Important Add/Drop and Enrollment Policy Information
Summer 2010

As you know, the state budget crisis has significantly impacted programs and services. Unfortunately, we are offering fewer sections and service hours have been impacted. The following is intended to answer some frequently asked questions about some difficult, but important decisions that we have been forced to make.

1. Q. Why are students limited to 9 units of enrollment for summer?
   A. With a reduction in sections at City, Mesa and Miramar colleges, the decision was intended to provide access to as many students as possible. Students may add more classes, up to 12 units, after the primary summer session begins on June 22nd (up to the add deadline).

2. Q. Why will late drops not be approved?
   A. The decision not to allow late drops was made to provide more access to courses. Students must make a decision about dropping class(es) before the drop deadline. Students who remain in a class past the drop deadline will receive a symbol on their academic record for each course.

3. Q. Why are late adds not being approved?
   A. State regulations require that students add by the add deadline. In addition, students need to be officially enrolled for liability reasons. It is unfair to students on waitlists to let other students sit in classes who are not officially enrolled.

4. Q. How have students been notified of these important changes?
   A. Students were notified via email April 30, 2010. Information is also posted on Student Web Services.

Other Important Guidance
- Process registration and add codes in a timely manner.
- Pay for your classes as soon as you register to prevent being dropped for nonpayment.
- Classes are very full and it is unlikely that you will be able to re-enroll if dropped for nonpayment.
- Drop classes that you no longer intend to take to free up space for another student.
- If you require an accommodation, request it immediately.
- If you have concerns about fee increases or the impact of budget reductions, the contact information for our elected officials is also included.
