Below are a few important changes that may affect your registration, effective Fall 2010

**Intervention for Excessive Withdrawals**
Beginning Fall 2010, students will be prevented from enrolling in any course in which three withdrawals have already been earned. Students who have three W’s in any one course will be required to meet with a college counselor to obtain approval to enroll again.

*Counselors will only be available to meet with students regarding excessive withdrawals from June 21 to July 9, 2010.*

**Assessment Skill Levels**
Students may bring in or mail official copies of the SAT, ACT, EAP, EPT or ELM to determine readiness for English 101 or 105 and courses with a Math 096 prerequisite. Tests must have been taken within the past two years.

Students must have the minimum scores listed below to meet the required skill levels. If your scores fall below the minimum, you must take the college placement test to determine the appropriate English and/or math course for you.

**Basic Skills Enrollment**
State regulations limit the total number of units that a student may receive in basic skills courses to 30 units. Therefore, students will be prevented from enrolling in any basic skills course once the 30 unit limit has been met.
