Important Facts on Concurrent and Partnership Enrollment

1) Admission Regulations

Students must have completed the 10th grade and are allowed to enroll in one course per college semester at this time. Physical Education activity courses will not be permitted for concurrent enrollment. High Schools in a partnership agreement may have alternative or other specific enrollment guidelines. The course must be advanced scholastic or technical (college degree applicable). The course should not be available at the school of attendance and the student cannot be claimed for ADA during the time they are in the college course. Principals certify that students are enrolled in conformity with the California Education Code. High school students taking college classes on campus are required to pay both the enrollment and health fees. Student enrolled in special high school partnership programs will have their enrollment fees waived.

2) Student Safety and Responsibilities

Minor students taking classes at the community college are expected to take primary responsibility for their own safety and conduct. No supervision is provided while on the college campus. The community college campus is an open campus and is an adult learning environment. Curriculum and college processes will not be changed to accommodate students. Students must act on their own behalf. Parents, guardians, or relatives of the student are not permitted to enroll, drop or add classes on behalf of the student. Students must comply with all policies of the district including the Student Code of Conduct (Board of Trustees Policy BP 3100, Student Rights, Responsibilities and Administrative Due Process). Copies are available online or at the Student Affairs office.

3) Student Records

Under Section 49061 of the California Education Code, parents of community college students do not have a right to access their children’s student records without the written consent of the student. This is regardless of whether the child is under the age of 18.

4) Contacting Instructors

Students enrolled in community college courses must act independently and communicate directly with their instructors. Under the Family Rights and Privacy Act (FERPA), college instructors may not discuss student performance with parents. Parents may communicate with the High School principals and staff.

5) Course Content and Materials

The community college is an adult learning environment. As such, discussion topics and course materials are generally designed for adult students and may not be appropriate for younger students. Parental approval for assignments or course content is not required. Course content will not be changed to accommodate minor students. Students must report to first class with books and materials that the student is responsible to purchase.

6) Academic Standing and the College Transcript

Minor students enrolling in college courses at the community college campus are establishing a college transcript that will become a part of their permanent record. To remain in academic good standing, all high school students must maintain a 2.0 grade point average (C or better) and/or not receive a withdrawal (W), incomplete (I) or no pass (NP) in any college semester or the student will be academically disqualified and not allowed to re-enroll without approval of a college counselor. Students are responsible to know the deadlines for enrolling, adding, or dropping a course.

7) Medical Treatment

Medical treatment for minor students may be provided with written parental consent on the high school application form. A student cannot attend without this permission.

San Diego Community College District

Supplemental Application and Certification of Special Part-Time High School Student

- City □ Mesa □ Miramar
- Fall □ Spring □ Summer Year 20___________

Name __________________________ CSID Number ______________________

Grade Level _____________________ Expected High School Graduation Date_______________

Admission Regulations:
1. Students must have completed the 10th grade.
2. A student may take a maximum of one course per college semester. This maximum includes classes at City, Mesa, and Miramar Colleges and ECC (including classes taught on the high school campus or in partnership program). High school students taking college classes on campus are required to pay both the enrollment and health fees.
3. Partnership agreements may have alternative or other specific enrollment guidelines.
4. High school students must satisfy course prerequisites and eligibility requirements. Proof required – contact the college for information.
5. Physical education activity classes will not be permitted for enrollment.
6. The course must be advanced scholastic or technical (college degree applicable). Contact the college Admissions Office for details.
7. Students will be given college credit for all courses. Grades will be part of the student’s permanent college record.
8. I have received and read the Important Facts of Concurrent Enrollment.

Academic Standing Rules:
1. Students must maintain a 2.0 grade point average each semester in all college work.
2. Students must not receive a W, I and NP in any college semester or the student will be academically disqualified.
3. A special part-time student whose grade point average falls below a 2.0, or who does not complete 60% of all units attempted will not be permitted to re-enroll.

I have read the Admission Regulations and Academic Standing Rules stated above and understand the eligibility requirements thereof.
