM 231/231L, Organic Chemistry I Lecture/Lab
CHEM 251, Analytical Chemistry .......................... 20

Plus fifteen units selected from the following:
MATH 141, Precalculus
MATH 150/151/252, Calculus with Analytic Geometry I/II/III
PHYS 195A, Mechanics
PHYS 195B, Electricity & Magnetism
PHYS 195C, Waves, Light, & Modern Physics
PHYS 196A, Problems in Mechanics
PHYS 196B, Problems in Electricity & Magnetism
PHYS 196C, Problems in Waves, Light, & Modern Physics ............................................15
Total Units = 35

Chemistry Technician

Courses Required for the Major: Units
CHEM 160, Introduction to Biochemistry .................. 3
CHEM 161, Techniques in Biochemistry ................ 2
CHEM 200/200L, General Chemistry I Lecture/Lab ... 5
CHEM 201/201L, General Chemistry II Lecture/Lab ... 5
CHEM 231/231L, Organic Chemistry I Lecture/Lab .... 5
CHEM 233/233L, Organic Chemistry I Lecture/Lab .... 5
CHEM 251, Analytical Chemistry ............................ 5
CHEM 255, Inside the Pharmaceutical Industry ...... 3
BIOL 107, General Biology-Lec and Lab .................. 4
BIOL 205, General Microbiology .......................... 5
Total Units = 42

For graduation requirements see Requirements for the Associate Degree on page 64.
Electives as needed to meet minimum of 60 units required for the degree:

Note: Only one Chemistry (CHEM) course from the above list may be used to satisfy SDCCD general education requirements.

Engineering

Courses Required for the Major: Units
ENGE 151, Engineering Drawing; ENGE 200, Statics;
ENGE 210, Properties of Materials;
ENGE 250, Dynamics .........................................11

Plus twenty-four units selected from the following:
CHEM 200/200L, General Chemistry I Lecture/Lab
CHEM 201/201L, General Chemistry II Lecture/Lab
ENGE 240, Digital Systems
ENGE 260, Electric Circuits
MATH 141, Precalculus
MATH 150/151/252, Calculus with Analytic Geometry I/II/III
PHYS 195A, Mechanics
PHYS 195B, Electricity & Magnetism
PHYS 195C, Waves, Light, & Modern Physics
PHYS 196A, Problems in Mechanics
PHYS 196B, Problems in Electricity & Magnetism
PHYS 196C, Problems in Waves, Light, & Modern Physics ............................................24
Total Units = 35

PHYSICS

Courses Required for the Major: Units
PHYS 195A, Mechanics
PHYS 195B, Electricity & Magnetism
PHYS 195C, Waves, Light, & Modern Physics
PHYS 196A, Problems in Mechanics
PHYS 196B, Problems in Electricity & Magnetism
PHYS 196C, Problems in Waves, Light, & Modern Physics ............................................15

Plus 20 units selected from the following:
CHEM 200/200L, General Chemistry I Lecture/Lab
CHEM 201/201L, General Chemistry II Lecture/Lab
MATH 141, Precalculus
MATH 150/151/252, Calculus with Analytic Geometry I/II/III .................................20

Total Units = 35

Note: Only one Physics (PHYS) course from the above list may be used to satisfy SDCCD general education requirements.

For other graduation requirements see Requirements for the Associate Degree on page 64.

Electives (Mesa College) as needed to meet minimum of 60 units required for the degree:

Recommended Electives: Astronomy 101, 109, 111, 290; Biology 105 (Miramar) and 106 (Miramar), or 107; Chemistry 100, 100L, 130, 130L, 152, 152L, 160, 161, 200, 200L, 201, 201L, 231, 231L, 233, 233L, 251, 255, 290, 296; Computer and Information Sciences 150; Economics 120; Engineering 115, 151, 200, 210, 250, 260, 270; Geography 101, 101L, 102, 290, 296; Geology 290, 296; Mathematics 96, 104, 107, 118, 119, 141, 150, 151; Physical Sciences 100, 101, 290, 296; Physics 100, 124A, 124B, 125A, 125B, 195A, 195B, 195C, 196A, 196B, 196C, 290; Speech Communications 103.

Transfer Information

Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution. See catalog TRANSFER INFORMATION section. Additional courses may be required to meet university lower-division requirements. Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog. Many Baccalaureate in Arts degrees require third semester competency in a foreign language. Consult the current catalog of the transfer institution and consult with a counselor.

Physical Therapist Assistant

<table>
<thead>
<tr>
<th>Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>Associate in Science Degree: Physical Therapist Assistant</td>
</tr>
</tbody>
</table>

*and electives as needed to meet minimum of 60 units required for the degree.

Description:
Prepares the student for employment as a physical therapist assistant. The physical therapist assistant, working under the supervision of a registered physical therapist, assists in the provision of physical therapy services prescribed by a physician, such as electrotherapy, hydrotherapy, thermotherapy, massage, therapeutic exercise and rehabilitation activities.

The program is accredited by the Commission on Accreditation in Physical Therapy Education of the American Physical Therapy Association (1111 North Fairfax, Alexandria, VA., 1-800-999-APTA) and approved by the Physical Therapy Board of California. Graduates are eligible to take the examination for licensure as a physical therapist assistant.

Eligibility for enrollment in this program is determined by a special admission procedure. Interested persons should call the Special Programs Admissions Clerk in the Admissions Office, (619) 388-2684. Course repetition in this program is not permitted.

Statement of Goals:
At the completion of the program’s curriculum, the job-ready graduate will be able to work safely and effectively under the supervision of a physical therapist.

Program Emphasis:
Exposure of students to all aspects of the physical therapy professional. Students must show safe, competent administration of physical therapy services.
Career Options:
Employment as physical therapist assistant after passing state-administered national examination.

Directed Clinical Practice Requirement
Students accepted into this program will be required to successfully complete Directed Clinical Practice/clinically-based courses held in health care facilities. These facilities may require background checks, including fingerprinting, as a condition of placement at the clinic.

Refusal to submit to a background check, or failure to meet clearance criteria established by the health care facility, may prevent placement in the Directed Clinical Practice/clinically-based course and thus, it may not be possible to successfully complete the program.

Health care facilities also require adherence to strict standards of conduct. Facilities may refuse educational access to any person who does not adhere to the facility’s standards of safety, health and ethical behavior. This may be cause for removal from the program.

Associate in Science Degree: Physical Therapist Assistant
Completion of BIOL 160 (or BIOL 230 & 235) is required prior to application.

Courses Required for the Major: Units
PHYR 110, Physical Therapy Introduction .................. 2
PHYR 111, Physical Therapy Techniques I ............... 4
PHYR 114, Introduction to Human Movement .......... 3
PHYR 120, Physical Therapy Techniques II .......... 4
PHYR 122, Introduction to Pathology ................. 3
PHYR 123, Introduction to Therapeutic Exercise .... 2
PHYR 134, Orthopedic Exercise & Rehab ............ 4
PHYR 135, Topics in Neurology & Rehab ............... 2
PHYR 142A, Directed Clinical Practice ............... 2
PHYR 142B, Directed Clinical Practice ............... 4
PHYR 141, Organization of Physical Therapy ....... 2
ENGL 101, Reading & Composition
or ENGL 105, Composition and Literature .......... 3
BIOL 160, Elements of Human Anatomy & Physiology
or BIOL 230, Human Anatomy and
BIOL 235, Human Physiology ................. 4-8
Select three-units from:
PSYC 101, General Psychology,
PSYC 111, Psychological/Social Aspects of Aging,
Death and Dying
PSYC 121, Introduction to Child Psychology ....... 3
Total Units = 42-47

For graduation requirements see Requirements for the Associate Degree on page 64.
Electives as needed to meet minimum of 60 units required for the degree:
Recommended Electives: Nutrition 150; Physical Therapist Assistant 290; Psychology 125, 128, 230; Physical Education 242; Physics 100; Computer Business Technology applications coursework.

Physics
See “Physical Sciences” on page 170.

Political Science
See “Social Sciences” on page 180.
A program suited to the needs of both the two year student and the transfer student who plan to major or minor in Psychology or related fields. It will provide the student with greater understanding of behavior. Upper division and graduate studies can lead to vocations in teaching, research, counseling, and other areas. An upper division minor in Psychology may be an important asset to majors in other fields.

### Associate in Arts Degree: Psychology

<tr>
<td><strong>Total Units</strong></td>
<td><strong>18</strong></td>
</tr>
</tbody>
</table>

Note: Only one Psychology (PSYC) course from the above list may be used to satisfy SDCCD general education requirements.

For graduation requirements see **Requirements for the Associate Degree** on page 64.

**Electives as needed to meet minimum of 60 units required for the degree:**

**Other Recommended Electives:** English 101, 105; Speech Communications 103 or 135; Mathematics 104 through 252; Natural Sciences (Life Sciences: Biology; Physical Sciences) - Laboratory courses from either of the above; Philosophy 100 or 102A/B; Foreign Language*; or Computer and Information Sciences 150.

Transfer students planning to major or minor in Psychology should select: Psychology 211, 258 (or Mathematics 119), and Psychology 260.

*Although no courses in a foreign language are specified in the above course sequence, a minimal familiarity with one foreign language is desirable. The particular language should be selected in consultation with the Behavioral Sciences Department.

### Transfer Information

Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution. See catalog TRANSFER INFORMATION section. Additional courses may be required to meet university lower-division requirements. **Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog. Many Baccalaureate in Arts degrees require third semester competency in a foreign language. Consult the current catalog of the transfer institution and consult with a counselor.**
Radiologic Technology

<tr>
<td>Associate in Science Degree:</td>
<td>62*</td>
</tr>
</tbody>
</table>

*and electives as needed to meet minimum 60 units required for the degree.

The certificate program prepares the student for certification as a full diagnostic radiographer. Training includes operation of X-ray equipment, exposing and processing films, applying protective shields, positioning patients, ethics, patient care with the radiology department and optional exposure to either nuclear medicine or radiation therapy and ultrasound. The program will also include 23 units of directed clinical practice which satisfies the required hours of clinical practice. The length of the program is four semesters and includes two summer sessions.

Upon completion of the program the student will be given a certificate of completion (AS degree optional) and may apply for registration by the American Registry of Radiologic Technologists and for certification by the State of California. The program is sponsored by the San Diego District of the California Society of Radiologic Technologists and the San Diego Radiological Society (See Accreditation, page 9).

Satisfactory completion of Biology 160, or equivalent and Computer Business Technology 180 and fulfillment of the special admissions procedure will be required before admission to the program. Course repetition in this program is not permitted.

Eligibility for enrollment in this program is determined by a special admission procedure. Interested persons should call the Special Programs Admissions Clerk in the Admissions Office (619) 388-2684.

**Directed Clinical Practice Requirement**

Students accepted into this program will be required to successfully complete Directed Clinical Practice/clinically-based courses held in health care facilities.

These facilities may require background checks, including fingerprinting, as a condition of placement at the clinic.

Refusal to submit to a background check, or failure to meet clearance criteria established by the health care facility, may prevent placement in the Directed Clinical Practice/clinically-based course and, thus, it may not be possible to successfully complete the program.

Health care facilities also require adherence to strict standards of conduct. Facilities may refuse educational access to any person who does not adhere to the facility’s standards of safety, health and ethical behavior. This may be cause for removal from the program.

The Real Estate Program offers students the following options: a Certificate of Completion for Real Estate Salesperson or Real Estate Appraisal; a Certificate of Achievement for Real Estate Broker; and an Associate in Science degree in Real Estate. Students planning to transfer to a four-year college or university should select the Business Administration major on page 124.

**Certificate of Completion: Real Estate Salesperson Option***

This Certificate of Completion satisfies the educational requirements mandated by the Department of Real Estate (DRE) for individuals who wish to become licensed as a Real Estate Salesperson in California. For questions about the DRE requirements for the real estate salesperson license or exam, call the DRE district office in San Diego at (619) 525-4192.

**Courses:**

***Six to seven units to be selected from the following:

- REAL 105, 110, 115, 120, 125, 130; BUSE 140; Escrow 101; Accounting 102 (City) or 116A

Total Units = 9-10

*This is a department award in recognition of information on the transcript and does not imply meeting a graduation requirement.

**Required prior to taking exam for Real Estate Salesperson’s License.**
*** Applicants must also, either prior to or within eighteen months after issuance of the salesperson’s license, complete two additional courses (6-7 units) selected from those listed above.

Certificate of Completion: Real Estate Appraisal*

All of the courses in this Certificate of Completion have been approved by the Office of Real Estate Appraisers (OREA) as applying toward completion of acceptable education for the following appraisal licenses: Trainee License (completion of 90 hours of acceptable education related to real estate appraisal, which must include 15 hours of instruction on the Uniform Standards of Professional Appraisal Practice (USPAP); Residential License (completion of at least 90 hours of acceptable education relating to real estate appraisal, which must include 15 hours of instruction on USPAP); Certified Residential (completion of at least 120 hours of acceptable education relating to real estate appraisal, which must include 15 hours of USPAP); Certified General (completion of at least 180 hours of acceptable education relating to real estate appraisal, which must include 15 hours of USPAP). NOTE: OREA education requirements for various appraisal licenses are effective as of 1-1-98. For questions about OREA’s licensure requirements, call the OREA office in Sacramento at (916) 552-9000.

Courses: Units
REAL 101, Real Estate Principles......................... 3
REAL 110, Principles of Real Estate Appraisal I .......... 3
REAL 140, Real Estate Appraisal II....................... 3

Total Units = 9

*This is a department award in recognition of information on the transcript and does not imply meeting a graduation requirement.

Certificate of Achievement: Real Estate

Real Estate Broker Option

This Certificate of Achievement satisfies the educational requirements mandated by the Department of Real Estate (DRE) in order for an applicant to take the DRE examination for the Real Estate Broker’s License in California. On and after January 1, 1986, an applicant for broker licensure examination must have completed eight credit courses in addition to fulfilling the experience requirement of two years of full-time real estate sales work in the last five years or the equivalent outlined in the California DRE “Instructions to License Applicants.” For questions about DRE’s requirements for the broker’s license or exam, call the DRE licensing office in Sacramento at (916) 227-0931.

Courses Required for the Major: Units
*REAL 101, Real Estate Principles.......................... 3
REAL 105, Legal Aspects of Real Estate I ............... 3
REAL 110, Principles of Real Estate Appraisal I ........ 3
REAL 115, Real Estate Finance I ........................... 3
REAL 120, Real Estate Practice............................. 3
REAL 125, Real Estate Economics ......................... 3

Six to seven units to be selected from the following:
ACCT 102, Basic Accounting (City) or ACCT 116A, Financial Accounting;
BUSE 140, Business Law & the Legal Environment;
ESCR 101, Escrow Procedures- Beginning;
REAL 130, Real Property Management;
REAL 140, Real Estate Appraisal II...................... 6-7

Total Units = 24-25

*Required prior to taking DRE exam for Real Estate Salesperson’s License.
**Associate in Science Degree:**

**Real Estate**

</tr>
</tbody>
</table>

Designed for students who are interested in a program of studies that will allow them to attain educational or career goals that are not satisfied by associate degrees offered in Degree Curricula and Certificate Programs listed in this catalog.

**Associate in Arts Degree:**

**Selected Studies**

**Courses Required for the Major:**

The student must earn a minimum of 18 required semester units in a single discipline or related disciplines. The approved course of study represents a cohesive and rigorous program of instruction related to a specific goal not met by other Programs of Instruction as found in this catalog. The student and a counselor will develop a Selected Studies program to be submitted to an academic standards committee for review and approval. The student is encouraged to meet with the counselor early in his or her educational career to review the student’s statement of justification for the Associate in Arts Degree: Selected Studies and to develop an education plan.

Only one course from the approved pattern for the Selected Studies major may be used to satisfy SDCCD general education requirements. Students must fulfill additional requirements for the Associate Degree as listed in this catalog.

For graduation requirements see **Requirements for the Associate Degree** on page 64.

**Electives as needed to meet minimum of 60 units required for the degree:**

**Recommended Electives:** Electives are particularly important in this program. They may be used by the student to strengthen the major, explore new fields of
interest, and satisfy graduation requirements at a four-year institute.

The student who plans carefully may fulfill the requirements for the A.A. Degree and also complete most lower division requirements at the four-year institution of his/her choice in the major area and in general education. See generalized guide for transfer students located in this catalog.

The general Social Sciences major is designed to provide the student with an introduction to the varied disciplines of the Social Sciences and Humanities. Students who intend to transfer to a four-year college or university are urged to plan their programs carefully in conjunction with the requirements of the target school. The general Social Sciences major is also an excellent choice for the undecided student who simply wants to complete lower-division General Education requirements with a solid Liberal Arts preparation. More specific Social Sciences and Humanities concentrations are provided in Geography, History, Philosophy, and Political Science majors.

It is easy to make the transition from the general Social Sciences major to one of the specific concentrations if the decision is made early in the student’s academic career. The Social Sciences majors (general and specific) prepare the student for upper-division work in the various Social Sciences disciplines leading to advanced degrees and/or careers in public administration, business, teaching, research, etc.

Certificate of Completion: Global Culture Studies*

This certificate is designed for students interested in global issues, including students seeking an understanding of mankind’s cultural heritage, cultural geography, and an appreciation of intercultural communication processes. This certificate will
complement courses taken in other multi-cultural academic areas and includes transfer general education courses.

Courses: Units
HUMA 101, Introduction to the Humanities I .......... 3
HUMA 102, Introduction to the Humanities II ........ 3
ANTH 103, Introduction to Cultural Anthropology .... 3
SPEE 180, Intercultural Communication ................. 3

Select one of the following:
GEOG 102, Cultural Geography ........................... 3
GEOG 104, World Regional Geography .................. 3

Total Units = 15

*This is a cross-departmental award in recognition of information on the transcript and does not imply that a graduation requirement has been met.

Associate in Arts Degree: Social Sciences
General

Courses Required for the Major: Units
HIST 100 and HIST 101, World History I & II, or 6
HIST 105 and HIST 106, Introduction to Western Civilization I & II

Select a six-unit sequence from two of the following different fields:
GEOG 102, Cultural Geography
GEOG 104, World Regional Geography
HIST 109 and 110, History of the United States I & II
HIST 115A and 115B, History of the Americas I & II
HIST 125 and 126, History of English and the Commonwealth I and II
HIST 150 and 151, Native Americans in United States History
PHIL 102A, Introduction to Philosophy: Reality and Knowledge, and
PHIL 102B, Introduction to Philosophy: Values
PHIL 104A and 104B, History of Western Philosophy
POLI 101, Introduction to Political Science, and
POLI 102, The American Political System
POLI 103, Comparative Politics, and
POLI 140, Contemporary International Politics ........ 12

Total Units = 18

Note: Only one course from the above list may be used to satisfy SDCCD general education requirements.

For graduation requirements see Requirements for the Associate Degree on page 64.

Electives as needed to meet minimum of 60 units required for the degree:
Recommended Electives: Geography 102, 104, 290;
History 109 and 110, 115A and 115B, 125 and 126,
130, 150 and 151, 155, 168, 171, 175, 290; Philosophy 101, 102A and 102B, 103, 104A and 104B, 105, 106, 107, 108, 109, 110, 111, 112, 125, 290; Political Science 101 and 102, 103, 140, 290; Anthropology 103, 200, 210; Fine Arts 110, 111; Economics 120 and 121; English 215, 216, 220, 221; Humanities 101, 102; Psychology 155; Sociology 101, 110, 201.

Transfer Information

Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution. See catalog TRANSFER INFORMATION section. Additional courses may be required to meet university lower-division requirements. Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog. Many Baccalaureate in Arts degrees require a third semester competency in a foreign language. Consult the current catalog of the transfer institution and consult with a counselor.

Social Sciences with Emphasis in Different Areas

A major in the Social Sciences not only provides the student with the option of pursuing a general Social Sciences major, but a major that provides a concentration in one of the following areas as well: Social Sciences - Geography; Social Sciences - History; Social Sciences - Philosophy; or Social Sciences - Political Science. Major requirements and recommended electives for each of these options are described below:

Associate in Arts Degree: Social Sciences
Geography

Courses Required for the Major: Units
GEOG 101, Physical Geography .............................. 3
GEOG 102, Cultural Geography .............................. 3
HIST 100 and HIST 101, World History I & II; or 6
HIST 105 and HIST 106, Introduction to Western Civilization I & II

Select six units from the following:
GEOG 101L, Physical Geography Laboratory
GEOG 104, World Regional Geography
GEOG 154, Introduction to Urban Geography
GEOG 296, Individualized Instruction in Geography 6

Total Units = 18
Note: Only one Geography (GEOG) course from the above list may be used to satisfy SDCCD general education requirements.

For graduation requirements see Requirements for the Associate Degree on page 64.

Electives as needed to meet minimum of 60 units required for the degree:
Recommended Electives: Anthropology 102, 103; Economics 120, 121; Geography 101L, 104, 154, 290; Geology 100, 101; History 109, 110; Mathematics 119; Political Science 101, 102, 103, 140; Sociology 101, 110.

Associate in Arts Degree:
Social Sciences

History

Courses Required for the Major: Units
HIST 100 and HIST 101, World History I & II, or HIST 105 and HIST 106, Introduction to Western Civilization I & II........................................ 6
HIST 109, History of the United States I................. 3
HIST 110, History of the United States II ............... 3
Select six units from the following:
HIST 115A\115B, History of the Americas I & II
HIST 120, Introduction to Asian Civilization
HIST 121, Asian Civilization in Modern Times
HIST 125/126, History of English and the Commonwealth I/II
HIST 130, The Middle East Today
HIST 150/151 Native Americans in United States History
HIST 155, Introduction to Classical Civilization
HIST 168, The United States in Vietnam
HIST 171, Twentieth Century America on Film
HIST 175, California History
HIST 296, Individualized Instruction in History........ 6
Total Units = 18

Note: Only one History (HIST) course from the above list may be used to satisfy SDCCD general education requirements.

*Some campuses might not offer all courses.

For graduation requirements see Requirements for the Associate Degree on page 64.

Electives as needed to meet minimum of 60 units required for the degree:
Recommended Electives: Fine Arts 100, 110, 111; Anthropology 103; Black Studies 116, 145A, 145B; Economics 120, 121; English 205 or higher; History 109, 110; Humanities 101, 102; Languages (an 8-unit sequence); Music 100, 105, 125; Political Science 101, 102, 103, 140; Philosophy 105 and above; Psychology 101, 121, 123, 207; Sociology 101, 110.
**Associate in Arts Degree: Social Sciences**

**Political Science**

SOCO 125, Sociology of the Family
SOCO 201, Advanced Principles of Sociology
SOCO 270, Work Experience in Sociology
ANTH 103, Introduction to Cultural Anthropology
PSYC 101, General Psychology

Total Units = 18

Note: Only one Sociology (SOCO) course from the above list may be used to satisfy SDCCD general education requirements.

For graduation requirements see Requirements for the Associate Degree on page 64.

Electives as needed to meet minimum of 60 units required for the degree:

Recommended Electives: Anthropology 103; English 101, 105; Filipino Studies 100; **Foreign Language; History 105, 106; Mathematics 119; Natural Sciences (Life Sciences, Physical Sciences, laboratory courses from either of the above); Philosophy 102A, 102B; Psychology 101, 258; Sociology 201, 270, 290; Speech Communications 103 or 135.

*Some campuses might not offer all courses.*
It is strongly recommended that students planning to transfer to a four-year institution complete a course in statistics, either Psychology 258, or Mathematics 119.

**Although no courses in a foreign language are specified in the above course sequence, a minimal familiarity with one foreign language is desirable. The particular language should be selected in consultation with the Behavioral Sciences Department.**

**Speech Communications**

*and electives as needed to meet minimum 60 units required for the degree.

**Description:**
This program is designed to offer the Associate in Arts degree and Certificate of Completion as well as a broad spectrum of communication classes that will provide preparation for the major in communication, and training for occupations in which public contact and verbal skills are important. It can also serve as a core curriculum for the Selected Studies or the Transfer Studies degrees.

**Statement of Goals:**
The Communication program is designed to prepare students to meet lower division transfer requirements and to allow students to participate in several areas of oral communication, including public speaking, interpersonal communication, oral interpretation, and debate.

**Program Emphasis:**
The Communication program emphasizes preparation for the major in Communication and provides students the opportunity to develop skill in public speaking, interpersonal and group communication, oral interpretation, and debate. In addition, students are able to participate in Speech/Debate competitions.

**Career Options:**
Students in this program develop personal and professional communication skills that prepare them to enter careers in community service, sales, performing arts, teaching, and other communication professions. Most of these fields require an advanced degree.
Certificate of Completion: Speech Communications

A Certificate of Completion in Communication is valuable for students in vocational and technical fields as well as for those who wish to transfer to a four-year college or university. The communication skills include presentation skills as well as group and interpersonal skills, making the Certificate of Completion a valuable addition to any resume.

Courses: Units
SPEE 103, Oral Communication ......................... 3
Select six units from:
SPEE 101, Voice and Articulation
SPEE 104, Advanced Public Communication
SPEE 111, Oral Interpretation
SPEE 117A, Intercollegiate Forensics
SPEE 117B, Intercollegiate Forensics
SPEE 117C, Intercollegiate Forensics
SPEE 117D, Intercollegiate Forensics
SPEE 135, Interpersonal Communication
SPEE 160, Argumentation
SPEE 165, Service-Learning for Civic Leadership
SPEE 170, Small Group Communication
SPEE 180, Intercultural Communication ................. 6
Total Units = 9

Note: Only one Speech Communications (SPEE) course from the above list may be used to satisfy SDCCD general education requirements.

For graduation requirements see Requirements for the Associate Degree on page 64.

Electives as needed to meet minimum of 60 units required for the degree:
Recommended Electives: Speech Communications 99, 117C, 117D, 165, and courses in Dramatic Arts; Theatre Arts; Radio and Television; Journalism; Sociology; and Psychology.

Transfer Information

Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution. See catalog TRANSFER INFORMATION section. Additional courses may be required to meet university lower-division requirements. Course requirements at the transfer institution are subject to change and may be verified by a counselor or by consulting the current university catalog. Many Baccalaureate in Arts degrees require third semester competency in a foreign language. Consult the current catalog of the transfer institution and consult with a counselor.

Teacher Education Preparation

Consult with a counselor for lower division general education and major preparation requirements.
Transfer Studies

Associate in Arts Degree
Transfer Studies

The Transfer Studies Associate Degree is designed to enable students to complete the requirements for an Associate in Arts Degree and transfer to the University of California or to the California State University with lower-division general education requirements met. Determining lower-division major preparation for a given campus and major can be complex, and requirements change frequently.

Caution: Because admission and major preparation requirements vary at each UC, CSU, and private institution, it is strongly advised that students meet with a counselor to determine the specific admissions and major preparation requirements of the selected transfer institution. Some receiving institutions, such as San Diego State University, require that the student complete all courses offered in the preparation for the major, the general education pattern, and 60 transferable units before transferring. Completion of the Transfer Studies Degree does not guarantee acceptance into a four-year institution nor into a major.

*and courses as needed to meet minimum of 60 semester units required for the degree.

1. Complete a California State University (CSU) General Education pattern (a minimum of 39 units) (see “Certification of CSU General Education Breadth Requirements” on page 92 for course offerings meeting requirements in each of the following areas):
   - Area A: Communications in the English Language & Critical Thinking-minimum of 9 semester units
   - Area B: Physical Universe & Its Life Forms; Mathematics/Quantitative Reasoning-minimum of 9 semester units
   - Area C: Arts, Literature, Philosophy & Foreign Languages-minimum of 9 semester units
   - Area D: Social, Political & Economic Institutions and Behavior; Historical Background-minimum of 9 semester units
   - Area E: Lifelong Understanding & Self-Development-minimum of 3 semester units
2. Complete the required courses in the transfer major and other transferable courses necessary to fulfill the 60 semester units required for the Associate in Arts degree. (Sixty semester units must be transferable.)
3. Demonstrate competence in reading, written expression and mathematics.
4. Meet the SDCCD's 12-unit residence requirement.

IGETC Transfer Curriculum

The District accepts completion of the Intersegmental General Education Transfer Curriculum as fulfilling all college general education and graduation requirements.

To meet the requirements for this program, the student must:

1. Complete the Intersegmental General Education Transfer Curriculum (IGETC) for transfer to the University of California or California State University system (37-40 semester units) (see page 85 for course offerings meeting requirements in each of the following areas):
   - Area 1: English Communication-6-9 semester units
   - Area 2: Mathematical Concepts & Quantitative Reasoning-3 semester units
   - Area 3: Arts & Humanities-9 semester units
   - Area 4: Social & Behavioral Sciences-9 semester units
Area 5: Physical & Biological Sciences-7-9 semester units and Languages Other Than English (UC requirement)

2. Complete the required courses in the transfer major and other transferable courses necessary to fulfill the 60 semester units required for the Associate in Arts degree. (Sixty semester units must be transferable.)

3. Demonstrate competence in reading, written expression and mathematics.

4. Meet the SDCCD’s 12-unit residence requirement.

UCSD Transfer Admission Guarantee (TAG)

The District accepts completion of a UCSD Transfer or Admission Guarantee as fulfilling all college general education and graduation requirements.

To meet the requirements for this program, students must:

1. Complete the UCSD Transfer Admission Guarantee (TAG) core requirements (34-38 semester units) (see page 99 for course offerings meeting requirements in each area):
   - Writing-2-course sequence
   - Humanities-2-course sequence
   - Foreign Language-2-course sequence
   - Social Science-2-course sequence
   - Calculus or Natural Science-2-course sequence

Note: Students who elect to take the Calculus course sequence in Area E must complete an approved Natural Science course within their program to meet district general education graduation requirements for the Transfer Studies AA degree.

2. Complete all TAG contract requirements.

3. Complete the required courses in the transfer major and other transferable courses necessary to fulfill the 60 semester units required for the Associate in Arts degree. (Sixty semester units must be transferable.)

4. Demonstrate competence in reading, written expression and mathematics.

5. Meet the SDCCD’s 12-unit residence requirement.

Other Institutions Transfer Pattern

The District accepts completion of the Other Institutions Transfer Pattern for private, independent or out-of-state institutions, as fulfilling college general education and graduation requirements for the Associate degree provided that a student has completed a minimum of 18 semester units in General Education and a minimum of 18 semester units in a major or courses in a discipline or related disciplines. Students must also demonstrate competence in reading, written expression and mathematics.

To meet the requirements for this program, students must:

1. Declare a specific accredited transfer institution and a specific transfer major.

2. Complete an educational plan with a counselor to include all GE requirements (minimum of 18 semester units) and preparation for the major for the Associate degree. Educational plan must be on file in the Counseling Office.

Minimum general education requirements:

- Natural Sciences - 3 semester units
- Social and Behavioral Sciences - 3 semester units
- Humanities - 3 semester units
- Language and Rationality
  - English Composition - 3 semester units
  - Communication and Analytical Thinking - 3 semester units

Remaining 3 semester unit requirement must be selected from among the above four divisions of learning.

3. Complete the required courses in the transfer major and other transferable courses necessary to fulfill the 60 semester units required for the Associate in Arts degree. (Sixty semester units must be transferable.)

4. Demonstrate competence in reading, written expression and mathematics.

5. Meet the SDCCD’s 12-unit residence requirement.

Travel and Tourism

See “Destination and Event Management in Hospitality” on page 143.
Course Descriptions
General Course Information

Not all courses listed will be offered each semester, and San Diego Mesa College reserves the right to cancel any course if enrollment in such course is below a minimum number as set by the San Diego Community College District Board of Trustees. The hours indicated at the beginning of each course description, except where otherwise specified, denote the total number of clock hours the class meets each week.

_Students enrolled in occupational and health occupation programs must earn a grade of “C” or better in courses required for the major._

_Only one course in a student’s major discipline may be used to meet the San Diego Community College district general education requirement._

Course Numbering System

The course numbering system has meaning with regard to level and transfer. See the description below:

- **1-49** Basic Skills or college preparatory courses. Credit does not apply toward an associate degree or transfer to a four-year college or university.
- **50-99** Course credit applies toward the associate degree but does not transfer to a four-year college or university.
- **100-299** Course credit applies toward the associate degree and credit is intended for transfer to a four-year college or university. (Some courses may be identified as associate degree.) Final decision in regard to transferability rests with the receiving institution.
- **300-399** Apprenticeship and in-service courses. See Catalog course description to determine credit for Associate Degree or Transfer.

Arts and Humanities:
- Apprenticeship 345, 349, 349-D, DSPS 065, Field Experience/Internship 275, Individualized Instruction 296, Special Topics 23, 63, 265, Tutoring 044, and courses 270, 272, 274, have Districtwide designated numbers.

Prerequisites, Corequisites, Limitations on Enrollment, and Advisories

All prerequisites, corequisites, and limitations on enrollment stated in the course descriptions listed in this catalog will be strictly enforced by ClassTalk and Reg-e at the time of registration. Students who do not meet the prerequisite, corequisite, or other limitation according to the college’s records, will not be permitted to register for the course. Students are strongly advised to have all transcripts of prior college work and other documentation on file well in advance of registration. This will minimize registration delays. For more information see page 19.

_Students should plan their schedule early and see a counselor for assistance._

Challenge Procedures

Students may challenge a prerequisite, corequisite or limitation on enrollment. Contact the Admissions Office to obtain a Petition to Challenge and a copy of Procedures 5500.2. The completed petition must be filed no later than ten working days prior to the published add deadline for the course being challenged.

Generic Course Information

Any discipline or department may offer the courses listed below which do not appear individually in the catalog. If applicable to a particular subject area, it will be listed under the appropriate departmental heading (subject indicator) in the college class schedule. For further information, please check with the instructor or department chair.

- **Supervised Tutoring (044)**
  Supervised tutoring courses are available in each discipline. To enroll in a supervised tutoring course, a student must be enrolled in a college or basic skills course in the respective discipline. The courses are designed to prepare the student to succeed in the corequisite or subsequent courses. Supervised tutoring may be taken four times, each time with a different corequisite. Credit does not apply to the associate degree.

- **Special Topics Courses (265)**
  Special topics courses that examine current problems or issues of interest may be offered in some disciplines. See the class schedule for specific titles and course details.

- **Work Experience (270)**
  Program of on-the-job learning experiences for students employed in a job related to the major. The combined maximum credit for all work experience courses from all disciplines may not exceed 16 units. To receive credit, a student must complete a minimum of seven units during the semester, including work experience. Associate Degree Credit & transfer to CSU and/or private colleges and universities.
Service Learning
Students gain hands-on experience in project planning, development, implementation and evaluation. Students meet weekly to receive support training and development opportunities regarding best practices in Service Learning. The service-learning options are as follows:

Service Learning - High School Projects (277A)
Students in this course develop and implement service-learning projects to help high school students under the supervision of college faculty and in cooperation with high school teachers, counselors and resource teachers. Projects may include collaboration with high school classes, educational projects for high school students, mentoring, and shadowing. This course is intended for students from any discipline who are interested in project development, development of teaching skills, or enhancement of communication and planning skills. Course segments may be taken in any order. The combined credit for all 277A discipline courses may not exceed three units. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

Elementary and High School Projects (277B)
Students in this course develop and implement service learning projects to help elementary and junior high school students under the supervision of college faculty and in cooperation with elementary and junior high school teachers, counselors and resource teachers. Projects may include collaboration with elementary and junior high school classes, educational projects for elementary and junior high school students, mentoring, and shadowing. This course is intended for students from any discipline who are interested in project development, development of teaching skills, or enhancement of communication and planning skills. Course segments may be taken in any order. The combined credit for all 277B discipline courses may not exceed three units. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

Service Learning - Community (277C)
Students in this course develop and implement service-learning projects to help the college's community under the supervision of college faculty and in cooperation with the staff of community organizations and agencies. Projects may include collaboration with off-campus community organizations and educational service oriented projects for the college's community. This course is intended for students from any discipline who are interested in project development, development of teaching skills, or enhancement of communication and planning skills. Course segments may be taken in any order. The combined credit for all 277C discipline courses may not exceed three units. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

Service Learning - On Campus (277D)
Students in this course develop and implement service-learning projects to help the college's students under the supervision of college faculty and in cooperation with college counselors and staff. Projects may include collaboration with college classes, educational projects for college students, mentoring, and shadowing. This course is intended for students from any discipline who are interested in project development, development of teaching skills, or enhancement of communication and planning skills. Course segments may be taken in any order. The combined credit for all 277D discipline courses may not exceed three units. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

Independent Study (290)
This course is for students who wish to conduct additional research, a special project, or learning activities in a specific discipline/subject area and is not intended to replace an existing course in the discipline. In this course students will have a written contract with their instructor for activities such as: preparing problem analysis, engaging in primary research, preparing reports, and meeting with the instructor at specific intervals. This course may be taken four times with different content, for a maximum of six units. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

Individualized Instruction (296)
This course provides supplemental instruction to reinforce achievement of the learning objectives of a course in the same discipline under the supervision of the instructor of the designated course. Learning activities may employ a variety of self-paced multimedia learning systems, language labs, print and electronic resources, laboratory, or field research arrangements, to assist student in reaching specific learning objectives. This open entry/open exit course is offered concurrently with designated courses. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

Accelerated College Program
Transferable community college courses in calculus and political science are provided for qualified high school
students at local high schools. The Accelerated College Program, located at Mesa College, is a Districtwide program responsible for providing and administering all of these classes, following guidelines established by a joint agreement between SDCCD and SDUSD. When an ACP student becomes a first-year or transfer student, credits transfer and are widely applicable in fulfilling general education and pre-major requirements at most universities.

**Explanation of Terms**

Courses in the San Diego Community College District which transfer to public four-year universities in California are identified at the end of each course description with the following statements:

**Associate Degree Credit & transfer to CSU and/or private colleges and universities.** UC Transfer Course List: Course is certified for transfer to the 22 campuses of the California State University and to the nine campuses of the University of California.

Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor: Course is certified for transfer to California State University campuses and will transfer to the University of California campuses with some restrictions. Students should see a counselor concerning these limitations.

The UC system limits the credit that will be accepted for Art, Music, Drama (Theater Arts), Computer Science, Engineering, and Independent Study courses. It is expected that students will plan their transfer program carefully and enroll in general education as well as courses preparatory for their intended major at UC. If you have questions, please see a counselor.

**Associate Degree Credit & transfer to CSU and/or private colleges and universities.**

**CAN:** The notation CAN stands for California Articulation Number. The course is accepted at other participating campuses (See page 84).

**(FT)** Field trip may be required.

**UC Transfer and Physical Education Activity Courses**

UC grants a maximum of four semester units of credit for appropriate Physical Education Activity courses. Courses that are subject to this limit are listed as such on the college’s UC Transfer Course Agreement, available on web ASSIST at www.assist.org under the UC Transferable Courses link. Physical Education Theory courses or courses that do not fit either the Theory or Activity category are not included in the four semester credit limit.

**UC Transfer and Variable Topics Courses**

These courses are also called “Independent Studies”, “Special Studies”, “Special Topics”, “Internships”, “Field Work”, etc. Credit for variable topics courses is given only after a review of the scope and content of the course by the enrolling UC campus. This usually occurs after transfer and may require recommendations from faculty. UC does not grant credit for variable topics courses in Journalism, Photography, Health, Business Administration, Architecture, Administration of Justice (Criminology) or Library Departments because of credit restrictions in these areas.

**Physical Education Classes/ Intercollegiate Sports Disclaimer**

Participation in all sports and physical education activities involves certain inherent risks.

Risks may include, but are not limited to, neck and spinal injuries that may result in paralysis or brain injury, injury to bones, joints, ligaments, muscles, tendons and other aspects of the muscular skeleton system; and serious injury, or impairment, to other aspects of the body and general health, including death. The San Diego Community College District, its officers, agents and employees are not responsible for the inherent risks associated with participation in physical education classes/intercollegiate sports.

*Students are strongly advised to consult a physician prior to participating in any physical education activity.*

**ACCOUNTING (ACCT)**

116A Financial Accounting

4 hours lecture, 4 units

**Grade Only**

Advisory: English 51 and English 56 and Mathematics 95, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5 and M40.

This introductory financial accounting course provides instruction in the theory and practice of accounting applicable to recording, summarizing, and reporting of business transactions for external uses. Topics also include coverage of asset valuation, revenue and expense recognition, and appropriate accounting for various asset, liability, and capital accounts. This
course is required for business majors preparing for and planning to transfer to, a four-year college or university. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN BUS 2) (CAN BUS SEQ A = ACCT 116A + 116B).

116B Managerial Accounting
4 hours lecture, 4 units
Grade Only
Prerequisite: Accounting 116A with a grade of "C" or better, or equivalent.
This course shows students the extent to which management accounting can facilitate both operating and strategic business decisions. It emphasizes how information is used for managerial planning and control. The following areas are examined: cost-volume-profit relations, cost accounting systems, budgeting, differential analysis, and product pricing strategies. This course is required for the associate degree and is generally required for a four-year degree. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN BUS SEQ A = ACCT 116A + 116B).

120 Federal Income Tax
3 hours lecture, 3 units
Grade Only
Advisory: Completion of or concurrent enrollment in Accounting 116A with a grade of "C" or better, or equivalent.
This course introduces the student to tax concepts and tax laws that govern individuals who pay federal income taxes. Emphasis is placed on recognizing the social, economic, and political factors that Congress considers when they create tax laws. This course relates tax codes to the individual and identifies how tax planning skills can determine economic outcomes. Furthermore, it demonstrates and differentiates between tax avoidance and tax evasion. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

121 California Income Tax
1 hour lecture, 1 unit
Grade Only
Advisory: Concurrent enrollment in Accounting 120.
This is a study of the structure of California personal income taxation, tax planning and underlying social economic issues. An emphasis will be placed on tax concepts rather than tax return preparation. The course contrasts and compares California requirements to Federal Income Tax. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

125 Government & Not-for-Profit Accounting
3 hours lecture, 3 units
Grade Only
Prerequisite: Accounting 116A with a grade of "C" or better, or equivalent.
The course provides instruction in the principles of fund accounting and budgeting including revenues, appropriations, encumbrances, internal controls for both governmental and not-for-profit entities. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

135 Principles of Auditing
3 hours lecture, 3 units
Grade Only
Prerequisite: Accounting 116A with a grade of "C" or better, or equivalent.
This is a basic course concerned with financial statement auditing as well as other assurance services provided by professional auditors. All phases of auditing including ethics, standards, planning, fieldwork and reporting are covered. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

150 Computer Accounting Applications
3 hours lecture, 3 units
Grade Only
Advisory: Completion of or concurrent enrollment in Accounting 116A with a grade of "C" or better, or equivalent.
This course illustrates to the student how to use accounting computer programs in a commercial business enterprise. As a basis for instruction, it demonstrates the use of QuickBooks Pro accounting software on a PC. The full accounting cycle and payroll is evaluated within a typical business environment. Business transactions are identified, labeled, recorded, and processed for both service and merchandise businesses. Financial statements are constructed, evaluated, and reviewed for accuracy and completeness. The main objective is to provide the student with a complete guide to creating and maintaining a proper accounting system while using a popular accounting software program. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.
186 Accounting for Professional Offices
3 hours lecture, 3 units
Grade Only
Advisory: English 51 and English 56 and Mathematics 95, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5 and M40.
Accounting systems for medical, legal and dental offices, including the pegboard systems and introduction to computerized accounting. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

201A Intermediate Accounting I
3 hours lecture, 3 units
Grade Only
Advisory: Accounting 116A with a grade of “C” or better, or equivalent.
This course introduces students to advanced theory and concepts with an emphasis on financial accounting standards and principles. The course encompasses the intensive study of the corporate income statement and balance sheet. It also includes the acquisition, valuation, and disposition of assets. This course is intended for students who are pursuing the Certificate of Achievement and/or Associate of Science Degree in Accounting. This course is also designed for students who wish to upgrade their skills on the job. Students should have a strong grasp of basic accounting principles and practices obtained through prior academic training or work experience. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

201B Intermediate Accounting II
3 hours lecture, 3 units
Grade Only
Prerequisite: Accounting 201A with a grade of “C” or better, or equivalent.
This course continues the study of advanced theory and concepts that was started in Accounting 201A. It includes the valuation and presentation of liabilities and stockholders’ equity, the statement of cash flows, ratio analysis, and other topics. This course is intended for students who are pursuing the Certificate of Achievement and/or Associate of Science Degree in Accounting. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

49 Introduction to Health Careers
1.5 hours lecture, 1.5 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56 and Mathematics 91, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5, R5 and M40.
This introductory course is designed for students interested in entering the human or veterinary health care industry. This course explores the history and key aspects of the practice of health care in the United States. The content provides ways to identify general aptitudes and skills required in health careers and provides students with an opportunity to match individual aptitudes, interests and abilities to specific health careers. (FT) Not Applicable to Associate Degree and not a basic skills course.

104 Introduction to Deaf Culture
3 hours lecture, 3 units
Grade Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
Limitation on Enrollment: This course is not open to students with credit for Special Education 104.
This is a course to provide students an introduction to the unique aspects of Deaf Culture and Deaf community. This course provides in-depth discussion of the beliefs and customs of this sociolinguistic/cultural minority in relation to language use and history of Deaf people in the United States of America. This course is intended for students who are interested in learning about Deaf Culture and the Deaf community. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.
105 Implications of Deafness
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
Limitation on Enrollment: This course is not open to students with credit for Special Education 105.
The audiological, educational, social, and communicative aspects of people who are deaf and hearing impaired. A look at historical perspectives and current trends, philosophies, and ideologies. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

107 American Sign Language: Fingerspelling
2 hours lecture, 2 units
Grade Only
Prerequisite: American Sign Language/Interpreting 100 with a grade of “C” or better, or equivalent.
Introduction to the American manual alphabet (Fingerspelling) and its use. Extensive drills and practice in both expressive and receptive use of the language. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

108 Fingerspelling for Interpreters
2 hours lecture, 2 units
Grade Only
Prerequisite: American Sign Language/Interpreting 215 with a grade of “C” or better, or equivalent.
Advanced skill development of the American manual alphabet (fingerspelling) and its application within the interpreting process. Extensive drills and practice in both expressive and receptive skills, as well as practice in the use of fingerspelling within the context of voice to sign and sign to voice interpreting. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

115 American Sign Language Level I
4 hours lecture, 4 units
Grade Only
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
Limitation on Enrollment: This course is not open to students with previous credit for American Sign Language/Interpreting 100.
This is an entry-level course designed to introduce students to American Sign Language and fingerspelling as it is used within Deaf Culture. Students are taught to use American Sign Language by signing, fingerspelling, using facial grammar at the novice level. Emphasis is on the development of ASL and receptive skills. The course is designed for students who want ASL to explore the basic language structure of ASL and Deaf Culture. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

116 American Sign Language Level II
4 hours lecture, 4 units
Grade Only
Prerequisite: American Sign Language/Interpreting 115; or American Sign Language/Interpreting 100 and American Sign Language/Interpreting 107, each with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for American Sign Language/Interpreting 101.
This course is a continuation of the study of American Sign Language (ASL) at the beginning intermediate level. Emphasis is on the development of ASL vocabulary and receptive skills. Instruction includes a natural approach to teaching a second language by exposing students to authentic conversations in the classroom. This course builds students' receptive and expressive skills in ASL and fingerspelling as well as their knowledge of Deaf culture. It is designed for the student or professional interested in working and interacting with Deaf people. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

205 Interpreting Skills I
2.5 hours lecture, 1.5 hours lab, 3 units
Grade Only
Prerequisite: American Sign Language/Interpreting 216 with a grade of “C” or better, or equivalent.
This course is designed to introduce students to the interpretation process. Students will be applying their knowledge of American Sign Language from previous coursework to the task of English to American Sign Language interpretation. Primary emphasis is placed on developing basic interpreting and transliterating skills. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

206 Interpreting Skills II
2.5 hours lecture, 1.5 hours lab, 3 units
Grade Only
Prerequisite: American Sign Language/Interpreting 205 with a grade of “C” or better, or equivalent. Be prepared to be tested for equivalent interpreting competency.
A continuation of Interpreting Skills I with emphasis given to the principles and skill development of voice-to-sign interpretation/transliteration. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**207 Sign-to-Voice Interpreting I**

2.5 hours lecture, 1.5 hours lab, 3 units  
*Grade Only*

**Prerequisite:** American Sign Language/Interpreting 205 with a grade of “C” or better, or equivalent.

**Corequisite:** Completion of or current enrollment in American Sign Language/Interpreting 206 with a grade of “C” or better, or equivalent.

This course is designed to provide development of skills in receiving signed messages and presenting an equivalent message using spoken English. Emphasis is placed on Sign Language receptivity, appropriate English word choices, vocal inflection, and English structure. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**208 Sign-to-Voice Interpreting II**

2.5 hours lecture, 1.5 hours lab, 3 units  
*Grade Only*

**Prerequisite:** American Sign Language/Interpreting 207 with a grade of “C” or better, or equivalent. Be prepared to be tested for equivalent interpreting competency.

This course is a continuation of Sign-to-Voice Interpreting I, with emphasis on: advanced receptive skills, word choices, vocal inflection, and ability to interpret signed messages using appropriate English structure. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**209 Professional Aspects of Interpreting**

3 hours lecture, 3 units  
*Grade Only*

**Prerequisite:** American Sign Language/Interpreting 205 with a grade of “C” or better, or equivalent.

This course is designed to provide the student with a perspective of interpreting as a profession. Topics include: national standards for evaluation and certification, the employment aspects of interpreting and the ethical implications of interpreting. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**210 Introduction to Specialized Settings**

3 hours lecture, 3 units  
*Grade Only*

**Prerequisite:** American Sign Language/Interpreting 205 with a grade of “C” or better, or equivalent.

This course gives a basic introduction of interpreting within a number of settings and situations. Included in the course are principles and basic skill development for interpreting in the following: telephone and television interpreting, legal, oral, medical and mental health interpreting, interpreting for formal meetings, small group meetings, performing arts and platform interpreting. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**215 American Sign Language Level III**

4 hours lecture, 4 units  
*Grade Only*

**Prerequisite:** American Sign Language/Interpreting 214; or American Sign Language/Interpreting 200.

This course is the third course in the study of American Sign Language (ASL) with an emphasis on ASL syntax, facial grammar, vocabulary, and fingerspelling enabling students to participate in more complex conversations with Deaf community members. Instruction includes a natural approach to teaching a second language by exposing students to authentic conversations within the classroom environment. This course enhances students' receptive and expressive skills at an advanced intermediate level in ASL. It also further develops their knowledge and understanding of the Deaf community and its art and history. It is designed for the student or professional interested in working and/or interacting with Deaf people. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

**216 American Sign Language Level IV**

4 hours lecture, 4 units  
*Grade Only*

**Prerequisite:** American Sign Language/Interpreting 315; or American Sign Language/Interpreting 200 and American Sign Language/Interpreting 107, each with a grade of “C” or better, or equivalent.

This course is the fourth course in the study of American Sign Language (ASL) with an emphasis on advanced fingerspelling, ASL structure and vocabulary. Instruction includes a natural approach to teaching a second language by exposing students to authentic conversations in the classroom. This course continues to build students' receptive and expressive skills in
American Sign Language as well as their knowledge of Deaf culture including an introduction to the influences of other sign language systems. It is designed for the student or professional interested in working or interacting with Deaf people. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

276 Field Work in Interpreting
2 hours lecture, 3 hours lab, 3 units
Grade Only
Prerequisite: American Sign Language/Interpreting 206, 207, 209, and 210, each with a grade of “C” or better, or equivalent. Be prepared to be tested for equivalent interpreting competency.
Supervised field experience providing students with interpreting/transliterating practicum in various interpreting settings/situations. In addition to the field experience, the student will be expected to attend an on-campus seminar each week which is designed to provide students with an opportunity to support one another and share information and skill development. Associate Degree Credit & transfer to CSU and/or private colleges and universities.
This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

ANIMAL HEALTH TECHNOLOGY (ANHL)

100A Animal Care and Management
4.5 hours lab, 1.5 units
Grade Only
Prerequisite: Biology 107; or Biology 105 and 106, each with a grade of “C” or better, or equivalent.
Limitation on Enrollment: Admission to the Animal Health Technology Program. This course is not open to students with credit for Animal Health Technology 100. This course is for students enrolled in the fall semester of their first year in the Animal Health Technology Program. This introductory course provides the student with actual “hands on” experience in the basic husbandry of many animal species. Course work fulfills the student’s need to learn and practice “essential” tasks from the American Veterinary Medical Association’s and the Registered Veterinary Technician Exam Committee’s Skills, Knowledge and Abilities Tasks List. The tasks include methods of housing or caging, nutrition and feeding, sanitation and hygiene in an animal setting, and handling and restraint of the various species. The student is actively involved in the ongoing daily care of the program’s resident animals. Student teams are assigned to a rotation schedule so that every student works with every animal during the semester. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

100B Advanced Animal Care and Management
4.5 hours lab, 1.5 units
Grade Only
Prerequisite: Animal Health Technology 100A with a grade of “C” or better, or equivalent.
Limitation on Enrollment: Admission to the Animal Health Technology Program. This course is not open to students with credit for Animal Health Technology 100. This course is for students enrolled in the spring semester of their first year in the Animal Health Technology program. This continuation course provides the student with both greater responsibility in resident animal care and more advanced techniques in the general husbandry of many animal species. This course further fulfills the student’s need to practice the “essential” requirements of the American Veterinary Medical Association’s and the Registered Veterinary Technician Exam Committee’s Skills, Knowledge and Abilities Tasks List. This course includes housing and caging, nutrition and feeding, sanitation and hygiene, handling and restraint, and first aid and nursing care. The student is actively involved in the ongoing daily care and treatment of the program’s resident animals. Student teams are assigned to a rotation schedule so that every student works with every animal during the semester. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

105 Fundamentals of Animal Health Technology
3 hours lecture, 3 units
Grade Only
Corequisite: Animal Health Technology 105L.
Limitation on Enrollment: Admission to the Animal Health Technology program.
This course is for students enrolled in the fall semester of their first year in the Animal Health Technology program. This introductory lecture course defines the role of the Animal Health Technician in private veterinary practice, research institutions, regulatory agencies and zoos. Topics covered include basic animal care and management, feeding, species identifications, behavior, handling skills, animal restraint, sanitation, personal hygiene, medicating, zoonotic disease risk factors, animal nursing skills, instruments and
equipment, terminology, veterinary practice ethics and legal responsibilities. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**105L Fundamentals of Animal Health Technology Laboratory**

6 hours lab, 2 units
Grade Only

**Corequisite:** Animal Health Technology 105.

**Limitation on Enrollment:** Admission to the Animal Health Technology program.

This course is for students enrolled in the fall semester of their first year in the Animal Health Technology program. This introductory course utilizes demonstrations, laboratory exercises, group activities, and lectures to illustrate the principles presented in Animal Health Technology 105. Course work fulfills the student's need to learn and practice "recommended" and "essential" tasks from the American Veterinary Medical Association's and the Registered Veterinary Technician Exam Committee's Skills, Knowledge and Abilities Task List. These tasks include animal restraint and handling skills, medicating techniques, breed and species identification, basic animal nursing skills, poisonous plant identification, surgical equipment and veterinary medical equipment identification, basic nutrition, terminology, sanitation/sterilization, and personal hygiene. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**115 Veterinary Office Procedures**

2 hours lecture, 2 units
Grade Only

**Limitation on Enrollment:** Student must be admitted to the Animal Health Technology Program. This course is not open to students with credit for Animal Health Technology 240.

This course is for students enrolled in their first year of the Animal Health Technology program. This veterinary office procedures course is designed to introduce the student to the development and facilitation of client care, staff management, financial guidelines, patient management and record keeping in a veterinary setting. Topics include record keeping, client and staff communication, veterinary medical ethics, veterinary logs and legalities, computer usage, financial management, and purchasing and inventory management in relationship to a veterinary establishment. Resume writing and job interviewing skills are also covered. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**120 Comparative Physiological Anatomy**

3 hours lecture, 3 hours lab, 4 units
Grade Only

**Prerequisite:** Biology 107 and Chemistry 100 and Chemistry 100L, each with a grade of "C" or better, or equivalent.

**Advisory:** English 51 and English 56 and Mathematics 95, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5, R5 and M40.

**Limitation on Enrollment:** Special Admission - must be admitted to program.

This lecture and laboratory course is designed to introduce the first semester Animal Health Technology student to the comparative normal anatomy and physiology of selected domestic animal species. The eleven anatomical systems are covered and material presented ranges from the microscopic cellular level to the level of the full organism. Relevant application of structure and function to the clinical medical situations is addressed. Appropriate medical terminology is included with each system. Animal dissection is carried out by each student. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**125 Veterinary Clinical Pathology**

3 hours lecture, 3 units
Grade Only

**Prerequisite:** Animal Health Technology 105, 105L and 120 each with a grade of "C" or better or equivalent.

**Corequisite:** Animal Health Technology 125L.

**Special Admission - must be admitted to program.**

This lecture course is for students enrolled in their first year of the Animal Health Technology Program. The course provides the student with an introduction to the clinical examination of blood, urine, feces, dermal, and other commonly analyzed samples found in the veterinary field. Topics include: the safe and proper collection of diverse samples, the safe and proper handling of samples, the various methods of sample analysis, and the significance of normal and abnormal results. The identification, life cycle, and clinical importance of ectoparasites, endoparasites, and fungal parasites are discussed. Appropriate stains, reagents, and terminology are included. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**125L Veterinary Clinical Pathology Laboratory**

6 hours lab, 2 units
Grade Only

**Prerequisite:** Animal Health Technology 105, 105L, and 120 each with a grade of "C" or better or equivalent.
Corequisite: Completion of or concurrent enrollment in Animal Health Technology 125 with a grade of "C" or better, or equivalent.
Special Admission - must be admitted to program.
This clinical pathology laboratory course is designed to provide the first year Animal Health Technology student with the opportunity to practice the principles and procedures presented in the corequisite Clinical Pathology (ANHL 125) lecture. Techniques for the safe and proper collection, handling, and storage of blood, urine, fecal, and skin samples in various species are introduced and practiced by the student. Students perform analytical tests appropriate for each sample type and evaluate the results. Safe operation and proper maintenance of laboratory equipment commonly used in the veterinary field is stressed. Appropriate veterinary medical terminology is presented. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities

135 Veterinary Pharmacology
2 hours lecture, 2 units Grade Only
Prerequisite: Animal Health Technology 120 with a grade of "C" or better, or equivalent.
Advisory: Completion of or current enrollment in Mathematics 95, with a grade of "C" or better, or equivalent, or Assessment Skill Level M40.
This course is for students enrolled in the first year of the Animal Health Technology program. The course provides the student with an introduction to the actions and uses of pharmacological agents: drug classifications, modes of action, indications and contraindications, routes of administration, and mechanisms of elimination. Dispensing and pharmacy management as well as the laws regulating controlled substances are covered. Students are expected to correctly solve medical math problems and calculate drug doses. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

145 Veterinary Anatomy and Physiology
3 hours lecture, 3 units Grade Only
Prerequisite: Biology 107 and Chemistry 100 and Chemistry 100L, each with a grade of "C" or better, or equivalent.
Corequisite: Animal Health Technology 145L.
Advisory: English 51 and English 56 and Mathematics 95, each with a grade of "C" or better, or equivalent, or Assessment Skill Level W5, R5 and M40.
Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Animal Health Technology 120.
This lecture course is designed to introduce the first semester Animal Health Technology student to the comparative normal anatomy and physiology of selected domestic animal species. The eleven anatomical systems are covered and material presented ranges from the microscopic cellular level to the level of the full organism. Relevant application of structure and function to the clinical medical situations is addressed. Appropriate medical terminology is included with each system. To continue in the Animal Health Technology Program, students must earn a grade of "C" or better. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

145L Veterinary Anatomy and Physiology Lab
3 hours lab, 1 unit Grade Only
Prerequisite: Biology 107 and Chemistry 100 and Chemistry 100L, each with a grade of "C" or better, or equivalent.
Corequisite: Animal Health Technology 145.
Advisory: English 51 and English 56 and Mathematics 95, each with a grade of "C" or better, or equivalent, or Assessment Skill Level W5, R5 and M40.
Limitation on Enrollment: Special Admission - must be admitted to program. This course is not open to students with previous credit for Animal Health Technology 120.
This veterinary anatomy and physiology laboratory course is designed to provide the first semester Animal Health Technology student with the opportunity to investigate and study the principles of normal anatomy and physiology presented in the corresponding lecture course (Animal Health Technology 145). Techniques for the safe and proper dissection are introduced and practiced by the student during the extensive animal dissection. All eleven anatomical systems are studied through actual dissection or models. Relevant application of structure and function to the clinical medical situations is addressed. Appropriate medical terminology is included with each system. Animal dissection is carried out by each student. To continue in the Animal Health Technology Program, students must earn a grade of "C" or better. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.
205 Diseases of Domestic Animals
3 hours lecture, 3 units
Grade Only

Prerequisite: Animal Health Technology 120, 125, and 125L with a grade of “C” or better, or equivalent.
This course is for students enrolled in the second year of the Animal Health Technology program. The course provides the student with an introduction to infectious and non-infectious diseases and conditions of domestic animals. Material covered includes the etiology, pathogenesis, pathophysiology, and clinical signs of each disease. This course also details any disease- or condition-specific nursing care, treatments, or diagnostic test methods. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

215 Veterinary Radiography
3 hours lecture, 3 units
Grade Only

Prerequisite: Animal Health Technology 120 with a grade of “C” or better, or equivalent.
Corequisite: Animal Health Technology 215L.
Limitation on Enrollment: Special Admission - must be admitted to program.
This course introduces the second year Animal Health Technician student with the use of radiography and the Registered Veterinary Technician's role in radiography in the veterinary medical fields. Topics include radiation, x-ray beam production, intensifying screens, cassettes, grid usage, latent and visible image formation, film processing, and alternative imaging methods. Protocols for commonly used radiographic studies and introductory radiographic film interpretation are included. Special emphasis is placed on radiation safety for the patient and handler and radiographic terminology. Also included is the proper use and maintenance of all veterinary radiographic and processing equipment and machines. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

215L Veterinary Radiography Laboratory
3 hours lab, 1 unit
Grade Only

Prerequisite: Animal Health Technology 105L and 120, each with a grade of “C” or better, or equivalent.
Limitation on Enrollment: Special Admission - must be admitted to program.
This course is designed to provide the second year Animal Health Technician students with the opportunity to practice the concepts presented in the corequisite lecture course (ANHL 215). The students utilize established veterinary positioning and technical protocols. They expose and process radiographs to develop a technique chart for commonly used veterinary radiographic studies, including contrast studies. The students also practice radiographic film evaluation techniques, radiation log production, and radiographic equipment maintenance. Darkroom procedures and practices that prevent artifacts are employed including equipment maintenance. An introduction to performing an ultrasound abdominal exam is provided including handling and maintenance of the machinery. Procedures and protocols for radiation safety of patient, handler, and equipment are stressed. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

225 Animal Nursing Techniques and Anesthesiology
3 hours lecture, 3 units
Grade Only

Prerequisite: Animal Health Technology 125, 125L, and 135 each with a grade of “C” or better, or equivalent.
Corequisite: Completion of or concurrent enrollment in Animal Health Technology 226A with a grade of “C” or better, or equivalent.
Limitation on Enrollment: Special Admission - must be admitted to the program.
This lecture course is designed to introduce the second year Animal Health Technology student to veterinary anesthesia, surgical and medical nursing techniques, dental hygiene, emergency first aid, and correct legal documentation. Techniques of intravenous and inhalation anesthesia, surgical asepsis, instrument sterilization, and patient monitoring are presented. Preoperative, operative, post operative, and after care nursing are discussed. Also covered are: fluid therapy, bandaging/splints/casts, and commonly performed medical procedures. Appropriate pharmacological agents are discussed including classification, dosage, method of action, method of administration, dispensing procedures and pharmacy management. Appropriate veterinary medical terminology is included. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

226A Surgical Nursing Procedures Lab I
3 hours lab, 1 unit
Grade Only

Prerequisite: Animal Health Technology 105, 105L and 120 and 125, each with a grade of “C” or better, or equivalent.
Corequisite: Animal Health Technology 225.
Limitation on Enrollment: This course is not open to students with credit for Animal Health Technology 225L.
This is a laboratory course designed to illustrate the principles presented in Animal Health Technology 225. It allows for the beginning application of theories and laboratory procedures as taught in lecture (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

226B Surgical Nursing Procedures Lab II
3 hours lab, 1 unit
Grade Only
Prerequisite: Animal Health Technology 105, 105L and 120 and 125 and 225 and 226A, each with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with credit for Animal Health Technology 225L.
This course is a continuation of Animal Health Technology 226A and is a laboratory course designed to continue the illustration of the principles presented in Animal Health Technology 225. It allows for an advanced application of theories and procedures as taught in Animal Health Technology 225. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

235A Directed Clinical Practice
150 hours, 2 units
Grade Only
Prerequisite: Admission to the Animal Health Technology program; and Animal Health Technology 105, 105L, 115, 120, 125, and 125L, each with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with credit for Animal Health Technology 235.
This course is for students enrolled in the fall semester of their second year in the Animal Health Technology program. This course provides the student with actual workplace experience in either an affiliated veterinary or research institution. The student is assigned entry level and general duties such as caring for hospitalized patients, handling and restraint, assisting in the reception and exam rooms, conducting basic laboratory procedures, and administering medications. The student works with a supervisor toward mastering the appropriate “essential” and “recommended” skills from the American Veterinary Medical Association’s and the Registered Veterinary Technician Exam Committee’s Skills, Knowledge and Abilities Tasks List. The appropriate skills are listed on a separate Directed Clinical Practice Task List. Clinical work is coordinated by a member of the college staff. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

235B Advanced Directed Clinical Practice
150 hours, 2 units
Grade Only
Prerequisite: Admission to the Animal Health Technology program; and Animal Health Technology 225, 226A, and 235A, each with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with credit for Animal Health Technology 235.
This course is for students enrolled in the spring semester of their second year in the Animal Health Technology program. This course provides the student with greater responsibility and additional work experience at a more advanced level in an affiliated veterinary or research institution. The student is assigned general and more advanced tasks such as assisting in surgery, monitoring anesthesia and recovery, cleaning wounds and ears, applying splints or bandages, dispensing prescriptions, performing dental prophylaxis, and conducting client education. The student works more independently while mastering the appropriate “essential” and “recommended” skills listed on the American Veterinary Medical Association’s and the California Board of Examiners in Veterinary Medicine’s Skills, Knowledge and Abilities Tasks List. The appropriate skills are listed on a separate Advanced Directed Clinical Practice Task List. The student is responsible to a supervisor in charge. Clinical work is coordinated by a member of the college staff. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

250 Introduction to Laboratory Animals
2 hours lecture, 3 hours lab, 3 units
Grade Only
Prerequisite: Animal Health Technology 100B, 125L, and 225, each with a grade of “C” or better, or equivalent.
Limitation on Enrollment: Special Admissions - must be admitted to the program.
This lecture and laboratory course is designed for the second year Animal Health Technology student. The course covers the use of animals in biomedical research with an emphasis on common laboratory species, animal welfare legislation and the philosophy of laboratory animal management. The course includes handling, restraint, husbandry, care and observation of laboratory species. Lab animal breeding, injection techniques, anesthesia, clinical pathology, sample collection, medication, nutrition, euthanasia and necropsy are also covered. Appropriate terminology is
255 Laboratory Animal Medicine

2 hours lecture, 2 units
Grade Only

Prerequisite: Animal Health Technology 100B and Animal Health Technology 125L and Animal Health Technology 225, each with a grade of "C" or better, or equivalent.

Corequisite: Animal Health Technology 255L.

Limitation on Enrollment: This course is not open to students with previous credit for Animal Health Technology 250.

This lecture course is designed for the second year Animal Health Technology student. The course covers the use of animals in biomedical research with an emphasis on common laboratory species, animal welfare legislation and the philosophy of laboratory animal management. The course includes handling, restraint, husbandry, care and observation of laboratory species. Methods and procedures involved in laboratory animal breeding, injections, anesthesia, sample collection, medicating, nutrition, euthanasia and necropsy are also covered. Appropriate terminology is included. To continue in the Animal Health Technology Program, students must earn a grade of "C" or better. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

255L Laboratory Animals Medicine Laboratory

3 hours lab, 1 unit
Grade Only

Prerequisite: Animal Health Technology 100B and Animal Health Technology 125L and Animal Health Technology 225, each with a grade of "C" or better, or equivalent.

Corequisite: Animal Health Technology 255.

Limitation on Enrollment: This course is not open to students with previous credit for Animal Health Technology 250.

This laboratory animal medicine laboratory course is designed to provide the second year Animal Health Technology student with the opportunity to practice the principles and procedures presented in the Laboratory Animal Medicine (Animal Health Technology 255) lecture. Students apply regulations and ethical principles to various situations. Techniques for the safe and proper animal restraint, anesthesia, injection techniques, and sample collection are introduced and practiced by the student. Students also perform tattooing, ear notching and other procedures commonly utilized in the research setting. Students are required to perform a necropsy following established guidelines. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

290 Independent Study

Hours by Arrangement, 1-3 units
Grade Only

Limitation on Enrollment: Must obtain an Add Code from instructor for registration.

This course consists of independent work in animal husbandry or other special projects which will provide the student with individual experiences in animal care and management. This course may be taken four times with different content for a maximum of six units. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

102 Introduction to Physical Anthropology

3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option

Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skills W5 and R5.

This course is a survey of human evolution, variation and adaptation. Emphasis is placed on the study of primates, human heredity, variability of modern populations and fossil records of early hominids and hominoids. This course is the basis for advanced courses in Life and/or Behavioral Sciences or students majoring in Anthropology. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN ANTH 2).

103 Introduction to Cultural Anthropology

3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option

Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.

This course presents an overview of cultural anthropology using a comparative, cross-cultural approach. Emphasis is placed on the study of how
various peoples around the world have adapted to their environments and developed behaviors to meet their biological, economic, psychological, social and political needs. This course is designed for students planning to take advanced courses in Social and/or Behavioral Sciences or students majoring in Anthropology. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN ANTH 4).

104 Laboratory in Physical Anthropology
3 hours lab, 1 unit
Letter Grade or Credit/No Credit Option
Prerequisite: Anthropology 102 with a grade of “C” or better, or equivalent.
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course is intended for anthropology majors, as well as non-majors who have an interest in biological anthropology. Students perform field and laboratory studies in genetics, human variation, human osteology, anthropometry, hominid evolution, comparative primate anatomy, primate behavior, and forensic anthropology. Students practice the ability to think critically through data analysis, written reports, and classroom discussions. In addition, students develop an educational exhibit to teach fellow students about some aspect of biological anthropology. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

107 Introduction to Archaeology
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course is an introductory study of the history and theory of archaeology. Emphasis is placed on the techniques of archaeological data collection and analysis, cultural innovations, reconstruction and interpretation of the past and Cultural Resource Management (CRM) work. This course is designed for students planning to major in Anthropology and/or to conduct upper division work in archaeology at a four-year institution. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN ANTH 6).

115 Introduction to Archaeological Field Work
2 hours lecture, 6 hours lab, 4 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
Limitation on Enrollment: This course is not open to students with credit for Anthropology 265: Introduction to Archaeological Field Work.
This course provides an introduction to the basic techniques of archaeological field work, including site survey, site layout, excavation, laboratory analysis, and report writing. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

200 Introduction to North American Indians
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course is a comparative study of numerous Native American cultures located in California and peripherally related cultural areas. Anthropological materials for ethnographic, ethnohistorical, ethnological and archaeological sources will be utilized. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

210 Introduction to California Indians
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course is a comparative study of the non-industrialized people living in contemporary Latin America will include Native American Indian cultures in Mexico, Central America and South America in contrast with their peasant Mestizo neighbors, and in turn these cultures in
contrast with their urban counterparts. Contemporary anthropological research, ethnohistoric, historic and archaeological data will be used to discover the diversity of cultures throughout Spanish and Portuguese America. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

100 Beginning Architectural Drafting
6 hours lab, 2 units
Grade Only
Advisory: English 51 and English 56 and Mathematics 35, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5 and M30.
This course is designed for students who wish to develop basic drafting skills for use in Architectural, Civil Engineering, Construction, Interior Design, and Landscape programs. The course includes lettering, line control, sketching, and use of drafting instruments. Credit for this course is possible by examination. (FT) Associate Degree Credit only and not Transferable.

101 Computer Aided Design and 3D Imaging
2 hours lecture, 4 hours lab, 3 units
Grade Only
Prerequisite: Architecture 100 with a grade of "C" or better, or equivalent.
This course studies the use of computers in the design process emphasizing three dimensional and photo-realistic illusion. The use of the computer to create and develop spatial concepts is a primary objective of this course. This course will benefit students pursuing degrees in the environmental design fields. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

105 Introduction to AutoCAD
6 hours lab, 2 units
Grade Only
Advisory: English 51 and Computer Business Technology 51, each with a grade of "C" or better, or equivalent.
This course is designed for students who wish to develop computer aided drafting and design skills, using the AutoCAD program, for use in Architectural, Construction, and Interior Design programs. This course concentrates on the 31 most basic two-dimensional drawing commands. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

106 Advanced Computer Aided Drafting I
2 hours lecture, 4 hours lab, 3 units
Grade Only
Prerequisite: Architecture 105 with a grade of "C" or better, or equivalent.
This course is designed for students who wish to develop computer aided drafting and design skills, using the AutoCAD program, for use in Architectural, Construction, and Interior Design programs. This course is a continuation of Architecture 105 designed for students who wish to develop advanced 3D computer aided drafting (CAD) skills. This course expands the foundation developed in Architecture 105 and deals with more complex aspects of the CAD program and its use in the development of architectural construction documents. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

107 Advanced Computer Aided Drafting II
2 hours lecture, 4 hours lab, 3 units
Grade Only
Prerequisite: Architecture 106 with a grade of "C" or better, or equivalent.
This course is designed to develop advanced computer-aided drafting skills in commercial and residential drafting beyond those covered in Architecture 106. This class will use computer aided drafting (CAD) to electronic assembly portions of previously completed drawings into coordinated architectural construction documents. Three-dimensional representation of architectural designs will also be covered. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

111 Architectural Production Detailing
1.5 hours lecture, 7.5 hours lab, 4 units
Grade Only
Prerequisite: Architecture 100 with a grade of "C" or better, or equivalent.
Corequisite: Completion of or current enrollment in Architecture 130, with a grade of "C" or better, or equivalent.
Advisory: English 51 with a grade of "C" or better, or equivalent, or Assessment Skill Level R5.
Limitation on Enrollment: This course is not open to students with credit for both Architecture 110 and 150. This course presents methods of construction and
drafting practices as applied to architectural contract documents concerning foundation plans and details for light wood frame and masonry structures. The course involves use and application of building codes and reference material. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

121 Architectural Practice and Economics
3 hours lecture, 3 units
Grade Only
Advisory: English 56 with a grade of “C” or better, or equivalent, or Assessment Skill Level R5.
This course presents material relating to the professional fields of architecture, landscape architecture, and construction management. Familiarization with the scope and nature, education, qualifications for registration and responsibilities of those who enter and advance in these professions. Study of the methods of professional architectural business practices as applied to the office structure, office management, and business economics. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

126 History of Ancient World Architecture
3 hours lecture, 3 units
Grade Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course is an introductory survey of early stone and wood architecture in relation to cultural and aesthetic elements of world civilization. Students of architecture, landscape architecture, anthropology, archaeology, art, history, humanities, interior design, liberal arts, sociology, and travel and tourism as well as persons interested in travel will find this course relevant to their interests. This is a required course for architecture transfer students. Students with credit for Architecture 125 may only take Architecture 126 or 127. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List and Woodbury University.

130 Materials of Construction
3 hours lecture, 3 units
Grade Only
Advisory: English 51 and English 56 and Mathematics 95, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5 and M40.
This class is designed for students who wish to develop a knowledge of methods in installation, uses, and application of building materials to given types of construction. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List and Woodbury University.

135 Tree Identification
1.5 hours lecture, 4.5 hours lab, 3 units
Grade Only
Advisory: English 56 with a grade of “C” or better, or equivalent, or Assessment Skill Level R5.
Limitation on Enrollment: This course is not open to students with credit for Nursery Technology 120. This class is designed for design students who will make field observations, identify and discuss trees for landscape architectural design in southern California, with emphasis on landscape design as related to water conservation, ecological adaptation, and landscape management. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

136 Shrubs, Vines, Groundcover Identification
1.5 hours lecture, 4.5 hours lab, 3 units
Grade Only
Advisory: English 56 with a grade of “C” or better, or equivalent, or Assessment Skill Level R5.
Limitation on Enrollment: This course is not open to students with credit for Nursery Landscape Technology 121. This class is designed for design students who will make field observations, identify and discuss shrubs, vines, and ground covers for landscape architectural design in southern California, with emphasis on landscape design as related to water conservation, ecological adaptation,
and landscape management. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

155 Environmental Design I: Creating Exterior Spaces

3 hours lecture, 6 hours lab, 5 units
Grade Only

Advisory: Architecture 100 with a grade of “C” or better, or equivalent.

Limitation on Enrollment: This course is not open to students with credit for Architecture 185.

This course is an introduction to planting design issues based on aesthetic and functional design principles. It is designed for the student or professional interested in garden design, urban forestry, landscape architecture, architecture or related fields. Students prepare concept drawings, models, and planting plans. Instruction includes some plant identification with emphasis on design issues and uses. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

170 Architectural Design

3 hours lecture, 3 hours lab, 4 units
Grade Only

Advisory: English 56 with a grade of “C” or better, or equivalent, or Assessment Skill Level R5.

This course is designed for any student interested in environmental design. Students study fundamental form and space concepts of architecture as applied to exercises and simple projects. The development and release of the creative capacities of the student are the primary objectives of this course. This course is part of the required curriculum for participation in the 2 + 3 year program with Woodbury University. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

175 Advanced Architectural Design I

3 hours lecture, 6 hours lab, 5 units
Grade Only

Prerequisite: Architecture 170 with a grade of “C” or better, or equivalent.

Advisory: English 56 with a grade of “C” or better, or equivalent, or Assessment Skill Level R5.

This course is a continuation of Architecture 170 and is designed for students interested in environmental design. The student designs several architectural projects with emphasis placed on the plan, section and form of the building. Design projects may include various regional student architecture competitions. Contemporary architectural theory is introduced. Students are required to present their design projects to the class. This course is part of the required curriculum for participation in the 2 + 3 year program with Woodbury University. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

180 Advanced Architectural Design II

3 hours lecture, 6 hours lab, 5 units
Grade Only

Prerequisite: Architecture 175 with a grade of “C” or better, or equivalent.

Advisory: English 56 with a grade of “C” or better, or equivalent, or Assessment Skill Level R5.

This course is designed for students interested in environmental design, is a continuation of Architecture 170 and 175 in which advanced and more complex design problems are given to students who have completed Architecture 175. The student designs several architectural projects with emphasis placed on the plan, section and form of the building. Design projects may include various regional student architectural competitions. Contemporary architectural theory is introduced. Students are required to present their design problems to the class. 3-D CAD technology is taught and used in this class. This course is part of the required curriculum for participation in the 2 + 3 year program with Woodbury University. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

190 Environmental Design II: Urban and Community Design

3 hours lecture, 6 hours lab, 5 units
Grade Only

Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.

This course is designed for any student interested in environmental design. It applies knowledge of basic principles of design, composition and design process to the creation of urban and community spaces. Emphasis is placed on involving students in real design projects within the community and developing business communication skills. Participation in job shadowing with an industry professional is required. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.
200 Architectural Detailing
1.5 hours lecture, 7.5 hours lab, 4 units
Grade Only
Prerequisite: Architecture 100 with a grade of “C” or better, or equivalent.
Advisory: Architecture 111 with a grade of “C” or better, or equivalent; and Mathematics 35 with a grade of “C” or better, or equivalent, or Assessment Skill Level M30.
This course is designed for students who wish to develop a knowledge of methods of construction and architectural drafting practices as applied to working drawings of fireplace, doors, windows, cabinets and wood stair details; involves extensive use and application of building codes and reference materials. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

205 Estimating
3 hours lecture, 3 units
Grade Only
This course examines methods and application in estimating quantities and costs of materials, labor and management. It includes unit and detailed cost estimates. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

215 Strength of Materials
2 hours lecture, 3 hours lab, 3 units
Grade Only
Advisory: English 51 and English 56 and Mathematics 96 with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5 and M50.
This course is a study of the action of forces on materials and the resulting stresses. Students apply basic principles of physics in calculating bending moments, shear and deflection in beams, columns and connections. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

220 Architectural Delineation I
6 hours lab, 2 units
Grade Only
Advisory: English 56 with a grade of “C” or better, or equivalent, or Assessment Skill Level R5.
This course instructs students in the development of architectural presentation drawing in various media including pencil, pen and ink. It includes methods of freehand and mechanical perspective. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

221 Architectural Delineation II
6 hours lab, 2 units
Grade Only
Prerequisite: Architecture 220 with a grade of “C” or better, or equivalent.
Advisory: English 56 with a grade of “C” or better, or equivalent, or Assessment Skill Level R5.
This course is a continuation of Architecture 200. It includes a series of major problems designed to develop the student’s drawing model making, and CAD abilities. Various media including pencil, pen and ink, color, models, rendering techniques are covered. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

226 Architectural Theory
3 hours lecture, 3 units
Grade Only
Advisory: English 101 with a grade of “C” or better, or equivalent, or Assessment Skill Levels W6 and R6; or English 105 with a grade of “C” or better, or equivalent.
This course examines the theory of contemporary architectural design. Students must interview a local architect and present a slide lecture documenting that architect’s work comparing and contrasting his/her work with the background information presented. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

250 Site Engineering
1.5 hours lecture, 7.5 hours lab, 4 units
Grade Only
Prerequisite: Architecture 100 with a grade of “C” or better, or equivalent.
Advisory: English 51 and English 56 and Mathematics 35, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5 and M30.
This course presents methods of construction and architectural drafting practices as applied to site plans. The course content involves legal descriptions, zoning, property line layout, grading, cut and fill, roadways, drainage, site details, and related calculations. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

290 Independent Study
Hours by Arrangement, 1-3 units
Grade Only
Limitation on Enrollment: Must obtain an Add Code from instructor for registration.
Designed to deal with current problems and topics of special interest in architecture. This course may be
taken four times with different content for a maximum of six units. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

### ART — FINE ART (ARTF)

#### 100 Art Orientation

3 hours lecture, 3 units  
Letter Grade or Credit/No Credit Option  
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.  
This course is a survey of the visual arts. Students learn about the different aesthetic approaches, philosophies, and regional and cultural contributions the visual arts field has on societies. Students also learn about different media and art professions. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

#### 107 Contemporary Art

3 hours lecture, 3 units  
Letter Grade or Credit/No Credit Option  
Advisory: English 101, each with a grade of "C" or better, or equivalent, or Assessment Skill W6 and R6; and Art-Fine Art 109 & Art-Fine Art 111, each with a grade of "C" or better, or equivalent.  
This course provides a survey of contemporary art, examining issues and cultural influences. The emphasis is on the major movements, styles, artists and works of the late 20th and early 21st centuries within the historical context of this period. The course is designed for students interested in contemporary art, as well as for art majors, especially those who are focusing on design, painting, sculpture or ceramics. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

#### 109 Nineteenth and Twentieth Century Art

3 hours lecture, 3 units  
Letter Grade or Credit/No Credit Option  
Advisory: Art-Fine Art 110 and Art-Fine Art 111, each with a grade of "C" or better, or equivalent.  
This course is designed not only for art students, but also for those who are interested in history, humanities, teaching, travel and cultural enrichment. It is an introductory survey of the visual arts that are recognized as salient in the development of western civilization from Mesopotamia, Iran, Egypt, the Aegean and Greece. Also included are the Hellenistic, Roman, early Christian, Byzantine, and Islamic worlds and art work from early Medieval, Romanesque, and Gothic Europe. Material is presented in illustrated lectures. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN ART 2) (CAN ART SEQ A = ARTF 110 + 111).

#### 110 Art History: Prehistoric to Gothic

3 hours lecture, 3 units  
Letter Grade or Credit/No Credit Option  
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.  
This course is designed not only for art students, but also for those who are interested in history, humanities, teaching, travel, and cultural enrichment. It is an introductory survey of the visual arts that are recognized as salient in the development of western civilization from prehistoric Africa and Europe through the Gothic period. It includes major monuments and representative artworks from Africa, Egypt, the Aegean and Greece. Also included are the Hellenistic, Roman, early Christian, Byzantine, and Islamic worlds and art work from early Medieval, Romanesque, and Gothic Europe. Material is presented in illustrated lectures. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN ART 4) (CAN ART SEQ A = ARTF 110 + 111).
113 African, Oceanic, and Native American Art
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course is an introduction to the art of selected peoples of Africa, Oceania, and Native North America, stressing their cultural wealth and diversity. The course introduces specific groups from each of these areas of the world and focuses on the differing roles of the visual arts within each culture. The historical depth and religious, economic, or political orientation of each art tradition is explored so that the student is introduced to the complexity of this field of study. This course is designed for art majors who are interested in non-western cultures as well as for students from a variety of backgrounds and disciplines, including history, ethnic studies, humanities, and education. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Fine Art (ARTF) 113, 115, 120 combined with Black Studies (BLAS) 111: maximum credit, 2 courses.

150A Design I
1.5 hours lecture, 4.5 hours lab, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
This is a course about visual form, and about ways of organizing two-dimensional visual forms into vivid and coherent images. As such, this course may serve as both an introduction to art for those with a tentative interest in art making, and as a foundation course for all other studio courses offered by this department, including courses such as ceramics and sculpture which involve construction in three-dimensions. This course does not require drawing expertise. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Fine Art (ARTF) 113, 115, 120 combined with Black Studies (BLAS) 111: maximum credit, 2 courses.

150B Beginning Graphic Design
1.5 hours lecture, 4.5 hours lab, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5; and Fine Art 150A with a grade of "C" or better, or equivalent.
This is an introductory class in graphic communication which uses the computer as a tool for building and editing images. As in Art 150A, students address problems of visual form and organization, but with an emphasis in this course on visual constructions which convey information, and on type and text as graphic components of those constructions. This is a core course for art majors and would be useful for anyone interested in computer graphic applications. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.
151 Three-Dimensional Design  
1.5 hours lecture, 4.5 hours lab, 3 units  
Letter Grade or Credit/No Credit Option  

Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5; and Art-Fine Art 150A, with a grade of "C" or better, or equivalent.  
This introduction to design in three dimensions continues the investigation of elements and principles of visual organization begun in Art 150A. Students learn to solve design problems using a variety of three-dimensional materials, and a variety of approaches to three-dimensional structure. This is a foundation course for students planning to major in art, and a useful course for all students interested in building visually coherent three dimensional objects. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN ART 16).  

152 Color Theory  
1.5 hours lecture, 4.5 hours lab, 3 units  
Letter Grade or Credit/No Credit Option  

Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5; and Art-Fine Art 150A with a grade of "C" or better, or equivalent.  
This course is an introduction to color theory—the systematic study of color differences, dimensions, and relationships—to the study of color harmonies and discords, and to the development of strategies for achieving specific color effects. This is a course for painters and designers, and for anyone interested in making color choices. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN ART 8).  

155A Freehand Drawing I  
1.5 hours lecture, 4.5 hours lab, 3 units  
Letter Grade or Credit/No Credit Option  

Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.  
This course introduces anyone with an interest in drawing to the techniques and theory they need to create naturalistic drawings in various media. It provides students with the means to see and describe the world three-dimensionally using lines and differences in dark and light, and it provides students with compositional strategies for making their depictions more meaningful and effective. No previous art experience is required. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN ART 8).  

155B Freehand Drawing II  
1.5 hours lecture, 4.5 hours lab, 3 units  
Letter Grade or Credit/No Credit Option  

Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5; and Art-Fine Art 155A with a grade of "C" or better, or equivalent.  
This course builds upon the technical and compositional means introduced in 155A. It differs from 155A in its range of media and form, and in its emphasis on helping students find individual solutions to particular problems of graphic representation and expression. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.  

161A Museum Studies/Gallery Exhibition Skills I  
1.5 hours lecture, 4.5 hours lab, 3 units  
Letter Grade or Credit/No Credit Option  

Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.  
This course provides theory, instruction, and practical experience in all aspects of design and installation of art exhibitions. This course is also designed to give an overview of the history, functions and operations of art museums. The course is intended for art majors who are interested in exhibiting in galleries, as well as for other students seeking to learn the principles of curating and the functioning of museums. Under the guidance of the instructor, students participate in the installation of three exhibitions per semester. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.  

161B Museum Studies/Gallery Exhibition Skills II  
1.5 hours lecture, 4.5 hours lab, 3 units  
Letter Grade or Credit/No Credit Option  

Prerequisite: Art-Fine Art 161A with a grade of "C" or better, or equivalent.  
This course is a continuation of Fine Art 161A. It provides for more extensive understanding of the theory of exhibit display and additional practical experience in all aspects of installation of art exhibitions than in the first course. This course is also designed to examine in detail the functions and operations of art museums and other arts organizations. The course is intended for students planning to pursue a degree or a career in arts administration. Under the guidance of the instructor, students participate in the installation of three exhibitions per semester, taking increasing
responsibility with each installation, including overseeing project designs created in the beginning class (ARTF 161A). Students develop and install an exhibit of their own choosing as their final project. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

163 Art Museum/Gallery Internship
16 hours lab, 4 units
Grade Only

This course includes directed professional experience in an art museum or gallery in the San Diego area and emphasizes the application of skills and knowledge obtained in Fine Art 161A and Fine Art 161B. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

165A Composition in Painting I
1.5 hours lecture, 4.5 hours lab, 3 units
Letter Grade or Credit/No Credit Option
Advisory: Art-Fine Art 150A and Art-Fine Art 155A, each with a grade of “C” or better, or equivalent.

This course is an introduction to oil and acrylic painting methods and techniques with emphasis on composition, color, and application of general design principles. A variety of subject matter such as still-life, landscape, portrait and non-objective subjects, and a variety of stylistic approaches such as cubism, collage, realism and expressionism, are explored. This course is designed to develop students’ creative abilities and critical thinking in visual terms. The course is designed for students who are pursuing an Associate in Arts degree, preparing for a major in Art, as well as for those who wish to improve their artistic skills. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN ART 10).

165B Composition in Painting II
1.5 hours lecture, 4.5 hours lab, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: Art-Fine Art 165A with a grade of “C” or better, or equivalent.
Advisory: English 51 with a grade of “C” or better, or equivalent, or Assessment Skill Level W5; and Art-Fine Art 150A and 155A, each with a grade of “C” or better, or equivalent.

This course continues the introduction to oil/acrylic painting methods begun in Art 165A and provides for the continued development of concepts of pictorial space, composition, and color. The course is designed to further develop students’ creative abilities and critical thinking through the construction of images designed to address specific pictorial problems and goals. This course is intended for students who are preparing for a major in Art as well as for those who wish to improve their artistic skills. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

165C Composition in Painting III
1.5 hours lecture, 4.5 hours lab, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: Art-Fine Art 165B with a grade of “C” or better, or equivalent.
Advisory: English 51 with a grade of “C” or better, or equivalent, or Assessment Skill Level W5; and Art-Fine Art 150A and 155A, each with a grade of “C” or better, or equivalent.

This course continues the study begun in Art 165A and 165B of oil/acrylic painting methods and techniques. Composition, color, and application of general design principles are explored at a more advanced level of creativity and sophistication. A variety of subject matter such as still life, landscapes, portraits and non-objective subjects, and a variety of stylistic approaches such as cubism, collage, realism, and expressionism are explored. The course is designed to develop students’ creative abilities and critical thinking in visual terms through the use of individual assignments tailored to students’ skills. The course is intended for students who are preparing for a major in art, as well as for those who wish to improve their artistic skills. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

165D Composition in Painting IV
1.5 hours lecture, 4.5 hours lab, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: Art-Fine Art 165C with a grade of “C” or better, or equivalent.
Advisory: Art-Fine Art 150A and 155A, each with a grade of “C” or better, or equivalent.

This course is the culmination of a four-semester sequence of study of oil/acrylic painting methods and techniques. The student continues to explore and develop skills and techniques in subject matter such as still-life, landscape, portrait, and non-objective subject matter, demonstrating an advanced level of creativity and critical thinking in visual terms. This course is intended for students preparing for a major in Art and may also be of interest to those who wish to improve their artistic skills. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.
174A Book Arts I
1.5 lecture hours, 4.5 lab hours, 3 units
Letter Grade or Credit/No Credit Option
Advisory: Art-Fine Art 150A with a grade of "C" or better, or equivalent.
This is an interdisciplinary course for art students and others who are interested in book arts. The course offers an investigation of the visual form, physical structure, and expressive potential of the artist-made book, including essential elements, tools, and processes. Students construct books in Western and Asian traditions and use these concepts to create unique forms. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

175A Sculpture I
1.5 hours lecture, 4.5 hours lab, 3 units
Letter Grade or Credit/No Credit Option
Advisory: Art-Fine Art 150A with a grade of "C" or better, or equivalent.
This course is an introduction to sculptural materials, processes and forms. The course helps students to appreciate the shapes and functions of sculpture (past and present) in the context of hands-on experience. This course is intended for transfer students planning to major in art and for all students interested in working in three-dimensional media. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN ART 12).

175C Sculpture III
1.5 hours lecture, 4.5 hours lab, 3 units
Letter Grade or Credit/No Credit Option
Advisory: Art-Fine Art 175B with a grade of "C" or better, or equivalent.
This course continues the acquaintanceship with sculptural materials, processes and forms begun in Art 175A and 175B. It differs from 175B in that it requires that students show more self-reliance in their selection and pursuit of sculptural goals, and that the goals they select be more complex and ambitious. This course is intended for transfer students planning to major in art and for all students interested in working in three-dimensional media. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

175B Sculpture II
1.5 hours lecture, 4.5 hours lab, 3 units
Letter Grade or Credit/No Credit Option
Advisory: Art-Fine Art 175A with a grade of "C" or better, or equivalent.
This course continues the introduction to sculptural materials, processes and forms begun in Art 175A. It differs from 175A in that it requires that students show more initiative in their selection and pursuit of sculptural goals, that they be more articulate in defining these goals, and that they extend their sculptural reach to include either new sculptural forms or new sculptural materials. This course is intended for transfer students planning to major in art and for all students interested in working in three dimensional media. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

177A Contemporary Wood Furniture I
1.5 hours lecture, 4.5 hours lab, 3 units
Letter Grade or Credit/No Credit Option
Advisory: Art-Fine Art 150A and Art-Fine Art 151 with a grade of "C" or better, or equivalent.
This course provides an introduction to the study, design, and construction of contemporary wood furniture. It is designed for students who are preparing for the major in Art and is particularly useful for students whose concentration is in three-dimensional work or design. Appropriate and safe use of hand and stationary woodworking tools is taught. Students are required to purchase their own materials. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN ART 12).

177B Contemporary Wood Furniture II
1.5 hours lecture, 4.5 hours lab, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: Art-Fine Art 177A with a grade of "C" or better, or equivalent.
This course is a continuation of Fine Arts 177A and is designed for students who are preparing for the major in art, in particular those who are focusing on three-dimensional work or design. It includes intermediate levels of joinery and the study of methods used in the construction of contemporary wood casework and cabinet making. Bent lamination, vacuum forming and steam bending are introduced and incorporated in the final project. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.
177C Contemporary Wood Furniture III
1.5 hours lecture, 4.5 hours lab, 3 units
Letter Grade or Credit/No Credit Option

Prerequisite: Art-Fine Art 177B with a grade of "C" or better, or equivalent.
This course is a continuation of Fine Art 177B and is designed for students who are preparing for the major in art, in particular those who are focusing on three-dimensional work and design. The course provides advanced study of the design and construction of the contemporary wood chair. Basic ergonomics and engineering in relation to the chair and seating are taught. Advanced methods of joining wood, forming wood, and alternative methods of assembly are also addressed. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

190A Black and White Art Photography
1.5 hours lecture, 4.5 hours lab, 3 units
Letter Grade or Credit/No Credit Option

Advisory: English 51 with a grade of "C" or better, or equivalent, or Assessment Skill Level W5.
Photography is taught as a medium for self-exploration and self expression. The course emphasizes the art making-process, in which photographic images and concepts are discussed within social, historical, aesthetic, and technical contexts as well as within the context of photographic genres. Technical instruction is provided in camera operation and exposure, darkroom procedures for film and print development, and print presentation. This course is intended for students preparing for a major in art as well as those interested in photography. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN ART 18).

195A Ceramics I
1.5 hours lecture, 4.5 hours lab, 3 units
Letter Grade or Credit/No Credit Option

Prerequisite: Art-Fine Art 195A with a grade of "C" or better, or equivalent.
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course is an introductory level ceramics course in which students design and construct hand-built and wheel-thrown ceramic objects. Students learn form and surface enrichment, use glazes, and load kilns. This course is designed to meet art major and transfer requirements for ceramic or art majors and also serves students interested in developing ceramic skills. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN ART 6).

195B Ceramics II
1.5 hours lecture, 4.5 hours lab, 3 units
Letter Grade or Credit/No Credit Option

Prerequisite: Art-Fine Art 195A with a grade of "C" or better, or equivalent.
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course is an intermediate level ceramics course in which students design and construct wheel thrown and handbuilt ceramic objects emphasizing form and surface enrichment, use molds, weigh, mix and use glazes, as well as load kilns and fire electric kilns. This course is designed for major requirements and transfer by ceramic or art majors and for students interested in developing ceramic skills. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

196 Clay and Glaze Technology
1.5 hours lecture, 4.5 hours lab, 3 units
Letter Grade or Credit/No Credit Option

Prerequisite: Art-Fine Art 195A with a grade of "C" or better, or equivalent.
Advisory: Art-Fine Art 195B or Art-Fine Art 197B with a grade of "C" or better, or equivalent.
This is a survey of technical processes in ceramics that introduces students to basic and advanced techniques of glaze formulation, mixing, and testing. The course also acquaints students with the composition of clays, stains, and engobes and how these respond to different kilns and firing conditions. This course is designed to help ceramics majors and other interested students understand the physical and chemical nature of ceramic materials. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

197A Handbuilding Ceramics I
1.5 hours lecture, 4.5 hours lab, 3 units
Letter Grade or Credit/No Credit Option

Prerequisite: Art-Fine Art 195A with a grade of "C" or better, or equivalent.
Advisory: Completion of or concurrent enrollment in English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course provides instruction in the design and construction of hand-built ceramic forms. Students create ceramic forms emphasizing form and surface enrichment, while gaining experience applying glazes and loading kilns. This course is designed for art majors and for students interested in developing ceramic skills. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.
private colleges and universities. UC Transfer Course List.

**197B Handbuilding Ceramics II**
1.5 hours lecture, 4.5 hours lab, 3 units
Letter Grade or Credit/No Credit Option

*Prerequisite:* Art-Fine Art 197A with a grade of “C” or better, or equivalent.

*Advisory:* Completion of or concurrent enrollment in English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.

This course is an intermediate level ceramics course in which students design and construct hand-built ceramic forms emphasizing form and surface enrichment, weigh, mix and use glazes, as well as load kilns and fire electric kilns. This course is designed for major requirements and transfer by ceramic or art majors and for students interested in developing ceramic skills. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

**198A Introduction to Printmaking I**
1.5 hours lecture, 4.5 hours lab, 3 units
Letter Grade or Credit/No Credit Option

*Prerequisite:* Art-Fine Art 198B with a grade of “C” or better, or equivalent.

This course focuses on developing a personal visual language using the knowledge gained from 198A and 198B. Print processes of advanced complexity such as multiple-plate intaglio, double drop printing, mezzotint, and white ground are addressed. Students experiment with combining print media, investigate U.S. print houses, and create a cohesive body of artwork for presentation. This course is intended for students who are preparing for a major in art as well as others who wish to develop their knowledge of printmaking. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN ART 24).

**198B Introduction to Printmaking II**
1.5 hours lecture, 4.5 hours lab, 3 units
Letter Grade or Credit/No Credit Option

*Advisory:* Art-Fine Art 198A with a grade of “C” or better, or equivalent.

This course builds on basic skills learned in Fine Arts 198A. More complex processes such as photo intaglio, collagraph, and reduction color relief will be introduced. Students apply aesthetic criteria in analyzing their creative choices and examine contemporary printmaking in world cultures. This course is a recommended elective for students preparing to major in fine art with an emphasis on two-dimensional and graphic design. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

**198C Introduction to Printmaking III**
1.5 hours lecture, 4.5 hours lab, 3 units
Letter Grade or Credit/No Credit Option

*Prerequisite:* Art-Fine Art 198B with a grade of “C” or better, or equivalent.

This course focuses on developing a personal visual language using the knowledge gained from 198A and 198B. Print processes of advanced complexity such as multiple-plate intaglio, double drop printing, mezzotint, and white ground are addressed. Students experiment with combining print media, investigate U.S. print houses, and create a cohesive body of artwork for presentation. This course is intended for students who are preparing for a major in art as well as others who wish to develop their knowledge of printmaking. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

**210A Life Drawing I**
1.5 hours lecture, 4.5 hours lab, 3 units
Letter Grade or Credit/No Credit Option

*Advisory:* English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5; and Art-Fine Art 150A and 155A, each with a grade of “C” or better, or equivalent.

This basic course in figure drawing helps students understand form, structure, and proportions of the human figure as they apply to visual expression. Students learn about human anatomy and physical features, composition and perspective, and developing and evaluating their personal style. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN ART 24).

**210B Life Drawing II**
1.5 hours lecture, 4.5 hours lab, 3 units
Grade Only

*Prerequisite:* Art-Fine Art 210A with a grade of “C” or better, or equivalent.

This course is a continued study and refinement of skills and concepts acquired in ARTF 210A. Students develop the skills needed to successfully draw the human form. Areas covered include further study of the
skeletal and muscular systems in humans, perception of form, contour drawing, and modeling. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List

210C Life Drawing III
1.5 hours lecture, 4.5 hours lab, 3 units
Letter Grade or Credit/No Credit Option
Figure drawing and composing related to the individual interests of the student. Enrollment based upon space availability and previous high achievement/portfolio. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

220A Life Sculpture I
1.5 hours lecture, 4.5 hours lab, 3 units
Letter Grade or Credit/No Credit Option
Advisory: Art-Fine Art 150A with a grade of “C” or better, or equivalent.
This is an introduction to the naturalistic and dynamic representation of the human body. Students sculpt from observation of live, nude models in poses of extended duration. In the process, students come to understand seeing as a learned skill. This course is intended for transfer students planning to major in art and for all students interested in the problems inherent in representing what they see. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

220B Life Sculpture II
1.5 hours lecture, 4.5 hours lab, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: Art-Fine Art 220A with a grade of “C” or better, or equivalent.
This course continues the introduction to naturalistic and dynamic representation of the human body (done from observation of live models in poses of extended duration) begun in Art 220A. This course is intended for transfer students planning to major in art and for all students interested in developing skills of naturalistic representation. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

220C Life Sculpture III
1.5 hours lecture, 4.5 hours lab, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: Art-Fine Art 220B with a grade of “C” or better, or equivalent.
In this course students learn to extend their skill in representing the human figure convincingly in three dimensions (developed in Art 220A and Art 220B) to naturalistic representation in more than one style. This course is intended for transfer students planning to major in art and for all students interested in developing sophisticated skills of naturalistic representation. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

260 Studio Art Studies
1.5 hours lecture, 4.5 hours lab, 3 units
Letter Grade or Credit/No Credit Option
Lecture/Lab presentation of selected studio arts that are of interest and/or importance in the arts. Specific areas for investigation will be announced in the schedule for each semester. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

280 Studio Lab
3 hours lab, 1 unit
Letter Grade or Credit/No Credit Option
An expansion of the lecture/lab course. Emphasis is given to reinforcement of technical skills and aesthetic understanding introduced in these courses. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

281 Issues in Visual Art (Lab)
3-6 hours lab, 1-2 units
Letter Grade or Credit/No Credit Option
The presentation of selected topics in the visual arts that are of student interest and/or importance in art. Specific areas for investigation will be announced in the class schedule for each semester. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

290 Independent Study
Hours by Arrangement, 1-3 units
Letter Grade or Credit/No Credit Option
Limitation on Enrollment: Must obtain an Add Code from instructor for registration. Requires consent of the department. Open only to those students who have exhausted departmental offerings in their areas of emphasis. This course may be taken four times with different content for a maximum of six units. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290),
Asian Studies
An interdisciplinary approach
(See selected courses in English, History, Humanities, Language Arts, Music, and Philosophy)

Asian Pacific American Studies
An interdisciplinary approach
(See selected courses in Filipino Studies and History)

ASTRONOMY (ASTR)

101 Descriptive Astronomy
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
This course is an introductory survey of contemporary astronomy. Topics covered include the solar system, stars and stellar evolution, the Milky Way galaxy and cosmology. This course is designed for students planning to take advanced courses in the Physical and Earth Sciences and for transfer students planning to major in astronomy. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Astronomy (ASTR) 109 and 111 combined: maximum credit, one course.

109 Practice in Observing
3 hours lab, 1 unit
Letter Grade or Credit/No Credit Option
Corequisite: Completion of or concurrent enrollment in Astronomy 101 with a grade of “C” or better, or equivalent.
This laboratory course, emphasizing field experience, includes constellation study, interpretation of celestial cycles, and descriptive observations (with and without telescopes) of a wide variety of astronomical objects and events. The course is designed to supplement Astronomy 101 as a general-education laboratory course in the natural science area. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Astronomy (ASTR) 109 and 111 combined: maximum credit, one course.

290 Independent Study
Hours by Arrangement, 1-3 units
Letter Grade or Credit/No Credit Option
Limitation on Enrollment: Must obtain an Add Code from instructor for registration.
This course provides for additional research and academic experiences for students with special interests. The course consists of individualized research problems, conferences with the instructor at prearranged intervals and a final written exam or report on the work completed. This course may be taken four times with different content for a maximum of six units. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

BIOLOGY (BIOL)

100 Natural History — Environmental Biology
3 hours lecture, 3 hours lab, 4 units
Letter Grade or Credit/No Credit Option
Advisory: Completion of or concurrent enrollment in English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
Lecture topics include basic principles of ecology, the nature of the physical environment, the aquatic environments, the terrestrial environments and population dynamics. This is a community approach, fitting organisms into their proper role in nature. The laboratory is coordinated with lectures emphasizing the plant and animal communities of Southern California. Several field trips will be required, some on the weekend. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Biology (BIOL) 100 and 120 combined: maximum credit, one course.

107 General Biology - Lecture and Laboratory  
3 hours lecture, 3 hour lab, 4 units  
Grade Only
Advisory: English 51 and English 56 and Mathematics 95, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5 and M40.  
Limitation on Enrollment: This course is not open to students with credit for Biology 103, 104, or 105, 106, or 210A and 210B.  
This course is an examination of living organisms and their environment. The lecture and laboratory are intended for students planning on taking more advanced courses in the Life Sciences or students majoring in Education, Child Development, Physiological Psychology, or related areas. Topics that are emphasized in this course include the fundamental chemical and physical processes common to all living organisms, the interactions between organisms and their environment, classical and molecular genetics, metabolism, plant and animal anatomy and physiology, animal behavior, evolution, cellular and molecular biology, and the experimental and cognitive processes used to examine these fields. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Biology (BIOL) 107 if taken after 210AB. (CAN BIOL 2) (CAN BIOL SEQ A = BIOL 107 + 215 + 250).

110 Introduction to Oceanography  
3 hours lecture, 3 units  
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.  
This is an introductory course designed to acquaint the student with general oceanography. The topics include the history of oceanography, sea floor properties, plate tectonics, properties of sea water, ocean currents, waves and tides, life in the sea, pollution, and the significance of the oceans to humans. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

115 Marine Biology  
3 hours lecture, 3 hours lab, 4 units  
Grade Only
Advisory: Completion of or concurrent enrollment in English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.  
This course in biology is designed to serve as an elective in the natural sciences. This is a survey of the marine organisms, emphasizing their natural history and special adaptations to the ocean environment. Topics include the marine environment, plankton, marine plants, marine invertebrates, fishes, marine birds, and marine mammals. Several field trips are required to local marine habitats, Sea World, Stephen Birch Aquarium and the Natural History Museum. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

120 The Environment of Man  
3 hours lecture, 3 units  
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.  
This is an introductory course that examines the immediate and long-range causes and effects of air, water, and land pollution on the environment and human health. The course also explores basic concepts of ecology, overpopulation, natural resources, and the sustainability of the environment and its biodiversity. The study of positive solutions to the ecological dilemma is addressed. This course is designed for general students interested in the environment and for those students majoring in environmental sciences. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Biology (BIOL) 100 and 120 combined: maximum credit, one course.

130 Human Heredity  
3 hours lecture, 3 units  
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.  
This course introduces students to the concepts and applications of human heredity. It deals with both classical Mendelian genetics and modern molecular genetics. Topics include gamete formation, human
karyotypes, genetic crosses, sex-linked inheritance, structure and function of DNA and RNA, gene expression, transcription and translation, genetic engineering, and population genetics. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

160 Elements of Human Anatomy and Physiology
3 hours lecture, 3 hours lab, 4 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
Limitation on Enrollment: This course is not open to students with credit for Biology 230 or 235.
This introductory course in human body structure and functions helps students prepare for health occupations such as radiological technician, physical therapy assistant, medical records technician, and medical laboratory technician. Students learn about the following systems: integumentary, skeletal, muscular, nervous, endocrine, reproductive, cardiovascular, lymphatic, respiratory, excretory, and digestive. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

180 Plants and People
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
This is an introductory course that examines the interdependence of humans and plants. This course is intended for all that want to learn about the uses of plants, especially those students with an interest in biology, anthropology, environmental sciences, and/or agriculture. Emphasis is on plant ecology as well as the basic biology of plant groups that provide us with food, medicine, recreation, decoration, and material goods as well as those that produce stimulating, intoxicating, or harmful effects. Basic principles of taxonomy, cell structure, plant physiology, plant anatomy, ecology and genetics are explored as they relate to these plants. Current environmental and economic issues and the role of molecular genetics in future plant development and the importance of genetic diversity are also examined. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

200 Biological Statistics
2 hours lecture, 3 hours lab, 3 units
Grade Only
Prerequisite: Biology 105 and 106; or 107; or Mathematics 116, each with a grade of “C” or better, or equivalent.
This is an introductory course in statistics using biological examples and experimental design. Students learn methods and gain experience in defining and solving quantitative problems in biology. Descriptive and inferential statistics, basic probability, binomial and normal distributions are introduced. Students learn to estimate population parameters, test hypotheses, linear regression and correlation using clinical and biological data and experiments. This course is applicable for biological science majors and required for preparation for San Diego State University biology majors. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Biology (BIOL) 200 combined with Mathematics (MATH) 119 and Psychology (PSYC) 258: maximum credit, one course.

205 General Microbiology
3 hours lecture, 6 hours lab, 5 units
Letter Grade or Credit/No Credit Option
Prerequisite: Biology 105 and 106; or Biology 107; and Chemistry 100 and 100L, each with a grade of “C” or better, or equivalent.
This introductory course covers fundamental aspects of microbiology including taxonomy, anatomy, growth and reproduction, metabolism, genetics and applications, host-parasite relations, immunology, and control of microorganisms. Emphasis in the laboratory is upon basic methods for culturing, staining, enumerating, differentiating and identifying microorganisms. The course meets requirements to enter paramedical or medical fields. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN BIOL 14).

210A Introduction to the Biological Sciences I
3 hours lecture, 3 hours lab, 4 units
Grade Only
Prerequisite: Mathematics 96 with a grade of "C" or better, or equivalent, or Assessment Skill Level M50; and Chemistry 152 and Chemistry 152L, each with a grade of “C” or better, or equivalent.
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5; and concurrent enrollment in Chemistry 200 and Chemistry 200L.
This course covers biological chemistry, cell structure and function, cellular metabolism, classical and molecular genetics, and evolutionary biology. This is the first semester of a two-semester sequence designed for biological science and pre-professional majors. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Biology (BIOL) 210A, 210B, 215 and 250 combined: maximum credit, one series.

210B Introduction to the Biological Sciences II
2 hours lecture, 3 hours lab, 4 units
Letter Grade or Credit/No Credit Option

Prerequisite: Biology 210A with a grade of “C” or better, or equivalent; and Mathematics 96 with a grade of "C" or better, or equivalent, or Assessment Skill Level M50. This is an introductory course which is a continuation of Biology 210A. This course emphasizes the developmental and physiological processes of the Five Kingdoms, the phylogenetic relationships of major evolutionary groups of organisms, behavior, and ecological principles including population and community ecology. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Biology (BIOL) 210A, 210B, 215 and 250 combined: maximum credit, one series.

215 Introduction to Zoology
2 hours lecture, 6 hours lab, 4 units
Letter Grade or Credit/No Credit Option

Prerequisite: Biology 105 and 106; or Biology 107; or Biology 160, each with a grade of “C” or better, or equivalent. Advisory: English 56 with a grade of “C” or better, or equivalent, or Assessment Skill Level R5. This is an introductory course that surveys the basic principles of animal biology. These principles include morphology, life processes and evolutionary relationships of the invertebrates and vertebrates. Laboratories include the identification of organisms, dissection and recognition of the anatomy of varied animal representatives, embryological development, histology, behavior and physiology. This course is designed for Biology Majors and for students seeking to satisfy degree requirements in allied health and animal sciences majors. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Biology (BIOL) 210A, 210B combined with 215 and 250: maximum credit, one series. (CAN BIOL 4) (CAN BIOL SEQ A = BIOL 107 + 215 + 250).

230 Human Anatomy
2 hours lecture, 6 hours lab, 4 units
Grade Only

Prerequisite: Biology 105 and 106; or Biology 107; or Biology 160, each with a grade of “C” or better, or equivalent.

This course is a systems approach to the study of human body structure from the microscopic level of organization to the gross level. Structure related to function from study of histological slides, photomicrographs, anatomical models and charts, and mammalian (cat) dissection. This course is intended to meet the requirements of students in the fields of nursing, physical therapy, recreational therapy, occupational therapy, athletic training, chiropractic, psychology, physical education, and biology or those who wish to extend their knowledge of the human body beyond the scope of introductory biology. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN BIOL 10) (CAN BIOL SEQ B = BIOL 230 + 235).

231 Media Experiences in Human Anatomy
1 hour lecture, 1 unit
Credit/No Credit Only

Corequisite: Biology 230. Independent study of computer software, CD-ROMs, photomicrographs, videotapes, microscope slides, anatomical models, and graphics to further informational background in human anatomy. This course is intended to meet the requirements of students in the fields of nursing, physical therapy, recreational therapy, occupational therapy, athletic training, chiropractic, psychology, physical education, and biology or those who wish to extend their knowledge of the human body beyond the scope of introductory biology. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

232 Experience in Human Dissection
3 hours lab, 1 unit
Letter Grade or Credit/No Credit Option

Prerequisite: Biology 230 with a grade of “C” or better, or equivalent. Advisory: Preregistration counseling with instructor is highly recommended.

This course provides a supervised study and actual experience in human dissection. Mastery of dissection techniques and human anatomy at this level assists students pursuing careers in nursing, medicine, and other allied health professions. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.
235 Human Physiology
   3 hours lecture, 3 hours lab, 4 units
   Letter Grade or Credit/No Credit Option
   **Prerequisite:** Biology 105 and 106; or Biology 107, each with a grade of “C” or better, or equivalent.
   **Advisory:** Biology 230 and Chemistry 100 and 100L, each with a grade of “C” or better, or equivalent.
   This is an introductory course which investigates the functions of the human body with emphasis on the nervous, endocrine, muscular, cardiovascular, respiratory, digestive, excretory and reproductive systems. This course is intended to meet requirements for students in the fields of nursing, paramedical sciences, psychology, biology and physical education. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN BIOL 12) (CAN BIOL SEQ B = BIOL 230 + 235).

250 Introduction to Botany
   2 hours lecture, 6 hours lab, 4 units
   Letter Grade or Credit/No Credit Option
   **Advisory:** English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
   This course is an introduction to the fundamental principles of the anatomy, development, physiology, reproductive biology, ecology and evolution of the major plant groups, with emphasis on the flowering plants. The course is targeted towards students with no previous college level biology, but is also appropriate as a lower division course for biology majors. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Biology (BIOL) 210A, 210B combined with 215 and 250: maximum credit, one series. (CAN BIOL 6) (CAN BIOL SEQ A = BIOL 107 + 215 + 250).

255 California Plants
   3 hours lecture, 3 hours lab, 4 units
   Letter Grade or Credit/No Credit Option
   **Advisory:** English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
   This course is a study of both native and ornamental plants of Southern California and the groups to which they belong. The course emphasizes techniques of plant identification, collection, preservation, and the discussion of habitat preferences and plant associations. Frequent field trips are scheduled during laboratory periods. Some all-day Saturday field trips may be substituted for the regularly scheduled laboratory periods. This course is for students with an interest in the flora of Southern California and for those students majoring in landscape design, environmental science, and botany. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

290 Independent Study
   Hours by Arrangement, 1-3 units
   Letter Grade or Credit/No Credit Option
   **Limitation on Enrollment:** Must obtain an Add Code from instructor for registration.
   A student may sign up for 1 to 3 units each semester for a maximum of 6 units. For advanced students in biology who wish to continue with a special investigation. The course consists of individualized research problems, conferences with the instructor at prearranged intervals and a final report on the work completed. This course may be taken four times with different content for a maximum of six units. Associate Degree Credit & transfer to CSU and/or private colleges and universities.
   This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

100 Introduction to Black Studies
   3 hours lecture, 3 units
   Letter Grade or Credit/No Credit Option
   **Advisory:** English 51 or English 56 with a grade of “C” or better, or equivalent, or Assessment Skill Level W5 or R5.
   This course is a survey of the Black Studies discipline including its social and academic origins, goals and development. Emphasis is placed on providing students with an understanding of the fundamental areas of study within the field and of the interdisciplinary approach to studying the African experience in America and the world. This course is intended for students who wish to major in Black Studies and/or who wish to gain general knowledge of the Black experience. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.
104 Black Psychology

3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course is an introduction to psychological concepts and principles as they relate to African American behaviors and lifestyles. Emphasis is placed on comparing Euro-American theories as they have been traditionally applied to African Americans with contemporary Afri-centric theories and the ways in which they may be applied to create a greater understanding of the behaviors, lifestyles and psychological needs of African Americans. (FT)
Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Black Studies (BLAS) 104 combined with Psychology (PSYC) 101: maximum credit, one course.

106 Black Oral Expression and Interpretation

3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 or English 56 with a grade of "C" or better, or equivalent, or Assessment Skill Level W5 or R5.
Varieties of oral expression and interpretation as taken from the Black experience are explored. Emphasis on broadening social awareness and developing communicative skills. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

110 Afro-American Art

3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 or English 56 with a grade of "C" or better, or equivalent, or Assessment Skill Level W5 or R5.
A historical survey of the art styles and cultural traditions of various African cultures from 4,000 BC to the present. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Black Studies (BLAS) 111 and Art-Fine Art (ARTF) 113, 115, 120 combined: maximum credit, two courses.

111 African Art History

3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 or English 56 with a grade of "C" or better, or equivalent, or Assessment Skill Level W5 or R5.

A historical survey of the art styles and cultural traditions of various African cultures from 4,000 BC to the present. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Black Studies (BLAS) 111 and Art-Fine Art (ARTF) 113, 115, 120 combined: maximum credit, two courses.

116 Contemporary Social Problems from a Black Perspective

3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 or English 56 with a grade of "C" or better, or equivalent, or Assessment Skill Level W5 or R5.
A sociological analysis of institutional variation and the process of social change, and how it affects the Black American. An exploration of those group variations in life style which cannot be accounted for by social condition. Emphasizes contemporary urban situations. An examination of the relations between various racial, cultural, ethnic, and minority groups. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

120 Black Music

3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course is a study of African American musical forms and styles in historical perspective. Emphasis is placed on providing students with an understanding and appreciation for the African roots of a variety of African American music genres. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

125 Dynamics of the Black Community

3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 or English 56 with a grade of "C" or better, or equivalent, or Assessment Skill Level W5 or R5.
Involves the active participation of the student in an effort to sensitize him/her to the needs of the Black community. The student participates in projects, attends outside lectures and conferences, and becomes actively involved in the community development. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.
130 The Black Family

3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.

This course is a study of the African American family. Emphasis is placed on the socio-cultural and psychological issues surrounding the history of the Black family in America and contemporary African American dating, marriage and divorce patterns, gender roles and extended family, kin and community networks. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

140A History of the U.S., Black Perspectives

3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 or English 56 with a grade of "C" or better, or equivalent, or Assessment Skill Level W5 or R5.

This course is a survey of American history from the colonial period to 1877, with emphasis on the experience of African Americans and the contributions they have made to the political, social, economic, and cultural development of the country. This course is intended for transfer students planning to major in African American Studies, history, political science, or other social sciences. The complete one-year course, 140A and 140B, satisfies the graduation requirement in American Institutions. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Black Studies 140A, 140B combined with Chicano Studies 141A, 141B, History 109, 110 or 150, 151: maximum credit, one series.

145A Introduction to African History

3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.

This course is a survey of African History from the Stone Age through the beginnings of European colonization in the 1870s. Emphasis is placed on providing students with a broad presentation of the geographical features of the continent and its connections to the rest of the world, local and regional ways of life and institutions, slavery, European conquest and colonization and African resistance to colonization. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

150 Black Women in Literature and the Media

3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 or English 56 with a grade of "C" or better, or equivalent, or Assessment Skill Level W5 or R5.

Analyzes the literary achievements of Black women. Examines the images of Black women in literature and the media, past and present, including realistic self-images as presented by Black women themselves. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

155 Afro-American Literature

3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 or English 56 with a grade of "C" or better, or equivalent, or Assessment Skill Level W5 or R5.

This course is a survey of African American cultural expression through language and literature in historical perspective. Emphasis is placed on understanding and interpreting the cultural, ethnic and political dynamics that influence literary, musical and theoretical texts. Topics include African praise songs, slave narratives, African American folktales, poetry, lyrics, spirituals, raps, short stories, novels, speeches and essays. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.
165 Sexuality and Black Culture
3 hours lecture, 3 units
Grade Only
Advisory: English 51 or English 56 with a grade of “C” or better, or equivalent, or Assessment Skill Level W5 or R5.
Limitation on Enrollment: This course is not open to students with credit for Black Studies 265: Psychology and Social Aspects of Black Sexuality. This course will provide an in-depth examination and analysis of social and psychological factors that determine the nature of human sexuality in the Black community. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Black Studies (BLAS) 165 and Psychology (PSYC) 137: maximum credit, one course.

175 Psycho-History of Racism and Sexism
3 hours lecture, 3 units
Grade Only
Advisory: English 51 or English 56 with a grade of “C” or better, or equivalent, or Assessment Skill Level W5 or R5.
This course will provide a comparative analysis of the historical and psychological impact of racism and sexism on American people, with particular emphasis on the impact of both ideologies on Black and White people. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.
This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (O44), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

105 Composition and Literature
205 Critical Thinking and Intermediate Composition
Speech Communications
103 Oral Communication

BUILDING CONSTRUCTION TECHNOLOGY (BLDC)

120 Blueprint Reading
3 hours lecture, 3 units
Grade Only
Advisory: English 51 and Mathematics 35, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and M30.
Introduction to the reading of construction blueprints and specifications. Analysis of the methods of representation of building materials, symbols, measurements and methods of construction and inspection. (FT) Associate Degree Credit only and not Transferable.

130 Construction Practices I
3 hours lecture, 3 hours lab, 4 units
Grade Only
Advisory: English 51 and 56 and Mathematics 32, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5, R5 and M20.
Practical application of building techniques using various materials. Related to residential and commercial building: layout, forms, structure framing using construction math, site-layout using builders transit, and concrete problems related to the trade. (FT) Associate Degree Credit only and not Transferable.

170 Construction Practices II
3 hours lecture, 3 hours lab, 4 units
Grade Only
Advisory: English 51 and English 56 and Mathematics 32, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5, R5 and M20.
A practical application of building techniques using various building materials. Includes exterior roof coverings, wall finish coverings of wood and manufactured products, interior drywall, paneling finishes and trim, constructing cabinets, hanging doors, setting windows, completing stair layout. Technical problems related to other trades; codes and inspections. (FT) Associate Degree Credit only and not Transferable.
230 Construction Practices III  
3 hours lecture, 3 hours lab, 4 units  
Grade Only
Advisory: English 51 and English 56 and Mathematics 32, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5, R5 and M20; and Building Construction 170 with a grade of “C” or better, or equivalent.
Practical application of building techniques in roof framing, stair building, door hanging, finish carpentry and the methodology involved in exterior, interior, wall coverings, painting and acoustical finishes. Includes blueprint interpretation, math and estimating. (FT) Associate Degree Credit only and not Transferable.

245 Building Inspection  
3 hours lecture, 3 units  
Grade Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5; and Architecture 130 and Building Construction 120, 260, and 268, each with a grade of “C” or better, or equivalent.
A survey of the organization of the typical planning department and the responsibilities of the building inspector. Associate Degree Credit only and not Transferable.

250 Construction Trades Management I  
3 hours lecture, 3 units  
Grade Only
Advisory: English 51 and English 56 and Mathematics 32, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5, R5 and M20.
An introduction to construction films and techniques of successful operation. Types of supplies, inspections, and management problems. How to deal with individuals and groups. Opportunities in labor and management. The use of the computer to operate a professional construction business. (FT) Associate Degree Credit only and not Transferable.

255 Construction Trades Management II  
3 hours lecture, 3 units  
Grade Only
Advisory: English 51 and English 56 and Mathematics 32, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5, R5 and M20; and Building Construction 250 with a grade of “C” or better, or equivalent.
An advanced study directed to protect management team members, superintendents, engineers, architects, contractors or any person who intends to manage or invest in the construction business. Includes up-to-date methods of organization, planning, sales promotion and leadership development, and the use of the computer to operate a professional construction business. Associate Degree Credit only and not Transferable.

260 Building Codes and Zoning  
3 hours lecture, 3 units  
Grade Only
Advisory: English 51 and English 56 and Mathematics 32, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5, R5 and M20.
This course covers the fundamentals of local building laws and ordinances and administration. Also included are zoning and land use, building requirements by types of construction and occupancy, fire and safety regulations for both residential and commercial construction and types of inspections. Associate Degree Credit only and not Transferable.

268 Electrical, Plumbing, and Mechanical Codes  
3 hours lecture, 3 units  
Grade Only
Advisory: English 51 and English 56 and Mathematics 32, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5, R5 and M20.
This course provides the fundamentals of code application, interpretation and correlation with the National Electrical Code, Uniform Plumbing Code, Uniform Mechanical Code, Uniform Fire Code, Solar Code, California Energy Commission Regulations and inspections. (FT) Associate Degree Credit only and not Transferable.

295 Building Contractor's License Law  
3 hours lecture, 3 units  
Grade Only
Advisory: English 51 and English 56 and Mathematics 32, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5, R5 and M20.
Designed to inform management, contractors, subcontractors and craftsman of their basic legal rights and liabilities. Includes an overview of related real estate and land development laws and regulations. Also designed to aid journeymen in preparing for State contractor's (law) license exam. Associate Degree Credit only and not Transferable.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course
descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

### BUSINESS (BUSE)

#### 090A Learning Skills
**1.5 hours lecture, 1.5 units**
**Grade Only**
This is a course designed to teach the skills necessary to become a successful learner, both in college and in the years beyond college. Emphasis is placed on time management, organizational skills, and basic thinking, reading and writing techniques. Students will be able to successfully learn, retain and communicate information. This course is intended for the beginning or returning certificate student planning to major in vocational education. (FT) Associate Degree Credit only and not Transferable.

#### 090B Work Success
**1.5 hours lecture, 1.5 units**
**Grade Only**
This is a course designed to teach the skills necessary to become a successful employee. Emphasis is placed on understanding and developing the skills necessary to secure and keep a job. Students will be able to look for employment, prepare for an interview, and model the qualities of a successful employee. This course is intended for the beginning or returning student planning to seek gainful employment. (FT) Associate Degree Credit only and not Transferable.

#### 100 Introduction to Business
**3 hours lecture, 3 units**
**Grade Only**
*Advisory: English 43 and English 42, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W4 and R4; or Business 92 with a grade of "C" or better, or equivalent.*
This is an introductory course for both business and non-business majors. The course provides a broad understanding of the business community, its functions, terminology, occupational choices in the various fields of business and the place of business in the American economy as a whole. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

#### 101 Business Mathematics
**3 hours lecture, 3 units**
**Grade Only**
This course provides students with a comprehensive study of business mathematics and reviews basic mathematics such as decimals, fractions, and percentages. It also covers the topics of bank services, payroll, mathematics of buying and selling, interest and loans, taxes, insurance, depreciation, and other business computations. This course is intended for students interested in pursuing careers in business. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

#### 119 Business Communications
**3 hours lecture, 3 units**
**Grade Only**
*Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5; or Business 92 with a grade of "C" or better, or equivalent.*
This course introduces students to the principles of effective business communications. Students experience the broad development of and the ability to analyze, organize, and compose various types of written and oral business communications. Students develop clear, concise, and persuasive letters, memorandums, and reports. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

#### 140 Business Law and the Legal Environment
**3 hours lecture, 3 units**
**Grade Only**
*Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5; or Business 92 with a grade of "C" or better or equivalent.*
This course introduces students to the legal system and the laws that govern business in America. The course also increases students' understanding of legal concepts. Topics include judicial and administrative systems, ethics, contracts, torts, bankruptcy, agency, business organizations, security regulations, regulation of property, and protection of intellectual property interest. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN BUS 8).
143 International Business Law
3 hours lecture, 3 units

Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.

This course is a survey of the legal environment of international business and is intended for individuals interested in applying principles of international business law or preparing for careers or further education in international business. Topics include international sales, credits, and commercial transactions; international and U.S. trade law; and regulations of the international marketplace. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

150 Human Relations in Business
3 hours lecture, 3 units

Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5; or Business 92 with a grade of “C” or better, or equivalent.

This course is designed to assist employees and employers in understanding human behavior in social institutions, business and industry. Areas for discussion include: leadership, communication, status, decision making, motivation, personnel problems. Case problem method of instruction used. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

155 Managing the Small Business
3 hours lecture, 3 units

Advisory: English 43 with a grade of “C” or better, or equivalent, or Assessment Skill Level W4.

In this course students learn the elements of successfully operating a small business. Key issues include human resource management, marketing for small business, financial, and legal issues. This course is intended for the student who plans to major in the Small Business Management or Entrepreneurial and Community Service option at City College. At Mesa College, this course may be taken as an elective by Business Management students or by those who are pursuing or intend to pursue a small business career. This course is also intended for students from any discipline who are interested in owning or operating a small business. (FT) Associate Degree Credit only and not Transferable.
100L Fundamentals of Chemistry Laboratory
3 hours lab, 1 unit
Letter Grade or Credit/No Credit Option
Corequisite: Chemistry 100.
Advisory: English 51 and English 56 and Math 95, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5 and M40.
This laboratory course is designed to illustrate the principles of inorganic and physical chemistry as presented in Chemistry 100 and to familiarize students with common laboratory equipment and data collection methods. Along with Chemistry 100, this course is taken by students majoring in nursing or allied health sciences and provides a foundation for further lab work in chemistry. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Chemistry (CHEM) 100, 100L and 152, 152L combined: maximum credit, four units. No credit will be given for 100, 100L or 152, 152L if taken after Chemistry 200. (CAN CHEM 6, when taken with CHEM 100) (CAN CHEM SEQ B = CHEM 100 + 100L + 130 + 130L).

130 Introduction to Organic and Biological Chemistry
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: Chemistry 100 and Chemistry 100L, each with a grade of "C" or better, or equivalent.
Corequisite: Chemistry 130L.
Chemistry 130 is a one-semester course that introduces the basic physical, chemical and structural features of organic and biological compounds. Topics such as bonding, saturated and unsaturated hydrocarbons, the chemistry of organic functional groups, and the properties of important biological compounds such as carbohydrates, fats, and proteins are covered. The importance of these compounds in our daily lives is emphasized. The course is designed for nursing, nutrition, and allied health majors. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Chemistry (CHEM) 100, 100L and 152, 152L combined: maximum credit, four units. No credit will be given for 100, 100L or 152, 152L if taken after Chemistry 200. (CAN CHEM 8, when taken with CHEM 130) (CAN CHEM SEQ B = CHEM 100 + 100L + 130 + 130L).

130L Introduction to Organic and Biological Chemistry Laboratory
3 hours lab, 1 unit
Letter Grade or Credit/No Credit Option
Prerequisite: Chemistry 100 and Chemistry 100L, each with a grade of "C" or better, or equivalent.

152 Introduction to General Chemistry
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: Mathematics 96 with a grade of "C" or better, or equivalent, or Assessment Skill Level M50.
Corequisite: Chemistry 152L.
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
Limitation on Enrollment: This course is not open to students with previous credit for Chemistry 151. This is a one-semester preparatory course in chemistry consisting of an intensive study of some of the principles of inorganic and physical chemistry that are needed before taking Chemistry 200. Topics include but are not limited to atomic structure, chemical nomenclature, periodicity, chemical equations, stoichiometry, solutions, intermolecular forces, and gas laws. The course emphasizes problem solving and chemical calculations. It is intended for those students majoring in one of the natural sciences, engineering, or related curricula who do not meet the entrance requirements of Chemistry 200. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Chemistry (CHEM) 100, 100L and 152, 152L combined: maximum credit, four units. No credit will be given for Chemistry 100, 100L or 152, 152L if taken after Chemistry 200.

152L Introduction to General Chemistry Laboratory
3 hours lab, 1 unit
Letter Grade or Credit/No Credit Option
Prerequisite: Mathematics 96 with a grade of "C" or better, or equivalent, or Assessment Skill Level M50.
Corequisite: Completion of or concurrent enrollment in Chemistry 152 with a grade of "C" or better, or equivalent.
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
Limitation on Enrollment: This course is not open to students with previous credit for Chemistry 151L. Chemistry 152L is a one-semester laboratory course intended as the companion course for Chemistry 152.
Topics include chemical measurement, significant figures, laboratory safety, laboratory techniques, chemical reactions and stoichiometry. An emphasis is placed on problem solving, data analysis and chemical calculations. It is intended for those students majoring in one of the natural sciences, engineering or related curricula who do not meet entrance requirements of Chemistry 200. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

200 General Chemistry I — Lecture
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: Mathematics 96 with a grade of "C" or better, or equivalent, or Assessment Skill Level M50; and Chemistry 152 and 152L (formerly Chemistry 151), each with a grade of "C" or better, or equivalent.
Corequisite: Chemistry 200L.
This is the first course in a two-course sequence in general chemistry and is intended for students majoring in science or satisfying prerequisites for professional schools. The course covers the principles and laws of inorganic chemistry with emphasis on quantitative mathematical problem solving. Topics include chemical equations, stoichiometry, atomic theory and its relationship to periodicity of the elements, bonding theories, molecular geometry, solution chemistry, liquids, solids, and the gas laws. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN CHEM 2, when taken with CHEM 200) (CAN CHEM SEQ A = CHEM 200 + 200L + 201 + 201L).

200L General Chemistry I — Laboratory
6 hours lab, 2 units
Letter Grade or Credit/No Credit Option
Corequisite: Chemistry 200.
This is the first course in a two-course sequence in general chemistry. It is intended for students majoring in science or satisfying prerequisites for professional schools. The course illustrates the fundamental principles and laws of chemical behavior and the properties of matter in terms of laboratory experiments, with emphasis on quantitative, mathematical problem-solving. Topics include techniques of data analysis, chemical formulae and nomenclature, chemical equations and stoichiometry, atomic theory and its relationship to the periodic properties of the elements, theories of chemical bonding, molecular geometry, states of matter, solution chemistry, and gaseous behavior. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN CHEM 2, when taken with CHEM 200) (CAN CHEM SEQ A = CHEM 200 + 200L + 201 + 201L).
201 General Chemistry II Lecture
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: Chemistry 200 and 200L, each with a grade of "C" or better, or equivalent.
Corequisite: Chemistry 201L.
This is the first course in a two-course sequence in general chemistry and is intended for students majoring in science or satisfying prerequisites for professional schools. The course covers he principles and laws of physical and inorganic chemistry with emphasis on quantitative, mathematical problem solving. Topics include chemical kinetics, chemical equilibrium, acid-base theory, thermochemistry, thermodynamics, electrochemistry, coordination chemistry, and nuclear chemistry. The course also includes an introduction to organic- and biochemistry. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN CHEM SEQ A = CHEM 200 + 200L + 201 + 201L).

201L General Chemistry II Laboratory
6 hours lab, 2 units
Letter Grade or Credit/No Credit Option
Corequisite: Chemistry 201L.
This is the second semester laboratory course in a two-course sequence in general chemistry and is intended for students majoring in science or satisfying prerequisites for professional schools. The course illustrates the fundamental principles of physical and inorganic with some organic chemistry in terms of laboratory experiments. Topics include techniques of data analysis, chemical kinetics, chemical equilibrium, acid, base, and salt, thermochemistry, electrochemistry, coordination chemistry and organic chemistry. Wherever appropriate and whenever possible, computer skills are introduced and applied to data analysis, laboratory simulations, and computer interfacing with laboratory equipment. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN CHEM SEQ A = CHEM 200 + 200L + 201 + 201L).

231 Organic Chemistry I - Lecture
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: Chemistry 201 and Chemistry 201L, each with a grade of "C" or better, or equivalent.
Corequisite: Completion of or concurrent enrollment in Chemistry 231L with a grade of "C" or better, or equivalent.
Advisory: English 105 with a grade of "C" or better, or equivalent, or Assessment Skill Levels W6 and R6; or English 105 with a grade of "C" or better, or equivalent. This course is the first semester of a one-year course in Organic Chemistry. Major themes include, but are not limited to, bonding and molecular structure, nomenclature, reaction mechanisms, synthesis, and an introduction to conjugated and aromatic carbon based compounds. An emphasis is placed on the reactions of aliphatic compounds such as alkanes, cycloalkanes, alkenes, alkynes, and alkyl halides. The organic chemistry literature, and spectral interpretation using techniques such as infrared and nuclear magnetic spectroscopies, are introduced to support the above topics. This course is designed for undergraduates pursuing a degree in the chemical sciences, training in chemical technology, and other transfer students who need organic chemistry as part of the formal preparation for their major; for example, molecular biology, premedical, predental, and pharmacy. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Chemistry (CHEM) 130, 130L and 231, 231L combined: Maximum credit, one course with lab.

231L Organic Chemistry I - Laboratory
6 hours lab, 2 units
Letter Grade or Credit/No Credit Option
Prerequisite: Chemistry 201 and Chemistry 201L, each with a grade of "C" or better, or equivalent.
Corequisite: Completion of or concurrent enrollment in Chemistry 231 with a grade of "C" or better, or equivalent.
Advisory: English 101 with a grade of "C" or better, or equivalent, or Assessment Skill Levels W6 and R6; or English 105 with a grade of "C" or better, or equivalent. This is a laboratory course designed to illustrate the principles presented in Chemistry 231. The emphasis is on the determination of physical properties and the separation, purification and identification of organic compounds. The course acquaints students with the equipment, glassware, techniques and safe practices specific to the organic chemistry laboratory. Techniques such as measurements of physical constants, recrystallization, extraction, distillation and chromatography are used in the synthesis and/or characterization of selected classes of organic compounds. These classes include, but are not limited to, alkanes, alkenes, alkynes, alkyl halides, and alcohols. The organic chemistry literature, and spectral interpretation using techniques such as infrared and nuclear spectroscopies, are introduced to support the above topics. This course is designed for undergraduates pursuing a degree in the chemical
233 Organic Chemistry II - Lecture
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: Chemistry 231 and Chemistry 231L, each with a grade of "C" or better, or equivalent.
Corequisite: Completion of or concurrent enrollment in Chemistry 233L with a grade of "C" or better, or equivalent.
This course is the second semester of a one-year sequence in Organic Chemistry. It is designed for students pursuing a baccalaureate degree in the chemical sciences or in majors such as premedical, predental or pharmacy; and for students training for careers in some chemical technology fields. The topics covered include, but are not limited to, molecular structure, nomenclature, reaction mechanisms, and synthesis. An emphasis is placed on the reactions of selected classes of organic compounds, including but not limited to aromatics, alcohols, aldehydes and ketones, carboxylic acids, amines, and simple examples of bio-organic molecules. Additional emphasis is placed on multi-step synthetic pathways and product identification using selected methods of qualitative organic analysis such as wet chemical and advanced spectroscopic techniques. Variation of scale from micro- to macro-quantities, and more advanced separation and analytical techniques, distinguish the level of this course from Organic Chemistry I Laboratory. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

233L Organic Chemistry II - Laboratory
6 hours lab, 2 units
Letter Grade or Credit/No Credit Option
Prerequisite: Chemistry 231 and Chemistry 231L, each with a grade of "C" or better, or equivalent.
Corequisite: Completion of or concurrent enrollment in Chemistry 233 with a grade of "C" or better, or equivalent.
This course is the second semester of a one-year sequence in Organic Chemistry Laboratory and is designed to illustrate the principles presented in Chemistry 233. It is intended for students pursuing a baccalaureate degree in the chemical sciences or in majors such as premedical, predental or pharmacy; and for students training for careers in some chemical technology fields. The emphasis is on synthesis, purification and/or characterization of selected classes of organic compounds, including but not limited to aromatics, alcohols, aldehydes and ketones, carboxylic acids, amines, and simple examples of bio-organic molecules. Additional emphasis is placed on multi-step synthetic pathways and product identification using selected methods of qualitative organic analysis such as wet chemical and advanced spectroscopic techniques. Variation of scale from micro- to macro-quantities, and more advanced separation and analytical techniques, distinguish the level of this course from Organic Chemistry I Laboratory. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

251 Analytical Chemistry
3 hours lecture, 6 hours lab, 5 units
Letter Grade or Credit/No Credit Option
Prerequisite: Chemistry 201 and Chemistry 201L and Mathematics 150, each with a grade of "C" or better, or equivalent.
Advisory: English 101 with a grade of "C" or better, or equivalent, or Assessment Skill Levels W6 and R6; or English 105 with a grade of "C" or better, or equivalent.
This is a course in quantitative analysis. Major topics include theory and practice of gravimetric and volumetric methods of chemical analysis and introduction to instrumental methods of analysis with a focus on precision and accuracy of experimental data. The target audience for Chemistry 251 is students majoring in chemistry or biochemistry and others who need the course for career advancement. It is recommended that students who plan to enroll in this course do so the semester following completion of Chemistry 201. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN CHEM 12).

255 Inside the Pharmaceutical Industry
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: Chemistry 152 with a grade of "C" or better, or equivalent.
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course is designed for students who desire to learn how the pharmaceutical industry works. Specifically it is intended for those who want to understand the drug discovery, design and approval processes. The course covers principles pertinent to working in the pharmaceutical industry. Topics include but are not limited to good lab practice (GLP), good manufacturing practice (GMP), hazardous materials management, the Food and Drug Administration (FDA), drug approval, and drug design. The course concludes with an overview of companies in the local pharmaceutical industry, their technology and products. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

### 110A Introduction to Chicano Studies

**3 hours lecture, 3 units**

**Letter Grade or Credit/No Credit Option**

*Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.*

This course is an introductory survey of the field of Chicano Studies and the factors that influence the Chicano culture. Emphasis is placed on the historical development of the Chicano people including their Mesoamerican roots, cultural identification, political activities, and their contemporary roles and influence in United States culture, society and economy. This course is designed for students majoring in Chicano Studies and/or Social Sciences. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

### 110B Introduction to Chicano Studies

**3 hours lecture, 3 units**

**Letter Grade or Credit/No Credit Option**

*Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.*

This course is a continuation of Chicano Studies 110A. Emphasis is placed on the historical development of the Chicano people including their connections to the indigenous people of the Southwestern and Western United States, their historical and contemporary experiences as residents of border of territories and as transnational actors as well as their contemporary roles and influence in United States culture, society and economy. This course is designed for students majoring in Chicano Studies and/or Social Sciences. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

### 135 Chicano Literature

**3 hours lecture, 3 units**

**Letter Grade or Credit/No Credit Option**

*Advisory: English 43 and English 42, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W4 and R4.*

This course is a survey of Chicano literature. The genres to be studied include poetry, the novel, essay, short story, and theatre. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

### 138 Literature of La Raza in Latin America in Translation

**3 hours lecture, 3 units**

**Letter Grade or Credit/No Credit Option**

*Advisory: English 42 and English 43, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R4 and W4.*

A survey of the novels, short stories, poetry and major Latin American writers, from the end of the Colonial Period to the present. Emphasis will be given to major contemporary authors reflecting the universality of Mestizo (Raza) masterpieces. This course is for all students with an interest in the study of Latin American literature. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

### 141A United States History from a Chicano Perspective

**3 hours lecture, 3 units**

**Letter Grade or Credit/No Credit Option**

*Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.*

This course is a survey of early American history from the Mexican/Chicano perspective. It covers the period of discovery to the period of Reconstruction with emphasis on the evolution, influence, and experience of the Chicano. It includes their contributions to the political, social, economic, and cultural development of
the United States. This general education course would be of interest to students studying history, ethnic studies, or other social sciences. This course partially satisfies the American Institutions requirement for the associate degree and for transfer to CSU. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Chicano Studies (CHIC) 141A, 141B combined with Black Studies (BLAS) 140A, 140B, or History (HIST) 109, 110, or 150, 151: maximum credit, one series.

**141B United States History from a Chicano Perspective**

3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option

Advisory: English 43 and English 42, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W4 and R4.

This is a survey course in American history that covers the period of transition of the southwest from its Spanish-Mexican roots to its American acquisition in 1848. The course traces 19th century developments, slavery in the former Mexican territories, Native Americans, immigration and repatriation and includes constitutional development and government in California. This is a survey course recommended for those students who intend to transfer to a four-year college or university. The complete six-unit sequence, Chicano Studies 141A and 141B, satisfies the graduation and degree requirements in American Institutions and California State Government. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Chicano Studies (CHIC) 141A, 141B combined with Black Studies (BLAS) 140A, 140B, or History (HIST) 109, 110, or 150, 151: maximum credit, one series.

**150 History of Mexico**

3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option

Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.

This is a survey of Mexican history from the earliest pre-Columbian times to the present. Special emphasis is given to major historical developments from the time of the Spanish Conquest to the Revolution of 1910. In this course special consideration is given to the economic, political, social, and cultural factors which have shaped modern Mexico. This course prepares students for careers dealing with Mexico and/or Mexican culture. This course satisfies an elective requirement for the Associate Degree in Chicano Studies. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

**170 La Chicana**

3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option

Advisory: English 43 and English 42, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W4 and R4.

La Chicana in American society as viewed through a historical and sociological perspective. Her role in Chicano culture, family, religion, education, economics, and politics. Contemporary problems and conditions. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

**190 Chicano Images in Film**

3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option

Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.

This course is a critical approach to cinematic images of Chicanos as depicted in selected films. Focus is placed on stereotypical and negative portrayals during early cinema with an examination of the more realistic and complex portraits of more recent times. Film genres such as early Hollywood features, documentaries and the emerging "Chicano film" are examined. This course is designed for students interested in film studies with a special focus on the Chicano experience in film. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

**201 Pre-Columbian Cultures of MesoAmerica**

3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option

Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.

This course is an examination of the archaeological, economic, social, political, cultural, and religious systems of MesoAmerica. This course satisfies an elective requirement for the Associate Degree in Chicano Studies. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.
210 Chicano Culture
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course is a study of the Indo-Hispano roots of Chicano culture in the United States. Emphasis is placed on the historical development of Chicano popular culture and its expression through music, art, radio, television, newspapers, literature and festivities in urban and rural contexts. This course is designed for students majoring in Chicano Studies and/or Humanities. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

230 Chicano Art
3 hours lecture, 3 units
Grade Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course is a comprehensive overview of the major influences, themes and styles in Chicano art from its emergence in the 1960s to the beginning of the 21st century. The course addresses Chicano content in painting, murals, prints, sculpture, installation, performance and video. The historical, social and cultural context of the Chicano/a art movement is explored so that the students get an overview of the major forces that shape artistic creation within this field. This course is designed for all students interested in Chicano studies and for art majors who want to explore a revolutionary contemporary art movement. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

290 Independent Study
Hours by Arrangement, 1-3 units
Letter Grade or Credit/No Credit Option
Limitation on Enrollment: Must obtain an Add Code from instructor for registration.
For students with advanced background in Chicano Studies who wish to study special problems or work on specialized projects. This course may be taken four times with different content for a maximum of six units. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

Class sections of the following courses utilize a variety of reading and/or research materials from a Chicano perspective. Refer to the class schedule under the particular subject listing for designated sections. See page 272 for complete English course descriptions and page 369 for complete Speech Communications course descriptions.

English
43 English Review
51 Basic Composition
101 Reading and Composition
105 Composition and Literature
205 Critical Thinking and Intermediate Composition

Speech Communications
103 Oral Communication

Child Development (CHIL)

101 Human Growth and Development
3 hours lecture, 3 units
Grade Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course is a study of the interrelationship between the physical, cognitive and psychosocial growth and development of the individual from conception through adolescence. Emphasis is placed on positive relationships with family members, peers and other significant individuals. Theories and philosophies of human development and cross-cultural patterns are explored. Observations of children and educational programs are required. This course is a core requirement for the State of California Child Development Permit and the State of California Community Care Licensing, Title XXII. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN FCS 14).

111 Curriculum: Music/Motor Skills
3 hours lecture, 3 units
Grade Only
Advisory: English 43 and English 42, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W4 and R4.
This course is a study of the development and significance of music and perceptual motor activities in child development from infancy through kindergarten. Emphasis is placed on basic teaching techniques and selecting suitable materials and equipment for various age and maturity levels among preschool children. This course is designed for students who have an interest in working with children ages 0 - 5 in settings such as preschools, daycares etc. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

121 Curriculum: Art
3 hours lecture, 3 units
Grade Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course is an introductory study of the function of creativity and the affective domain in early childhood educational programs. Emphasis is placed on the development of art curriculum activities, basic teaching skills, guidance techniques, equipment and materials. Students select appropriate activities for a variety of age and maturity levels based on child development theories and concepts. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. (CAN FCS 12).

131 Curriculum: Language/Science
3 hours lecture, 3 units
Grade Only
Advisory: English 43 and English 42, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W4 and R4.
This course is an introductory study of the function of language, math and science learning in early childhood educational programs. Emphasis is placed on the development of language and science curriculum activities, basic teaching skills, guidance techniques, equipment and materials. Students select appropriate activities for a variety of age groups and maturity levels based on child development theories and concepts. This course may be used for licensing, child development permits, transfer and general interest for working with children. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

141 The Child, Family and Community
3 hours lecture, 3 units
Grade Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course is a study of the dynamics of human development and socialization in a culturally pluralistic society. Emphasis is placed on the influences of contemporary family living and cultural patterns on the child, school-family relationships, and community resources and services that support and strengthen families. This course is a core requirement for California Child Development teacher/director center permits as well as for the State of California Department of Community Care Title XXII licensing child care centers requirements. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

151 Program Planning
3 hours lecture, 3 units
Grade Only
Prerequisite: Child Development 101; and either Child Development 111 or 121 or 131, each with a grade of “C” or better, or equivalent.
Corequisite: Child Development 270 or 275.
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course focuses on planning the preschool learning environment to promote optimal development. It emphasizes curriculum planning, guidance, safety, record keeping, observation techniques, resource units, and daily plans. The course partially fulfills State of California Permit requirements. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

152 School Age Program Planning
3 hours lecture, 3 units
Grade Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5; and Child Development 101 and Mathematics 210A and Mathematics 210B and Music 110 and Physical Education 47, each with a grade of “C” or better, or equivalent.
This course is a practical study of school age program planning. Emphasis is placed on the details of planning a school age child development center, curriculum development, staff training and child guidance, health and safety. This course is designed for students planning to work with school age children in community settings. This course may be used to partially fulfill State of California Child Development Permit Requirements and Title 21 teaching requirements. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.
160 Observing and Understanding Children
1 hour lecture, 3 hours lab, 2 units
Grade Only
Advisory: English 43 and English 42, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W4 and R4.
Limitation on Enrollment: This course is not open to students with credit for Child Development 160A. This course focuses on behavioral patterns and growth processes of young children through observations and supervised participation in the campus Child Development Center. Emphasis is placed on the principles of observing, interpreting and guiding children's behavior. The course includes the study of children's developmental, safety and nutritional needs. The course fulfills the specialization requirements for the State of California Master Teacher Permit when taken with Child Development 161 and 162 or Child Development 161 and 188. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

161 Observations and Issues in Child Development
1 hour lecture, 3 hours lab, 2 units
Grade Only
Advisory: English 43 and English 42, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W4 and R4.
Limitation on Enrollment: This course is not open to students with credit for Child Development 160B. This course explores current issues in child development and how these issues influence the child and the family. Emphasis is placed on effective communication skills, positive guidance techniques, kindergarten readiness skills and appropriate classroom activities. The course includes supervised participation in the campus Child Development Center. This course fulfills the specialization requirements for the State of California Master Teacher Permit when taken with Child Development 160A and 162 or Child Development 160 and 188. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

165 Children with Special Needs
3 hours lecture, 3 units
Grade Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
This educational and parenting approach to working with the exceptional child into a mainstreamed educational program will be investigated. Differences and needs of each area of exceptionality will be investigated as well as the roles of different professionals in the educational process. The course is designed primarily for parents, teachers, nurses, social workers, and paraprofessionals employed in schools, day care centers, and child development programs. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

166 Special Needs Curriculum
3 hours lecture, 3 units
Grade Only
Advisory: English 43 and English 42, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W4 and R4.
This course provides an in-depth look at curriculum for children with special needs. Full inclusion of children with special needs into school and community settings is explored. Application of specific strategies for integrating children into typical settings is addressed as well as use of adaptive equipment. This course is designed primarily for parents, teachers, nurses, social workers, and paraprofessionals employed in schools, day care centers, and child development programs. The course partially fulfills requirements for the Child Development Certificate and Degree programs and partially meets the specialization requirements for the Master Teacher Permit if taken with Child Development 165. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

175 Infant-Toddler Growth and Development
3 hours lecture, 3 units
Grade Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course examines typical and atypical physical, social, emotional, and intellectual growth of the infant and toddler. The selection and maintenance of appropriate play materials and equipment for indoor and outdoor environments is discussed. Appropriate observations and visitations to the community are required. This course meets State of California Title 22 licensing regulations for teachers in infant toddler settings, and is beneficial for parents. This course fulfills the specialization requirement for State of California Master Teacher Permit when taken in addition to Child Development 176 (FT). Associate Degree Credit & transfer to CSU and/or private colleges and universities.
176 Principles of Infant/Toddler Caregiving  
3 hours lecture, 3 units  
Grade Only  
Advisory: English 43 and English 42, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W4 and R4.

This course explores principles and curriculum of an infant/toddler program that includes all aspects of infant and toddler development. Students will learn care strategies in a variety of caregiving situations. Content includes licensing and regulations, developmental needs, health, nutrition, and safety of the very young. The student learns to plan appropriate indoor and outdoor environments. Staff interaction, parent participation, and program development are included. This course fulfills major and master permit specializations when taken along with Child Development 160 and 161. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

180 Nutrition, Health and Safety for Children  
3 hours lecture, 3 units  
Grade Only  
Advisory: English 43 and English 42, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W4 and R4.

This course provides students and child development professionals with a survey of the nutritional, health, and safety needs of children from infant/toddlers through preschool age. Topics may include, but are not limited to, the planning and execution of environments and activities that promote safety, balanced diet, and overall health for children. Students also learn the fundamentals of pediatric first aid and cardiopulmonary resuscitation (CPR). This course also meets the Title XXII, fifteen hour, Health and Safety Training requirement, including signs and symptoms of child abuse. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

188 Child Abuse  
3 hours lecture, 3 units  
Grade Only  
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.

This course examines the causes and effects of child abuse and neglect. It is designed primarily for parents, teachers, nurses, and other cochild professionals to learn strategies for understanding and responding to the various forms of stress and violence that affect many children today. This course emphasizes the skills needed for conflict resolution and explores the environmental set-up and curriculum that promotes peaceful, cooperative and nonviolent play and interactions. Information about the history, current legislation, reporting responsibilities, and identification of abuse is also given. (FT) Associate Degree Credit only and not Transferable.

202 Administration of Early Childhood Programs  
3 hours lecture, 3 units  
Grade Only  
Prerequisite: Child Development 101 and 141, each with a grade of "C" or better, or equivalent.

Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5; and Child Development 111 and 121; or Child Development 131, each with a grade of “C” or better, or equivalent.

This course provides an overview of program administration including theoretical perspectives on early childhood education, licensing regulations, funding sources, budgetary considerations, personnel management, curriculum development, and teacher selection. The course meets State of California Title 22 licensing regulations for site supervisors. It also partially fulfills State of California matrix requirements for Program Director and Site Supervisor Permits. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

210 Supervision of Early Childhood Programs  
3 hours lecture, 3 units  
Grade Only  
Prerequisite: Child Development 141 and 151, each with a grade of “C” or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Child Development 201 or 201B.

This course examines early childhood supervisory techniques with emphasis on educational philosophy, professional growth, in-service staff training, program and staff evaluation, models of parent education and involvement, and supportive services. It partially fulfills the State of California Child Development Permit Matrix requirement for supervisors and directors and also meets the State of California Title 22 licensing regulations for directors. This course is designed for students who intend to go into supervisory positions in early childhood education. It also introduces students to the tools that help them organize and evaluate quality children's programs. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.
215 Adult Supervision and Mentoring in Early Childhood Settings
3 hours lecture, 3 units
Grade Only
Prerequisite: Child Development 151 with a grade of “C” or better, or equivalent.
This course emphasizes the methods and principles of supervising adults in early childhood settings. Students study effective models for guidance and evaluation of adults, positive communication skills, and the role of the mentor in a teaching environment. It is designed for students who supervise other adults in the preschool classroom while simultaneously providing an appropriate setting for young children. This is a required course for the levels of Master Teacher, Site Supervisor and Program Director for the Child Development Permit issued by the Commission on Teacher Credentialing. Associate Degree Credit only and not Transferable.

270 Work Experience
Hours by Arrangement, 1-4 units
Grade Only
Limitation on Enrollment: To receive credit a student must complete a minimum of seven units during the semester, including work experience. Program of on-the-job learning experiences for students employed in a job related to their major. The combined maximum credit for all work experience courses from all disciplines may not exceed 16 units. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

275 Supervised Field Study
3-9 hours lab, 1-3 units
Grade Only
Corequisite: Child Development 151.
Advisory: Child Development 160 with a grade of "C" or better, or equivalent.
This directed field study course provides students with an opportunity to apply classroom information in a practical setting with supervision from faculty as well as field-site supervisors. Intended for students who plan to teach or supervise in early childhood settings, this course partially fulfills the State of California requirement for experience. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

290 Independent Study
Hours by Arrangement, 1-3 units
Grade Only
Limitation on Enrollment: Must obtain an Add Code from instructor for registration.
Investigation of a special area in the field of Child Development. This course may be taken four times with different content for a maximum of six units. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

291A Child Development Center Practicum
3 hours lab, 1 unit
Grade Only
Advisory: English 42 and English 43, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W4 and R4.
This course provides directed laboratory experience in the campus Child Development Center. It is designed for students who plan careers in early childhood and family support programs and for parents who seek practical experience in guiding and teaching children. Students become familiar with the operating policies and procedures of a preschool program and observe and access the development of children. This course may be used toward the experience component for the State of California Child Development Permit. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

291B Child Development Center Practicum
3 hours lab, 1 unit
Grade Only
Advisory: English 42 and English 43, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W4 and R4.
This course provides directed laboratory experience in the campus Child Development Center. It is designed for students who plan careers in early childhood education and family support programs and for parents who seek practical experience in guiding and teaching children. Students examine appropriate safety, health, and nutritional practices in a preschool setting with an emphasis on implementation with young children. This course may be used toward the experience component for the State of California Child Development Permit and toward the Health and Safety training requirements for Title 22. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.
291C Child Development Center Practicum
3 hours lab, 1 unit
Grade Only
Advisory: English 42 and English 43, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R4 and W4.
This course provides directed laboratory experience in the campus Child Development Center for students who plan careers in early childhood and family support programs and for parents who seek practical experience in guiding and teaching children. Students explore teaching practices that enhance children’s learning in the classroom and assist in the planning and implementation of developmentally appropriate activities. This course may be used toward the experience component for the State of California Child Development Permit. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

291D Child Development Center Practicum
3 hours lab, 1 unit
Grade Only
Advisory: English 42 and English 43, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W4 and R4.
This course provides directed laboratory experience in the campus Child Development Center for students who plan careers in early childhood and family support programs and for parents who seek practical experience in guiding and teaching children. Students examine the role of routines and transitional activities in the organization and structure of an early child development setting. The class emphasizes positive guidance and discipline for young children. This course may be used toward the field experience component for the State of California Child Development Permit. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

101 First Course in Mandarin Chinese
5 hours lecture, 5 units
Letter Grade or Credit/No Credit Option
Advisory: English 43 with a grade of “C” or better, or equivalent, or Assessment Skill Level W4.
This is an entry-level course designed to introduce students to the Mandarin Chinese language and cultures of the Mandarin Chinese-speaking world. In this interactive course, students learn and use the language by speaking, listening, reading, and writing at the novice level. Basic language structures and vocabulary for communication are examined and explored in Mandarin Chinese. This course would be of interest to students with a desire to study other languages. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN CHIN 2) (CAN CHIN SEQ A + CHIN 101 + 102).

102 Second Course in Mandarin Chinese
5 hours lecture, 5 units
Letter Grade or Credit/No Credit Option
Prerequisite: Chinese 101 with a grade of "C" or better, or equivalent, or two years of high school Chinese.
Advisory: Concurrent enrollment in Chinese 296.
This is a continuation of Mandarin Chinese 101. In this interactive course, students use listening, reading, speaking and writing at a more complex level. The students further develop their receptive and productive competencies to the low- or mid-intermediate level. Additional language structures and vocabulary for communication are examined and explored in Mandarin Chinese. This course would be of interest to students with desire to study other languages. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN CHIN 4) (CAN CHIN SEQ A + CHIN 101 + 102).

201 Third Course in Mandarin Chinese
5 hours lecture, 5 units
Letter Grade or Credit/No Credit Option
Prerequisite: Chinese 102 with a grade of C or better, or equivalent, or three years of high school Chinese.
This is an intermediate course and is the third in the Chinese language sequence. In this interactive course, students use the language through speaking, listening, reading, and writing at the intermediate level. More complex language structures and vocabulary for communication are examined and explored in Chinese 201. This course is intended for students who are planning to major in Chinese as well as those who are...
interested in studying the language. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

Computer Aided Design/Drafting
(See Architecture)

Note: CBTE course numbers differ from the OFCE course numbers.

095 Keyboarding /Typing Speed Development
3 hours lab, 1 unit
Credit/No Credit
Advisory: Ability to type/keyboard by touch. Development of speed and accuracy. Short intensified drills, timed writings, and remedial work. This course or sections of this course may be repeated for a maximum of four units. (FT) Associate Degree Credit only and not Transferable.

101 Keyboarding for Computers
.75 hour lecture, .75 hour lab, 1 unit
Grade Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
Limitation on Enrollment: This course is not open to students with credit for Office Information Systems 101, 102, or 164 or Computer Business Technology 101 or 103.
This course is designed for all individuals needing basic keyboarding skills. Keyboarding for Computers teaches students to key by touch using a computer and word processing software. No previous computer or typing experience is required. This course, or sections of this course, may be offered through distance education. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

102 Keyboarding
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
Limitation on Enrollment: This course is not open to students with credit for Office Information Systems 101, 102, or 164 or Computer Business Technology 101 or 103.
This course teaches touch control of the keyboard and proper typing techniques. Students build speed and accuracy through specialized drills and practice on straight copy and numbers. Students apply keyboarding skills to the formatting of letters, reports, tables, and memos using word processing software. This course, or sections of this course, may be offered through distance education (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

103 Beginning Computer Keyboarding
2 hours lecture, 3 hours lab, 3 units
Grade Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
Limitation on Enrollment: This course is not open to students with credit for Office Information Systems 100 or 265 (Beginning Computer Keyboarding - WordPerfect) or Computer Business Technology 101 or 102.
This course is designed for all students whose keyboarding skill is for vocational and/or personal use. Beginning Keyboarding teaches basic keyboarding skills by touch using a computer and word processing software. Students receive basic formatting instructions for letters, tables, and reports. This course, or sections of this course, may be offered through distance education. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

110 Disk Operating Systems
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
Limitation on Enrollment: This course is not open to students with credit for Office Information Systems 151 or 151A or Computer Business Technology 110A. This course is an introduction to PC operating systems, covering the DOS command structure and terminology. In this hands-on course, students use operating
commands to perform routine computer work functions. The course also introduces the major features of Windows 3.1, Windows 95, Windows 98, and Windows NT. This course, or sections of this course, may be offered through distance education. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

114 Introduction to Microsoft Windows
.75 hour lecture, .75 hour lab, 1 unit
Grade Only

Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5; and Computer Business Technology 103 with a grade of “C” or better, or equivalent.

This basic course presents an overview of the features of the Microsoft Windows operating system and the components of managing files and folders in the Windows environment. In this hands-on course, students learn to use and customize the start menu; work with Windows accessory programs; open data files; manage disks, folders and files; create shortcuts; and customize the desktop. This course is designed for those students planning to major in this field and may also be useful to students who wish to upgrade their computing skills. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

120 Beginning Microsoft Word
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only

Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5; and Computer Business Technology 103 with a grade of “C” or better, or equivalent.

This course is an introduction to text editing features in Microsoft Word including insert, delete, find and replace, move and copy, character formatting, and spell check. This course, or sections of this course, may be offered through distance education. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

120A Introduction I to Microsoft Word
.75 hour lecture, .75 hour lab, 1 unit
Grade Only

Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5; and Computer Business Technology 103 with a grade of “C” or better, or equivalent.

Limitation on Enrollment: This course is not open to students with credit for Computer Business Technology 120.

This course is a continuation of Computer Business Technology 120A. Students continue using Microsoft Word text editing features including paragraph and document formatting, creating tables, and basic mail merges. This course, or sections of this course, may be offered through distance education. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

120B Introduction II to Microsoft Word
.75 hour lecture, .75 hour lab, 1 unit
Grade Only

Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5; and Computer Business Technology 103 and 120A, each with a grade of “C” or better, or equivalent.

Limitation on Enrollment: This course is not open to students with credit for Computer Business Technology 120.

This course is a continued application of Microsoft Word text editing features including creation of envelopes and labels, mail merge, sorting, styles, templates, wizards, macros, document notations, tables of contents and indexes, online forms, columns, drawing tools, and introduction to creating Web pages. This course, or sections of this course, may be offered through distance education. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

122 Intermediate Microsoft Word
2 hours lecture, 3 hours lab, 3 units
Grade Only

Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5; and Computer Business Technology 103 and 120, each with a grade of “C” or better, or equivalent.

This course is a continued application of Microsoft Word text editing features including creation of envelopes and labels, mail merge, sorting, styles, templates, wizards, macros, document notations, tables of contents and indexes, online forms, columns, drawing tools, and introduction to creating Web pages. This course, or sections of this course, may be offered through distance education. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.
126 Document Processing
2 hours lecture, 3 hours lab, 3 units
Grade Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5; and Computer Business Technology 103 with a grade of “C” or better, or equivalent.
This course is designed to give students hands-on experience creating a variety of computer-based documents. This course covers the use of computer software to create business, technical, medical and/or legal documents and to create forms, presentation documents, and documents for electronic publishing. It may include independent projects. This course, or sections of this course, may be offered through distance education. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

130 Beginning Corel WordPerfect
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5; and Computer Business Technology 103 with a grade of “C” or better, or equivalent.
This course is an introduction to text editing features in Corel WordPerfect including insert, delete, search and replace, move and copy, headers and footers, pagination, character and document formatting, spell check, and the writing tools. This course, or sections of this course, may be offered through distance education. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

132 Intermediate Corel WordPerfect
2 hours lecture, 3 hours lab, 3 units
Grade Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5; and Computer Business Technology 103 and 130, each with a grade of “C” or better, or equivalent.
This course is a continued application of WordPerfect text editing features including line and page formatting, graphics, outlines, footnotes, endnotes, table of contents, columns, tables, styles, macros, merges, sorting, and creating Web pages. This course, or sections of this course, may be offered through distance education. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

140 Microsoft Excel
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5; and Computer Business Technology 103 and 111, each with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with credit for Computer Business Technology 140A.
This course teaches the fundamentals of Microsoft Excel. Students create and format worksheets and charts and use Excel's wizards and productivity features to enter functions and analyze data. This course, or sections of this course, may be offered through distance education. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

140A Introduction to Microsoft Excel
.75 hour lecture, .75 hour lab, 1 unit
Grade Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5; and Computer Business Technology 103 and 111, each with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with credit for Computer Business Technology 140.
This course is designed for students interested in learning basic Excel skills. Students receive hands-on practice in how to plan, define, create, and modify worksheets. This course, or sections of this course, may be offered through distance education. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

151 Introduction to Microsoft Access
.75 hour lecture, .75 hour lab, 1 unit
Grade Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5; and Computer Business Technology 103 and 111, each with a grade of “C” or better, or equivalent.
This course covers basic Access skills. Students receive hands-on practice in creating, modifying, and sorting database tables, performing queries, creating reports, and designing forms. This course, or sections of this course, may be offered through distance education. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.
153 Database Development with Access
2.5 hours lecture, 1.5 hours lab, 3 units
Grade Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5; and Computer Business Technology 101 and 114, each with a grade of “C” or better, or equivalent.
This course is designed for individuals seeking to develop skills in a relational database management system on a personal computer. Topics include designing relational databases; creating tables, queries, forms and reports; entering data; finding and modifying records; importing from and exporting to other programs and to HTML pages; using field properties; understanding the use of Server Query Language (SQL) in Access; creating and running macros for automating tasks; and planning and designing user interfaces. This course, or sections of this course, may be offered through distance education. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

160A Introduction to Online Learning
.5 hour lecture, .5 hour lab, .5 unit
Grade Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5; and Computer Business Technology 101 with a grade of “C” or better.
This course is an introduction to developing the skills necessary to succeed in an online or web-based course. Students will learn and apply the basics of the Windows environment, data organization and management, the Internet, the World Wide Web, e-mail, and word processing software. This course or sections of this course may be offered through distance education. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

161 Learning The Internet
.75 hour lecture, .75 hour lab, 1 unit
Grade Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5; and Computer Business Technology 103 and 111, each with a grade of “C” or better, or equivalent.
This course is designed for students who are interested in an introduction to the Internet. Students receive hands-on practice using Netscape to navigate the World Wide Web and link to Internet resources. Topics include creating and sending: e-mail, FTP, and file downloading, locating newsgroups and other discussion tools, conducting business on the Internet, and creating Web pages using HTML. This course, or sections of this course, may be offered through distance education. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

162 Web Page Creation
1.5 lecture hours, 1.5 lab hours, 2 units
Grade Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5; and Computer Business Technology 111 and 161, each with a grade of “C” or better, or equivalent.
This course provides a hands-on approach to planning, designing, and creating Web pages for an Intranet or World Wide Web site. Students learn to use HTML, wizards and templates to create Web pages with hypertext links and video, graphics, and audio enhancements. This course, or sections of this course, may be offered through distance education. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

163 Introduction to Microsoft FrontPage
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5; and Computer Business Technology 101 with a grade of “C” or better, or equivalent.
This is an introduction to creating a web page using Microsoft FrontPage. Students will learn to design, create, manage, and publish web sites on the Internet for personal or business use. This course or sections of this course may be offered through distance education. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

164 Introduction to Microsoft Outlook
.75 hours lecture, .75 hour lab, 1 unit
Grade Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5; and Computer Business Technology 101 with a grade of “C” or better, or equivalent.
This course is an introduction to the features of Microsoft Outlook. Students will learn how to message, schedule appointments, organize and manage tasks and contacts lists and customize Outlook. This course or sections of this course may be offered through distance education. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.
170 Desktop Publishing
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5; and Computer Business Technology 103 and 111, each with a grade of “C” or better, or equivalent.
This course is designed for office support staff, administrative assistants, small business owners, and others who require a basic knowledge of desktop publishing. Students in this hands-on course learn the features of desktop publishing software by designing and creating professional quality publications for business and home. This course, or sections of this course, may be offered through distance education. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

173 Introduction to E-Commerce
3 hours lecture, 3 units
Grade Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5; and Computer Business Technology 101 or 102 and 162, each with a grade of “C” or better, or equivalent.
This is an introduction to current and emerging e-commerce technologies. Topics include Internet technology for business advantage; managing e-commerce funds transfer; reinventing the future of business through e-commerce; business opportunities in e-commerce; e-commerce web site design; social, political, and ethical issues associated with e-commerce; and business plans for technology ventures. Students are involved in creating an e-commerce marketing plan as well as a web site based on that plan. This course is intended for students seeking knowledge and experience in the realities of and potential for e-commerce. This course may be offered via distance education. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

180 Microsoft Office
2 hours lecture, 3 hours lab, 3 units
Grade Only
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5; and Computer Business Technology 103 and 161, each with a grade of "C" or better, or equivalent.
This course is designed for students interested in learning a business software suite. This course covers the Microsoft Office Professional suite, which is an integrated collection of software applications (word processing, spreadsheet, database, and presentations) that share data and work in a similar and consistent manner. This course will also provide instruction on how to seamlessly integrate data within and between the programs in an efficient manner. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

190 Introduction To Quicken
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5; and Computer Business Technology 103 with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with credit for Office Information Systems 153A.
This course is designed to prepare students for employment in a home-based office or small business office. This course provides hands-on practice with Quicken, a program for organizing and managing financial information and performing on-line banking and bill payments in small businesses and home-based offices. This course or sections of this course may be offered through distance education. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

198A Project Lab I
1.5 hours lab, .5 unit
Credit/No Credit Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
Students in this course design and complete hands-on individualized projects applicable to CBTE courses to upgrade their software skills. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

198B Project Lab II
1.5 hours lab, .5 unit
Credit/No Credit Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course is an optional continuation of CBTE 198A. Students in this course design and complete hands-on individualized projects applicable to CBTE courses to upgrade their software skills. (FT) Associate Degree
Credit & transfer to CSU and/or private colleges and universities.

200 Office Telecommunications
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
Limitation on Enrollment: This course is not open to students with credit for Office Information Systems 142.
This course is designed to provide students with a fundamental working knowledge of voice, data, and video telecommunications that can be applied in their business and personal lives. The course introduces telecommunications networks, transmitting, receiving, and satellite technologies. Topics covered in this course include basic communication theory, fundamentals of telephone systems, components of data communications systems, and basic Web page development using and HTML editor. This course or sections of this course may be offered through distance education. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

205 Records Management
3 hours lecture, 3 units
Grade Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5; and Computer Business Technology 103 and 111, each with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with credit for Office Information Systems 157.
This course is designed to prepare students for employment in the field of Information Management Technology. The course covers the fundamentals of Records Management including the principles of indexing and filing; the major filing systems—alphabetical, numerical, subject, and geographic; the role of the records management and the records manager in the information industry; selection of systems, equipment, and supplies; design, control, and maintenance of a records center; and provides experience in using the computer to manage records. This course or sections of this course may be offered through distance education. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

210 Computers in Business
3 hours lecture, 3 units
Grade Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
Limitation on Enrollment: This course is not open to students with credit for Office Information Systems 192.
This course is designed to prepare students for a computer related career. Computers in Business is an introductory course which covers the latest developments in computer technology, office automation, electronic communication, and the World Wide Web. This course or sections of this course may be offered through distance education. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

230 Medical Transcription
2 hours lecture, 3 hours lab, 3 units
Grade Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5; and Computer Business Technology 103 and Medical Assisting 110, each with a grade of “C” or better, or equivalent; and ability to type 40 wpm.
Limitation on Enrollment: This course is not open to students with credit for Office Information Systems 162.
This course is designed for students who are interested in learning beginning-level medical transcription. Students in this course transcribe medical office and hospital dictation using transcribing machines. This course or sections of this course may be offered through distance education. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

231 Advanced Medical Transcription
2 hours lecture, 3 hours lab, 3 units
Grade Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5; and Computer Business Technology 230 and Medical Assisting 110, each with a grade of “C” or better, or equivalent; and ability to type 40 wpm.
Limitation on Enrollment: This course is not open to students with credit for Office Information Systems 163.
This course is designed for students who have a beginning level skill in medical transcription and are interested in learning advanced level medical
transcription. Students in this course transcribe medical office and hospital dictation using transcribing machines. This course or sections of this course may be offered through distance education. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

237 Medical Office Procedures
3 hours lecture, 3 units
Grade Only

Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.

Limitation on Enrollment: This course is not open to students with credit for Office Information Systems 174.

This course is designed to prepare students to work in physicians' offices, clinics, hospitals, and other medical areas. The course covers administrative and clerical functions of a medical office assistant including patient reception, scheduling appointments, telephone procedures, medical records management, written communications, patient records, financial records, office management, professional activities, personal conduct, medical ethics and law. This course or sections of this course may be offered through distance education. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

238 Health Insurance Procedures
3 hours lecture, 3 units
Grade Only

Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5; and Medical Assisting 110 with a grade of “C” or better, or equivalent.

Limitation on Enrollment: This course is not open to students with credit for Office Information Systems 178.

This course is designed to prepare students to work with insurance forms in medical offices, clinics, hospitals, and other medical areas. This course is a survey of health insurance plans with emphasis on completion of benefit and claim forms, proper procedural coding, and diagnostic coding using current editions of Physicians Current Procedural Terminology and International Classification of Diseases. This course or sections of this course may be offered through distance education. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

270 Work Experience
Hours by Arrangement, 1-4 units
Grade Only

Limitation on Enrollment: To receive credit a student must complete a minimum of seven units during the semester, including work experience.

Program of on-the-job learning experiences for students employed in a job related to their major. The combined maximum credit for all work experience courses from all disciplines may not exceed 16 units. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

130 Introduction to Local Area Networks
.75 hour lecture, .75 hour lab, 1 unit
Grade Only

This is an introductory study of microcomputer local area and wide area network development, use and administration. Emphasis is placed on presenting students with a breadth of knowledge from wiring to applications and including hardware, software, transmission media, packets, frames, network topology, routing, protocols and layering. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

132 Intermediate Local Area Networking
.75 hour lecture, .75 hour lab, 1 unit
Grade Only

This course is an introductory study of Internetworking and network applications. Emphasis is placed on presenting students with a breadth of knowledge from wiring to applications and including Internet architecture, protocols, datagrams, routing, the client server model, electronic mail, web document technologies, network management and security. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.
133 Wide Area Networking  
1.5 hours, 1.5 units  
Letter Grade or Credit/No Credit Option  
Limitation on Enrollment: This course is not open to students with credit for Computer and Information Sciences 265: WAN.  
This class will introduce the students to Wide Area Networks and the associated standards and protocols. The topics will include service providers, IEEE & CCITT Standards, network topologies, network protocols, hardware/software installation/diagnostics, network management, and local area to wide area network implementations. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

150 Introduction to Computer and Information Sciences  
3 hours lecture, 3 units  
Grade Only  
A Level I course. A survey of computer systems and techniques. History of computer and information sciences, computer equipment and programming systems, flowcharting, systems study, design, development and implementation. The use of computers in the solution of typical business management problems and tasks is emphasized. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

151 UNIX Operating Systems  
3 hours lecture, 3 units  
Letter Grade or Credit/No Credit Option  
Limitation on Enrollment: This course is not open to students with credit for Computer and Information Sciences 265: Introduction to UNIX Operating System.  
This introductory course to the UNIX Operating systems is for new users to learn the programs and services that made the UNIX System so popular including: the shell, communicating to other users, manipulating files using the file structure, setting file access permissions, full-screen text editing, the Bourne and C shell, and programming simple shell scripts. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

161 Software Project Management  
3 hours lecture, 3 hours lab, 4 units  
Grade Only  
Advisory: Computer and Information Sciences 181 or 182 or 186 or 187 or 190 or 192 or 193, with a grade of “C” or better, or equivalent; and Mathematics 107 with a grade of “C” or better, or equivalent.

This course prepares computer science, information technology, information systems, and software engineering students with a thorough introduction to the tools and techniques associated with managing software development projects. This knowledge is required in any substantive software development project. This course assumes adequate understanding of the process of software development. It also requires access to, and the use of, Microsoft Project, a software tool that is part of the Microsoft Office family. This course is of interest to students majoring in the areas cited above, and to professional development students seeking to expand their knowledge and skills in software development management. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

181 Principles of Information Systems  
3 hours lecture, 3 hours lab, 4 units  
Grade Only  
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.  
This course is an introduction to basic principles and theory relating to problem solving and analysis in business organizations using computers and software packages. Emphasis is placed on computer organization, data processing systems, decision support systems, and systems analysis. Business software is reviewed with an emphasis on spreadsheet systems including hands-on spreadsheet applications. This course is intended for the transfer student planning to major in business, economics, or social science. Students who have completed CISC 182 should consult with a counselor before enrolling in CISC 181. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN CSCI 2).

182 Fluency with Information Technology  
3 hours lecture, 3 hours lab, 4 units  
Grade Only  
This course provides transfer students with an introduction to computer technology. It targets students who need to complete a computer literacy course as part of their degree or certificate program. Computer software, networking, and systems are covered, with an emphasis on modern technologies. This course also serves community members interested in an introduction to computer technology. Students who have completed CISC 181 should consult with a counselor before enrolling in CISC 182. (FT) Associate
Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

186 Visual Basic Programming

3 hours lecture, 3 hours lab, 4 units
Grade Only
Advisory: English 51 with a grade of “C” or better, or equivalent, or Assessment Skill Level W5.
This course is an introduction to programming using Visual Basic. The course covers the fundamentals of event oriented programming in a Windows environment. Students learn to use and program a mouse, windows, forms, menus, dialog boxes, icons, buttons, text fields, files, graphics, and other components of a Windows environment in Visual Basic. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN CSCI 12).

187 Data Structures and Object-Orientation

3 hours lecture, 3 hours lab, 4 units
Grade Only
This course introduces students to the topic of data structures and object-oriented software engineering. It covers basic data structures such as collections and linked structures (e.g. stacks, queues, lists, arrays, trees, and hashes) from the perspective of object-oriented implementation. It discusses issues of object-oriented analysis, design, and implementation in popular programming languages such as C++, C#, and Java. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN CSCI 12).

190 Java Programming

3 hours lecture, 3 hours lab, 4 units
Grade Only
Advisory: English 51 with a grade of “C” or better, or equivalent, or Assessment Skill Level W5.
This course is an introduction to programming using Java. The course covers the fundamentals of object oriented programming utilizing the Java programming language for general purpose business programs and interactive World Wide Web based Internet programs. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

192 C/C++ Programming

3 hours lecture, 3 hours lab, 4 units
Grade Only
Advisory: English 51 with a grade of “C” or better, or equivalent, or Assessment Skill Level W5; and Computer and Information Sciences 186 with a grade of “C” or better, or equivalent.
This course presents basic programming concepts using the C++ programming language. The organization of standard I/O classes is emphasized. Structured and object oriented programming techniques are presented and used to design and implement a variety of programming problems. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN CSCI 16).

193 Microsoft C# Software Engineering 1

3 hours lecture, 3 hours lab, 4 units
Grade Only
This course applies industry-standard software engineering principles to the study of the object-oriented, general purpose programming language Microsoft C#, a member of the Microsoft Visual Studio.NET software development toolset. Coverage includes the typical topics of an introductory programming course. Extensive hands-on training is included in the laboratory sessions. This course can be offered in-class or online. This course is designed for students pursuing a degree in Computer Science or Information Systems and for vocational/professional students who are updating their programming skills set. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

210 Systems Analysis and Design

3 hours lecture, 3 units
Grade Only
Advisory: English 101 with a grade of “C” or better, or equivalent, or Assessment Skill Levels W6 and R6.
This course is an introductory, experiential study of the phases of the object-oriented software development life cycle (OOSDLC) including stakeholder and requirements analysis, use cases development, software architecture; project management, user interface considerations, iterative and prototyping methodology, component construction, quality assurance, and configuration management. This course is intended for students seeking advanced knowledge and applications in Computer and Information Sciences. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

290 Independent Study

Hours by Arrangement, 1-3 units
Grade Only
Limitation on Enrollment: Must obtain an Add Code from instructor for registration.
Typically for advanced students in Computer and Information Sciences who wish to pursue special problems and projects related to the area. The student will meet with the instructor at specific intervals and will be expected to accomplish primary research, problem analysis and report preparation relating to an approved project or course of study. This course may be taken four times with different content for a maximum of six units. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

**Construction Management**
(See Architecture)

---

**CONSUMER STUDIES (CONF)**

**110 Personal Financial Management**
3 hours lecture, 3 units
Grade Only

Advisory: English 51 and English 56 and Mathematics 32, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5, R5, and M20.

This course explores theories and techniques of managing personal income, with an emphasis on financial goal setting, culminating in the development of a personal financial plan. It includes practical methods of gaining maximum advantages from income through efficient spending, effective use of credit, savings, budgeting, insurance, and investment. Stock portfolios and retirement planning are discussed. This is a required course for a Certificate of Completion in Skills for Success and Certificate of Achievement and/or Associate Degree in Consumer Resource Management. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**140 Textiles**
3 hours lecture, 3 units
Grade Only

Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.

Analysis and testing of natural and man-made fibers, textile construction and design, and textile products.

Intended for students who plan a career in retail buying or management of fashion merchandise or interior design. Consumer information regarding the selling points and care of textile products is emphasized. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**290 Independent Study**
Hours by Arrangement, 1-3 units
Grade Only

Limitation on Enrollment: Must obtain an Add Code from instructor for registration.

Designed to deal with current problems and topics of special interest in home economics. This course may be taken four times with different content for a maximum of six units. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

---

**CULINARY ARTS/CULINARY MANAGEMENT (CACM)**

Formerly Food Service Occupations (FOOD)

Note: CACM course numbers differ from the FOOD course numbers.

**101 Sanitation, Safety and Equipment**
3 hours lecture, 3 units
Grade Only

Advisory: English 42 and English 43, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R4 and W4; and completion of or concurrent enrollment in Culinary Arts/Culinary Management 105 (formerly Food Service 105), Culinary Arts/Culinary Management 110 (formerly Food Service 110), and Hospitality 101, each with a grade of “C” or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Food Service 107. This course provides safety and sanitation principles and practices for personal and institutional application. Methods and techniques for handling foods safely are examined including food preparation, storage, service and the prevention of food contamination. Also covered
are the importance of microorganisms, food borne illness and food allergies, sanitary facilities and equipment, accident prevention, crisis management, and pest management. Compliance with city, state, and federal health regulation as embodied in HACCP (Hazard Analysis Critical Control Point) are emphasized, along with the supervisor's responsibilities in maintaining high standards of these principles. The student receives a San Diego County food handler card and a certificate of completion from the Educational Foundation of the National Restaurant Association upon the successful completion of this course. This course is required for all Culinary Arts/Culinary Management students and is to be taken as the first course prior to all other culinary courses or in conjunction with the first few. It may be used for American Culinary recertification, and is required for the Dietary Service Supervisor Certificate offered by the Nutrition Department. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

105 Fundamentals of Food Production Theory
3 hours lecture, 3 units
Grade Only

Advisory: English 42 and English 43 and Mathematics 032, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels R4 and W4 and M20; and completion of or concurrent enrollment in Culinary Arts/Culinary Management 101 (formerly Food Service 107), with a grade of "C" or better, or equivalent. Food handler's permit may be accepted per instructor permission in lieu of Culinary Arts/Culinary Management 101; and completion of or concurrent enrollment in Culinary Arts/Culinary Management 105 (formerly Food Service 105), with a grade of "C" or better, or equivalent. Limitation on Enrollment: This course is not open to students with previous credit for Food Service 110. This is a beginning course for students with an interest in culinary arts/culinary management. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

110 Fundamentals of Cooking & Service
12 hours lab, 4 units
Grade Only

Advisory: English 42 and English 43 and Mathematics 32, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels R4 and W4 and M20; and completion of or concurrent enrollment in Culinary Arts/Culinary Management 101 (formerly Food Service 107), with a grade of "C" or better, or equivalent. Food handler's permit may be accepted per instructor permission in lieu of Culinary Arts/Culinary Management 101; and concurrent enrollment in Culinary Arts/Culinary Management 105 (formerly Food Service 105), with a grade of "C" or better, or equivalent. Limitation on Enrollment: This course is not open to students with previous credit for Food Service 110. This is a beginning laboratory course in food preparation and presentation including cooking equipment, techniques, and safety procedures, using weights and measures, and interpretation of recipes. Product identification, basic cooking techniques and procedures based on nutrition and classic preparation methods are presented. Students are provided the hands-on experience in preparing meals by following recipe structure and using and modifying recipes based on knowledge gained through the course. Food preparation is produced in a time-restricted setting to prepare for functioning in a commercial kitchen. This course is designed for students interested in pursuing a career in Culinary Arts/Culinary Management. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

111 Professional Cooking & Service In Hospitality
6 hours lab, 2 units
Grade Only

Advisory: English 42 and English 43 and Mathematics 32, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels R4 and W4 and M20; and completion of or concurrent enrollment in Culinary Arts/Culinary Management 101 with a grade of "C" or better, or equivalent. Limitation on Enrollment: This course is not open to students with previous credit for Culinary Arts/Culinary Management 110. This course provides basic terminology and methods of food production and an understanding of the physical, chemical, and biological characteristics of food. The variety of basic and specially prepared foods served in hotels, restaurants and other types of food service establishments are introduced, and hierarchy of culinary positions is also presented. Food grades and standards of quality for finished products are presented. This is a beginning course for students with an interest in culinary arts/culinary management. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.
this course provides opportunity for students to gain hands-on experience in preparing meals by following and modifying recipes by using knowledge gained through the course. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**120 Menu Analysis & Event Catering**

*3 hours lecture, 3 units*
*Grade Only*

**Advisory:** English 42 and English 43 and Mathematics 32, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels R4 and W4 and M20; and completion or concurrent enrollment in Culinary Arts/Culinary Management 101 (formerly Food Service 107), with a grade of "C" or better, or equivalent. Food handler's permit may be accepted per instructor permission in lieu of Culinary Arts/Culinary Management 101; and completion of or concurrent enrollment in Hospitality 101 with a grade of "C" or better, or equivalent.

**Limitation on Enrollment:** This course is not open to students with previous credit for Food Service 120. This course covers the key aspects of menu planning essential to building a menu or complete concept and operation of a foodservice facility. The principles of planning a menu are presented, from concept development and design mechanics to menu pricing and marketing issues. Each menu element is analyzed as it applies to foodservice operations, balanced presentation, and profitability. Various types of foodservices are presented for hotels, restaurants, foodservice facilities, and catering situations. This course is designed for students interested in pursuing a career in Culinary Arts/Culinary Management. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**130 Quantity Food Preparation-Theory**

*3 hours lecture, 3 units*
*Grade Only*

**Prerequisite:** Culinary Arts/Culinary Management 101 (formerly Food Service 107) with a grade of "C" or better, or equivalent. Food handler's permit may be accepted per instructor permission in lieu of Culinary Arts/Culinary Management 101.

**Advisory:** English 42 and English 43 and Mathematics 32, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels R4 and W4 and M20; and concurrent enrollment in Culinary Arts/Culinary Management 101 (formerly Food Service 107); and completion of concurrent enrollment in Culinary Arts/Culinary Management 105 (formerly Food Service 105), Culinary Arts/Culinary Management 110 (formerly Food Service 110), and Hospitality 101, each with a grade of "C" or better, or equivalent.

**Limitation on Enrollment:** This course is not open to students with previous credit for Food Service 130. This intermediate course sets forth the principles of preparing and serving food in volume with focus on entrees, breakfast foods, salads, sandwiches, short orders, and desserts. Emphasis is placed on recipe standardization, determination of need and procurement of supplies, organization of work stations, effective use of equipment and time, and attractive service. This course is for students pursuing a career in Culinary Arts/Culinary Management, and is also required for the Dietary Service Supervisor Certificate offered through the Nutrition Department. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**131 Quantity Food Preparation Laboratory**

*12 hours lab, 4 units*
*Grade Only*

**Prerequisite:** Culinary Arts/Culinary Management 101 (formerly Food Service 107) with a grade of "C" or better, or equivalent. Food handler's permit may be accepted per instructor permission in lieu of Culinary Arts/Culinary Management 101; and Culinary Arts/Culinary Management 105 (formerly Food Service 105), Culinary Arts/Culinary Management 110 (formerly Food Service 110), and Hospitality 101, each with a grade of "C" or better, or equivalent.

**Advisory:** English 42 and English 43 and Mathematics 32, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels R4 and W4 and M20; and completion of concurrent enrollment in Culinary Arts/Culinary Management 130 (formerly Food Service 130) with a grade of "C" or better, or equivalent.

**Limitation on Enrollment:** This course is not open to students with previous credit for Food Service 131. This laboratory course supplements the Culinary Arts/Culinary Management 130 theory course. Large scale food preparation is produced in a time-restricted quality-minded setting. Emphasis is placed on the development, organization and carrying out of recipe standardization, need and procurement of supplies, work stations, and attractive service. This intermediate course is for students interested in a career in Culinary Arts/Culinary Management and is required for the Dietary Service Supervisor Certificate offered through the Nutrition Department. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.
140 Food and Beverage Purchasing and Control
3 hours lecture, 3 units
Grade Only
Advisory: English 42 and English 43 and Mathematics 32, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels R4 and W4 and 20; and completion of or concurrent enrollment in Culinary Arts/Culinary Management 101 (formerly Food Service 107), with a grade of "C" or better, or equivalent. Food handler's permit may be accepted per instructor permission in lieu of Culinary Arts/Culinary Management 101; and completion of or concurrent enrollment in Hospitality 101 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Food Service 140. This course covers techniques for purchasing food, beverages, and supplies used in hotels and restaurants. Students learn to analyze the operation, promotion, sales cost, and inventory controls on food and beverages. Students gain realistic experience by writing foodservice specifications, based on general purchasing methods, requirements, procedures, as well as the importance of controlling portions, inventories and costs and their affect on menu pricing. This course is designed for students interested in a career in hospitality and culinary arts/culinary management, and those working toward certification with the American Culinary Federation. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

201 Gourmet Food Preparation Laboratory
9 hours lab, 3 units
Grade Only
Prerequisite: Culinary Arts/Culinary Management 101 (formerly Food Service 107) with a grade of "C" or better, or equivalent. Food handler's permit may be accepted per instructor permission in lieu of Culinary Arts/Culinary Management 101; Culinary Arts/Culinary Management 105 (formerly Food Service 105), Culinary Arts/Culinary Management 110 (formerly Food Service 110), Culinary Arts/Culinary Management 130 (formerly Food Service 130), Culinary Arts/Culinary Management 131 (formerly Food Service 131) and Hospitality 101, each with a grade of "C" or better, or equivalent.
Advisory: English 42 and English 43 and Mathematics 32, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels R4 and W4 and M20; and completion of or concurrent enrollment in: Culinary Arts/Culinary Management 120 (formerly Food Service 120), Culinary Arts/Culinary Management 140 (formerly Food Service 140), Culinary Arts/Culinary Management 150 and Hospitality 115 (formerly Food Service 115), each with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Food Service 201. This laboratory course is designed to teach advanced food preparation techniques and methods. Students learn the science of scratch cookery through small batch assignments. Areas of focus include gourmet items, buffet specialties, hors d'oeuvres, and canapés, while practicing presentation and garnishing. Small scale preparation is produced in a time-restricted quality-minded setting. This course is for students pursuing a career in culinary arts/culinary management. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

251 CULINARY ARTS/CULINARY MANAGEMENT (CACM)
Service 130), Culinary Arts/Culinary Management 131 (formerly Food Service 131), and Hospitality 101, each with a grade of "C" or better, or equivalent. 

Advisory: English 42 and English 43 and Mathematics 32, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels R4 and W4 and M20; and completion of or concurrent enrollment in: Culinary Arts/Culinary Management 120 (formerly Food Service 120), Culinary Arts/Culinary Management 140 (formerly Food Service 140), Culinary Arts/Culinary Management 150, and Hospitality 115 (formerly Food Service 115), each with a grade of "C" or better, or equivalent. 

Limitation on Enrollment: This course is not open to students with previous credit for Food Service 205. This laboratory course builds on skills previously learned while the student studies traditional upscale pantry preparation. Topics covered include hors d'oeuvres, canapés, pates, terrines and charcuterie. Artistic displays including buffet tables, centerpieces, culinary showpieces are presented. The student gains practical experience preparing and serving theme buffets for guests. Small and large-scale preparation is produced in a time-restricted quality-minded setting. This course is for students pursuing a career in culinary arts/culinary management. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

210 Basic Baking and Pastry 
9 hours lab, 3 units Grade Only

Prerequisite: Culinary Arts/Culinary Management 101 (formerly Food Service 107) with a grade of "C" or better, or equivalent. Food handler's permit may be accepted per instructor permission in lieu of Culinary Arts/Culinary Management 101; Culinary Arts/Culinary Management 105 (formerly Food Service 105), Culinary Arts/Culinary Management 110 (formerly Food Service 110), Culinary Arts/Culinary Management 120 (formerly Food Service 120), Culinary Arts/Culinary Management 130 (formerly Food Service 130), Culinary Arts/Culinary Management 131 (formerly Food Service 131), Culinary Arts/Culinary Management 140 (formerly Food Service 140), Culinary Arts/Culinary Management 150, Hospitality 101, and Hospitality 115 (formerly Food Service 115), each with a grade of "C" or better, or equivalent.

Advisory: English 42 and English 43 and Mathematics 32, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels R4 and W4 and M20; and completion of or concurrent enrollment in: Culinary Arts/Culinary Management 201 (formerly Food Service 201) and Culinary Arts/Culinary Management 205 (formerly Food Service 205), each with a grade of "C" or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Food Service 210. This course covers fundamental baking skills for students who intend to specialize in baking and pastry making instead of general cooking. Production of yeast and quick breads, cakes, cookies, pies, and pastries, as well as decorating and icings are undertaken, with emphasis placed on more sophisticated items and gourmet specialties including cakes and pastries for weddings, birthdays and special occasions. Gourmet baked items and pastries are produced in a time restricted quality minded setting. This course is for students pursuing a certificate or degree in culinary arts/culinary management. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

211 Advanced Baking and Pastry 
9 hours lab, 3 units Grade Only

Prerequisite: Culinary Arts/Culinary Management 210 with a grade of "C" or better, or equivalent. This course builds on the skills and knowledge gained in baking and pastry and familiarizes the student with advanced baking theories and techniques. Students are introduced to a variety of essential ingredients necessary to the professional pastry chef, as well as current trends in equipment. The techniques of sugar cooking and the handling of chocolate are also discussed. Special importance is placed on the following methods: folding, rolling, piping, and decorating of dessert plates. Emphasis is on the safe handling of foods and the production of high quality, handcrafted desserts for retail and commercial bakeries. This course is designed for students interested advanced baking and pastry techniques in culinary arts/culinary management. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

270 Work Experience 
Hours by Arrangement, 1 - 4 units Grade Only

Limitation on Enrollment: To receive credit a student must complete a minimum of seven units during the semester, including work experience. A program of on-the-job learning experiences for students employed in a job related to their major. The combined maximum credit for all work experience courses from all disciplines may not exceed 16 units.
CULINARY ARTS/CULINARY MANAGEMENT (CACM)

253

291 Culinary Practicum

3 - 9 hours lab, 1 - 3 units
Grade Only

Prerequisite: Culinary Arts/Culinary Management 101 (formerly Food Service 107), 105 (formerly Food Service 105), and 110 (formerly Food Service 110), and Hospitality 101, each with a grade of "C" or better, or equivalent.

Advisory: English 42 and English 43 and Mathematics 32, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels R4 and W4 and M20; and Culinary Arts/Culinary Management 120 (formerly Food Service 120), 130 (formerly Food Service 130), 131 (formerly Food Service 131), and 140 (formerly Food Service 140), each with a grade of "C" or better, or equivalent.

Limitation on Enrollment: Enrollment in an approved related course. Must obtain an Add Code from the instructor for enrollment.

This course provides practical experiences designed to supplement the basic curriculum and includes special cooperative educational opportunities set up with the College and approved Chefs. Experiences include special and short-order food preparation and service, buffet service, catering, dining room management and service and receiving and storeroom procedures. Small event preparation is produced in a time-restricted quality-minded setting. This course is for students pursuing a career in culinary arts/culinary management. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

291A Culinary Practicum Small Events

3 hours lab, 1 unit
Grade Only

Prerequisite: Culinary Arts/Culinary Management 110 (formerly Food Service 110) with a grade of "C" or better, or equivalent.

Advisory: Culinary Arts/Culinary Management 120 (formerly Food Service 120), 130 (formerly Food Service 130), 131 (formerly Food Service 131), and 140 (formerly Food Service 140), each with a grade of "C" or better, or equivalent.

Limitation on Enrollment: Enrollment in an approved related course. Must obtain an Add Code from the instructor for enrollment.

This course provides practical experiences designed to supplement the basic curriculum and includes special cooperative educational opportunities set up with the College and approved Chefs. Experiences include special and short-order food preparation and service, buffet service, catering, dining room management and service and receiving and storeroom procedures. Small event preparation is produced in a time-restricted quality-minded setting. This course is for students pursuing a career in culinary arts/culinary management. This course may be taken 4 times for credit. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

291B Culinary Practicum for Formal Events

3 hours lab, 1 unit
Grade Only

Prerequisite: Culinary Arts/Culinary Management 110 (formerly Food Service 110) with a grade of "C" or better, or equivalent.

Advisory: Culinary Arts/Culinary Management 120 (formerly Food Service 120), 130 (formerly Food Service 130), 131 (formerly Food Service 131), and 140 (formerly Food Service 140), each with a grade of "C" or better, or equivalent.

Limitation on Enrollment: Must obtain an Add Code from the instructor for enrollment. Enrollment in an approved related course.

This course provides practical experiences designed to supplement the basic curriculum and includes special cooperative educational opportunities set up with the College and approved Chefs. Experiences include special and short-order food preparation and service, buffet service, catering, dining room management and service and receiving and storeroom procedures. Formal event preparation is produced in a time-restricted quality-minded setting. This course is for students pursuing a career in culinary arts/culinary management. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

291C Culinary Practicum for Informal Events

3 hours lab, 1 unit
Grade Only

Prerequisite: Culinary Arts/Culinary Management 110 (formerly Food Service 110) with a grade of "C" or better, or equivalent.

Advisory: Culinary Arts/Culinary Management 120 (formerly Food Service 120), 130 (formerly Food Service 130), 131 (formerly Food Service 131), and 140 (formerly Food Service 140), each with a grade of "C" or better, or equivalent.

Limitation on Enrollment: Must obtain an Add Code from the instructor for enrollment. Enrollment in an approved related course.

This course provides practical experiences designed to supplement the basic curriculum and includes special cooperative educational opportunities set up with the College and approved Chefs. Experiences include special and short-order food preparation and service, buffet service, catering, dining room management and service and receiving and storeroom procedures. Small event preparation is produced in a time-restricted quality-minded setting. This course is for students pursuing a career in culinary arts/culinary management. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.
cooperative educational opportunities set up with the College and approved Chefs. Experiences include special and short-order food preparation and service, buffet service, catering, dining room management and service and receiving and storeroom procedures. Informal event quantity preparation is produced in a time-restricted quality-minded setting. This course is for students pursuing a career in culinary arts/culinary management. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

DANCE (DANC)

Dance courses may be used to fulfill the Physical Education graduation requirement. See page 67 in the Academic Requirements section of this catalog.

110 Ballet

2-3 hours lab, .5 - 1 unit
Letter Grade or Credit/No Credit Option

Ballet is a course in traditional ballet technique focusing on correct body alignment and placement through repetition and centre work. The class analyzes, discusses, and critiques the line, design, ballet technique, choreography and dynamics of ballet movements. Ballet fulfills lower division requirements for Dance majors. This course, in combination with Physical Education 110, may be taken four times for credit. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

111 Ethnic Dance Forms

1 hour lecture, 3 hours lab, 2 units
Letter Grade or Credit/No Credit Option

Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.

This course is an introduction to village and country dance traditions within selected cultures. Each tradition is examined in terms of its particular set of techniques, styles and rhythms. Special emphasis is placed on the exploration of movement characteristic of each cultural dance form. This course is not limited to dance majors and minors but majors are encouraged to expose themselves to a variety of cultural dance forms and are expected to learn both parts of partner dances. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

115 Tap

2-3 hours lab, .5 - 1 unit
Grade Only

Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.

Tap is an introductory course which explores a variety of tap dance styles. Emphasis is on the development of balance, ankle articulation, timing and clarity of sound in the performance of basic tap vocabulary. Rhythm studies include musical phrasing, dynamics, body placement, and improvisation. This course is designed for dance and theater majors as well as students interested in exercise and aerobic experience. This course may be taken four times for credit. Students must demonstrate increased proficiency and skill attainment with each repetition. When this course is offered for three hours a week the additional time is utilized in the practice and perfection of rhythmic and sound clarity. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

120 American Street Dance

2-3 hours lab, .5 - 1 unit
Letter Grade or Credit/No Credit Option

Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.

American Street Dance is an introductory course in a variety of established and emerging dance forms including Hip Hop, Funk, Pop, Lock and Fly. Street dance movements, rhythms and styles are explored through dance combinations. This course may be taken four times for credit. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

126 Belly Dance

2-3 hours lab, .5 - 1 unit
Letter Grade or Credit/No Credit Option

Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.

Belly Dance is an introductory course in a variety of established and emerging belly dance forms. Emphasis is placed on techniques, styles, rhythms, use of various props and performance dynamics of American staged
belly dance. Students must demonstrate increased proficiency and skill attainment with each repetition. When this course is offered for three hours a week the additional time is utilized in practice and perfection of rhythmical isolations and improvisations. This course is designed for students who wish to explore dance movements from other cultures. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

130 Dance Repertoire
2-3 hours lab, .5 - 1 unit
Letter Grade or Credit/No Credit Option
Advisory: Dance 135 or 140 or Physical Education 135 or 140 with a grade of "C" or better, or equivalent. Dance Repertoire is designed to introduce the dancer to the choreography of renowned choreographers. This course provides the opportunity for students to learn and perform selected choreography in ballet, modern, jazz, tap and musical theater. This course, in combination with Physical Education 130, may be taken four times for credit. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

135 Jazz Dance
2-3 hours lab, .5 - 1 unit
Letter Grade or Credit/No Credit Option
Jazz Dance is a course which explores a variety of jazz dance techniques focusing on the development of coordination, flexibility, balance, strength, correct body alignment and rhythmic perception. Dance combinations are performed to demonstrate technical ability at all skill levels. Jazz Dance fulfills lower division requirements for dance majors. This course, in combination with Physical Education 135, may be taken four times for credit. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

140 Modern Dance
2-3 hours lab, .5 - 1 unit
Letter Grade or Credit/No Credit Option
Modern Dance is a course that explores the fundamental concepts and techniques of modern dance including floor stretch, center work, locomotor sequences and dance combinations. The student demonstrates, defines and performs flexibility, coordination, rhythmic and dynamic perception, control and strength. The class critiques, discusses and analyzes line, design, technique, choreography and dynamic qualities through lectures, videotapes and concert critiques. Modern Dance fulfills lower division requirements for dance majors. This course, in combination with Physical Education 140, may be taken four times for credit. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

177 Dance Improvisation
2-3 hours lab, .5 - 1 unit
Letter Grade or Credit/No Credit Option
Advisory: Physical Education 135 or 140 or Dance 135 or 140 with a grade of "C" or better, or equivalent. This course is designed to give students the opportunity to learn beginning and intermediate improvisational dance skills through the use of space, time, dynamics, and motion of body parts. Emphasis is placed on performance ability and technique. The student is involved in a structured dance performance in various situations and progresses to spontaneous movement in group and individual works. This course fulfills lower division requirements for dance majors. This course, in combination with Physical Education 177, may be taken four times for credit. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

178 Advanced Contemporary Dance
3 hours lab, 1 unit
Letter Grade or Credit/No Credit Option
Advisory: Physical Education 135 or Dance 135 with a grade of "C" or better, or equivalent. This course focuses on the movement principles of American dance masters Jack Cole, Bob Fosse, Luigi and Matt Mattox. Instruction includes student performance of various contemporary dance styles for videotaped analysis of technical proficiency. This course, in combination with Physical Education 178, may be taken four times for credit. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.
private colleges and universities. UC Transfer Course List.

**181 Introduction to Dance**

*3 hours lecture, 3 units*

**Letter Grade or Credit/No Credit Option**

*Advisory:* English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.

*Limitation on Enrollment:* This course is not open to students with credit for Physical Education 260.

Introduction to Dance is designed to give students the opportunity to appreciate the aesthetic foundations of dance as interpreted within Western traditions. The course covers basic techniques of Western dance traditions that foster an awareness of dance as therapy and fitness as well as art and dance in film, video, and live performance. Additionally, students are introduced to dance as the expression of social discourse distinct to historical periods within Western history. Finally, students study the techniques of selected canonical or well known dancers, choreographers and their craft. This course is introductory but prepares both potential performers and scholars with an interest in performance for intermediate studies in dance. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

**183 Music for Dance**

*2 hours lecture, 2 units*

**Grade Only**

*Advisory:* English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5; and Dance 253 or Physical Education 116 with a grade of "C" or better, or equivalent.

Music for Dance introduces the fundamentals of music through the study of terminology, notation, elements and form as they relate to movement. The course explores the interrelationship of music and dance and provides students the opportunity to compose and perform rhythmic and movement projects. This course fulfills lower division requirements for dance majors. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

**253 Choreography**

*1.5 hours lecture, 1.5 hours lab, 2 units*

**Letter Grade or Credit/No Credit Option**

*Advisory:* Physical Education 135 or 140 or Dance 110, 135, or 140 with a grade of "C" or better, or equivalent.

Choreography is a course that explores the theories and elements utilized in the creative process of dance composition. Emphasis is placed on student application of choreographic concepts through the development of movement compositions. This course fulfills lower division requirements for dance majors. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

**261 Dance Performance**

*6 hours lab, 2 units*

**Grade Only**

*Advisory:* Physical Education 135 or 140 or Dance 110, 135, or 140 with a grade of "C" or better, or equivalent.

Dance Performance provides the opportunity for students to apply intermediate and advanced skills in ballet, jazz and modern dance in preparation for public performance. Emphasis is placed on student application of dance, staging, and performance techniques in a theatrical environment. This course fulfills lower division requirements for dance majors. This course, in combination with Physical Education 129, may be taken four times for credit. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

**271 Dance Production**

*3-6 hours lab, 1-2 units*

**Letter Grade or Credit/No Credit Option**

Dance Production explores the technical and management aspects of producing a dance concert. Emphasis is placed on student application of design and construction of costumes, lighting design, makeup application, stage and house management, and publicity. This course fulfills lower division requirements for dance majors. This course, in combination with Physical Education 118, may be taken four times for credit. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**Additional Dance Classes**

(See Physical Education)

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.
102 Dental Communications
3 hours lecture, 3 units
Grade Only
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course aids the student in an understanding of the dental profession by exploring its advances from early times through present day practice. Ethical and legal aspects and standards of patient care are presented. Students develop oral, written, and non-verbal communication skills and an understanding of psychological needs of patients, employers, and co-workers. This is an introductory course to the Dental Assisting program. Students completing the course are prepared for Dental Assisting 122 and 122L. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

103 Preventive Dental Care
1.5 hours lecture, 1.5 units
Grade Only
Prerequisite: Dental Assisting 102 with a grade of "C" or better, or equivalent.
Corequisite: Dental Assisting 103L and Dental Assisting 106, each with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Dental Assisting 104. Special Admission - must be admitted to program.
This course is for students enrolled in the Dental Assisting Program. This course focuses on the principles and techniques necessary for preventing tooth decay, including the importance of nutrition, personal preventive oral hygiene, and education of the dental patient on preventive dental care. The goal and components of a preventive dentistry program are included. This course also includes the discussion of personal nutrition and nutritional counseling plus charting a diet diary. Identification of sources and the practice of using fluoridation as a preventive measure against tooth decay is covered. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

103L Preventive Dental Care Lab
1.5 hours lab, .5 units
Grade Only
Prerequisite: Dental Assisting 102 with a grade of "C" or better, or equivalent.
Corequisite: Completion of or concurrent enrollment in Dental Assisting 103 and Dental Assisting 106, each with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Dental Assisting 104. Special Admission - must be admitted to program.
This course is for students enrolled in the Dental Assisting Program. This laboratory course presents the practical application of preventive dental care, including an analysis of personal/patient nutrition and nutritional counseling. This lab course also focuses on the principles and techniques necessary for personal preventive oral hygiene. Patient education strategies for maintaining preventive oral hygiene and regular professional care are included. The practice of using fluoridation and sealants as preventive measures against tooth decay is covered. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

106 Basic Dental Science
3.5 hours lecture, 3.5 units
Grade Only
Prerequisite: Dental Assisting 102 with a grade of "C" or better, or equivalent.
Corequisite: Dental Assisting 103 and 106, each with a grade of "C" or better, or equivalent.
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
This is a basic science course covering anatomy and physiology of the human body. It exposes the Dental Assisting student to various dental science areas including tooth morphology, embrogology, bones, nerves, and muscles of the head and neck. It also includes an introduction to dental office microbiology, infection control, chemical & waste management. Pharmacology, oral pathology, dental office emergency and first aid are included. Field trip is required to obtain CPR certification. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

116 Dental Materials
2 hours lecture, 2 units
Grade Only
Prerequisite: Dental Assisting 102 with a grade of "C" or better, or equivalent.
Corequisite: Dental Assisting 103, 103L, 106, 116L, 122, and 185A, each with a grade of "C" or better, or equivalent.
This course covers historical development, chemical and physical properties, as well as the agencies responsible for the standards of dental materials. The
preparation of dental materials and their effect on the oral environment are examined. The dental assisting student will learn the effects of proper and improper manipulation and the safe practice of handling dental materials. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

116L Dental Materials - Lab

3 hours lab, 1 unit
Grade Only

Prerequisite: Dental Assisting 102 with a grade of “C” or better, or equivalent.
Corequisite: Completion of or concurrent enrollment in Dental Assisting 103, 103L, 106, 116, 122, and 185A, each with a grade of “C” or better, or equivalent.
This course affords the dental assisting student an opportunity to prepare and manipulate a variety of dental materials, including the safety issues of each dental material. The demonstrations and evaluations focus on the effects of proper and improper manipulation by the chairside assistant. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

122 Basic Dental Assisting

1 hour lecture, 1 unit
Grade Only

Prerequisite: Dental Assisting 104 and 106, each with a grade of “C” or better, or equivalent.
Corequisite: Dental Assisting 116, 116L, 122L, and 185A.
Limitation on Enrollment: This course is not open to students with credit for Dental Assisting 120.
This basic dental assisting course presents the role of the chairside dental assistant. This role includes sterilization principles, preparation of instruments, and care and maintenance of equipment. Principles of team positioning in four- and six-handed dentistry and oral evacuation methods are stressed. Patient relations and techniques of team interactions are introduced. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

122L Basic Dental Assisting - Lab

3 hours lab, 1 unit
Grade Only

Prerequisite: Dental Assisting 104 and 106, each with a grade of “C” or better, or equivalent.
Corequisite: Dental Assisting 116, 116L, 122, and 185A.
Limitation on Enrollment: This course is not open to students with credit for Dental Assisting 120.
This basic dental assisting laboratory course allows for the practical application of chairside dental assisting techniques. Students develop skills in manipulation and delivery of restorative materials. In addition, skills are developed in sterilization procedures and in the preparation of instruments. Care and maintenance of equipment used in restorative dentistry are stressed. Team positioning, four- and six-handed dentistry, and oral evacuation skills are developed as well as skills in patient handling. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

127 Dental Radiology

2 hours lecture, 2 units
Grade Only

Prerequisite: Dental Assisting 102 with a grade of “C” or better, or equivalent.
Corequisite: Dental Assisting 104, 106, and 127L or equivalent.
Limitation on Enrollment: This course is not open to students with credit for Dental Assisting 125.
This is a lecture course designed to acquaint the student with principles of dental radiographic production, including exposure and processing. Intraoral techniques, dental anatomy and landmarks pertaining to dental radiography are presented. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

127L Dental Radiography Lab

3 hours lab, 1 unit
Grade Only

Corequisite: Dental Assisting 127 with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with credit for Dental Assisting 125.
This is a laboratory course in which students practice the process of caring for darkroom equipment, preparing solutions, exposing, processing, mounting, and evaluating dental x-ray films. Exposures are accomplished using dental x-ray manikins in preparation for exposures on real patients. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

131 Clinical Business Management

1 hour lecture, 1.5 hours lab, 1.5 units
Grade Only

Prerequisite: Dental Assisting 102, 104, 106, 116, 122, and 122L, each with a grade of “C” or better, or equivalent.
Corequisite: Dental Assisting 161 and 185B.
Limitation on Enrollment: This course is not open to students with credit for Dental Assisting 130.
This course presents the role of the chairside assistant in clinical record keeping, including the charting of existing conditions and treatment planning. The course includes the use of computers in maintaining recall systems, inventory control, accounts payable management, aging receivables, appointment scheduling, marketing systems, and insurance claims processing. Gaining and maintaining employment is also covered in the course. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

132 Clinical Business Management
1.5 hours lecture, 1.5 units
Prerequisite: Dental Assisting 127 with a grade of “C” or better, or equivalent.
Corequisite: Dental Assisting 132L, 161, 185B, and 185C, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Dental Assisting 131.
This course presents a basic foundation for the administrative dental assistant in accounts receivable and payable for manual and computerized systems. Included is the role of the dental assistant in clinical record keeping, preparing treatment plans, telephone techniques, effective scheduling, and insurance processing. The topics of this course also include maintaining recall system, inventory control, and marketing systems. Employment skills necessary to obtain a position as an administrative dental assistant and cultivate skills necessary to remain employed are also covered in this course. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

132L Clinical Business Management Lab
3 hours lab, 1 unit
Prerequisite: Dental Assisting 127L with a grade of “C” or better, or equivalent.
Corequisite: Completion of or concurrent enrollment in Dental Assisting 132L, 161, 185B, and 185C, each with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Dental Assisting 131.
This lab course presents a basic foundation for the administrative dental assistant in accounts receivable and payable when theories can be applied to a computerized system. Included is the role of the dental assistant in clinical record keeping, preparing treatment plans, telephone techniques, effective scheduling, insurance processing, and maintaining recall and inventory control systems. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

136 Dental Radiography II
3 hours lab, 1 unit
Prerequisite: Dental Assisting 127 and 127L, each with a grade of “C” or better, or equivalent.
Corequisite: Dental Assisting 185C.
This course covers techniques and skills of exposing full mouth series of dental radiographs, including the use of various radiographic positioning aids. The student has the opportunity to expose radiographs in a simulated private practice environment through a program of referral of patient by local dentists. Students obtain a California State Radiation Safety Certification upon satisfactory completion of course requirements. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

161 Intermediate Dental Assisting
2 hours lecture, 2 units
Prerequisite: Dental Assisting 116, 122, and 185A, each with a grade of “C” or better, or equivalent.
Corequisite: Dental Assisting 131, 161L, and 185B.
Limitation on Enrollment: This course is not open to students with credit for Dental Assisting 160.
This course presents the role of the chairside dental assistant in specialty areas such as pediatric dentistry, oral and maxillofacial surgery, and fixed and removable prosthodontic practice. Principles of time, motion, and work simplification are presented. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

161L Intermediate Dental Assisting Lab
3 hours lab, 1 unit
Prerequisite: Dental Assisting 116, 116L, 122, 122L, and 185A, each with a grade of “C” or better, or equivalent.
Corequisite: Dental Assisting 131, 161, and 185B.
Limitation on Enrollment: This course is not open to students with credit for Dental Assisting 160.
This laboratory course presents the practical application of chairside and laboratory techniques in assisting in the specialty areas of fixed and removable prosthodontics, oral and maxillofacial surgery, and pediatric dentistry practice. Laboratory practice includes developing skills in constructing provisional crowns and bridges for direct and indirect application,
use and care of specialized instruments, and preparation of impression materials. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

181 Advanced Dental Assisting

2 hours lecture, 2 units

Grade Only

Prerequisite: Dental Assisting 161, 161L, and 185B, each with a grade of “C” or better, or equivalent.

Corequisite: Dental Assisting 181L and 185D.

Limitation on Enrollment: This course is not open to students with credit for Dental Assisting 180.

This course presents the role of the chairside dental assistant in the specialty areas of periodontia, orthodontia, and endodontia. After completing the course, students are prepared to take the California State Registered Dental Assistant (RDA) and National Certified Dental Assistant (CDA) written examinations. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

181L Advanced Dental Assisting Lab

6 hours lab, 2 units

Grade Only

Prerequisite: Dental Assisting 161, 161L, and 185B, each with a grade of “C” or better, or equivalent.

Corequisite: Dental Assisting 181 and 185D.

Limitation on Enrollment: This course is not open to students with credit for Dental Assisting 180.

This course allows the student to perform procedures of the chairside dental assistant in the specialty areas of periodontia, orthodontia, and endodontia. Students develop the skills that prepare them to take the California State Registered Dental Assistant (RDA) practical and written examinations and the National Certified Dental Assistant (CDA) written examination. The laboratory practice includes mouth mirror inspection, use of intra-oral camera, recording findings, taking impressions for study casts, bite registration, intra-oral and facial measurements, placement of isolation dams, matrices, liner bases and temporary restorations, and coronal polish techniques. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

185A Directed Clinical Practice

75 hours lab (total) by arrangement, 1 unit

Grade Only

Prerequisite: Dental Assisting 102, 104, and 106, each with a grade of “C” or better, or equivalent.

Corequisite: Dental Assisting 116, 116L, 122, and 122L.

Limitation on Enrollment: This course is not open to students with credit for Dental Assisting 185.

This course is designed for students in the Dental Assisting program to gain experience in directed clinical practice in a private dental office or clinic. Students are assigned basic dental assisting support procedures, including sterilizing instruments, preparing patients for treatment, assisting in simple chairside procedures, confirming appointments, and filing and retrieving charts. The directed clinical practice is coordinated by a member of the college staff.

Supervision of the student is shared by the staff of the affiliating institution and the college faculty. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

185B Directed Clinical Practice

75 hours lab (total) by arrangement, 1 unit

Grade Only

Prerequisite: Dental Assisting 116, 116L, 122, 122L, and 185A, each with a grade of “C” or better, or equivalent.

Corequisite: Dental Assisting 161 and 161L.

Limitation on Enrollment: This course is not open to students with credit for Dental Assisting 185.

This course requires supervised clinical practice in a private dental office or clinic. Students are assigned duties delegated to the dental assistant and put into practice duties learned in current and previous dental assisting laboratory courses. These duties include preparation of laboratory, impression, and restorative materials and chairside assisting with fixed and removable prosthetic procedures. Supervision of the student is shared by the staff of the affiliating institution and the college faculty. The directed clinical practice is coordinated by a member of the college staff. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

185C Directed Clinical Practice

75 hours lab (total) by arrangement, 1 unit

Grade Only

Prerequisite: Dental Assisting 127 and 127L, each with a grade of “C” or better, or equivalent.

Corequisite: Dental Assisting 136.

Limitation on Enrollment: This course is not open to students with credit for Dental Assisting 185.

Directed clinical practice is conducted in a private dental office or clinic. Students are assigned basic duties of the dental X-ray technician and apply techniques learned in Dental Assisting 136. These techniques include exposing bite-wing and full-mouth radiographs on patients; processing, mounting,
identifying, labeling and filing radiographs. Supervision of the student is shared by the staff of the affiliating institution and the college faculty. The directed clinical practice is coordinated by a member of the college staff. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**185D Directed Clinical Practice**

75 hours lab (total) by arrangement, 1 unit
Grade Only

*Prerequisite:* Dental Assisting 161, 161L, and 185B, each with a grade of “C” or better, or equivalent.

*Corequisite:* Dental Assisting 181 and 181L.

*Limitation on Enrollment:* This course is not open to students with credit for Dental Assisting 185.

Directed clinical practice is conducted in a private dental office or clinic. Students are assigned duties learned in prerequisite and corequisite courses. These duties include general chairside assisting procedures such as taking impressions, applying fluoride, assisting with nitrous oxide and performing mouth-mirror inspection and charting. Also included in the course are duties of the Registered Dental Assistant such as placing and removing post-extraction dressings, removing sutures, placing and removing temporary crowns, and performing coronal polishing procedures. Supervision of the student is shared by the staff of the affiliating institution and the college faculty. The directed clinical practice is coordinated by a member of the college staff. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**290 Independent Study**

Hours by Arrangement, 1-3 units
Grade Only

*Limitation on Enrollment:* Must obtain an Add Code from instructor for registration.

Provides for additional research, academic or clinical experiences for students with special interests. The course consists of individualized research problems, conferences with the instructor at prearranged intervals and a final written report on the work completed. This course may be taken four times with different content for a maximum of six units. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

### DISABILITY SUPPORT PROGRAMS AND SERVICES (DSPS)

Courses listed under DSPS have been designed for students with disabilities. Additional classes are offered at City and Miramar campuses. See appropriate catalog.

#### Physically Disabled
(See Adapted P.E. Classes Under Physical Education)

**All Disabled Students**

**021 Accessible Computing Lab**

1.5 - 6 hours lab, .5 - 2 units
Credit/No Credit Only

*Limitation on Enrollment:* This course is not open to students with credit for Disability Support Programs and Services (DSPS) 76.

This course is offered for students who benefit from adaptive computer access. The course modules teach students how to use the necessary adaptive hardware or software needed to access the computer. Training in all modules is individualized. Students also have the option of completing only those sections of the modules that are relevant to the goals on their Student Educational Contract (SEC). This course may be taken four times for credit. Credit for this course does not apply to the associate degree.

**027 Career Planning for Students with Disabilities**

2 hours lecture, 2 units
Credit/No Credit Only

This course is designed to assist students with disabilities in acquiring an understanding of the world of work. Emphasis is placed on developing and pursuing goals for employment and on identifying community, state, and national assistance resources. Throughout the course, students evaluate their individual career goals, analyze their job skills, research the job market and construct an effective resume and cover letter for prospective employers. Course material also emphasizes preparing students to meet the psychological, social and cognitive demands of employment. (FT) Credit for this course does not apply to the associate degree.
077 Exploration of Computer Access
.5 hour lecture, 1 hour lab, 1 unit
Credit/No Credit Only

This course has been designed for students with disabilities. Designed to introduce students to computer access equipment that is available in large print, Braille and voice output. To provide an overview of resources in software and hardware that allow disabled students to compete in educational and business settings. This course may be repeated as necessary to achieve course objectives. Credit for this course will not apply to the associate degree. (FT)

041 Introduction to Applied Study Skills and Strategies
.5 hour lecture, 2 – 3 hours lab, .5 – 1.5 units
Credit/No Credit Only

This course is designed for students who are enrolled in a college course in which they have a verified disability related limitation. It is recommended for students who would benefit from formal assessment and small group instruction in applied study skills and learning strategies. The course provides guided instruction in the application of study skill strategies to a mainstreamed course. The focus of the course is on developing generalized study skills that (1) relate to successful learning in the community college setting and (2) that can be altered through individual effort and instruction. Individually guided practice of study skills is supported in an individual and/or small group setting. This course may be taken for lab credit four times with different content for a maximum of four units. Credit for the course does not apply to the associate degree.

038 Math Strategies for the Learning Disabled
3 hours lecture, 3 units
Credit/No Credit Only

This course is designed for students with verified disabilities related to mathematics. It is taught as a lecture class that can be taken independently or in conjunction with Mathematics 32/Mathematics 35. This class utilizes a strategies-oriented course developing competency with basic mathematical operations and pre-algebra concepts. This course, in combination with Disability Support Programs and Services 73, may be taken four times for credit. Credit for this course does apply to the associate degree.

040 Individual Assessment and Educational Planning
.5 hour lecture, .5 unit
Credit/No Credit Only

Limitation on Enrollment: This course is not open to students with credit for Disability Support Programs and Services (DSPS) 50.

This course is designed to facilitate students’ awareness of individual learning aptitude as compared to measured academic achievement. Standardized achievement and aptitude assessment instruments are individually administered during the course in accordance with California Community College Learning Disabilities Eligibility Model to document a learning profile related to community college academic demands. Related academic study strategies and possible learning disability accommodations are addressed when appropriate. Credit for this course will not apply to the associate degree.

042 Basic Skills Applied Study Strategies
2 - 3 hours lab, .5 – 1 unit
Credit/No Credit Only

This course is intended primarily for students needing disability related specialized support in mainstream basic skills classes in addition to the campus wide academic support services. The focus of this class is to provide study skill assistance for students enrolled in basic skill college classes. Initial emphasis is placed both on the application and generalization of study strategies as well as on assistive technology. Computer assisted instruction is utilized to supplement, review and rehearse basic skills learning. This course may be taken four times with different content for a maximum of four units. Credit for the course does not apply to the associate degree.

043 Advanced Applied Study Strategies
2 - 3 hours lab, .5 - 1 unit
Credit/No Credit Only

This course is intended primarily for students needing advanced academic disability related support in addition to the campus wide academic support services currently available. The focus of this class is to provide individualized study assistance for students in mainstream degree applicable college classes. Emphasis is placed on the application of study strategies to a specific course. Both study strategies and assistive technology are utilized to meet the demands of a mainstream course content. Computer assisted instruction is used to review related basic skills
instruction and to support research skill development. This course may be taken four times with different content for a maximum of four units. Credit for the course does not apply to the associate degree.

**047 Spelling and Auditory Processing**
2 hours lecture, 2 units
Credit/No Credit Only

This course is designed for students who have identified learning disabilities related to effective spelling and/or reading decoding skills. The course introduces learning and memory research related to spelling disabilities. A multisensory awareness of speech sounds and auditory processing strategies are emphasized. Common spelling rules and expectancies are taught, and the effective use of spelling related assistive technology is introduced. Credit for the course does not apply to the associate degree.

**048 Effective Sentence Writing and Grammar**
2 hours lecture, 2 units
Credit/No Credit Only

This course is designed for students who have verified disabilities related to effective sentence writing skills. It is intended to prepare students for a more successful entry into the mainstream basic skills English curriculum. Multisensory learning strategies are emphasized that assist in the recognition of acceptable sentence structures and appropriate grammar. Sentence writing instruction progresses from very simple to more complex structures. Credit for the course does not apply to the associate degree.

**049 Writing Structured Paragraphs**
2 hours lecture, 2 units
Credit/No Credit Only

This course is designed for students who demonstrate difficulty with written language. It is intended to prepare students who have a writing related disability to more successfully meet the minimum college requirements for multi-paragraph essay writing. This course is unique for the highly structured and sequential strategies applied to essay writing. Additionally, the course emphasizes the application of assistive computer technology for facilitating organizational pre-writing strategies, document checking, and written language fluency. Credit for the course does not apply to the associate degree.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

103 Acting for Non-majors
3 hours lecture, 3 units
Grade Only

Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.

Limitation on Enrollment: This course is not open to students with previous credit for Drama 130.

This course introduces students to improvisational acting. The first phase of the course treats acting as process-centered. The instructor leads the participants using a variety of exercises to imagine, enact and reflect upon human experiences. The second phase of the course emphasizes problem-solving skills in group improvisational work. The group improvises action and dialogue appropriate to the content it is exploring, using elements of drama to give form and meaning to the experience. This course is designed for students who are interested in studying acting. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

105 Introduction to Dramatic Arts
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option

Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.

This course is an introductory study of the art and literature of the theater. Emphasis is placed on the examination and evaluation of dramatic texts in terms of genre, historical context, aesthetics and reception. In addition, this course introduces students to the technical aspects of the theatrical industry including production and personnel through campus drama productions and field trips. This course is designed for students pursuing a Liberal Arts degree with an emphasis in drama performance. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN DRAM 14).

119 Acting for Film and Television
2 hours lecture, 3 hours lab, 3 units
Letter Grade or Credit/No Credit Option

Advisory: English 56 with a grade of "C" or better, or equivalent, or Assessment Skill Level R5; and Dramatic Arts 132 with a grade of "C" or better, or equivalent.

Limitation on Enrollment: This course is not open to students with credit for Radio and Television 119 or 265 or Dramatic Arts 265, Acting for Film and Television. (Same as Radio and Television 119.)

This course introduces students to the skills required for on-camera performing techniques as used in the motion picture and television industry. Students participate in the selection, rehearsal, and on-camera performance of material from television and motion picture scripts including drama, sitcoms, soaps and commercials. Emphasis is placed on cold reading taped audition skills, improvisational and interview techniques, and the fundamental acting techniques required for camera, scene, and monologue studies. This course provides a comprehensive introduction to students intending to enter a career in the dramatic arts and radio/television. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

122 Makeup for the Stage
1 hour lecture, 3 hours lab, 2 units
Grade Only

This course is an introductory hands-on study of the materials and techniques used in stage makeup design and application. Emphasis is placed on the acquisition of a lexicon pertinent to the history and use of makeup in the theater as well as on the actual application of stage makeup in the classroom as a member of the makeup crew for a theatrical production. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN DRAM 14).

131A Intermediate Acting
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option

Limitation on Enrollment: This course is not open to students with credit for Dramatic Arts 131.

Continuation of Dramatic Arts 130 emphasizing the application of fundamental skills to the problems of emotion, timing, character and ensemble acting in longer scenes. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN DRAM 6).

131B Intermediate Acting
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option

Continuation of Dramatic Arts 131A emphasizing the application of fundamental skills to the problems of emotion, timing, character and ensemble acting in longer scenes and one act plays. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.
132 Beginning Acting
2 hours lecture, 3 hours lab, 3 units
Grade Only
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
Limitation on Enrollment: This course is not open to students with previous credit for Drama 131A.
This course is a beginning level study, practice and execution of the fundamentals of acting designed to develop a foundation in basic acting technique. Emphasis is placed on the effective communication of ideas and emotions by a dramatic character to audience. The course content includes staging techniques, improvisation, theater games, scenes, monologues, stage movement, and an introduction to the lexicon of acting for theater. This course is intended for students who are interested in developing basic acting techniques. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

133 Intermediate Acting
2 hours lecture, 3 hours lab, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: Drama 132 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Drama 131B.
This course is designed to build upon the acting and scene work skills developed in Dramatic Arts 132. Emphasis is placed on character analysis through lecture, demonstration and exercises as well as on scene rehearsal and presentation. This course is intended for students who are interested in preparing for a major in drama. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

150 Cinema as Art and Communication I
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
A film class designed to meet the needs and experiences impact of the feature film, the documentary, educational commercial television through the historical and stylistic influences upon the aesthetic values and social implications of cinema. Traces and explains the impact of silent comedy. American film before 1940, German expressionism and Russian expressive realism as they influence today's films. Not recommended for students who have taken Radio and Television 160. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

151 Cinema as Art and Communication II
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
A film class designed to meet the needs and experience of a modern society that uses the film media as a relevant part of the life style. Traces and explains the impact of the French film, Italian neorealism and the influence of outstanding directors and movements in the second half of the twentieth century. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

165 Introduction to Stage Movement
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
Limitation on Enrollment: This course is not open to students with previous credit for Dramatic Arts 165A.
This course serves as an introduction to basic techniques of movement for the stage. Stage movement focuses on the actor's body as an expressive instrument. Students acquire flexibility, strength, and physical repertoire of stage movement. The student is challenged to explore and utilize new areas of dramatic expression. Some examples of contemporary movement are Tai Chi, Suzuki, Alexander, and Feldenkrais. This course is intended for students pursuing a degree in Visual and Performing Arts with an emphasis in Drama. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

200A Fundamentals of Performance and Production III
12 hours lab, 4 units
Grade Only
Prerequisite: Drama 100A and Drama 100B, each with a grade of "C" or better, or equivalent.
Corequisite: Drama 250
Limitation on Enrollment: This course is not open to students with previous credit for Drama 201.
This course focuses on intermediate acting skills and costume design and construction as well as providing
hands-on experience in theatrical production. It is one semester of the second year in a two-year program for Dramatic Art majors. The program includes training in all aspects of theatrical production through participation in the Mesa College Theatre Company. Classroom instruction, semester projects, and major productions are included. This course is offered only in the fall semester. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

200B Fundamentals of Performance and Production IV

12 hours lab, 4 units
Grade Only
Prerequisite: Drama 100A and Drama 100B, each with a grade of “C” or better, or equivalent.
Corequisite: Drama 250.
Limitation on Enrollment: This course is not open to students with previous credit for Drama 202. This course focuses on intermediate acting skills and costume design and construction as well as providing hands-on experience in theatrical production. It is one semester of the second year in a two-year program for Dramatic Art majors. The program includes training in all aspects of theatrical production through participation in the Mesa College Theatre Company. Classroom instruction, semester projects, and major productions are included. This course is offered only in the spring semester. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

230A Introduction to Drama Direction

3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: Dramatic Arts 200A with a grade of “C” or better, or equivalent.
This course focuses upon the problems of directing dramatic presentations. Emphasis will be upon the analysis, blocking, and rehearsing of selected scenes. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

250 Rehearsal, Production and Performance

3-12 hours lab, 1-4 units
Letter Grade or Credit/No Credit Option
This course is a study and application of the skills, responsibilities and commitment required for work in play production and performance. Throughout the course, students participate in the rehearsal, production and performance of an actual play. As part of this process, students research and provide written critiques of the background, style, historical conditions and artistic theory connected to the given play and apply these to an original interpretation of the production. This course may be repeated three times. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

251 Musical Comedy Rehearsal, Production and Performance

3-9 hours lab, 1-3 units
Grade Only
This course is a study and application of the skills, responsibilities and commitment required for work in the production and performance of a musical. Throughout the course, students participate in rehearsal, production and performance as actors, singers, dancers, technicians, assistant directors, stage managers and production crew. As part of this process, students research and provide written critiques of the background, style, historical conditions and artistic theory connected to the given musical and apply these to an original interpretation of the production. This course may be repeated three times. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

267 Experimental Theatre

3 hours lab, 1 unit
Letter Grade or Credit/No Credit Option
This course will focus primarily on non-commercial theatre and areas not covered in the drama core program. Students will be grouped into production companies, which will produce Thursday Theatre, Readers’ Theatre, Children’s Theatre or Touring Theatre productions, with each student concentrating on a specific area. Areas of concentration: playwriting, production of one-acts, sound, direction, lighting design, stage design, stage managing, musical comedy, advanced acting problems, and stage dialects. This course may be taken four times for credit. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

290 Independent Study

Hours by Arrangement, 1-3 units
Letter Grade or Credit/No Credit Option
Limitation on Enrollment: Must obtain an Add Code from instructor for registration.
Advanced special work in dramatic arts: acting, design, lighting, film, business, makeup, costumes, direction, or play production. This course may be taken four times
with different content for a maximum of six units.
Associate Degree Credit & transfer to CSU and/or
private colleges and universities.

This discipline may offer specialized instruction in one or
more of the following areas: Supervised Tutoring (044),
Special Topics (265), Independent Study (290),
Individualized Instruction (296), Service Learning
(277), or Work Experience (270). Detailed course
descriptions are listed on page 190. Please refer to the
class schedule and/or see the dean or department chair
for availability.

### 120 Principles of Economics I

3 hours lecture, 3 units

*Grade Only*

**Advisory:** English 51 and English 56, each with a grade
of “C” or better, or equivalent, or Assessment Skill
Levels W5 and R5.

Introduction to basic economic principles and theory
relating to problem analysis, structure of our
institutions and the formation of public policies.
Emphasis is placed on the broad overall performance
(macro-analysis) of the economy with concentration in
such areas as incomes, employment and output;
economic stability and growth; fiscal and monetary
policy. (FT) Associate Degree Credit & transfer to CSU
and/or private colleges and universities. UC Transfer
Course List. (CAN ECON 2).

### 121 Principles of Economics II

3 hours lecture, 3 units

*Grade Only*

**Advisory:** English 51 and English 56, each with a grade
of “C” or better, or equivalent, or Assessment Skill
Levels W5 and R5.

A continued study of principles and applications
regarding specific economic sectors (micro analysis).
Various competitive models in a market economy are
studied in detail. Economics of labor unions, farming,
international trade and finance provide a background
for study and analysis of many current world and
domestic problems. (FT) Associate Degree Credit &
transfer to CSU and/or private colleges and universities.
UC Transfer Course List. (CAN ECON 4).

This discipline may offer specialized instruction in one or
more of the following areas: Supervised Tutoring (044),
Special Topics (265), Independent Study (290),
Individualized Instruction (296), Service Learning
(277), or Work Experience (270). Detailed course
descriptions are listed on page 190. Please refer to the
class schedule and/or see the dean or department chair
for availability.
100 Tutor Training
.5 hour lecture, 1.5 hours lab, 1 unit
Credit/No Credit Only
Advisory: English 51 and English 56 and Mathematics 32, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5, R5 and M20.
Limitation on Enrollment: Student must have completed a minimum of 12 units of college credit with an accumulated grade point average of 3.0 or better in subject area he/she will tutor.
This course prepares college-level students for tutoring adult/college students. Student trainees learn about tutoring methods as well as how to use appropriate written and mediated instructional materials. The course includes supervised tutoring practice. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

200 Teaching as a Profession
2 hours lecture, 2 units
Grade Only
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5;
Limitation on Enrollment: Must meet safety and health clearance standards for a public school field experience placement.
This course is designed for students considering teaching as a profession, for paraprofessionals, and for volunteer tutors working in the public school system. Career exploration, foundations of education, critical issues, and an introduction to literacy acquisition are addressed. Standards for the teaching profession and conditions for effective learning are discussed. Guided observations of public school classrooms in a variety of subject areas are a requirement of the course. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

203 Service Learning for Prospective Teachers
1 hour lecture, 1 unit
Letter Grade or Credit/No Credit Option
Limitation on Enrollment: Student must meet safety and health clearance standards for public school volunteer experience placement.
This course is designed for students considering teaching as a profession, and for prospective tutors. The purpose of this class is to provide early, supervised experience to pre-service teachers in the form of service learning. The lectures provide for orientation, review, reflection and problem solving; in addition, a minimum of 30 hours of volunteer service work is required. Experiential learning activities include observing and/or tutoring at various educational levels. Through this service learning, students are made aware of skills needed in the teaching profession. Additionally, they are mentored in the application of classroom management techniques and routine teaching skills required in the public schools. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

101 Introduction to Engineering
1.5 hours lecture, 1.5 units
Letter Grade or Credit/No Credit Option
Limitation on Enrollment: This course is not open to students with previous credit for Engineering 265B: Introduction to Engineering.
This course is an introduction to engineering in the work environment, including familiarization with the different occupations of engineering. Emphasis is placed on engineering requirements, analysis, design, implementation and testing of actual engineering problems. Students learn the proper use of engineering tools including computers, statistics and computer simulations. This course is designed to help students decide whether to embark on an engineering or technical career. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

115 FORTRAN and Numerical Methods for Engineers and Scientists
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only
Prerequisite: Mathematics 141 with a grade of "C" or better, or equivalent.
An introductory course which presents the concepts of computer programming using the FORTRAN language. Emphasis is on the solution of practical engineering and scientific problems using standard structured programming techniques and numerical methods.
Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List

**151 Engineering Drawing**

6 hours lab, 2 units

Letter Grade or Credit/No Credit Option

*Prerequisite:* Mathematics 96 with a grade of “C” or better, or equivalent, or Assessment Skill Level M50.

*Advisory:* English 56 with a grade of “C” or better, or equivalent, or Assessment Skill Level R5.

This course is a study of engineering design with an emphasis on developing drawing skills and techniques for engineers. Course content includes elementary orthographic and pictorial drawing, sections and dimensioning, instrument and freehand drawing as an aid to visualization and design, and computer-aided design (CAD). This course is designed for the transfer student planning to major in engineering or disciplines included in the physical sciences. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN ENGR 2).

**200 Statics**

3 hours lecture, 3 units

Grade Only

*Prerequisite:* Physics 195A with a grade of “C” or better, or equivalent.

*Corequisite:* Completion of or concurrent enrollment in Mathematics 151 with a grade of “C” or better, or equivalent.

*Limitation on Enrollment:* This course is not open to students with credit for Engineering Technology 150.

This course is a study of the applications of the principles of mechanics to rigid bodies in equilibrium. Course content emphasizes areas of friction, centroids, center of gravity, analysis of structures, moments of inertia and methods of virtual work. This course is designed for the transfer student planning to major in engineering or disciplines included in the physical sciences. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN ENGR 2).

**210 Properties of Materials**

3 hours lecture, 3 units

*Prerequisite:* Physics 195A with a grade of “C” or better, or equivalent.

*Corequisite:* Completion of or concurrent enrollment in Chemistry 200 and 200L.

This course is a study of the chemical, physical and mechanical properties of engineering materials including metals, ceramics, polymers and composites. Emphasis is placed on function and structure as they relate to specific design considerations. This course is designed for the transfer student planning to major in engineering or disciplines included in the physical sciences. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. UC Transfer Course List. (CAN ENGR 4).

**240 Digital Systems**

3 hours lecture, 3 units

Grade Only

*Advisory:* Mathematics 96 with a grade of “C” or better, or equivalent, or Assessment Skill Level M50.

*Limitation on Enrollment:* This course is not open to students with credit for Physical Sciences 265: Digital Systems.

This course is an introduction to modeling, analysis, and design of digital systems, primarily at the Logic Design Level. Students apply the basic theory of switching networks, use Boolean algebra to analyze and synthesize switching networks, design logic gate networks, use simplification schemes to minimize part count and cost while providing optimum performance, and design and analyze sequential and combinational circuits using flip-flops and logic gate networks. This course is designed for the transfer student planning to major in engineering or disciplines included in the physical sciences. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

**250 Dynamics**

3 hours lecture, 3 units

Grade Only

*Prerequisite:* Engineering 200 with a grade of “C” or better, or equivalent.

*Corequisite:* Completion of or concurrent enrollment in Mathematics 252 with a grade of “C” or better, or equivalent.

*Limitation on Enrollment:* This course is not open to students with credit for Engineering Technology 250.

This course is a study of the fundamental principles of bodies in motion with an emphasis on kinematics and kinetics of particles and rigid bodies, moving reference frames, work-energy, linear and angular momentum relationships and their application to engineering problems. Vector notation is used throughout the course. This course is designed for the transfer student planning to major in engineering or disciplines included in the physical sciences. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.
260 Electric Circuits

3 hours lecture, 3 units
Grade Only

Prerequisite: Physics 195B and Mathematics 151, each with a grade of “C” or better, or equivalent.
This course is an introduction to network analysis, basic network theorems, mesh and nodal analysis with independent and controlled sources. Course content emphasizes steady state and transient responses of networks, complex frequency transformation; A.C. circuit analysis, power, reactive apparent power, and power factor as well as balanced three-phase electric power systems. This course is designed for the transfer student planning to major in engineering or disciplines included in the physical sciences. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN ENGR 12).

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

The English for Speakers of Other Languages Program is designed to prepare students to read, write, speak and listen at a level that enables them to succeed in college courses.

The program consists of four levels and the student is assigned a level based on the result of his/her placement test.

The first level, L19, is a combined skills class in a lecture/lab format. Students who successfully complete this course are at the intermediate-low level. Some students at the beginning level may find ESOL 19 difficult. For these students, counselors are available to discuss options and resources, including classes at Continuing Education.

The second and third levels, L20 and L30, are made up of three courses. The grammar-writing component is a six-unit course; the reading and listening/speaking components are three units each.

The fourth level, L40, is a single course in reading and writing. Students who successfully complete ESOL 40 can read and write at an advanced level. They are prepared to take English courses one level below transfer (ENGL 51 & 56).

015 Essay Writing and Grammar for Non-Native Speakers of English

3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option

Limitation on Enrollment: ESOL Placement Score on the Subject A Proficiency Examination.
This course provides instruction in basic writing, focusing its efforts on the special learning needs of students for whom English is not a first language. Classes are taught on the UCSD campus. Students write essays as exercises in gaining greater control and accuracy in using grammatical and punctuation conventions, achieving acceptable precision in diction and syntax, and practicing analysis and evaluation of the structure, evidence, and argumentation encountered in academic texts. The primary emphasis is on reducing the number and severity of language errors, bringing them to a level acceptable in the academic setting, and on developing writing fluency, and strengthening editing skills. In addition to earning a credit grade for the course, students take a timed-writing examination at the end of the course and must demonstrate a level of written language proficiency that will enable them to profit from instruction in the next writing course, either Subject A or one of the college writing sequences. Not Applicable to Associate Degree, pre-collegiate basic skills, English as a Second Language.

019 Transitional English for ESOL Students

3 hours lecture, 6 hours lab, 5 Units
Letter Grade or Credit/No Credit Option

Advisory: Assessment Skill Level L19. Students are advised to take the ESOL placement test prior to enrollment and perform at level 19.
Limitation on Enrollment: This course is not open to students with credit for English 007 or 58.
This course prepares students to read, write, listen and speak at the intermediate-low ESOL level to facilitate successful participation in a college setting. This course will emphasize development of reading and writing skills in academic contexts, focusing heavily on the production of complete sentences with minimal errors and basic paragraph and composition development. Satisfactory completion of this course will enable students to enroll in ESOL 20, 21 and 22.
020 Writing for Non-native Speakers of English I

6 hours lecture, 6 units
Letter Grade or Credit/No Credit Option
Prerequisite: English for Speakers of Other Languages 19 with a grade of "C" or better, or equivalent, or Assessment Skill Level L20.
Limitation on Enrollment: This course is not open to students with credit for English 008 or 60.
This course in writing and grammar prepares students to write at the intermediate-mid ESOL level. In this course, students learn to write paragraphs, basic compositions and other types of texts and practice critical reasoning in their writing. Students read and understand a variety of texts and develop academic study skills and work habits. Students also practice grammatical structures in the production and editing of compositions so that meaning is generally clear and not obscured by error. Credit does not apply to the associate degree. (FT)

021 Reading for Non-native Speakers of English I

3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: English for Speakers of Other Languages 19 with a grade of "C" or better, or equivalent, or Assessment Skill Level L20.
This course prepares students to read at the intermediate-mid ESOL level. In this course, students learn reading strategies and apply them as they read a variety of texts. Students practice identifying text organization, vocabulary and grammar to facilitate comprehension. Students also begin to use information from class readings in discussion, critical thinking and writing. (FT) Credit does not apply to the associate degree.

022 Listening and Speaking for Non-native Speakers of English I

3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: English for Speakers of Other Languages 19 with a grade of "C" or better, or equivalent, or Assessment Skill Level L20.
This course prepares students to understand spoken English and to speak at the intermediate-mid ESOL level. In this course, students begin to develop communicative competence through listening to and participating in a variety of communicative activities. Students also begin to study grammatical structures specifically related to oral/aural course work to make connections between structure and communicative needs. In addition, students discuss, write about and think critically about information from oral and written sources. (FT) Credit does not apply to the associate degree.

030 Writing for Non-native Speakers of English II

6 hours lecture, 6 units
Grade Only
Prerequisite: English for Speakers of Other Languages 20, 21, and 22, each with a grade of "C" or better, or equivalent, or Assessment Skill Level L30.
Limitation on Enrollment: This course is not open to students with credit for English 009 or 61.
This course in writing and grammar prepares students to write at the intermediate-high ESOL level. In this course, students learn to write compositions and other types of texts that communicate a basic awareness of critical reasoning and the components of the academic essay and other types of writing. To achieve these goals, students learn and apply knowledge of syntax and grammatical structures in the production and editing of compositions so that errors, which may be frequent, will not obscure meaning. Students also read and understand a variety of texts as well as communicate a familiarity with academic study skills and work habits. Credit does not apply to the associate degree.

031 Reading for Non-native Speakers of English II

3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: English for Speakers of Other Languages 20, 21, and 22, each with a grade of "C" or better, or equivalent, or Assessment Skill Level L30.
This course prepares students to read at the intermediate-high ESOL level. In this course, students continue to develop reading skills needed for academic and workplace success. To achieve these goals, students read a variety of texts and apply appropriate reading strategies to facilitate comprehension. In addition, students engage in activities to build background knowledge as well as knowledge of text structure, grammar and vocabulary. Students also use information from class reading in class discussion, critical thinking and writing. (FT) Credit does not apply to the associate degree.
**032 Listening and Speaking for Non-native Speakers of English II**

3 hours lecture, 3 units  
Letter Grade or Credit/No Credit Option  

Prerequisite: English for Speakers of Other Languages 20, 21, and 22, each with a grade of “C” or better, or equivalent, or Assessment Skill Level L30.  

This course prepares students to understand spoken English and speak at the intermediate-high ESOL level. In this course, students continue to develop communicative competence through listening to and participating in a variety of communicative activities. Students also continue to develop knowledge of grammatical structures specifically related to oral/aural course work. In addition, students discuss, write about, and think critically about information from oral and written sources. (FT) Credit does not apply to the associate degree.

**040 Reading and Writing for Non-native Speakers of English III**

6 hours lecture, 6 units  
Letter Grade or Credit/No Credit Option  

Prerequisite: English for Speakers of Other Languages 30, 31, and 32, each with a grade of “C” or better, or equivalent, or Assessment Skill Level L40.  

Limitation on Enrollment: This course is not open to students with credit for English 010 or 62.  

This course prepares students to read and write at the advanced ESOL level. In this course students write essays and other types of texts that have some complexity of expression, contain relatively few mechanical and grammatical errors and illustrate evidence of critical reasoning. Students also read academic and workplace texts and apply study skills and work habits necessary for success in further academic and vocational studies. Students who complete this course will be prepared to enter English 51 and 56. (FT) Credit does not apply to the associate degree.

---

**Reading**

**042 College Reading and Study Skills I**  
(Formerly English 55)

3 hours lecture, 3 units  
Letter Grade or Credit/No Credit Option  

Advisory: Assessment Skill Level R3. This course is designed for native speakers of English. ESL students should enroll in ESOL 19, 20, 21, 22, 30, 31, 32 or 40 as recommended by the placement test for non-native English speakers.  

Limitation on enrollment: This course is not open to students with previous credit for English 055. This course is designed for students who need to improve their reading skills in order to succeed in college courses. In this course, students practice the reading process, reading extensively and intensively, and develop confidence and enjoyment in reading. Students also read and respond to a variety of materials, including non-fiction and textbook assignments, and learn strategies for reading difficult material to facilitate comprehension and critical thinking. In addition, students develop writing, vocabulary, discussion, and study skills. (FT) Credit for this course does not apply to the associate degree.

**Writing**

**043 English Review**  
(Formerly English 50)

3 hours lecture, 3 units  
Letter Grade or Credit/No Credit Option  

Advisory: Assessment Skill Level W3; or English 42 with a grade of "C" or better, or equivalent, or Assessment Skill Level R4. This course is designed for native speakers of English. ESL students should enroll in ESOL 19, 20, 21, 22, 30, 31, 32, or 40 as recommended by the placement test for non-native speakers.  

Limitation on enrollment: This course is not open to students with previous credit for English 050. This course is designed for students who need review of and practice with writing unified paragraphs and purposeful basic compositions. In this course students develop knowledge of the writing process as well as knowledge of grammatical structures to compose clear and complete sentences, paragraphs, and short essays. Students also read texts as the basis for writing and develop critical thinking skills necessary for success in college courses. (FT) Credit for this course does not apply to the associate degree.

**Basic Skills Courses**

All courses at this level are offered for college credit. Credit for these courses will not apply toward the associate degree but will count toward the determination of a student's workload and eligibility for financial aid.

**050 English Review**  
(see English 43 on page 272)
**055 College Reading and Study Skills I**
(see English 42 on page 272)

**English 101 Preparatory Courses**

All courses at this level are offered for college credit. Three units of course work at this level may be applied to the associate degree. Credit for courses at this level will count toward the determination of a student's workload and eligibility for financial aid.

**Writing**

**051 Basic Composition**

3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option

*Prerequisite:* English for Speakers of Other Languages 40 with a grade of "C" or better, or equivalent; or English 43 with a grade of "C" or better, or equivalent, or Assessment Skill Level W4.

This course is designed to prepare students to write successfully at the transfer level. In this course students practice the writing process in the production and editing of essays. Students also review grammatical and mechanical structures as needed to support the successful expression of meaning. In addition, students read and think critically using a variety of texts which are the basis for writing and class discussion. A District-wide, timed-writing examination, holistically graded by English instructors, is part of the final course grade. Designated sections of this course may be taught from a specific cultural perspective and are cross-listed under Black Studies and Chicano Studies in the class schedule. Three units of English credit at this level (either English 51 or English 56) may be applied to the associate degree. (FT) Associate Degree Credit only and not Transferable.

**064 Writing Essays**

3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option

*Limitation on Enrollment:* A score of 3 or lower on the University of California “Subject A” Exam.

This is a course in essay writing that focuses on the writing of the argumentative essay. Classes are taught at the UCSD campus. In this course students practice the writing process in the production and editing of essays. In addition, students read and think critically using a variety of texts that are the basis for writing and class discussion. In addition to earning a grade for the course, students must also pass a timed-writing examination at the end of the course, holistically graded by English instructors. This course is intended for students who need to complete the Subject A requirement and develop effective writing skills. (FT) Associate Degree Credit only and not Transferable.

**Reading**

**056 College Reading and Study Skills II**

3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option

*Prerequisite:* English for Speakers of Other Languages 40 with a grade of "C" or better, or equivalent; or English 42 with a grade of "C" or better, or equivalent, or Assessment Skill Level R4.

This course is designed for students who need to develop advanced reading skills to succeed in transfer level courses. In this course, students focus on academic reading and study skills and practice strategies to improve reading comprehension and critical thinking. Students also build writing, vocabulary, discussion and study skills to accurately express information and reflect the meaning of class readings. Three units of English credit at this level (either English 51 or English 56) may be applied to the associate degree. (FT) Associate Degree Credit only and not Transferable.

**English Courses**
(Also see Humanities)

**97 College Writing Skills**

3 hours lab, 1 unit
Credit/No Credit Only

*Advisory:* English 43 with a grade of "C" or better, or equivalent, or Assessment Skill Level W4.

This course provides the application of college writing skills for all disciplines. Emphasis is on the writing of organized, clear, concise, coherent, and carefully reasoned essay exams, book reports, research papers, technical reports, expository and argumentative essays, and other college writing assignments. The course is individualized, with students working on specific learning outcomes tailored to their needs. (FT) Associate Degree Credit only and not Transferable.

**101 Reading and Composition**

3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option

*Prerequisite:* English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5; or English 92A or English 92B or English 64 with a grade of "C" or better, or equivalent.
This course is designed for transfer-level students or for those who want to develop competence in college level reading and composition. In this course, students read, analyze, discuss and think critically using a variety of works and sources. Based on these activities, students write essays, fully-documented research projects, and other types of texts for various purposes and audiences. This written work, which demonstrates effective, logical, and precise expression of ideas, totals at least 6000 graded words. Designated sections of this course may be taught from a specific cultural perspective. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN ENGL 2) (CAN ENGL SEQ A = ENGL 101 + 105).

105 Composition and Literature
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5; or English 064 or English 92A or English 92B with a grade of "C" or better, or equivalent.
This is a composition course using literature as a background for improving writing skills. Students discuss the general nature and elements of literature and literary criticism by reading and analyzing representative works of fiction, drama, and poetry. Based on this subject matter, students are required to write a variety of critical papers, including a research paper, comprising at least 6,000 graded words. This course is designed for transfer students and is suitable for those interested in literature and in developing strong critical and analytical writing skills. Designated sections of this course may be taught from a specific cultural perspective. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN ENGL 4) (CAN ENGL SEQ A = ENGL 101 + 105).

202 Introduction to Linguistics
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
Advisory: English 101 with a grade of "C" or better, or equivalent, or Assessment Skill Levels W6 and R6; or English 105 with a grade of "C" or better, or equivalent.
This course is designed to introduce students to the field of Linguistics. In this course, students develop an understanding of the nature of language through the study of core areas in linguistics including phonetics, phonology, morphology, syntax, semantics and pragmatics. Students also read, write and think critically about related fields such as psycholinguistics, sociolinguistics, historical linguistics, and animal communication. This course is designed for students who plan to transfer as well as for those with a general interest in linguistics. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

205 Critical Thinking and Intermediate Composition
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: English 101 with a grade of "C" or better, or equivalent, or Assessment Skill Levels W6 and R6; or English 105 with a grade of "C" or better, or equivalent.
This course is designed to help students who are planning to transfer to a four-year college or university to develop critical thinking, reading, writing, and research skills beyond the level of English 101 and English 105; it is a required course within many curricula. Assignments require a total of at least 8,000 words of graded writing. The course focuses on writing argumentative prose and critically evaluating arguments. A majority of the written assignments require some research and documentation, including library research. Designated sections of this course may be taught from a specific cultural perspective and are cross-listed under Black Studies and Chicano Studies in the catalog and class schedule. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

207 The Art of the Sentence
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: English 101 with a grade of "C" or better, or equivalent, or Assessment Skill Levels W6 and R6; or English 105 with a grade of "C" or better, or equivalent.
This is a course in sentence stylistics beyond the level of English 101 and English 105. The course focuses on the intensive development of skills in analysis and application of linguistic and rhetorical principles. It stresses the interconnections among grammatical design, content, and purpose. Students move beyond basic correctness to sophisticated aspects of sentence patterning in order to achieve clarity and force in written expression. Assignments require a total of at least 8,000 words of graded writing. This course is intended for transfer students, those who desire to write and/or speak as effectively as possible in their academic work and/or career, and those with a special interest in language and linguistics. (FT) Associate
Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

208 Introduction to Literature
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
Advisory: English 101 with a grade of "C" or better, or equivalent, or Assessment Skill Levels W6 and R6; English 105 with a grade of "C" or better, or equivalent. This course provides an inquiry into the basic nature of literature and is designed for students with a general interest as well as for those majoring in the field. Students read and analyze representative literary works in fiction, non-fiction, poetry and drama from various cultures and periods, applying practical critical techniques in essays, reports, and exams. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

209 Literary Approaches to Film
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
Advisory: English 101 with a grade of "C" or better, or equivalent, or Assessment Skill Levels W6 and R6; or English 105 with a grade of "C" or better, or equivalent. This course focuses on literary values, such as plot, conflict, symbolism, theme and character as observed in feature films. It also focuses on cultural values with special reference as to how films define problems, establish a network of varied values, confront moral dilemmas, and explore human emotions. This course satisfies general education requirements in humanities and serves as an elective for English majors. It is designed for students who are interested in literature as well as those interested in the study of film. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

210 American Literature I
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: English 101 with a grade of "C" or better, or equivalent, or Assessment Skill Levels W6 and R6; or English 105 with a grade of "C" or better, or equivalent. This course offers a survey of British literature from the Anglo-Saxon period to the pre-Romantic period (approximately 800 to 1799), including representative works from the Old and Middle English periods, the Renaissance and the Elizabethans, the Cavalier, Metaphysical, and Puritan periods, the Restoration and the Neoclassical periods. Students read and discuss the major authors of these periods, addressing relevant social, political, cultural, and religious issues. Students critically analyze in essays and research papers, representative works from the Colonial Period (1588-1765), the New Republic (1765-1829). In this class students read and discuss the authors of these periods, addressing relevant social, political, cultural, and religious issues. The students critically analyze in essays, exams, and research papers the authors, specific works, and other topics as assigned. Classroom activities include lectures and discussions of the principal authors and works. Selected representative readings are required. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN ENGL 14) (CAN ENGL SEQ C = ENGL 210 + 211).

211 American Literature II
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: English 101 with a grade of "C" or better, or equivalent, or Assessment Skill Levels W6 and R6; or English 105 with a grade of "C" or better, or equivalent. A survey of American Literature from the late 19th Century to the present which includes representative works from the Age of Realism (1865-1914), the Modernist Period (1914-1945), and the Postmodern Era (1950-present). In this class students read and discuss the authors of these periods, addressing relevant social, political, cultural, and religious issues. The students critically analyze in essays, exams, and research papers the authors, specific works, and other topics as assigned. Classroom activities include lectures and discussions of principal authors and their works. Selected representative readings are required. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN ENGL 16) (CAN ENGL SEQ C = ENGL 210 + 211).

215 English Literature I: 800-1799
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: English 101 with a grade of "C" or better, or equivalent, or Assessment Skill Levels W6 and R6; or English 105 with a grade of "C" or better, or equivalent. This course offers a survey of British literature from the Anglo-Saxon period to the pre-Romantic period (approximately 800 to 1799), including representative works from the Old and Middle English periods, the Renaissance and the Elizabethans, the Cavalier, Metaphysical, and Puritan periods, the Restoration and the Neoclassical periods. Students read and discuss the major authors of these periods, addressing relevant social, political, cultural, and religious issues. Students critically analyze, in essays and research papers,
ENGLISH (ENGL)

216 English Literature II: 1800-Present
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option

Prerequisite: English 101 with a grade of “C” or better, or equivalent, or Assessment Skill Levels W6 and R6; or English 105 with a grade of “C” or better, or equivalent. This course offers a survey of British literature from the Romantic period to the 20th century (approximately 1800 to the present) including representative works from the pre-Romantic and Romantic periods, the Victorian and later Victorian period, and the Modern period. Students read and discuss the major authors of these periods, addressing relevant social, political, cultural, and religious issues. Students critically analyze, in essays and research papers, authors, specific works, and other topics as assigned. This course satisfies requirements for the major in English as well as general education and humanities requirements. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN ENGL 8) (CAN ENGL SEQ B = ENGL 215 + 216).

220 Masterpieces of World Literature I: 1500 BCE - 1600 CE
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option

Prerequisite: English 101 with a grade of “C” or better, or equivalent, or Assessment Skill Levels W6 and R6; or English 105 with a grade of “C” or better, or equivalent. This course offers a survey of world literature in translation, from the ancient world through the European renaissance (approximately 1500 BCE - 1600 CE), including the established classic literature of the Near East, Greece and Rome, India, China, Japan, Africa, the Islamic world, and Europe. Students read and discuss a variety of authors from these regions, and address relevant social, religious, and cultural issues. Students critically analyze, in essays and research papers, specific authors, works, themes, and other topics as assigned. This course satisfies requirements for the major in English as well as general education and humanities requirements. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

221 Masterpieces of World Literature II: 1600 - Present
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option

Prerequisite: English 101 with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5. Advisory: English 101 with a grade of “C” or better, or equivalent, or Assessment Skill Levels W6 and R6; or English 105 with a grade of “C” or better, or equivalent. This course offers a survey of world literature in translation, from the close of the European renaissance through the present time, including the literature of Asia, Europe, North America, Central America, South America, Africa and the Islamic world. Students read and discuss a variety of authors from these regions, and address relevant social, religious, and cultural issues. Students critically analyze, in essays and papers, specific authors, works, themes, and other topics as assigned. This course satisfies requirements for the major in English as well as general education and humanities requirements. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

230 Asian American Literature
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option

Prerequisite: English 101 with a grade of “C” or better, or equivalent, or Assessment Skill Levels W6 and R6; or English 105 with a grade of “C” or better, or equivalent. This course is a survey of Asian American literature from the 1900’s to the present that includes representative works by early immigrants, as well as the writing of contemporary Asian American writers. Students read and discuss the authors and major works, while addressing relevant social, political, cultural, religious, and sociolinguistic issues. The students critically analyze these issues and other topics addressed in specific works in assigned essays and research papers. Selected representative readings are required. This course is designed for students transferring with a literature or history major as well as those with an interest in this field. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.
238 Evaluating Children’s Literature
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
Advisory: English 101 with a grade of "C" or better, or equivalent, or Assessment Skill Levels W6 and R6; or English 105 with a grade of "C" or better, or equivalent. This course is a survey of children’s literature from folktales to current works. The course compares works from a variety of authors, cultures, and historical periods while emphasizing current American works. Principles of literary criticism are applied in evaluating the themes, language, and structure of works studied. This class is suitable for students interested in literature as well as for students who are preparing to teach. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

240 Shakespeare
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: English 51 and English 56 each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
Advisory: English 101 with a grade of "C" or better, or equivalent, or Assessment Skill Levels W6 and R6; or English 105 with a grade of "C" or better, or equivalent. This course introduces students to William Shakespeare’s drama and poetry in a survey of his work, its historical and political context, and its influence on subsequent literature. Students study and analyze representative plays and poems from the perspectives of theme, character, structure, and language, addressing relevant social, political, cultural, and religious issues. Students critically analyze, in essays and other writing assignments, specific works, criticism from his contemporaries to the modern day, interpretations of his works on both stage and screen, and other topics as assigned. This course is designed for students majoring in English and other related majors as well as those with a general interest in the author or the period. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

245 Writing Creative Nonfiction
3 hours lecture, 3 units
Grade Only
Prerequisite: English 101 or English 105 with a grade of "C" or better, or equivalent, or Assessment Skill Levels R6 and W6.
Limitation on Enrollment: This course is not open to students with previous credit for English 246A and/or 246B. This is an intensive course in writing creative nonfiction. Exploration of the principles and methods of creative nonfiction are offered through lecture and the critical analysis of student and master works addressing personal, social, political, and/or cultural issues. Students submit original creative nonfiction for class discussion and learn to use the workshop format to further their work. Increased writing skills help students not only in preparing for such writing-related careers as publishing, journalism, communications, and education, but also in better understanding literature and learning to use language successfully, which is necessary in many professions. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: English (ENGL) 245, 249, 253 and 254 combined: maximum credit, six units.

247 Writing Seminar - Poetry
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: English 101 or English 105 with a grade of "C" or better, or equivalent, or Assessment Skill Levels R6 and W6.
This introductory course provides instruction in the study and creation of poetry. Students read and critique traditional, contemporary and multicultural poems that provide models for their original work. In addition, students create poetry which is discussed and analyzed by the class. Students learn to identify the basic elements and techniques of poetry, use invention strategies, understand different forms, analyze poems, examine published and unpublished poems as models for writing poetry, use constructive criticism, identify current poetic values, and explore potential markets for publishing poems. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

249 Introduction to Creative Writing
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: English 101 or English 105, with a grade of "C" or better, or equivalent, or Assessment Skill Levels R6 or W6.
Limitation on Enrollment: This course is not open to students with previous credit for English 249A and 249B. This is an introductory course in creative writing which focuses on the study of fiction and poetry. Students analyze technique in the works of professional writers.
and in their own original works. After submitting writing, students participate in informal discussion of their work, which includes helpful criticism from the class and the instructor. Increased writing skills help students prepare for careers in communication, education, writing, advertising, selling, journalism, law, business, and government. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN ENGL 6).

253 Fundamentals of Fiction Writing
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: English 101 or English 105, with a grade of "C" or better, or equivalent, or Assessment Skill Levels R6 or W6.
Limitation on Enrollment: This course is not open to students with previous credit for English 252A.
This is an intensive course in fiction-writing techniques. Students read and evaluate fiction using elements of fiction writing as well as contemporary issues. Students write original fiction and submit for class discussion and learn to use criticism offered by the instructor and peers. Critical thinking abilities are applied as students analyze student and master works addressing personal, social, political, and/or cultural issues. Increased writing skills help students who may be interested in a writing-related career, such as publishing, journalism, communications, and education, but also in better understanding literature, and learning to use language successfully.
(FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: English (ENGL) 245, 249, 253 and 254 combined: maximum credit, six units.

254 Intermediate Fiction Writing
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: English 253 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for English 252B.
This course provides instruction in writing fiction at the intermediate level. Students are expected to exhibit a deeper understanding of master work and to write fiction addressing personal, social, political, and/or cultural issues at a more sophisticated level by more fully developing the elements of fiction in their writing. Additionally, students are taught to be better able to articulate and to more readily accept and incorporate criticism. This course may be of interest to students with the goal of further improving creative writing

Environmental Design Studies
(See Architecture)
descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

**FASHION (FASH)**

**105 Introduction to Fashion**
3 hours lecture, 3 units
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
A survey of fashion career opportunities as well as requirements and qualifications for success in the fashion world. Exploration of all aspects of the fashion field including the manufacturing, designing, coordination, and retailing of fiber, fabric, leather, and fur products. Development of a fashion vocabulary and an awareness of the relationship of fashion trends to current economic and social factors relating to men’s, women’s, and children’s clothing. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**108 Analysis, Evaluation, and Comparison of Ready-to-Wear Fashion**
3 hours lecture, 3 units
Advisory: English 51 and English 56 and Mathematics 32, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5, R5, and M20; and Concurrent enrollment in Fashion 105.
This course provides an analysis of the quality of materials, design, and construction in ready-to-wear garments and accessories. This course includes comparisons of the processes involved in manufacturing and concepts of sizing. Principles of fit, as well as aids in buying and selling are also included. This course is required for Fashion Merchandising majors. The content is beneficial to marketing students interested in ready-to-wear and retail skills. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**110 Fashion Buying/Management**
3 hours lecture, 3 units
Advisory: English 51 and English 56 and Mathematics 32, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5, R5 and M20.
This course studies the principles of buying for resale in independent stores, department stores, and chain stores with centralized buying. It includes buying fashion merchandise staples, hard and soft merchandise lines. Topics covered are merchandise planning and selection, resource relations, legal trade regulations, pricing, merchandise management and control. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**112 Fashion Promotion**
3 hours lecture, 3 units
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
Principles of fashion promoting and coordinating fashion, functions of the fashion coordinator, and techniques and procedures for presenting fashion. Students will observe and participate in an area of the fashion industry. Emphasis is on the study of the function of fashion coordinators and directors in retail and wholesale fields. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**115 Visual Merchandising**
3 hours lecture, 3 units
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
Techniques of coordinating fashion merchandise and applying the principles and elements of design to sell merchandise and fashion ideas in visual displays. Career opportunities in visual presentation will be explored. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**120 Fashion History and Trends**
3 hours lecture, 3 units
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
A survey of the evolution of clothing styles throughout history from the Egyptian period to the present, with emphasis on the relation of recurring style trends to contemporary fashion. Students will design contemporary garments based on historic styles. Associate Degree Credit & transfer to CSU and/or private colleges and universities.
121 Ethnic Costume: History and Design
1 hour lecture, 1 unit
Grade Only
Advisory: Fashion 120 and Fashion 171, each with a grade of “C” or better, or equivalent.
In Ethnic Costume: History and Design, students study world costume, its history and evolution. Students learn how costume is influenced by a country's geography, history and culture. Included in the course is a study of costume silhouette, design, construction and embellishment. Traditional and online research and garment design by computer are incorporated into the course. This course is appropriate for fashion design majors and any student interested in ethnic costume. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

125 Fashion Selection
3 hours lecture, 3 units
Grade Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course covers analysis of fashion and individual characteristics related to selecting and recommending appropriate clothing for occupational and individual needs. Associate Degree Credit & transfer to CSU and/or private colleges and universities. (CAN FCS 20).

130 Apparel Construction I
3 hours lecture, 3 units
Grade Only
Advisory: English 51 and English 56 and Mathematics 32, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5, R5, and M20; and concurrent enrollment in Fashion 199A.
In this course students learn to construct garments, operate and maintain sewing equipment and analyze simple fitting problems. Domestic and trade methods of apparel construction are used. This is a required class for all fashion design majors and students interested in fitting and constructing clothing. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

135 Tailoring
3 hours lecture, 3 units
Grade Only
Advisory: English 51 and English 56 and Mathematics 32, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5, R5 and M20; Fashion 130 with a grade of “C” or better, or equivalent.
The focus of this course is the presentation of various techniques of tailoring and fitting a coat or jacket utilizing a commercial pattern. This is a recommended course for all fashion design majors and is open to any student interest in expanding intermediate sewing skills. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

140 Clothing Design and Flat Pattern I
3 hours lecture, 3 units
Grade Only
Advisory: English 51 and English 56 and Mathematics 32, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5, R5, and M20; Fashion 130 with a grade of “C” or better, or equivalent.
In this course students learn to make patterns by manipulation of a basic sloper to create a variety of designs. This is a required class for all fashion design majors and students interested in creating original clothing designs. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

141 Clothing Design and Flat Pattern II
3 hours lecture, 3 units
Grade Only
Advisory: English 51 and English 56 and Mathematics 32, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5, R5, and M20; and Fashion 140 with a grade of “C” or better, or equivalent.
This course continues the study of principles of design and the application of those techniques in developing and constructing original garments. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

142 Fashion Sketching
3 hours lecture, 3 units
Grade Only
Advisory: English 43 and English 42 and Mathematics 32, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W4 and R4 and M20.
In this course the student learns fashion illustration techniques for drawing design sketches, production technical flats and theme presentation boards. The student learns how to draw and use the basic figure (croquis) and to draw garment shapes and original designs. Exposure to various media enhances personal style and expression. This course is required for fashion design majors. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.
145 Clothing Design Through Draping

3 hours lecture, 3 units
Grade Only

Corequisite: Fashion 199B.
Advisory: English 51 and English 56 and Mathematics 32, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5, R5 and M20; and Fashion 130 with a grade of “C” or better, or equivalent.
In this course, students study the terminology and basic techniques of fabric draping. Students drape and fit fabrics on a three-dimensional form, design patterns and construct original garments from these patterns. This is a required course for all fashion design majors and is open to any student interested in expanding design skills. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

150 Clothing Design — Advanced

3 hours lecture, 3 units
Grade Only

Advisory: English 51 and English 56 and Mathematics 32, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5, R5 and M20; and Fashion 140 with a grade of “C” or better, or equivalent.
This course covers advanced principles of creating and producing original garments related to specific customers. This course emphasizes development of a line of original garments for presentation to industry to promote a professional career in design. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

155 Fashion Field Studies

3-12 hours lab, 1-4 units
Grade Only

Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
The student will be introduced to a wide variety of fashion merchandising and design businesses in San Diego and Los Angeles, alternating field trip outings with in-class sessions. The student will have the opportunity to explore possible areas of employment interest in the fashion industry. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

160 Millinery I

1 hour lecture, 1 unit
Grade Only

Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
Limitation on Enrollment: This course is not open to students with credit for Fashion 265: Beginning Millinery.
This course covers the basic principles of designing and constructing hats. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

161 Millinery II

1 hour lecture, 1 unit
Grade Only

Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
Limitation on Enrollment: This course is not open to students with credit for Fashion 265: Intermediate Millinery.
This course covers the intermediate principles of designing and constructing a hat. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

162 Millinery III

1 hour lecture, 1 unit
Grade Only

Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
Limitation on Enrollment: This course is not open to students with credit for Fashion 265: Advanced Millinery.
This course covers the advanced principles of designing and constructing a hat. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

170 Textile Design

1 hour lecture, 1 unit
Grade Only

Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
Limitation on Enrollment: This course is not open to students with credit for Fashion 265: Textile Design.
This course covers the principles of developing pattern designs for textiles and decorative arts. The student will learn to create color rendering of repeat patterns usable in the textile industry. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

171 Computer Flat Pattern Design

3 hours lecture, 3 units
Grade Only

Advisory: Fashion 140 with a grade of “C” or better, or equivalent is strongly recommended.
In this course, students learn how to draft apparel patterns through the use of CAD software. They adapt hand pattern drafting techniques to the computer by building a basic sloper and applying pattern manipulations in order to create fashion patterns. Students work with a variety of pattern design software. They evaluate the functions and suitability of each program to apparel manufacturers and small business operations. (FT) Associate Degree Credit only and not Transferable.

172 Computer Flat Pattern Design II  
3 hours lecture, 3 units  
Grade Only  
Advisory: Fashion 140 with a grade of “C” or better, or equivalent is strongly recommended.  
In Computer Flat Pattern Design II, students learn how to draft apparel patterns through the use of Industrial Pattern Making software. They utilize hand drafting experience to develop computer drafting skills necessary to create patterns suitable for apparel production. Digitizing and plotting equipment is used in the process of design. Grading for multiple sizes is covered. (FT) Associate Degree Credit only and not Transferable.

173 Fashion Marketing on the Internet  
1 hour lecture, 1 unit  
Grade Only  
Advisory: Fashion 105 and 178, each with a grade of “C” or better, or equivalent.  
In this course, students research the Internet to determine how a fashion business is marketed in various forms through web pages, mail lists, user groups and FTP sites. Students develop a marketing plan and web site structure for a fashion-oriented business and create a simple web site that effectively markets a fashion or design product. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

175 Computer Fashion Design I: Adobe Photoshop  
2 hours lecture, 3 hours lab, 3 units  
Grade Only  
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.  
In this class, students draw and design apparel garments and fashion illustrations by computer utilizing Adobe Photoshop. They learn computer graphic techniques that aid them in fashion design, fabric development and rendering, and garment merchandising. In addition, they build digital presentations and how to utilize a variety of digital imagery sources as aids to the design process. This course is designed for students majoring in the field, and for anyone with a general interest in design and computer graphics. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

176 Computer Fashion Design II: Adobe Illustrator  
2 hours lecture, 3 hours lab, 3 units  
Grade Only  
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.  
In this course, students use Adobe Illustrator software (a vector-based program) to design fashion drawings and technical drawings pertaining to fashion. Computer techniques involving object-oriented design, include fashion figure and flat garment drawing, fabric design/rendering and technical drawing. In addition, students integrate Image Processing and Presentation software, scanners and other peripheral equipment with Illustrator. This course is designed for students majoring in the field, and for anyone with a general interest in design and computer graphics. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

178 Computer Publishing and Portfolio  
2 hours lecture, 3 hours lab, 3 units  
Grade Only  
In this course, students learn how to use Illustration and Desktop Publishing software to create brochures, flyers, newsletters, business materials, and other published documents related to marketing and promotion. In addition, students learn how to prepare and present a professional portfolio using the computer as an aid. This course would benefit any student in a design field. (FT) Associate Degree Credit and not Transferable.

190 Fashion Entrepreneurship  
3 hours lecture, 3 units  
Grade Only  
Advisory: English 51 and English 56 and Mathematics 32, each with a grade of “C” or better, or equivalent, or Assessment Skill Level W5, R5 and M20.  
Principles and applications associated with starting a fashion-related business. Associate Degree Credit & transfer to CSU and/or private colleges and universities.
199A Fashion Laboratory A
3 hours lab, 1 unit
Grade Only
Advisory: Concurrent enrollment in Fashion 130.
Limitation on Enrollment: This course is not open to students with maximum credit for Fashion 199.
This course provides hands-on experience using and maintaining apparel construction equipment. It also provides the opportunity for the student to practice the basic techniques presented in the lecture class. The laboratory sessions provide assistance where needed to those students working on basic apparel construction projects. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

199B Fashion Laboratory B
3 hours lab, 1 unit
Grade Only
Advisory: Concurrent enrollment in Fashion 145.
Limitation on Enrollment: This course is not open to students with maximum credit for Fashion 199.
This course provides hands-on experience using and maintaining industry dress forms. The laboratory sessions provide students the opportunity to drape their three dimensional design assignments and course projects on an industry dress form. The laboratory also provides assistance where needed to those students working on projects for their concurrent Clothing Design through Draping course. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

270 Work Experience
Hours by Arrangement, 1-4 units
Grade Only
Limitation on Enrollment: To receive credit a student must complete a minimum of seven units during the semester, including work experience.
Program of on-the-job learning experiences for students employed in a job related to their major. The combined maximum credit for all work experience courses from all disciplines may not exceed 16 units. Associate Degree Credit & transfer to CSU and/or private colleges and universities.
This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

100 Filipino American Experience
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course introduces students to sociological overviews of Filipino Americans. Students analyze current Filipino American perspectives by discussing the history of the Philippines, factors contributing to immigration to the United States, and aspects of the integration experiences that may be unique to Filipino Americans. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

101 First Course in French
5 hours lecture, 5 units
Letter Grade or Credit/No Credit Option
Prerequisite: French 101 or two years of high school French, with a grade of “C” or better, or equivalent.

102 Second Course in French
5 hours lecture, 5 units
Letter Grade or Credit/No Credit Option
Prerequisite: French 101 or two years of high school French, with a grade of “C” or better, or equivalent.
This course is a continuation of French 101 and is intended for students interested in further study of the French language and cultures of the French-speaking world. In this interactive course, students use listening, reading, speaking and writing at a more complex level than in the first course. The students further develop their receptive and productive competencies to the low or mid-intermediate level. Additional language structures and vocabulary for communication are examined and explored in French. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN FREN 4) (CAN FREN SEQ A = FREN 101 + 102).

201 Third Course In French
5 hours lecture, 5 units
Letter Grade or Credit/No Credit Option
Prerequisite: French 102 or three years of high school French with a grade of "C" or better, or equivalent. This is an intermediate course in French. Language structures and vocabulary for communication are examined and explored through speaking, listening, reading and writing at the intermediate level. Students explore in more depth than in previous courses the history and the culture of the French-speaking world. This course is appropriate for students preparing for a major in French as well as for those who wish to continue their studies of the French language and culture. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN FREN 8) (CAN FREN SEQ B = FREN 201 + 202).

202 Fourth Course in French
5 hours lecture, 5 units
Letter Grade or Credit/No Credit Option
Prerequisite: French 201, or four years of high school French, with a grade of "C" or better, or equivalent. This is an advanced-intermediate course and is the fourth course in the French language sequence. In this interactive course, language structures and vocabulary for communication are examined and studied through speaking, listening, reading and writing at the high-intermediate level. Students continue to explore the history and the culture of the French-speaking world. Readings of literary and culturally relevant authentic materials are examined in depth. This course is designed for students preparing for a major in French as well as for those who have a strong interest in the French language and culture. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN FREN 10) (CAN FREN SEQ B = FREN 201 + 202).

210 The Grammar of Spoken French I
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: French 102 with a grade of "C" or better, or equivalent, or successful completion of three years of high school French.
Advisory: Concurrent enrollment in French 201.
This course further develops oral comprehension and fluency as well as written communication at a mid-intermediate level in French through culturally relevant materials. Students develop spoken and written vocabulary, dramatize everyday topics of conversation, interpret and describe materials, and compare and contrast the cultures of the French speaking world with U.S. culture both orally and in writing. Writing strategies are emphasized and literature is introduced. This course is intended for students who want to enhance their skills in the French language. Students who intend to major or minor in French are advised to take French 210 concurrently with French 201, if possible. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

211 The Grammar of Spoken French II
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: French 210 with a grade of "C" or better, or equivalent.
This course develops oral comprehension and fluency as well as written proficiency in French at an advanced-intermediate level through reading, analyzing, discussing, and reporting on culturally relevant materials. Students develop oral and reading vocabulary skills, study the cultures of the French-speaking world, and further develop the reading strategies introduced in French 210 through reading literature. This course is intended for students who want to further enhance their skills in the French language. Students who plan to major or minor in French are advised to take French 211 concurrently with French 202. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.
Garden Design  
(See Architecture)
Students arrange for faculty and department chair approval prior to enrolling in Work Experience. Students are supervised by a college faculty member while participating in a short-term work experience/internship program in a business or government agency that uses GIS. Work Experience students meet periodically with their assigned faculty member, complete interim reports, and present a final report. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

### GEOGRAPHY (GEOG)

#### 101 Physical Geography

**3 hours lecture, 3 units**  
**Letter Grade or Credit/No Credit Option**  
**Advisory:** English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.

This course examines the major world patterns of the physical environment. The course covers the fundamental information and processes dealing with the earth's landforms, atmosphere, natural vegetation, water, and soils, along with the appropriate use of maps and charts. This course is of interest to anyone seeking an understanding of the earth's physical processes and mechanisms. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN GEOG 2), (CAN GEOG 6, when taken with GEOG 101L).

#### 101L Physical Geography Laboratory

**3 hours lab, 1 unit**  
**Grade Only**  
**Corequisite:** Completion of or concurrent enrollment in Geography 101 with a grade of "C" or better, or equivalent.

**Advisory:** English 51 and English 56 and Math 32, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5, R5 and M20.

This course requires practical observations and applications of the geographic grid, atlases and topographic maps, weather and climate, natural vegetation and soils, and landforms. Exercises are designed to supplement Physical Geography 101. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN GEOG 6, when taken with GEOG 101).

#### 102 Cultural Geography

**3 hours lecture, 3 units**  
**Letter Grade or Credit/No Credit Option**  
**Advisory:** English 101 with a grade of "C" or better, or equivalent, or Assessment Skill Levels W6 and R6; or English 105 with a grade of "C" or better, or equivalent.

This course is an introduction to thematic cultural geography. The elements covered include population, race, language, religion, settlement patterns, political organization, economic activities, industry, and the regional distribution of these elements. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN GEOG 4).

#### 104 World Regional Geography

**3 hours lecture, 3 units**  
**Letter Grade or Credit/No Credit Option**  
**Advisory:** English 101 with a grade of "C" or better, or equivalent, or Assessment Skill Levels W6 and R6; or English 105 with a grade of "C" or better, or equivalent.

This course provides a critical survey of the physical, political, and economic characteristics of the major geographical regions of the world. The regions examined are Europe, North America, Latin American, Africa, Asia, Australia, and the Pacific Rim. Analysis of concepts such as spatial distribution of particular phenomena, factors that change regions, and human and environment interactions are explored. This course is designed to serve as an elective in the social sciences as part of a general education requirement for transfer students. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

#### 154 Introduction to Urban Geography

**3 hours lecture, 3 units**  
**Letter Grade or Credit/No Credit Option**  
**Advisory:** English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.

This course examines the evolution, function and form of world cities, with an emphasis on American cities and their problems. The social, economic, and technical forces that shaped the internal structure of cities are examined, together with future urban alternatives. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.
290 Independent Study
   Hours by Arrangement, 1-3 units
   Letter Grade or Credit/No Credit Option
   Limitation on Enrollment: Must obtain an Add Code from instructor for registration.
   For students who wish to study special problems. This course may be taken four times with different content for a maximum of six units. Associate Degree Credit & transfer to CSU and/or private colleges and universities.
   This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

100 General Geology
   3 hours lecture, 3 units
   Letter Grade or Credit/No Credit Option
   Advisory: English 56 with a grade of "C" or better, or equivalent, or Assessment Skill Level R5.
   This course investigates the physical characteristics of the earth as a whole, and the past, present, and future evolutionary processes affecting it. Primary topics include earth materials, geologic time, uniformitarianism, the fossil record, and plate tectonics. The course is designed for those students with a general interest in geology or earth science. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List (CAN GEOL 6) (CAN GEOL 2, when taken with GEOL 101).

101 General Geology Laboratory
   3 hours lab, 1 unit
   Letter Grade or Credit/No Credit Option
   Corequisite: Completion of or concurrent enrollment in Geology 100 with a grade of "C" or better, or equivalent.
   Advisory: English 56 with a grade of "C" or better, or equivalent, or Assessment Skill Level R5.
   This laboratory course covers mineral and rock identification, landforms, topographic/geologic map interpretation, and geologic structures. The course is designed to supplement Geology 100 with laboratory experience. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List (CAN GEOL 6) (CAN GEOL 2, when taken with GEOL 101).

104 Earth Science
   3 hours lecture, 3 units
   Letter Grade or Credit/No Credit Option
   Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
   This course investigates Earth’s major physical systems, including the lithosphere, hydrosphere, and atmosphere, as well as Earth’s place in the solar system. As such, this course provides a brief synthesis of pertinent topics in geology, physical geography, oceanography, meteorology, and astronomy. It is intended for those with a general interest in the Earth sciences and those wishing to satisfy requirements for a California Multiple Subject Teaching Credential. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.
   This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

101 First Course in German
   5 hours lecture, 5 units
   Letter Grade or Credit/No Credit Option
   Advisory: English 56 with a grade of “C” or better, or equivalent, or Assessment Skill Level R5.
   Limitation on Enrollment: This course is not open to students with previous credit for German 100.
   This is an introductory course designed to teach students to understand, speak, read and write German, and become familiar with recent German culture and history. Emphasis is placed on learning the fundamentals of grammar, speaking in simple sentences using correct pronunciation, responding to questions regarding everyday life, and reading short selections about everyday activities. Fundamentals of oral and written grammar and a correct reading of simple German are practiced. This course is appropriate for students who are preparing to major in German as well as those who are interested in developing proficiency in the language. (FT) Associate Degree Credit & transfer to
HEALTH EDUCATION (HEAL)

102 Second Course in German
5 hours lecture, 5 units
Letter Grade or Credit/No Credit Option
Prerequisite: German 101 with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for German 100.
This course is a continuation of German 101 and is designed to teach students to speak, read and write German at a low-intermediate level and enhance students’ familiarity with recent German culture and history. Emphasis is placed on improving students’ knowledge of fundamental grammar, reading more complex texts and speaking with moderate proficiency. This course is appropriate for students who plan to major in German as well as for those who are interested in developing proficiency with the language.
(FT) Associate Degree Credit and transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN GERM 4) (CAN GERM SEQ A = GERM 101 + 102).

201 Third Course in German
5 hours lecture, 5 units
Letter Grade or Credit/No Credit Option
Prerequisite: German 102 with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with credit for German 200.
This course is a continuation of the basic fundamentals of German pronunciation, grammar, composition and reading covered in German 102. Emphasis is placed on further developing listening, speaking, reading and writing skills through course content based on everyday life as well as German history and culture at the advanced-beginning level. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN GERM 8).
This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

131 First Aid
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
This course satisfies the requirements of the American Red Cross and trains individuals who respond in emergency situations with the knowledge and skills necessary to help sustain life, reduce pain, and minimize the consequences of injury or sudden illness until more advanced medical help arrives. Students who successfully complete the course receive the following American Red Cross Certification: Emergency Response certification is valid for three years and CPR for the Professional Rescuer certification is valid for one year. Emergency Response certification is consistent with the U.S. Department of Transportation First Responder curriculum and exceeds the requirement of the California Health and Safety Code (Title 22). This course may be repeated as needed to update certification and skills. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN KINE/PE 8).

190 Health Education For Teachers
1 hour lecture, 1 unit
Grade Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course overviews health-related issues and problems in the kindergarten through 12th grade. Topic areas include behavior modification, stress symptoms and management, physical activity, nutrition, cardiovascular disease, pregnancy and sexually transmitted diseases, illicit substance abuse, alcohol and nicotine use and misuse, violence and gang issues, school and home safety issues. This course satisfies the State of California Health Education requirement for the K-12 Teaching Credential. Associate Degree Credit & transfer to CSU and/or private colleges and universities. This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

HEALTH INFORMATION TECHNOLOGY (HEIT)

105 Introduction to Health Information
2 hours lecture, 3 hours lab, 3 units
Grade Only

This course is an introduction to the: American healthcare delivery system and health care professions, health information department functions, ethical and legal issues in health information technology, healthcare reimbursement, quality management, performance improvement, and healthcare information systems. This course is useful for those considering a career in health information and is a required course for students in the Health Information Technology program. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

125 Basic Pharmacology for Allied Health
2 hours lecture, 2 units
Grade Only

Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Level W5 and R5.

This introductory course includes the purpose and use of Current Procedural Terminology (CPT) coding. The course covers the CPT Manual format, code format, and coding steps used to code from the six divisions of CPT: Evaluation & Management, Anesthesia, Surgery, Radiology, Pathology & Laboratory, and Medicine. In addition the course includes national and category III codes. It also includes an overview of reimbursement issues involving physician and hospital payment for outpatient services. This is a required course for Health Information Technology students, and is available to employees in health information departments and doctors' offices. (FT) Associate Degree Credit and transfer to CSU and/or private colleges and universities.

155A ICD-9-CM Coding I
3 hours lecture, 3 hours lab, 4 units
Grade Only

Prerequisite: Medical Assisting 105 and 110, each with a grade of “C” or better, or equivalent.

This is an introductory course in the International Classification of Disease (ICD) coding system. It includes the basic coding guidelines applicable to coding signs and symptoms, diseases, disorders, and procedures as well as coding ethics. The student codes using both the code books and computer software program. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

155B ICD-9-CM Coding II
3 hours lecture, 3 hours lab, 4 units
Grade Only

Prerequisite: Health Information Technology 155A with a grade of “C” or better, or equivalent.

This course is a continuation of Health Information Technology 155A with an emphasis on advanced principles of ICD-9-CM coding of conditions, diseases, and procedures. Students code using both code books and computer software. This course includes coding, indexing, retrieval, and abstracting of patient data, along with instruction on how codes generate DRG’s and how case mix is derived. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

2 hours lecture, 3 hours lab, 3 units
Grade Only
156 Hospital and Health Statistics  
2 hours lecture, 3 hours lab, 3 units  
Grade Only  

Limitation on Enrollment: This course is not open to students with credit for Medical Record Technology 156. This course provides instruction in the basic principles of data collection and calculation of hospital and non-acute facility health statistics. Calculation of Health Information Management Department statistics is included. In addition, the course covers the calculation of specific vital statistics as well as discharge analysis reporting. There is instruction in the preparation of monthly and annual medical, administrative, and outside agency reports utilizing tables and graphs. Practice in the interpretation of statistical reports is also provided. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

260 Principles of Supervision and Administration  
3 hours lecture, 3 units  
Grade Only  

This course introduces the basic concepts of personnel supervision including role transition, recruitment, training, performance standards, discipline, and performance evaluation. Other topics include writing job descriptions and policy and procedure manuals. Budget management, department layout/design, meetings management, stress and time management are also included. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

205 Health Law, Accreditation and Licensing Standards  
3 hours lecture, 3 units  
Grade Only  

Advisory: Health Information Technology 105 with a grade of "C" or better, or equivalent. This course covers the legal aspects of health information management including the American legal system and causes of medical malpractice. State, federal and other agency rules regarding record access, retention, release of information, processing subpoenas, and confidentiality are also included. Accreditation, licensing, and certification requirements for acute as well as non-acute health care facilities are included. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

258 Quality Assessment, Utilization Review & Risk Management  
3 hours lecture, 3 units  
Grade Only  

This course introduces the concepts of quality assessment (QA), utilization review (UR), and risk management (RM) in health care. Topics included are purpose, philosophy, historical development, analysis techniques, and program development strategies. Quality assessment activities in medical staff appointment/reappointment are covered. Additional topics include physician confidentiality issues and key concepts in continuous quality improvement (CQI). (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

261 Directed Clinical Practice A  
Hours by Arrangement, 2 units  
Grade Only  

Prerequisite: Health Information Technology 105 and Medical Assistant 110, each with a grade of "C" or better, or equivalent. This course provides actual professional practice for the Health Information Technology student in a health information services department in selected acute care health care facilities affiliated with the college. Students are given experience in entry level clerical skills performed in the department, such as the following: patient admitting and discharge procedures and release of information. The student is given a detailed orientation of the facility dictation and transcription systems. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

262 Directed Clinical Practice B  
Hours by Arrangement, 2 units  
Grade Only  

Prerequisite: Health Information Technology 155B with a grade of "C" or better, or equivalent. This course provides actual professional practice in acute care, long term care, and behavioral health facilities in health information departments. These selected facilities are affiliated with the college. The Health Information Technology student is given experience in areas such as: coding and abstracting, data collection for statistical reports, personnel supervision, and department budget management, quality assessment, computer applications, and other activities as appropriate. Associate Degree Credit & transfer to CSU and/or private colleges and universities.
290 Independent Study
Hours by Arrangement, 1-3 units
Grade Only

Limitation on Enrollment: Must obtain an Add Code from instructor for registration.

Provides for additional research, academic or clinical experiences for students with special interests. The course consists of individualized research problems, conferences with the instructor at prearranged intervals and a final written report on the work completed. This course may be taken four times with different content for a maximum of six units. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

100 World History I
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option

Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.

This course examines the growth of civilizations and the inter relationships of peoples of Europe, Asia, Africa and America from the birth of civilization to 1650. Topics in social, intellectual, economic, and political history are covered. This course is of interest to history majors as well as anyone seeking a global historical perspective. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN HIST 14) (CAN HIST SEQ A = HIST 100 + 101).

101 World History II
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option

Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.

This course examines the comparative history of the world’s civilizations in Africa, the Americas, Asia, and Europe from the dawn of the modern era (1600) to the present. Topics in social, intellectual, economic, and political history are covered. This course is of interest to history majors as well as anyone seeking a global historical perspective. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN HIST 2) (CAN HIST, SEQ A = HIST 105 + 106).

105 Introduction to Western Civilization I
3 hours lecture, 3 units
Grade Only

Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.

This course is an historical survey of Western Civilization from the early human communities through early modernism. The course is designed to further students’ general education by introducing the ideas, attitudes, and institutions basic to Western Civilization. It may be of interest to history majors as well as any student seeking a broad historical perspective. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN HIST 4) (CAN HIST SEQ A = HIST 105 + 106).

106 Introduction to Western Civilization II
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option

Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels R5 and W5.

This course is an historical survey of Western Civilization from early modernism to the present. The course is designed to further students’ general education by introducing the ideas, attitudes, and institutions basic to Western Civilization. It may be of interest to history majors as well as any student seeking a broad historical perspective. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN HIST 2) (CAN HIST, SEQ A = HIST 105 + 106).

109 History of the United States I
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option

Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.

Limitation on Enrollment: This course is not open to students with previous credit for Black Studies 112A, 140A or History 110A.

This course, which covers the history of the United States from its colonial origins through the period of Reconstruction, provides an overview of the diverse peoples who interacted, settled, and influenced the
history of the nation and its developing economic, social, and political institutions. The course requires students to analyze a variety of materials, think critically, and write thesis-based essays. The course is required for history majors and is recommended for transfer students. History 109 taken in conjunction with History 110, 115B, 123, 142, 151; Black Studies 140B; Chicano Studies 141B; or Political Science 102 satisfies the District and CSU American Institutions/California Government requirements. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: History (HIST) 109, 110 combined with 150, 151, Black Studies 140A, 140B, or Chicano Studies 141A, 141B: maximum credit, one series. (CAN HIST 8) (CAN HIST SEQ B = HIST 109 + 110).

110 History of the United States II
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.

This course provides a framework for interpreting the history of the United States from Reconstruction to the present, provides an overview of the diverse peoples who influenced the history of the nation and its maturing economic, social, and political institutions. The course requires students to analyze a variety of source materials, think critically, and write thesis-based essays. The course is required for history majors and is recommended for transfer students. History 110 taken in conjunction with History 109, 115A, 141, 150; Black Studies 140B; Chicano Studies 141B; or Political Science 102 satisfies the District and CSU American Institutions/California Government requirements. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: History (HIST) 109, 110 combined with 150, 151, Black Studies 140A, 140B, or Chicano Studies 141A, 141B: maximum credit, one series. (CAN HIST 8) (CAN HIST SEQ B = HIST 109 + 110).

115A History of the Americas I
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.

This course provides a framework for interpreting the history of the Americas, from 1500 through 1800. This survey examines how diverse peoples migrated or were transported to perform labor among indigenous peoples of varying levels of social organization and technological sophistication. The course includes treatment of how these peoples interacted and reciprocally influenced each others' cultural forms, political institutions, social relations, and economics. Emphasizing the comparative history of these societies, the course traces the eventual emergence of independence movements setting the stage for establishment of autonomous nation states. The course also traces the simultaneous development and evolution of capitalism in the Western Hemisphere during the period. This course requires students to analyze a variety of source materials, think critically, and write thesis-based essays. This general education course is designed for both history majors and the general transfer student. History 115A taken in conjunction with History 115B, 110, 123, 142, 151; Black Studies 140B; Chicano Studies 141B; or Political Science 102 satisfies the District and CSU American Institutions/California Government requirements. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

115B History of the Americas II
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with grade of "C" or better or equivalent, or Assessment Skill levels W5 and R5.

This course provides a framework for interpreting the history of the Americas, from the 19th century into the 21st century. This survey examines the independence movements and the development of autonomous nation states throughout the Americas. Emphasizing the comparative history of these societies, the course traces Roman Catholic Church-state relations, the constitutional history of Latin American nations in relation to California, the United States, and Canada, including 20th century constitutional reforms. The course also outlines economic shifts, involving the expansion of agricultural commodity production, global commerce, and industrialization. Finally, the course highlights international relations among nations in the
Western Hemisphere, the cold War, and the impact of modernization theory. This general education course is designed for both history majors and the general transfer student. History 115B taken in conjunction with History 115A, 109, 141, 150; Black Studies 140A; or Chicano Studies 141A satisfies the District and CSU American Institutions/California Government requirements. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

120 Introduction to Asian Civilizations

3 hours lecture, 3 units
Grade Only
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course examines the social, cultural, and political evolution of distinct civilizations in East, South, and Southeast Asia from prehistory to the end of the 16th century. Emphasis is placed on topics such as the development of indigenous religions/philosophies, the rise and decline of regional kingdoms/dynasties, cultural achievements, and gender roles. This course is intended for transfer students planning to major in history, business, or other social science. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

121 Asian Civilizations in Modern Times

3 hours lecture, 3 units
Grade Only
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course examines the evolution of the distinct cultures, thought, and institutions in East, South, and Southeast Asia from the sixteenth century to the present through critical investigations into the impact of modernization on the political, social, economic, and cultural dimensions of these societies. Emphasis is placed on topics such as the first encounters with Western powers, the evolution of Western imperialism, the rise of nationalist movements and independent nation states, and their evolution and progress to the present. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

123 U.S. History from the Asian Pacific American Perspective

3 hours lecture, 3 units
Grade Only
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
Limitation on Enrollment: This course is not open to students with previous credit in Black Studies 112 or 140 or History 110 and 110B.
This course is a review of Asian Pacific Americans in the social, political, economic and cultural development of the United States from Reconstruction to the present. The emphasis is on the Chinese, Japanese, Korean, Filipino, Vietnamese, Cambodian, Lao, Hmong, and Hawaiian experiences. This course presents American history as it relates to the experience of Asian immigrants and Asian Pacific Americans. History 123 taken in conjunction with History 109, 115A, 141, 150; Black Studies 140A; or Chicano Studies 141A satisfies the District and CSU American Institutions/California Government requirements. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

125 History of England and the Commonwealth I

3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
A survey of the cultural, economic, and political growth of England from the earliest times to the eve of the American Revolution. The origin of Anglo-American liberties, the common law, and constitutional government are traced. England's emergence to a central position in a world empire is developed. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

126 History of England and the Commonwealth II

3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
England's leadership during the Napoleonic Wars is traced, followed by the significance of England in the Industrial Revolution. England's influence on world politics during the Victorian era is followed by a
consideration of the British Empire in the twentieth century. Emphasis is placed on the development of the Commonwealth, the common interests and aspirations of the English-speaking countries, and the spread of the Anglo-American heritage of individual freedoms under the law. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

130 The Middle East Today
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course will develop an understanding of the contemporary Middle Eastern culture by tracing their origins in the religious, social, and political history of the area. Covers the forces of the intrusion of Western thought, the breakdown of traditional values, evolving political patterns, and the problems of communication between Easterner and Westerner. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

131 Latin America Before Independence
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course is designed for anyone gaining an understanding of Latin American and Caribbean history, 1492-1810. It opens with a discussion of the pre-encounter world, placing special emphasis on those aspects of Iberian, African and Indian life that helped shape colonization. During the semester, lectures delve into social-economic relations, the Crown and Church as shareholders in state power, and resistance to colonization and slavery. Throughout the course, references are made to Latin America's and the Caribbean's roles in the emergence of a modern, global social-economic system. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

132 Latin America Since Independence
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course is designed for anyone seeking to gain an understanding of Latin American History since 1810. The course emphasizes social, political, economic, and cultural factors as students examine independent Latin America's early conservatism, the triumph of liberalism between 1870 and 1930, the rise of nationalism and populism after 1930, and then the new liberalism of the late twentieth century. Lectures and discussions include issues pertinent to Latin America's past and present such as modernization, race and gender relations, social movements, and revolutions. Throughout the course, modern Latin American history is placed in the context of global economic, ideological, and cultural trends. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

141 Women in United States History I
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course, which covers the history of the United States from its colonial origins through the period of Reconstruction, provides a special emphasis on the history and role of women, who in their diverse contributions influenced the history of the nation and its developing economic, social, and political institutions. The course requires students to analyze a variety of materials, think critically, and write thesis-based essays. This course may be of interest to students interested in Women's Studies. History 141 taken in conjunction with History 142, 110, 115B, 123, 151; Black Studies 140B; Chicano Studies 141B; or Political Science 102 satisfies the District and CSU American Institutions/California Governments requirements. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

142 Women in United States History II
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course, which covers the history of the United States from Reconstruction to the present, provides an overview of the diverse peoples who influenced the history of the nation and its maturing economic, social and political institutions, with a special emphasis on the history and role of women. This course requires students to analyze a variety of materials, think critically, and write thesis-based essays. This course may be of interest to students interested in Women's
Studies. History 142 taken in conjunction with History 141, 109, 115A, 150; Black Studies 140A; or Chicano Studies 141A satisfies the District and CSU American Institutions/California Government requirements. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

150 Native Americans in United States History
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course covers the history of the United States from the Pre-contact Colonial Period to the mid-nineteenth century, with an emphasis on the history of Native American Indians, the development of United States Indian policy, and the interaction of divergent cultures. This course requires students to analyze a variety of materials, think critically, and develop thesis-based essays. History 150 taken in conjunction with History 151, 110, 115B, 123, 142; Black Studies 140B; Chicano Studies 141B; or Political Science 102 satisfies the District and CSU American Institutions/California Governments requirements. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: History (HIST) 109, 110 combined with History (HIST) 150, 151, Black Studies (BLAS) 140A, 140B or Chicano Studies (CHIC) 141A, 141B combined: maximum credit, one series.

151 Native Americans in United States History
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course covers the history of the United States from the Civil War to the present, with an emphasis on the history of Native American Indians, changing United States Indian policy, and the interaction of divergent cultures. This course requires students to analyze a variety of materials, think critically, and develop thesis-based essays. History 151 taken in conjunction with History 150, 109, 115A, 141, BLAS 140A, or CHIC 141A, satisfies the District and CSU graduation requirements in United States History, Constitution, and American Institutions, and the requirement in California state and local government. This course also fulfills the District's multicultural requirement. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: History (HIST) 109, 110 or History (HIST) 150, 151 or Black Studies (BLAS) 140A, 140B or Chicano Studies (CHIC) 141A, 141B combined: maximum credit, one series.

154 Ancient Egypt
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
This general education course provides a study of the geography, history, life, society, religion, art, archaeology, language, architecture, literature, diplomacy and economics of ancient Egypt from the first dynasties to the Roman occupation. It is appropriate for students with a general interest in the ancient world. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

155 Introduction to Classical Civilization
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course is an introduction to classical Greek and Roman civilization. The political and cultural evolution of these societies on a continuous time basis and their relationships. Ideological and societal advances will be analyzed as to their relevance to the 20th Century. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

168 The United States in Vietnam
3 hours lecture, 3 units
Grade Only
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
This is a lecture and video course in the history of the United States involvement in Southeast Asia between 1945 and 1975. The course incorporates one of the most comprehensive studies of the era, "Vietnam: A Television History," produced by Boston's public television station WGBH in 1983. The emphasis throughout is on the motivations leading the United States into the Vietnam War, and the impact of that involvement on American society. There is some focus on internal Southeast Asian developments, but this is secondary. This course is designed for anyone interested in recent United States history and
171 Twentieth Century America on Film
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56 each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course focuses upon the ways in which films about the people and events that shaped United States history in the 20th Century shape our perceptions and either confuse or sharpen our understanding of the American past. Both documentary and non-documentary sources may be utilized. Individual instructors may focus on particular topics or time periods within the twentieth century. This course may be taken twice with different content, for a maximum of six units. This course is designed for anyone interested in recent United States history and cinema. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Limitation: Variable Topic, see a Counselor.

175 California History
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course, which covers the history of California from its earliest times to the present, provides an overview of both the physical characteristics and the diverse peoples of California and how they interacted and influenced the history of this state and its economic, social, cultural, and political institutions. The course requires students to analyze a variety of materials, think critically, and write thesis-based essays. This course may be of special interest to students planning a career in education. History 175 satisfies the California government requirement for students who have completed their American Institutions requirement with courses from outside the State of California. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

101 Introduction to Hospitality & Tourism
3 hours lecture, 3 units
Grade Only
Advisory: English 42 and English 43, each with a grade of "C" or better, or equivalent, or Assessment Skill Level R4 and W4; and completion of or concurrent enrollment in Culinary Arts/Culinary Management 101 (formerly Food Service 107) with a grade of "C" or better, or equivalent.
This introductory course addresses a general overview and analyses of linkages between segments of the hospitality industry, including: history, career opportunities and service ethics, lodging products and service levels, travel and tourism, food and beverage throughout the industry segments, managed services, clubs, casinos, leisure and recreation, convention centers and meeting and event planning. The course touches on concerns related to health, safety, liability, the environment, technology, and globalization that are interrelated with the hospitality industry. Exploration of all aspects of the multifaceted hospitality and tourism industries are emphasized, including trends future projection and employment opportunities. This overview course is designed for students interested in the hospitality industry. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

105 Customer Service
3 hours lecture, 3 units
Grade Only
Advisory: English 51 with a grade of "C" or better, or equivalent, or Assessment Skill Level W5; and completion of or concurrent enrollment in Hospitality 101 with a grade of "C" or better, or equivalent.
This course is designed to provide the student with an understanding of the importance of customer service in a service economy and the critical necessity of service in hospitality and tourism management. Students gain insight into employer and customer expectations of service levels. Customer loyalty will be examined in depth and how to create value for customers. Specific skills will be enhanced including: positive attitude projection, anticipation of and exceeding customer expectations, telephone and written communication skills, and management tools that will help inspire others to offer excellent customer service. This course
is designed for students interested in a career in hospitality and tourism or those interested in the area. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

115 Hospitality Operations & Management

3 hours lecture, 3 units

Grade Only

Advisory: English 42 and English 43, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels R4 and W4; and completion of or concurrent enrollment in Culinary Arts/Culinary Management 101 (formerly Food Service 107) and Hospitality 101, each with a grade of "C" or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Food Service 115.

This course is designed to acquaint students with the leadership, management, and quality issues facing today's hospitality industry. It covers the organization and management of hospitality operations, occupational levels and responsibilities, labor-management relations, quality and service issues, and legal aspects and insurance. This course is designed for students who are interested in hospitality and culinary arts/culinary management, as well as those working toward American Culinary Federation certification and recertification. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

120 Hospitality Sales Promotion

3 hours lecture, 3 units

Grade Only

Advisory: English 43 with a grade of "C" or better, or equivalent, or Assessment Skill Level W4 and Hospitality 101 with a grade of "C" or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Hotel-Motel Management 120.

This course is designed to provide students with a background in marketing and sales, as they relate to the major decisions hospitality marketers face in balancing objectives and resources against the needs and opportunities in the global marketplace. Primary focus is on the creation of a marketing plan including: the marketing environment, market segments and target markets, and marketing strategies. This course is for students interested in hospitality and tourism or those interested in the area. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

130 Hospitality Law

3 hours lecture, 3 units

Grade Only

Advisory: English 51 with a grade of "C" or better, or equivalent, or Assessment Skill Level W5 and Hospitality 101 with a grade of "C" or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Hotel-Motel Management 115.

This course introduces the student to the laws and regulations that influence business and management decisions applicable to the ownership and operation of hospitality and tourism businesses. It is designed to provide practical knowledge of the law and how the legal system functions. The course focus is on legal fundamentals including negligence, relationships with guests, employees, contracts, liability, and the sale of food and alcohol. This course is designed for students interested in a career in hospitality and tourism or those interested in the area. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

140 Club Management

3 hours lecture, 3 units

Grade Only

Prerequisite: Culinary Arts/Culinary Management 140 and Hospitality 101, each with a grade of "C" or better, or equivalent.

Advisory: English 51 and Mathematics 32, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and M20.

This course introduces students to club management in the various types of clubs and club sectors. Concepts covered include the club boards of directors, service excellence, leadership, quality management systems, strategic and financial management, club marketing, human resources, guest rooms, food and beverage operations, and computer systems. This course is for students interested in hotel, hospitality and tourism. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

150 Hospitality Human Resources

3 hours lecture, 3 units

Grade Only

Advisory: English 51 and Mathematics 32, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and M20; and Hospitality 101 with a grade of "C" or better, or equivalent.

This course presents a systematic approach to human resources management in the hospitality industry.
Students develop theoretic lenses for understanding people and organizations, and practical tools for accomplishing personal and organizational goals. Topics include: individual differences, conflict management, problem solving, power and influence, motivation, leadership, coaching and counseling, and group process. Students learn through the case method, self-assessments, experiential exercises, readings, discussions, papers, and group activities. Contemporary issues and practices and employment laws that have an impact on the way people are managed are analyzed. This course is designed for students interested in a career in hospitality and tourism or those interested in the area. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

HOTEL MANAGEMENT (HOTL)

105 Hotel-Motel Front Office Procedures
2 hours lecture, 3 hours lab, 3 units
Grade Only

A beginning class covering the essential routines, behind the hotel desk and the duties of the front office clerk, including operation of room rack, selling of rooms, correspondence regarding reservations and inquiries, credit and check cashing. Business ethics and general problems concerning relations with the public are stressed. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

110 Lodging Management & Operations
3 hours lecture, 3 units
Grade Only

Advisory: English 43 and Mathematics 32, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W4 and M20; completion of or concurrent enrollment in Hospitality 101 with a grade of "C" or better, or equivalent.

This overview of the management responsibilities of hotel operations is designed for students interested in the hospitality industry. The focus is on analysis and understanding of the interdependent nature of major departments within a hotel/resort operation: rooms division, food and beverage, sales and marketing, housekeeping and maintenance, and general and administrative. Analyses of the interrelationship between the major departments are examined through the concepts of organizing, planning, communicating, and ethical principles among the major departments of a lodging operation. Job titles, functions, and their interactive relationships that are of utmost importance in understanding and working productively with the complexities of modern hotel management are discussed. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

150 Resort Management
3 hours lecture, 3 units
Grade Only

Advisory: English 51 and Mathematics 32, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and M20; completion of or concurrent enrollment in Hospitality 101 and Hotel-Motel Management 110, each with a grade of "C" or better, or equivalent.

This course highlights the operation and management of resort properties. Details are presented in planning, development, financial investment management, and marketing that deal with the unique nature of resort business. Analysis of management systems and methods for development of full-service resorts are presented, along with comparison of specialized requirements for different types of resorts based on location, climate, activities, and life-style. This course is for students interested in hotel, hospitality and tourism. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

160 Timeshare Management
3 hours lecture, 3 units
Grade Only

Prerequisite: Hospitality 101 and Hotel-Motel Management 110, each with a grade of "C" or better, or equivalent.

Advisory: English 51 and Mathematics 32, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and M20.

This course offers a study of time-share and vacation ownership, including legislation, legal structures, project budgeting, financing, marketing, and sales and property management. Also highlighted are the importance of hospitality to successful resort condominium operations, the differences between traditional and non-traditional lodging operations, relationship of managers to owners, boards, and guests, unique staffing challenges of resort condominiums, the accounting differences between traditional and non-traditional properties, and balancing the interests of owners and guests. This course is for students interested in hotel, hospitality and tourism. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.
201 Hotel Management Simulations  
1 hour lecture, 6 hours lab, 3 units  
Grade Only

Prerequisite: Computer and Information Sciences 128 and Hospitality 101, 115, 120 and Hotel-Motel Management 110 and Culinary Arts/Culinary Management 140 and Accounting 116A, each with a grade of "C" or better, or equivalent.

Advisory: English 51 and Mathematics 32 each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and M20.

This course utilizes knowledge of rooms management, the lodging cycle, marketing, sales, human resources, food and beverage cost control and yield management to provide the ability to make managerial decisions doing a major case study in a computer-simulated environment. The input of data into the computer allows students to test decision-making skills in a highly realistic environment. Students evaluate broad ranges of accumulated learning by running a business within a safe accelerated environment. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

101 Introduction to the Humanities  
3 hours lecture, 3 units  
Letter Grade or Credit/No Credit Option

Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R6.

This interdisciplinary course develops students' understanding and appreciation of humankind's cultural heritage from the earliest time to approximately 1400. A survey is made of the literature, philosophy, music, painting, architecture, and sculpture of both Western and non-Western civilizations. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

HUMANITIES-RELIGIOUS STUDIES (HUMA)

102 Introduction to the Humanities II  
3 hours lecture, 3 units  
Letter Grade or Credit/No Credit Option

Advisory: English 101 with a grade of "C" or better, or equivalent, or Assessment Skill Levels W6 and R6.

This interdisciplinary course is designed for students interested in meeting general education requirements in humanities. The course develops students' understanding and appreciation of humankind's cultural heritage from approximately 1400CE to the present time. A survey is made of the literature, philosophy, music, painting, architecture, and sculpture of both Western and non-Western civilization. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

103 Introduction to the New Testament  
3 hours lecture, 3 units  
Letter Grade or Credit/No Credit Option

Advisory: English 101 with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.

This course provides an introduction to the history and culture of the New Testament period (First Century C.E.), methods of critical analysis of Biblical materials, and the content of the New Testament. It also examines the impact of the New Testament on western culture. This course may be of interest to students of history, literature, anthropology or those with a general interest in biblical studies. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

104 Introduction to the Old Testament  
3 hours lecture, 3 units  
Letter Grade or Credit/No Credit Option

Advisory: English 51 with a grade of "C" or better, or equivalent, or Assessment Skill Level W5.

This course is an introduction to the texts and development of the Old Testament (Hebrew Bible) through a critical reading of its writings, taking into account its relevant history, cultural influences, the original language, and the important events, personages/characters, ideas, and beliefs of ancient Israel. Also addressed are the contributions of other disciplines to a critical understanding of Hebrew Scriptures, including archaeology, literature, history, current Biblical scholarship and criticism, and women's studies. This course may be of particular interest to students in literature, anthropology, and other such disciplines. Associate Degree Credit & transfer to CSU
and/or private colleges and universities. UC Transfer Course List.

106 World Religions

3 hours lecture, 3 units

Letter Grade or Credit/No Credit Option

Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.

This course is an introduction to the basic elements of the religions of the world, their similarities and differences, and their impact on believers and society. The course includes a study of the historical development, basic doctrines, and important sects of the major religions of the world, as well as a study of scriptural and artistic creations from these traditions. Some analysis of tribal religious beliefs and practices is included. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

HUMANITIES-INTERDISCIPLINARY (HUMA)

(Related courses: Speech 180 and Music 125.)

201 Mythology

3 hours lecture, 3 units

Letter Grade or Credit/No Credit Option

Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.

This course introduces students to the major images and themes of the myths of widely separated peoples of the world throughout history. By analyzing various archetypal patterns found in the great civilizations and tribal cultures of the world, students understand both the uniqueness of each culture's world view and the commonality of human mythological conceptions. Literature and the arts are used to demonstrate these cultures' mythic ideas. This course meets GE and CSU requirements. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

202 Mythology: Hero's Journey

3 hours lecture, 3 units

Letter Grade or Credit/No Credit Option

Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.

Analysis of the hero's journey, internal and external, as reflected in myths of the world, with consideration of such phenomena as the "shadow," the "double," the "other." Also, exposure to art in which the hero's journey is thematic. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

205 Exploring Human Values Through Films

3 hours lecture, 3 units

Grade Only

Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.

In this course students become familiar with film as an art form that expresses humanistic values. The course covers basic film techniques used to realize the ideas, values, morals, and social ideologies expressed in various thematically related films, and the important influence of the humanities on this popular art form and its viewers. This course is designed for students who are interested in film and in the impact of human values on this artistic medium, the individual, and society. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

290 Independent Study

Hours by Arrangement, 1-3 units

Letter Grade or Credit/No Credit Option

Limitation on Enrollment: Must obtain an Add Code from instructor for registration.

For students who evidence ability and interest in pursuing special studies in Humanities. This course may be taken four times with different content for a maximum of six units. Associate Degree Credit & transfer to CSU and/or private colleges and universities. This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

101 Introduction to Interior Design

3 hours lecture, 3 units

Grade Only

Advisory: English 51 with a grade of “C” or better, or equivalent, or Assessment Skill Level W5.

This course is an introduction to the profession of interior design with emphasis on the basic concepts of planning and functional design. The course covers analysis and application of methods of the design
process as it relates to the decisions that determine how an interior space is to be created. Exercises and simple projects will advance the student's creative capabilities. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

105 Residential Design
2 hours lecture, 3 hours lab, 3 units

**Prerequisite:** Interior Design 101 and 112A and 115, each with a grade of "C" or better, or equivalent.

**Advisory:** English 56 and Mathematics 32, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels R5 and M20.

This course introduces the interior design student to the planning of residential interiors. Emphasis is placed on the interrelationship of interior elements, principles, space planning, and conceptual problem solving in three-dimensional space. This course is designed for those students planning to major in the field as well as for those students interested in interior design. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

110 Materials and Resources
3 hours lecture, 3 units

**Prerequisite:** Interior Design 101 and 112A, each with a grade of "C" or better, or equivalent.

**Advisory:** English 56 and Mathematics 32, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels R5 and M20.

This course emphasizes the technical specification of finishes, furnishings, and equipment needed to complete a variety of interior environments. Product knowledge, available resources, industry procedures, and terminology are incorporated. Liabilities and regulations as they pertain to the professional interior designer are covered. Finishes, furnishings, and equipment estimated and specified are graphically designated on drafted plans and elevations. This course is designed for those students planning to major in this field as well as for students interested in interior design. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

112A Drafting for Interiors
2 hours lecture, 3 hours lab, 3 units

**Advisory:** English 56 and Mathematics 32, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels R5 and M20.

This course introduces the interior design student to the tools and techniques necessary for interior architectural drafting. Emphasis is on lettering, line quality, measuring techniques, scale problems, use of architectural graphic standards, dimensioning, and drafting plans, elevations, and sections. This course is designed for those students planning to major in this field as well as for students interested in interior design. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

112B Conceptual Drawings for Interiors II
3 hours lecture, 3 units

**Advisory:** English 56 and Mathematics 32, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels R5 and M20; and Interior Design 112A with a grade of "C" or better, or equivalent.

This course is a continuation of 112A with advanced exercises, procedures and projects. The student's skills in lettering and drafting rendered floor plans and elevations will be refined. Quick sketching of interiors will lead to the theories and laws of perspective. Projections from blueprints or location sketches with measurements will be used to create orthographic, paraline, and one and two-point perspective drawings of interiors. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

115 Elements and Principles of Interior Design
2 hours lecture, 3 hours lab, 3 units

**Advisory:** English 56 and Mathematics 32, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels R5 and M20.

This course introduces the student to the elements and principles of interior design. Emphasis is placed on the analysis of interior environments two and three dimensionally. This course includes the creation of two and three dimensional design projects illustrating the elements and principles of interior design such as scale and proportion, balance, color and light. This course is intended for those students planning to major in the field as well as for those interested in interior design. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

125 Decorative Arts
3 hours lecture, 3 units

**Advisory:** English 56 with a grade of "C" or better, or equivalent, or Assessment Skill Level R5.

This course surveys the decorative arts from all parts of the world from the ancient past to today's modern interiors. The course will include how major
developments in the decorative arts relate to the historical and social events of each period. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

130 Interior Design Professional Practice
3 hours lecture, 3 units
Grade Only
Prerequisite: Interior Design 105 with a grade of “C” or better, or equivalent.
Advisory: English 56 and Mathematics 32 each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and M20.
This course examines the business and management of a professional interior design practice. Included are client/designer communication, phases of design, project management, legal issues, business practices, marketing, and project presentation. This course is designed for those students planning to major in this field as well as for students interested in interior design. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

145 Contemporary Housing
3 hours lecture, 3 units
Grade Only
Prerequisite: Interior Design 101 and 112A, each with a grade of “C” or better, or equivalent.
Advisory: English 56 and Mathematics 32 each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and M20.
This course provides an overview of the basic structural systems of modern buildings. The student is introduced to the materials and methods of construction with an emphasis on the relationship of these issues to interior design projects. It creates an understanding of available materials for an awareness of building options when designing a living environment. It explores the legal, social, and economic forces that affect housing design. Provided is an overview of the technical aspects of basic building systems as they relate to design and the building industry. This course is designed for those students planning to major in this field as well as for students interested in interior design. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

200 Advanced Residential Design: Kitchens and Baths
2 hours lecture, 3 hours lab, 3 units
Grade Only
Advisory: Interior Design 105, 110, 112B, 125 and 145 each with a grade of “C” or better, or equivalent.
The focus of this course is on advanced approaches to kitchen and bath design using the National Kitchen and Bath Association (NKBA) Planning Guidelines and NKBA Access Planning Guidelines used in universal design projects. This course is appropriate for students wanting to specialize in kitchen and bath design. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

205 Non-Residential Space Planning
3 hours lecture, 3 units
Grade Only
Advisory: English 56 and Mathematics 32, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and M20; and Interior Design 101 and 112A, each with a grade of “C” or better, or equivalent.
In this course students will learn to analyze and solve non-residential space planning problems and will present their solutions through designed and drafted projects. A variety of spaces will be addressed and may include professional offices, medical facilities, institutional facilities, hospitality facilities, and other specialty spaces. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

210 Presentation and Color Rendering
3 hours lecture, 3 units
Grade Only
Advisory: English 56 and Mathematics 32, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and M20; and Interior Design 101 and 112A, each with a grade of “C” or better, or equivalent.
This course will emphasize developing the student’s color rendering skills and presentation methods. The student will quick sketch, draft and color render floor plans, elevations and perspective drawings with a variety of techniques. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

212 Interior Design Computer Aided Design
2.5 hours lecture, 1.5 hours lab, 3 units
Grade Only
Advisory: English 56 and Mathematics 32, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and M20; and Interior Design 101 and 112A, each with a grade of “C” or better, or equivalent.
This is a beginning level course in computer drawing skills for interior design students. Emphasis will be on interior space planning, presentation graphics, and business forms and charts. Associate Degree Credit & transfer to CSU and/or private colleges and universities.
215 Environmental Lighting Design
3 hours lecture, 3 units
Grade Only
Advisory: English 56 and Mathematics 32, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels R5 and M20; and Interior Design 101 and 112A, each with a grade of "C" or better, or equivalent. Students will solve problems in lighting design for non-residential interiors. Contemporary lighting technologies and materials will be stressed for the completion of the student's electrical and reflected ceiling plans. Emphasis will be placed on cost and California's Title 24 requirements. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

270 Work Experience
Hours by Arrangement, 1-4 units
Grade Only
Limitation on Enrollment: To receive credit a student must complete a minimum of seven units during the semester, including work experience. Program of on-the-job learning experiences for students employed in a job related to their major. The combined maximum credit for all work experience courses from all disciplines may not exceed 16 units. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

ITALIAN (ITAL)

101 First Course in Italian
5 hours lecture, 5 units
Letter Grade or Credit/No Credit Option
Advisory: English 56 with a grade of "C" or better, or equivalent, or Assessment Skill Level R5.
Limitation on Enrollment: This course is not open to students with previous credit for Italian 100. This is the first course in the sequence of study of the Italian language and culture. In this interactive course, students use Italian in speaking, listening, reading, and writing at the novice level. Basic language structures and vocabulary for communication are examined and explored in Italian. Students with two years of high school Italian are eligible to enroll in Italian 101. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN ITAL 2) (CAN ITAL SEQ A = ITAL 101 + 102).

102 Second Course in Italian
5 hours lecture, 5 units
Letter Grade or Credit/No Credit Option
Prerequisite: Italian 101 with a grade of "C" or better, or equivalent. Students with two years of high school Italian are eligible to enroll in this course.
Advisory: concurrent enrollment in Italian 296.
Limitation on Enrollment: This course is not open to students with previous credit for Italian 100. This is a continuation of Italian 101. In this interactive course, students use listening, reading, speaking and writing at a more complex level. The students further develop their receptive and productive language competencies at the low- to mid- intermediate level. Additional language structures and vocabulary for communication are examined and explored in Italian. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN ITAL 4) (CAN ITAL SEQ A = ITAL 101 + 102).

201 Third Course in Italian
5 hours lecture, 5 units
Letter Grade or Credit/No Credit Option
Prerequisite: Italian 102 with a grade of "C" or better, or equivalent, or three years of high school Italian with a grade of "C" or better, or equivalent.
Advisory: Concurrent enrollment in Italian 296.
This is an intermediate course in Italian. In this interactive course, students use the language through speaking, listening, reading and writing at the intermediate level. More complex language structures and vocabulary for communication are examined and explored. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN ITAL 8). This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.
101 First Course in Japanese  
**5 hours lecture, 5 units**  
**Letter Grade or Credit/No Credit Option**  
*Advisory:* English 43 with a grade of "C" or better, or equivalent, or Assessment Skill Level W4.  
This is an entry-level course designed to introduce students to the Japanese language and cultures of Japan. In this interactive course, students learn and use the language by speaking, listening, reading, and writing at the novice level. Basic language structures and vocabulary for communication are examined and explored in Japanese. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN JAPN 2) (CAN JAPN SEQ A = JAPN 101 + 102).

102 Second Course in Japanese  
**5 hours lecture, 5 units**  
**Letter Grade or Credit/No Credit Option**  
*Prerequisite:* Japanese 101 with a grade of "C" or better, or equivalent, or two years of high school Japanese with a grade of "C" or better, or equivalent.  
This is a continuation of Japanese 101. In this interactive course, students use listening, reading, speaking and writing at a more complex level. Students further develop their receptive and productive competencies to the low- or mid-intermediate level. Additional language structures and vocabulary for communication are examined and explored in Japanese. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN JAPN 4) (CAN JAPN SEQ A = JAPN 101 + 102).

201 Third Course in Japanese  
**5 hours lecture, 5 units**  
**Letter Grade or Credit/No Credit Option**  
*Prerequisite:* Japanese 102 with a grade of "C" or better, or equivalent. Students with three years of high school Japanese are eligible to take this course.  
This is an intermediate course and is the third in the Japanese language sequence. In this interactive course, students use the language through speaking, listening, reading and writing at the intermediate level. More complex language structures and vocabulary for communication are examined and explored in Japanese 201. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN JAPN 8) (CAN JAPN SEQ B = JAPN 201 + 202).

202 Fourth Course in Japanese  
**5 hours lecture, 5 units**  
**Letter Grade or Credit/No Credit Option**  
*Prerequisite:* Japanese 201 with a grade of "C" or better, or equivalent, or four years of high school Japanese with a grade of "C" or better, or equivalent.  
*Advisory:* Concurrent enrollment in Japanese 296.  
This is an advanced-intermediate course and is the fourth in the Japanese language sequence. In this interactive course, students use the language through speaking, listening, reading, and writing at the advanced-intermediate level. More complex language structures and vocabulary for communication are examined and explored. Readings of literary and/or culturally relevant authentic materials are examined in depth in Japanese 202. This course is designed for students who have a strong interest in Japanese language and culture and is a core course in the Japanese major. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN JAPN 10) (CAN JAPN SEQ B = JAPN 201 + 202).

210 Conversation and Composition in Japanese I  
**3 hours lecture, 3 units**  
**Letter Grade or Credit/No Credit Option**  
*Prerequisite:* Japanese 102 with a grade of "C" or better, or equivalent.  
This course further develops oral comprehension and fluency as well as written communication at a mid-intermediate level in Japanese through culturally relevant materials. Students increase vocabulary, dramatize everyday topics of conversation, interpret and describe materials and compare and contrast Japanese culture with U.S. culture both orally and in writing. Writing strategies are emphasized and literature is introduced. This course is intended for students who wish to enhance their skills in the Japanese language. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

211 Conversation and Composition in Japanese II  
**3 hours lecture, 3 units**  
**Letter Grade or Credit/No Credit Option**  
*Prerequisite:* Japanese 210 with a grade of "C" or better, or equivalent.  
This course further develops oral comprehension and fluency as well as written communication at an advanced-intermediate level in Japanese through culturally relevant materials. Students further increase...
vocabulary, dramatize everyday topics of conversation, interpret and describe materials and compare and contrast Japanese culture with U.S. culture both orally and in writing. Pre-reading strategies introduced in Japanese 210 are used as a basis upon which to build course emphasis in reading. More literature is introduced. This course is intended for students who want to further enhance their skills in Japanese. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

**JOURNALISM (JOUR)**

200 Introduction to Newswriting and Reporting  
2 hours lecture, 3 hours lab, 3 units  
Letter Grade or Credit/No Credit Option  
Advisory: English 101 with a grade of “C” or better, or equivalent, or Assessment Skill Levels W6 and R6; or English 105 with a grade of “C” or better, or equivalent. This course serves as preparation for the major for students preparing to transfer and is also intended to serve as an elective for students interested in learning to write for newspapers and other publications. The course is an introduction to evaluating, gathering, and writing news in accepted journalistic style under newsroom conditions. Topics include the role of the reporter and the legal and ethical issues related to reporting. Students have writing and reporting experiences, including personal interviews, speech, meeting and other event coverage, deadline writing, and use of AP style. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. (CAN JOUR 2).

202 Introduction to Mass Communication  
3 hours lecture, 3 units  
Letter Grade or Credit/No Credit Option  
Advisory: English 101 with a grade of “C” or better, or equivalent, or Assessment Skill Levels W6 and R6. Limitation on Enrollment: This course is not open to students with previous credit for Radio and Television 200. This course provides a survey of mass communication and the interrelationships of media with society, including history, structure, and trends. Discussion focuses on analysis of the impact of the media on society and culture as well as on ways that social institutions shape the media. Problems and issues are examined in light of social and cultural constructs, economics, technology, law and ethics, and social issues, including gender and cultural diversity. This course is designed for transfer students in the social sciences, for journalism majors, and any student interested in how society and mass media are interrelated. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

210A Journalism Workshop I  
6-9 hours lab, 2-3 units  
Letter Grade or Credit/No Credit Option  
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5. This course is designed to provide experience in the production and publication of a student newspaper. Emphasis is placed on helping beginning students gain experience in the gathering and writing of news and features. Students at this level learn the basic principles of reporting, news writing, copy editing, photography, and newspaper design and layout. Assignments focus on routine stories, and may include editorials or features such as profiles. Copy editing is limited to reading for technical errors. This class is designed for students with an interest in print media and provides instruction in the journalistic process on an entry level. Skills developed in this course include research techniques and the evaluation and analysis of information. Students are guided by ongoing advice, criticism, and evaluation from a faculty adviser. Students enrolled in the course for 2 units are expected to participate in the production of the student newspaper for at least 6 hours per week, while students enrolled for 3 units are expected to participate at least 9 hours per week and contribute more extensively to the layout and/or production of the paper. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

210B Journalism Workshop II  
6-9 hours lab, 2-3 units  
Letter Grade or Credit/No Credit Option  
Prerequisite: Journalism 210A with a grade of “C” or better, or equivalent. This course is designed to provide additional ongoing experience in the production and publication of a
student newspaper. Emphasis is placed on helping students progress in the gathering and writing of news and features. This class provides exposure to the journalistic process beyond the entry level and guides students to polish reporting, newswriting, editing, design, and photography skills, tackle more complex subjects, and assume more responsibility for the design of their own pages. Students continue to develop research skills and engage in the evaluation and analysis of information and are guided by ongoing advice, criticism and evaluation from a faculty adviser. Students enrolled in the course for 2 units are expected to participate in the production of the student newspaper for at least 6 hours per week, while students enrolled in the course for 3 units are expected to participate at least 9 hours and contribute more extensively to the layout and/or production of the paper. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

210C Journalism Workshop III
6-9 hours lab, 2-3 units
Letter Grade or Credit/No Credit Option
Prerequisite: Journalism 210B with a grade of “C” or better, or equivalent.
This course is designed to provide additional ongoing experience in the production and publication of a student newspaper. Emphasis is placed on helping students progress to an intermediate level in the gathering and writing of news and features. Students conduct in-depth reporting and write more sophisticated news stories and may also serve as section editors or assist editors with copy editing, assignments, photography, the news budget, and design. Additionally students develop skill in setting newspaper policies, mentoring others, working in teams, and uncovering news stories. Students are guided by ongoing advice, criticism, and evaluation from a faculty adviser. Student enrolled in the course for 2 units are expected to participate in the production of the student newspaper for 6 hours per week, while students enrolled for 3 units are expected to participate at least 9 hours per week and contribute extensively to the layout and production of the paper. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

210D Journalism Workshop IV
6-9 hours lab, 2-3 units
Letter Grade or Credit/No Credit Option
Prerequisite: Journalism 210C with a grade of “C” or better, or equivalent.

This course is designed to provide additional ongoing experience in the production and publication of a student newspaper. Emphasis is placed on helping students progress to an advanced level in the gathering and writing of news and features. In addition to reporting and writing, students at this level, assume responsibility for organizing and managing the newsroom, which includes conducting story conferences, developing the news budget, assigning stories, coaching reporters, and editing and designing the paper in its entirety. Students may also make photo assignments and provide coaching for novice photographers. Students are guided by ongoing advice, criticism and evaluation from a faculty adviser. Students enrolled in the course for 2 units are expected to participate in the production of the student newspaper for 6 hours per week, while students enrolled for 3 units are expected to participate at least 9 hours per week and contribute extensively to the layout and production of the paper. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

101 First Course in Latin
5 hours lecture, 5 units
Letter Grade or Credit/No Credit Option
Advisory: English 56 with a grade of “C” or better, or equivalent, or Assessment Skill Level R5; and concurrent enrollment in Latin 296.
This is the first of a three-course sequence in Latin providing beginning level instruction in classical Latin language and culture. In this course, students study classical Latin grammar, syntax and pronunciation at the novice level. Elementary translations from Latin to English and English to Latin are accomplished. Basic language structures and vocabulary are examined and explored. This course is intended for students interested in language study and linguistics, and meets general education requirements in the humanities. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.
102 Second Course in Latin  
5 hours lecture, 5 units  
Letter Grade or Credit/No Credit Option  

**Prerequisite:** Latin 101 with a grade of "C" or better, or equivalent.  
**Advisory:** English 56 with a grade of "C" or better, or equivalent, or Assessment Skill Level R5; and Latin 296 with a grade of "C" or better, or equivalent.  

This is a continuation of Latin 101. In this course, students study classical Latin grammar, syntax and pronunciation at the novice-mid level. A special emphasis is placed on classical Latin culture as well. Translations from Latin to English and English to Latin. Additional language structures and vocabulary are examined and explored in the target language. This course is intended for students interested in language study and linguistics, and meets general education requirements in the humanities. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.  

201 Third Course in Latin  
5 hours lecture, 5 units  
Letter Grade or Credit/No Credit Option  

A continuation of Latin 102. Review of grammar. Syntax of classical prose and poetry. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.  

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), SpecialTopics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.  

Legal Administrative Assistant  
See Computer Business Technology (CBTE)
retail organization, store location and layout, mathematics of buying and pricing, receiving and stock control, and the formulation of store policy. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

130 Advertising Principles  
3 hours lecture, 3 units  
Grade Only

Fundamentals of advertising. Advertising as an aid to selling and the importance of its relationship to the entire field of marketing. The uses, problems and effectiveness of advertising media. Introduction to copyrighting and layout. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

MATHEMATICS (MATH)

Basic Skills Courses

All courses at this level are offered for college credit. Credit for these courses will not apply toward the associate degree but will count toward the determination of a student's workload and eligibility for financial aid.

015A Prealgebra Refresher  
3 hours lab, 1 unit  
Credit/No Credit Only

This course is intended for those students who have completed the math assessment with a level of M20 (prealgebra) and wish to improve their placement level; those students who have successfully completed Mathematics 35 but need more review; or students who unsuccessfully attempted Mathematics 95 and need review of prealgebra skills. The course will consist of lecture classes and/or independent study using a computer program to refresh those concepts identified as needed for each student. Successful completion of this course may serve as a basis for a petition to challenge Mathematics 35. This course will not replace a failing grade in Mathematics 35. Not Applicable to Associate Degree, pre-collegiate basic skills - reading, writing, computation.

015B Elementary Algebra Refresher  
3 hours lab, 1 unit  
Credit/No Credit Only

This course is intended for those students who have completed the math assessment with a level of M30 (beginning algebra) and wish to improve their placement level; students who have successfully completed Mathematics 15A; students who have successfully completed Mathematics 95 but need more review; or students who unsuccessfully attempted Mathematics 96 and need review of beginning algebra skills. The course will consist of lecture classes and/or independent study using a computer program to refresh those concepts identified as needed for each student. Successful completion of this course may serve as a basis for a petition to challenge Mathematics 95. This course will not replace a failing grade in Mathematics 95. Not Applicable to Associate Degree, pre-collegiate basic skills - reading, writing, computation.

015C Intermediate Algebra Refresher  
3 hours lab, 1 unit  
Credit/No Credit Only

This course is intended for those students who have completed the math assessment with a level of M40 (intermediate algebra) and wish to improve their placement level; students who have successfully completed Mathematics 15B; students who have successfully completed Mathematics 96 but need more review; or students who unsuccessfully attempted Mathematics 104, 116, 141 or 210A and need review of intermediate algebra skills. The course will consist of lecture classes and/or independent study using a computer program to refresh those concepts identified as needed for each student. Successful completion of this course may serve as a basis for a petition to challenge Mathematics 96. This course will not replace a failing grade in Mathematics 96. Not Applicable to Associate Degree, pre-collegiate basic skills - reading, writing, computation.

015D Geometry Refresher  
3 hours lab, 1 unit  
Credit/No Credit Only

This course is intended for those students who have completed a high school geometry course or for those students who have completed Math 96 and need to review geometric principles prior to taking Math 210B or trigonometry. The course will consist of independent study using a computer program to refresh those concepts identified as needed for each student. (FT) Not Applicable to Associate Degree, pre-collegiate basic skills, English as a Second Language.
032 Fundamentals of Mathematics
5 hours lecture, 5 units
Grade Only

Fundamentals of Mathematics serves as an introduction to fundamental concepts of arithmetic. This course covers the arithmetic operations of addition, subtraction, multiplication, division and exponentiation on whole numbers, fractions, decimals and percents; ratios and proportions, an introduction to the different systems of measurement, and applications of these topics. This course is intended for preparation for Prealgebra (Math 35). (FT) This course does not apply to the Associate Degree.

035 Prealgebra
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option

Advisory: Mathematics 32 with a grade of "C" or better, or equivalent, or Assessment Skill Level M20. This course introduces students to the fundamentals of arithmetic operations, their applications, and an introduction to some elementary topics in beginning algebra. The course covers arithmetic operations on integer, rational, and decimal numbers, fractional, percent and decimal notation, introduction to algebraic expressions, solving equations and graphing, ratios and proportions, perfect squares and their square roots, elementary topics in geometry, systems of measurement, and monomial arithmetic. (FT) Not Applicable to Associate Degree, pre-collegiate basic skills, English as a Second Language.

041 Math Study Skills
1 hour lecture, 1 unit
Credit/No Credit

Limitation on Enrollment: This course is not open to students with credit for Mathematics 265: Math Study Skills.

This course is designed to assist students in learning mathematics through the development of successful study skills and exam taking methods. This course addresses learning styles, how to read a math book, completing homework assignments, how to take notes and exams, basics of calculator operations and techniques for overcoming math anxiety. (FT) Credit for this course does not apply to the associate degree.

Associate Degree Courses

095 Elementary Algebra and Geometry
5 hours lecture, 5 units
Letter Grade or Credit/No Credit Option

Prerequisite: Mathematics 35 with a grade of "C" or better, or equivalent, or Assessment Skill Level M30. Advisory: Completion of or concurrent enrollment in English 43 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Level W4 and R5.

Limitation on Enrollment: This course is not open to students with previous credit for Mathematics 54 or 54A & 54B.

Elementary algebra and geometry serves as the foundation for the other math courses and is the first of a two-course integrated sequence in algebra and geometry intended to prepare students for transfer level mathematics. This course covers the real number system; writing, simplifying, solving and graphing of linear equations in one variable; solving linear inequalities in one variable; solving systems of linear equations in two variables; algebraic operations with polynomial expressions and factoring; functions; operations involving rational expressions and related equations; and geometric properties of lines, angles, and triangles. This course is the prerequisite for Math 96 and also satisfies the communication and analytical thinking G.E. requirement for an AA degree. (FT) Associate Degree Credit only and not Transferable.

096 Intermediate Algebra and Geometry
5 hours lecture, 5 units
Letter Grade or Credit/No Credit Option

Prerequisite: Mathematics 95 with a grade of "C" or better, or equivalent, or Assessment Skill Level M40. Advisory: English 43 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W4 and R5.

Intermediate Algebra and Geometry is the second of a two-semester integrated sequence in algebra and geometry. This course covers systems of equations and inequalities; radical and quadratic equations; quadratic functions and their graphs; complex numbers; nonlinear inequalities; exponentials and logarithmic functions; conic sections; sequences and series; and solid geometry. The course will also include application problems involving the topics covered. This course is the prerequisite for numerous collegiate level/transfer level mathematics courses. (FT) Associate Degree Credit only and not Transferable.
Transfer Level Courses

104 Trigonometry

3 hours lecture, 3 units
Grade Only

Prerequisite: Mathematics 96 with a grade of “C” or better, or equivalent, or Assessment Skill Level M50. This course is a study of the numerical, analytical, and geometric properties of right and oblique triangles, of trigonometric and inverse trigonometric functions, and their applications. The course content includes right angle trigonometry, radian measure, circular functions, graphs of circular functions and their inverses, trigonometric identities, equations involving trigonometric and inverse trigonometric functions, an introduction of the complex plane, vectors and their operations, and the trigonometric form of complex numbers. This course is designed as a preparation for calculus and it is intended for the transfer student planning to major in mathematics, engineering, economics, or disciplines included in the physical or life sciences. This course meets CSU general education requirements. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

106 Introduction to Boolean Algebra

1 hour lecture, 1 unit

Letter Grade or Credit/No Credit Option

Prerequisite: Mathematics 96 with a grade of “C” or better, or equivalent, or Assessment Skill Level M50. This course covers Boolean algebra as it applies in general to sets and logical propositions as well as an introduction to modern applications. This course is designed to give students in a broad variety of majors a classical background in mathematical logic including computer logic circuits. It is strongly recommended for math, engineering, and computer science majors. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. (CAN MATH 8).

107 Introduction to Scientific Programming

3 hours lecture, 3 units

Letter Grade or Credit/No Credit Option

Prerequisite: Mathematics 107 with a grade of “C” or better, or equivalent. Advisory: Concurrent enrollment in Mathematics 108L. This course provides further training in program design and development, especially with regard to large projects. Advanced techniques in programming are studied along with basic data structures and algorithms. Problem-solving techniques in the fields of engineering, mathematics, and the sciences are covered. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer Course List.

107L Introduction to Scientific Programming Lab

3 hours lab, 1 unit

Letter Grade or Credit/No Credit Option

Corequisite: Mathematics 107. This is a lab course to be taken concurrently with Mathematics 107. Extensive programming is required. Students are expected to plan and write programming projects with documentation. This course is recommended for students transferring to majors in Computer Science and/or mathematics. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

108 Intermediate Scientific Programming

3 hours lecture, 3 units

Letter Grade or Credit/No Credit Option

Prerequisite: Mathematics 107 with a grade of “C” or better, or equivalent.
Advisory: Concurrent enrollment in Mathematics 108L. This course provides further training in program design and development, especially with regard to large projects. Advanced techniques in programming are studied along with basic data structures and algorithms. Problem-solving techniques in the fields of engineering, mathematics, and the sciences are covered. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer Course List.

108L Intermediate Scientific Programming Lab

3 hours lab, 1 unit

Letter Grade or Credit/No Credit Option

Corequisite: Mathematics 108. This is a lab course open only to those concurrently enrolled in Mathematics 108. Extensive programming is required. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

116 College and Matrix Algebra

3 hours lecture, 3 units

Letter Grade or Credit/No Credit Option

Prerequisite: Mathematics 96 with a grade of “C” or better, or equivalent, or Assessment Skill Level M50. Advisory: English 56 each with a grade of “C” or better, or equivalent, or Assessment Skill Level R5. This course is designed to strengthen the algebra skills of students
seeking Business or Natural Science degrees that are required to take an applied calculus course. Topics in the course include the theory of functions; graphing functions; exponential and logarithmic functions; solving equations involving algebraic, exponential and logarithmic functions; solving systems of linear equations, matrix algebra, linear programming, modeling, and applications problems. Analytical reading and problem solving are required for success in this course. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Mathematics (MATH) 116 and 141 combined: maximum credit, four units. (CAN MATH 10).

118 A Survey of Modern Mathematics
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: Mathematics 96 with a grade of “C” or better, or equivalent, or Assessment Skill Level M50. Advisory: English 101 with a grade of “C” or better, or equivalent, or Assessment Skill Levels W6 and R6. This course covers topics in probability, statistics, logical reasoning, quantitative literacy, the history of mathematics, and applications of mathematics to the real world. This is a general education course designed for students who do not intend to prepare for a career in science or business. Analytical reading and problem solving are required for success in this course. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. (CAN MATH 2).

119 Elementary Statistics
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: Mathematics 96 with a grade of “C” or better, or equivalent, or Assessment Skill Level M50. This course covers descriptive and inferential statistics. The descriptive portion analyzes data through graphs, measures of central tendency and spread. Other statistical practices utilize basic probability, binomial and normal distributions, estimation of population parameters, hypothesis testing, linear regression and correlation. Analytical reading and problem solving are required for success in this course. This course meets district G.E. requirements. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Mathematics (MATH) 121 and 151 combined: maximum credit, one course. (CAN MATH 32) (CAN MATH SEQ D = MATH 121 + 122).

121 Basic Techniques of Applied Calculus I
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: Mathematics 116 with a grade of “C” or better, or equivalent. This is a course designed for students intending to major in business, natural science or social science. It does not fulfill a mathematics requirement for students majoring in mathematics, chemistry, physics or engineering. This course combines the study of algebra, analytic geometry, and calculus using numerical, graphical, and analytical methods to analyze calculus problems encountered in real world applications. Topics include limits, derivatives, and integrals of algebraic, exponential and logarithmic functions. Also covered are functions of several variables, partial derivatives, and optimization of multivariable functions. Applications of calculus include curve sketching, optimization, and areas under curves. Analytical reading and problem solving are required for success in this course. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Mathematics (MATH) 121 and 150 combined: maximum credit, one course. (CAN MATH 30) (CAN MATH SEQ D = MATH 121 + 122).

122 Basic Techniques of Calculus II
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: Mathematics 121 with a grade of “C” or better, or equivalent. In this continuation of Mathematics 121, students intending to major in business, natural science, or social science learn about integration, multivariable functions, differential equations, series, and formatting trigonometric functions. This course does not fulfill a mathematics requirement for students intending to major in mathematics, chemistry, physics, or engineering. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Mathematics (MATH) 122 and 151 combined: maximum credit, one course. (CAN MATH 32) (CAN MATH SEQ D = MATH 121 + 122).

141 Precalculus
5 hours lecture, 5 units
Letter Grade or Credit/No Credit Option
Prerequisite: Mathematics 104 with a grade of “C” or better, or equivalent. This course is a study of numerical, analytical, and graphical properties of functions. The course content includes polynomial, rational, irrational, exponential, logarithmic, and trigonometric functions. Additional
topics include: inverse functions, complex numbers, polar coordinates, matrices, conic sections, sequences, series and the binomial theorem. This course is designed as a preparation for calculus and is intended for the transfer student planning to major in mathematics, engineering, economics, or disciplines included in the physical or life sciences. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Mathematics (MATH) 116 and 141 combined: maximum credit, one course. (CAN MATH 16).

150 Calculus with Analytic Geometry I

5 hours lecture, 5 units
Letter Grade or Credit/No Credit Option
Prerequisite: Mathematics 141 with a grade of "C" or better, or equivalent.
This course is a primary introduction to university level calculus. The topics of study include analytic geometry, limits, differentiation and integration of algebraic and transcendental functions. Emphasis is placed on calculus applications. Analytical reading and problem solving are required for success in this course. This course is intended for the transfer student planning to major in mathematics, computer science, physics, chemistry, engineering, or economics. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Mathematics 150 and Mathematics 121 combined: maximum credit, one course. (CAN MATH 18) (CAN MATH SEQ B = MATH 150 + 151) (CAN MATH SEQ C = MATH 150 + 151 + 252).

150L Calculus I Laboratory

3 hours lab, 1 unit
Letter Grade or Credit/No Credit Option
Prerequisite: Mathematics 141 with a grade of "C" or better, or equivalent. Corequisite: Mathematics 150.
This course is a workshop, project-oriented course dealing with exploration and development of the calculus topics introduced in Calculus and Analytic Geometry I. This course directly supports the calculus lectures by having hands-on, collaborative assignments where technology is strongly incorporated throughout all the in-class assignments. Students work individually and in small groups on explorations and applications thus extending the material presented in Mathematics 150. Topics including geometric, analytic and numeric applications of limits, derivatives and integrals as well as calculus applications found in the physical and life sciences. This course is intended for all students currently enrolled in Mathematics 150. Instructor monitors and facilitates group and individual presentations and projects. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

151 Calculus with Analytic Geometry II

4 hours lecture, 4 units
Letter Grade or Credit/No Credit Option
Prerequisite: Mathematics 150 with a grade of "C" or better, or equivalent.
This is a continuation of Mathematics 150. This course covers more advanced topics in analytic geometry, differentiation and integration of algebraic and transcendental functions, infinite series, Taylor series, and parametric equations. This course also covers a general introduction to the theory and applications of power series, techniques of integration, and functions in polar coordinates, at it serves as a basis for multivariable calculus and differential equations, as well as most upper division courses in mathematics and engineering. It is intended for the transfer student planning to major in mathematics, computer science, physics, chemistry, engineering and economics. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Mathematics 151 and Mathematics 122 combined: maximum credit, one course. (CAN MATH 20) (CAN MATH SEQ B = MATH 150 + 151) (CAN MATH SEQ C = MATH 150 + 151 + 252).

210A Concepts of Elementary School Mathematics I

3 hours lecture, 3 units
Grade Only
Prerequisite: Mathematics 96 with a grade of "C" or better, or equivalent, or Assessment Skill Level M50. Advisory: English 101 with a grade of "C" or better, or equivalent, or Assessment Skill Levels W6 and R6; or English 105 with a grade of "C" or better, or equivalent. This course is a study of the mathematical concepts needed for teaching elementary school mathematics with emphasis on number and function. This course promotes an appreciation of the importance of logical thinking and applications of mathematics in problem solving and critical thinking. It studies the basic computational skills, but also requires the understanding and explanation of the basic mathematical concepts and the connections between them. It is designed especially for students preparing for credentials in elementary education. Analytical reading and problem solving are required for success in this course. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer Course List: Mathematics (MATH) 210A and
210B Concepts of Elementary School Mathematics II

Prerequisite: Mathematics 210A with a grade of "C" or better, or equivalent.
Advisory: English 101 with a grade of "C" or better, or equivalent, or Assessment Skill Levels W6 and R6; or English 105 with a grade of "C" or better, or equivalent.

This course is a study of the mathematical concepts needed for teaching elementary school mathematics with emphasis on geometry, measurement, probability and statistics. This course also promotes an appreciation of the importance of logical thinking and applications of mathematics in problem solving and critical thinking. It studies the understanding and explanation of the basic mathematical concepts and the connections between them. It is designed especially for students preparing for credentials in elementary education. Analytical reading and problem solving are required for success in this course. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Mathematics (MATH) 210A and 210B combined: maximum credit, one course.

212 Children’s Mathematical Thinking

Advisory: Concurrent enrollment in Mathematics 210A.*

This course focuses on children's mathematical thinking and includes an in-depth study of place value, fractions, and how children solve mathematical problems. Students observe children and evaluate the problem strategies that are used. *For students in San Diego State University's Liberal Studies Blended Teacher Education program, this course is required and must be taken concurrently with Mathematics 210A. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

237 Machine and Assembly Language

Prerequisite: Mathematics 108 with a grade of "C" or better, or equivalent.
Corequisite: Mathematics 237L.
Limitation on Enrollment: This course is not open to students with credit for Mathematics 137.

This course covers general concepts of machine and assembly languages, including data representation, looping and addressing techniques, subroutine linkage, and use of system and programmer-defined macros. Problem-solving techniques in the fields of engineering, mathematics, and the sciences are covered. This course is designed for computer science and mathematics majors who are intending to transfer to a four-year university (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN CSCI 10, when taken with MATH 237L).

237L Assembly Language Lab

Letter Grade or Credit/No Credit Option
Corequisite: Mathematics 237.
Limitation on Enrollment: This course is not open to students with credit for Mathematics 137L.

This is a lab course to be taken concurrently with Mathematics 237. Practice is provided in applying programming techniques and problem solving skills using assembly language. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN CSCI 10, when taken with MATH 237).

245 Discrete Mathematics

Prerequisite: Mathematics 122 or Mathematics 151 with a grade of "C" or better, or equivalent.
Advisory: English 101 with a grade of "C" or better, or equivalent, or Assessment Skill Levels W6 and R6.

This course is an introduction to the theory of discrete mathematics and introduces elementary concepts in logic, set theory, number theory, and combinatorics. The topics covered include prepositional and predicate logic, methods of proof, set theory, Boolean algebra, number theory, equivalence and order relations, counting techniques, and recursion. This course forms a basis for upper division courses in mathematics and computer science and it is intended for the transfer student planning to major in these disciplines. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN CSCI 26).

252 Calculus with Analytic Geometry III

Prerequisite: Mathematics 151 with a grade of "C" or better, or equivalent.
The content of this course includes the algebra and geometry of 2- and 3-dimensional Euclidean vectors, limits, continuity, partial differentiation, extrema of vector-valued and multivariable functions, higher order derivatives, the chain rule, Lagrange's theorem, multiple integrals, integrals over paths and surfaces, and integral theorems of vector analysis. This course is intended as a general introduction to the theory and applications of multivariable calculus. It is essential for most upper division courses in mathematics and forms part of the foundation for engineering and physics. It is intended for the transfer student planning to major in mathematics, physics, engineering, computer science, physical chemistry, operational research, or economics. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN MATH 22).

254 Introduction to Linear Algebra  
3 hours lecture, 3 units  
Letter Grade or Credit/No Credit Option  
Prerequisite: Mathematics 151 with a grade of "C" or better, or equivalent.  
This course serves as an introduction to the theory and applications of elementary linear algebra, and is the basis for most upper division courses in mathematics. The topics covered in this course include matrix algebra, Gaussian Elimination, systems of equations, determinants, Euclidean and general vector spaces, linear transformations, orthogonality and inner product spaces, bases of vector spaces, the change of basis theorem, eigenvalues and eigenvectors, the rank and nullity of matrices and of linear transformations. This course is intended for the transfer student planning to major in mathematics, physics, engineering, computer science, operational research, economics, or other sciences. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN MATH 26).

255 Differential Equations  
3 hours lecture, 3 units  
Grade Only  
Prerequisite: Mathematics 252 and Mathematics 254, each with a grade of "C" or better, or equivalent.  
Limitation on Enrollment: This course is not open to students with credit for Mathematics 253.  
This course covers first order and higher order equations and their applications. Topics include linear first order and higher order equations, homogeneous and nonhomogeneous equations with constant or variable coefficients, and systems of ordinary differential equations. Methods used to solve equations include substitution methods, integrating factors, reduction of order, variation of parameters, power series solutions, and Laplace Transforms. This course is intended as an introduction to the theory and applications of differential equations and is the basis for many upper division courses in engineering, physics, and mathematics. It is intended for the transfer student planning to major in mathematics, engineering, operational research, physics, or other physical science. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN MATH 24).

290 Independent Study  
Hours by Arrangement, 1-3 units  
Letter Grade or Credit/No Credit Option  
Limitation on Enrollment: Must obtain an Add Code from instructor for registration.  
This course is for advanced students who wish to pursue special investigations. This course may be taken four times with different content for a maximum of six units. Associate Degree Credit & transfer to CSU and/or private colleges and universities.  
This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

100 Principles of Infection Control  
3 hours lab, 1 unit  
Grade Only  
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.  
Limitation on Enrollment: This course is not open to students with previous credit for Medical Assisting 120.  
This course provides an overview and application of current Occupational Safety and Health Administration (OSHA) and Standard Precautions related to infection control in the clinical setting. This course is designed to meet OSHA and blood-borne pathogen control for medical assistants, other allied health personnel and occupations that have exposure to potentially infectious material such as blood, urine and other body fluids. The evolution of asepsis and infection control will be presented as a basis for understanding the need
for protection in health care and service environments. The application and use of personal protective equipment (PPE), aseptic handwashing techniques, disposal of biohazard material and other related topics will be explored and practiced. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

101 Medical Ethics and Legal Issues for the Allied Health Professional

1 hour lecture, 1 unit
Grade Only

Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.

This course presents future Allied Health professionals with an overview of ethical and legal practices related to the medical field. Guidelines pertaining to the laws, policies and regulations associated with medical issues and clinical practice within the various Allied Health professions, as well as those established by their associated accrediting/licensing agencies, are described and discussed. The impact of the cultural, social, ethical differences and the expectations from the patient's perspective are analyzed and assessed. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

102 Human Behavior for Allied Health Students

3 hours lecture, 3 units
Grade Only

Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.

This course introduces students in the Allied Health professions to the basic principles of human behavior and personality development as well as issues related to mental health and illness. An introduction to basic concepts related to psychology, culture and society are presented. Human behavior throughout the stages of life; birth to old age; are evaluated. Behavior associated with death, dying and grieving is also discussed. The hereditary and environmental influences as well as cultural beliefs, values, and practices regarding health and illnesses are explored. Students will also be introduced to the concepts of mental wellness and mental disorders. The different methods of treatment and therapy utilized in the rehabilitation and recovery of patients with mental illnesses will be addressed. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

103 Professionalism and Teamwork in Health Care

1 hour lecture, 1 unit
Grade Only

Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.

This course examines the professional traits and skills of the successful health care professional. Students in this course will realize the job commitment needed to pursue a career in the Allied Health field, and the professional traits and skills needed to be successful in this field. Students will be introduced to teamwork practices utilized in the Allied Health environment. Students will also become familiar with the "Code of the Professional Ethics" and "Scope of Practice" specific for the Allied Health area that applies to their individual career and interests. Lastly, students will be instructed in composing a personal resume, completing a job application and participating in the interviewing process. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

104 Medical Office Management

3 hours lecture, 3 units
Grade Only

Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5; and Medical Assisting 110 with a grade of "C" or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Computer Business Technology 237.

This course is designed to prepare Allied Health students to work in physicians’ offices, clinics, hospitals, and other medical areas. The course covers administrative and clerical functions of a medical office assistant including patient reception, scheduling appointments, telephone procedures, medical records management, written communications, patient records, office management, professional activities, and personal conduct. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

105 Human Anatomy and Physiology

3 hours lecture, 3 units
Grade Only

Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.

This course examines the structures of the human body and the functions of the major body systems including the principles of human anatomy and physiology.
Students are instructed in cell structure and physiology, tissue classification and function, and general body organization. This course is a foundation course for medical assisting majors and may also be taken by non-medical assisting majors to meet associate degree GE requirements. Associate Degree Credit only and not Transferable.

110 Medical Terminology  
3 hours lecture, 3 units  
Grade Only  
Advisory: English 56 with a grade of "C" or better, or equivalent, or Assessment Skill Level R5.  
Limitation on Enrollment: This course is not open to students with previous credit for Health Information Technology 115.  
This course covers basic medical terminology and the vocabulary of medical specialties. Special emphasis is on the use of prefixes and suffixes and non-technical explanations of medical terms and descriptions of anatomy, physiology, and pathology. Students learn to utilize medical terminology as it applies to the structure of the human body, common laboratory tests, radiological and operative procedures, as well as basic pharmacology. This course is open to the general public as well as to students in special programs or those who wish to review the information. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

112 Principles of Patient Care  
1 hour lecture, 3 hours lab, 2 units  
Grade Only  
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5. Medical Assisting 100 and 105, each with a grade of "C" or better, or equivalent.  
Limitation on Enrollment: This course is not open to students with previous credit for Medical Assisting 120.  
This course provides Medical Assisting students with the fundamentals of patient care in the clinical setting. Students will practice the communication skills needed to obtain patient information, as well as instruct and educate patients. Students will apply the principles of medical documentation to record information obtained from patient interviews, measuring vital signs, procedures performed or other pertinent patient information as an entry in the patient's medical record. Correct body mechanics needed to assist, move and position patients will be presented and students will practice positioning patients, preparing trays, measuring a patient's vital signs and assisting with general and specialized clinical procedures performed in the medical setting and within the "Scope of Practice" for the Medical Assistant. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

113 Diagnostic Testing  
3 hours lab, 1 unit  
Grade Only  
Corequisite: Completion of or concurrent enrollment in Medical Assisting 100, 105, and 110, each with a grade of "C" or better, or equivalent.  
This course presents the principles of diagnostic testing to the student. Students will learn to screen patients for various diagnostic tests and to follow-up test results. Students will be introduced to the different types of medical laboratories and will learn to apply laboratory safety practices in accordance with Standard Precautions and OSHA regulations. Methods of quality control will be introduced and applied for specimen collection, transport, and testing. Students will receive hands-on instruction and practice using common laboratory equipment to perform CLIA approved tests for the Medical Assistant, such as certain hematology, chemistry, immunology, microbiology tests, urinalysis, and respiratory function testing. Principles of radiological tests, such as X-rays, CT scanning, MRI and others will be discussed. Students will be instructed in respiratory function testing and result analysis. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

115 Pathophysiology  
3 hours lecture, 3 units  
Grade Only  
Prerequisite: Medical Assisting 105 or Medical Assisting 110 with a grade of "C" or better, or equivalent.  
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.  
The course focuses on disease processes in the human body from a systems approach. Analysis of some of the most common and significant diseases is included. The signs and symptoms, etiology, diagnosis, and treatment of disease are examined along with the appropriate medical terminology. This course is designed for students in allied health programs, but is also open to those who wish to broaden their medical background or review this information. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.
120 Basic Clinical Assisting
2 hours lecture, 3 hours lab, 3 units
Grade Only

Prerequisite: Medical Assisting 105 with a grade of “C” or better, or equivalent.
The medical assistant, as part of the medical team, professional and patient relationships and communication, examining room techniques and non-sterile treatments with emphasis on patient preparation and use of clinical records and routine medical office management. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

130 Advanced Clinical Assisting
3 hours lecture, 3 hours lab, 4 units
Grade Only

Prerequisite: Medical Assisting 120 with a grade of “C” or better, or equivalent.
Students are instructed in basic microbiology, immunology and hematology. Principles of various methods of disinfection and sterilization and principles of minor surgery as performed in the medical office. They are introduced to elementary pharmacology with emphasis on prescription reading and handling and care of medicines, preparation of patients for diagnostic examinations. Students are required to obtain CPR certification from a community source and present the certificate before completion of the course. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

145 Directed Clinical Practice
225 hours (total), 3 units
Grade Only

Prerequisite: Medical Assisting 110 and Medical Assisting 120, each with a grade of "C" or better, or equivalent.
Limitation on Enrollment: Special Admission - must be admitted to program.
This course is designed to give medical assisting students hands-on clinical experience at a medical facility. Students have the opportunity to practice and perfect skills learned in prior medical assisting courses. The directed clinical practice is coordinated by a member of the college staff. Supervision of students is shared by the staff of the affiliating institution and the college faculty. 225 clinical hours are required to complete this course. This is an unpaid position in a clinical office. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

150 Phlebotomy
2 hours lecture, 1 hour lab, 2 units
Grade Only

Advisory: English 51 and English 56 and Mathematics 95, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5, R5, and M40.
This course prepares students to perform vein punctures, capillary punctures, and basic blood lab tests required for entry-level positions in hospitals, clinics, and other health care settings as a phlebotomy technician in accordance with the regulations set forth by the California Department of Health Services and Laboratory Services. Students successfully completing the Certificate of Completion in Phlebotomy requirements are eligible to become California certified phlebotomy technicians. This course is designed to introduce these techniques. More experience is needed to become proficient. (FT) Associate Degree Credit only and not Transferable.

210 Principles of Sterile Technique
1.5 hours lab, .5 units
Grade Only

Prerequisite: Medical Assisting 100 with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Medical Assisting 130.
This course presents the principles and application of sterile technique; and the policies and regulations established by the Occupational Safety and Health Administration (OSHA), Standard Precautions, and other federal and state agencies related to this topic. The course also covers the differences between medical and surgical asepsis; and sanitization, disinfection and sterilization. The students will sterilize instruments, materials and equipment using a variety of methods and set-ups to maintain and work in a sterile field. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

220 Electrocardiogram Application
1.5 hours lab, .5 unit
Grade Only

Corequisite: Completion of or concurrent enrollment in Medical Assisting 100, 105 and 110, each with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Medical Assisting 130.
This course presents the student with the basic principles of performing and analyzing an electrocardiogram (ECG). Students will review the anatomy, physiology and electrophysiology of the heart and circulatory system as it pertains to an ECG. The
basic components of an ECG, types of cardiac rhythms; both normal and abnormal will be presented. Students will perform and analyze a normal 12-Lead ECG. Finally, students will become familiar with and able to identify the abnormal cardiac rates, rhythms and conditions that can be diagnosed utilizing an ECG. This course is appropriate for medical care workers with a need for this information. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**230 Minor Surgery**

1.5 hours lab, .5 units  
Grade Only  

**Prerequisite:** Medical Assisting 100 and 105, each with a grade of "C" or better, or equivalent.  

**Limitation on Enrollment:** This course is not open to students with previous credit for Medical Assisting 130. This course introduces the students to the principles of minor surgery, its history and settings. Students will become familiar with a variety of common surgical procedures and utilize the instruments, materials and supplies used in the procedures in an aseptic manner. Patient pre-operative and post operative processing will also be presented and practiced. Alternate surgical procedures will be discussed. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**240 Accounting for Medical Offices**

3 hours lecture, 3 units  
Grade Only  

**Advisory:** English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5. Medical Assisting 110 with a grade of "C" or better, or equivalent.  

**Limitation on Enrollment:** This course is not open to students with previous credit for Accounting 186. This course introduces and instructs allied health students in the use of accounting systems for medical and dental offices, including the pegboard and computerized accounting systems. Emphasis is placed on medical accounting terminology, ledgers, methods used in payroll accounting, and preparation of account charts. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**245 Medical Insurance Procedures**

3 hours lecture, 3 units  
Grade Only  

**Advisory:** English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5; and Medical Assisting 110 with a grade of "C" or better, or equivalent.  

**Limitation on Enrollment:** This course is not open to students with previous credit for Computer Business Technology 238.

This course prepares students to work with insurance forms in medical offices, hospitals, and other clinical settings. The course is a survey of health insurance plans with emphasis on correct completion of benefit and claim forms for various types of health insurance. Students are instructed in the proper use of procedural and diagnostic coding utilizing the most current editions of Physicians Current Procedural Terminology and International Classification of Diseases. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**250 Medication Administration Practicum**

1.5 hours lab, .5 units  
Grade Only  

**Advisory:** English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5. Health Information Technology 125 with a grade of "C" or better, or equivalent.  

**Limitation on Enrollment:** This course is not open to students with previous credit for Medical Assisting 130. In this course students will practice the hands-on-application of medication administration. The course will present the principles and the guidelines for reading and interpreting a medical prescription. The course content will also stress the mechanisms for calculating, measuring and administering drugs; both orally and parenterally using placebos to carry out the medical prescription. Principles of intravenous (I.V.) therapy will be discussed. Students will maintain medication and immunization records in accordance with the appropriate application of documentation and record preparation principles. Also covered in this course are the complications of medication administration and the immediate measures that need to be applied in each situation. Students should be aware that they will be performing and practicing invasive procedures on each other as one of the course requirements. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**290 Independent Study**

Hours by Arrangement, 1-3 units  
Grade Only  

**Limitation on Enrollment:** Must obtain an Add Code from instructor for registration.  

Provides for additional research, academic or clinical experiences for students with special interest. The course consists of individualized research problems, conferences with the instructor at prearranged intervals.
and a final written report on the work completed. This course may be taken four times with different content for a maximum of six units. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

340A Principles of Phlebotomy
1 hour lecture, 3 hours lab, 2 units

Grade Only

Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.

Limitation on Enrollment: This course is not open to students with previous credit for or concurrent enrollment in Medical Assisting 150.

This course instructs students in the performance of basic venipuncture, capillary puncture techniques and the basic blood lab tests required for entry-level positions in hospitals, clinics, and other health care settings as a phlebotomy technician. Course topics are in compliance with the regulations of the California Department of Health Services and Laboratory Services for California certification as a phlebotomy technician, including the role of the technician in the allied health field, principles of OSHA regulations and blood-borne pathogen control, patient processing review of clinical lab, and anatomy of blood and blood vessels. This course is open to students reviewing these principles. A certificate of completion in phlebotomy is awarded after successful completion of additional courses. (FT) Associate Degree Credit only and not Transferable.

340B Phlebotomy Directed Clinical Practice
1 unit

Grade Only

Prerequisite: Medical Assisting 340A with a grade of “C” or better, or equivalent.

This course is an unpaid clinical experience designed for students who want to achieve a certificate of completion in phlebotomy. Students complete 50-100 blood draws and 25 skin sticks at an appropriate clinical site in accordance with the requirements needed for national certification. The certificate of completion in phlebotomy meets the requirements needed to attempt the appropriate certifying exam specified for national certification as a phlebotomy technician. The course is also open to students to gain additional experience in phlebotomy. Seventy-five hours at the clinical site must be completed to meet the requirements of this course. (FT) Associate Degree Credit only and not Transferable.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.
intended to prepare students to take Microsoft MCSE certification exam 70-219. (FT) Associate Degree Credit only and not Transferable.

056 Designing a Microsoft Windows 2000 Network Infrastructure
1 hour lecture, 3 hours lab, 2 units
Grade Only
Prerequisite: Microsoft 55 with a grade of “C” or better, or equivalent.
This course offers students the opportunity to gain the knowledge and skills necessary to analyze the business requirements for a network infrastructure and design a network infrastructure that meets business requirements. This course follows the Official Microsoft Curriculum and is intended to prepare students to take Microsoft MCSE certification exam 70-221. (FT) Associate Degree Credit only and not Transferable.

057 Designing Security for a Microsoft Windows 2000 Network
1.5 hours lecture, 3 hours lab, 2.5 units
Grade Only
Prerequisite: Microsoft 56 with a grade of “C” or better, or equivalent.
This course presents an overview of the knowledge and skills necessary to analyze business requirements for security and to design a security solution that meets business requirements. This course follows the Official Microsoft Curriculum and is intended to prepare students to take Microsoft MCSE certification exam 70-220. (FT) Associate Degree Credit only and not Transferable.

058 Managing a Microsoft Network Environment
4.5 hours lab, 1.5 units
Grade Only
This course provides students with the knowledge and skills necessary to install, manage, monitor, configure, and troubleshoot Dynamic Host Configuration (DHCP), Remote Access, and Network Protocols in a Windows network environment. This course follows Microsoft Official Curriculum (MOC) and is intended to prepare students to take Microsoft Certified Systems Engineer (MCSE) Certification Exam 70-218 (or current test). This course may be taken three times with new technologies. (FT) Associate Degree Credit only and not Transferable.

130 Installing, Configuring, and Administering Windows Clients
1 hour lecture, 4.5 hours lab, 2.5 units
Grade Only
Advisory: Microsoft 50 with a grade of “C” or better, or equivalent.
This course provides students with the knowledge and skills necessary to install, configure, administer, and troubleshoot a Microsoft Windows client operating system in a network environment. The course follows the Microsoft Official Curriculum (MOC) and it is intended to prepare the students to take the Microsoft’s client component of the Microsoft Certified Systems Engineer (MCSE) or Microsoft Systems Administrator (MCSA) certification exam. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

132 Manage and Maintain Windows Server
1.5 hours lecture, 4.5 hours lab, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: Microsoft 130 with a grade of "C" or better, or equivalent.
This course provides students with the knowledge and skills necessary to install, manage, and troubleshoot Windows server. The students will learn to manage accounts and resources, maintain server resources, monitor server performance, and safeguard data in a Microsoft Windows server environment. This course follows the Microsoft Official Curriculum (MOC) and it is intended to prepare students to take the Microsoft’s server component of the Microsoft Certified Systems Engineer (MCSE), Microsoft Certified Database Administrator (MCDBA), or Microsoft Certified Systems Administrator (MCSA) certification exam. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

134 Implementing, Managing, and Maintaining Network Infrastructure I
.5 hour lecture, 3 hours lab, 1.5 units
Letter Grade or Credit/No Credit Option
Prerequisite: Microsoft 130 and Microsoft 132, each with a grade of "C" or better, or equivalent.
This course is the first part of the Microsoft Implementing, Managing, and Maintaining a Microsoft Server Network Infrastructure series and provides students with the knowledge and skills necessary to configure, manage, and troubleshoot a Windows Server network infrastructure. The students learn to implement routing; plan, implement, manage, and maintain
Dynamic Host Configuration Protocol (DHCP), Domain Name System (DNS), and Software Update Services (SUS); implement security, and implement a network access infrastructure through various techniques. This course follows the Microsoft Official Curriculum (MOC) and it is intended to prepare students to take the Microsoft’s Implementing, Managing, and Maintaining a Microsoft Windows Server 2003 Network Infrastructure (Network Services) component of the Microsoft Certified Systems Engineer (MCSE) certification exam (Microsoft Exam # 70-291). This course may be taken three times with new technologies. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

160 Microsoft Exchange Server Administration
1 hour lecture, 4.5 hours lab, 2.5 units

Letter Grade or Credit/No Credit Option

Prerequisite: Microsoft 132 with a grade of "C" or better, or equivalent.

This course provides students with the knowledge and skills necessary to install, configure and administer a Microsoft Exchange Server. Emphasis is placed on practical hands-on learning through projects in each chapter. This course follows Microsoft Official Curriculum (MOC) and provides the student with the skills required to pass Microsoft Certification 70-284 (or current test). (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

112 Multimedia Authoring
3 hours lecture, 3 hours lab, 4 units

Letter Grade or Credit/No Credit Option

Advisory: Multimedia 101 with a grade of "C" or better, or equivalent.

This course is a guided digital studio approach to developing skills in digital image media design, time-based media design systems, and World Wide Web based media design. Students that are interested in creating interactive web sites, games or application would benefit from taking this course. The student acquires the necessary skills to produce a project in each medium and presents the portfolio preparation of a selected project of interest. This course is required for the Associate Degree in Multimedia, (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

114 Intermediate Flash
3 hours lecture, 3 hours lab, 4 units

Letter Grade or Credit/No Credit Option

Advisory: Multimedia 112 with a grade of "C" or better, or equivalent.

This is a projects-based intermediate Flash course developing skills in digital image media design, time-based media design systems, and World Wide Web based media design and techniques of Macromedia Flash ActionScript. Basic programming skills will be acquired by those students who have no programming background but want to continue to develop web technologies using Flash. Hands-on experience developing interactive web-based multimedia presentations incorporating ActionScript, sound, and graphics will be taught. The course is repeatable with a change in software. This course is required for the Associate Degree in Multimedia. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

118 Multimedia Production
2 hours lecture, 3 hours lab, 3 units

Letter Grade or Credit/No Credit Option

Advisory: Multimedia 101 and Multimedia 112, each with a grade of "C" or better, or equivalent.
Multimedia Production is a hands-on course in multimedia project planning and production. Students work in teams to design and complete an interactive media project. Original visual and time-based media elements are incorporated, providing each student with a portfolio preparation that presents all skills obtained in the program. This course is intended for students preparing for careers in the multimedia industry. (FT) Associate Degree Credit and not Transferable.

120 Introduction to Video Game Development  
3 hours lecture, 3 units  
Grade Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
This is an introduction to the dynamic field of video game development. It is designed for individuals who wish to enter designer positions in the video game industry. Students learn the history of video games and the elements of video game design and architecture. Students also learn the roles of various teams in the development process and the process of quality assurance testing of video games. This course may be offered via technologically mediated instruction. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

121 Digital Image Editing  
3 hours lecture, 3 units  
Letter Grade or Credit/No Credit Option
Advisory: Multimedia 112 with a grade of “C” or better, or equivalent.
This pragmatic course develops skills in the advanced use of bitmap media design software applications. The student develops expert skills in producing bitmap media elements for the diverse range of applications. Students will present a portfolio of a selected project of interest. This course is intended for students who plan to pursue a career in the multimedia industry. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

122 Vector Image Editing  
3 hours lecture, 3 units  
Grade Only
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course provides the students an exposure to the use of vector media design software applications in producing vector media elements for a diverse range of applications. This course and other multimedia courses are intended for multimedia, art, graphic design, and architecture students who plan to pursue a career in the multimedia industry or other related industries. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

123 Digital Video  
3 hours lecture, 3 units  
Letter Grade or Credit/No Credit Option
Advisory: Multimedia 112 with a grade of “C” or better, or equivalent.
This is an advanced course on the use of Adobe Premier and Nonlinear Digital Video Editing Systems. The process of digital video development and production is covered as students work on projects using non-linear video editing techniques. Related topics include the history of film and traditional filmmaking. This course is intended for students pursuing careers in the multimedia industry. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

127 Creating User-Centered Websites  
2.5 hours lecture, 1.5 hours lab, 3 units  
Grade Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5; completion of or concurrent enrollment in Computer Business Technology 114 and 161 and Multimedia 101 and 121, each with a grade of “C” or better, or equivalent.
This course teaches strategies and processes for developing websites and multimedia projects that are user-centered and meet industry standards of usability. User-centered websites are ADA (Americans with Disabilities Act) accessible, functional, and searchable by search engines. Students learn how to design a user-centered website and multimedia projects using a succinct writing style, HTML/XHTML, cascading style sheets (CSS), well-designed navigation, and effective design. Students create and post a website to the Internet. This course is designed for students pursuing a career in multimedia, web development, business or communication. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

137 Introduction to 3D Animation I  
3 hours lecture, 3 units  
Letter Grade or Credit/No Credit Option
Advisory: Multimedia 112 with a grade of “C” or better, or equivalent.
This course is a guided digital studio approach to developing skills in the use of 3D animation and 3D modeling software applications. The student acquires
the necessary skills to produce and present the portfolio preparation of a selected project of interest. This course is intended for students pursuing a career in the multimedia industry. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

139 3D Character Animation II

3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: Multimedia 137 with a grade of “C” or better, or equivalent.
This course is a guided digital studio approach to production. This course combines exercises and individual and group projects to develop necessary skills and techniques in digital studio production. The course is intended for students who are preparing for more advanced study in 3D modeling and animation. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

141 3D Animation: Realism

3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: Multimedia 139 with a grade of “C” or better, or equivalent.
This course is an advanced study in character animation and feature length digital media production. Exercises, individual and group projects prepare the student for employment in the 3D modeling and animation industry. This course is intended for individuals pursuing careers in the 3D and animation segment of the multimedia industry. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

143 3D Animation: Production Studio

3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: Multimedia 141 with a grade of “C” or better, or equivalent.
This course is a balanced combination of hands-on sessions, exercises, individual and group projects. The course structure emphasizes the relationships among anatomy, motion, weight, and timing. This course prepares students for employment in the 3D modeling and animation industry. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

100 Introduction to Music

3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
This is a survey course designed to develop listening perception through lectures, recordings, films and concerts. The conceptual and stylistic differences in music from various periods and cultures will be examined through discussion of the elements of music as well as through discussions of ethnic, jazz, vocal instrumental and 20th century music. This course is designed to support students in all majors who are interested in satisfying the general education requirements for Arts and Humanities. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

101 Music History I: Middle Ages to Mid 18th Century

3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5; and Music 150A with a grade of “C” or better, or equivalent.
This course is a study of Western (European) music from the Middle Ages through the middle of the 18th century. Emphasis is on aural and visual recognition of style, form, and other musical elements, examined through representative works of composers of each historical period. This course is designed for but not limited to music majors. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

102 Music History II: Mid 18th to Early 20th Century

3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5; and Music 150A, with a grade of “C” or better, or equivalent.
This course is a study of Western (European) music from the middle of the 18th century through the early 20th century. Emphasis is on aural and visual recognition of style, form, and other musical elements examined through representative works of major composers of each historical period. This course is designed for but not limited to music majors. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

105 Music of Our Time
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course is a study of music history and music current affairs from 1900 to the present day. Methods and issues that innovative musical artists have faced or currently face are examined. The nature of the compositional act as it has evolved over the past 100 years is also explored. Students study a wide variety of styles, forms and media of musical output in this historical period from as many different perspectives as possible. This course is designed for both the general student as well as students who intend to further their music studies. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

109 World Music
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
This music survey course explores the music cultures of Asia, the Middle East, Africa, Central and South America, the Caribbean and other areas with resident populations in San Diego. Musical practices and perspectives from several music cultures are studied with an emphasis on understanding and appreciation from non-ethnocentric viewpoints. Listening perception is developed through lectures and multimedia presentations. The course is intended to satisfy general education requirements for Arts and Humanities and satisfies the San Diego Community College District's Multicultural Course Studies requirement. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

110 Music for Elementary School Teachers
2.5 hours lecture, 1.5 hours lab, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course prepares students to teach music as part of the curriculum in the elementary school classroom, the preschool, or day-care program. Students develop an understanding of musical concepts primarily by singing and/or playing an instrument and create lesson plans for teaching these concepts to children. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

111 Jazz - History and Development
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course is a survey of the history and development of jazz in the United States. Emphasis is placed on the origins of jazz, the variety of styles that developed throughout the twentieth century, current trends and outstanding performers and composers. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

115A Class Piano I
.5 hours lecture, 1.5 hours lab, 1 unit
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course introduces basic skills to music majors whose theoretical and practical keyboard skills are deficient, and to non-music majors who have had little or no experience at the piano. This course focuses on developing repertoire, sight reading, transposition, harmonization, creative composition, and modulation techniques. (FT) Transfer credits: CSU and/or private colleges and universities. UC Transfer Course List. (CAN MUS 22).

115B Class Piano II
.5 hours lecture, 1.5 hours lab, 1 unit
Letter Grade or Credit/No Credit Option
Prerequisite: Music 115A with a grade of "C" or better, or equivalent.
This course is a continuation of Music 115 A, with an emphasis on moderately difficult techniques in developing repertoire, keyboard techniques, sight-reading, transposition, harmonization, creative
composition, improvisation, ensemble playing, and modulation techniques. This course is appropriate for music majors whose theoretical and practical keyboard skills are deficient as well as for non-music majors. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN MUS 24).

**120 Beginning Voice Class**

1.5 hour lecture, 1.5 hours lab, 2 units  
Letter Grade or Credit/No Credit Option  
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.  
Limitation on Enrollment: This course is not open to students with previous credit for Music 120A. Beginning Voice Class is an introductory study of efficient vocal production and performance. Beginning exercises for breath management, extending the vocal range, increasing vocal resonance and volume, and singing in an expressive manner are introduced. Vocal exercises and solos are performed to demonstrate these skills. Choral singers, all music majors and students considering music as a major benefit from this class. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

**121 Intermediate Voice**

1.5 hours lecture, 1.5 hours lab, 2 units  
Letter Grade or Credit/No Credit Option  
Prerequisite: Music 120 with a grade of "C" or better, or equivalent.  
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.  
Limitation on Enrollment: This course is not open to students with previous credit for Music 120B. Intermediate Voice is an in-depth study of specific elements of efficient vocal technique and performance. These include breath management via body alignment, managing stage fright, and analyzing the expressive elements of selected music. Vocal exercises and songs from various music styles are performed including selections made by students. Choral singers, all music majors, elementary education majors and students considering singing as a profession benefit from this class. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

**123 Recital Hour**

1.5 hours lab, .5 unit  
Grade Only  
This course offers a series of live musical events in a variety of styles, including traditional classical music as well as music from diverse cultures. Presentations feature well-known international performers, music faculty, and music student performers. Students in this course participate by active listening and completing a workbook that describes and assesses their musical experiences and perceptions. No musical experience is assumed or required. This course is required for music majors seeking an associate degree. The content of this course will differ each semester. This course may be taken four times for credit. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**125 Music, The Arts, and Humanity**

3 hours lecture, 3 units  
Letter Grade or Credit/No Credit Option  
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.  
This course is a multi-cultural, multimedia approach to the living musical, expressive and ceremonial art forms and cultural context of the major continents. Cultures in the United States that have been traditionally under represented in the curriculum will be emphasized. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

**132A Classical Guitar I**

0.5 hours lecture, 1.5 hours lab, 1 unit  
Letter Grade or Credit/No Credit Option  
Advisory: Music 150A with a grade of "C" or better, or equivalent.  
This is the first of a two-semester sequence of courses that present the study of classical guitar. The beginning course introduces basic skills to students who have had little or no experience with the guitar. The course is intended for students who are interested in learning the fundamentals of classical guitar and elementary music skills. This course focuses on developing right and left-hand technique and sight-reading. Lectures are followed by practical application on the instrument. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.
132B Classical Guitar II
0.5 hour lecture, 1.5 hours lab, 1 unit
Letter Grade or Credit/No Credit Option

Prerequisite: Music 132A with a grade of “C” or better, or equivalent.
This is the second in a two-semester sequence of study of classical guitar. In this course students are introduced to a set of broad-ranging technical skills, including mastery of the fretboard, chord chart reading, and sight-reading. This course also introduces level-appropriate literature, including works from several periods and styles, with an emphasis on interpretation skills. Lectures are followed by practical application on the instrument. Students apply the skills and techniques developed in this class in live performances. (FT)  Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

150A Basic Musicianship
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option

This course is designed for music majors as well as non-music majors. It enables the student to develop perceptions in sight and sound as related to the symbols of rhythmic, melodic, and harmonic notation. It will also enable the student to develop skill in writing, major, minor, and chromatic scales, chord construction and intervals; and to identify terms used to indicate tempo and dynamics. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

158A Music Theory I
4 hours lecture, 4 units
Letter Grade or Credit/No Credit Option

Prerequisite: Music 150A with a grade of “C” or better, or equivalent.
Advisory: Concurrent enrollment in Music 268A.
This course is an intensive study of diatonic harmony in major and minor modes and includes structural and stylistic analysis of music from the period 1600-1750. The emphasis is on development of four-part writing skills within the context of functional diatonic tonality; the interpretation of figured bass symbols, melodic construction and its interaction with harmony, rhythm and structure. This course is designed for the student pursuing music as a major or for the student interested in enhancing technical knowledge of music. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN MUS 2) (CAN MUS SEQ A = MUSI 158A + 158B).

158B Music Theory II
4 hours lecture, 4 units
Letter Grade or Credit/No Credit Option

Prerequisite: Music 158A with a grade of “C” or better, or equivalent.
Advisory: Concurrent enrollment in Music 268B.
This course is a continuation of 158A. It is an intensive study of diatonic harmony in major and minor modes and includes structural and stylistic analysis of music of the “common practice” period (1700-1900). The emphasis is on continued development of four-part writing skills using seventh and borrowed chords, the process of modulation; melodic construction using non-harmonic tones; analysis of Bach Chorales and of binary and ternary forms. This course is designed for the student pursuing music as a major or for the student interested in enhancing technical knowledge of music. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN MUS 4) (CAN MUS SEQ A = MUSI 158A + 158B).

190 The Electronic Music Studio
2.5 hours lecture, 1.5 hours lab, 3 units
Letter Grade or Credit/No Credit Option

Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5; and completion of or concurrent enrollment in Music 150A with a grade of “C” or better, or equivalent.
This course is a study of recording and electronic music equipment. It is a prerequisite to future work in the electronic music studio and also prepares students for a major in music. The course demonstrates basic techniques using microphones, tape recorders, the mixing board, synthesizers, samplers and music applications such as sequencing on computers. Emphasis is on students’ acquisition of basic skills needed for practical application and on acquiring knowledge of simple electronic and acoustic theory, including Musical Instrument Digital Interface (MIDI). Students design and create special projects using this equipment and proper protocol during lab hours and present their projects in class. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

201 Recording Arts
2.5 hours lecture, 1.5 hours lab, 3 units
Letter Grade or Credit/No Credit Option

Prerequisite: Music 190 with a grade of “C” or better, or equivalent.
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5; and completion of or concurrent enrollment in Music 150A, with a grade of "C" or better, or equivalent.

This course is a study of advanced acoustics and electronic theory as applied to recording, mixing, and sound processing. The course will demonstrate various applications of advanced tape recording, microphone use, and mixing, such as tape editing, effects processing, music concrete composition, and other techniques for music composition. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

202 Computer Music
2.5 hours lecture, 1.5 hours lab, 3 units
Letter Grade or Credit/No Credit Option

Prerequisite: Music 190 with a grade of "C" or better, or equivalent.

Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5; and Music 150A with a grade of "C" or better, or equivalent.

This course is a study of the application of contemporary digital technology to the practice of music performance and composition. The emphasis of this course is on the acquisition of computer skills to access and manipulate musical data via MIDI and other digital formats. These skills allow students to digitally sample sounds, control synthesizers and samplers, synchronize computers to tape, sequence music, transcribe and print musical scores and conceive new techniques for music composition. This course is designed for students who are interested in continuing their education in the Electronic Music Studio. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

205A Projects in Electronic Music
2.5 hours lecture, 1.5 hours lab, 3 units
Letter Grade or Credit/No Credit Option

Prerequisite: Music 190 with a grade of "C" or better, or equivalent.

Advisory: Music 201 or Music 202 with a grade of "C" or better, or equivalent.

In this course, students create a portfolio of music recordings and/or productions in an electronic music studio. Assigned projects incorporate composition, arranging, engineering, and production applications in a variety of media environments. Students analyze the nature of sound, sound production, sound enhancement, and the resulting music created. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

206A Projects in Composition
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option

Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5; and completion of or concurrent enrollment in Music 150A with a grade of "C" or better, or equivalent;

In this course students learn to work efficiently as composers with the added support of constant positive feedback. This course is not limited to composing in a classical style but addresses broader issues common to all styles and genres. Included are such studies in compositional principles of form and structure, and other issues that enable students to analyze the nature of their musical creativity. The emphasis is on the students’ examining from a critical standpoint weaknesses and strengths in their own original compositions as well as that of their peers, and on the students’ developing their creative potential. In addition to music majors and students with advanced knowledge of music, this course is intended for any students actively creating their own music. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.
206B Projects in Composition

3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option

Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5; and Music 150A with a grade of "C" or better, or equivalent; and completion of or concurrent enrollment in Music 190 (students have the option to create their music with the aid of recording facilities and computer workstations on campus if they are currently enrolled in or have passed Music 190 with a grade of "C" or better, or equivalent).

This course is a companion course to Music 206A and is designed to allow students, with the aid of recording facilities and computer workstations running music software, to pursue their work as composers. This course is not limited to composing in a classical style but addresses broader issues common to all styles and genres. Included are such studies in compositional principles of balance, texture, dramatic emphasis and other issues that enable students to analyze the nature of their musical creativity. Upon completion of the Music 206 course sequence students have a portfolio of original music. In addition to music majors and students with advanced knowledge of music, this course is intended for any students actively creating their own music. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

209 Electronic Music Studio Internship

4 hours lab, 1 units
Grade Only

Prerequisite: Music 190 with a grade of "C" or better, or equivalent.

Advisory: Completion of or concurrent enrollment in Music 201 or Music 202 with a grade of "C" or better, or equivalent.

Limitation on Enrollment: Tryout or Audition.

This course allows advanced students in recording arts and computer music to get credit for assisting others in the Electronic Music Studio lab. After audition students are assigned to assist beginning and intermediate students from other classes working in the Electronic Music Studio lab. In this way students reinforce their knowledge and skills by guiding and mentoring others on the basis of what they had learned by seeing and doing in previous courses. This course may be taken four times for credit. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

212 Vocal Ensemble

1 hour lecture, 3 hours lab, 2 units
Letter Grade or Credit/No Credit Option

Advisory: Music 120 and 268A, each with a grade of "C" or better, or equivalent.

Limitation on Enrollment: Tryout or Audition. Students must audition to enroll in this class. This course is not open to students with previous credit for Music 212 A, B, C and D.

The Vocal Ensemble is an intermediate choral ensemble that focuses on developing music-reading and vocal skills in the preparation and performance of a wide variety of choral works. Enrollment is by audition. Members are expected to have some previous choral, and vocal experience. This course may be taken four times for credit so that students have the opportunity to improve their rehearsal and performance skills by performing new repertoire each semester. Attendance at rehearsals and performances is required. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

212A Vocal Ensemble I (Men and Women)

1 hour lecture, 4 hours lab, 2 units
Letter Grade or Credit/No Credit Option

Emphasizing vocal ensemble singing, sight-reading and the study of vocal chamber music chosen from the Renaissance period to the present day, and including the popular idiom. Attendance at rehearsals and performances is required. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

212B Vocal Ensemble II (Men and Women)

1 hour lecture, 4 hours lab, 2 units
Letter Grade or Credit/No Credit Option

Continuation of Music 212A. Emphasizing vocal ensemble singing, sight-reading and the study of vocal chamber music chosen from the Renaissance period to the present day, and including the popular idiom. Attendance at all rehearsals and performances is required. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

212C Vocal Ensemble III (Men and Women)

1 hour lecture, 4 hours lab, 2 units
Letter Grade or Credit/No Credit Option

Continuation of Music 212B. Emphasizing vocal ensemble singing, sight-reading and the study of vocal chamber music chosen from the Renaissance period to the present day, and including the popular idiom. Attendance at all rehearsals and performances is
required. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

212D Vocal Ensemble IV (Men and Women)  
1 hour lecture, 4 hours lab, 2 units  
Letter Grade or Credit/No Credit Option  
Continuation of Music 212C. Emphasizing vocal ensemble singing, sight-reading and the study of vocal chamber music chosen from the Renaissance period to the present day, and including the popular idiom. Attendance at all rehearsals and performances is required. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

214A Concert Choir I (Men and Women)  
1 hour lecture, 2 hours lab, 1.5 units  
Letter Grade or Credit/No Credit Option  
Emphasis on sight-reading skills and the study and performance of a wide range of choral music. Attendance at rehearsals and performances is required. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

214B Concert Choir II (Men and Women)  
1 hour lecture, 2 hours lab, 1.5 units  
Letter Grade or Credit/No Credit Option  
Continuation of Music 214A. Emphasis on sight-reading skills and the study and performance of a wide range of choral music. Attendance at rehearsals and performances is required. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

214C Concert Choir III (Men and Women)  
1 hour lecture, 2 hours lab, 1.5 units  
Letter Grade or Credit/No Credit Option  
Continuation of Music 214B. Emphasis on sight-reading skills and the study and performance of a wide range of choral music. Attendance at rehearsals and performances is required. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

214D Concert Choir IV (Men and Women)  
1 hour lecture, 2 hours lab, 1.5 units  
Letter Grade or Credit/No Credit Option  
Continuation of Music 214C. Emphasis on sight-reading skills and the study and performance of a wide range of choral music. Attendance at rehearsals and performances is required. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

215A Class Piano III  
.5 hours lecture, 1.5 hours lab, 1 unit  
Letter Grade or Credit/No Credit Option  
Prerequisite: Music 115B with a grade of "C" or better, or equivalent.  
This course is an intermediate level of study of practical and theoretical keyboard techniques for music majors, credential applicants, and non-music majors with comparable skills. The course focuses on intermediate skill development of repertoire, keyboard technique, sight-reading, transposition, harmonization, creative composition, improvisation, ensemble playing, and modulation techniques. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

215B Class Piano IV  
.5 hours lecture, 1.5 hours lab, 1 unit  
Letter Grade or Credit/No Credit Option  
Prerequisite: Music 215A with a grade of "C" or better, or equivalent.  
This course is an advanced level of study of practical and theoretical keyboard techniques for music majors, credential applicants, and non-music majors with comparable skills. The course focuses on advanced skill development of repertoire, keyboard technique, sight-reading, transposition, harmonization, creative composition, improvisation, ensemble playing, and modulation techniques. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

240 Advanced Voice Class I  
1.5 hours lecture, 1.5 hours lab, 2 units  
Letter Grade or Credit/No Credit Option  
Prerequisite: Music 120 with a grade of "C" or better, or equivalent.  
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.  
Limitation on Enrollment: This course is not open to students with previous credit for Music 240 A.  
Advanced Voice I is an in-depth study of specific elements of efficient vocal technique and performance. These include breath management in relation to vocal onset, resonance and vocal registers, expressive singing and stage presence. Vocal exercises and songs from various music styles are performed including selections made by students. Choral singers, all music majors, elementary education majors and students considering singing as a profession benefit from this class. (FT)
Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

241 Advanced Voice II
1.5 hours lecture, 1.5 hours lab, 2 units
Letter Grade or Credit/No Credit Option
Prerequisite: Music 120 with a grade of "C" or better, or equivalent.
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
Limitation on Enrollment: This course is not open to students with previous credit for Music 240 B.
Advanced Voice II is an in-depth study of specific elements of efficient vocal technique and performance. These include the application of flexible breath energy, range extension, coordinating technique and communication, vocal health, and the physical structure of the larynx. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

250A Concert Band
3 hours lab, 1 unit
Letter Grade or Credit/No Credit Option
Advisory: Music 150A with a grade of “C” or better, or equivalent.
Study and performance of concert and standard band literature as well as other literature to be arranged. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

250B Concert Band
3 hours lab, 1 unit
Letter Grade or Credit/No Credit Option
Advisory: Music 150A with a grade of “C” or better, or equivalent.
Study and performance of concert and standard band literature as well as other literature to be arranged. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

250C Concert Band
3 hours lab, 1 unit
Letter Grade or Credit/No Credit Option
Advisory: Music 150A with a grade of “C” or better, or equivalent.
Study and performance of concert and standard band literature as well as other literature to be arranged. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

250D Concert Band
3 hours lab, 1 unit
Letter Grade or Credit/No Credit Option
Advisory: Music 150A with a grade of “C” or better, or equivalent.
Study and performance of concert and standard band literature as well as other literature to be arranged. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

252 Concert Jazz Band
3-9 hours lab, 1-3 units
Letter Grade or Credit/No Credit Option
Limitation on Enrollment: Audition/Try Out
A selected group of limited membership devoted to the preparation and performance of the best contemporary jazz and stage band literature. Designed to meet the needs of the student desiring to enter the field of professional stage band work, but open to qualified students of any department of the college. The group gives public concerts and supplies music for college functions. Attendance at rehearsals and performances is an integral part of this course. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

253A Ensembles
3-9 hours lab, 1-3 units
Letter Grade or Credit/No Credit Option
Advisory: Music 150A with a grade of “C” or better, or equivalent.
Music 253A is the study and performance of selected ensemble works. After audition each student is assigned to a like ensemble. These ensembles will be organized to meet the technical and aesthetic needs of the student. Special training will be given in ensemble technique and current performance practices. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

253B Ensembles
3-9 hours lab, 1-3 units
Letter Grade or Credit/No Credit Option
Advisory: Music 150A with a grade of “C” or better, or equivalent.
A second level continuation of Music 253A; refer to Music 253A for detailed description. (FT) Associate
253C Ensembles

3-9 hours lab, 1-3 units
Letter Grade or Credit/No Credit Option
Advisory: Music 150A with a grade of “C” or better, or equivalent.
A third level continuation of Music 253B; refer to Music 253A for detailed description. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

253D Ensembles

3-9 hours lab, 1-3 units
Letter Grade or Credit/No Credit Option
Advisory: Music 150A with a grade of “C” or better, or equivalent.
A fourth level continuation of Music 253C; refer to Music 253A for detailed description. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

254 Instrumental Ensemble

3 hours lab, 1 unit
Letter Grade or Credit/No Credit Option
Advisory: Music 150A with a grade of “C” or better, or equivalent.
A selected group of limited membership devoted to the preparation and performance of the best contemporary jazz and stage band literature. The group is a performance band. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

258A Music Theory III

4 hours lecture, 4 units
Letter Grade or Credit/No Credit Option
Prerequisite: Music 158B with a grade of "C" or better, or equivalent.
Advisory: Concurrent enrollment in Music 269A.
This course is a continuation of 158B. It includes a detailed structural analysis and study of compositional techniques in the music of the 18th and 19th centuries. The emphasis is on further development of writing skills using chromatic harmony including secondary dominants and altered chords; the analysis and writing of two-part tonal counterpoint; the analysis of Sonata-form, Rondo, Theme and Variations. This course is designed for the student pursuing music as a major or for the student interested in enhancing technical knowledge of music. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN MUS 6, when taken with MUSI 258B).

258B Music Theory IV

4 hours lecture, 4 units
Letter Grade or Credit/No Credit Option
Prerequisite: Music 258A with a grade of "C" or better, or equivalent.
Advisory: Concurrent enrollment in Music 269B.
This course is a continuation of 258A. It includes a detailed structural analysis and study of compositional techniques in the music of the 19th and 20th centuries. The emphasis is on the study of the new resources that emerged in the music of the late 19th and early 20th centuries including non-functional harmony, polytonality, atonality and serial techniques; analysis of music by Wagner, Debussy, Stravinsky and Schoenberg. This course is designed for the student pursuing music as a major or for the student interested in enhancing technical knowledge of music. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN MUS 6, when taken with MUSI 258B).

268A Beginning Ear Training Laboratory I

3 hours lab, 1 unit
Letter Grade or Credit/No Credit Option
Prerequisite: Music 150A with a grade of “C” or better, or equivalent.
This course consists of laboratory work in sight singing, melodic dictation, harmonic identification and rhythmic dictation designed to provide students with a "hearing eye" and "seeing ear" that can perceive and identify patterns both large and small in music. The emphasis is on the development of basic skills in sight singing short scale wise melodies containing seconds, thirds, fourths, fifths and octaves, melodic dictation containing seconds, thirds, fourths and octaves, harmonic identification/dictation of primary triads in major keys, rhythmic dictation with duple and triple subdivisions of the beat. This course is designed for the student pursuing music as a major or for the student interested in enhancing technical knowledge and skills. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

268B Beginning Ear Training Laboratory II

3 hours lab, 1 unit
Letter Grade or Credit/No Credit Option
Prerequisite: Music 268A with a grade of "C" or better, or equivalent.
This course is a continuation of Music 268A. The emphasis is on continued development of skills in sight singing melodies which contain seconds, thirds, fourths, fifths, sixths, sevenths, octaves and the tritone; melodic dictation containing triadic arpeggios, harmonic identification of all diatonic triads in major and minor keys; rhythmic dictation with half beat values, quarter beat values and syncopation. This course is designed for the student pursuing music as a major or for the student interested in enhancing technical knowledge and skills. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

269A Advanced Ear Training Laboratory III
3 hours lab, 1 unit
Letter Grade or Credit/No Credit Option
Prerequisite: Music 268B with a grade of "C" or better, or equivalent.
This course is a continuation of Music 268B. The emphasis is on further development of skills in sight singing melodies which contain all intervals; melodic dictation which contains modulation; harmonic identification of all diatonic seventh chords and harmonic dictation of chorale phrases which modulate; rhythmic dictation with quarter and eighth beat values and in compound meters. This course is designed for the student pursuing music as a major or for the student interested in enhancing technical knowledge and skills. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

269B Advanced Ear Training Laboratory IV
3 hours lab, 1 unit
Letter Grade or Credit/No Credit Option
Prerequisite: Music 269A with a grade of "C" or better, or equivalent.
This course is a continuation of Music 269A. The emphasis is on the refinement of skills in sight singing modal melodies and melodies containing larger leaps and nondiatonic tones; dictation of melodies with nondiatonic tones and modal melodies; harmonic identification of secondary dominants and augmented sixth and neapolitan sixth chords; rhythmic dictation with changing meters and super triplets. This course is designed for the student pursuing music as a major or for the student interested in enhancing technical knowledge and skills. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

275A-B-C-D Applied Music
1 hour lecture, 6 hours lab, 2 units
Grade Only
Prerequisite: Music 150A with a grade of "C" or better, or equivalent.
Corequisite: Music 212A or 212B or 212C or 212D or Music 214A or 214B or 214C or 214D or Music 250A or 250B or 250C or 250D or Music 252 or 253 or 254. This course provides individual instruction in vocal or instrumental music and is designed primarily for music majors. It includes two hours per week of recital instruction. A minimum of 15 lessons per semester, as well as 5 hours of on-campus practice per week must be verified. Regular performance in the weekly lecture-recital class and participation in music department recitals is required. Examination will be by faculty-jury at the end of each semester. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

276A Individual Study
Hours by Arrangement, 1 unit
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5. This course consists of off-campus private instruction designed for music majors and those meeting teaching credential performance requirements in voice or on an instrument. This course is taught by approved off-campus instructors whose activities are coordinated and evaluated jointly with on-campus music faculty through weekly performance sessions and a final semester jury examination. For conditions of enrollment see a member of the music faculty. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

276B Individual Study
Hours by Arrangement, 1 unit
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5. Continuation of Music 276A; refer to Music 276A for detailed description. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.
276C Individual Study
Hours by Arrangement, 1 unit
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
Continuation of Music 276B; refer to Music 276A for detailed description. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

276D Individual Study
Hours by Arrangement, 1 unit
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
Continuation of Music 276C; refer to Music 276A for detailed description. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

290 Independent Study
Hours by Arrangement, 1-3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
Limitation on Enrollment: Must obtain an Add Code from instructor for registration.
Course is designed to meet individual needs or interests of students who wish to work on special projects in music. Special projects include all aspects of music and may involve topics which are broad in scope along with those that are narrow in scope. Special projects may include an unlimited number of diversified phases of the music curricula. This course may be taken four times with different content for a maximum of six units. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

150 Nutrition
3 hours lecture, 3 units
Grade Only
Advisory: English 51 and English 56 and Mathematics 32, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5, R5 and M20.
This course examines the scientific concepts of nutrition relating to the functioning of nutrients within the human body. Emphasis is placed on nutritional needs throughout the life cycle, food sources of nutrients, and current nutritional issues. Students utilize computer technology to analyze dietary intake and evaluate nutritional status. This course meets the Natural Sciences general education requirement for the associate degree at the San Diego Community College District. It also meets Area E requirement for transfer to California State Universities. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Nutrition (NUTR) 150 and 155 combined: maximum credit, one course.(CAN FCS 2).

155 Advanced Nutrition
3 hours lecture, 3 units
Grade Only
Prerequisite: Nutrition 150 with a grade of “C” or better, or equivalent.
Advisory: English 51 and English 56 and Mathematics 32, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5, R5 and M20.
Continuation of the study of the functioning of nutrients in the basic life processes from a biochemical and cellular approach. Investigation of certain diets in relation to disease, current legislation relating to nutritional issues, and consumer nutritional practices. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Nutrition (NUTR) 150 and 155 combined: maximum credit, one course.

160 Foods for a Healthful Lifestyle
3 hours lecture, 3 units
Grade Only
Advisory: English 51 and English 56 and Mathematics 32, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5 and M20.
This course emphasizes scientific concepts of nutrition and food relating to health promotion. Health benefits and food sources of nutrients, healthful food preparation and food technologies are discussed. This
course is targeted for individuals who are interested in attaining or promoting good health through nutrition. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**170 Nutrition and Fitness**  
3 hours lecture, 3 units  
**Grade Only**

**Advisory:** English 51 and English 56 and Mathematics 32, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5, R5, and M20.

This course is designed for the physically active person interested in the role nutrition plays to increase energy and enhance performance. Nutrient needs before, during, and after exercise are evaluated for their effect on optimal performance. Carbohydrate loading and a variety of supplements are discussed. Underwater weighing to determine body fat composition is available. This course is designed for both the recreational and competitive athlete and may be applied to the major or used as a transfer course. It may also be of interest to those with an interest in health and fitness. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**180 Nutrition and Diet Therapy**  
3 hours lecture, 3 units  
**Grade Only**

**Advisory:** English 51 and English 56 and Mathematics 32, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5, R5, and M20.

This course emphasizes concepts of nutrition relating to the functioning of nutrients within the human body and food sources of these nutrients, with special emphasis on nutritional assessment in specific disease conditions and therapeutic diets relevant to given conditions. An introduction to drug/nutrient interactions is also given. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**270 Work Experience**  
Hours by Arrangement, 1-4 units  
**Grade Only**

**Limitation on Enrollment:** To receive credit a student must complete a minimum of seven units during the semester, including work experience. Program of on-the-job learning experiences for students employed in a job related to their major. The combined maximum credit for all work experience courses from all disciplines may not exceed 16 units. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**290 Independent Study**  
Hours by Arrangement, 1-3 units  
**Grade Only**

**Limitation on Enrollment:** Must obtain an Add Code from instructor for registration. Designed to deal with current problems and topics of special interest in home economics. This course may be taken four times with different content for a maximum of six units. This course may be taken four times with different content for a maximum of six units. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**391 Directed Clinical Practicum**  
10 hours other, 2 units  
**Grade Only**

**Prerequisite:** Nutrition 150 with a grade of “C” or better, or equivalent.  
**Corequisite:** Nutrition 180.

This course is a supervised application of previously learned knowledge and skills in the nutrition management and operation of a health care facility. The supervision of the student is shared by the college faculty and staff of the affiliating institution. This is a required clinical training for students who want to obtain the "Dietetic Service Supervisor" Certificate, as regulated by the California State Department of Health Services. (FT) Not Applicable to Associate Degree, Occupational/Vocational basic skills.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

**Office Information Systems (OFCE)**  
See Computer Business Technology (CBTE) on page 239.

**065 Orientation to College**  
.5 - 1 hour lecture, .5 - 1 unit  
**Credit/No Credit Only**

This course is designed to assist the new student in a successful transition to college. Topics include campus resources and services, time management, and educational planning. Students are also acquainted with Policy 3100, which enumerates the rights and
responsibilities of all San Diego Community College District students. (FT) Associate Degree Credit only and not Transferable.

127 College Success Skills
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 56 with a grade of “C” or better, or equivalent, or Assessment Skill Level R5; and completion of or concurrent enrollment in English 51 with a grade of "C" or better, or equivalent, or Assessment Skill Level W5.
This course examines the techniques used to enhance academic skills in order to achieve subject matter mastery and develop strategies for success in a diverse society. Critical thinking skills are interwoven throughout the course by exploring areas such as motivation and attitudes, stress management, creativity, interpersonal communication, and personal health. Topics from developmental psychology, learning theory and personality theory are presented as a foundation for this course. The course is designed for new or re-entry students and others who can benefit. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

130 Career-Life Planning
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: Completion of or concurrent enrollment in English 51 or English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Level W5 or R5.
Limitation on Enrollment: This course is not open to students with credit for Personal Growth 30.
This course is designed to assist students with self-exploration, career transitions and career-life planning in order to achieve success in a diverse society. Critical thinking skills will be utilized through a systematic approach to career development by examining values, interests, skills, life roles, personality type, personal self-management, decision-making and goal setting throughout the life span. The course is designed for new and re-entry students and others who can benefit. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

140 Life Skills and Personal Adjustment
1-3 hours lecture, 1-3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
Students learn and apply personal achievement principles, coping strategies, and life skills that develop each area of emotional, social, educational, and professional life. Emphasis is on gaining mastery in self-esteem and compassion, self-discipline, self-responsibility, self-assertion, and living a consciously balanced life in pursuit of defined educational, career, and life goals. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.
This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

PHILOSOPHY (PHIL)

100 Logic and Critical Thinking
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 101 with a grade of “C” or better, or equivalent, or Assessment Skill Levels W6 and R6; or English 105 with a grade of “C” or better, or equivalent.
This course explores the relationship of communications and critical thinking with a focus on good reasoning and the impediments to its mastery. This course emphasizes the development of skills in logical processes including familiarity with the more common fallacies. This course is designed for students learning to apply principles of critical thinking to the practical problems of everyday life. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN PHIL 6).

101 Symbolic Logic
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: Mathematics 96 with a grade of "C" or better, or equivalent, or Assessment Skill Level M50; and Philosophy 100 with a grade of "C" or better, or equivalent.
Advisory: English 101 with a grade of "C" or better, or equivalent, or Assessment Skill Levels W6 and R6; or English 105 with a grade of "C" or better, or equivalent.

102A Introduction to Philosophy: Reality and Knowledge
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 101 with a grade of "C" or better, or equivalent, or Assessment Skill Levels W6 and R6; or English 105 with a grade of "C" or better, or equivalent.
This course provides an introductory study of the aims, methods, types and problems of philosophy and philosophical inquiry. Discussions and readings relating to the nature of reality and problems of knowledge are emphasized. Materials for this survey of philosophical activity, orientations and views of philosophers may be drawn from classical and contemporary thinkers. Students are encouraged to articulate, analyze and evaluate their own beliefs/positions in the context of meaningful philosophical inquiry. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN PHIL 2).

102B Introduction to Philosophy: Values
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 101 with a grade of "C" or better, or equivalent, or Assessment Skill Levels W6 and R6; or English 105 with a grade of "C" or better, or equivalent.
This course provides an introductory study of the aims, methods, types and problems of philosophy and philosophical inquiry focusing on values and their place in an individual's daily life. Materials for this survey of philosophical activity, orientations and views of philosophers may be drawn from classical and contemporary thinkers. Students are encouraged to articulate, analyze and evaluate their own beliefs/positions in the context of meaningful philosophical inquiry regarding value theory. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN PHIL 2).

103 Historical Introduction to Philosophy
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 101 with a grade of "C" or better, or equivalent, or Assessment Skill Levels W6 and R6; or English 105 with a grade of "C" or better, or equivalent.
This course provides an introductory study of the aims, methods, issues and problems associated with philosophy and philosophical activity from an historical perspective. Readings and discussions in the course emphasize a study of the philosophical endeavors of major philosophers in their historical contexts. Materials for this survey of philosophical activity, orientations and view of philosophers may be drawn from classical and contemporary thinkers. Students are encouraged to articulate, analyze and compare their own beliefs/positions with historically significant philosophical theories. This course may be of interest to students pursuing studies in History and Humanities. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN PHIL 8) (CAN PHIL SEQ A = PHIL 104A + 104B).

104A History of Western Philosophy
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 101 with a grade of "C" or better, or equivalent, or Assessment Skill Levels W6 and R6; or English 105 with a grade of "C" or better, or equivalent.
This course explores the issues and problems associated with philosophy and philosophical activity as they are illustrated in the history of Western philosophy. Studies in this course focus on representative thinkers of the Classical and/or Medieval periods, their cultural milieu, and their attempts to resolve perennial philosophical issues and problems. This course may be of interest to students pursuing studies in History and Humanities. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN PHIL 2) (CAN PHIL SEQ A = PHIL 104A + 104B).

104B History of Western Philosophy
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 101 with a grade of "C" or better, or equivalent, or Assessment Skill Levels W6 and R6; or English 105 with a grade of "C" or better, or equivalent.
This course explores the issues and problems associated with philosophy and philosophical activity as they are illustrated in the history of Western philosophy from the Renaissance period through the 19th Century. Studies in this course focus on representative thinkers
of the Renaissance and/or Modern periods, their cultural milieu, and their attempts to resolve perennial philosophical issues and problems. This course may be of interest to students pursuing studies in History and Humanities. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN PHIL 10) (CAN PHIL SEQ A = PHIL 104A + 104B).

105 Contemporary Philosophy

3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 101 with a grade of "C" or better, or equivalent, or Assessment Skill Levels W6 and R6; or English 105 with a grade of “C” or better, or equivalent. This course is designed to explore the issues and problems associated with philosophy and philosophical activity in the twentieth and twenty-first centuries. Studies in this course focus on materials and representative thinkers in the twentieth and twenty-first centuries which illustrate contemporary philosophical activity, schools of thought, themes, trends, specific issues, or individual thinkers. Students are encouraged to engage in independent research, analysis and formulation. This course may be of interest to students interested in contemporary society and current events. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

106 Asian Philosophy

3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 101 with a grade of "C" or better, or equivalent, or Assessment Skill Levels W6 and R6; or English 105 with a grade of “C” or better, or equivalent. This course explores the aims, methods, issues and problems exemplified in Asian philosophy and philosophical activity. Studies in this course survey significant inquiries, orientations and perspectives exemplified in Asian philosophy as well as Asian perspectives on perennial questions relating to the nature of the universe, the status and meaning of mankind, and the qualities characterizing the good life. Students are encouraged to engage in independent research, analysis and formulation. This course may be of special interest to students pursuing studies in behavioral or social sciences. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

107 Reflections on Human Nature

3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 101 with a grade of "C" or better, or equivalent, or Assessment Skill Levels W6 and R6; or English 105 with a grade of “C” or better, or equivalent. This course explores the issues and problems exemplified in process of meaningful philosophical activity relating to the topic of human nature. Studies in this course survey representative theories and philosophical reflections relating to the notions of human nature, the individual person, and human characteristics in general. Material for this survey may be drawn from classical and contemporary thinkers, scientific and religious orientations. Students are encouraged to engage in independent research, analysis and formulation. This course may interest students pursuing studies in behavioral and/or social sciences. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

108 Perspectives on Human Nature and Society

3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 101 with a grade of "C" or better, or equivalent, or Assessment Skill Levels W6 and R6; or English 105 with a grade of “C” or better, or equivalent. This course explores the topics of human nature and human societal configurations. Material for study may be selected from classical and contemporary thinkers. Studies in this course survey representative theories and philosophical reflections that explore the relation between theories regarding human nature and the nature of society, the state, and government with an emphasis on experiential elements of meaningful human existence and notions of ideal society. This course may be of particular interest to students pursuing studies in behavioral, social or political science. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

109 Issues in Social Philosophy

3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 101 with a grade of "C" or better, or equivalent, or Assessment Skill Levels W6 and R6; or English 105 with a grade of “C” or better, or equivalent. This course explores the aims, methods, and problems exemplified in philosophical endeavors in social philosophy. Studies in this course survey representative theories and perspectives on issues of interest in social
philosophy such as types of government, the issues of sovereignty, natural law and natural rights, the philosophy of law, issues of justice, and problems in social ethics. This course may be of special interest to students pursuing studies in pre-law and/or political, behavioral or social sciences. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

110 Philosophy of Religion
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 101 with a grade of “C” or better, or equivalent, or Assessment Skill Levels W6 and R6; or English 105 with a grade of “C” or better, or equivalent. This course explores the issues and problems associated with philosophy and philosophical activity concerning various facets of religious phenomena and religious orientations/beliefs. This course investigates and analyzes philosophical arguments relating to basic religious beliefs and experiences such as the conceptions of God and/or divinity in the monotheistic traditions and non-Western religions. This course may be of interest to students pursuing religious and cultural studies. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

111 Philosophy in Literature
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 101 with a grade of “C” or better, or equivalent, or Assessment Skill Levels W6 and R6; or English 105 with a grade of “C” or better, or equivalent. This course is designed to provide an introduction to the aims, methods, issues and problems associated with philosophy and philosophical activity. In this course students read and analyze selected classical and/or contemporary literature which portrays or dramatizes perennial philosophical questions, issues and themes relating to such topics as the nature of reality, the notion of the self, the issue of choice and determinism, the problem of good and evil, and characteristics of the good life. This offering may be of interest to students pursuing studies in literature or in the behavioral and/or social sciences. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

112 Philosophy of Science
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 101 with a grade of “C” or better, or equivalent, or Assessment Skill Levels W6 and R6; or English 105 with a grade of “C” or better, or equivalent. This is an introductory general education course exploring the presuppositions, concepts, principles, criteria and methodology of science and scientific investigation. The course is appropriate for students seeking a basic understanding of the nature of science and its philosophical underpinnings. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

125 Philosophy of Women
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 101 with a grade of “C” or better, or equivalent, or Assessment Skill Levels W6 and R6; or English 105 with a grade of “C” or better, or equivalent. This general education course is of interest to students wishing to explore the philosophical study of questions relating to women. It provides an introductory study of concepts of womanhood and feminism as they have found expression in mythic, classic, medieval and major modern philosophical traditions. Images, roles, and beliefs about women are explored with respect to their historical and global impact and philosophical relevance. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

126 Introduction to Philosophy of Contemporary Gender Issues
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 101 with a grade of “C” or better, or equivalent, or Assessment Skill Levels W6 and R6. This lower division course provides an introduction to the concepts of gender and gender relations for the student interested in the development of contemporary gender issues as they relate to philosophy. The images, roles, and beliefs about gender and gender relations as they vary across cultures will be explored with respect to their impact in our everyday lives and the larger societies within which we live. This course may be of special interest to students going into gender studies and women’s studies. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.
130 Philosophy of Art and Music  
3 hours lecture, 3 units  
Letter Grade or Credit/No Credit Option  
Advisory: English 101 with a grade of "C" or better, or equivalent, or Assessment Skill Levels W6 and R6; or English 105 with a grade of "C" or better, or equivalent. This course employs philosophical methods to explore the concepts, principles, and criteria used in the creation and evaluation of art and music. In addition to students interested in philosophy, this course is designed for any student seeking to gain a better understanding of why we appreciate art and music and how we develop standards for evaluating them. A variety of arts may be discussed including painting, sculpture, architecture, design, music, dance, theatre, and literature. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

205 Critical Thinking and Writing in Philosophy  
3 hours lecture, 3 units  
Letter Grade or Credit/No Credit Option  
Prerequisite: English 101 with a grade of "C" or better, or equivalent, or Assessment Skill Levels W6 and R6; or English 105 with a grade of "C" or better, or equivalent. This critical thinking and writing seminar in Philosophy is designed to enhance the student's critical thinking, writing, and research skills in preparation for upper division academic activity. Issues addressed in this class may involve various areas of human experience and aspiration: metaphysical, cosmological, scientific, political, ethical, aesthetic, and religious. Together with the application of basic principles of deduction and induction, special attention is given to identifying and avoiding fallacies in reasoning and to techniques and aids to research, reasoning, and writing. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

**Aquatic Activities**

A program which offers the student a choice from a variety of courses. Instruction and conditioning in all aspects of aquatics to provide a carry-over value for leisure life.

106 Aquatic Fitness  
2 - 3 hours lab, .5 - 1 unit  
Letter Grade or Credit/No Credit Option  
This course covers instruction and conditioning in the four competitive swimming strokes through interval training stressing cardiovascular respiratory fitness in aquatic activities. The swimming program is set up to attain desired levels of cardiovascular efficiency. This course may be taken four times for credit. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

119 Springboard Diving  
2 - 3 hours lab, .5 - 1 unit  
Letter Grade or Credit/No Credit Option  
This course is designed as an introduction to springboard diving with. Progressive skill development in performing dives from five different categories. This course includes novice, beginning, intermediate and advanced levels. Standardized skill progressions are used for the forward, backward, inward, reverse and twisting dives. The concepts covered include springboard diving techniques and water safety. This
course may be taken four times for credit. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

Instruction and practice in the fundamentals of the grip, strokes, footwork, court coverage and rules of play. Singles and doubles strategy, offensive and defensive positioning and tournament play will be
progressively incorporated at intermediate and advanced levels. This course may be taken four times for credit. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

**115 Bowling**

2 - 3 hours lab, .5 - 1 unit
Letter Grade or Credit/No Credit Option

This course is designed to develop skills necessary to improve student performance of the fundamentals of the stance, point of origin, approach, back swing, release and follow through, rules, scoring and etiquette in the game of bowling. Progressive instruction emphasizes individual skill development, spot bowling and participation in a league bowling situation. This course may be taken four times for credit. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

**120 Fencing**

2 - 3 hours lab, .5 - 1 unit
Grade Only

Basic techniques of fencing with French foil are taught. Techniques such as on guard, advance, retreat, attack and parries (simple and compound), and basic rules are covered. Simple and compound attacks, secondary attacks, counter attacks, circular parries and outing are stressed in intermediate and advanced classes. Judging and directing of bouts are taught and implemented in the form of tournament matches. Fencing etiquette and proper technique are stressed. Students who are looking for a lifetime sport, rich in tradition and gamesmanship find this course intriguing and challenging, both mentally and physically. This course may be taken four times for credit. Students must demonstrate increased proficiency and skill attainment with each repetition. When this course is offered for three hours per week, the additional time is utilized for the practice of advanced skills and techniques. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

**123 Fitness Activities**

2 - 3 hours lab, .5 - 1 unit
Letter Grade or Credit/No Credit Option

This course includes instruction in the skills necessary to improve aerobic fitness and cardiovascular health. Through fitness topics covered, students will develop an individual fitness program. Aerobic exercise focuses primarily jogging, progressing to running for the development of comprehensive fitness. This course may be taken four times for credit. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

**126 Golf**

2 - 3 hours lab, .5 - 1 unit
Letter Grade or Credit/No Credit Option

This course provides golf instruction and practice in the fundamentals of grip, stance, alignment, backswing, and downswing. Topics also include stretching and principles of warm-up, golf club selection and use, player guidelines, scoring, game etiquette, and safety procedures. The course emphasizes the "one basic golf swing" theory and includes extensive practice and play at local courses. This course may be taken four times for credit. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

**132 Individual Conditioning**

2 - 3 hours lab, .5 - 1 unit
Letter Grade or Credit/No Credit Option

This course provides individually programmed instruction in the fundamental skills and techniques of weight training and aerobic activity. The positive impact of physical education on health and wellness is explored and emphasized. Through progressive inquiry and practice, students demonstrate more advanced levels of weight training and comprehensive aerobic development. This course is of particular interest to students wishing to enter the fields of sports medicine and athletics, as well as to students seeking to improve overall fitness. Students must demonstrate increased proficiency and skill attainment with each repetition. This course may be taken four times for credit. When this course is offered for three hours per week, the additional time is utilized for the practice of weight training skills. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

**142 Racquetball**

2 - 3 hours lab, .5 - 1 unit
Letter Grade or Credit/No Credit Option

Instruction and practice in the fundamental skills of grip, strokes, footwork, court coverage and rules of play. Singles and doubles strategy, offensive and defensive positioning and tournament play will be progressively incorporated at the intermediate and advanced levels. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.
154 Fitness Walking
2 - 3 hours lab, .5 - 1 unit
Letter Grade or Credit/No Credit Option
This course covers the skills necessary to improve aerobic fitness and cardiovascular health through walking, with comprehensive instruction in fitness principles and walking techniques. Topics include general fitness information, stretching and principles of warm-up, walking techniques, principles of conditioning, training zones, and cool-down periods. This course may be taken four times for credit. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

159 Tennis
2 - 3 hours lab, .5 - 1 unit
Grade Only
This course provides instruction and on-court experience in the skills, strategies, rules, and behaviors necessary to play tennis at the beginning, intermediate, or advanced recreational level and is intended for novices and students currently playing at any of these levels. This course may be taken four times for credit. Students must demonstrate increased proficiency and skill attainment with each repetition. When this course is offered for three hours per week, the additional time is utilized for stroke development drills and application of strategies in playing situations. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

160 Track and Field
2 - 3 hours lab, .5 - 1 unit
Letter Grade or Credit/No Credit Option
This course emphasizes progressive instruction and practice of basic fundamentals through advanced track and field skills. Target audience includes students who are interested in Intercollegiate Track and Field. The topics covered include sprinting, hurdling, jumping, and throwing techniques/skills, rules, and basic officiating. This course may be taken four times for credit. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

166 Weight Training
2 - 3 hours lab, .5 - 1 unit
Letter Grade or Credit/No Credit Option
This course is an introduction to progressive resistance training. It is designed for the student interested in developing strength, muscle endurance, and muscle tone. Instruction includes learning proper methods of weight training, various types of weight training programs, and safety factors. This course may be taken four times for credit. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

168 Yoga
2 - 3 hours lab, .5 - 1 unit
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course is an introduction to basic yoga practices and principles. Instruction includes yoga postures, guided relaxations, and breathing practices. The benefits of yoga include increased flexibility, strength, balance, and body awareness as well as stress reduction. This course is designed for students interested in health and longevity. This course may be taken four times for credit. Students must demonstrate increased proficiency and skill attainment with each repetition. When this course is offered for three hours per week, the additional time is utilized for the practice of postures. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

171 Men's Gymnastics
2 - 3 hours lab, .5 - 1 unit
Letter Grade or Credit/No Credit Option
This course is designed to have the student demonstrate skills in gymnastics. Standardized progression of skills instruction is used in tumbling or floor exercise, parallel bars, horizontal bars, vaulting, still rings, and pommel horse. The concepts covered include safety and injury prevention, balance and body alignment as they relate to the events taught, and preparing for gymnastics through movement/skill combinations in gymnastics routines. This course may be taken four times for credit. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

172 Women's Gymnastics
2 - 3 hours lab, .5 - 1 unit
Letter Grade or Credit/No Credit Option
This course is designed to have the student demonstrate skills in gymnastics. Standardized progression of skills instruction is used in tumbling or floor exercise, uneven parallel bars, balance beam, and vaulting. The concepts covered include safety and injury prevention, balance and body alignment as they relate to the events taught, and preparing for gymnastics through movement/skill combinations in gymnastics routines. This course may be taken four times for credit. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

</table>

Instruction to develop the fundamental skills of throwing, catching, running, hitting, rules of play and strategy. Intermediate and advanced levels emphasize both individual and team skill development and strategies involved in competitive game situations. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

112 Basketball

<table>
<thead>
<tr>
<th>2 - 3 hours lab, .5 - 1 unit</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Letter Grade or Credit/No Credit Option</strong></td>
</tr>
</tbody>
</table>

This course offers basic instruction in the fundamental skills of basketball and team offense and defense. Instruction includes terminology, rules and strategy of the game. This course may be taken four times for credit. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

125 Football

<table>
<thead>
<tr>
<th>2 - 3 hours lab, .5 - 1 unit</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Letter Grade or Credit/No Credit Option</strong></td>
</tr>
</tbody>
</table>

Football explores the skills and techniques for team play including blocking, tackling, passing catching, running, and offensive and defensive positioning. Football emphasizes individual and team skills as well as strategies involved in game situations. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

141 Over-the-Line

<table>
<thead>
<tr>
<th>3 hours lab, 1 unit</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Letter Grade or Credit/No Credit Option</strong></td>
</tr>
</tbody>
</table>

This course provides instruction in the skills of over-the-line including pitching, catching, and proper styles of batting. Rules of play, strategy, and game situations are introduced through various types of tournaments and contests. This course may be taken four times for credit. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

149 Soccer

<table>
<thead>
<tr>
<th>2 - 3 hours lab, .5 - 1 unit</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Letter Grade or Credit/No Credit Option</strong></td>
</tr>
</tbody>
</table>

This course emphasizes progressive instruction and practice of basic fundamentals through advanced soccer skills. The topics covered include soccer techniques and skills, offensive and defensive strategies, rules, and officiating. This course may be taken four times for credit. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.
151 Softball
2 - 3 hours lab, .5 - 1 unit
Letter Grade or Credit/No Credit Option
This course provides instruction in the fundamental skills of throwing, catching, running, hitting, and rules of play of softball as well as individual and team skill development and strategies involved in competitive game situations. This course may be taken four times for credit. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

161 Volleyball
2 - 3 hours lab, .5 - 1 unit
Letter Grade or Credit/No Credit Option
This course provides instruction and on-court experience in the skills, strategies, rules and behaviors necessary to play volleyball at the recreation level. This course may be taken four times for credit. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

Adapted Physical Education

181A Adapted Swimming
2 - 3 hours lab, .5 - 1 unit
Letter Grade or Credit/No Credit Option
Limitation on Enrollment: A physician's medical release form is required. This course is designed for students with disabilities to learn how to swim through modified swimming strokes based on their abilities. Emphasis is placed on practice in the fundamental swimming strokes, including water safety skills. Stroke analysis, conditioning and endurance is stressed in the progression of the class. This course meets the SDCCD graduation requirements. This course may be taken four times for credit. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

182 Adapted Weight Training
2 - 3 hours lab, .5 - 1 unit
Letter Grade or Credit/No Credit Option
Limitation on enrollment: A physician’s medical release form is required. This course is designed for students with disabilities as an introduction to progressive resistance training. Emphasis is placed on developing cardiorespiratory and muscle endurance, muscle strength and flexibility and a healthy body composition through individualized safe and beneficial exercise programming. The course includes exercises that focus on relaxation, joint mobility, body maintenance, and activities for daily living. This course may be taken four times for credit. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

184 Adapted Physical Fitness
2 - 3 hours lab, .5 - 1 unit
Letter Grade or Credit/No Credit Option
Limitation on enrollment: A physician's medical release form is required.
This course is designed for students with disabilities to provide opportunities for exercise and activities to improve cardiorespiratory endurance, flexibility, muscular endurance, strength, stress management and coordination. Activities can include walking, dance, rhythm activities, wheelchair pushing, jogging, relaxation training and exercises for joint mobility. This course may be repeated three times. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

Intercollegiate Athletics

200 Intercollegiate Badminton I
10 hours lab, 2 units
Grade Only
Advisory: Physical Education 108 with a grade of "C" or better, or equivalent, or previous competitive badminton experience.
This is a course for students competing in their first intercollegiate badminton season. The course is offered in the spring semester and may be taken two times for credit. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

201 Intercollegiate Badminton II
10 hours lab, 2 units
Grade Only
Advisory: Physical Education 200 with a grade of "C" or better, or equivalent.
This is a course for students competing in their second intercollegiate badminton season. The course is offered in the spring semester and may be taken two times for credit. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.
202 Intercollegiate Baseball I  
Spring, 10 hours lab, 2 units  
Letter Grade or Credit/No Credit Option  
Intercollegiate varsity baseball competition. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

203 Intercollegiate Baseball II  
Spring, 10 hours lab, 2 units  
Letter Grade or Credit/No Credit Option  
Intercollegiate varsity baseball. Second season of competition. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

204 Intercollegiate Basketball I  
Fall/Spring  
5 - 7.5 hours lab, 1 - 1.5 units  
10 hours lab, 2 units  
Letter Grade or Credit/No Credit Option  
This course is intended for the first season of intercollegiate competition. Basketball skills and game strategies are at a more advanced level of participation than those of the Basketball 112 class. This course may be taken two times for credit. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

205 Intercollegiate Basketball II  
Fall/Spring  
5 - 7.5 hours lab, 1 - 1.5 units  
10 hours lab, 2 units  
Letter Grade or Credit/No Credit Option  
This course is intended for the second season of intercollegiate competition. Basketball skills and game strategies are at the advanced levels of participation. This course may be taken four times for credit. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

206 Intercollegiate Cross-Country I  
Fall, 10 hours lab, 2 units  
Letter Grade or Credit/No Credit Option  
Intercollegiate varsity cross-country competition. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

207 Intercollegiate Cross-Country II  
Fall, 10 hours lab, 2 units  
Letter Grade or Credit/No Credit Option  
Intercollegiate varsity cross-country competition. Second season of competition. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

210 Intercollegiate Football I  
Fall, 10 hours lab, 2 units  
Letter Grade or Credit/No Credit Option  
Advisory: Concurrent enrollment in Physical Education 250A is recommended. This course is designed for students in their first season of intercollegiate football. Topics include fundamental skills of play for offense/defense and special teams. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

211 Intercollegiate Football II  
Fall, 10 hours lab, 2 units  
Letter Grade or Credit/No Credit Option  
Advisory: Concurrent enrollment in Physical Education 250B is recommended. This course is designed for students in their first season of intercollegiate football. Topics include fundamental skills of play for offense/defense and special teams. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

214 Intercollegiate Soccer I  
Fall, 10 hours lab, 2 units  
Letter Grade or Credit/No Credit Option  
Advisory: Physical Education 149 with a grade of “C” or better, or equivalent, or previous competitive soccer experience. This is the first course of intercollegiate soccer competition. This course is offered separately for men and women. This course may be taken two times for credit. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

215 Intercollegiate Soccer II  
Fall, 10 hours lab, 2 units  
Letter Grade or Credit/No Credit Option  
Advisory: Physical Education 149 with a grade of “C” or better, or equivalent, or previous competitive soccer experience; and concurrent enrollment in Physical Education 257B is highly recommended. This is the second course of intercollegiate soccer competition. This course is offered separately for men
and women in the fall semester. This course may be taken two times for credit. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

216 Intercollegiate Softball I
   Spring, 10 hours lab, 2 units
   Letter Grade or Credit/No Credit Option
This is a course in which students competing in their first intercollegiate softball season learn and practice the techniques and strategies necessary for successful participation. Those topics covered are fundamental through advanced skills and offensive and defensive strategies. This course is offered in the spring semester and may be taken two times for credit. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

217 Intercollegiate Softball II
   Spring, 10 hours lab, 2 units
   Letter Grade or Credit/No Credit Option
This is a course in which students competing in their second intercollegiate softball season learn and practice the techniques and strategies necessary for successful participation. Those topics covered are fundamental through advanced softball skills and offensive and defensive strategies. This course is offered in the spring semester and may be taken two times for credit. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

218 Intercollegiate Swimming I
   Spring, 10 hours lab, 2 units
   Letter Grade or Credit/No Credit Option
This course is designed for students to compete in men's and women's intercollegiate varsity swimming and diving competition. This course may be taken two times for credit. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

219 Intercollegiate Swimming II
   Spring, 10 hours lab, 2 units
   Letter Grade or Credit/No Credit Option
This course is designed for students to compete in a second semester of men's and women's intercollegiate swimming and diving competition. This course may be taken two times for credit. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

220 Intercollegiate Tennis I
   Spring, 10 hours lab, 2 units
   Letter Grade or Credit/No Credit Option
This is a course for students competing in their first intercollegiate tennis season. This course is offered in the spring semester for men and women and may be taken two times for credit. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

221 Intercollegiate Tennis II
   Spring, 10 hours lab, 2 units
   Letter Grade or Credit/No Credit Option
This is a course for students competing in their second semester of intercollegiate tennis season. This course is offered in the spring semester for men and women and may be taken two times for credit. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

222 Intercollegiate Track and Field I
   Spring, 10 hours lab, 2 units
   Letter Grade or Credit/No Credit Option
Intercollegiate varsity track and field competition. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

223 Intercollegiate Track and Field II
   Spring, 10 hours lab, 2 units
   Letter Grade or Credit/No Credit Option
Intercollegiate varsity track and field competition. Second season of competition. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

224 Intercollegiate Volleyball I
   Fall (Women), Spring (Men), 10 hours lab, 2 units
   Letter Grade or Credit/No Credit Option
Advisory: Physical Education 161 with a grade of “C” or better, or equivalent, or previous competitive volleyball experience.
This is the first course in intercollegiate volleyball competition. This course is offered in the fall semester for women and the spring semester for men and may be taken two times for credit. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.
225 Intercollegiate Volleyball II
Fall (Women), Spring (Men), 10 hours lab, 2 units
Letter Grade or Credit/No Credit Option
Advisory: Physical Education 224 with a grade of “C” or better, or equivalent; and concurrent enrollment in Physical Education 255A is highly recommended. This is the second course in intercollegiate volleyball competition. This course is offered in the fall semester for women and the spring semester for men and may be taken two times for credit. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

226 Intercollegiate Water Polo I
Fall, 10 hours lab, 2 units
Letter Grade or Credit/No Credit Option
This course is designed for men and women to compete in intercollegiate water polo competition. This course may be taken two times for credit. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

227 Intercollegiate Water Polo II
Fall, 10 hours lab, 2 units
Letter Grade or Credit/No Credit Option
This course is designed for men and women to participate in intercollegiate varsity water polo competition. This course may be taken two times for credit. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC transfer limitations. See a counselor.

Fitness Specialist Certificate Courses

280 Applied Exercise Physiology
2 hours lecture, 2 units
Letter Grade or Credit/No Credit Option
Advisory: Mathematics 95 with a grade of “C” or better, or equivalent, or Assessment Skill Level M40. This course is designed for the student in the Fitness Specialist Certificate Program to study how the body functions under conditions of exercise stress and how fitness behaviors affect health and wellness. Emphasis is placed on muscular, cardiorespiratory, and other physiological processes that occur as a result of exercise conditioning, and the effect of disease. (FT) Associate Degree Credit only and not Transferable.

281 Applied Kinesiology
2 hours lecture, 2 units
Letter Grade or Credit/No Credit Option
This course is designed for the student in the Fitness Specialist Certificate Program to study movement as it relates to exercise under both normal and injury conditions. Students learn the practical implications of bones, joints, nerves, and muscle actions. Emphasis is placed on applying body alignment, range of motion, stabilization, and acceleration principles to the development of exercise programs. (FT) Associate Degree Credit only and not Transferable.

282 Techniques of Weight Training
2 hours lecture, 2 units
Letter Grade or Credit/No Credit Option
This course, part of the Fitness Specialist Certification Program, is designed to provide a thorough review for those intending to teach weight training. The course studies anatomy and physiology, training sequences, available equipment, and safety factors, including contraindications. (FT) Associate Degree Credit only and not Transferable.

283 Exercise and Fitness Assessment
1.75 hour lecture, .75 hour lab, 2 units
Letter Grade or Credit/No Credit Option
This course is designed for the student in the Fitness Specialist Certificate Program to learn how to assess cardiorespiratory endurance, muscular strength and endurance, flexibility, body fat, pulmonary function, and blood pressure and evaluate the results. Emphasis is placed on determining the appropriate test, conducting the test, evaluating the results, and creating an exercise program. (FT) Associate Degree Credit only and not Transferable.

284 Fitness and Sports Nutrition
2 hours lecture, 2 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5. This course is part of the Fitness Specialist Certification Program. Students will study the basic principles of nutrition and the ramifications of nutrition on sports activities. (FT) Associate Degree Credit only and not Transferable.
285 Exercise for Special Populations
2 hours lecture, 2 units
Grade Only
This course is designed for the student in the Fitness Specialist Certificate to study the exercise implications for special populations related to age, medical condition and level of fitness. Emphasis is placed on cardiac conditions, diabetes, physical disabilities, HIV and AIDS, asthma, sensory impairments, seniors, children, athletes, mentally impaired and pregnant and post partum women and the issues and barriers to exercise. (FT) Associate Degree Credit only and not Transferable.

286 Techniques of Exercise Leadership
1.75 hours lecture, .75 hour lab, 2 units
Grade Only
This course is designed for the student in the Fitness Specialist Certificate Program to study the principles and techniques involved in teaching group exercise and developing a personal trainer/client relationship. Emphasis is placed on client assessment, communication skills, program design, exercise adherence, teaching strategies, and professional responsibility and liability. (FT) Associate Degree Credit only and not Transferable.

287 Fitness Specialist Internship
1 hour lecture, 6 hours lab, 2 units
Grade Only
Prerequisite: Physical Education 280, 281, and 283, each with a grade of “C” or better, or equivalent. This course is designed to provide students in the Fitness Specialist Certificate Program with practical experience in the field of exercise and fitness. Emphasis is placed on participant screening, evaluation, and exercise program design, self marketing, fitness specialist/client relationships and professional responsibility in a fitness setting. (FT) Associate Degree Credit only and not Transferable.

Physical Education Theory Classes

240 Physical Education in the Elementary Schools
3 hours lecture, 1 hour lab, 3 units
Letter Grade or Credit/No Credit Option
Advisory: Completion of or concurrent enrollment in English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5. This course includes a brief study of the growth, development and characteristics of the elementary school child. The elements of written lesson plans, units, evaluations and various forms of testing are covered. The teaching of fundamental skills, rhythms, dance and games based on sound physiological principles for this age group is emphasized. The positive impact of physical education on health and wellness in addition to academic achievement is explored. Actual teaching situations are experienced in the lab sessions. This course is designed to fulfill lower division preparation for the major for students interested in elementary education. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

241 Introduction to Exercise Science/Physical Education
2 hours lecture, 2 units
Grade Only
Advisory: English 51 and English 56 with grades of "C" or better, or equivalent, or Assessment Skill Levels W5, R5. This course is the introductory course for students majoring in Physical Education and is required for the Associate in Arts degree in Physical Education. It provides the student an opportunity to study the history, basic philosophy, basic principles, and professional career options of exercise science. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN KINE/PE 2).

242 Care and Prevention of Injuries
Fall, Spring, 2 hours lecture, 1 hour lab, 2 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5. Prevention and care of common athletic injuries is discussed. This course covers the theory and practice of emergency field care and basic athletic first aid. Bandaging and/or taping techniques are included. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN KINE/PE 4).

250A Professional Activities/Football I
Fall, 1.5 hours lecture, 1.5 hours lab, 2 units
Letter Grade or Credit/No Credit Option
Advisory: Concurrent enrollment in Physical Education 210 is recommended. This course is designed for students competing in their first intercollegiate football season. Emphasis is on theoretical concepts necessary for successful...
participation. Topics include analysis of fundamentals used on offense/defense, special teams and also strategies, rules, and officiating. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Physical Education (PHYE) 250A combined with: 250B, 251A,B, 252A,B, 253A,B, 254A,B, 255A,B, 257A,B, or 258A,B: maximum credit, eight units.

250B Professional Activities/Football II
Fall, 1.5 hours lecture, 1.5 hours lab, 2 units
Letter Grade or Credit/No Credit Option
This is a lecture/lab course with emphasis on advanced skills, strategy, tactics, rules officiating, and organizational procedures in football. Concepts for social skills and team building techniques required for success at the intercollegiate level are also emphasized. This course is valuable to student athletes enrolled in PHYE 211, Intercollegiate Football II. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Physical Education (PHYE) 250B combined with: 250A, 251A,B, 252A,B, 253A,B, 254A,B, 255A,B, 257A,B, or 258A,B: maximum credit, eight units.

251A Professional Activities/Basketball I
1.5 hours lecture, 1.5 hours lab, 2 units
Letter Grade or Credit/No Credit Option
Fall, This lecture/lab course includes discussion of rules, game strategies, history, and game preparation. The physiological requirements for the intercollegiate athlete and importance of nutritional components for optimal performance are emphasized. This course benefits students who are enrolled in PHYE 204, Intercollegiate Basketball I. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Physical Education (PHYE) 251A combined with: 250A,B, 251B, 252A,B, 253A,B, 254A,B, 255A,B, 257A,B, or 258A,B: maximum credit, eight units.

251B Professional Activities/Basketball II
1.5 hours lecture, 1.5 hours lab, 2 units
Letter Grade or Credit/No Credit Option
Fall, This lecture/lab course includes activities and discussion of advanced team strategies, efficient basketball conditioning techniques, goals for game preparation and leadership qualities for basketball. Concepts for team building and social skills necessary for success at the intercollegiate level are also emphasized. This course benefits students who are enrolled in PHYE 205, Intercollegiate Basketball II. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Physical Education (PHYE) 251B combined with: 250A,B, 251A,B, 252A,B, 253A,B, 254A,B, 255A,B, 257A,B, or 258A,B: maximum credit, eight units.

252A Professional Activities/Baseball I
Spring, 1.5 hours lecture, 1.5 hours lab, 2 units
Letter Grade or Credit/No Credit Option
Competency development with emphasis on skills, strategy, tactics, rules officiating, facilities film review, and organizational procedures as it relates to school or college baseball. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Physical Education (PHYE) 252A combined with: 250A,B, 251A,B, 252B, 253A,B, 254A,B, 255A,B, 257A,B, or 258A,B: maximum credit, eight units.

252B Professional Activities/Baseball II
Spring, 1.5 hours lecture, 1.5 hours lab, 2 units
Letter Grade or Credit/No Credit Option
Sophomore athletic eligibility status required. A continuation of Physical Education 252A with emphasis on advanced skills, strategy, tactics, rules officiating, and organizational procedures in baseball. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Physical Education (PHYE) 252B combined with: 250A,B, 251A,B, 252A,B, 253A,B, 254A,B, 255A,B, 257A,B, or 258A,B: maximum credit, eight units.

253A Professional Activities/Softball I
1.5 hours lecture, 1.5 hours lab, 2 units
Letter Grade or Credit/No Credit Option
Corequisite: Physical Education 216.
This is a course which explores a variety of softball strategies and tactics focusing on the development of offensive and defensive strategies, rules, officiating, video review, and mechanical analysis of fundamentals through intermediate softball skills. The course is open to those interested in participating in the sport of softball at an intermediate level. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Physical Education (PHYE) 253A combined with: 250A,B, 251A,B, 252A,B, 253A,B, 254A,B, 255A,B, 257A,B, or 258A,B: maximum credit, eight units.

253B Professional Activities/Softball II
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only
Corequisite: Physical Education 217.
This course develops both mental and physical competency with emphasis on advanced skill, tactics,
rules, both offensive and defensive strategies, officiating, facilities, video review, organizational procedures and physiological aspects of the game as they relate to college softball. The course is open to students interested in the sport of softball at the advanced level. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Physical Education (PHYE) 253B combined with: 250A,B, 251A,B, 252A,B, 253A,B, 254A,B, 255A,B, or 258A,B: maximum credit, eight units.

254A Professional Activities/Track and Field I
Spring, 1.5 hours lecture, 1.5 hours lab, 2 units
Letter Grade or Credit/No Credit Option
This course is a lecture/lab class pertaining to management of a track and field program. Track and field management consists of development, competition scheduling, site preparation, and teaching track and field. This course benefits students who are enrolled in a second intercollegiate track and field season. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Physical Education (PHYE) 254A combined with: 250A,B, 251A,B, 252A,B, 253A,B, 254B, 255A,B, 257A,B, or 258A,B: maximum credit, eight units.

254B Professional Activities/Track and Field II
1.5 hours lecture, 1.5 hours lab, 2 units
Letter Grade or Credit/No Credit Option
This is a course in which students competing in their second intercollegiate volleyball season learn the theoretical concepts necessary for successful participation. Topics covered include officiating, statistics, concepts for team building, goals for game preparation, leadership and social skills for success at the intercollegiate level. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Physical Education (PHYE) 254B combined with: 250A,B, 251A,B, 252A,B, 253A,B, 254A,B, 255A,B, 257A,B, or 258A,B: maximum credit, eight units.

255A Professional Activities/Volleyball I
Fall (Women), Spring (Men),
1.5 hours lecture, 1.5 hours lab, 2 units
Letter Grade or Credit/No Credit Option
Advisory: Concurrent enrollment in Physical Education 224 or Physical Education 225.
This course covers the theoretical concepts necessary for students to compete successfully in their first intercollegiate soccer season. Topics covered include mechanical analysis of fundamental through advanced soccer skills, offensive and defensive strategies, statistics, rules and officiating. This course is offered in the fall semester for women and the spring semester for men. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Physical Education (PHYE) 255A combined with: 250A,B, 251A,B, 252A,B, 253A,B, 254A,B, 255B, 257A,B, or 258A,B: maximum credit, eight units.

255B Professional Activities/Volleyball II
Fall (Women), Spring (Men),
1.5 hours lecture, 1.5 hours lab, 2 units
Letter Grade or Credit/No Credit Option
Advisory: Physical Education 255A with a grade of “C” or better, or equivalent; and concurrent enrollment in Physical Education 224.
This is a course in which students competing in their second intercollegiate volleyball season learn the theoretical concepts necessary for successful participation. Topics covered include officiating, statistics, concepts for team building, goals for game preparation, leadership and social skills for success at the intercollegiate level. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Physical Education (PHYE) 255B combined with: 250A,B, 251A,B, 252A,B, 253A,B, 254B, 255A, 257A,B, or 258A,B: maximum credit, eight units.

257A Professional Activities/Soccer I
Fall, 1.5 hours lecture, 1.5 hours lab, 2 units
Letter Grade or Credit/No Credit Option
Grade Only
This course covers the theoretical concepts necessary for students to compete successfully in their first intercollegiate soccer season. Topics covered include mechanical analysis of fundamental through advanced soccer skills, offensive and defensive strategies, statistics, rules, and officiating. This course is offered separately for men and women. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Physical Education (PHYE) 257A combined with: 250A,B, 251A,B, 252A,B, 253A,B, 254A,B, 255A,B, 257A,B, or 258A,B: maximum credit, eight units.

257B Professional Activities/Soccer II
Fall, 1.5 hours lecture, 1.5 hours lab, 2 units
Letter Grade or Credit/No Credit Option
Grade Only
This is a course in which students competing in their first intercollegiate volleyball season learn the theoretical concepts necessary for successful participation. Topics covered include mechanical analysis of fundamental through advanced volleyball skills, offensive/defensive strategies, statistics, rules and officiating. The course is offered in the fall semester for women and the spring semester for men. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Physical Education (PHYE) 257B combined with: 250A,B, 251A,B, 252A,B, 253A,B, 254A,B, 255A,B, 257A,B, or 258A,B: maximum credit, eight units.
offered separately for men and women in the fall semester. This course benefits students who are enrolled in PHYE 215, Intercollegiate Soccer II. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Physical Education (PHYE) 257B combined with: 250A,B, 251A,B, 252A,B, 253A,B, 254A,B, 255A,B, 257A, or 258A,B: maximum credit, eight units.

258A Professional Activities/Cross Country I
1.5 hours lecture, 1.5 hours lab, 2 units Grade Only

This course introduces students to the development of skills for cross country running as well as biomechanics, exercise physiology, workout design, scouting, and procedures for administrating a college cross country meet. The course is designed for students who are participating in this sport and for those who may be interested in coaching cross country teams. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Physical Education (PHYE) 258A combined with: 250A,B, 251A,B, 252A,B, 253A,B, 254A,B, 255A,B, 257A, or 258A,B: maximum credit, eight units.

258B Professional Activities/Cross Country II
1.5 hours lecture, 1.5 hours lab, 2 units Grade Only

Prerequisite: Physical Education 258A with a grade of "C" or better, or equivalent.

This course covers the development of advanced skills in cross country running, including techniques of biomechanics, exercise physiology, workout design, and scouting. The course also focuses on procedures for administrating college cross country meets and coaching techniques. The course is designed for second-year students who are participating in this sport and for those who are interested in coaching cross-country teams. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Physical Education (PHYE) 258B combined with: 250A,B, 251A,B, 252A,B, 253A,B, 254A,B, 255A,B, 257A,B, or 258A,B: maximum credit, eight units.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

100 Survey of Physical Science
3 hours lecture, 3 units Letter Grade or Credit/No Credit Option

Advisory: Concurrent enrollment in Physical Science 101.
Advisory: English 42 and Mathematics 32, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R4 and M20.

This course is an introductory survey of the fundamental concepts of astronomy, geology, chemistry and physics and the interrelationships among these disciplines. Emphasis is placed on the ways in which the physical sciences affect life on the planet and the role discipline plays in addressing issues and problems related to energy, ecology and environmental sustainability. This course is recommended for students planning to major in geography and/or planning to transfer to a four-year institution. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: No credit for Physical Science (PHYN) 100 or 101 if taken after a college level course in Chemistry or Physics.

101 Survey of Physical Science Laboratory
3 hours lab, 1 unit Letter Grade or Credit/No Credit Option

Corequisite: Completion of or concurrent enrollment in Physical Science 100 with a grade of “C” or better, or equivalent.

Advisory: Completion of or concurrent enrollment in English 56 and Mathematics 95, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and M40.

This course introduces students to the science laboratory and is designed to demonstrate the fundamental concepts of astronomy, geology, chemistry and/or physics as presented in Physical Science 100. Emphasis is placed on the application of the scientific method and collaborative learning. This course is recommended for students planning to major in geography and/or planning to transfer to a four-year institution. (FT) Associate Degree Credit and transfer to CSU and/or private colleges and universities. UC Transfer Course List: No credit for Physical Science (PHYN) 100 or 101 if taken after a college level course in Chemistry or Physics.
120 Physical Oceanography
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56 and Mathematics 32, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5, R5 and M20.
This course allows students to pursue an understanding of the major features and processes of the world’s oceans. Students learn about the origin and history of ocean basins, atmospheric and ocean circulation, and the dynamics of waves, tides, and coastlines. They explore the oceans as a resource for people and analyze and evaluate human impacts on marine environments. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.
This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

110 Physical Therapy Introduction
2 hours lecture, 2 units
Grade Only
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course provides general information regarding the field of physical therapy (P.T.) to those persons who have been admitted into the program or who have an interest in the profession of P.T. The course focuses on the history and development of the profession, its relationship to the health care delivery system in the United States, the settings utilized in the delivery of therapy, and an exploration of the roles and functions of the workers in the field and their part on the healthcare team. The development of the professional organization (American Physical Therapy Association) and its purpose are presented as well as the general ethical, legal principles and state laws relating to the delivery of physical therapy. Medical terminology specific to P.T. and the need of the health care worker to develop a therapeutic presence are also presented. (FT) Associate Degree Credit only and not Transferable.

111 Physical Therapy Techniques I
2 hours lecture, 6 hours lab, 4 units
Grade Only
Corequisite: Physical Therapist Assistant 114.
Limitation on Enrollment: Special Admission - must be admitted to program.
This course provides the future Physical Therapist Assistant (PTA) with an exposure to the duties that relate to the PTA scope of practice to include the principles and techniques of the application of cold, heat, therapeutic massage, basics of gait training with assistive devices for general orthopedic problems, hydrotherapy and basic dressing changes to include universal precautions, treatment preparation, client positioning and clinic maintenance. The course also fosters the development of communication skills and interpersonal relationships with clients and colleagues in the health care field. Open to students admitted to the PTA Program. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

114 Introduction to Human Movement
2 hours lecture, 3 hours lab, 3 units
Grade Only
Corequisite: Physical Therapist Assistant 110 and 111.
Limitation on Enrollment: Entrance into the Physical Therapist Assistant program.
This course introduces the student Physical Therapist Assistant to the relationship between physical laws and the biomechanical principles of joint motion as well as the concepts of normal posture and human locomotion contrasted with obvious posture and gait deviations. The course also provides the students with the opportunity to apply kinesiological concepts to the body’s major joints in performing basic exercise applications with the client who has an orthopedic condition. (FT) Associate Degree Credit only and not Transferable.

120 Physical Therapy Techniques II
2 hours lecture, 6 hours lab, 4 units
Grade Only
Prerequisite: Physical Therapist Assistant 111 with a grade of "C" or better, or equivalent.
Corequisite: Physical Therapist Assistant 122, 123 and 140A.
Limitation on Enrollment: Special Admission - must be admitted to program.
This course is a continuation of Physical Therapy Techniques I with an emphasis on advanced skills and acute care. It explores the use of mechanical traction, electrotherapy and electromagnetic modalities as well as vasopneumatic compression, chest physical therapy, wound care, transfer and transportation of patients,
gait techniques for specific diagnoses, and the identification of architectural barriers and basic wheelchair management. Students continue to use medical terms, charting skills, and role play to foster patient and family teaching as well as a deepening of self-awareness of communication skills. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

122 Introduction to Pathology
3 hours lecture, 3 units
Grade Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course focuses on the etiology and characteristics of diseases of the body’s systems as they relate to physical therapy and includes a consideration of the general principles of tissue injury, inflammation and healing. The course is designed for students enrolled in the Physical Therapist Assistant Program but is also appropriate for those interested in physical therapy or pathology with a musculoskeletal emphasis. This course is offered in the spring only. (FT) Associate Degree Credit only and not Transferable.

123 Introduction to Therapeutic Exercise
1 hour lecture, 3 hours lab, 2 units
Grade Only
Prerequisite: Physical Therapist Assistant 114 with a grade of “C” or better, or equivalent.
Corequisite: Physical Therapist Assistant 120, 122 and 140A
Limitation on Enrollment: Special Admission - must be admitted to program.
This course provides the future Physical Therapist Assistant (PTA) with an exposure to the duties that relate to the PTA scope of practice specific to basic principles of therapeutic exercise, including: range of motion, goniometry, manual muscle testing and proprioceptive neuromuscular facilitation. Basic lower extremity exercises are also introduced. This course is offered in the spring only. (FT) Associate Degree Credit and not Transferable.

134 Orthopedic Exercise and Rehab
2 hours lecture, 6 hours lab, 4 units
Grade Only
Prerequisite: Physical Therapist Assistant 120 and 123, each with a grade of “C” or better, or equivalent.
Corequisite: Physical Therapist Assistant 135 and 142A each with a grade of “C” or better, or equivalent.
This course provides the student with a kinesiologically based approach to the clinical applications used in the treatment and rehabilitation of the client with orthopedic and related diagnoses. The focus is on safe, legal, ethical and appropriate use of therapeutic exercise and screening assessment procedures, including physiological and therapeutic effects and indications and contraindications. This course is for students enrolled in the Physical Therapist Assistant Program. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

135 Topics in Neurology and Rehab
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only
Prerequisite: Physical Therapist Assistant 120 with a grade of “C” or better, or equivalent.
Corequisite: Physical Therapist Assistant 134 and 142A, each with a grade of “C” of better, or equivalent.
Limitation on Enrollment: Special Admission - must be admitted to program.
This course deals with the principles and clinical application of the functional activities and rehabilitation procedures relating to the management of therapy clients with neurological diagnoses. Rehabilitation of cardiopulmonary conditions is also addressed. The focus is on safe, legal, ethical and appropriate use of rehabilitation procedures, including physiological and therapeutic effects. This course is for students enrolled in the Physical Therapist Assistant Program. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

Remove once deactivation is approved. Needs to be removed prior to printing. See CIC 01/27/06.

140A Directed Clinical Practice
5 hours lab, 1 unit
Grade Only
Prerequisite: Physical Therapist Assistant 111 with a grade of “C” or better, or equivalent.
Corequisite: Completion of or concurrent enrollment in Physical Therapist Assistant 120, 122, and 123, each with a grade of “C” or better, or equivalent.
Limitation on Enrollment: Special Admission - must be admitted to program.
This course provides the future Physical Therapist Assistant (PTA) a supervised application of previously learned techniques and skills in the treatment of patients in a selected clinical facility affiliated with the college. Supervision of the student is shared by the staff of the affiliating institution and the college faculty. Seventy-five clinical hours are
required to complete this course. (FT) Associate Degree Credit only and not Transferable.

**140B Directed Clinical Practice**

*Hours by Arrangement, 1 unit, 75 hours (total)*

**Grade Only**

*Prerequisite:* Physical Therapist Assistant 120 and 140A, each with a grade of “C” or better, or equivalent.

*Corequisite:* Physical Therapist Assistant 134 and 135. Limitation on Enrollment: Special Admission - must be admitted to program.

This course provides the third semester Physical Therapist Assistant (PTA) student a supervised application of previously learned techniques and skills in the rehabilitation of patients in a selected clinical facility affiliated with the college. Students are placed in either an inpatient or an outpatient facility. Supervision of the student at the intermediate level is provided by the staff of the affiliating institution and is coordinated by the college faculty. This course is the first of two Directed Clinical Practice courses in the PTA Program. The class includes 150 hours by arrangement. (FT) Associate Degree Credit and transfer to CSU and/or private colleges and universities.

**141 Organization of Physical Therapy**

*2 hours lecture, 2 units*  

**Grade Only**

*Prerequisite:* Physical Therapist Assistant 110 with a grade of “C” or better, or equivalent.

This course provides future physical therapist assistants with the principles of organization, management, supervision, productivity levels and performance evaluations. Other topics include: the legal and ethical aspects of physical therapist assistants’ occupation as described in the state board and national association regulations and standards; federal, state and private insurance regulations; medications commonly used by those receiving physical therapy; professional liability insurance; job hunting skills; and the discussion of issues in the medical field as they impact physical therapy. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**142A Directed Clinical Practice**

*Hours by Arrangement, 150 hours (total), 2 units*  

**Grade Only**

*Prerequisite:* Physical Therapist Assistant 120 with a grade of “C” or better, or equivalent.

*Corequisite:* Physical Therapist Assistant 134 and 135, each with a grade of “C” or better, or equivalent.  

Limitation on Enrollment: Health and Safety. This course is only open to students enrolled in the Physical Therapist Assistant Program. This course is not open to students with previous credit for Physical Therapist Assistant 140C.  

This course provides the fourth semester Physical Therapist Assistant (PTA) student a supervised application of previously learned techniques and skills in the rehabilitation of patients in two selected clinical facilities affiliated with the college. Students are placed in both an inpatient and outpatient facility. Supervision of the student at the job-ready level is provided by the staff of the affiliating institution and is coordinated by the college faculty. This course is the second of two Directed Clinical Practice course in the PTA program. This class includes 300 hours by arrangement. (FT) Associate Degree Credit only and not Transferable.

**290 Independent Study**

*Hours by Arrangement, 1-4 units*  

**Grade Only**

Limitation on Enrollment: Must obtain an Add Code from instructor for registration.

Provides for additional research, academic or clinical experiences for students with special interests. This course may be taken four times with different content for a maximum of six units. Associate Degree Credit only and not Transferable.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290),
Individualized Instruction (296), Service Learning (277), or (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

**PHYSICS (PHYS)**
catalog) deduct credit for duplication of topics. (CAN PHYS 8) (CAN PHYS SEQ B = 195A + 195B + 195C).

**195B Electricity and Magnetism**
- 3 hours lecture, 3 hours lab, 4 units
- Grade Only

*Prerequisite:* Physics 195A with a grade of “C” or better, or equivalent.

*Corequisite:* Physics 196B.

This is the second of a three-semester calculus-based general physics sequence, intended to satisfy the transfer requirements of students planning to major in the physical sciences and in engineering. The topics of study include the basic principles and applications of electrostatics, magnetostatics, time-varying electric and magnetic phenomena, direct and alternating current circuits, elementary electronics and electromagnetic waves. Emphasis is placed on the mathematical analysis of physical problems. Laboratory work on various aspects of electric and magnetic phenomena emphasizing current direct and alternating current circuits is included. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**195C Waves, Light, and Modern Physics**
- 3 hours lecture, 3 hours lab, 4 units
- Letter Grade or Credit/No Credit Option

*Prerequisite:* Physics 195A with a grade of “C” or better, or equivalent.

*Corequisite:* Physics 195B.

The fundamental principles of physics in the areas of waves, the behavior of light, and an introduction to quantum physics and the atomic and nuclear properties of matter. Physics 195B and 195C may be taken concurrently only if Physics 195A was completed with a grade of “B” or better or with approval of department. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Physics (PHYS) 124A,B and 195A,B,C combined: maximum credit, one series, deduct credit for duplication of topics. (CAN PHYS 12) (CAN PHYS SEQ B = 195A + 195B + 195C).

**196 Electricity and Magnetism**
- 4 hours lecture, 3 hours lab, 5 units
- Grade Only

*Prerequisite:* Physics 195 with a grade of "C" or better, or equivalent.

*Limitation on Enrollment:* This course is not open to students with previous credit for Physics 195B and 196B.

This is the second of a three-semester calculus-based general physics sequence, intended to satisfy the transfer requirements of students planning to major in the physical sciences and in engineering. The topics of study include the basic principles and applications of electrostatics, magnetostatics, time-varying electric and magnetic phenomena, direct and alternating current circuits, elementary electronics and electromagnetic waves. Emphasis is placed on the mathematical analysis of physical problems. Laboratory work on various aspects of electric and magnetic phenomena emphasizing current direct and alternating current circuits is included. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**196A Problems in Mechanics**
- 1 hour lecture, 1 unit
- Letter Grade or Credit/No Credit Option

*Corequisite:* Physics 195A.

*Advisory:* English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5; and Mathematics 150 with a grade of “C” or better, or equivalent.

Small group discussions of problem-solving methods in physics. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**196B Problems in Electricity and Magnetism**
- 1 hour lecture, 1 unit
- Letter Grade or Credit/No Credit Option

*Prerequisite:* Physics 195A with a grade of "C" or better, or equivalent.

*Corequisite:* Physics 195B.

The emphasis of this course is on small group discussions of problem-solving methods in electricity and magnetism. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**196C Problems in Light and Modern Physics**
- 1 hour lecture, 1 unit
- Letter Grade or Credit/No Credit Option

*Corequisite:* Physics 195C.

Small group discussions of problem-solving methods in physics. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course
This comprehensive survey course, designed for students intending to transfer to a four-year college or university, provides an in depth study of the American political system. Both national and California experiences are studied from the perspective of constitutional frameworks, institutions, issues, and policies. NOTE: If used to satisfy part of the American Institutions requirement, Political Science 102 may not be used to satisfy the SDCC District's three-unit social science requirement. Political Science 102 is required for completion of the major in political science. Political Science 102 taken in conjunction with History 109, 115A, 141, 150; Black Studies 140A; Chicano Studies 141A, satisfies the District and CSU American Institutions/California Government requirements. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN GOVT 2).

103 Comparative Politics
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course is a study of selected governments, their development, organization, administration, and politics. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

140 Contemporary International Politics
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course is a study of world politics including the various approaches to international relations and international political economy. Emphasis is placed on the roles of nationalism, nation-states, transnationalism and international organizations in the making of contemporary world politics as well as on issues of national security, power and diplomacy, economic competition, international law and the environment. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290),
Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

**PSYCHOLOGY (PSYC)**

## 101 General Psychology

**3 hours lecture, 3 units**  
Letter Grade or Credit/No Credit Option  
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.

This course is a survey of the concepts, principles and terminology of psychology as a science. Emphasis is placed on introducing students to the diverse areas that make up the field of psychology, preparing students for further study in the behavioral sciences and providing students with greater insight into human behavior. This course is designed for students planning to take advanced courses in the Social and Behavioral Sciences and/or students majoring in Psychology. (FT)  
Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

## 111 Psychological/Social Aspects of Aging, Death and Dying

**3 hours lecture, 3 units**  
Letter Grade or Credit/No Credit Option  
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.

This course explores the psychological, physiological and social factors influencing behavior during the later years of life. Through improving their understanding of the conditions and problems of growing older in today’s world, students may increase their empathy with the aged in society as well as enhance their adaptation to their own aging process. (FT.)  
Associate Degree Credit & transfer to CSU and/or private colleges and universities.

## 121 Introduction to Child Psychology

**3 hours lecture, 3 units**  
Letter Grade or Credit/No Credit Option  
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.

This course is an introduction to the basic principles of behavior modification for any students interested in the practical applications of these principles. Life style issues such as exercise, weight, diet, time management, stress and relaxation can be discussed within the context of applied learning theory. (FT)  
Associate Degree Credit & transfer to CSU and/or private colleges and universities.

## 123 Adolescent Psychology

**3 hours lecture, 3 units**  
Letter Grade or Credit/No Credit Option  
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.

This course is an examination of child growth and development from conception through adolescence, including environmental management and interpersonal relations with special emphasis on the preschool years. (FT)  
Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

## 125 Introduction to Behavior Modification

**3 hours lecture, 3 units**  
Letter Grade or Credit/No Credit Option  
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.

This course explores Biofeedback as a theoretical and practical discipline that uses physiological monitors to increase awareness and control of normally understood
This course explores the psychological, social, and physiological dimensions of human sexual behavior. Students review specific theories and research findings and focus on individual sexual development, functioning, and healthy decision making. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Psychology (PSYC) 137 combined with Black Studies (BLAS) 165: maximum credit, one course.

155 Introduction to Personality
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course is a survey of the fundamental Personality Theories within the field of Psychology. Emphasis is placed on the personal life experiences of each of the major personality theorists, their research methods and approaches to the study and understanding of personality, and clinical applications of them. This course is an elective for students seeking a stronger understanding of psychological theory. Students from many majors or backgrounds take this course. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

161 Introduction to Counseling
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Level W5 and R5.
Survey of basic counseling concepts used to maintain and change behavior. Emphasis on experiential learning in the skills of effective relating and problem-solving. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

165 Theories of Consciousness
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
A scientific and systematic introduction to the historical perspectives and concepts basic to the understanding of consciousness. Associate Degree Credit & transfer to CSU and/or private colleges and universities.
166 Introduction to Social Psychology  
3 hours lecture, 3 units  
Grade Only

Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.

Social psychology examines how individuals are influenced by their social environment. Special attention is given to social cognition and perception, self-justification, conformity, group dynamics, prejudice, aggression, prosocial behavior and applied social psychology. Emphasis will be placed on developing critical and integrative ways of thinking about theory and research in social psychology. This course is for anyone who is interested in the subject of social psychology. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

207 Psychology of Religion  
3 hours lecture, 3 units  
Letter Grade or Credit/No Credit Option

Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.

An inquiry into psychological factors in personal religious experience and the values held by religious groups; a comparison of selected Eastern and Western approaches to human identity and social relationships. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

211 Learning  
3 hours lecture, 3 units  
Letter Grade or Credit/No Credit Option

Prerequisite: Psychology 101 with a grade of “C” or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Psychology 210. Students learn about the basic principles and research in animal and human learning. Subjects include scientific versus nonscientific approaches to behavior studies, operant and respondent conditioning, observational and cognitive learning, and motivation as related to self-control. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

230 Psychology of Lifespan Development  
3 hours lecture, 3 units  
Letter Grade or Credit/No Credit Option

Prerequisite: Psychology 101 with a grade of “C” or better, or equivalent.

This course is designed for students interested in studying the psychological development of humans in all their sociocultural diversity from conception to death. Students learn major theoretical positions related to growth and change. The course emphasizes the variety of factors that shape similarities and differences in life. Psychology majors wishing to transfer are advised to take this course. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

245 Abnormal Psychology  
3 hours lecture, 3 units  
Letter Grade or Credit/No Credit Option

Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.

This course provides a comprehensive survey of troubled patterns of behavior. Students explore theoretical models as they relate to etiology, treatment, and prognosis of psychopathologies. Students also learn how the DSM-IV helps identify and assess various disorders. Topics include legal and social policy issues. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

255 Introduction to Psychological Research  
3 hours lecture, 3 units  
Letter Grade or Credit/No Credit Option

Prerequisite: Psychology 101 with a grade of “C” or better, or equivalent.

This course is an introduction to scientific methodology in psychology, including descriptive, experimental, and applied research, as well as an introduction to psychological research reports. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

258 Behavioral Science Statistics  
3 hours lecture, 3 units  
Letter Grade or Credit/No Credit Option

Prerequisite: Mathematics 96 with a grade of "C" or better, or equivalent, or Assessment Skill Levels M50. 

Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
This course is an introductory study of statistics for the Behavioral Sciences. Emphasis is placed on acquainting students with the concepts underlying statistical methods and research approaches, basic statistical analyses and principles. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Psychology (PSYC) 258 combined with Mathematics (MATH) 119 and Biology (BIOL) 200: maximum credit, one course. (CAN PSY 6).

260 Introduction to Physiological Psychology
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: Psychology 101 with a grade of "C" or better, or equivalent.
Students learn about the physiological determinants of behavior. Subjects include behavior evolution, the nervous system, and endocrine glands as well as their relationship to perception, learning, motivation, emotion, and personality. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN PSY 10).

262 Health Psychology
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: Psychology 101 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Psychology 265: Health Psychology.
This course surveys concepts and applications of psychology that are effective in the areas of optimizing health and the delivery of treatment, including behavior analysis and cognitive interventions and prevention techniques. Perspectives of health psychology research and how it leads to better medical care are discussed. The course is open to any student who has an interest in the study of the interrelationships of health and psychology. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

276 Field Work in Psychological Services
2 hours lecture, 2-3 hours field work, 2-3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
Supervised field experience enabling the student to be of service to the community as he/she learns about the operation of service agencies. In addition to the field experience, the student will be expected to attend a two-hour on-campus seminar each week. A suitable assignment must be available. Associate Degree Credit & transfer to CSU and/or private colleges and universities.
This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

105 Basic Radiologic Technology
3 hours lecture, 3 units
Grade Only
Corequisite: Radiologic Technology 251A.
This course introduces the student to medical imaging: history, role and function of the radiographer, professional organizations, ethical and legal principles, California Title 17, and relationship of the profession to the health care delivery system. Medical and radiographic terminology, basic radiation, and electrical protection of patient and self; basic technical principles are included. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

110 Recording Media and Processing
2 hours lecture, 2 units
Grade Only
Corequisite: Radiologic Technology 251B.
This course provides the student with knowledge of recording media utilized to produce diagnostic images. Various media acquisition techniques, image processing and storage are discussed including PACS (picture archiving and communications systems). (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

120A Radiographic Exposure
2 hours lecture, 2 units
Grade Only
Corequisite: Radiologic Technology 251B.
This course provides the student with the knowledge of factors that govern and influence the production of the radiographic image on recording media. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.
120B Radiographic Exposure Laboratory
3 hours, 1 unit
Grade Only
Corequisite: Radiologic Technology 251B.
This laboratory course provides the student with clinical applications of the theory and concepts of radiographic exposure of Radiologic Technology 120A. Principles and techniques of daily photographic quality assurance are introduced. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

130 Patient Care
2 hours lecture, 2 units
Grade Only
Corequisite: Radiologic Technology 251A.
This course provides the student with basic concepts of integrated patient care within the radiology department including physical and psychological needs of the patient, venipuncture techniques with associated application in contrast media injection, treatments of complication and/or reaction to media injection. Routine and emergency patient care procedures are described as well as infection control procedures utilizing universal precautions. Common drug nomenclature and basic concepts of pharmacology are introduced. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

199 Radiographic Positioning I
1 hour lecture, 3 hours lab, 2 units
Grade Only
Corequisite: Radiologic Technology 251A.
This is a course designed to introduce the student to the basic theories of standard radiographic positioning. Positioning considerations for routine radiographic procedures to image the upper and lower extremities, bony thorax, abdomen, and pelvis are identified and simulated in the laboratory setting. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

200 Radiographic Positioning II
1 hour lecture, 3 hours lab, 2 units
Grade Only
Corequisite: Radiologic Technology 251B.
This is a course designed to relate the basic theories of standard radiographic positioning and procedures identified in RADT 199 to the standard radiographic positioning and procedures of the vertebral column, alimentary canal, urinary, biliary, and reproductive systems. Positioning considerations for routine procedures are identified and simulated in the laboratory setting. The associated radiographic is included. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

211 Radiographic Positioning III
1 hour lecture, 3 hours lab, 2 units
Grade Only
Corequisite: Radiologic Technology 252B.
This is an advanced level course in radiologic procedures, radiographic positioning and radiographic associated pathology for, special procedures, mammography, pediatric, and interventional radiography. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

220 Radiographic Technique
3 hours lecture, 3 units
Grade Only
Corequisite: Radiologic Technology 252B.
This is an advanced level course designed to study the theoretical and practical aspects relating to exposure techniques and radiographic quality. Primary emphasis is placed on problem solving and reasoning for practical image quality and improvement. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

230 Radiologic Science
2 hours lecture, 2 units
Grade Only
Corequisite: Radiologic Technology 252B.
This is an advanced level course to provide the student with a working knowledge of radiologic physics from x-ray generating equipment, beam characteristics to x-ray interaction. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

240 Radiation Biology
1 hour lecture, 1 unit
Grade Only
Corequisite: Radiologic Technology 253A.
This is an advanced level course to study radiation hazards and the potential consequences to both the technologist and the patient. The most appropriate means of minimizing the radiation dose is emphasized with California’s Title 17 radiation regulations as a foundation for discussion and application. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

241 Sectional Anatomy
3 hours lab, 1 unit
Grade Only
Corequisite: Radiologic Technology 253A.
This is a course to provide the student radiographer who possesses a background in general anatomy with an orientation to sectional anatomy and to correlate such with structures demonstrated on images from the various imaging modalities. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**242 Organization of Radiology**  
1 hour lecture, 1 unit  
Grade Only  
Corequisite: Radiologic Technology 253B.  
This advanced level course deals with the principles of organization, management, supervision, productivity levels and performance evaluations. Other topics include the legal and ethical aspects of radiographers as described in state licensure and national association regulations and standards, professional resumes, and the discussion of issues in the medical field as they impact medical imaging. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**243 CT and MRI Imaging**  
4 hours lecture, 4 units  
Grade Only  
Corequisite: Radiologic Technology 253A.  
This is a course to study the imaging modalities of computed tomography and magnetic resonance imaging. The underlying physical principles, imaging methods, instrumentation, imaging manipulation and clinical use of the modalities in diagnostic imaging are explored. (FT) Associate Degree Credit only and not Transferable.

**248 Mammography I**  
1 hour lecture, 1 unit  
Grade Only  
Corequisite: Radiologic Technology 253A.  
Limitation on Enrollment: This course is not open to students with credit for Radiologic Technology 265: Mammography.  
This is a comprehensive course to examine the basic principles of mammography and its clinical application in diagnosing breast disease. Essential background information in the early detection of breast cancer is also explored. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**251A Directed Clinical Practice**  
15 hours lab, 3 units  
Grade Only  
Prerequisite: Biology 160 and Computer Business Technology 110, each with a grade of “C” or better, or equivalent.  
Corequisite: Radiologic Technology 105, 130, and 199.  
Limitation on Enrollment: student must be admitted to program.  
This course introduces the student to the supervised clinical hospital experience of the radiographer program. With direct supervision, the student observes and begins to perform radiographic procedures and examinations while utilizing medical ethics and patient care principles. Supervision is shared by the staff of the clinical education center and college faculty. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**251B Directed Clinical Practice**  
20 hours lab, 4 units  
Grade Only  
Prerequisite: Radiologic Technology 105, 130, 199, and 251A, each with a grade of “C” or better, or equivalent.  
Corequisite: Radiologic Technology 110, 120A, 120B, and 200.  
This is a course to provide supervised clinical experience that prepares the student for the professional patient interactions in applying concepts of procedures used in obtaining diagnostic radiographs of the vertebral column, alimentary tract, urinary, biliary and reproductive systems. Supervision is shared by the staff of the clinical education center and college faculty. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**252A Directed Clinical Practice**  
25 hours lab, 5 units  
Grade Only  
Prerequisite: Radiologic Technology 110, 120A, 120B, 200, and 251B, each with a grade of “C” or better, or equivalent.  
This is a course to provide continued supervised clinical experience to demonstrate competency of recently taught radiographic procedures and examinations and to demonstrate continued competency of the exams previously evaluated. Supervision is shared by the staff of the clinical education center and college faculty. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**252B Directed Clinical Practice**  
25 hours lab, 5 units  
Grade Only  
Prerequisite: Radiologic Technology 252A with a grade of “C” or better, or equivalent.  
Corequisite: Radiologic Technology 211, 220, and 230.  
This is a course to provide continued supervised clinical experience to demonstrate continued competency and to introduce advanced procedures including special
procedures, interventional and pediatric radiography. Special emphasis is placed on image quality and improvement analysis. Supervision is shared by the staff of the clinical education center and college faculty. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

253A Directed Clinical Practice  
25 hours lab, 5 units  
Grade Only

Prerequisite: Radiologic Technology 211, 220, 230, and 252B, each with a grade of “C” or better, or equivalent. Corequisite: Radiologic Technology 240, 241, 243, and 248.
This is a course to provide demonstration of required positioning and procedure competencies and to begin documentation of final competency prior to program completion. In addition, the student begins rotations to augment their clinical experience in areas such as CT, MRI, special procedures and outpatient clinical centers. Supervision of the student is shared by the staff of the clinical education center and college faculty. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

253B Directed Clinical Practice  
25 hours lab, 5 units  
Grade Only

Prerequisite: Radiologic Technology 240, 241, 243, and 253A, each with a grade of “C” or better, or equivalent. Corequisite: Radiologic Technology 242.
This is a course to provide integration of all program objectives and to provide documentation of final competencies in preparation for licensure examinations and program completion. Supervision of the student is shared by the staff of the clinical education center and college faculty. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

101 Real Estate Principles  
3 hours lecture, 3 units  
Grade Only

This course covers the fundamentals of the economics of land ownership and use and the responsibility of broker, owner and purchaser; terminology and definitions and the varied vocational opportunities in the general field of real estate are also covered. Completion of this course is required prior to taking the exam for the California Real Estate Salesperson's License. This course also applies as an elective toward the State's educational requirements for the broker's examination. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

105 Legal Aspects of Real Estate I  
3 hours lecture, 3 units  
Grade Only

This course is a study of California Real Estate law. Emphasis is placed on the practical application of the law to legal problems arising from real estate transactions, statutory enactment and case law, legal instruments, zoning ordinances, and city and county planning decisions. This course applies toward the State's educational requirements for the broker's examination and as an elective for the salesperson's license. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

110 Principles of Real Estate Appraisal I  
3 hours lecture, 3 units  
Grade Only

This course is an introductory course covering the purposes of appraisals, the appraisal process, and the different approaches, methods, and techniques used to determine the value of various types of property. Emphasis is on residential and special purpose property. This course applies toward the State's educational requirements for the California Real Estate Appraisal license, broker's examination, and as an elective for the salesperson's license. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

115 Real Estate Finance I  
3 hours lecture, 3 units  
Grade Only

This course analyzes the financing of real estate. Topics will include types of financing sources; loans and loan processing; governmental loans, methods of financing residential properties; with an overview of financing business, income, commercial and industrial properties; and property appraisal and taxation. This course applies toward the State's educational requirements for the broker's examination and as an elective for the salesperson's license. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

120 Real Estate Practice  
3 hours lecture, 3 units  
Grade Only

This course examines the principles of real estate practice as they pertain to day-to-day operations in a real estate office. Topics include listings, valuations, prospecting, selling, financing, exchanges, taxation and specialized brokerage operations. Professional and
ethical activities are stressed. This course applies toward the State's educational requirements for the broker's examination and as an elective for the salesperson's license. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

125 Real Estate Economics
3 hours lecture, 3 units
Grade Only
This course deals with trends and factors that affect the value of real estate; the nature and classification of land economics; the development of property, construction and subdivision, economic values and real estate evaluation; real estate cycles and business fluctuations; residential market trends; real property and special purpose property trends. This course applies toward the State's educational requirements for the broker's examination and as an elective for the salesperson's license. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

130 Real Property Management
3 hours lecture, 3 units
Grade Only
This course is a practical approach to the principles and practices of managing income properties, including leasing, tenant relations, collections, and rent schedules; budgets and purchasing; market economics; landlord-tenant law, evictions, prohibited discrimination, property maintenance; taxation; and record keeping, and marketing. This course applies as an elective toward the State's educational requirements for the broker's examination and for the salesperson's license. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

140 Real Estate Appraisal II
3 hours lecture, 3 units
Grade Only
This course examines appraisal principles and procedures for complex properties, emphasizing income producing properties. Highest and best use, market analysis, lease analysis, and depreciation estimates are also considered. This course applies as an elective toward the State's educational requirements for the broker's examination and toward the educational requirements for various appraisal licenses issued by the State's Office of Real Estate Appraisers (OREA). (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

RUSSIAN (RUSS)

101 First Course in Russian
5 hours lecture, 5 units
Letter Grade or Credit/No Credit Option
Advisory: English 56 with a grade of "C" or better, or equivalent, or Assessment Skill Level R5.
This is an entry level course designed to introduce students to the Russian language and cultures of the Russian-speaking world. In this interactive course, students learn and use the language by speaking, listening, reading, and writing at the novice level. Basic language structures and vocabulary for communication are examined and explored in Russian. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN RUSS 2) (CAN RUSS SEQ A = RUSS 101 + 102).

102 Second Course in Russian
5 hours lecture, 5 units
Letter Grade or Credit/No Credit Option
Prerequisite: Russian 101 with a grade of "C" or better, or equivalent.
This course is a continuation of Russian 101, developing language competency and an understanding of the Russian culture. In this interactive course, students are listening, reading, speaking, and writing beyond the novice level. The students develop their receptive and productive competencies to the low-intermediate or mid-intermediate level. Additional language structures and vocabulary for communication are examined and explored in Russian. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN RUSS 4) (CAN RUSS SEQ A = RUSS 101 + 102).

201 Third Course in Russian
5 hours lecture, 5 units
Letter Grade or Credit/No Credit Option
Prerequisite: Russian 102 or three years of high school Russian with a grade of "C" or better, or equivalent. Advisory: Concurrent enrollment in Russian 296.
This is the third course in the Russian language sequence. In this interactive course, students use the language through speaking, listening, reading, and writing at the intermediate level. More complex language structures and vocabulary for communication
are examined and explored as well as the literary and historical aspect of Russian culture. This course is appropriate for students interested in continuing their study of the Russian language and culture as well as for students who need to meet language proficiency or general education requirements in the humanities. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

### SOCIOLOGY (SOCO)

#### 101 Principles of Sociology

3 hours lecture, 3 units  
**Letter Grade or Credit/No Credit Option**

**Advisory:** English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.

The basic facts, concepts and generalizations of sociology are covered. Content includes the scientific study of social interaction and organization with special reference to present-day America, including cross-cultural and multicultural analysis. This course is useful for those considering careers in counseling, teaching, social work, and nursing. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN SOC 2).

#### 110 Contemporary Social Problems

3 hours lecture, 3 units  
**Letter Grade or Credit/No Credit Option**

**Advisory:** English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.

This course requires students to identify and analyze present day social problems in the United States, with emphasis on sociological factors involved, while including cross-cultural and multicultural analysis. Students will use scientific methods of approaches to and criteria for evaluating proposals for social betterment. This course is useful for students pursuing careers in criminology, counseling, education, law, medicine, and dental hygiene. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN SOC 4).

#### 125 Sociology of the Family

3 hours lecture, 3 units  
**Letter Grade or Credit/No Credit Option**

**Advisory:** English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.

This course is designed to investigate the structures and functions of the family institution historically, cross-culturally, and in American society. Attention is on changing gender roles, family stability, family structure and definitions of the family. In addition, emphasis is placed on the family's relationship to economic structures, political institutions, and belief systems. This course is useful for students contemplating majors or careers in sociology, counseling, psychology, social work, and related fields. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

### SPANISH (SPAN)

#### 100 First/Second Course in Spanish  
(Accelerated)

10 hours lecture, 10 units  
**Letter Grade or Credit/No Credit Option**

**Advisory:** English 43 with a grade of "C" or better, or equivalent, or Assessment Skill Level W4; and concurrent enrollment in Spanish 296.
Limitation on Enrollment: This course is not open to students with credit for or concurrent enrollment in Spanish 101 or 102.

This course in Spanish is designed to serve as a combination of the two beginning Spanish courses, Spanish 101 and 102. This is an entry-level course to the Spanish language and cultures of the Spanish-speaking world. In this interactive course, students use the language through speaking, listening, reading, and writing. The students develop their receptive and productive competencies to the intermediate low or mid level. Language structures and vocabulary for communication are examined and explored in Spanish. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List: Spanish (SPAN) 101 and 102 combined are equivalent to 100 (per catalog): maximum credit, 10 units. (CAN SPAN 2) (CAN SPAN SEQ A = SPAN 101 + 102).

101 First Course in Spanish
5 hours lecture, 5 units
Letter Grade or Credit/No Credit Option
Prerequisite: Spanish 101 with a grade of “C” or better, or equivalent. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN SPAN 2) (CAN SPAN SEQ A = SPAN 101 + 102).

102 Second Course in Spanish
5 hours lecture, 5 units
Letter Grade or Credit/No Credit Option
Prerequisite: Spanish 102 with a grade of “C” or better, or equivalent. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN SPAN 8) (CAN SPAN SEQ B = SPAN 201 + 202).
210 Conversation and Composition Spanish I
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: Spanish 102 with a grade of "C" or better, or equivalent.
This course further develops oral comprehension and fluency as well as written communication at a mid-intermediate level in Spanish through culturally relevant materials. Students increase vocabulary, dramatize everyday topics of conversation, interpret and describe materials, and compare and contrast Latin American and Spanish cultures with U.S. culture both orally and in writing. Writing strategies are emphasized and literature is introduced. This course is intended for students who want to enhance their skills in the Spanish language. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

211 Conversation and Composition Spanish II
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: Spanish 210 with a grade of "C" or better, or equivalent.
This course further develops oral comprehension and fluency as well as written communication at an advanced intermediate level in Spanish through culturally relevant materials. Students further increase vocabulary, dramatize everyday topics of conversation, interpret and describe materials, and compare and contrast Latin American and Spanish cultures with U.S. culture, both orally and in writing. Pre-reading strategies introduced in Spanish 210 are used as a basis upon which to build course emphasis in reading. More literature is introduced. This course is intended for students who want to further enhance their skills in Spanish. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

215 Spanish for Spanish Speakers I
5 hours lecture, 5 units
Letter Grade or Credit/No Credit Option
Prerequisite: Spanish 102 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Spanish 201.
This course is designed for students who are fluent in spoken, informal Spanish and who need to improve their writing, reading, and grammar skills. Emphasis is on the mastery of formal, written communication skills in Spanish at the intermediate level, and the study of Hispanic and Chicano culture through reading relevant, authentic materials. The course focuses on language challenges particular to Spanish speakers such as orthography, the inappropriate mix of English and Spanish in certain contexts, and contrasts between standard Spanish and regional variations. This course is conducted entirely in Spanish. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

216 Spanish for Spanish Speakers II
5 hours lecture, 5 units
Letter Grade or Credit/No Credit Option
Prerequisite: Spanish 215 or Spanish 201 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Spanish 202, or to Spanish speakers who have received the equivalent of a high school degree in a Spanish speaking country.
This course is the continuation of Spanish 215. It is designed for students who are fluent in spoken, informal Spanish and who need to improve their writing, reading, and grammar skills. It furthers the mastery of formal, written communication in Spanish at the intermediate-advanced level, while integrating instruction in Hispanic and Chicano culture through increased practice in intermediate-advanced level readings, relevant, and authentic materials. The course focuses on language challenges that Spanish speakers still encounter at intermediate-advanced level, such as orthography, the inappropriate mix of English and Spanish in specific contexts, and standard Spanish as contrasted with regional variations. This course is conducted entirely in Spanish. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

SPECIAL EDUCATION
(See Disability Support Programs and Services)
099 Voice and Diction for Non-Native Speakers of English
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 42 and English 43, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R4 and W4; and English for Speakers of Other Languages 40.
This course is intended for non-native speakers of English who want to learn and practice American English vocal standards. The class emphasizes American English standards of pronunciation, listening comprehension, ear-training techniques, effective use of vocal variables of voice-rate, pitch force and quality, vocabulary building, conversation with correct use of grammar, sentence structures, common American idioms, pronunciation, and reading. (FT) Associate Degree Credit only and not Transferable.

101 Voice and Articulation
3 hours lecture, 3 units
Grade Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
This is an introduction to basic techniques of clear articulation to develop effective voice usage in standard American English. The emphasis in this course is on effective sound production and vocal quality. It is recommended for people who deal with the public such as selling and providing public services. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

103 Oral Communication
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
Limitation on Enrollment: This course is not open to students with credit for Chicano Studies 103, Black Studies 152, or Bilingual Studies 103.
This course offers a wide variety of reading, application and speaking assignments designed to expose students to all the major skills of speechmaking. Students focus on the following basic elements: ethics; analyzing the audience; visual aids; choosing a topic and specific purpose; outlining, listening, organizing a speech; delivery; small group communication; informative and persuasive speaking; speaker credibility; effective use of language; library research; and communication and/or speeches to entertain. All students give several speeches both with and without visual aids. This course is designed to prepare students for majors in Communications as well as for the general population. Designated sections of this course are taught from a specific cultural perspective and are cross-listed under Bilingual Studies, Black Studies, and Chicano Studies in the catalog and class schedule. Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN SPCH 4) (CAN SPCH 2).

104 Advanced Public Communication
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option
Prerequisite: Speech Communications 103 with a grade of “C” or better, or equivalent.
This course covers theory, practice and critical analysis of public communication, including speeches on subjects of current interest both local and global. It includes an introduction to the relationship between rhetorical theory and criticism and rhetorical practice in public communication (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

111 Oral Interpretation
3 hours lecture, 3 units
Grade Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5; and Speech Communications 103 with a grade of “C” or better, or equivalent.
This course involves theory and practice in the interpretational performance of literature. The course concentrates on the development of analytical skills and emphasizes the use of verbal and nonverbal communication in the interpretation of various literary genres including prose, poetry and drama. Literature is selected from a wide variety of world cultures and is taught from a multicultural perspective. The course is designed for the transfer student intending to major in Speech Communications. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

117A Intercollegiate Forensics
3-9 hours lab, 1-3 units
Letter Grade or Credit/No Credit Option
Prerequisite: Speech Communications 103 and 160, each with a grade of “C” or better, or equivalent,
including high school and/or collegiate debate experience. This course is for the student who is interested in intercollegiate forensics (speech and debate) competition. Special emphasis is given to the preparation of platform speeches (informative, persuasive and after-dinner) and novice intercollegiate debate. Students taking the course for one unit participate in one event and one tournament; for two units, two events and two tournaments; for three units, three events and three tournaments. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

117B Intercollegiate Forensics  
3-9 hours lab, 1-3 units  
Letter Grade or Credit/No Credit Option  
**Prerequisite:** Speech Communications 117A with a grade of "C" or better, or equivalent. This course is for the student who is interested in intercollegiate forensics (speech and debate) competition. Special emphasis is given to the preparation of oral interpretation events (poetry, prose and drama) and intercollegiate debate. Students taking the course for 1 unit participate in one event and one tournament; for two units, two events and two tournaments; for three units, three events and three tournaments. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

117C Intercollegiate Forensics  
3-9 hours lab, 1-3 units  
Letter Grade or Credit/No Credit Option  
**Prerequisite:** Speech Communications 117B with a grade of "C" or better, or equivalent. This course is for the student who is interested in limited preparation speech events (impromptu and extemporaneous) and debate. Students taking the course for one unit participate in one event and one tournament; for two units, two events and two tournaments; for three units, three events and three tournaments. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

117D Intercollegiate Forensics  
3-9 hours lab, 1-3 units  
Letter Grade or Credit/No Credit Option  
**Prerequisite:** Speech Communications 117C with a grade of "C" or better, or equivalent. This course is for the student who is interested in intercollegiate forensics (speech and debate) competition. Special emphasis is given to the preparation of five (pentathlon) speech events, debate and team leadership. Students taking the course for one unit participate in one event and one tournament; for two units, two events and two tournaments; for three units, at least three events and three tournaments. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

135 Interpersonal Communication  
3 hours lecture, 3 units  
Letter Grade or Credit/No Credit Option  
**Advisory:** English 51 and English 56 each with a grade of "C" or better, or equivalent, or Assessment Skill Level W5 and R5. The course emphasizes the development of effective interpersonal skills, strategies and practice in oral and written communication. Personal, situational, and cultural influences of interaction will be covered. It pays particular attention to human perception, interpersonal dynamics, listening, conflict management, and verbal and non verbal symbol systems. The course is intended for students who communicate in a one-on-one situation including majors in communication, fashion, allied health, public service and business. This course is also intended for students who are interested in further development of effective interpersonal skills in work, volunteer, and personal environments. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. (CAN SPCH 8).

160 Argumentation  
3 hours lecture, 3 units  
Letter Grade or Credit/No Credit Option  
**Prerequisite:** Speech Communications 103 with a grade of "C" or better, or equivalent. This is a course in the construction and analysis of argument. The course emphasizes the essentials of argumentation: theory, research, and analyses of propositions, tests of evidence, construction and application of arguments to everyday life and public policy. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List. (CAN SPCH 6).

165 Service - Learning for Civic Leadership  
2-3 hours lecture, 2-3 units  
Letter Grade or Credit/No Credit Option  
**Advisory:** English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5.
Limitation on Enrollment: This course is not open to students with credit for Speech 265: Community Service Learning for Civic Leadership.

This course explores the role of civic responsibility and leadership in American society and in the life of individuals. It is designed for all students interested in civic responsibility and involvement in service. This course provides an examination of volunteerism and provides students with opportunities to engage in experiential learning activities outside of the classroom. The focus of the course is on the preparation of students for future community leadership positions. The courses provide for planning, orientation, reflection, and analysis; in addition, twelve hours of volunteer service work will be required for each unit of credit. Experiential learning activities include involvement in the Habitat for Humanity, America Reads, and other college-approved service projects and are integrated with reflection and analysis for the purpose of exploration and civic responsibility. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

170 Small Group Communication
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option

Advisory: English 51 and English 56, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and R5; and Speech Communications 103 with a grade of "C" or better, or equivalent.

This course offers practical experience in the techniques of leading and participating in small group discussions. Small group techniques such as panels, symposiums, problem solving, conflict resolution, leadership skills and parliamentary procedures are covered. Community building through service learning is presented as a tool to creating collective consciousness and an altruistic philosophy. This course is designed for students intending to major in speech communications, business, international business, education, and all fields of study and certifications that require group and team building skills. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

180 Intercultural Communication
3 hours lecture, 3 units
Letter Grade or Credit/No Credit Option

Intercultural communication is the study of communication between members of differing cultures. The discipline focuses on the relationship between culture and communication emphasizing social psychological variables, verbal and nonverbal language systems, cross-cultural communication breakdowns and conflict resolution. Practical application of intercultural communication principles to contemporary problems of cross-cultural and international communication will be stressed. This course is designed for students intending to major in speech communications, international business, business education, social sciences, nursing, mass communications, and all fields of study and certifications that require cross-cultural contact and/or awareness of cultural distinctions. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

290 Independent Study
Hours by Arrangement, 1-3 units
Letter Grade or Credit/No Credit Option

Limitation on Enrollment: Must obtain an Add Code from instructor for registration.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

101 First Course in Tagalog
5 hours lecture, 5 units
Letter Grade or Credit/No Credit Option

Advisory: English 43 with a grade of "C" or better, or equivalent, or Assessment Skill Level W4.

This course in Tagalog is the first in its language sequence. This is an entry-level course to the Filipino language and culture. In this interactive course, students use the language through speaking, listening, reading, and writing at the novice level. Basic language structures, appropriate forms of address, and vocabulary for communication are examined and explored. (FT) Associate Degree Credit & transfer to CSU and/or
private colleges and universities. UC Transfer Course List.

102 Second Course in Tagalog
5 hours lecture, 5 units
Letter Grade or Credit/No Credit Option
Prerequisite: Tagalog 101 with a grade of "C" or better, or equivalent.
Advisory: Concurrent enrollment in Tagalog 296.
This course in Tagalog is the second in its language sequence. This course reinforces Filipino culture and Tagalog language concepts studied in the first semester course and introduces additional Filipino cultural and language structures at the low-intermediate level. This interactive course builds on the basic Tagalog language structures and adds new structures through speaking, listening, reading, and writing at the low-intermediate level of grammar mastery. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

201 Third Course in Tagalog
5 hours lecture, 5 units
Letter Grade or Credit/No Credit Option
Prerequisite: Tagalog 102 with a grade of "C" or better, or equivalent.
This is an intermediate course and is the third in its language sequence. In this interactive course, students use the language through speaking, listening, reading, and writing at the intermediate level. More complex language structures and vocabulary for communication are examined and explored. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

110 Destination Management & Visitor Services
3 hours lecture, 3 units
Grade Only
Prerequisite: Hospitality 101 with a grade of "C" or better, or equivalent.
Advisory: English 51 with a grade of "C" or better, or equivalent, or Assessment Skill Level W5; completion of or concurrent enrollment in Hospitality 105 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Travel and Tourism 130.
This is an overview course focusing on the processes necessary to develop and promote activities that focus on attractions, hotels, restaurants and convention facilities that are available to the visitor utilizing San Diego as a model city. The course provides information relating to the scope of this sector of employment in the tourism industry and on destination management companies. It also outlines the benefits to the community as a result of these activities. The students are acquainted with community service organizations and governmental agencies that are designed to aid the visitor, and destination management companies designed to aid the meeting and event planner. The course is for those with an interest in tourism and in organizing and coordinating meetings, conventions, events and tours. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

115 Tours: Guiding and Techniques
3 hours lecture, 3 units
Grade Only
Prerequisite: Hospitality 101 with a grade of "C" or better, or equivalent.
Advisory: English 51 with a grade of "C" or better, or equivalent, or Assessment Skill Level W5; completion of or concurrent enrollment in Hospitality 105 with a grade of "C" or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Travel and Tourism 145.
This course provides instruction in the various aspects of tour development, tour operations and tour guiding. Students examine the infrastructure of the organized tour industry and explore the career opportunities available to them. Essential skills for delivery of an exceptional tour experience are highlighted, with practical information related to interpretation guiding techniques, tour logistics and mechanics. This course is designed for students interested in a career in hospitality and tourism or those interested in the area. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

120 Meeting and Convention Management
3 hours lecture, 3 units
Grade Only
Prerequisite: Hospitality 101 with a grade of "C" or better, or equivalent.
Advisory: English 51 and Mathematics 32, each with a grade of "C" or better, or equivalent, or Assessment Skill Levels W5 and M20; completion of or concurrent enrollment in Hospitality 105 with a grade of "C" or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Travel and Tourism 132.

This introductory course provides the student with an interest in planning events such as meetings, conferences and conventions with the parameters of that segment of the tourism industry. Students are introduced to the differences between meetings and conventions, the employees involved in those venues and the steps that are to be taken to plan, organize and produce such activities as meetings, seminars, conventions and trade shows. The course is for those with an interest in tourism and in organizing and coordinating meetings, conventions, events and tours. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

135 Event Promotion & Sponsorship
3 hours lecture, 3 units
Grade Only

Prerequisite: Hospitality 101 with a grade of "C" or better, or equivalent.
Advisory: English 51 with a grade of "C" or better, or equivalent, or Assessment Skill Level W5; completion of or concurrent enrollment in Hospitality 105 and 120, each with a grade of "C" or better, or equivalent.

This course examines how to promote events and use events to endorse products, services and causes. Specifics covered include image, branding, advertising, publicity, and public relations, their importance to an event, the benefits and best practices of each. Also covered are the coordinating methods to secure sponsorship contracts. This course is designed for students interested in a career in hospitality and tourism or those interested in the area. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.
designed for students interested in a career in hospitality and tourism or those interested in the area. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**141 The Business of Wedding Coordination**

3 hours lecture, 3 units  
Grade Only

**Prerequisite:** Hospitality 101 and Hospitality 105, each with a grade of “C” or better, or equivalent.

**Advisory:** English 51 and Mathematics 32, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and M20; completion of or concurrent enrollment in Tourism 125 with a grade of “C” or better, or equivalent.

The course provides students with the knowledge and skills needed to operate a wedding consulting business or act as a wedding specialist. Topics include: setting up and running a wedding consulting business, financial management for the business and the client, guidelines for working with clients, selecting vendors and wedding venues, developing professional relationships, wedding day timelines and planning schedules. This course is for students wanting to specialize in the weddings segment of the destination and events industry management. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**105 Introduction to Travel Services**

3 hours lecture, 3 units  
Grade Only

**Advisory:** English 51 and English 56 and Mathematics 32, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5, R5 and M20.

This course is an introduction to the various fields that make up the travel, tourism, and hospitality industry. A study of creation, marketing and distribution of the many travel products is undertaken. The importance of service to the customer is stressed in each of the fields studied. Students examine the infrastructure of the industry as well as the many career opportunities it presents. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**110 Domestic and International Ticketing**

3 hours lecture, 3 units  
Grade Only

**Advisory:** English 51 and English 56 and Mathematics 32, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5, R5 and M20; and Travel and Tourism 105 with a grade of “C” or better, or equivalent.

This course provides instruction in the basic procedures of domestic and international airline ticketing. Students complete other necessary transactions such as refunds and exchanges on tickets. The primary goal for the class will be for students to build, fare, and ticket a standard airline reservation. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**111 Travel to Asia and the Pacific**

3 hours lecture, 3 units  
Grade Only

**Advisory:** English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.

This course is an in-depth study of the countries, major cities, points of interest, characteristics, and customs of people throughout Asia and the Pacific. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**112 Travel to Western Hemisphere**

3 hours lecture, 3 units  
Grade Only

**Advisory:** English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.

This course is an in-depth study of the countries, major cities, points of interest, characteristics, and customs of people throughout the Western Hemisphere. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**113 Travel to Europe and Africa**

3 hours lecture, 3 units  
Grade Only

**Advisory:** English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.

This course is an in-depth study of the countries, major cities, points of interest, characteristics, and customs of people throughout Europe and Africa. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**115 Travel Agency Management**

3 hours lecture, 3 units  
Grade Only

**Advisory:** English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
A study of travel agency management requirements. Orientation to regulatory agencies, reporting and administrative forms, sales agreements, and agency appointment procedures, interrelationship of the travel agency with airlines, steamship companies, railroads, wholesalers, tour companies and operators. Methods of charter and group travel promotion. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

121 Cruises
3 hours lecture, 3 units
Grade Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5.
Limitation on Enrollment: This course is not open to students with credit for Travel and Tourism 155. This course is a study of cruise lines, steamships, sailing vessels, and barges. Profiles of each cruise line and the various air/sea packages available are analyzed. Instruction is given in the use of cruise manuals and resource materials. Students will practice qualifying clients and will use various sales techniques to close sales. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

180 Basic Sabre Reservations
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only
Advisory: English 51 and English 56 and Mathematics 32, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5, R5 and M20; and Travel and Tourism 110 with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with credit for Travel and Tourism 120. This course provides instruction in the basics of automation and selling skills in the travel industry. The major portion of the class is devoted to learning how to operate the SABRE (American Airlines) computer for all aspects of travel arrangements. The course also stresses participation in an interactive program of sales skills training. The practical application of travel industry knowledge, automation function and selling skills are emphasized. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

182 Advanced SABRE Reservations
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only
Advisory: English 51 and English 56, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels W5 and R5; and Travel and Tourism 180 with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with credit for Travel and Tourism 120. This course provides instruction in accelerated reservations procedures for SABRE (American Airlines) including such auxiliary functions as booking hotels and rental cars. A major portion of the class is devoted to learning how to access various informational and organizational services in SABRE. Students will also participate in an interactive program of sales skills training. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities.

270 Work Experience
Hours by Arrangement, 1-4 units
Grade Only
Limitation on Enrollment: To receive credit a student must complete a minimum of seven units during the semester, including work experience. Program of on-the-job learning experiences for students employed in a job related to their major. The combined maximum credit for all work experience courses from all disciplines may not exceed 16 units. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Special Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 190. Please refer to the class schedule and/or see the dean or department chair for availability.

101 First Course in Vietnamese
5 hours lecture, 5 units
Letter Grade or Credit/No Credit Option
Advisory: English 56 with a grade of “C” or better, or equivalent, or Assessment Skill Level R5.
Advisory: Concurrent enrollment in Vietnamese 296.
This is the first course in Vietnamese with emphasis on understanding, speaking and reading the language of everyday life. In this interactive course, the elements of grammar are examined with practice in writing Vietnamese, using the subject matter relating to the culture and traditions. Basic language structures and vocabulary for communication are examined and explored in Vietnamese. This course may especially be of interest to students preparing for a career in Vietnamese.
education. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

**102 Second Course in Vietnamese**

5 hours lecture, 5 units
Letter Grade or Credit/No Credit Option

*Prerequisite:* Vietnamese 101 with a grade of “C” or better, or equivalent.

*Advisory:* Concurrent enrollment in Vietnamese 296. This is a continuation of Vietnamese 101. In this interactive course, students use listening, reading, speaking and writing at more complex levels. The students further develop their receptive and productive competencies to the intermediate low or mid level. The elements of grammar are examined with practice in writing Vietnamese, using the subject matter relating to the culture and traditions. This course is intended for students interested in languages and for those interested in further academic study of Vietnamese. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

**201 Third Course in Vietnamese**

5 hours lecture, 5 units
Letter Grade or Credit/No Credit Option

*Prerequisite:* Vietnamese 102 with a grade of “C” or better, or equivalent.

*Advisory:* English 43 with a grade of “C” or better, or equivalent, or Assessment Skill Level W4; and concurrent enrollment in Vietnamese 296. This is an intermediate course and is the third in the Vietnamese language sequence. In this interactive course, students use the language through speaking, listening, reading, and writing at the intermediate level. More complex language structures and vocabulary for communication are examined and explored as well as literary and historical aspects of Vietnamese culture. (FT) Associate Degree Credit & transfer to CSU and/or private colleges and universities. UC Transfer Course List.

**WORK EXPERIENCE, COOPERATIVE (WORK)**

**OCCUPATIONAL WORK EXPERIENCE** is a program of on-the-job learning experiences for students employed in jobs related to an occupationally oriented major. The goals and course assignments for completion of the courses are formulated with industry under the direction of the college instructor assigned to teach Work Experience 270. The grading system is the same as for other subjects offered by the college, and the time spent for preparation and training is comparable. Adequate records are maintained to determine satisfactory progress and attendance.

**270 Occupational Work Experience (Parallel Plan)**

*Hours by Arrangement, 1-4 units*
*Grade Only*

*Limitation on Enrollment:* To receive credit a student must complete a minimum of seven units during the semester, including work experience. During summer sessions, one other course must be taken concurrently. Failure to complete seven units during Fall/Spring and/or other class during Summer Session will result in course credit being denied and/or removed.

A program of on-the-job learning experiences for students employed in a job related to an occupationally oriented major for which no work experience course is offered. One unit of credit is earned for each 75 hours of paid employment or 60 hours of volunteer work. This course may be taken four times for a maximum of 16 units. However, the combined maximum credit for all Work Experience courses from all disciplines may not exceed 16 units. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

**272 General Work Experience (Parallel Plan)**

*Hours by Arrangement, 1-3 units*
*Grade Only*

*Limitation on Enrollment:* Must obtain an Add Code from Work Experience Coordinator for enrollment. To receive credit a student must complete a minimum of seven units during the semester, including work experience. During summer sessions, one other course must be taken concurrently. Failure to complete seven units during Fall/Spring and/or other class during Summer Session will result in course credit being denied and/or removed.

A program of on-the-job learning experiences designed to assist the student in developing occupational effectiveness. Employment need not be related to a vocational or occupational major. One unit of credit is
earned for each 75 hours of paid employment or 60 hours of volunteer work, with a maximum of three units per semester or summer session. This course may be taken twice for a maximum of six units. However, the combined maximum credit for all work experience courses from all disciplines may not exceed 16 units. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

274 Occupational Work Experience (Alternate Plan)

*Hours by Arrangement, 1-8 units
Grade Only

Limitation on Enrollment: A student must have completed at least 7 units prior to enrolling in course and may not be concurrently enrolled in more than one other course. Eligibility for enrollment will be determined in accordance with applicable regulations contained in Title 5, California Administrative Code. This course consists of a program of on-the-job learning experiences which enables the student to attend college full-time one semester and work full-time the following semester. Student must be in a paid or non-paid on-the-job learning situation related to the student’s educational or occupational goal. The combined maximum credit for all work experience courses from all disciplines may not exceed 16 units. Associate Degree Credit & transfer to CSU and/or private colleges and universities.

M.Ed., Boston University  
M.A.T., Brown University  

ADELSON, Evan  
Sociology  
B.A. Haverford College, PA  
Ph.D. University of California, San Diego  

ADONA, Gabriel Aeria  
Counselor  
B.A., San Diego State University  
M.S., San Diego State University  

ALEXANDER, Edward  
Chemistry  
B.S., City College of the City University of New York  
Ph.D., State University of New York, Buffalo  

ALLRED, Christie  
English/ESL  
B.A., M.A., San Diego State University  

ALTHAUS, Christine  
Disability Support Programs and Services  
B.A., University of California, Santa Barbara  
M.S., San Diego State University  

ARMSTRONG, Elizabeth  
Vice President, Instruction  
B.A. M.Sc., San Francisco State University  

ARNOLD, Rebecca S.  
Economics  
B.S., University of Arkansas, Fayetteville  
M.S., San Diego State University  

AVORH, John  
Political Science  
B.A., University of Ghana, Ghana  
M.A., Baylor University, Texas  
M.A., Syracuse University, NY  
Ph.D., Atlanta University, GA  

BAKER, Jill  
Librarian  
B.A., University of CA, Riverside  
M.L.S., San Jose State University  

BALICH, Michael S.  
Architecture  
B.Arch., California State Polytechnic College University  

BARRIE, Donald S.  
Geology  
B.S., Humboldt State University, Arcata, California  
M.S., New Mexico Institute of Mining and Technology, Socorro  

BARRINGTON, Elizabeth  
Health Education  
A.A., Miramar College  
B.A., National University  
M.A., San Diego State University  

BASS, Alan L.  
Mathematics  
B.S., M.S., University of North Carolina, Wilmington  

BAUTISTA, Manny  
Physical Education, Cross Country  
A.A., South Plains Community College, Levelland, Texas  
B.S., California Poly State University  
M.S., Kansas State University  

BEAVER, Henry  
Instructional Systems Specialist  
B.A., Macalester College, St. Paul, Minnesota  
M.S., Mankato State University, Minnesota  

BELEW, Sandra  
Mathematics  
B.A. University of California, San Diego  
M.A. University of California, San Diego  

BERGER, KENNETH J.  
Geography  
B.S., Pace University, New York City  
M.S., New York University  
M.A., San Diego State University  
Doctorate, Environmental Science & Engineering, University of California, Los Angeles  

BERGLAND, Yvonne P. Dr.  
Dean, Instructional Services and Economic Development  
B.V.Ed., M.A., San Diego State University  
Ph.D., Ohio State University  
Registered Record Administrator, American Health Information Management Association  

BERMANN-ENN, Beate  
Art History  
B.A., M.A., California State University, Long Beach  

BERRY, George (Jeff)  
Spanish  
B.A., M.A., San Diego State University
BETSCART, Nathon J.
Fine Art (Ceramics)
B.A., Humboldt State University
M.F.A., San Diego State University

BINGHAM, Leela
Spanish
B.A., M.A., San Diego State University

BLAKE, Joi Lin
Dean, Student Development and Matriculation
B.A., San Francisco State University
M.S., San Diego State University

BOYD, Arthur
Counselor
B.S., University of LaVerne
M.A., National University
M.S., San Diego State University
Ph.D., La Salle University

BRAHMATT, Anar A.
Biology
B.S., University of California, Los Angeles
Ph.D., Loyola University of Chicago, Maywood, IL

BRAUN, Janna B.
English (Journalism)
B.A., California State University, Northridge
M.A., University of Southern California Annenberg School of Communications

BRAY, Nancy
Mathematics, Computer Science
B.A., Occidental College
M.S., San Diego State University

BROTHERS, William
Biology/Anatomy/Physiology
B.A., San Diego State University
M.S., San Diego State University

BROWNE, Henry D.
Physical Education (Football)
B.S., University of California, Los Angeles
M.A., San Diego State University

BROWN, Michael
Mathematics
B.A., Mathematics, Westmont College
M.A., University of California, San Diego

BUCHANAN, Barbara
American Sign Language
B.A., M.A., Gallaudet University, Washington, D.C.

BUDZYNSKI, Donna
Chemistry
B.S., M.S., Ph.D., University of Illinois

CARRIGAN, Ting-Pi Joyce
Interim Associate Dean, Humanities and Languages
B.A., University of California, San Diego
M.A., University of California, Los Angeles

CASTRO, Juan
Drama
M.F.A., University of California, Los Angeles

CEPEDA, Rita
President
B.A., M.A., California State University, Long Beach
Ed.D., University of Southern California

CHAGNON, Richard
Music
B.S., University of Connecticut at Storrs
M.F.A., University of California, Irvine

CHAPMAN, Pamela
Landscape/Architecture
B.L.A., University of Oregon
M.S., National University

CHU, Elizabeth C.
Nutrition
B.S., Oregon State University
M.S., Boston University
R.D., Harvard medical Center
(Peter Bent Brigham Hospital)

CHUN, Aulani
Physical Education
B.A., Long Beach State University

CLARK, Pamela
Landscape/Architecture
B.L.A., University of Oregon
M.S., National University

CONRAD, Gail
Disability Support Programs and Services
B.S., San Jose State University
M.A., Humboldt State University

CLOUD, Leslie
Computer Business Technology
B.S., Arizona State U., Tempe
M.B.A., National University, San Diego

CLYMER, Janice J.
Biology
B.A., Swarthmore College, Pennsylvania
Ph.D., University of California, Irvine

COGAN, Diane
English/Reading
B.A., Quincy College
M.A., Marquette University

COLLINS, Jarred T.
Math (ACP)
B.S., St. Thomas Aquinas College, Sparkill, NY
M.S., Rhode Island College
Ph.D., University of Rhode Island

CONRAD, Gail
Disability Support Programs and Services
B.S., San Jose State University
M.A., Humboldt State University

SEYMOUR, Walter A.
Accounting
C.P.A., State of California
B.S., M.B.A., San Diego State University

SIEGEL, Steven
Physics
B.S., Boise State University
M.S., Idaho State University

SIEVERS, John
Astronomy
B.A., M.A., San Diego State University
A.B.D., University of Pennsylvania

SILVERMAN, Vilma
Spanish
B.A., M.A. San Diego State University

SMITH, Jean Ann
Librarian
B.A., University of Michigan, Ann Arbor
MLIS, University of California, Berkeley

SOARES, Danene
Associate Dean, Teacher Education and International Education
B.A., California State University, Fullerton
M.A., Virginia Polytechnic Inst. & State University Blacksburg

SONG, Xiaochuan
Business/Economics
B.A., M.A., Liaoning University, Shenyang, China
M.S., Brigham Young University, Provo, Utah
Ph.D., University of Southern California, Los Angeles

SPECHT, Erica
Tutoring Center
B.S., University of California, Davis
M.S., National University, San Diego

STAMM, Judy
Health & Physical Education
B.A., San Diego State University
M.S., CalPoly, Pomona
Ph.D., University of California, Los Angeles

STARBUCK, Scott
English
B.S., Western Oregon State College
M.F.A., Eastern Washington University, Cheney, WA

SULLIVAN, Chris
English
B.A., M.A., San Diego State University

SUNDAYO, Judy
Counselor
B.A., American University, Washington, D.C.
M.A., United States International University
M.A., Ph.D., Professional School of Psychological Studies

SYKES, Paul
Biology
B.A., University of California, Santa Barbara
M.S., California State University, Long Beach
Ph.D., University of California, San Diego

SZYNDLAR, Jerzy
Physical Education, Soccer
B.A., M.A., Gdansk University, Poland

TAPPEN, William A.
Chemistry
A.B., M.S., San Diego State University

TEEGARDEN, Mary Therese
Math/Computer Science
B.A., University of Kent, Canterbury, England
M.A.T., San Diego State University

TEEGARDEN, Tom P.
Mathematics
B.A., M.A., San Diego State University

TEMPLE, Michael V.
Counselor
A.A., Grossmont College
B.A., University of Montana, Missoula
M.A., San Diego State University

TOTH, Juan Carlos
Computer Business Technology
Multimedia
B.A., Keene College, New Hampshire

TOTO, Joseph
Chemistry
B.S., Albright College, Reading, PA
M.S., Ph.D. University of California, Santa Barbara

TRAN, Ngoc Kim
Mathematics
B.A., University of California, San Diego
M.A., University of California, Santa Barbara

TREMBLEY, Mark
Geography
A.A., Los Angeles Valley College
B.A., California State University, Northridge
M.A., M.L.A., University of California, Berkeley
