A Statement of Understanding must be completed by each Veteran or Dependent acknowledging the following requirements:

- I understand that it takes 4 to 8 weeks for the VA Regional Office to process my educational benefits. Payment is paid retroactive to the beginning of the semester.
- I understand that I must meet the college standards of progress. If I am academically disqualified from the college, I am no longer eligible to receive VA benefits.
- I understand that all official transcripts of prior college work and military schools, including copies of form DD-214 or DD-295 must be on file and evaluated by the end of the first semester of attendance at my primary college. Failure to submit official transcripts will delay further VA enrollment certifications. If I already have a bachelor's degree, I understand that my enrollment certification will not be submitted until all transcripts are EVALUATED.
- I understand that each semester I will be required to complete a “Semester Worksheet” in order to utilize and continue my educational benefits.
- I understand that all tuition and fees must be paid up front (except Vocational Rehabilitation students/CH: 31). The school will reimburse me once the DVA sends the institution the funds.
- I understand that a comprehensive student education plan must be on file prior to certification of the second term. Once a comprehensive student education plan is completed, prior credit will be noted.
- I understand that it is my responsibility to report any changes (Adds/Drops/Withdrawals) to the college Veterans Affairs Office immediately.
- I understand that all classes taken each semester must apply to my major according to my computerized education plan.
- I understand that my DD-214 (with at least six months of active duty service and an honorable discharge) will meet the health and PE requirements for the AA/AS degree and CSU Area E General Education requirements.
- I understand that failure to enroll in the proper classes may result in an overpayment and the reduction or termination of benefits. The veteran and/or dependent assume FULL responsibility for any overpayment of Veterans Benefits.
- I understand that I will get paid for the dates I actually attend class (For example, 8 and 5 week short term sessions only pay for that specific term and are not counted towards a full 16 week semester).
- I understand that I cannot count the units of SELF-PACED CLASSES or ONLINE REMEDIAL COURSES towards my education benefits.
- I understand that I MUST take the mathematic and English assessments by the end of my first term (unless I have completed a math and/or English class in the past and received a passing grade).
- I understand that if I fail to report enrollment changes (dropping a class, adding a class, stop attending a class), this could result in delays, overpayments, or termination of my DVA Education Benefits.
- I understand that overpayment is my responsibility and I will owe money to the Department of Veterans Affairs. The DVA may deduct the funds from ANY Federal payments (retirement, taxes, disability, etc.).
Students may research, access, and manage their benefits and personal information using the Veterans Benefit Administration’s eBenefit website at: https://www.ebenefits.va.gov. Click “Register Now” and select a free Premium account for unlimited access to:

- Download a DD-214
- View benefit status

- Check enrollment status

Student Education Plan (Program Requirements)

- All veterans must have an official Student Education Plan on file (including official transcripts from all prior colleges) by the end of the first semester or there will be an interruption in your VA educational benefits. No exceptions will be made.
- Students are required to notify their college Veterans Affairs Office when changing their program or degree plan. A new Student Education Plan must be developed by a college counselor and must be immediately turned into the college Veterans Affairs Office to update the student’s VA file.

Selecting College Courses

- For all veterans and dependents using DVA benefits and registering for classes, it is important to understand that all courses are subject to approval and must meet prerequisite or course requirements listed on the current Student Education Plan on file.
- Courses not meeting the requirements of the Education Plan will be denied by the DVA and will not be included towards the student’s rate of pursuit (approved units) calculated for awarding monthly education benefits. As a result, these courses will not be reimbursed for paid out-of-pocket tuition and fees to the college.
- Failure to take the proper courses will result in an overpayment and the reduction or termination of benefits. Veteran and dependent assumes full liability for any overpayment of all DVA educational benefits.

Submitting Semester Worksheet

- Every semester, all students are required to report their enrollment by submitting a completed Semester Worksheet to the college Veterans Affairs Office after all tuition and fees are paid. All registered courses listed on the semester worksheet are subject to approval based on the Student Education Plan on file. Failure to submit the Semester Worksheet will delay your enrollment certification to the DVA for education benefits.
Student Overpayments, Underpayments and Repeating Courses

- All adds, drops, and withdrawals must be processed through Reg-e at https://studentweb.sdccd.edu/reg-e/ and must be reported to the student's primary college Veterans Office by completing a Class Adjustment form in order to avoid any erroneous (overpayment or underpayment) monthly benefits.

- You MUST attend class and participate (both on campus and online) or it will result in an adjustment to your original enrollment certification. The adjustment will result in a student debt to the DVA, including any accruing interest until the debt has been resolved.

- You MUST inform the college Veterans Office of any changes in enrollment status (add/drop/withdrawal). Changes may result in an overpayment or underpayment of monthly benefit payment.

Failure to take classes listed on your approved Student Education Plan may result in an overpayment and the reduction or termination of benefits. Veterans and dependents assume full liability for any overpayment and will owe money to the Department of Veterans Affairs. The DVA may deduct the funds from ANY Federal payments (retirement, taxes, disability, etc.).

- Repeating Courses: The San Diego Community College District allows students to repeat courses where a D, F, or NP was earned the first take. However, for veterans receiving benefits, you must earn A, B, C, or P on the second take or the DVA will decertify you for the first enrollment and you will owe DVA for the overpayment.

- Drop classes by the drop deadline.

- Report any change to your class enrollment to the college VA Office immediately. Consequence: You may be certified for the wrong unit load.

- A Semester Worksheet must be submitted to the primary college Veterans Affairs Office after all tuition and fees are paid in order to be certified for VA Education Benefits.

- All adds, drops, and withdrawals must be processed through Reg-e at https://studentweb.sdccd.edu/reg-e/ and must be reported to the student’s primary college Veterans Office by completing a Class Adjustment form in order to avoid any erroneous (overpayment or underpayment) monthly benefits.

- Failure to attend class and participate (both on campus and online) will result in an adjustment to the student's original enrollment certification. The adjustment will result in a student debt to the DVA, including any accruing interest until the debt has been resolved.

All class adjustments made after the initial certification will not be processed until after the add/drop period.

Transcripts hand-delivered to the college Admissions & Records Office must be in a sealed envelope and issued by the institution within the last 12 months.
All veterans must have an official Student Education Plan on file by the end of the first semester or there will be an interruption in VA educational benefits. No exceptions will be made.

Official transcripts from all previously attended colleges, Military transcripts, and any CLEP, DANTES, IB, and AP test scores must be submitted to the college.

Once the transcripts have been received by the college, you should complete a Request for Transcript Evaluation form. After the transcripts have been evaluated, you will be notified by Evaluations via email to contact the college Counseling Office to schedule an appointment for a Student Education Plan.

**Change of Program/Major**

Veterans and dependents are required to notify their primary college Veterans Office when they make a change to their program or degree plan (change of major). A new Student Education Plan must be developed by a college counselor and submitted to the college Veterans Office in order for the change to be effective.

*It is not advisable to change your education plan mid-semester/session because it may result in decertification or an overpayment.*

TIPS FROM STUDENT VETERANS

College
- Verify your status for Veterans priority registration with the Admissions & Records Office.
- All adds, drops, and withdrawals must be reported to the college Veterans Office.
- Drive to campus early (especially during the first 2 weeks) in order to get to class on time.

- Assessment tests can only be taken once every 3 years.
- Learn about the services offered by the college Health Services Office.
- There are limited mental health services on college.
- Ensure your contact information is always updated with the college Veterans Office. View and update on Reg-e. Register for your classes on the assigned appointment time and date. Avoid delaying this as the window of opportunity for classes are reduced greatly.

- Pay close attention to the semester deadlines for add, drop, refund, and withdrawal.
- Instructors are not required to accommodate any deployments or training missions.
- Develop a working relationship with an academic counselor.
- Speak to your instructors about classroom concerns.

- Plan ahead and prepare for unexpected circumstances for your family.
- It is okay to call 911 in an emergency situation.
- Study/do homework between classes.
- Schedule classes with breaks in between.
- Have a planner and practice time management (school, study, home, work).
- Know your limitations and maintain a healthy lifestyle.

Graduation

- File a Petition for Graduation online at https://studentweb.sdccd.edu two semesters in advance of anticipated graduation.
- Pay close attention to petition deadlines http://studentweb.sdccd.edu/evaluations/
Before you choose an English class, you should know what your English skill level is because Reg-e will not enroll you in a class if your skill level is lower than the skill level stated as the requirement (prerequisite) for that class. To find out what your skill level is, you can take an English placement test or submit a transcript from another college if you’ve taken English classes elsewhere.

**Placement Tests**

The placement tests are given by the Testing and Assessment Office at each college.

There are two tests:

1. **ESOL test** (for students primarily educated outside of the U.S. in a language other than English)

2. **English test** (for native speakers of English and those who have completed advanced ESOL or the equivalent).

Please take the proper test to avoid misplacement, delay, and confusion.

**Test Result Card**

Upon completion of the English/ESOL assessment you will be given a test result card. Your test result card will show your:

1. **ESOL level** (L followed by 19, 20, 30 or 40).

2. **Reading level** (R followed by 30, 40, or 50); and

3. **Writing level** (W followed by 30, 40, or 50); or

Your test result card will also indicate what course(s) you should take first. When you have passed a course with a grade of “C” or higher, your skill level will be raised automatically.

The tables below show the sequence of ESOL and English courses:
