President’s Message
San Diego Miramar College, long known for its student centered campus climate and emphasis on quality teaching, learning, and service, offers a wide variety of transfer curriculum and vocational technical programs. Over the years, the college has continued to build and expand its state-of-the-art facilities to facilitate teaching and learning. The college’s outstanding faculty and caring staff are committed to helping students succeed in pursuing their educational goals.

Thank you for choosing San Diego Miramar College as the place for your college education. The College looks forward to assisting you in maximizing your potential while achieving your goals.

Sincerely,

Patricia Hsieh
Patricia Hsieh, Ed.D.

Accreditation

San Diego Miramar College is accredited by the Accrediting Commission for Community and Junior Colleges, Western Association of Schools and Colleges, 10 Commercial Blvd., Suite 204, Novato, CA 94949, (415) 506-0234, an institutional accrediting body recognized by the Council on Postsecondary Accreditation and the U.S. Department of Education. Additional information about accreditation, including the filing of complaints against member institutions, can be found at: [www.accjc.org](http://www.accjc.org).

Miramar College is also approved by the California State Department of Education. In addition, certain programs at Miramar College hold special accreditation:

- **Child Development**—National Association for the Education of Young Children
- **Emergency Medical Technician**—Emergency Medical Services Agency
- **Fire Protection Technology**—National Fire Protection Association (NFPA) standards based CA State Fire Marshal's Office Regional Accredited Training Program (RATP); International Fire Service Accreditation Congress (IFSA); National Professional Qualifications Board (PROBOARD) Accreditation
- **Medical Laboratory Technician Training**—CA Department of Public Health Laboratory Field Services; National Accrediting Agency for Clinical Laboratory Sciences (NAACLS)

Individuals interested in the institution’s accreditation and program approvals may gain an opportunity to review documents describing these activities from the President’s Office. These documents will be available for such review at any mutually convenient time during regular business hours, and an appropriate interpretation of their contents will be provided if requested.

Specific programs at Miramar College may also be certified or approved for specialized training as follows:

- **Administration of Justice**—California Standards and Training for Corrections (STC); Commission of Peace Officer Standards and Training (POST)
- **Automotive**—National Automotive Technicians Education Foundation (NATEF); Bureau of Automotive Repair (BAR) Smog Inspection and Repair Certification; American Honda Motors Certification; NC3 Certification; Toyota Motors Sales Certification
- **Aviation Operations**—Federal Aviation Administration (FAA) Part 141
- **Aviation Maintenance**—Federal Aviation Administration (FAA) Part 147
- **Basic Skills/ESOL Lab Instructional Assistant Program**—National Association of Developmental Education (NADE) Advanced Certification
- **Emergency Medical Technician**—American Heart Association (AHA); Federal Emergency Management Agency (FEMA); National Registry of Emergency Medical Technicians (NREMT)
- **Fire Protection Technology**—Cal Fire San Diego Unit; California Incident Command Certification System (CICCS); Federal Emergency Management Agency (FEMA); National Wildfire Coordinating Group (NWCG); Fire and Emergency Services Higher Education (FESHE)
- **Liberal Arts**—Military Installation Voluntary Education Revise (MIVER) for Marine Corps Air Station (MCAS) Miramar
- **Paralegal**—American Bar Association (ABA) approved

Miramar College is approved by the office of Private Postsecondary Education for the training of veterans as well as by the U.S. Department of State and the U.S. Immigration Service for international student education. Courses paralleling university-level work are accepted by the University of California, the California State Universities, and by other universities and colleges.

Disclaimer

The San Diego Community College District is governed by its Board of Trustees. No oral or written representation by any employee of the college is binding on the San Diego Community College District without the express approval of the Board of Trustees.
Academic Freedom & Freedom of Expression
(Board of Trustees Policy – BP 4030)
The San Diego Community College District is committed to an academic environment that embraces the principles of academic freedom and freedom of expression. This commitment is based upon the value that free expression is essential to excellence in teaching, learning, critical inquiry and service to the community.

1. ACADEMIC FREEDOM
   a. Academic freedom affords the faculty the right to speak freely and write, without unreasonable restrictions or prejudices.
   b. In accordance with the doctrine of academic freedom, faculty have the following fundamental rights:
      1. Collective primacy in designing and approving curriculum and instructional methods;
      2. Individual faculty determination of instructional materials, course content, and student evaluation methods, in concert with colleagues, so as to assure coherence in instruction and the maintenance of academic standards;
      3. Individual faculty freedom to discuss subject matter of the course, as appropriate to the standards of the discipline and academic community, even when that material is controversial;
      4. Individual faculty authority to evaluate enrolled students on the basis of the academic merit of the students’ performance;
      5. Individual faculty choice of research topics and methods of investigation—subject to professional and peer-determined standards—as well as unconditional freedom to publish results; and
      6. Faculty participation in shared governance, curriculum review, and accreditation processes.

2. FREEDOM OF EXPRESSION
   a. Freedom of expression affords the faculty, staff and students the right to speak and write freely in accordance with the constitutional protections of free speech.
   b. Faculty, staff and students have the following responsibilities:
      1. The District shall protect the rights of faculty to express their views in the classroom that pertain to class content. While it is understood that controversy is often at the core of inquiry, such controversy should be addressed in a mutually respectful manner.
      2. The District shall protect the rights of faculty, staff and students to speak freely on matters of public concern.
      3. Faculty, staff and students are free to explore a wide range of views and judge on matters of public concern.
      4. As outlined in District policies and procedures, faculty, staff and students have responsibilities which are based upon principles of fairness, integrity, confidentiality, safety, professionalism, and respect for others.
      5. Members of the academic community have the right to participate in governance and to join or form organizations without fear of retaliation.

* No Saturday or Sunday classes after a Friday holiday. No Sunday classes before a Monday holiday.

Note: Holidays apply to all sessions.
General Information
History

San Diego City College, San Diego Mesa College and San Diego Miramar College are public, two-year community colleges administered by the San Diego Community College District. Also under the auspices of this district are the Continuing Education division with six major centers throughout San Diego, and the Educational Cultural Complex which offers both college and continuing education courses. These educational programs carry out the charge made by the voters of San Diego in 1972, that the San Diego Community College District provide education for all high school graduates and adults 18 years of age and older in the District. This charge includes providing adult basic education through sophomore-level college degree programs, with both academic and vocational curricula.

Community college education in San Diego can be traced to 1914 when the Board of Education of the San Diego City Schools authorized post-secondary classes for the youth of San Diego. Classes opened that Fall at San Diego High School with four faculty members and 35 students.

This was the beginning of City College which has now passed its 100th year. For twenty-five years the Junior College program was located at San Diego State University. In 1938, the San Diego Vocational Junior College was established to offer training in technical-vocational skills to post-high school students. The following year the San Diego Evening Junior College was set up to provide college classes in the evening for adults unable to attend day classes.

In 1964, San Diego Mesa College was opened to 1,800 students. Five years later, in 1969, San Diego Miramar College opened on 140 acres in what was then undeveloped land north of the Miramar Naval Air Station, now known as Mira Mesa. Unlike City and Mesa colleges which offered a range of general education classes, San Diego Miramar College began by concentrating on law enforcement and fire science training. It has since broadened its curriculum to include the general education college courses needed by students in the rapidly growing northern area of the city.

In November 1972, the voters approved separating the San Diego Community College District from the San Diego Unified School District. The first election of community college district trustees was held in November 1973. Nineteen seventy-six brought the opening of a unique district campus, the Educational Cultural Complex, dedicated to offering both college and continuing education classes to the multicultural population surrounding its Ocean View Boulevard site. In 1979–80 the administration of the Evening College program was merged with those of the day college programs at San Diego City, San Diego Mesa and San Diego Miramar Colleges.

With both college and continuing education programs, the San Diego district is the second largest community college district in California and offers a choice of educational programs unparalleled in the region.

Statement of Philosophy

The general education program at the colleges in the San Diego Community College District is designed to broaden students’ knowledge and their understanding of methods of gaining knowledge in a variety of disciplines and to develop students’ abilities in critical thinking, in oral and written communication, and in mathematics.

The awarding of an Associate Degree symbolizes an attempt on the part of the college to lead students through patterns of learning experiences designed to develop an awareness of other cultures and times; to achieve insights gained through experience in thinking about ethical problems; and to develop the capacity for self-understanding. In addition to these accomplishments, students should possess sufficient depth in some field of knowledge to contribute to lifetime interest.

Mission Statement
San Diego Miramar College’s mission is to prepare students to succeed in a complex and dynamic world by providing quality instruction and services in an environment that supports and promotes diversity, equity, and success, while emphasizing innovative programs and partnerships to facilitate student completion; for transfer, workforce training, and/or career advancement.

Vision
San Diego Miramar College will be a hub of education, diversity, and services to our community.
San Diego Miramar College, in keeping with this vision, supports and emphasizes the following guiding values:

- Access, learning and success of all students to achieve their educational goals
- A culture that embraces civility, responsibility, and appreciation from a global perspective
- Accomplishments of individuals, groups, and the college as a whole
- Diversity of our students, staff, faculty and programs that reflect our community
- Creativity, innovation, flexibility and excellence in teaching, learning and service
- The ability to recognize and respond to opportunities and challenges emerging from a complex and dynamic world
- Sustainable practices in construction, curriculum and campus culture
- Collaboration and partnerships
- Participatory governance and communication
- A Culture of evidence, collaborative inquiry, and action that focuses on the student experience

Strategic Goals
1. Provide educational programs and services that are responsive to change and support student learning and success.
2. Deliver educational programs and services in formats and at locations that meet student needs.
3. Enhance the college experience for students and the community by providing student-centered programs, services, and activities that celebrate diversity and sustainable practices.

4. Develop, strengthen, and sustain beneficial partnerships with educational institutions, business and industry, and our community.

Disclaimer
While every reasonable effort has been made to ensure that statements in this catalog are accurate, it must be understood that the information contained herein is subject to change or elimination without notice by the administration of the San Diego Community College District. Students should consult the appropriate campus or department for current information, as well as for any special rules or requirements imposed.
Admissions and Registration
Student Success and Support Program
(formerly the College Matriculation Program)

The goals of the Student Success and Support Program (SSSP) are to ensure that all students complete their college courses, persist to the next academic term, and achieve their educational objectives through admissions, orientation, assessment, educational planning with a counselor, and student follow-up.

Steps to Student Success

Step 1 – Admission
Step 2 – Orientation
Step 3 – Assessment
Step 4 – Educational planning with a counselor
Step 5 – Follow-up on student progress

These services have been designed especially for students who intend to earn a certificate or degree at the college or to transfer to a four-year college or university. However, the services are available to all students admitted to the college, and all students are encouraged to participate in the various services of the program.

1. Admission

Admission is open to anyone who meets one of the following criteria:

• Persons who possess a high school diploma or California high school proficiency exam certification or a high school equivalency certificate.
• Persons 18 years of age or older or emancipated minors who do not possess a high school diploma or equivalent may be admitted by the college under provisional admission status.
• High school students requesting concurrent enrollment may be admitted as “special part-time” students subject to the following criteria:
  a. Students must have completed the 10th grade.
  b. Enrollment may be limited due to budget reductions and extraordinary demand.
• High school students must satisfy course prerequisites and eligibility requirements.
• Enrollment in Exercise Science (formerly Physical Education) classes will not be permitted.
• The course is advanced scholastic or technical (college degree applicable).
• The course is not available at the school of attendance.
• Students will be given college credit for all courses. Grades will be part of the student’s permanent college record.
• Students must maintain a 2.0 grade point average each semester in all college work.
• If the number of units of W, I and NP exceed 40%, in any semester or session, the student will be academically disqualified. Students whose grade point average falls below a 2.0, or who do not complete 60% of all units attempted, will not be permitted to re-enroll without approval from a college counselor.

All new students must file an application for admission. Students who have previously attended, but have not been in continuous attendance for one year must file a new application for admission.
Apply Online
Applications for admission to San Diego City, Mesa and Miramar Colleges are available online. Students access the online application at: http://studentweb.sdccd.edu.

Social Security Number
Your Social Security Number (SSN) or Individual Tax Identification Number (ITIN) is required for Federal and State reporting, and for students applying for Financial Aid. It is maintained in a secure manner and WILL NOT be visible or released to third parties for identification purposes for any reason.

Section 483 and 484 of the Higher Education Act of 1965, as amended, also gives the Financial Aid Office the authority to collect your SSN. The U.S. Department of Education uses your Social Security Number to verify your identity and retrieve your records. Providing incorrect information may result in penalties from the IRS.

All students will be assigned a unique 7-digit College Student Identification (CSID) number upon successful submission of their application that will be required to conduct all college business.

Important Reminder
Every male citizen of the U.S. and male immigrant residing in the U.S., ages 18 through 25, must register with the Selective Service.

2. Orientation
The orientation provides important information to students about the programs and services available at the college as well as strategies for student success. Orientation includes assessment and program planning. Non-Exempt students who have been admitted to the college are expected to attend an assessment/orientation session before registering for classes.

For additional information call or stop by the Testing Office on campus.

3. Assessment
Assessment is a tool used to assist students in selecting courses best suited to their abilities and educational goals. Specifically, assessments help students identify their skill levels in English and mathematics, and ESOL.

Assessment is a process that includes tests and other measures and is intended to assist students in meeting course prerequisites. Students may also meet course prerequisites based on other factors such as past educational achievements in mathematics or English or course completion, and other standardized tests.

In order to ensure proper course selection, all new students should go through assessment and orientation unless they already possess an associate degree or higher.

Students are strongly urged to take the assessment tests seriously. Take advantage of preparatory workshops, refresher courses, practice exams and tutoring services prior to taking the assessment tests.

- English assessment tests may be retaken after one year.
- Math assessment tests may be retaken after one year. Students who want to retest in math earlier than one year must take a refresher session/workshop/course or advancement exam.

Past Educational Achievements in Mathematics or English
Students are exempt from the English and math placement tests if they have earned an Associate degree or higher, have completed English and math courses, or have received a qualifying score on an SAT, ACT, EPT, ELM or EAP test taken within the past two years. Students should bring or send official copies of their SAT, ACT, EPT, ELM or EAP test scores directly to the District Student Services office to determine readiness for English 101 or 105 and for courses with a Math 096 prerequisite. All tests must have been completed within the past 2 years.

* Students with Conditionally-Ready status can obtain College-Ready status by taking an approved English and/or math course in high school and earn a grade of “C” or better during their senior year.

**High School English Courses:**
- Expository Reading & Writing Course (ERWC)
- AP Literature/Composition
- Weighted Honors English
- IB English

**High School Math Courses:**
- Trigonometry
- Math Analysis
- Pre-Calculus or Calculus
- AP Calculus AB or BC
- AP Physics
- AP Statistics

A qualifying score from the College Board Advanced Placement English or Math Exam may be taken directly to the college Counseling office for consideration. Please refer to the Advanced Placement Test section for AP exam score requirements.

**IMPORTANT:** Only original document will be accepted. Copies are not valid.

Testing accommodations are available to students with disabilities. For assistance contact the Disability Support Programs and Services (DSPS) office on campus.

**4. Educational Planning with a Counselor**

An education plan is an important tool to assist students in successfully attaining their goals without wasted time and effort. Counseling and career planning services are available to help students make informed choices concerning the programs and courses available.

The education plan is an agreement which contains the official requirements for graduation and/or transfer. **All official transcripts of prior college work must be on file and evaluated before an official education plan can be prepared. Transcripts from foreign institutions are not required.** See the Graduation section on page 99 for graduation filing requirements.

Education plans outline a suggested pathway for a student to take based on their major, transfer plans or other pertinent objectives. These plans allow students to determine how long it will take to complete a program of study and to be sure that all program requirements can be met within a particular period of time. The student should review their education plan periodically with a counselor as goals or objectives change.

Career, interest and aptitudes assessments are available for students who wish to explore other options or who are undecided on their educational goal.

**5. Follow-up on Student Progress**

Follow-up services are available to all students as part of the college's commitment to student success. These services include a periodic review of student progress and education plans to assist students in reaching their educational goal. Students who need additional support services will be referred to those services.

**Exemptions**

Students who meet the following criteria are exempt from components of the matriculation process:

1. **Admission**
   - No exemptions

2. **Assessment**
   - Students with the following educational goals:
     - Maintenance of a certificate or license, educational development, or completion of credits for high school diploma
     - Students who have an associate degree or higher
     - Students concurrently enrolled at a four-year college
• Students concurrently enrolled in high school
• Students who have taken the placement tests within the last three years

3. Orientation
• Students with the following educational goals:
  • Maintenance of a certificate or license, educational development, or completion of credits for high school diploma
  • Students who have an associate degree or higher
  • Students concurrently enrolled at a four-year college or university
  • Students concurrently enrolled in high school

4. Educational Planning with a Counselor
• Students with the following educational goals:
  • Maintenance of a certificate or license, educational development, or completion of credits for high school diploma
  • Students who have an associate degree or higher
  • Students concurrently enrolled at a four-year college
  • Students concurrently enrolled in high school

5. Follow-up on Student Progress
• No exemptions

Registration
With the exception of Special-Admit High School students, all students receive an appointment to register online using the San Diego Community College District’s online registration system. Special-Admit High School students must enroll in person at the time of their registration appointment. By using the combined schedule of classes and the online registration system, a student can enroll in any available course offered at ECC, City, Mesa, or Miramar Colleges. Instructions for the class schedule and online registration are available on campus and on the web at: http://schedule.sdccd.edu/.

The online services offered are:
• Registration—add, drop & withdraw from classes
• View the student’s class schedule and payment deadlines
• Pay fees and view payment records
• Purchase a parking permit
• Purchase an Associated Students Membership
• Wait List activities—adding, dropping and Wait List status
• Pass/No Pass grading options
• View the student’s Financial Aid
• View attendance hours for tracking classes
• View placement levels
• Academic deadlines and calendar

Note: You may only access one semester at a time.
The portal also grants access to:
• Grade information
• Academic history
• Petitions to graduate
• Ordering transcripts
• View 1098-T tax information
• Apply to the honors program
• Apply for a Board of Governor’s Waiver BOGW

Audit Policy
Auditing courses is not permitted under any circumstances. Students must be officially enrolled in all classes which they attend.

Online Class Restrictions
In accordance with federal regulations City, Mesa and Miramar colleges may not permit students residing outside of California to enroll in online classes without approval of the state where the student resides. Students residing in a non-approved state/territory are not permitted to enroll in online classes and will be dropped. Go to http://studentweb.sdccd.edu/docs/OnlineStatesNotPermitted.pdf for an up-to-date list of restricted states and territories.
Responsibility for Maintaining Accurate Registration

It is the student’s obligation to add, drop, or withdraw from classes before the deadlines stated in the class schedule. This applies even if the student has never attended class. Any student who anticipates difficulty in paying fees should check with the Financial Aid Office about eligibility and sources of assistance. Registration will be canceled for nonpayment of fees.

Time/Schedule Conflicts

- Students may not register for classes with times that overlap (includes 10 minute passing period).
- Students may not enroll in two classes of the same subject and course number if the start and/or end date of one class overlaps with the other class.

Class Schedules on Internet

Up-to-date class schedule information and course descriptions for each campus is available online at [http://schedule.sdccd.edu](http://schedule.sdccd.edu). This website displays new classes, cancellations, and changes after the printed schedule has been distributed. A search engine allows students to search for classes by academic subject, by time and day, or by key words.

Wait List

Students who attempt to register in a class that is closed may select the option to have his/her name placed on a Wait List.

**IMPORTANT NOTE:** Wait Listing is not a guaranteed priority for enrollment.

Criteria:

- Students may place their name on only one Wait List for a specific subject and course number.
- Students must meet course prerequisites to be placed on the Wait List.
- Students who are on a Wait List and later enroll in another section of the same subject and course number will be automatically removed from the Wait List.
- Students can check their priority number on the Wait List online.
- Students have the option to remove themselves from the Wait List at any time.
- There is a limit to the number of students allowed on each Wait List.
- Wait Listed students will be given first priority to add their Wait Listed class if a space becomes available before the semester begins.
- The college will attempt to notify students that a space is available via e-mail according to their priority number; however, it is the students’ responsibility to check the status of their Wait Listed classes in the online registration system daily.
- Upon notification, students will be given five (5) business days, including the day of notification, to add the Wait Listed class. (An add code is not required.)
- If students do not add their Wait Listed class within the 5-day period, they will be removed from the Wait List and lose their priority.
- Students remaining on the Wait List after classes begin MUST attend the first class meeting (and be on time) to have their Wait List priority considered.
- Students can check their priority number on the Wait List online.
- Students have the option to remove themselves from the Wait List at any time.
- There is a limit to the number of students allowed on each Wait List.
- Wait Listed students will be given first priority to add their Wait Listed class if a space becomes available before the semester begins.
- The college will attempt to notify students that a space is available via e-mail according to their priority number; however, it is the students’ responsibility to check the status of their Wait Listed classes in the online registration system daily.
- Upon notification, students will be given five (5) business days, including the day of notification, to add the Wait Listed class. (An add code is not required.)
- If students do not add their Wait Listed class within the 5-day period, they will be removed from the Wait List and lose their priority.
- Students remaining on the Wait List after classes begin MUST attend the first class meeting (and be on time) to have their Wait List priority considered.

Adding Classes

Students may add classes online until the deadline date published in the schedule of classes. Students will not be allowed to add classes beyond the published deadline.

To add a class once the semester has begun, students must obtain an add code from the instructor, then must process and pay for the added class online or at the Accounting Office, Room K1-205.

Students are not officially enrolled until the add code is processed through the online registration system and fees are paid in full. Add codes for Special-Admit part-time high school and Joint Diploma students must be processed in person in the college Admissions Office prior to the add deadline.

If an instructor finds that a student has given his or her add code to another student, the instructor should administratively drop the student who was not issued the add code.
Class Attendance

Students who do not attend the first class meeting may be dropped by the instructor. Students, who cannot attend because of illness, religious observation, or a serious problem, should notify the instructor. Students who miss the first class meeting and do not plan to attend must log-in online and drop the class to avoid receiving an "F" grade.

It is the student's responsibility to drop by the published deadlines.

Drop/Withdrawal from Classes

Students may drop or withdraw from classes online until the published deadline dates. Deadline dates are available in the Admissions Office or in the online schedule of classes at: http://schedule.sdccd.edu and by clicking on the “details” box next to the class they are interested in viewing.

- It is the student’s responsibility to drop all classes in which he/she is no longer participating.
- Students, who remain enrolled in a class beyond the published withdrawal deadline, as stated in the online class schedule, will receive an evaluative letter grade.
- Final grades may be affected by attendance as described in the class syllabus.

DROP—ending enrollment in a class prior to about 20% point of class meetings. A drop is not recorded on the student’s academic record.

WITHDRAWAL—ending enrollment in a class between about the 20% point and up to about 60% point of class meetings. A withdrawal is a permanent symbol on the student’s academic record and is included in progress probation and disqualification determination.

Administrative Drop

Registration may be administratively canceled for the following reasons:

1. Failure to pay all mandatory fees in accordance with the fee payment schedule;
2. Using an add code issued to another student;
3. Failure to meet the terms and conditions of a fee deferment;
4. Failure to meet academic or progress standards;
5. Denial of a “Petition to Challenge a Prerequisite”;
6. Failure to meet a prerequisite or co-requisite Requirement;
7. Enrolling in an online course while residing in a state not approved by the department of education.

Study Load Limit

The maximum study load for a semester is 20 academic units including Exercise Science (formerly Physical Education) activity units.

Students are reminded that each unit of credit is calculated to involve a total of at least three hours of classroom and outside time per week. Thus, a 20-unit study load represents a minimum 60-hour work load each week. Students working full-time are advised NOT to attempt a full-time college program.

Twelve units of credit is considered a minimum full-time program during a semester; nine units is three-quarters time, and six units, half-time.

The maximum study load for summer session is 12 academic units including Exercise Science (formerly Physical Education) activity units.

Six units of credit is considered a minimum full-time during the summer session; four units is three-quarters time, and three units, half time.

Note: Study load requirements may vary at each college for financial aid purposes. Inquire at your college Financial Aid Office for detailed information.

Basic Skills Unit Limit

Title 5, 55035 states: “...no student shall receive more than 30 semester units of credit for basic skills coursework.” Registration will be blocked prior to students reaching this limit so that students can meet with a counselor to ensure that they are successful when this unit limit is met. Students with a verified learning disability are exempt from this limitation (contact the DSPS Office for more information).

Priority Enrollment System

Consistent with state law and the goal of providing a fair and equitable registration system for all students, the San Diego Community College District has established the following priority system for assigning registration appointments.
Priority Groups

Group 1
- Active Military & Veterans who meet the eligibility criteria*, Foster Youth, CalWorks, EOPS & DSPS students.

Group 2
- Continuing Students who have completed orientation, assessment and have an education plan (Abbreviated education plans only grant a student priority for 3 semesters.)
- Continuing CE Advantage Students

Group 3
- New & Returning Students who have completed orientation, assessment and have an education plan (Abbreviated education plans only grant a student priority for 3 semesters.)

Group 4
- Continuing, New & Returning Students who have not completed all three services: orientation, assessment, and have an education plan.

Group 5
- Students with 100+ Units (Does NOT include Basic Skills units.)
  (Active Military & Veterans, CalWorks, DSPS & EOPS students will receive first priority within this group.)

Group 6
- Students who are Concurrently Enrolled at a 4-year Institution.
  (Active Military & Veterans, CalWorks, DSPS & EOPS students will receive first priority within this group.)

Group 7
- Students with four (4) or more Certificates of Achievement
- Students with two (2) or more Associate Degrees
- Students with a Baccalaureate Degree
  (Active Military & Veterans, CalWorks, DSPS & EOPS students will receive first priority within this group.)

Group 8
- Students who are academically disqualified or disqualified for lack of progress or who have not yet returned to good academic standing.
  (Active Military & Veterans, CalWorks, DSPS & EOPS students will receive first priority within this group.)

Within each priority group above, students are prioritized according to cumulative units, including transfer units.

Range
- 50.0 – 72.0 units
- 30.0 – 49.9 units
- 15.0 – 29.9 units
- 00.0 – 14.9 units
- 72.1 – 89.9 units
- 90.0+ units

*Students who are Active Duty Military or Veterans, discharged within the past fifteen (15) years, may be eligible for up to 4 years of priority registration. Students should contact the Admissions Office for additional information. A military ID card or DD214 will be required for verification.

Change of Name, Mailing or E-mail Address

All students must report immediately any change of address to the college Admissions Office or online at http://studentweb.sdccd.edu. Failure to provide this information will result in delays in registration, and other important information sent by the college. Name changes must be supported with legal documentation and a picture ID and reported in person at the Admissions Office.
Prerequisites, Corequisites, Limitations on Enrollment and Advisories

PLAN AHEAD! All prerequisites, corequisites, and limitations on enrollment stated in the course descriptions listed in this catalog will be strictly enforced at the time of registration. Students who do not meet the prerequisite requirements according to college records will not be permitted to register for the course. Students who believe they have met the prerequisite at another institution are strongly advised to have all transcripts of prior college work evaluated and on file well in advance of registration to minimize registration delays.

Note: Unofficial transcripts are accepted for prerequisite clearance.

Students should plan their schedules early and see a counselor for assistance.

PREREQUISITES are courses that must be completed with a “C” or better prior to registration in a specific course.

COREQUISITES are courses that are required to be taken the same semester as another course.

LIMITATIONS ON ENROLLMENT are other restrictions that are stated in the course description such as “not open to students with credit in...”

ADVISORIES are departmental recommendations to be completed prior to enrolling in the course. Advisories do not prevent a student from enrolling, but are strongly encouraged by the department for a student’s academic success.

Challenge Procedures

Students who believe they have sufficient grounds may challenge a prerequisite, corequisite, or limitation on enrollment in a specific course (the student does not get units for a challenged class). A student may obtain a Petition to Challenge in the Admissions Office. The completed petition with supporting documentation must be filed in the Admissions Office AT LEAST 10 working days prior to the start of the primary term/semester. Contact the Admissions Office for additional information. For credit by examination, please refer to page 55.

Residency

Residency is determined when a student applies for admission to the College. The following paragraphs summarize the rules and regulations related to student residency for tuition purposes. Details are found in the CA Education Code Section 68000, Title 5, sections 54000-54072.

Residency Status

Every person who is married or is age 18 or older and under no legal restriction may establish residence. Certain minors may also establish residence.

- A California “resident” is a person who has resided in the state for more than one year prior to the residence determination date and shows “intent” to make the state of California their permanent residence.
- An undocumented student is precluded from establishing residency. Restrictions also apply to some visas; please see the Admissions Office.
- The residence determination date is the day immediately preceding the first day of classes for each semester.

Factors Considered to Determine Residency

No one factor determines residency. The following factors are called “indices of intent.” They, along with a person’s presence in California, are among the factors considered in determining California residency:

- Filing California state and federal tax returns with W-2 form (required)
- Possessing a California driver’s license and a vehicle registered in California
- Voting in California
- Owning residential property in California for personal use
- Being licensed to practice a profession in California
- Having an active checking and/or savings account in a California bank
Exception to Residency Requirements

Several exceptions to the residency rules apply. They include, but are not limited, to the following:

• Active duty military personnel and their dependents stationed in California
• Active military and dependents previously stationed in California, who are currently enrolled, and subsequently receive orders to change their duty station to out-of-state
• A Veteran or dependent using or intending to use their GI Bill benefits while currently living in California and has enrolled at San Diego City, Mesa or Miramar College within three years of their discharge date
• Certain minors who remained in California when their parents moved
• Self-supporting minors
• Full-time employees of the college or a state agency, or a child or spouse of the full-time employee
• A nonresident special part-time high school student who meets admission requirements is exempt from paying nonresident tuition

Nonresident Students

A student’s residency status is determined at the time of application. Nonresident students must pay nonresident tuition in addition to the enrollment fee and other fees for credit classes. Tuition must be paid in full at the time of registration.

Assembly Bill (AB) 540

Assembly Bill 540 exempts nonresident students, who meet the following criteria, from paying nonresident tuition:

• have attended school in California for three or more years;
• have completed the equivalent of three years of high school in California;
• have received a high school diploma or equivalent, including certification of graduation from a California high school;
• have registered as an entering student at, or concurrent enrollment at an accredited institution of higher education in California.

Students who meet the criteria must file an affidavit with the college stating that he or she has filed an application to legalize his or her immigration status.

Incorrect Classification

A student incorrectly classified as a California resident is subject to reclassification as a nonresident and payment of all nonresident tuition. If incorrect classification results from false or misleading facts, a student may be excluded from classes or the college upon notification.

Reclassification

Reclassification to resident status must be requested by the student. Financial independence during the current year and preceding two years will be considered at the time the student requests reclassification. Information regarding requirements for reclassification is available in the Admissions Office.

Tuition may not be refunded to a student classified as a nonresident due to lack of documentation if, at a later date, documentation is presented for a previous semester.

Appeals

To appeal a residency determination decision, a student may file a Residency Determination Appeal form with the college Admissions and Records Supervisor.

Limitation of Residency Rules

Students are cautioned that this summary of rules regarding residency determination is by no means a complete explanation of their meaning or content. For further information, contact the residency clerk in the Admissions Office. Changes may have been
made in the statutes and in the regulations since this catalog was published.

**False Information**

Providing false information necessary for establishing residency will result in disciplinary action up to and including dismissal from the college. Contact the Admissions Office for more details.

### International Students

(Testing for International Students)

San Diego Miramar College will accept a limited number of nonimmigrant F-1 visa students. Acceptance into a program at the college is necessary before U.S. Citizenship and Immigration Services (formerly INS) Form I-20 (certificate of eligibility) is issued by the college Admissions Office. The decision to grant an acceptance will be based on all evidence received prior to the deadlines. Students may contact the International Student Admissions Office at the following address to request forms or information:

**International Student Admissions Office**
San Diego Miramar College
10440 Black Mountain Road
San Diego, CA 92126-2999
www.sdmiramar.edu

### General Information

1. An international student must register for and maintain a minimum of 12 units each semester while at Miramar College. Part-time F-1 status will not be approved. The registration status and academic performance of all international students will be monitored by the college.

2. A recent photograph must be submitted with an application (passport size is acceptable).

3. Prospective international students are advised that they must comply with all requirements of the U.S. Citizenship and Immigration Services (formerly INS) and of San Diego Miramar College to be admitted as international students.

4. Restriction on Aviation Program: The Federal government prohibits all F-visa (F-1, F-2 and F-3) students from enrolling in any Aviation Maintenance Technology (AVIM) and/or Aviation Operations (AVIA) classes and programs. No exceptions will be made. Student enrollment is monitored and students will be administratively dropped.

5. A transfer student from another accredited United States college or university must:
   a. Follow set transfer procedures of the U.S. Citizenship and Immigration Services; and
   b. Have pursued a full-time course of study with a minimum GPA of 2.0 ("C") at the college the student was last authorized to attend (an official transcript must be filed).

### Admission Requirements

**Application Fee:** All international students are required to pay a $100.00 non-refundable application fee. Upon admission to the college, the fee will be applied toward the first semester nonresident tuition. The fee is valid for up to one year from the date processed.

**Admission for Fall Semester:** Students must complete all admissions requirements no later than May 15 to be admitted for the fall semester. The processing of an application normally requires a minimum of three to five months. Students who meet the May 15 deadline will be notified as soon as possible of their admission status.

**Admission for Spring Semester:** Students must complete all admissions requirements no later than October 15 to be admitted for the Spring semester. Students who meet the October 15 deadline will be notified as soon as possible of their admission status.

### Academic Achievement

1. An international student must have graduated from high school (or its equivalent) with a GPA of 2.0 ("C") or better, or have obtained a GED certificate (General Education Development).

2. Official transcripts of all previous secondary and college/university education must be submitted, including an English translation of the transcript, before an application will be considered.

### English Proficiency Requirements

To be considered for admission, an international student whose native language is not English must take an International Test of English as a
Foreign Language (TOEFL) and score a minimum of 500 on the paper-based test, 173 on the computerized version, or 61 on the internet-based test. For questions regarding the TOEFL test, please visit the Educational Testing Service website at: www.ets.org/toefl/. Institutional reports or photocopies will not be accepted. Students may petition to waive the TOEFL requirement under one of the following conditions:

1. completion of a transfer level college English composition course at an accredited United States institution with a grade of “C” or higher; or
2. completion of English assessment and placement at a level of English 42 and 43 or higher; in addition, the student must take the prescribed course work at the level of assessment.

**Advanced Degrees:** An international student in possession of an associate degree or its equivalent, or higher (completion of about 60 semester units) may be determined to be beyond the course offerings of Miramar College and is encouraged to apply to a four-year college or university.

**Financial Resources**

1. Each international student must submit verification of sufficient financial resources. The verification must indicate the ability of the student to finance each year’s education and living expenses. Minimum of $18,000 required for one school year (two semesters).
2. An international student attending the college must pay all mandatory fees, including nonresident tuition, enrollment fees and health services fees.
3. Financial aid is not available to international students.
4. An international student may not accept off-campus employment while attending college unless approval is granted by the U.S. Citizenship and Immigration Services and the International Student Advisor.

**Health Clearance**

1. Students must be in good health and free of communicable diseases. The “Report of Health Examination” form or a medical examination report by a physician must be submitted prior to admission. The medical examination must certify immunization against polio, diphtheria, measles, rubella, and tetanus, and must provide tuberculosis clearance.

2. **Mandatory Health Insurance:** Each student is required to provide a notarized letter (in English) certifying that he/she has secured health insurance coverage in the United States for the duration of their studies.

**Housing**

The college is located near public transportation and housing. There are no housing facilities on campus and the college does not assist with housing. However, there is housing within walking distance of the college.

**Visa Students (other than F-1)**

All other visa categories or immigrant classifications must see the Residency Clerk in the Admissions Office.

Students who are residing in the United States on other than F-1 student visas must comply with all restrictions on total units enrolled as specified by the U.S. Citizenship and Immigration Services.

**Fees**

**Community College Enrollment Fee**

The enrollment fee is assessed of all students, including nonresidents. The fee is currently $46.00 per unit. Enrollment fees subject to change.

- Waiver of the enrollment fee is available to students who petition and qualify as recipients of benefits under the Temporary Assistance to Needy Families (TANF) program, the Supplemental Security Income/State Supplementary (SSI) program, or the General Assistance program.
- Indentured apprentices are exempt from enrollment fees for Apprenticeship Program classes only.
- Financial Aid may be available to students who qualify for assistance.
### Health Services Fee

All students are assessed a mandatory fee for health services and accident insurance, whether or not they choose to use the health services available to them. The health services fee is currently $19.00 per semester for Fall and Spring semesters, and $16.00 for the Summer session. The following students are exempt from the health fee:

- Students who meet the income standards for the Board of Governor’s Waiver (BOGW-A Only). Contact the Financial Aid Office for eligibility determination.
- Students attending under an approved apprenticeship program.
- Students who depend on prayer for healing, in accordance with the teachings of a bona fide religious sect, denomination, or organization, may petition to have the fees waived. To apply for an exemption contact the Admissions Office.

For more information, contact the Admissions Office.

### Nonresident Tuition

In addition to the enrollment fee and health fee, tuition is charged to students who are not legal residents of California for tuition purposes. The 2016-2017 nonresident tuition fee is $198.00 per unit.

### Library

Overdue fines and fees apply to late and lost library materials.

### Baccalaureate Degree Program Fee

A baccalaureate degree program fee will be charged for all upper division coursework. The fee is $84.00 per unit and will be assessed in addition to the $46.00 per unit enrollment fee. Nonresident students in upper division coursework will be charged the $84.00 per unit in addition to the $46.00 enrollment fee, and the nonresident tuition fee of $198.00 per unit.

### Additional Fees

- Automobile permits per semester (hanger included) ................................................... $35.00
- Carpool permits per semester ........................................ $30.00
- Motorcycle permits per semester ................................ $17.50
- Transcript of Record ...................................................... $5.00
  (after two have been issued free of charge)

Loss or damage of equipment and books ....................... Cost
A.S. College Membership (per academic year) ........ $8.00
Credit by Examination ................................................. $46.00/unit
Student Representation Fee ........................................ $1.00

**Note:** Students receiving public assistance, or who are determined eligible for financial aid, may purchase a single car permit for $20.00.

### All fees are subject to change.

Students are expected to buy all books and supplies needed for their courses. Certain occupational programs may require additional expenditures for tools, uniforms.

### Student Representation Fee

All students attending college classes are required to pay a $1.00 student representation fee. This fee is expended by the college solely for the purpose of student advocacy efforts to Federal, State and local governments. Students have the right to refuse to pay the fee for religious, moral, political or financial reasons.

### Returned Check Fee

A $25.00 fee will be assessed for any returned checks.

### Debt Owed to the College

In alignment with California Education Code Section 76225 grades, transcripts, diplomas, and registration privileges, or any combination thereof, shall be withheld from any student or former student who has been provided with written notice that he or she has failed to pay a proper financial obligation. Any item(s) withheld shall be released when the student satisfactorily meets the financial obligation. A service fee may be charged for all delinquent loans; any service fee would be determined by the total cost required to collect the delinquent loans.

### Refunds

1. Fees will be refunded to students who reduce their program in accordance with the following schedule:

   - **Primary Session (16 Weeks)**
     Friday of the second week
   - **Non-Primary Sessions (16 weeks or more)**
     Monday of the third week
   - **Short-Term Sessions (Less than 16 weeks)**
     Monday of the second week
   - **Classes 1 week or shorter**
     See Admissions Office for deadline dates
2. Students who are administratively dropped when a Petition to Challenge is denied will receive a full refund of the class(es) petitioned.

3. Students who are academically disqualified and administratively dropped will receive a full refund.

   No refund is given for classes dropped after the deadline.

4. In order to receive a refund, parking permits must be returned to College Police or the Accounting Office within the refund deadlines described in #1.

Students with a valid address on file and who do not have an outstanding financial obligation to the district will receive a refund in the mail or credit to their credit card. Refunds will be sent to students after the add/drop deadline. For payments by check or e-check, there is a five week waiting period for checks to clear the bank before refunds will be processed. For more information contact the Accounting Office on campus.

NOTE: Students who drop all classes and wish to receive a refund must also submit their parking permit before the refund will be granted. If the permit is not returned within the two-week refund period, the student will not receive a refund for the permit.
Academic Information and Regulations

Disclaimer: SDCCD continuously reviews and updates policies and procedures to ensure compliance with state and federal regulations and changes in business practices. Please refer to the SDCCD website for the most up to date information.
Academic Information

Statement of Open Courses
It is the policy of the San Diego Community College District that, unless specifically exempted by statute, every course, section, or class offered by the District and reported for state aid shall be fully open to enrollment and participation by any person who has been admitted to the college and who meets course prerequisites.

Honest Academic Conduct
Honesty and integrity are integral components of the academic process. Students are expected to be honest and ethical at all times in their pursuit of academic goals in accordance with Policy 3100, Student Rights, Responsibilities, Campus Safety and Administrative Due Process.

Academic dishonesty occurs when a student attempts to show possession of a level of knowledge or skill which he or she does not possess. The two most common kinds of academic dishonesty are cheating and plagiarism. Cheating is defined as the act of obtaining or attempting to obtain credit for academic work by the use of any dishonest, deceptive, or fraudulent means. Plagiarism is defined as the act of incorporating ideas, words, or specific substance of another, whether purchased, borrowed or otherwise obtained, and submitting the same as one’s own work to fulfill academic requirements without giving credit to the appropriate source.

Students who engage in practices of cheating or plagiarism may warrant two separate and distinct courses of disciplinary action which may be applied concurrently in response to a violation of this policy. Students are responsible for knowing what constitutes academic dishonesty and for consulting with instructors about questions or concerns. Procedure 3100.3 describes the Academic and Administrative Sanctions for Students who are found to be cheating or Plagiarizing. Copies of the procedures can be obtained in the Office of the Vice President of Student Services and online at http://www.sdccd.edu/public/district/policies/.

Responsibility for Meeting Requirements
Each student must assume responsibility for compliance with the regulations of the college set forth in this catalog, for satisfying prerequisites for any course, and for selecting courses which will facilitate attainment of educational objectives. The college does not assume responsibility for misinterpretation of policies and procedures as presented in this catalog. Counselors and advisors are available to assist in planning students’ programs. Any questions or doubts concerning this catalog material should be referred to the Office of the Vice President, Student Services.

Dean’s List
A Dean’s Honor List is compiled at the close of each academic year. To be eligible for the Dean’s Honor List, a student must complete 12 units or more during the academic year and have earned a grade point average of 3.5 or better.

Honors
The Honors Program is open to any student who meets appropriate general and departmental criteria. Honors classes are designed to provide strongly-motivated students with a more in-depth or cross-disciplinary curriculum and a highly interactive classroom experience. Typical assignments emphasize critical thinking, extensive reading, writing and student presentations and critiques. Activities may also include opportunity for individual research projects, close interaction with faculty and participation in community and cultural events. The Honors Program can be found in all disciplines (vocational, liberal arts, fine arts, sciences, business, etc.). For specific criteria and other information, please consult the schedule of classes or contact one of your campus Honors Coordinators Carmen Jay at cjay@sdccd.edu, or Naomi Grisham, at ngrisham@sdccd.edu.

Students enrolled in an Honors section (including an honors contract), may not transfer to a regular section after the deadline to make a schedule adjustment for the class. Petitions for Honors credit after the course has been completed will not be permitted.
Phi Theta Kappa International
Honor Society (ΦθΚ)

Beta iota Lambda Chapter of Phi Theta Kappa

Beta iota Lambda is the Miramar College chapter of the international honor society, Phi Theta Kappa, the largest and one of the most prestigious honor societies in higher education. PTK focuses on the four Hallmarks of Scholarship, Leadership, Service, and Fellowship.

Membership requirements: To be eligible, you must have completed 12 units of coursework leading to an associate degree program and you must have a grade point average of 3.25. Provisional membership is available for part-time students and for recent high school graduates.

Applications and further information are available by email at cjay@sdccd.edu.

Distance Education

The San Diego Community College District offers students the opportunity to take online credit courses at San Diego City College, San Diego Mesa College, and San Diego Miramar College. Online courses offer the same curriculum as traditional courses except that lectures and course materials are accessed via the district’s web-based learning management system. Students engage in classroom discussions and online collaborations with other students and the instructor. Online registration, counseling, tutoring, and library services are available. SDCCD offers a variety of courses including general education and transfer requirements online. Courses offered meet the Americans with Disabilities Act (42 U.S.C. §12100 et seq.) and section 508 of the Rehabilitation Act of 1973, as amended, (29 U.S.C. §794d).

To ensure student authentication and academic integrity, students have secure logins and are required to perform activities that demonstrate meaningful participation on a weekly basis. Students must logon the first day of class.

In accordance with federal regulations there are restrictions on enrollment in online classes for students residing outside of California. For more information go to http://www.sdccdonline.net/state_authorization/enrollment_restrictions.pdf.

Grading System

Unit of Credit: A unit of credit represents one hour of lecture or recitation and two hours of preparation per week, or three hours of laboratory per week for one semester.

Academic Grades

</tr>
</tbody>
</table>

The grade point average (GPA) is determined by dividing the total grade points earned by the total grade point units completed as listed in the chart above.

Administrative symbols: P/NP—Pass/No Pass; I—Incomplete; W—Withdrawal; IP—in Progress; RD—Report Delayed. Administrative symbols are not used in the computation of GPA. See below for further explanation.

Pass/No Pass (P/NP) is a non-punitive grading system where such units earned will be counted in satisfaction of curricular requirements but will be disregarded in determining a student’s grade point average. For more specific information, refer to the discussion of the Pass/No Pass Grading Policy on page 32.

Incomplete: A symbol of “I,” Incomplete, may be assigned by an instructor when a student has been unable to complete academic work for unforeseeable emergency and/or justifiable reason at the end of term. A copy of the “Assignment of Incomplete” form will be mailed to the student and the original retained in the District Records Office. A final grade will be assigned when the work stipulated has been completed and evaluated by the instructor or when the time limit for completion of the work has passed. An “I” must be made up no
later than one year following the end of the term in which it was assigned. In the event of unusual, verifiable circumstances beyond the student’s control, a petition may be filed in the Office of the Vice President, Student Services for extension of the one-year time limit. **Course repetition is not permitted to remove an Incomplete.**

**Withdrawal:** An official withdrawal from classes may be requested by the student or initiated on his/her behalf by the instructor or Vice President, Student Services.

The following conditions apply to official withdrawal:

1. No record of the class will be entered on the student’s permanent record if the official withdrawal is made by the deadline to drop without a “W” being recorded as published in the schedule of classes.

2. If the withdrawal is made after the deadline for withdrawing without a “W” and prior to the deadline for withdrawal published in the class schedule for that session, a “W” will be recorded on the student’s permanent record. No exceptions to this policy will be made. Petitions will not be accepted for exception to policy.

3. A student attending a session after the deadline for withdrawal will not be eligible to receive a “W” and must be assigned an academic grade or other administrative symbol by the instructor. Exceptions to this policy will be made only upon verification of extreme circumstances beyond the control of the student. Petitions requesting exception must be filed in the Admissions Office.

4. Withdrawal (W) symbols will be used in the calculation of lack of progress probation and disqualification status.

5. Students on active duty or reserve duty may petition for a “military” withdrawal. This withdrawal is not calculated in the determination of academic progress and is noted on the student’s academic record.

6. Students will be allowed a maximum of three withdrawals in any course.

**In Progress:** A symbol of “IP,” In Progress, will be assigned when a class extends beyond the normal end of a semester or summer session, that is, when the class “carries over” from one term to the next. The appropriate grade, however, shall be assigned and appear on a student’s record for the term during which the course is completed. The “IP” will remain on the academic record. The “IP” shall not be used in the calculation of a student’s grade point average.

**Grade Challenge**

Final grades will be issued at the end of each semester. In the absence of mistake, fraud, incompetence, or bad faith, the determination of the student’s grade by the instructor shall be final once it has been recorded by the Registrar’s Office. A student may challenge a grade or request a change to his/her academic record within two years from the date of issuance. Requests beyond two years will not be accepted. Students wishing to challenge a grade should first attempt to resolve the challenge informally with the instructor. Grade challenges must be processed under District Procedure 3001.2, Grade Challenge Procedure.

Copies of Procedure 3001.2 are available in the Office of the Vice President, Instruction.

**Pass/No Pass Grading Policy**

Consistent with District policy, a student in good standing may elect to be graded on a Pass/No Pass basis in a course. A grade of “Pass” (P) shall be awarded only for work which otherwise would have received a grade of “C” or better. Work that would have received a “D” or “F” will be graded “No Pass” (NP). The units earned will be counted in satisfaction of program requirements, but will be disregarded in determining a student’s grade point average.

**IMPORTANT:** Students who plan to transfer to a four-year institution should review the Pass/No Pass acceptance policy of the transfer institution prior to petitioning for this grading option. Restrictions in the San Diego Community College District also apply.

**Limitations:**

1. No more than 12 units of a student’s coursework completed in the San Diego Community College District graded on a Pass/No Pass basis will be used to meet Associate Degree requirements.

2. No classes graded on a Pass/No Pass basis may be applied to courses required in the major for graduation.

**Conditions:**

1. Students who wish to be graded on a Pass/No Pass basis must submit a petition to the Admissions Office or select the Pass/No Pass
option online by the deadline date listed in the schedule of classes. **No exceptions to the deadline will be made.**

2. An evaluation on a Pass/No Pass basis may not later be changed to a letter grade nor may the reverse occur. **No exceptions to this condition will be made. Petitions will not be accepted for exception to policy.**

There are courses in which Pass/No Pass grades are used exclusively; these are designated in the catalog course description by the statement “Pass/No Pass Only.” In addition, there are courses which cannot be taken on a Pass/No Pass basis; these are designated in the course description by the statement “Letter Grade Only.”

Effective Fall 2009, the Credit/No Credit (CR/NC) grading option changed to Pass/No Pass (P/NP).

**Standards of Academic Progress**

Students are in good academic standing when they have a 2.0 grade point average or higher and have completed at least 61% of the units they have attempted. There are two kinds of probation and disqualification, one based upon GPA (Academic Performance) and the other based upon the number of units completed (Progress Performance).

Certain programs may have more stringent standards for academic progress. Consult the program director for more information.

Students enrolled in the core curriculum of medically-related programs will be governed by the probation and disqualification policies as outlined in the program policy manuals that reflect the tenets of safe medical practice and respond to program accreditation guidelines.

**Academic Probation***

Students whose cumulative grade point average falls below a 2.0. A student on academic probation will return to good standing once his/her cumulative grade point average reaches or exceeds 2.0.

**Academic Disqualification**

A student on academic probation status will be disqualified when his/her semester GPA falls below 2.0 in a subsequent semester. An enrollment hold will be placed on the student’s record. Students who are disqualified after registering for the subsequent semester will be administratively dropped from all classes.

**Lack of Progress Probation***

A student shall be placed on lack of progress probation when the percentage of all (cumulative) units for which entries of “W,” “I,” and “NP” are recorded reaches or exceeds 40%.

**Lack of Progress Disqualification**

A student who has been placed on lack of progress probation shall be disqualified and an enrollment hold placed on the student’s record when the percentage of units for which entries of “W,” “I,” and “NP” are recorded in a subsequent semester (not-cumulative), reaches or exceeds 40%. Students who are disqualified after registering for the subsequent semester will be administratively dropped from all classes.

**Exceptions:**

Provisional, Joint Diploma and Special Admit High School students who do not maintain good academic standing will be automatically disqualified.

**PROBATIONARY STATUS WILL NOT APPLY!**

- If disqualified:
  - Special Admit High School students will not be permitted to re-enroll without approval from a high school counselor.
  - Joint Diploma students must see a JD counselor for readmission.

**Readmission after Disqualification**

*Note: Disqualification status is determined based upon Progress Performance, Academic Performance, or a combination of both.*

- **First Disqualification**

  Students who wish to be considered for readmission after the first disqualification will be required to meet with a counselor and develop a Student Success Plan prior to being readmitted. Students who are disqualified after registering for the next semester will be administratively dropped from all classes.
• **Second Disqualification**  
Students who are disqualified a second time will be required to sit out for one full year. Students who are disqualified after registering for the next semester will be administratively dropped from all classes. No exceptions.

• **Third Disqualification**  
Students who are disqualified a third time (and each disqualification thereafter) will be required to sit out for one year. Students who are disqualified after registering for the next semester will be administratively dropped from all classes. No exceptions.

• **Readmission after disqualification**  
Students who have been disqualified three or more times must file a Petition for Readmission. Students must provide supporting documentation of how circumstances have changed to allow for academic success. If the Petition is accepted for consideration, the student will be invited to present his/her case to a hearing panel. Information as well as deadline dates for filing a Petition for Readmission are available in Student Web Services under Standards of Academic Progress at [http://studentweb.sdccd.edu/index.cfm?action=keyresources](http://studentweb.sdccd.edu/index.cfm?action=keyresources).

**Academic Regulations**

**Course Repetition Policy**

- No course in which a “C” or better grade has been earned may be repeated.
- Students will not be allowed more than four enrollments in similar active participatory courses in Exercise Science (formerly Physical Education) and Visual and Performing Arts, regardless of grade or symbol earned.
- Academic renewal is not allowed for work experience courses.
- Each course in which an unsatisfactory grade (“D,” “F,” or “NP”) has been earned may be repeated twice without a petition. The course being repeated must be the same as the original course, not its equivalent. Only the newly-earned units and grades will be used in computing the grade point average.
- Students will not be allowed more than three enrollments in any course, regardless of grade or symbol earned.
- Academic renewal by course repetition for the third course will only be applicable when the third course repeated was completed spring 2010 or later.

**Course Repetition—Limitations on Active Participatory Courses**

Due to changes in the regulations that govern community colleges, enrollment limits have been placed on certain types of active participatory courses that are related in content. Active participatory courses include courses in exercise science, visual arts, and performing arts (e.g., music, art, photography, theatre arts). These courses have been put into groups of courses related in content. A student may enroll in active participatory courses in exercise science, visual arts, or performing arts that are in a group of related content for no more than four (4) courses in each content area (group). All grades, including “W’s,” will count toward the four course enrollment maximum for each group of courses. See the current listing of groups of courses related in content under Key Resources/Documents on Student Web Services at: [http://studentweb.sdccd.edu](http://studentweb.sdccd.edu). For further information regarding course groupings, please consult with a counselor.

**Academic Renewal Without Course Repetition**

A student with substandard academic performance (GPA below 2.0) that is not reflective of present demonstrated ability may petition to have a maximum of 12 units or one full semester, whichever is greater, of substandard performance disregarded in computation of grade point average.

The following conditions apply:

1. To be eligible for academic renewal without course repetition a student must:
   a. have transcripts from all institutions attended officially on file.
   b. successfully complete, in an accredited college or university, 15 units with a grade point average of at least 2.0 subsequent to the work to be disregarded. All courses
taken during the semester/session in which the student reaches or exceeds the 15-unit minimum will be used in computing the 2.0 grade point average.

c. have one year elapsed since the coursework to be disregarded was completed.

2. A maximum of 12 units or one semester or summer sessions, may be disregarded, whichever is greater. For purposes of academic renewal for summer session work, a summer session will be defined as all courses which commence after the termination of the Spring semester and end prior to the commencement of the Fall semester. Intersession work will be included in the Spring semester. Short-term or carry-over classes will be considered to be part of the semester or session in which credit is awarded or a grade is posted to the student’s permanent academic record.

3. If grade alleviation has already been applied two times for a course included in the semester to be disregarded, the course will not be eligible for academic renewal without repetition and will remain on the academic record.

4. If previous action for academic renewal has been applied to coursework included in the semester to be disregarded, the course will not be eligible for academic renewal without repetition and will remain on the academic record.

5. Academic renewal without course repetition may be applied to substandard course(s)/semester(s) from another accredited institution.

6. The permanent academic record will be annotated in such a manner that the record of all work remains legible, ensuring a true and complete academic record.

7. Recalculation of the grade point average will be used toward qualification for graduation with honors.

8. Academic standing for the semester/session(s) will not be adjusted.

9. Once the petition is approved, the action is not reversible.

10. Academic renewal without course repetition may only be applied to “F” grades for courses taken prior to a degree or certificate awarded.

Course Repetition—Lapse of Time

Academic departments may require that courses for the major be completed within a specified number of years prior to the granting of the Associate Degree, Certificate of Achievement, or Certificate of Performance. Students may be required to repeat a course in which a satisfactory (A, B, C, or P) grade has already been earned. Students with questions about the applicability of previous coursework are advised to consult the department as early as possible.

Disability Support Programs and Services (DSPS) Repeat

Additional repetitions of a DSPS course to accommodate a student’s disability-related needs may be permitted. For students with disabilities, course repetition is determined on an individual student basis. Contact the DSPS Office on campus in K1-204 for more information.

Mandated Training

Students who are required to meet a legally mandated training requirement as a condition of continued paid or volunteer employment may repeat a credit course any number of times. Students should complete the Mandated Training Course Repetition form.

For more information on course repetition, consult the Admissions and Records Office at your college.

Academic Transcripts

Transcripts of Record

A student may order an official transcript of record online, in person, by mail or via fax. To order an official transcript online, visit: https://studentweb.sdccd.edu/transcript/. Transcripts ordered online will be mailed within 1–2 business days.

To order a transcript in person, a student may complete a request at the Admissions Office at the college, or in person at the District Office of the Registrar, San Diego Community College District, Administrative Office, 3375 Camino del Rio South, San Diego, CA 92108.

Payment of fees must be made prior to processing a request for transcripts.
The following policy has been adopted by the San Diego Community College District Board of Trustees regarding the issuance of transcripts of record:

1. The first two transcripts will be issued without charge.
2. There will be a charge of $5.00 for each additional transcript.
3. All transcript requests are processed within 10 working days except “RUSH” orders.
4. A $10.00 special handling fee will be charged for all “RUSH” order transcript requests, including hand carried transcript requests ordered at the District Office. Rushed transcripts are processed immediately upon receipt. The special handling fee will be charged per request.

Requests will not be processed if students have outstanding holds preventing the release of the official transcript.

All official copies of the student’s permanent record are in the Office of the Registrar. The Office of the Registrar will certify only to the accuracy of the records prepared by and issued directly from that office to another institution.

More information on ordering transcripts is available at: http://studentweb.sdccd.edu/docs/transcript.pdf

Transfer of Credits

Transcripts of Prior Academic Credit

Students with credit from other colleges and universities must have official transcripts on file with the college.

- Official transcripts are those sent directly from one institution to another.
- Transcripts will only be accepted for one year after issuance.
- Transcripts brought in by students not in an official, sealed envelope will be considered unofficial.
- Transcripts are required even if prior credits do not appear relevant or if units were taken years ago.
- Students receiving veterans benefits must have transcripts on file within one semester.
- Certain programs require transcripts before admission to the program.
- Official transcripts from other institutions become the property of the college and will not be duplicated or returned.
- Official transcripts should be sent to the following address:
  San Diego Community College District
  3375 Camino del Rio South, Rm. 100
  San Diego, CA 92108-3883

Upper Division Coursework

The San Diego Community College District (SDCCD) accepts all lower division courses taken at U.S. regionally accredited colleges. All lower division courses will be counted toward the Associate degree. The SDCCD does not accept upper division coursework. Petitions to use upper division courses from U.S. regionally accredited colleges will only be accepted if needed to meet minimum Associate degree requirements for the major or district requirements. All petitions must be approved by the faculty in the discipline, or an appropriate designee, and/or college committee.

International Transfer Credits

Students who elect to submit transcripts from international colleges and universities must submit their transcripts to an approved credential evaluation service, and request a comprehensive evaluation be sent to San Diego City, Mesa, or Miramar College. Credit for transfer courses taken at an institution outside the United States are evaluated dependent upon course equivalency and student learning outcomes on a course by course basis. International transcripts are not required. Students who elect to waive the requirement of an international transcript must submit a Foreign Transcript Waiver Agreement form available at the college Counseling Office. For more information contact the District Evaluations Office.

Credits from Other Regionally Accredited Institutions

Credits from other regionally accredited institutions may be accepted for transfer credit after evaluation by District evaluators. San Diego Miramar College will not accept the transfer credits from another institution if the evaluation by the District evaluators determines that the credits received from another accredited institution do not meet the equivalent
Academic Credit for Nontraditional Education

(Administrative Procedure AP-3900.4)

Academic credit may also be available to currently enrolled SDCCD students for skills or knowledge not obtained by formal scholastic experience or for prior course work with content determined equivalent to district courses.

Credit is available through the following:

- Advanced Placement Examinations (AP)
- College-Level Examination Program (CLEP)
- Defense Activity for Non-Traditional Education Support (DANTES)
- International Baccalaureate (IB)

To obtain credit, students must meet the requirements below and complete the Transcript Evaluation form in the Counseling Office, and meet the following criteria:

- All official transcripts must be on file.
- Official copies of test scores must be submitted.
- Students must be currently enrolled.

Limitations on credit by standardized examination:

- AP and CLEP examinations may be used to partially clear the American Institutions requirement. See following charts regarding nontraditional education for details.
- The English composition requirement can be met by the AP exam.
- Credit will not be granted for equivalent courses completed.
- Grades are not assigned, nor is the credit used in calculating grade point average.
- Credit granted by SDCCD does not necessarily transfer to other institutions. Transferability of credit is determined by the receiving college or university.
- Credit awarded through non-traditional education may not be used for grade alleviation.
- A maximum of 30 cumulative units may be granted for acceptable scores on any combination of AP, CLEP, DANTES, or IB.
- Duplicate credit will not be awarded for nontraditional education sources and completed coursework.

The tables below indicate the score necessary, the credit allowed, and the area(s) satisfied for each of the examinations accepted for credit.

| * Credit may not be awarded for exams which duplicate credit for the same content earned through other means.  
1. If a student passes more than one exam in calculus or computer science, only one exam may be applied to UC / CSU baccalaureate or SDCCD associate degree / certificate requirements.  
2. Students passing both English AP exams will receive a maximum of 8 quarter units / 5.3 semester units toward UC baccalaureate degree requirements.  
3. Students passing more than one AP exam in physics will receive a maximum of 6 units of credit toward CSU baccalaureate or SDCCD associate degree / certificate requirements and a maximum of 4 units of credit toward CSU GE certification or SDCCD associate degree GE requirements.  
4. Students passing either of the Physics C exams will be required to complete at least 4 additional semester units in IGETC Area 5 coursework to meet the IGETC Area 5 unit requirement.  
5. Students passing more than one physics AP exam will receive a maximum of 8 quarter units / 5.3 semester units toward UC baccalaureate degree requirements.  
6. Students passing more than one AP exam in studio art will receive a maximum of 8 quarter units / 5.3 semester units of credit toward UC baccalaureate degree requirements.  
7. Students who have completed the American Institutions requirement except for the California government portion must complete one course approved in Area US-3. | |

* Credit may not be awarded for exams which duplicate credit for the same content earned through other means.

1. If a student passes more than one exam in the same language other than English (e.g. two exams in French), then only one examination may be applied toward CSU baccalaureate degree requirements.
2. Students who have completed the American Institutions requirement except for the California government portion must complete one course approved in Area US-3.

Credit is not awarded for the following exams: College Mathematics, English Composition (with or without Essay), Freshman College Composition and Social Sciences and History.

To request an official CLEP transcript, write to: Educational Testing Service, P.O. Box 6600, Princeton, NJ 08541-6600

**Credit by Examination designed and approved by individual disciplines**

*(Administrative Procedure AP-3900.1)*

The term “examination” means any written, oral or performance standards determined by the individual departments. Students must meet specific criteria to be eligible for credit by examination. Approved list of courses and forms are available in the College Evaluations Office.

**Credit for non-college credit vocational courses**

Students who complete non-college credit articulated courses (SDUSD/SDCCD) that are
equivalent in subject matter, content, educational objectives, length of course, and performance standards and pass a college faculty approved examination for the course offered by the college may have these courses converted to college credit. For questions and more information, contact the CTE Transition Program at 619-388-6572.

Acceptance and Application of Military Credit

(Administrative Procedure AP-3900.3 and 3900.5)

San Diego City, Mesa, and Miramar Colleges apply credit for educational experience completed during military service toward the associate degree in accordance with the associate/baccalaureate credit recommendations contained in “A Guide to the Evaluation of Educational Experiences in the Armed Services” published by the American Council on Education (ACE). Students must submit documentation of educational experiences during military service. Acceptable documents include:

- Joint Services Transcript
- AARTS or SMART Transcript
- DD-214
- DD-295
- NAV/PERS 1070/604
- DD-2586
- National Guard Bureau (NGB) Form 22E
- Coast Guard Institute
- Community College of the Air Force (CCAF)

Military service credit may be granted upon verification of six (6) months of continuous active duty, or completion of basic training for National Guard/Reservists. Four (4) units of credit may be awarded to meet the district graduation requirements in Health and PE. Three (3) of those units may also be used to satisfy Area E of the CSU General Education Breadth pattern.

Other educational experiences during military service may also fulfill additional major, general education, or elective degree requirements. More specific information is available in the San Diego Community College District Evaluations Office.

Servicemembers Opportunity Colleges Degree Network System (SOC DNS)

San Diego City and Miramar Colleges are members of the Servicemembers Opportunity Colleges Degree Network System (SOC DNS). As members, the colleges provide educational assistance to active duty service members and agree to accept credit for educational experiences during military service as recommended by the American Council on Education (ACE). In addition, the colleges accept credit from other non-traditional sources such as DANTES and CLEP examinations. The San Diego Community College District is committed to military personnel who may choose to participate in the SOC DNS Program network through the campuses of San Diego City and San Diego Miramar Colleges. SOC DNS was established to better serve highly mobile service members and their families. For more information on these programs, contact the Military Education advisor at the following locations:

- Naval Base San Diego 619-233-5617
  (32nd St.)
- Marine Corps Recruit Depot 619-295-9974
  (MCRD)
- Marine Corps Air Station 858-536-4329
  Miramar (MCAS)

U.S. Air Force and U.S. Army ROTC Programs

Under the provisions of a special agreement, students may participate in the Army or Air Force Reserve Officers Training Program (ROTC) at SDSU. San Diego City, Mesa and Miramar College students may enroll and attend ROTC classes at SDSU by contacting the SDSU Military Science Department 619-594-5545. Financial assistance may also be available. The credits earned in these classes may be transferred as electives to meet the degree requirements of City, Mesa and Miramar Colleges.

High School Courses for College Credit (Credit by Exam)

(Administrative Procedure AP-3900.1)

As part of an early college program called CTE Transitions (formerly known as Tech Prep), high school students may earn college credit equivalent to the courses in the table below. To receive credit, students must: 1) demonstrate acquisition of the college student learning outcomes by earning a grade of ‘B’ or better in the approved course and on the college approved examination 2) successfully complete the SDCCD online college application and CTE Transitions certification process. The high school instructor must verify grades, ensure successful completion of enrollment process and
assists students with submitting requests for grades to the CTE Transitions Office. Approved requests are processed annually each July. Students may request an SDCCD transcript after July 31st. For questions and more information, contact the CTE Transitions Program at 619-388-6572.

Academic Accommodations and Disability Discrimination for Students with Disabilities

(Board of Trustees Policy – BP 3105)

The San Diego Community College District (SDCCD) is committed to all provisions of Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990 and Section 508 of the Rehabilitation Act of 1973.[1] The fundamental principles of nondiscrimination and accommodation in academic programs provide that:

1. No student with a qualified disability shall, on the basis of the disability, be excluded from participation in, be denied the benefit of, or otherwise be subjected to discrimination under any post-secondary education activity or program[2]; and

2. Reasonable accommodations to academic activities or requirements shall be made as are necessary to ensure that such requirements do not discriminate or have the effect of discrimination on a student with a qualified disability; and

3. The institution shall create an educational environment where students with disabilities have equal access to instruction, including those that take place in a clinical setting, without compromising the essential components of the course, educational program or degree.

SDCCD identifies Disability Support Programs and Services (DSPS), or the campus 504 officer, as the office to determine academic accommodations under Section 504 of the 1973 Rehabilitation Act.

The Site Compliance Officer (SCO) is identified as the campus individual to handle all discrimination grievances under the Americans with Disabilities Act or the District’s Equal Employment Opportunity and Diversity Office, BP 3410.

The intent of this policy is to ensure compliance with state and federal laws. SDCCD Procedure 3105.1 is intended to provide consistent and fair review of all academic adjustments requests and dispute resolution.

You may view a full copy of the Student Services policy and administrative procedure by accessing the following website: http://www.sdccd.edu/public/district/policies/

Students with verified disabilities who may require academic accommodations or auxiliary aids are strongly recommended to contact the Disability Support Programs and Services (DSPS) Department, Room K1-204, 619-388-7312, and complete the orientation procedures well before classes begin to ensure timely provision of services. Students are encouraged to identify themselves to the appropriate instructors to discuss the details and time lines necessary to provide appropriate accommodations. Students enrolled in online courses are encouraged to contact the college DSPS department where the courses are being offered to request academic accommodation. Questions regarding academic accommodations and disability discrimination, including how to file a complaint or a formal grievance with regards to academic accommodations should be directed to the college 504 Officer, Gerald Ramsey, Vice President of Student Services, 619-388-7810, Room N-203.

Students may file a complaint with the Chancellor of the California Community Colleges within thirty calendar days of the event or following the completion of the college Accommodation Grievance process. (http://californiacommunitycolleges.cccco.edu)

Students may file a complaint with the Federal Office of Civil Rights in San Francisco, California, if he or she believes that the college or one of its representatives is violating his or her rights. (www.2ed.gov/about/offices/list/ocr/doc/howto.pdf)

Exclusion from Classes

A student may be excluded from class or the college whenever the student:

1. Exhibits behavior which interferes with the educational process. An instructor may remove a student from two class sessions for disruptive behavior. (Refer to BP 3100: Student Rights, Responsibilities, Campus Safety and Administrative Due Process); or
2. Is found to have a communicable disease which requires isolation pursuant to a directive from the County Department of Public Health.

**Minor Children on Campus**

Minor children who are not enrolled are not permitted in any classroom at any time. Minor children who are not enrolled are not to be left unattended at any time while on the campus.

**Consumer Information**

The Student Consumer Information Regulations of the United States Department of Education require all colleges and universities to provide their students access to certain information to which they are entitled as consumers. Under these regulations, San Diego City, Mesa, and Miramar College and Continuing Education annually distributes to all students a notice of the availability of consumer information. Please visit our webpage at [http://www.sdccd.edu/consumer](http://www.sdccd.edu/consumer) to review the information outlined for consumer disclosure by the Higher Education Opportunity Act (HEOA).

This information is available in a hard-copy form upon request.

**Student Right to Know**

In compliance with the federal Student-Right-to-Know and Campus Security Act of 1990, it is the policy of the college district to make available completion and transfer rates for all certificate, degree and transfer seeking first-time, full-time students who began in Fall 2011, a three year tracking period.

The completion and transfer rates are listed below:

<table>
<thead>
<tr>
<th>Completion Rates</th>
<th>Transfer-Out Rates</th>
</tr>
</thead>
<tbody>
<tr>
<td>City</td>
<td>14.30%</td>
</tr>
<tr>
<td>Mesa</td>
<td>23.16%</td>
</tr>
<tr>
<td>Miramar</td>
<td>30.15%</td>
</tr>
</tbody>
</table>

These rates do not represent the success rates of the entire student population at the college. Our statewide completion indicators for student success include a six-year tracking period for all first-time students. Current information can be found at: [http://scorecard.cccco.edu/scorecard.aspx](http://scorecard.cccco.edu/scorecard.aspx)

**Athlete Graduation Rate for Fall 2011 Cohort**

<table>
<thead>
<tr>
<th>College</th>
<th>Initial Cohort</th>
<th>Completion Rate</th>
<th>Transfer Rate</th>
</tr>
</thead>
<tbody>
<tr>
<td>City College/ECC</td>
<td>17</td>
<td>18%</td>
<td>0%</td>
</tr>
<tr>
<td>Mesa College</td>
<td>29</td>
<td>17%</td>
<td>10%</td>
</tr>
<tr>
<td>Miramar College</td>
<td>4</td>
<td>50%</td>
<td>0%</td>
</tr>
</tbody>
</table>

Source: SDCCD Information System and National Student Clearinghouse

The cohort includes first-time athletes who are enrolled full-time. Athletes are identified in a fall term based on enrollment in intercollegiate athletic courses. Student athletes are tracked for four years to measure their outcomes. Two measures are provided. The first measure, completion rate, is the total number of students who earn a degree, certificate, or reach transfer prepared status (60 transferable units with a GPA greater than equal to 2.0). The second measure is transfer rate, which includes all non-completers who transferred to a four-year institution. This matches the methodology used for the Student Right-To-Know (SRTK) graduation rates, which is consistent with how the NCAA reports Athlete graduation rates.

**Nondiscrimination Policy**

(Board of Trustees Policy – BP 3410)

San Diego Community College District Board of Trustees Policy BP 3410 prohibits discrimination in accordance with state and federal laws. The San Diego Community College District is committed to equal opportunity in educational programs, employment, and all access to institutional programs and activities.

The District, and each individual who represents the District, shall provide access to its services, classes, and programs without regard to national origin, religion, age, gender, gender identity, gender expression, race or ethnicity, color, medical condition, genetic information, ancestry, sexual orientation, marital status, physical or mental disability, pregnancy, military or veteran status, or because he/she is perceived to have one or more of the foregoing characteristics, or based on association with a person or group with one or more of these actual or perceived characteristics. No qualified student with a disability shall, by reason of such disability, be excluded from participation in
or be denied the benefits of the services, programs or activities of the district or be subjected to discrimination by it.

Students wishing to file complaints based upon discrimination should contact the campus Site Compliance Officer (SCO), George Beitey at 619-388-7860, Room A-210D. Appeals may be made to the District EEO Compliance Manager at the District Administrative Office, 3375 Camino del Rio South, San Diego, CA 92108.

Students with disabilities who want to file a grievance under Section 504 of the 1973 Federal Rehabilitation Act should contact the campus 504 Officer, Gerald Ramsey, Vice President of Student Services at 619-388-7810, Room N-203, Disability Support Programs and Services in Room K1-204, or call 619-388-7312. Students who want to file a disability discrimination grievance under the Americans with Disabilities Act (ADA) should contact the Campus Site Compliance Officer (SCO), George Beitey at 619-388-7860, Room A-210D.

**Free Speech**

Free speech areas have been designated on the college campuses to maximize the opportunity for free discussion and expression, while minimizing the potential for disruption of classroom and college activities.

Information concerning free speech areas is available in the office of the Vice President of Student Services, or the Dean of Student Affairs office on campus.

**Gender Equity**

The Gender Equity Coordinator facilitates the development or updating of the campus Gender Equity Plan in cooperation with committees that are responsible for equity concerns. For more information, contact the Dean of Business, Math & Sciences at 619-388-7813, Room T-200.

**Title IX. Prohibiting Gender Discrimination and Sexual Harassment**

San Diego City, Mesa and Miramar College are committed to support all regulations under Title IX. Title IX states: “No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance.” – 20 USC 1681

San Diego City, Mesa and Miramar Colleges do not discriminate on the basis of sex, gender, or sexual orientation in its education programs or activities. Title IX of the Education Amendments of 1972, and certain other federal and state laws, prohibit discrimination on the basis of gender, gender identity, or sexual orientation in employment, as well as all education programs and activities, and protect all people regardless of their gender or gender identity from sex discrimination, which includes sexual harassment and sexual violence. These procedures are used when a complaint concerns discrimination on the basis of gender, including sexual harassment.

The sexual harassment of students, including the crime of sexual violence, is a form of sex discrimination and interferes with students’ right to receive an education free from discrimination and harassment.

Sexual violence, as that term is used in this section, refers to physical sexual acts perpetrated against a person’s will or where a person is incapable of giving consent due to the victim’s use of drugs or alcohol. An individual also may be unable to give consent due to an intellectual or other disability. A number of different acts fall into the category of sexual violence, including rape, sexual assault, sexual battery, and sexual coercion. All such acts of sexual violence are forms of sexual harassment covered under Title IX.

Further information and procedures for filing a formal complaint of discrimination on the basis of sex or sexual harassment are found online at [http://www.sdccd.edu/titleix](http://www.sdccd.edu/titleix)

You may also file a complaint with the District’s Title IX Coordinator:

Christopher May
(619) 388-6805
cmay@sdccd.edu

If you have any questions regarding these policies, please contact the Title IX Coordinator or contact your campus Title IX Deputy.
Drug Abuse and Alcohol Prevention Program (DAAPP)

The Drug-Free Schools and Communities Act and Drug and Alcohol Abuse Prevention Regulations (Education Department General Administrative Regulations [EDGARI]), specifies that no institution of higher education shall be eligible to receive funds or any other form of financial assistance under any Federal program, including participation in any federally funded or guaranteed student loan program, unless the institution certifies to the Secretary that the institution has adopted and has implemented a program to prevent the use of illicit drugs and the abuse of alcohol by students and employees. In response, the San Diego Community College District (SDCCD) has adopted and implemented program and policies to prevent the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees.

The San Diego Community College District (San Diego City College, San Diego Mesa College, San Diego Miramar College and Continuing Education) is committed to providing a drug free environment. The institutions also prohibit the use of tobacco products and electronic delivery devices on campus or at college/district sponsored events. Any type of drug use, including alcohol, is dangerous and potentially life threatening. Drugs and alcohol adversely affect the body, mind and behavior. The effects vary from person to person and from usage to usage. Even low doses of drugs and alcohol can impair judgment and coordination. If you use drugs or alcohol, you risk overdose, accidents, dependence, ill health, as well as legal, financial and personal problems. The federal laws against drugs are divided into two categories: possession and distribution. The penalties are severe depending upon the type of drug, quantity of the drug, and any prior offenses. Possession will earn up to one year in prison and a $5,000 fine. Distribution will earn up to life in prison and an $8 million fine. State laws vary and may be more severe.

For more information, please visit the Drug Abuse and Alcohol Prevention Program (DAAPP) webpage at http://www.sdccd.edu/daapp

Smoking Regulation

(Board of Trustees Policy – BP 0505)

MIRAMAR COLLEGE IS A SMOKE AND TOBACCO-FREE CAMPUS

All campuses and facilities of the San Diego Community College District, City College, Mesa College, Miramar College, and Continuing Education operate in compliance with the provisions of Government Code 7597 and San Diego Municipal Code section 43.1003(a) regulating smoking in a public place or place of employment. In accordance with Board Policy (BP 0505) Smoke and Tobacco Free District Property smoking and the use of any tobacco product are prohibited on all properties owned or controlled by the District.

Miramar College is committed to creating a clean, healthy working and learning environment for students, faculty, staff and visitors. All students, employees and visitors on the Miramar College property are subject to BP 0505 regulations, which will be strictly enforced at all times. Student Health Services at Miramar College offers Cessation Program Referrals to educate the college community about the risks of tobacco and the availability of Smoking Control Programs. Visit or call the Student Health Services on campus for additional information at 619-388-7881.

Additional information is available in the Campus Police Office. For complete SDCCD Policy 0505 and Procedure 0505.2 information, please visit: http://www.sdccd.edu/public/district/policies/
Crime Awareness and Campus Security

Jeanne Clery Act Crime Statistics

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act is the landmark federal law, originally known as the Campus Security Act, which requires colleges and universities across the United States to disclose information about crime on and around their campuses.

The San Diego Community College District Annual Security Report, titled “Safe and Sound, a guide to safety and security in the San Diego Community College District”, includes statistics for the previous three years concerning reported crimes that occurred on campus; in certain off-campus buildings or property owned or controlled by the San Diego Community College District; and on public property within, or immediately adjacent to and accessible from, the campus. The report also includes institutional policies concerning campus security, such as policies on drug use, crime prevention, the reporting of crimes, sexual assault and other matters. You can obtain a copy of this report by contacting any campus admissions office, Vice President of Student Services (I-422) office or college police business office. At any time you may view a full copy by accessing the following website: http://police.sdccd.edu/crimestats.htm.

Pursuant to State and Federal Law information concerning registered sex offenders enrolled or employed by the college may be obtained through the College Police Office.

Elder and Dependent Adult Abuse

An elder is defined as a resident of the State of California who is 65 years of age or older; or a dependent adult, defined as a resident of the State of California between the ages of 18 and 64 years, who has a physical or mental limitation that restricts his or her ability to carry out normal activities or to protect his/her rights.

Post-secondary educational institutions serving dependent adults are designated as mandated reporters with an individual, personal responsibility to comply with the reporting requirements.

Any mandated reporter, who, in his or her professional capacity, or within the scope of his or her employment, has observed or had knowledge of an incident that reasonably appears to be physical abuse, abandonment, isolation, financial abuse, or neglect, or is told by an elder or dependent adult that he or she has experienced behavior constituting physical abuse, abandonment, isolation, financial abuse, or neglect, or reasonably suspects abuse shall report the known or suspected instance of abuse immediately to Adult Protective Services at 1-800-510-2020.

Copyright Responsibility

Any duplication request of copyrighted materials for use in the college’s instructional programs must be accompanied with written permission from the copyright owner. Any duplication of copyrighted materials by student, staff, or faculty is to be for the sole purpose of private scholarly study. Since the liability for infringement of statutory or common-law copyright occurs during misuse of duplicated materials, the duplicated copies cannot be sold nor distributed. A designated portion of the duplicated copy cannot be included in another’s work without the written permission of the copyright owner. All copyright responsibility is assumed by the individual requesting the duplication. San Diego Miramar College, its agents, representatives, and employees are held harmless against all claims, suits, damage costs, and expenses of charges of statutory or common-law infringement resulting from the College’s efforts to provide services, materials, and equipment to the requestor.

Student Rights, Responsibilities, Campus Safety, and Administrative Due Process

(Board of Trustees Policy – BP 3100)

This policy enumerates the rights and responsibilities of all San Diego Community College District students. All students are subject to adhering to the policies and procedures of the San Diego Community College District, as well as all federal, state, and local laws. Students are subject to charges of misconduct concerning acts committed on District-owned or controlled property or the District-sponsored activities as specified in the policy.

You may view a full copy of the policy by accessing the following website: http://www.sdccd.edu/public/district/policies/.
Student Grievance Procedure

The purpose of this procedure is to provide a prompt and equitable means for resolving student grievances. The procedures enumerated in Student Grievance Administrative Procedures AP 3100.1 shall be available to any student who believes a district decision or action has adversely affected his/her rights as a student as specified in Student Rights, Campus Safety and Responsibilities, BP 3100, Section a through j. Note that grades are not grievable under this policy. Refer to the Grade Challenge section, page 32, of this catalog.

Volunteer/Visitor Conduct Expectations

In accordance with Procedure 3100.4, all visitors and volunteers are expected to adhere to the policies and procedures of the San Diego Community College District, as well as all federal, state and local laws. Visitors and volunteers will be subject to removal from classrooms, service areas, and activities of the campus for any of the following acts (but not limited to) while on campus. Any violation may be subject to permanent removal from campus. Violations of state, federal, or local laws or ordinances, while on district premises, will be addressed by college police in accordance with the California Penal Code.

- Act or threat of damage to or theft of property belonging to or located on District-controlled property or facilities.
- The physical or verbal intimidation or harassment of such severity or pervasiveness as to have the purpose or effect of unreasonably interfering with a student’s academic performance, or a District employee’s work performance, or of creating an intimidating, hostile, or offensive educational or work environment.
- Physical or verbal disruption that is incompatible with instructional or student services activities, administrative procedures, public service functions, authorized curricular or co-curricular activities or prevention of authorized guests from carrying out the purpose for which they are on campus when such a disruption occurs inside of any classroom or facility or in such proximity as to appear reasonably likely to interfere with activities inside of the classroom or facility, or the substantial and material disruption of any other regular campus activity which occurs in any other portion of District-controlled property.
- Disorderly, lewd, indecent or obscene conduct or expression or habitual profanity or vulgarity; any expression which is obscene, libelous or slanderous according to current legal standards or which so incites students as to create a clear and present danger of the commission of unlawful acts, or the substantial disruption of the orderly operation of the community college. (Ed. Code 76120)
- Assault or battery upon a student or district personnel on district premises or at any time or place while under the authority of District personnel.
- Possession of weapons, explosives, unlicensed dangerous chemicals or objects which may be used as weapons or to threaten bodily harm, as specified in the California Penal Code or other applicable laws.

Failure to comply with the reasonable directions of staff members of the district who are acting within the scope of their employment. Continued and willful disobedience or open and persistent defiance of the authority of district personnel, provided such authority is related to district activities or college/center attendance.

Student Records, Release, Correction and Challenge

(Administrative Procedure – AP 3001.1)

San Diego Community College District strictly adheres to the Family Education Rights and Privacy (FERPA). This procedure specifies limitations on Federal and State law, and ensures that appropriate record maintenance and destruction systems are in place.

Pursuant to the “Family Rights and Privacy Act of 1974” (Public Law 93-380) and the California Education Code, a student may request to inspect all his/her official school records, files, and related data that are classified as Student Records. The records
will be available for review at a mutually convenient
time during regular working hours. Contact the Vice
President, Student Services. If information in the file
is inaccurate, misleading, or inappropriate, a student
may request removal of the information or include a
statement disputing the material that is challenged.

The law provides that no individual, agency or
organization shall have access to a student’s records
without the written consent of the student, except
under very specific conditions:

You may view a full copy of the policy
by accessing the following website:
http://www.sdccd.edu/public/district/policies/

Complaint Processes

San Diego City, Mesa, and Miramar Colleges are
committed to an educational environment that
is free from interference and disruption, and that
fosters equity and mutual respect.

Students may file a complaint when they believe
that a College faculty or staff member has violated
the following Board Policies and Administrative
Procedures:

1. Student Rights, Responsibilities, Campus Safety
   and Administrative Due Process: Policy 3100
2. Student Grievance: Procedure 3100.1
3. Student Discipline: Procedure 3100.2
4. Honest Academic Conduct: Procedure 3100.3
5. Academic Accommodations and Disability
   Discrimination for Students with Disabilities:
   Procedure 3105.1
6. Prohibition of Harassment: Policy 3430
7. Nondiscrimination: Policy 3410
8. Fraud/Whistle Blower: Policy 6125
9. Grade Challenge: Procedure 3001.2

Board Policies and Administrative Procedures
are available to Individuals online at
http://www.sdccd.edu/public/district/policies/

More information on the complaint processes can be
found online at https://studentweb.sdccd.edu/index.
cfm?action=complaint&tab=1.

Academic Complaint

An academic complaint may be filed with the
department chair or instructional dean when a
student feels that a faculty member has violated
state law, federal law, or College policies and
procedures relative to grading or other academic
matters*. Students may directly contact the
department chair or instructional dean or submit
their complaint online at: https://studentweb.sdccd.
edu/index.cfm?action=complaint&tab=1.

*Please note: All grades awarded by the instructor
of record shall be final. The California Code of
Regulations, Title 5 §55025, states “the determination
of the student’s grade by the instructor shall be
final in the absence of mistake, fraud, bad faith, or
incompetency.”

Academic Accommodation
Due to Disability Complaint
(Section 504/ADA)

Students who have a complaint regarding access to,
or quality of, their academic accommodations may
contact the DSPS counselor. Students may submit a
complaint online at https://studentweb.sdccd.edu/
index.cfm?action=complaint&tab=1 or contact the
campus 504 Officer.

Students with disabilities who want to file a formal
complaint under Section 504 of the 1973 Federal
Rehabilitation Act and Americans with Disabilities
Act (ADA) may do so online at https://studentweb.
sdccd.edu/index.cfm?action=complaint&tab=1 or
contact the campus 504 Officer:

General Complaint

A general student complaint may be filed by a student who feels an action of a College staff member, office, or group violates existing College rules, policy, or procedures or other local, state, and federal laws. A complaint of gender discrimination or sexual assault or harassment is not included in this category; please see Title IX complaint below.

The complaint procedures are formalized procedures to ensure timely resolution at the lowest possible level. The first step is the informal resolution stage, which involves the student who has a complaint and the faculty/staff member or specific group with whom the student has a complaint. The student must notify the faculty/staff person or representative of a group that he or she wishes to make an appointment for an informal meeting to review an action. In the absence of the instructor or staff person and after a good faith effort to make contact, the student may directly contact the instructional dean or appropriate administrator or submit their complaint online at: https://studentweb.sdccd.edu/index.cfm?action=complaint&tab=1.

Unlawful Harassment or Discrimination Complaint not Based on Sex or Gender not Based on Sex or Gender

San Diego City, Mesa and Miramar Colleges are committed to providing an academic environment free of unlawful harassment and unlawful discrimination. Board Policy 3100 defines verbal, physical, visual or written, environmental and harassment and other forms of harassment on campus, and sets forth a procedure for the investigation and resolution of complaints of harassment by or against any staff, or faculty member, or student within the District.

These procedures are used when a complaint concerns matters of discrimination or failure to comply with College policy or procedures or federal and/or state regulations including the Civil Rights Act; Executive Orders 11246 and 11375; the Vietnam Era Veterans Readjustment Act of 1974; the Age Discrimination and Employment Act of 1967; Section 504 of the 1973 Federal Rehabilitation Act and Americans with Disabilities Act (ADA); and the nondiscrimination laws of the State of California.

Students who wish to file a complaint may do so online at: https://studentweb.sdccd.edu/index.cfm?action=complaint&tab=1 or contact your college Site Compliance Officer (SCO):

Students wishing to pursue a civil rights complaint beyond the college/district level should direct their inquiries to the Office of Civil Rights, United States Department of Education, 50 Beale Street, Suite 7200, San Francisco, CA 94105-1813.

Other Complaint Process

If your complaint is associated with the institution’s compliance with academic program quality and accrediting standards, you may contact the Accrediting Commission for Community and Junior Colleges (ACCJC) at http://www.accjc.org/complaint-process ACCJC is the agency that accredits the academic programs of the California Community Colleges.
If your complaint does not concern the California Community College's compliance with academic program quality and accrediting standards, you may contact the California Community College Chancellor's Office by completing the web form found at: http://californiacommunitycolleges.cccco.edu/ComplaintsForm.aspx
We, the Student Services Division, believe that students are the reason for our existence. We are dedicated to offering equitable and courteous services to our Miramar College community. We are committed to the development and empowerment of our students to their full potential.

</table>
The college maintains a comprehensive program to assist students in achieving their goals. The services provided are detailed on the following pages.

**Counseling Services**

The mission of the San Diego Miramar College Counseling Department is to provide comprehensive programs and services that empower students to identify and achieve educational, career, and personal goals to meet life’s opportunities and challenges.

Academic, career, and personal counseling are provided in the Counseling Department in K1-203. Services include academic skills assessment and development of a Student Educational Plan (SEP), which outlines what courses are needed for graduation and provides a checklist for requirements completed and remaining. Students should have official transcripts from other colleges attended on file and evaluated before seeking to obtain an official SEP. Students are advised to review the catalog and schedule of classes for program and general information prior to meeting with a counselor. The Counseling Department offers college success and career planning courses through Personal Growth courses listed in the schedule of classes.

For more information, please stop by or call 619-388-7840 or 858-536-7840.

**Transfer Services**

The Transfer Center, located in K1-306, is dedicated to helping Miramar students successfully transfer to a four-year institution. Transferring can be a confusing process at times. The Transfer Center is here to provide information and resources to assist students in making the transition a smooth and easy one. Transfer Center resources include: workshops, transfer fairs, meetings with college representatives, campus tours, a library of catalogs and publications, information on transfer guarantees, computer software for college research, and transfer advising. For more information, please contact 858-536-7380 or 619-388-7380 or visit our website at: www.sdmiramar.edu/transfer.

**English for Speakers of Other Languages (ESOL)**

The English as a Second Language Program is designed to prepare students to read, write, speak and listen at a level that enables them to succeed in college courses. The program consists of four levels and the student is assigned a level based on the result of his/her placement test. Students interested in enrolling in ESOL courses should schedule an assessment test for placement into the appropriate skill level.

For more information on the English as a Second Language Program, students should contact the college Counseling Office.

**Disability Support Programs and Services (DSPS)**

Miramar College provides programs and services for students with disabilities in compliance with State and Federal legislation including Section 504 and 508 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act Amendments Act (ADAAA). Student participation in the program is voluntary.

Eligible students who have a verified disability qualify for support services through the Disability Support Programs and Services (DSPS) department. The programs and services are designed to support students in the achievement of their academic and vocational goals. Educational Assistance classes for students with disabilities may be available to support the college academic and vocational programs through DSPS and the High Tech Center. Services provided may include, but are not limited to: priority enrollment, assistive technology and alternate media, interpreters and captioning for students who are deaf or hard of hearing, note taking materials, test taking accommodations, audio recorders, use of specialized equipment and adaptive devices, and disability related counseling and referral. Liaison with community agencies is also an important component of the program. The campus is physically accessible. Students are encouraged to apply early for timely services.
Anyone interested in applying for services or obtaining further information may contact the Disability Support Programs and Services Department in K1-204 by calling 858-536-7212 or 619-388-7312; tty 619-388-7301, or email miradsp@sdccd.edu. Web: www.sdmiramar.edu/dsp

Service Animals

The San Diego Community College District will permit qualified students with disabilities to use service animals in district facilities and on district campuses (Procedure 3105.2) in compliance with state and federal law.

Animals are not permitted on campus with the exception of authorized service animals for persons with disabilities. Refer to Administrative Procedure (AP 3105.2) Service Animals.

CalWORKs/TANF Training, Education and Service Program

The CalWORKs program offers support services to students who receive TANF/CalWORKS funding. Specialized services have been designed to support students in their education, career and personal goals while meeting their Welfare-to-Work requirements. Services include academic/vocational counseling, job placement, career transition counseling, workshops, work study placements and verification of Welfare-to-Work hours. For additional information, contact the CalWORKs Program Office at 619-388-7378 or 858-536-7378, stop by K1-305, or email miracw@sdccd.edu.

Extended Opportunity Programs and Services (EOPS) and Cooperative Agencies Resources for Education (CARE)

What is EOPS?

EOPS is a state-funded student support services program. Its purpose is to provide enhanced recruitment, retention, and transition services to eligible students. The services offered are “above and beyond” those offered by the college’s Student Services division. The primary services include assistance in the following areas: priority enrollment, book service program, counseling/advisement, preparation for transition to four-year schools, the workplace, and financial assistance. For detailed information on all services offered and application procedures, please contact the EOPS Office in K1-305, or call 858-536-7869 or 619-388-7869, or email miraeops@sdccd.edu.

EOPS students who are single parents, have a child under 14 years of age, and are a member of a household that receives public assistance, are encouraged to apply for the program’s Cooperative Agencies Resources for Education (CARE) component. CARE provides additional support services, including grant funds, to address those needs that are unique to single parents.

You may be eligible for EOPS if you are enrolled full-time (at least 12 units). At least 6 of these units must be taken at Miramar College and your financial aid must be at Miramar. In addition you must meet all of the following criteria:

1. You are a resident of the state of California, as determined by the Admissions Office (AB 540 Students are eligible).
2. You are (or plan to be) a full-time student.
3. You qualify to receive a Board of Governors Waiver A or B.
4. You have not completed 6 semesters or 70 (or more) units of degree-applicable college course work. This includes courses taken at other colleges.

5. You are determined to be educationally disadvantaged by meeting any one of the following criteria:
   a. You do not qualify to enroll for the minimum level English or Math courses required for your degree objective.
   b. You have not fulfilled the requirements for a high school diploma or General Educational Development (GED).
   c. Upon graduation from high school your grade point average (GPA) was less than 2.5 on a 4.0 scale.
   d. You have been enrolled in an English or Math course, or program that is considered developmental or remedial.
   e. You have been enrolled in an English as a Second Language (ESL) class or program.
   f. In the judgment of the EOPS director, using state guidelines, you are determined to be educationally disadvantaged.

How to Apply

Students interested in applying for the EOPS program must complete an EOPS application and the Free Application for Federal Student Aid (FAFSA) or the Board of Governors Grant Waiver. These applications are available in the EOPS and Financial Aid Offices. They are also available online or in the EOPS Office located in K1-305. Students should apply early to ensure that they receive consideration for all services. It is recommended that students complete the FAFSA by the priority filing date published by the Financial Aid Office.

Financial Aid

The Financial Aid Office is committed to assisting students who might otherwise be unable to continue their education because of financial disadvantage.

Financial aid funds are administered in accordance with a nationally established policy of financial assistance for education. The basis of this policy is the belief that students and their parents have the primary responsibility for meeting educational costs. The amount of the contribution expected from students and their family is determined by careful analysis of family financial strength, taking into consideration taxable and non-taxable income, household size, allowable expenses, indebtedness, and assets. The U.S. Department of Education, in cooperation with Congress educational agencies, has established procedures which are used in making an evaluation of the amount families can be expected to contribute.

Application

On a yearly basis, all financial aid applicants must complete the Free Application for Federal Student Aid (FAFSA), or a California Dream Act application for all financial aid, including the Board of Governor’s fee Waiver (BOGW). To complete your FAFSA, go to www.fafsa.gov. To complete a California Dream Act application, go to https://dream.csac.ca.gov FAFSA Application materials are available on January 1st for the following academic year. The priority filing deadline for aid is April 15th. Students filing their application by this date will be considered first in the award process. Deadline to apply: The Central Processing System (CPS) must receive your application by your last day of classes for the term or June 30, 2017 whichever date comes first. The Deadline for Cal Grant application is March 2nd.

A current Admission’s Application to the College must be on file before we can process your FAFSA application. Complete the application using your personal information as it appears on your Social Security card or our office will not be able to process your financial aid.

Academic transcripts from prior colleges attended are not required to be submitted before processing a financial aid application. Academic transcripts must be submitted directly to the District Records Office.

Eligibility

In order to be eligible to apply for financial aid, a student must be a citizen or permanent resident of the United States or be in the country for other than temporary purpose with the intention of becoming a permanent resident.

 Eligible non-citizens may be required to provide proof of permanent residency for Federal Aid. F-1 Visa students are not eligible for financial aid at
San Diego Miramar College. For further information regarding other eligible immigration status, contact the Financial Aid Office.

You must have a high school diploma, General Education Diploma (GED) or a State approved High School equivalency. With the elimination of the Ability to Benefit (ATB) regulations, students will no longer have the option to pass an ATB test or to successfully complete 6 core/degree applicable units to qualify for aid.

Please refer to the Financial Aid Bulletin for additional eligibility requirements.

Awards

Awards take the form of a “package” of financial aid, usually consisting of grant money and work-study, depending on the financial need of the applicant and the availability of funds. Awards may be adjusted at any time upon notice of receipt of resources not previously reported. Revisions to awards are always possible because personal financial circumstances can be very unpredictable. If funding is available, aid for valid educational expenses not already covered in the student’s budget may be offered.

Financial aid checks are usually ready for disbursement approximately four or five weeks after the start of classes. Pell Grant and Cal Grant disbursements are based on enrollment levels at the time of payment and will not be adjusted. However, SEOG and loan payments will be adjusted according to enrollment status. If you withdraw from classes after aid has been disbursed to you, you may be required to repay all or part of this aid (see “Return of Title IV Funds” on page 72).

An automated system is available in the college bookstores to allow California Resident students, who are enrolled in at least six units, to use a portion of their estimated Pell Grant to purchase books and supplies one week prior, and two weeks after, the start of the semester. Funds will be set aside from each eligible student’s Pell Grant and placed in a special account in the bookstore. This account may be used for the purchase of books and supplies until the funds are exhausted. The account is valid at the City, Mesa, and Miramar College and ECC bookstores, regardless of where students are taking classes.

The student will be responsible for paying back the Bookstore Pell Grant used if student does not attend classes.

Students who elect not to purchase books from the college bookstore, or have any funds remaining on account, will receive the funds in the mail with the remainder of their Pell Grant award according to the Pell Grant payment schedule for the semester.

Students must be making satisfactory academic progress as determined by the Standards of Satisfactory Academic Progress for Financial Aid Recipients. Copies are available in the Financial Aid Office.

Return of Title IV Funds

Federal law requires that if a student receives a Federal grant and then drops/withdraws from all of his/her classes, he/she may owe money back to the Federal Government.

Note that the earlier a student drops/withdraws, the more money he/she may have to pay back.

• If a student receives loan money and withdraws, he/she must pay back the money according to the normal rules of the loan program.

• If a student receives work study money and withdraws, he/she does not owe anything back and may keep the salary earned; but must stop working immediately.

For more information about the timeframe to repay, the consequences of not paying and a sample Return of Funds calculation, go to: http://www.sdmiramar.edu/students/financial/title4

Financial Aid Programs Available

The following is a basic description of the programs available. Contact the Financial Aid Office for detailed descriptions and eligibility requirements.

Enrollment Fee Assistance: Board of Governors Waiver (BOGW)

State law requires that students attending the college pay an enrollment fee. Students enrolled in credit classes are currently required to pay $46.00 per unit.

The college offers the Board of Governors Waiver (BOGW), a state-funded program which will waive the enrollment fee for all eligible applicants.

Students who are eligible for a Board of Governors Waiver will be required to pay the health fee. The health fee will no longer be waived for students who are eligible for a BOGW
other than students who are eligible for a BOGWA (TANF/CalWorks, SSI/SSP, or General Assistance).

Students may apply for the BOGW one of two ways:

- Submit a FAFSA (https://fafsa.ed.gov) or a California Dream Act Application (https://dream.csac.ca.gov), or
- Apply for the BOGW on the online registration system during the application window. (Application window is three weeks prior to the start of the semester up to census, please consult the academic calendar or login to the online registration system.)

New State regulations have changed eligibility requirements for the Board of Governors Fee Waiver. Starting Fall 2016, in addition to income and residency requirements, students must maintain academic and progress standards to maintain Board of Governors Fee Waiver (BOGW) eligibility.

If you are a California resident or have been designated an AB-540 student, you may qualify for a BOGW if any one of the following statements applies to your current status:

- You have already qualified for financial aid, such as a Federal Pell Grant or a Cal Grant, which demonstrates that you have need as determined by Federal Methodology or California DREAM Act application. You must have at least $1,104 on “unmet” need to qualify.
- You, or your parents in the case of a dependent student, are receiving TANF (Temporary Aid for Needy Families, SSI (Supplemental Security Income), or General Assistance/General Relief as main source of income at the time of enrollment.
- You have a letter from the Department of Veterans Affairs certifying that you meet the eligibility requirements of “certain disabled veterans, dependents of certain deceased or disabled veterans.”
- You are a dependent of a deceased or disabled veteran of the California National Guard. You must submit a letter of certification from the California National Guard Adjutant General’s Office.
- You meet the following income standards:

<table>
<thead>
<tr>
<th>Number In Household (including yourself)</th>
<th>Total Family Income for 2015 (adjusted gross income and/or untaxed income)</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>$17,655 or less</td>
</tr>
<tr>
<td>2</td>
<td>$23,895 or less</td>
</tr>
<tr>
<td>3</td>
<td>$30,135 or less</td>
</tr>
<tr>
<td>4</td>
<td>$36,375 or less</td>
</tr>
<tr>
<td>5</td>
<td>$42,615 or less</td>
</tr>
<tr>
<td>6</td>
<td>$48,855 or less</td>
</tr>
<tr>
<td>7</td>
<td>$55,095 or less</td>
</tr>
<tr>
<td>8</td>
<td>$61,335 or less</td>
</tr>
</tbody>
</table>

Add $6,240 for each additional family member.

To determine your eligibility for the Board of Governor’s Waiver based on the above income standards, you will be considered independent if:

- You do not live with your parents or your parent’s registered domestic partner.
- You were not claimed as an exemption on any federal income tax filed by your parents or your parent’s registered domestic partner in 2015.

**Appeal Process for Loss of BOGW**

Students will maintain their BOGW eligibility as long as they are in good academic standing. Students who believe their recent academic performance is based on circumstances outside their control, or believe they have made substantial academic improvement, may appeal the loss of BOGW eligibility by submitting a Loss of BOGW/Enrollment Priority Petition to the Dean of Student Development five (5) business days prior to the Application and Registration Deadline posted on the Academic Calendar. Petitions will be reviewed in the order they are received.

**Federal Pell Grant**

The Federal Pell Grant is the largest federal grant program and is the foundation of a student’s total “aid package.” Eligibility is determined by the federal government using a standard formula for all applicants.

Effective July 1st, 2012, all financial aid applicants are subject to 6 years maximum of Pell Grant lifetime eligibility or 600%.
Enrollment status will be frozen at the time of disbursement after the add/drop period and will be the basis for Pell award. Once the Pell Grant award has been processed it will not be adjusted for additional units added during the semester. If you have a bachelor's degree, you are not eligible for a Pell Grant.

**Federal Supplemental Educational Opportunity Grant (FSEOG)**

FSEOG is a federal grant program designed to assist students who have the greatest demonstrated financial need. Awarding of FSEOG funds is determined by the Financial Aid Office based on available resources.

**Cal Grants**

The Cal Grant program is administered by the California Student Aid Commission to help low-income students attend college. Students at the college may receive Cal Grant B or C.

- To be eligible for Cal Grant B a student must be a California resident, eligible AB-540 designated student and pursuing an undergraduate academic program of not less than one academic year.
- Cal Grant C is designed for students enrolled in a vocational program who are California residents or eligible AB-540 designated students from a low- or middle-income family.
  - See the Financial Aid Bulletin for important dates and deadlines.
  - Cal Grant Program is not available for students accepted into the comprehensive Transitional Program C2C.

**Full-Time Student Success Grant (FTSSG)**

Students who meet the following criteria will be eligible for a FTSSG award for Fall 2016 and/or Spring 2017.

- Must be enrolled full-time (12 units or more)
- Must have been awarded a Cal Grant B and paid at full-time status
- Must meet all other Federal/State financial aid requirements

Eligible students will be awarded $300 for each semester of eligibility.

**Chafee Grant Program**

The Chafee Grant is a federal program that is administered by the California Student Aid Commission to provide financial assistance to prior Foster Youth. The applicant must be certified by the State Department of Social Services of their Foster Youth status prior to reaching age 16. The grant has no citizenship requirement; however, non-citizens without a valid Social Security Number must call the CSAC for additional steps and information. The program awards a maximum of $5,000 per academic year. Renewal applicants must maintain satisfactory academic progress as defined by the school.

**Federal Work Study**

Federal Work Study (FWS) allows students the opportunity to earn part of their financial aid by working in assigned jobs, both on and off campus. The salary received is at least equal to the current minimum wage, but many Federal Work Study jobs pay more than minimum wage. Federal Work Study differs from the other financial aid programs in that a student is allocated a certain amount of money to earn. As work on the job is completed, a time card is submitted for the hours worked just as at a regular job. Once a month the student receives a paycheck for the hours worked. Once the amount allocated in the financial aid package is earned, the job ends.

**William D. Ford Federal Direct Loan Program**

The Federal Direct Loan is a federal loan program where you borrow directly from the Federal Government. The interest rate for new loans is a fixed rate which is currently 4.29% for loans disbursed from July 1, 2016 to June 30, 2017. New Federal regulations require schools to disburse loans only after the signed Promissory Note has been accepted. You are required to pay the Department of Education loan processing fees that are currently 1.068%. The fees are deducted from the proceeds of your loan. The origination fee will change for any loan disbursed after October 1, 2016.

To qualify, a student must be enrolled in at least six units, demonstrate Satisfactory Academic Progress for aid recipients and must demonstrate financial need through the federal methodology using the
To apply for a Federal Direct Loan, students must complete a mandatory loan entrance counseling session. The counseling session is required even if a student has attended a Stafford loan workshop in the past. If a student has attended a Direct Loan workshop at San Diego City, or Miramar Colleges in the past, it will not be necessary to conduct another entrance counseling session. Students must contact the Financial Aid Office or visit the College website for application procedures. You may complete the entrance counseling session online at: www.studentloans.gov.

Congress approved a new lifetime limit on Subsidized Direct Loans for subsidized loans disbursed on or after July 1, 2013. Students will be limited to 150% of subsidized loan eligibility based on their program.

The Financial Aid Office will be notified when the session has successfully been completed. In addition, you must fill out a Loan Request Form form your Financial Aid Office. You must complete an online multi-year Master Promissory Note at: www.studentloans.gov.

You may also be required to submit an Educational Plan and be enrolled at the campus of your declared major. Please ask your Financial Aid Office for more information. The actual loan amount for which you are eligible will be determined by the Financial Aid Office. Checks will be disbursed twice per loan period. If you are a first-time student or borrower, your check will not be disbursed until at least 30 days after the start of the semester. If you have “Late Start” classes, loan funds to be disbursed, you must be actively attending classes in at least six units.

For additional information, please refer to the Financial Aid Bulletin or call the Financial Aid Office at 619-388-7864.

Unsubsidized Loan eligibility and borrowing for certain groups or categories of students.

Based on this initiative, the following groups or categories of students will not be eligible to borrow Unsubsidized Loans:

1st Year Students
- 1st year is defined as students who have completed less than 24 units in their current program or major based on their educational plan.
- Units that will be counted towards the 24 units will be units that fulfill the major, general education and district requirements for the current program or major based on the educational plan.
- Units that will not be counted towards the 24 units are units that are basic skills or remedial, ESOL, electives or any other units that are not applicable to the current program or major based on the educational plan.

Students Approved on a Financial Aid Appeal
Students who have an “Unsatisfactory” status (Disqualified) for any reason and who are approved on appeal will not be eligible for an Unsubsidized Loan.

PLUS Loan
Parents of dependent undergraduate students may borrow from the PLUS loan program. The amount borrowed may be up to the cost of attendance minus any financial aid. Parents must begin repayment within 60 days of receiving the full disbursement of the loan. The interest rate is a fixed rate. Student and borrower must meet all other financial aid eligibility requirements, including completing the FAFSA.

Scholarships
Students are encouraged to apply for scholarships, which are available for students who meet the qualifications. These awards are donated by individual contributors, clubs and organizations both on campus and in the community. Amounts are determined by the donors and vary. Qualifying criteria also vary and may include that the student meet financial need, a designated grade point average, a level of school or community service and/or other requirements to be eligible for consideration. Scholarship applications may be
obtained from the Miramar College Financial Aid Office, located in K1-312.

National Student Clearinghouse
All current SDCCD student’s enrollment levels are automatically sent to the National Student Clearinghouse. Submission and disclosure of enrollment levels is a federal requirement for students with current and past student loans according to regulations. Enrollment information for students with no prior or current student loan history is protected from disclosure by the contractual agreement between the National Student Clearinghouse and the San Diego Community College District. For more information, please contact your campus Financial Aid Office.

Career/Student Employment Center
Located in K1-308, the Career/Student Employment Center offers a number of resources to assist students in college and career planning and employment. Resources include: career information, newsletters, occupational and interest inventories, resource directories, career assessments (including MBTI and Eureka), job listings, resume and cover letter writing assistance, and interview preparation. Contact the Career/Student Employment Center for more information at 858-536-7235 or 619-388-7335.

Veterans and Service Members
Veterans Center Military Service Connected Benefit Programs
The San Diego Community Colleges have been approved to offer military service connected benefit programs leading to a certificate, an Associate Degree or transfer to a four-year institution. The Veterans Affairs Office staff provides guidance to veterans and assists them in the selection of educational programs which qualify for veterans benefits. The final responsibility for monitoring the process of qualification for educational benefits resides with the individual. Each veteran must read, understand, and comply with the many rules, regulations, and procedures that influence the benefit process.

Students on active duty and veterans who have been discharged within the past 15 years may be eligible for up to 4 years priority registration. Check with the college Admissions Office for eligibility. An Active Duty Military ID card or DD214 are required for verification.

---

Failure to take the proper classes may result in an overpayment and the reduction or termination of benefits.

Disabled Veterans
Veterans who qualify for educational benefits as disabled veterans may be entitled to special educational benefits. Veterans with disabilities are encouraged to pursue services offered through Disability Support Programs and Services. Veterans should visit the Veterans Administration Regional Office, 8810 Rio San Diego Dr., San Diego, CA 92108, to determine their eligibility for disabled status. Telephone: 800-827-1000.

Veteran Dependent Tuition Waiver
The children and spouses of U.S. Veterans with service connected disabilities may be eligible for waiver of college tuition. For more information see the Veterans Affairs Office.

Liability
The veteran assumes full liability for any overpayment of veterans benefits.

All persons receiving educational benefits must report to the Veterans Affairs Office after enrollment every semester to continue their benefits. In addition, a Student Educational Plan (SEP) must be on file by the end of the first term; otherwise, certification of VA benefits will be delayed for the second semester. This plan must be developed and reviewed by a counselor.

Number of Units Required
For students enrolled in a degree program under CH: 30, 31, 34, 35, 1606/1607, the following number of units are required each semester to qualify for educational and training allowance:
12 units or more  full allowance
9 – 11.5 units  three-fourths allowance
6 – 8.5 units  one-half allowance
2 – 5.5 units  one-quarter allowance*

* Chapters 32 and 1606 only. All other chapters, tuition and fees only.

Short-term and summer session courses are computed proportionately for payment purposes.

**Rate of Pursuit (Chapter 33)**

The Chapter 33 housing allowance is paid if the rate of pursuit is more than 50%. The Department of Veterans Affairs calculates the rate of pursuit by dividing the credit hours/units (or credit hour equivalent) enrolled by the number of credit hours/units considered to be full-time by the school. The resulting percentage is the student’s rate of pursuit.

Please visit www.gibill.va.gov for additional information and updates.

**Withdrawal/Change of Classes**

Veterans are required to notify the campus Veterans Affairs Office when they stop attending class, withdraw from the college, or add or drop a class. Such changes should be reported immediately after completing the add/drop procedure. Failure to comply with this regulation will be grounds for decertification of Veterans’ benefits.

**Veterans Academic Progress**

A veteran student on Academic or Lack of Progress probation status will be disqualified when his/her semester grade point average (GPA) falls below 2.0 the subsequent semester. The College Veterans Affairs Office is required to notify the Department of Veterans Affairs (DVA) of this status. The DVA will terminate benefits unless it can be shown that the student is pursuing an appropriate objective and has a reasonable chance for success in the chosen program. Please contact the Veterans Affairs Office for more information.

**Readmission After Termination Status**

Students who wish to be considered for readmission after the VA termination will be required to meet with a Counselor and develop a Student Success Plan prior to being readmitted.

**Repeated Classes**

Veterans may not receive benefits for a repeat of a course in which a grade of “A,” “B,” “C,” or “P” has already been earned. Although District policy allows a student to repeat a course in which a grade of “D” has been received; the course may be certified for benefits only if this catalog states that a grade of “C” or better in that course is required to earn a degree or meet a prerequisite.

**Work Experience**

Veterans may be approved for Work Experience classes only if work experience is required in their major or if they have electives available according to their education plan.

**Transcripts**

All official transcripts of prior college work and military schools, including copies of form DD214, DD2685, Joint Service Transcript, or Smart Transcript covering all periods of military service, must be on file in the Records Office by the end of the first semester of attendance at this college. Certification for benefits for the second semester will be withheld if transcripts are not received. Visit the Veterans Affairs Office for necessary forms.

**Library/Learning Resources**

**Audiovisual Department**

Located on the first floor of the L Building (L-111), the AV Department primarily serves the instructional media needs of the faculty and staff at Miramar College. Services range from equipment checkout to training sessions on how to utilize the AV equipment in the classrooms, campus event setup, audio & video production. In addition, the AV Department provides students with media viewing stations for course-related media viewing. For department information and hours, please check the website online: www.sdmiramar.edu. Click “Academics” then “Audiovisual Services”.

**Independent Learning Center (ILC)**

Need a computer to do classroom research, to write a term paper, or to access the Internet? Come
to Miramar’s Independent Learning Center (ILC) located on the first floor of the L-Building (L-104). The ILC provides Miramar students with the many instructional support services necessary to successfully complete classroom assignments. Along with a friendly, helpful staff, the ILC offers Miramar students access to computers (PCs and Macs), the Internet, printing, photocopying, and supplementary materials provided by various faculty.

Library

Located on the second floor of the L-Building (L-200), the library serves faculty, students, and staff. The librarians assist students who need information to complete class assignments or wish to improve their research skills. Faculty members can use library resources for classroom instruction and can house instructional material on reserve to support instructors’ curriculum. Librarians are also available to conduct library orientations for classes. LIBS 101, a course in Information Literacy and Library Research Skills is offered online (See page 381).

A few of the services the library provides include: reference materials and assistance, library orientations, Internet access, WiFi, a local area network of electronic databases, e-books, periodicals, interlibrary loans, quiet study areas, and photocopiers. The library also provides a special law library collection that supports the paralegal program.

For additional information call 858-536-7310 or 619-388-7310. For hours of operation, please log on to the Library web site at: www.sdmiramar.edu/instruction/libr/index.asp.

Computer Services

The use of District computer equipment is limited to District staff and students.

Wireless Access

Wireless Access is available at designated areas on campus. Access code available in Library.

Tutoring—The PLACe

The Personal Learning Assistance Center (The PLACe) is located on the first floor of the LLRC in L-101. The PLACe provides students with academic support in a number of areas: math, writing, and college reading/study skills as well as various subjects.

One-on-one tutoring is available by appointment. Please call (619) 388-7852 and/or come to room L-101 to schedule an appointment. Walk-in tutoring (tutoring without an appointment) may be available provided that a tutor does not have a scheduled appointment.

Currently enrolled Miramar students may use our facility and any of our learning resources, including our computer lab, to improve their math, writing, and college reading/study skills. Please call 619-388-7852 and/or stop by L-101 for further information about additional services that may be available and to pick up a brochure.

SDCCD Online Learning Pathways

San Diego City, Mesa, and Miramar Colleges

QUALITY ONLINE LEARNING

Learn anytime, anywhere with our convenient, flexible online courses that fit your busy schedule. Enjoy interactive communication with your classmates and instructor as you complete your coursework in an engaging, supportive learning environment. Our quality online courses are developed and taught by experienced instructors from our three colleges—City College, Mesa College, and Miramar College.

Want to get started? Find out if online learning is for you at: www.sdccdonline.net/newstudents.htm.

Get ready for online learning success! Visit www.sdccdonline.net/students/training/

Online students receive 24/7 Technical Support at: https://www.sdccdonline.net/help, or by calling toll free 866-271-8794. For login instructions visit: www.sdccdonline.net/login.
Child Development Center

The Child Development Center is the Campus Laboratory School providing students with the opportunity to observe and study growth and development patterns in young children. The Center offers an educational program for children two to five years of age. It provides a rich variety of preschool activities which encourage a sense of self-worth and creative expression.

Enrollment in this center is limited to the children of parents attending classes at Miramar College or any college within the San Diego Community College District. Due to limited space, priority is given based on eligibility as defined by the Child Development Division, California State Department of Education. Parents are required to enroll in a child development lab course each semester their child attends the Center. Specific information will be provided by the Child Development Center faculty.

The Center is accredited by NAEYC (National Association for the Education of Young Children) and is also licensed by the State of California. The Center is located in F-200. For additional information call 858-536-7851 or 619-388-7851.

Student Health Services

The Student Health Services supports the success of students by attending to their physical and psychological well-being through the following services:

- Nursing Assessment & Management
- General Medical Assessment
- First Aid/Emergency Care for students
- Health Counseling
- Blood Pressure screening
- Medical Referrals
- Psychological referrals
- STD information, initial assessment, and referrals

Services with Nominal Fees:

- Physical Exams (including paps)
- Lab Services at reduced cost
- TB testing
- Immunizations and TB testing
- Women’s Health and Family Planning
- Treatments such as nebulizer, wart removal, minor surgical procedures and laceration repairs, etc.
- Prescription medications (example: antibiotics)

A nurse is on duty during hours of operation. Medical doctor or nurse practitioner coverage varies. Most nurse, doctor, and nurse practitioner visits are free, however some medical procedures and visits may require a fee.

For the protection of college students and personnel, students may be asked to supply health records. In addition, the college may require health consultations and physical examinations when they appear necessary. Legal injection of prescribed medications must occur in the Health Center for safety purposes. All students are strongly encouraged to obtain immunizations against communicable diseases as recommended by the California and San Diego Public Health Departments.

Building K-2  858-536-7881 or 619-388-7881

Student Accident Insurance

The Student Accident Insurance Plan provides coverage for on-campus or college-related injuries. This insurance covers most reasonable charges. The student, however, is ultimately responsible for any medical expenses incurred. Evening students taking exercise science (formerly Physical Education) or designated “hazardous” classes are also covered.

Student Accident Insurance is co-insurance. Students covered by a primary health organization or any other type of medical insurance should first seek treatment and payment from the provider or insurance company. All student claims are made through the Student Health Services office. The student, however, is ultimately responsible for any medical expenses incurred.
Campus Life

Student Activities

The student activities program is designed to be an integral part of the total college experience. It provides an avenue for student involvement and offers an opportunity for students to develop and contribute to the College and the community, as well as, to develop leadership experiences and connect with other students.

Office of Student Affairs

Located in K1-210, the Office of Student Affairs can provide guidance in certifying a club or organization and information on leadership development. It serves as a focal point for service and leadership resources. For more information contact the Office of Student Affairs at 619-388-7313 or 858-536-4313.

Student Government

The principles of active student government are well established at San Diego Miramar College. The Associated Student Council (ASC) is the college-recognized student government organization established for the purpose of promoting and representing the best interests of the students at the College. Through involvement in the ASC, the opportunity exists for involvement in student government, development of leadership skills, and the planning and development of special programs and services. Student representatives on the ASC reflect the diverse constituencies of the student body and have the opportunity to serve on College and District committees which recommend policies and procedures in matters of student services, instruction, and fiscal planning.

Officers of the Associated Student Council are elected at large by the general student body. However, student government is not a closed governing body; ASC meetings are open to ALL interested students.

Current district policy allows the elected Associated Student President to share the responsibility of the Student Trustee. The Student Trustee is a non-voting member of the Board of Trustees of the San Diego Community College District and represents the student voice on the Board.

Any student who participates in student government may not have any Policy 3100 violations of suspension or greater, as stated on their official student record.

For more information contact Student Affairs at 858-536-4313 or 619-388-7313 and visit K1-208, the ASC Office.

Associated Students Membership

Support your AS by purchasing an AS membership. The membership entitles you to many special discounts and privileges. The revenues go to support various campus events and activities. Among the benefits:

- AS scholarship opportunities
- A free SDCCD transcript
- Free scantrons
- A free student planner
- Advocacy at the local and state level

Student Clubs and Organizations

Miramar College supports the idea that student clubs and organizations can enrich student campus life. It is a great way to meet others who are interested in similar types of co-curricular activities. You can join any of the many student clubs or start a new one to meet your needs. The following is a partial list of clubs and organizations that have been active at Miramar College:

- Anthropology Club
- Child Development Professionals (CDP)
- Coordinate Club
- Filipino American Student Association (FASA)
- Find Inspiration Today (F.I.T.) Club
- Iranian Student Association
- League of Musical Arts
- Miramar Business Club
- Miramar Pay it Forward (MCPIF)
- MUSES
- MOCEANS Water Activities Club
- Paralegal Club
- Parent Student Advisory Board (PSAB)
- Phi Theta Kappa
Phi Theta Kappa (ΦθΚ)
Miramar College International Honors Society
The Miramar Chapter of Phi Theta Kappa is an International Honors Society established for the purpose of recognizing outstanding scholarship and promoting campus activities, community service and maintaining academic ethics among two-year college students.

Membership requirements: Interested students must have completed 12 semester units within three semesters and have a cumulative grade point average of 3.25 or better. Temporary membership is open to recent high school graduates with a grade point average of 3.50.

Faculty Advisor: Professor Carmen Jay, Room K1-203A

Athletics
The exercise science (formerly Physical Education) facilities at Miramar College are available to students for informal activities. Full-time Miramar students may also participate on District athletic teams offered throughout San Diego Community College District. Contact the Office of the Vice President of Instruction, if you’re interested in learning more about the district teams. Eligibility will be governed by District policy at the time of enrollment.

Exercise Science (formerly Physical Education) Classes/Intercollegiate Sports Disclaimer
Participation in all sports and exercise science (formerly Physical Education) activities involves certain inherent risks. Risks may include, but are not limited to, neck and spinal injuries that may result in paralysis or brain injury, injury to bones, joints, ligaments, muscles, tendons and other aspects of the muscular skeleton system; and serious injury, or impairment, to other aspects of the body and general health, including death. The San Diego Community College District, its officers, agents and employees are not responsible for the inherent risks associated with participation in exercise science (formerly Physical Education) classes/intercollegiate sports.

Students are strongly advised to consult a physician prior to participating in any exercise science (formerly Physical Education) activity.

Journalism
The widely recognized College newspaper, The Sage, provides students the opportunity for class workshops and actual experience in photography, writing, editing and producing a newspaper.

Support Services
Student Accident Insurance Claims
Student accident insurance is co-insurance. Students covered by a primary health organization or any other type of medical insurance should first seek treatment and payment from that provider or insurance company. All student claims are made through the Health Services Office.

Campus Bookstore
K1-105 (619) 388-7866
San Diego Miramar College Bookstore stocks textbooks and supplies required for classes. The Bookstore provides study aids, snacks, school supplies, clothing, backpacks, gift items, greeting cards, emblematic items and general books. The bookstore also buys back textbooks for cash.

Extended hours are offered at the beginning of each semester. Textbooks can also be purchased online at: http://www.bookstore.sdccd.edu/miramar. For additional information or special Bookstore hours, please contact the bookstore or visit our website listed above.

College Dining Facilities
The Miramar College Cafeteria, located in room K1-104, offers a la carte items, meals, snacks and beverages. During the fall and spring semesters, the cafeteria is open Monday through Friday. Regular hours of operation are posted and printed in the schedule of classes.

Food service is provided during the Summer sessions. Outdoor vending machine service is
available at the south end of the A-100 building and on the north side of the U-100 building.

**College Police Department**

T-100, Miramar College Substation

The College Police Department is responsible for providing public safety, law enforcement and crime prevention services. Its mission is to maintain peace and order and a safe learning environment throughout our District. It is also responsible for administering the campus parking program, lost and found and the building security program.

For police officer assistance, call 619-388-6405. Emergency services are provided 24 hours a day, 7 days a week. The police business office is located in T-100. For information and general assistance, call 619-388-7353 or 858-536-7353. Learn more about College Police at: [http://police.sdccd.edu](http://police.sdccd.edu).

**Emergency Messages**

The college will not interrupt classroom instruction to deliver messages, except in an extreme emergency. All calls/inquiries should be referred to the College Police Dispatch at 619-388-6405.

**Police and Parking Services**

The college police are available to provide escort, vehicle battery jumps, and vehicle lockout services during regular hours of operation. Students who wish to use these services should call College Police Dispatch at 619-388-6405 or go to any of the College Police Offices at the following locations for assistance:

- **City College (V-100)**: 619-388-3461
- **Mesa College (Q-100)**: 619-388-2749
- **Miramar College (T-100)**: 619-388-7353 or 858-536-7353
- **College Police Dispatch**: 619-388-6405

**Parking**

Student parking permits are available for purchase during online registration or at the campus accounting office. Permits paid for before classes begin are generally mailed and those purchased after classes begin must be picked up. Parking permits are required the first day of each semester.

- Parking permits are not required on Saturdays, Sundays or college holidays.
- **Parking permits are required Monday through Friday, 7:00 am to 11:00 pm.**
- **Parking between the hours of 11:00 pm and 6:00 am requires an overnight permit issued in College Police.**
- Students may not utilize staff/faculty parking areas unless they are the owner of a valid state issued disabled placard. **Owners of valid disabled placards** may also park at meters without paying and are not required to buy a parking permit.

There are parking meters and/or time limited visitor parking at each campus reserved for visitors use only. Students may not utilize visitor parking. All meters require deposit of coins. Permits are not valid at meters. All campuses have pay and display machines for visitor and student use. Pay and display permits are only valid in student parking lots.

- **Motorcycles** must display a motorcycle permit and be parked in designated motorcycle parking.
- **Bicycles** must be parked only in designated bicycle racks. Students are not allowed to ride bicycles or motorized bikes on campus. Violators are subject to disciplinary action.

For additional information on parking visit your campus police office or call parking services at 619-388-6415.

**Vehicle Immobilization/Booting/Towing/Hold**

Vehicles that accumulate five (5) or more unpaid parking citations are subject to immobilization (booting) of their vehicle and/or impound (towing) at owners expense. In addition a hold may be placed on the vehicle registration. If a vehicle accumulates $100 or more in outstanding fines a hold may be placed on student records/grades.

**Emergency Cell Phone Numbers**

The College encourages students to provide cell phone numbers to communicate with them in the event of a college or district-wide emergency. Students can provide this important information at: [http://studentweb.sdccd.edu](http://studentweb.sdccd.edu).
Transportation for Students with Disabilities

Paratransit (curb-to-curb) service is available for a fee to persons with disabilities who cannot use public transportation. ADA certification is required. Please contact DSPS for additional information or forms for certification. Students may also contact MTS (Metropolitan Transit System) at 888-517-9627.
Academic Requirements
The Associate Degree

On the recommendation of the faculty, the colleges of the San Diego Community College District award the Associate of Arts degree or the Associate of Science degree.

The Associate of Arts degree is awarded in the social sciences, humanities, the arts, and similar disciplines. The Associate of Science degree is awarded in engineering, physical and biological sciences, and occupational curricula.

Proactive Award Degree

Students who have an official education plan on file and meet degree requirements may be awarded an associate degree.

All Degrees Have the Following Requirements in Common

Minimum Units in Residence

A minimum of 12 degree applicable units must be completed in residence at the college granting the degree.

The 12-unit in residence requirement is effective for all degrees awarded regardless of catalog year.

Major/Area of Emphasis Requirements

- Eighteen semester units or more are required.
- Six semester units must be completed at City, Mesa, or Miramar College. Refer to the Degree Curricula and Certificate Programs section of this catalog for specific requirements for each major.
- Only one course in a student's major discipline may be used to meet the San Diego Community College District’s general education requirements with the exception of Liberal Arts and Sciences and AA-T and AS-T degrees.

Recency of Coursework Limitation:

Academic departments may require that courses for the major be completed within a specified period of time prior to the granting of the Associate Degree, Certificate of Achievement, or Certificate of Performance. Students with questions about the applicability of previous coursework are advised to consult the Department as early as possible.

Associate in Arts for Transfer (AA-T) or Associate in Science for Transfer (AS-T) California State University (CSU)

The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Each AA-T or AS-T is accepted by some but not all CSU campuses. Students transferring to a CSU campus that does accept the AA-T or AS-T will be required to complete no more than 60 units after transfer to earn a bachelor’s degree in that major. Please see a counselor and www.cccco.edu/1440 for more information.

Students intending to transfer to a CSU should consult a counselor and visit www.assist.org for guidance on appropriate transfer coursework.

AA-T/AS-T Majors

- Administration of Justice for Transfer (page 143)
- Anthropology for Transfer (page 144)
- Art History for Transfer (page 145)
- Business Administration for Transfer (page 168)
- Communication Studies for Transfer (page 178)
- Economics for Transfer (page 189)
- English for Transfer (page 192)
- History for Transfer (page 205)
- Kinesiology for Transfer (page 197)
- Mathematics for Transfer (page 216)
- Philosophy for Transfer (page 209)
- Physics for Transfer (page 223)
- Political Science for Transfer (page 227)
- Psychology for Transfer (page 189)
• Sociology for Transfer (page 229)
• Spanish for Transfer (page 233)
• Studio Arts for Transfer (page 148)

Degree Requirements

The following is required for all AA-T or AS-T degrees:

1. Maximum of 60 CSU-transferable semester units.

2. Minimum grade point average (GPA) of at least 2.0 in all CSU-transferable coursework. While a minimum of 2.0 is required for admission, some CSU campuses and majors may require a higher GPA. Please see a counselor for more information.

3. Completion of a minimum of 18 semester units in an “AA-T” or “AS-T” major (see list above). All courses in the major must be completed with a grade of C or better.

4. Certified completion of the California State University General Education-Breadth pattern (CSU GE; see page 116 for more information); OR the Intersegmental General Education Transfer Curriculum pattern (IGETC; see page 107 for more information).

Note:

IGETC for STEM

Students pursuing an Associate Degree for Transfer in Biology are eligible to take IGETC for STEM, deferring two lower-division GE courses until after transfer. IGETC for STEM is applicable only to Biology majors in which the Transfer Model Curriculum explicitly indicates the availability of the option.

Students using IGETC for STEM may delay until after transfer:

a. One general education course in Area 3 (Arts and Humanities); and

b. One general education course in Area 4 (Social and Behavioral Sciences).

It is strongly recommended that students consult with a counselor to determine which general education pattern is most appropriate for their individual educational goals.

CSUGE for STEM

Students pursuing an Associate Degree for Transfer in Biology are eligible to take CSUGE-Breadth for STEM, deferring two lower-division GE courses until after transfer. CSUGE-Breadth for STEM is applicable only to Biology majors in which the Transfer Model Curriculum explicitly indicates the availability of the option.

Students using CSUGE-Breadth for STEM must complete:

a. All courses in Areas A, B, and E of the traditional GE Breadth curriculum; and

b. One course in Area C1 Arts and one course in Area C2 Humanities; and

C. Two courses in Area D from two different disciplines.

It is strongly recommended that students consult with a counselor to determine which general education pattern is most appropriate for their individual educational goals.

Associate of Arts and Associate of Science Degree Requirements

Minimum 60 Units Required

All degrees require a minimum of 60 degree applicable semester units. See course descriptions.

Grade Point Average (GPA) and Minimum Grade Requirements

• Effective 2009-2010 catalog year (and each year thereafter), students must earn a grade of “C” or better in courses required for the major.

• A grade point average of at least 2.0 (a “C” average) is required in the curriculum upon which the degree is based.

District Competencies

District competencies in reading, written expression, and mathematics (See Miramar College catalog page 88).

Select One of the Following Four General Education Options:

• Option 1—San Diego Community College District General Education AND District Requirements. (See Miramar College Catalog page 88)
• **Option 2**—CSU General Education Breadth (CSU GE Pattern). (See Miramar College Catalog page 116)

• **Option 3**—Intersegmental General Education Transfer Curriculum (IGETC) pattern. (See Miramar College Catalog page 107)

• **Option 4**—San Diego Community College District General Education Requirements. (See Miramar College Catalog page 92) Students selecting this option should meet with a counselor to determine the appropriate General Education courses for their individual transfer goals.

**NOTE:** Option 4 is only available for the following Miramar College degrees designed for transfer students:

**Areas of emphasis:**

- Art/Visual Studies (see page 149)
- Biology Studies (see page 157)
- Chemistry Studies (see page 171)
- Earth Science Studies (see page 224)
- English/Literature Studies (see page 190)
- Health and Physical Education Studies (see page 195)
- Human Development Studies (see page 177)
- Humanities Studies (see page 208)
- Mathematics Studies (see page 215)
- Music Studies (see page 219)
- Occupational/Technical Studies (see page 209)
- Pre-Engineering Studies (see page 223)
- Psychology (see page 218)
- Social and Behavioral Sciences (see page 208)
- World Language Studies (see page 235)

Students who plan to transfer to a four-year institution should review the Transfer Requirements section of this catalog.

---

**District Requirements (Option 1)**

( ) Colleges in parenthesis indicate where the course is approved for District Requirements.

C—City College
M—Mesa College
MMR—Miramar College

The following information is effective for students graduating under the 2009-2010 catalog year or each term thereafter and is subject to change. Please contact the Counseling Department for updates.

1. **Competence in Reading and Written Expression**

Complete one course with a grade of “C” or better from General Education Requirements Area A.1 Language and Rationality, English Composition.

**Note:** The course selected to meet this requirement may also be used to meet the general education requirement for English Composition.

2. **Competence in Mathematics**

Competence is demonstrated by:

- a. SDCCD Assessment skill level M45 or higher

  **OR**

- b. Completing one of the following courses with a grade of “C” or better:

  - MATH 84* Practical Geometry (M)
  - MATH 85* Practical Career Mathematics (C,M)
  - MATH 92** Applied Beginning and Intermediate Algebra (M)
  - MATH 96 Intermediate Algebra and Geometry (C,M,MMR)
  - MATH 98* Technical Intermediate Algebra and Geometry (C)

  **OR**

- c. Completing, with a grade of “C” or better, any other course for which one of the above listed courses is a prerequisite or any math course with a number higher than 100.

  * These courses cannot be used to meet the prerequisite for any transfer-level mathematics course.

  ** This course may only be used to meet the prerequisite for MATH 119; it cannot be used to meet the prerequisite for any other transfer-level mathematics course.
3. American Institutions/California Government

Students are required to complete the United States History, Constitution and American Ideals before being awarded an associate degree. This requirement may be fulfilled by completing any combination of two classes that, when combined, fulfill areas: US-1, US-2, and US-3. A course may be used to fulfill more than one area.

A check mark [✓] indicates course has been approved to meet the requirement for the area.

NOTES:

- Three units of coursework used to fulfill the American Institutions/California Government requirement may also be used to fulfill a general education requirement. However, if a six-unit sequence or combination is selected to fulfill the American Institutions requirement, only three (3) units may be used for general education credit.
- Courses designated with a caret (^) may also be used to fulfill the District Multicultural studies requirement.
- Completion of the Advanced Placement examination in U.S. History with a score of 3 or higher will satisfy the requirement for the CSU American Institutions Area US-1 only.
- Completion of the Advanced Placement examination in U.S. Government & Politics with a score of 3 or higher will satisfy the requirement for Area US-2.
- Students who have completed the American Institutions requirement except for the California government portion must complete one course approved in Area US-3.
4. Health Education

This requirement is met by completing Health Education 101: Health and Lifestyle, three units.

Note: This requirement is waived for students who earn degrees in Nursing Education, Physical Therapist Assistant, or are graduates of a certified paramedic training program. U.S. Veterans and active duty U.S. military personnel may be granted two units of college credit to fulfill the Health Education Requirement if service has been continuous for at least six months. Copies of form DD-214 or DD-295 or Joint Services Transcript (JST) or CCAF Transcript covering all periods of military service must be on file in the Records Office.

5. Exercise Science Activity (formerly Physical Education)

Students must complete two activity courses. Exercise Science (formerly Physical Education) courses numbered below PHYE 240 or below EXSC 229 are acceptable. Dance courses are also acceptable, except for DANC 127, 181, 183 and 253. Administration of Justice 127A, 127B, 127C, 127D, 128A, 128B, 128C, 128D, 323, 381 and 382 are also acceptable. Fire Protection Technology 100D, 150A, 160, 360, 380W, 381F are also acceptable. Students with physical conditions which prevent participation in regular exercise science (formerly Physical Education) activity classes must file a physician's statement with the College Evaluations Office. Adapted Exercise Science (formerly Physical Education) classes are available. A Physician's medical release form is required.

Note: This requirement is waived for students who possess an accredited Fire Fighter I certification or are graduates of a POST Commission certified regional law enforcement academy. U.S. Veterans and active duty U.S. military personnel may be granted two units of college credit to fulfill the Exercise Science Activity (formerly Physical Education) requirement if service has been continuous for at least six months. Copies of form DD-214 or DD-295 or Joint Services Transcript (JST) or CCAF Transcript covering all periods of military service must be on file in the Records Office.

6. Multicultural Studies

Students may satisfy the District multicultural studies graduation requirement by satisfactorily completing a course related to the culture of one or more of the ethnic groups which are represented in American society. The course shall include a focus on the role of men and women in the origin, development, and current status of these cultures.

Note: Each student seeking the Associate Degree must complete a three-unit multicultural studies course selected from the general education courses marked with a ^ indicating that it meets the Multicultural Requirement. The three units may be applied to the 18 units required in general education.

This requirement is met by completing one of the following courses (these courses are also on the District General Education list).

^ ADJU 106 Diversity and Community Relations (MMR)
^ AMSL 150 Introduction to Deaf Culture (M)
^ ANTH 103 Introduction to Cultural Anthropology (C,M,MMR)
^ ANTH 200 Introduction to North American Indians (M)
^ ANTH 210 Introduction to California Indians (C,M)
^ ARTF 113 Arts of Africa, Oceania, and the Americas (M,MMR)
^ ARTF 115 African Art (C,M)
^ ARTF 120 Native American Art (M)
^ BLAS 104 Black Psychology (C,M)
^ BLAS 110 African American Art (C,M)
^ BLAS 111 Cultural Influences on African Art (M)

^ HIST 121 Asian Civilizations in Modern Times (C,M,MMR)
^ HIST 123 U.S. History from the Asian Pacific American Perspective (C,M)
^ HIST 130 The Modern Middle East (M)
^ HIST 150 Native Americans in United States History (M)
^ HIST 151 Native Americans in United States History (M)
^ INTE 125 History of Furniture and Interiors (M)
^ MUSI 109 World Music (C,M,MMR)
^ NUTR 153 Cultural Foods (M)
^ PHIL 125 Philosophy of Women (C,M)
^ POLI 103 Comparative Politics (C,M,MMR)
^ POLI 140 Contemporary International Politics (C,M,MMR)
^ SOCO 101 Principles of Sociology (C,M,MMR)
^ SOCO 110 Contemporary Social Problems (C,M,MMR)
^ SOCO 125 Sociology of the Family (C,M)
^ SOCO 150 Sociology of Latinos/Latinas (C,M)
^ SOCO 223 Globalization and Social Change (C,M,MMR)

**General Education Defined**

General Education courses should contribute to the broad education of career technical and transfer students in the areas of critical thinking, writing, and oral communication skills, understanding of and the ability to use quantitative analysis, and awareness of the arts and humanities; and of the physical, social and behavioral sciences as they affect one's interaction with the diverse local and global communities. General Education Requirements Title 5: Section 55063:

a. **Natural Sciences.** Courses in the natural sciences are those that examine the physical universe, its life forms, and its natural phenomena. To satisfy the General Education Requirement in natural sciences, a course shall be designed to help the student develop an appreciation and understanding of the scientific method, and encourage an understanding of the relationships between science and other human activities. This category would include introductory or integrative courses in astronomy, biology, chemistry, general physical science, geology, meteorology, oceanography, physical geography, physical anthropology, physics and other scientific disciplines.

b. **Social and Behavioral Sciences.** Courses in the social and behavioral sciences are those which focus on people as members of society. To satisfy the general education requirement in social and behavioral sciences, a course shall be designed to develop an awareness of the method of inquiry used by the social and behavioral sciences. It shall be designed to stimulate critical thinking about the ways people act and have acted in response to their societies and should promote appreciation of how societies and social subgroups operate. This category would include introductory or integrative survey courses in cultural anthropology, cultural geography, economics, history, political science, psychology, sociology and related disciplines.

c. **Humanities.** Courses in the humanities are those which study the cultural activities and artistic expressions of human beings. To satisfy the general education requirement in the humanities, a course shall be designed to help the student develop an awareness of the ways in which people throughout the ages and in different cultures have responded to themselves, help the student develop aesthetic understanding and an ability to make value judgments. Such
courses could include introductory or integrative courses in the arts, foreign languages, literature, philosophy, and religion.

d. Language and Rationality. Courses in language and rationality are those which develop for the student the principles and applications of language toward logical thought, clear and precise expression and critical evaluation of communication in whatever symbol system the student uses.

1. English Composition. Courses fulfilling the written composition requirement shall be designed to include both expository and argumentative writing.

2. Communication and Analytical Thinking. Courses fulfilling the communication and analytical thinking requirement include oral communication, mathematics, logic, statistics, computer languages and programming, and related disciplines.

Ethnic Studies will be offered in at least one of the required areas.

**General Education Requirements (Option 4)**

( ) Colleges in parenthesis indicate where the course is approved for General Education Requirements.

C—City College

M—Mesa College

MMR—Miramar College

^ Courses with a caret fulfill District multicultural studies graduation requirement.

* Courses with an asterisk may satisfy more than one area and/or general education requirement but may not be counted more than once for this.

Only one course in a student’s major discipline may be used to meet the San Diego Community College District General Education Requirements. AA-T and AS-T degrees allow for double counting of courses in the major discipline.

The following information is based on 2016–2017 course offerings and is subject to change. Please contact the Counseling Department for updates.

The State of California requires the completion of a minimum of 18 units of general education with at least a 2.0 grade point average. One course must be selected from each of the following areas: English Composition; Communication/Analytical Thinking; the Sciences (Life or Physical, not both); Humanities; Social Sciences; and a sixth course chosen from any area.

**A. Language and Rationality**

A minimum of three semester units, or four quarter units, must be completed. Choose one course from the following:

1. **English Composition**

   ENGL 101  Reading and Composition (C,M,MMR)
   
   ENGL 105  Composition and Literature (C,M,MMR)
   
   ENGL 205  Critical Thinking and Intermediate Composition (C,MMR)

   A minimum of three semester units, or four quarter units, must be completed. Choose one course from the following:

2. **Communication and Analytical Thinking**

   BIOL 200 Biological Statistics (C,M)
   
   BUSE 101 Business Mathematics (C,M,MMR)
   
   BUSE 115 Statistics for Business (M)
   
   CISC 150 Introduction to Computer and Information Sciences (C,M)
   
   CISC 181 Principles of Information Systems (C,M,MMR)
   
   COMS 99 Voice and Diction for Non-Native Speakers of English (C,MMR)
   
   COMS 101 Voice and Articulation (C,M)
   
   COMS 103 Oral Communication (C,M,MMR)
   
   COMS 135 Interpersonal Communication (C,M,MMR)
   
   COMS 160 Argumentation (C,M,MMR)

   COMS 170 Small Group Communication (C,M)

   ^ COMS 180 Intercultural Communication (C,M,MMR)
   
   GISG 104 Geographic Information Science and Spatial Reasoning (C,M)

   MATH 84 Practical Geometry (M)

   MATH 85 Practical Career Mathematics (C,M)

   MATH 92 Applied Beginning and Intermediate Algebra (M)

   MATH 96 Intermediate Algebra and Geometry (C,M,MMR)
B. Natural Sciences

A minimum of three semester units, or four quarter units, must be completed. Choose one course from the following:

1. Life Sciences

**Certificate of Achievement**

On the recommendation of the faculty, the colleges of the San Diego Community College District award the Certificate of Achievement to students who complete the specified requirements. Programs in which a Certificate of Achievement may be awarded are described in the Degree Curricula and Certificate Programs section of this catalog. Certificate programs are designed for students with specific personal or occupational goals. To qualify for the Certificate of Achievement, students must satisfy the following requirements:

1. meet all standards for admission to the desired certificate program;
2. earn a grade of “C” or higher in each course;
3. complete a minimum of three courses in residence;
4. and a minimum of six semester units of the required courses for the major must be completed at City, Mesa or Miramar College.

**Certificate of Performance**

Programs in which a Certificate of Performance may be awarded are described in the Degree Curricula and Certificate Programs section of this catalog. A Certificate of Performance recognizes the attainment of knowledge and/or skill through the successful completion of two or more courses as specified by a department. Certificates of Performance are designed to prepare students for employment, job enhancement and/or job advancement. To qualify for the Certificate of Performance, students must satisfy the following requirements:

1. Achieve a grade of “C” or better in each of the required courses.
2. Complete all required course work in the San Diego Community College District.
3. Course substitutions or course equivalencies from other colleges may not be used to satisfy Certificate of Performance requirements.

For additional information, contact the campus Evaluations Office or subject-area department.
Graduation

Petition for Graduation

Students who expect to receive an Associate Degree or a Certificate of Achievement should file a Petition for Graduation. The Petition may be completed online at: https://studentweb.sdccd.edu, or obtained in the Counseling Office. See Academic Calendar section for important filing dates.

Official college transcripts from all colleges attended must be on file before submitting the petition for Associate Degree or Certificate of Achievement.

An evaluation is a summary of college work completed and of requirements to be completed for the associate degree or the certificate of achievement. Only evaluations completed by one of the Evaluators are official.

A petition for an associate degree evaluation should be submitted one year before the student plans to graduate.

Students who are working toward a certificate of achievement should file the Petition for Graduation prior to the beginning of the semester in which they plan to complete the requirements of their certificate program.

Petition for Exceptions

Petitions for exceptions to graduation requirements, substitutions, or waiver of requirements are filed with the Counseling Office. All petitions are acted upon by the appropriate college committees/offices.

Catalog Rights

Students who maintain continuous enrollment may choose to graduate under the (City College, Mesa College, and Miramar College) catalog in effect at the time they began their studies in a California Community College, California State University, or University of California campus, or under the catalog in effect at the time of graduation.

Certification of a student’s completion of CSU general education requirements or the Intersegmental General Education Transfer Curriculum (IGETC) is not a graduation requirement. Therefore, students do not have catalog rights to a certification pattern used by a certifying institution or a CSU or UC campus.

Continuous Enrollment

Continuous enrollment is defined as attendance in one semester or two quarters within a calendar year in either the CSU, UC, or California Community College System.

Awarding of Degrees or Certificates

Associate Degrees/Certificates of Achievement will be awarded at the end of the semester in which the requirements are completed.

The graduation ceremony is held once a year. Candidates for Fall, Spring and Summer graduation may participate in the ceremony which is held at the end of the Spring semester.

Associate Degree Initiative

The San Diego Community College District proactively reviews student academic records to determine if program requirements for an associate degree have been met.

Student academic records will be reviewed if the student:
- completed at least 70 degree applicable units,
- submitted all transcripts from other institutions attended, and
- has an education plan on file.

If the degree requirements are met, students will be notified via email and awarded a diploma. Students have until the end of the semester to decline the degree.

All students may participate in the commencement ceremony which occurs annually at the end of the spring semester. Note that students who plan to transfer to a California State University (CSU), may want to consider an Associate Degree for Transfer and should consult a counselor or the Transfer Center for options.

Diplomas

Diplomas are issued only after completion of all graduation requirements has been verified. Diplomas will be issued in the name and to the address of record at the time the diploma is awarded. For information on obtaining your diploma
or certificate of achievement, or a duplicate copy, please contact the Evaluations Office on campus.

**Graduation with Distinction**

Graduation with honors distinction will be based upon all coursework that is associate degree and lower division baccalaureate degree applicable.

Graduation with Honors is granted to students who achieve an overall 3.5 GPA, High Honors is granted to students who achieve an overall 3.75 GPA, and Highest Honors is granted to students who achieve an overall 4.0 GPA for coursework for the degree or certificate.

Students will be notified that this distinction is pending at the time of the graduation ceremony, when the GPA will be calculated based upon degree or certificate applicable coursework completed through the Fall semester of the year of the ceremony. The final distinction will be determined for the degree or certificate upon completion of all coursework completed through the Fall semester for fall graduates or the Spring semester for spring graduates or the summer term for summer graduates.

**Additional College Degree**

A student having received an associate or baccalaureate degree may qualify for an additional Associate of Arts or Associate of Science degree in a new major or concentration.

An additional degree:

1. Permits upgrading or preparation for upgrading current employment.

2. Prepares for employment in an area different from that provided by previous training.

3. Provides general knowledge leading to fulfillment of personal goals.

The following requirements are applicable:

1. The degree to be earned must represent a change in major or concentration from the degree or degrees previously earned.

2. A student must earn a minimum of 18 required semester units in the new major or concentration beyond the minimum 60 units required for the Associate Degree, bringing the total units required for the second degree to a minimum of 78 units, a minimum of 96 units for the third degree, and so on. Twelve (12) semester units of the new major or concentration must be completed in residence at City, Mesa and/or Miramar.

3. A student must fulfill current catalog associate degree requirements.

4. In order to receive an additional college degree, the student must file a Petition for Graduation in the Evaluations Office. Counselors will review all previous college work to determine the student’s eligibility for a second degree.

**Transfer Programs**

(See “Transfer Guide” on page 101)
What is Transfer?
Transfer is the process of continuing your education at a four-year college or university, usually after completing your major preparation and general education at a community college. If planned correctly, the courses that you pass at community college will count towards requirements for your bachelor’s degree just as if they had been taken at the four-year institution.

Miramar College students transfer to a wide variety of universities within California and throughout the world.

Transfer Services
Students are advised to plan transfer pathways as early as possible and enroll in transferable courses in both general education and in courses that prepare students for specific university majors. Questions related to transfer programs should be discussed with a counselor in the Transfer Center or campus counseling office.

The Miramar College Transfer Center is designed to help you during each step of your transfer experience to ensure a smooth and positive transition. A variety of resources are available, including:

- Academic Counseling
- Guidance in researching and selecting a transfer institution
- Individual appointments with representatives from UC, CSU, and independent colleges and universities
- Transfer workshops including application and TAG
- Transfer Admission Agreements and Guarantees with selected universities
- A library of catalogs and college publications
- Information on important dates and deadlines
- Computer software for college research
- Transfer Fairs
- Field Trips

For additional information regarding specific services, contact the San Diego Miramar College Transfer Center at 619-388-7380 located in K1-306 or visit www.sdmiramar.edu/transfer.

Steps to Transfer

Step 1: Career Exploration
Your career objective will determine the type of degree you need and your choices for selecting a major. See the Career Center in K1-308 for assistance.

Step 2: Choosing Your University Major
A major is a field of study that you emphasize in your college education. It is what you “specialize” in with your degree. It’s important to remember that your major is what you will study at the university you transfer to. At Miramar College, you can prepare to transfer into virtually any major at any university—there are literally thousands to choose from. To narrow down the options, students often begin to select their major by one of the following techniques:

- If you have an idea of the career field you want to enter, you can find majors that are related to, or prepare for, that career field. Majors and career fields are not always “perfectly matched.” However, knowing your intended career field can help narrow your options. You can visit the Counseling Office or Career Center in K1-308 for assistance in researching career fields.
- If you know what university you want to attend, you can select from the list of majors at that university. Lists of majors at California public universities are available at www.assist.org (click on “Explore Majors”).
- If you think you might be interested in a particular major but are not sure, try taking a general education class in the major and see how you like it. Students often select their major based simply on the courses that are the most interesting to them.
- For descriptions of the 75 most popular majors, visit www.petersons.com/majors/.
Step 3: Choosing Your Transfer University

Each university may have different transfer requirements, so choosing a transfer university (first, second, and third choice) is important to ensure you complete the right courses. Universities in the United States are organized into different systems and categories. Choosing a transfer university is also important because:

- The majors offered at each university are different.
- Each university has unique features, including factors like its student body, its location, and its extracurricular activities.
- You are more likely to do well academically in a university environment that you enjoy.

The most common universities that Miramar students transfer to include:

University of California (UC)

Combines undergraduate education (leading to a Bachelor's degree) with emphasis on graduate program (Master and Doctor degrees) and research. Relatively inexpensive for California residents. UC San Diego (UCSD) is one of the ten universities in the University of California system. See www.UniversityOfCalifornia.edu for details.

UC Minimum Admission Requirements

Transfer students will be eligible for admission if they meet the following requirements:

1. Complete a minimum of 60 UC-transferable semester units or 90 transferable quarter units.
2. Obtain a minimum 2.4 GPA (2.8 for California non-residents). The GPA for admission can be significantly higher due to the applicant pool.
3. Complete two transferable college courses in English composition (3 semester or 4–5 quarter units each) and one transferable college course in mathematical concepts and quantitative reasoning (3 semester or 4–5 quarter units).
4. Complete four transferable college courses chosen from at least two of the following subject areas: arts and humanities, social and behavioral sciences, physical and biological sciences.

The UC gives high priority to students who complete major preparation coursework early in their academic career.

Students who complete the Intersegmental General Education Transfer Curriculum (IGETC) pattern prior to transferring to the UC system will meet the transfer eligibility coursework requirement listed above (for details on IGETC, see appropriate section of this guide for details). Students are strongly recommended to meet with a counselor to discuss additional requirements for competitive admissions based on major and campus choice.

UC Transfer and Physical Education Activity Courses

The University of California grants a maximum of four semester units of credit for appropriate Physical Education activity courses. Courses that are subject to this limit are listed as such on the college's UC Transfer Course Agreement, available on web ASSIST at www.assist.org under the UC Transferable Courses link. Physical Education Theory courses or courses that do not fit either the Theory or Activity category are not included in the four semester credit limit.

UC Transfer and Variable Topics Courses

These courses are also called "Independent Studies", "Special Studies", "Special Topics", "Internships", "Field Work", etc. Credit for variable topics courses is given only after a review of the scope and content of the course by the enrolling UC campus. This usually occurs after transfer and may require recommendations from faculty. UC does not grant credit for variable topics courses in Journalism, Photography, Health, Business Administration, Architecture, Administration of Justice (Criminology) or Library Departments because of credit restrictions in these areas.

California State University (CSU)

Emphasizes undergraduate education (leading to a Bachelor's degree) but also offers Master degrees. Professors spend more time in the classroom and less time on research than those in the University of California system. Emphasizes preparation for specific careers. Relatively inexpensive for California residents. San Diego State University (SDSU) and CSU San Marcos are two local universities in the 23-campus California State University system. See www.csumentor.edu for details.
**CSU Minimum Admission Requirements**

Transfer students will be eligible for admission if they meet the following requirements:

1. Complete a minimum of 60 CSU-transferable semester units or 90 transferable quarter units.
2. Obtain a minimum 2.0 GPA (2.4 for California non-residents). Impacted majors may have higher GPA Requirements.
3. Complete “The Golden Four” (Oral Communications, Written Communication, Critical Thinking, and Mathematics/Quantitative Reasoning) with a grade of “C” or better. Pass/No-Pass grades are not recommended in these areas.

Students are urged to complete a General Education pattern such as CSUGE-Breadth or IGETC (see appropriate section of this guide for details).

Students are strongly recommended to meet with a counselor to discuss additional requirements for competitive admissions based on major and campus choice.

Associate Degrees for transfer are another option to transfer to the CSU system. Refer to page 86 or see your counselor or Transfer Center for details.

**Private Colleges and Universities**

Colleges and universities that are not funded by public taxes, sometimes also called “independent.” Each university is unique with its own programs, majors, and degrees. Some offer academic programs grounded in a specific religion or philosophy. Others offer programs in only one discipline, such as the arts or technical degrees. Others specialize in providing continuing education to working adults. Usually smaller and more focused in academic emphasis than public universities. Useful websites: www.aiccu.edu, www.sandiegocolleges.info

**Historically Black Colleges and Universities (HBCU’s)**

Usually have a majority African-American student body, although students of all races attend them. May be private or out-of-state public schools. Most are located in the southern United States. www.hbcumentor.org

**Hispanic-Serving Institutions**

The Hispanic Association of Colleges and Universities (HACU) is a national educational association that represents colleges and universities committed to Hispanic Higher education success in the United States (including Puerto Rico), Latin America, and Spain. HACU has 193 member Hispanic-Serving Institutions (HSIs) located in 11 U.S. states and Puerto Rico. To be considered a Hispanic-Serving Institution, the Hispanic enrollment at a college or university must be at least 25 percent of the total student enrollment. California is home to 54 Hispanic-Serving Institutions. www.hacu.net

**Tribal Colleges and Universities**

There are 35 federally recognized Tribal Colleges and Universities in the United States. Located mainly in the Midwest and Southwest, Tribal Colleges and Universities service approximately 30,000 full- and part-time students. They offer two-year associate degrees in over 200 disciplines with some providing a bachelor’s and master’s degree. They also offer 200 vocational certificate programs. www.aihec.org

**Out-of-State Colleges and Universities**

**Step 4: Academic Preparation**

**Preparation for Major Courses**

For each major at a four-year institution, there are lower-division (freshman and sophomore level) preparatory courses designed to prepare students for upper-division study (junior and senior level). Based on the availability of courses, students are strongly encouraged to complete as many major prerequisite courses as possible prior to transfer.

Preparation for Major courses for UC and CSU schools can be found on ASSIST (www.assist.org). The ASSIST website is designed to provide students with the most accurate and up-to-date information available. ASSIST lists which community college courses are equivalent to their four-year counterparts and/or will meet specific requirements. Students can also get valuable information such as additional screening requirements, if the major is impacted, and if there is a required GPA for a specific major on ASSIST.
For students looking to transfer to a private/independent or out-of-state school, you should first access the Miramar Transfer Center website or talk to a Counselor to find out if Miramar has an articulation agreement with your school of interest (www.sdmiramar.edu/transfer). If Miramar has no articulation with the school, you should contact the school’s admissions office directly or talk to a Miramar Counselor to find out the best way for you to take courses towards major preparation.

General Education Courses

General Education (GE) is a set of courses from a variety of different subject areas that every student must complete in order to earn a bachelor’s degree, regardless of major. The goal is to provide a well-rounded or “liberal” education and to develop the knowledge, skills, and attitudes that together help make up an “educated person.”

The completion of GE prior to transfer is not required for admission to most universities. However, it is usually in the students’ best interest to complete an appropriate transfer GE pattern at the community college. This is because GE requirements that are not fulfilled prior to transfer must be completed later at the university, which often extends the time and expense of a university education.

Students usually follow one of three transfer GE options. These are:

The IGETC pattern (see page 108)

IGETC is accepted by all CSU campuses and most UC campuses and majors. It is also accepted by some private/independent or out of state universities.

IGETC for STEM

Students pursuing an Associate Degree for Transfer in Biology are eligible to take IGETC for STEM, deferring two lower-division GE courses until after transfer. IGETC for STEM is applicable only to Biology majors in which the Transfer Model Curriculum explicitly indicates the availability of the option.

Students using IGETC for STEM may delay until after transfer:

a. One general education course in Area 3 (Arts and Humanities); and

b. One general education course in Area 4 (Social and Behavioral Sciences).

It is strongly recommended that students consult with a counselor to determine which general education pattern is most appropriate for their individual educational goals.

The CSUGE-Breadth pattern (see page 116)

CSUGE-Breadth is accepted by all CSU campuses and some private/independent or out of state universities. It is not accepted by the UC system.

CSUGE-Breadth for STEM

Students pursuing an Associate Degree for Transfer in Biology are eligible to take CSUGE-Breadth for STEM, deferring two lower-division GE courses until after transfer. CSUGE-Breadth for STEM is applicable only to Biology majors in which the Transfer Model Curriculum explicitly indicates the availability of the option.

Students using CSUGE-Breadth for STEM must complete:

a. All courses in Areas A, B, and E of the traditional GE Breadth curriculum; and

b. One course in Area C1 Arts and one course in Area C2 Humanities; and

c. Two courses in Area D from two different disciplines.

It is strongly recommended that students consult with a counselor to determine which general education pattern is most appropriate for their individual educational goals.

Other Transfer General Education Options (see page 124)

It is usually not recommended for students who plan to transfer to the UC or CSU systems to follow this option. However, students entering high-unit majors such as science or engineering, those transferring to a private/independent or out of state institution, or those who plan to apply to only one university may be best served by an alternative general education pattern.

It is strongly recommended that students consult with a counselor to determine which general education pattern is most appropriate for their individual educational goals.

Completion of the IGETC or CSUGE-Breadth pattern also fulfills the requirements for a General Education
Certificate (see page 210). Students who complete one of these patterns and additional transfer coursework may also qualify for one of the following Miramar College associate degrees:

- Administration of Justice for Transfer (see page 143)
- Anthropology for Transfer (see page 144)
- Art History for Transfer (see page 145)
- Art/Visual Studies (see page 149)
- Biology Studies (see page 163)
- Business Administration for Transfer (see page 168)
- Chemistry Studies (see page 171)
- Communication Studies for Transfer (see page 178)
- Earth Science Studies (see page 224)
- Economics for Transfer (see page 189)
- English for Transfer (see page 192)
- English/Literature Studies (see page 192)
- Health and Physical Education Studies (see page 195)
- History for Transfer (see page 205)
- Human Development Studies (see page 177)
- Humanities Studies (see page 208)
- Kinesiology for Transfer (see page 197)
- Mathematics Studies (see page 215)
- Mathematics for Transfer (see page 216)
- Music Studies (see page 219)
- Occupational/Technical Studies (see page 212)
- Philosophy for Transfer (see page 209)
- Physics for Transfer (see page 225)
- Political Science for Transfer (see page 227)
- Pre-Engineering Studies (see page 225)
- Psychology for Transfer (see page 228)
- Social and Behavioral Sciences (see page 206)
- Sociology for Transfer (see page 229)
- Spanish for Transfer (see page 233)
- Studio Arts for Transfer (see page 148)
- World Language Studies (see page 232)

**General Education Certification**

General Education Certification is a legal agreement between the UC or CSU systems and the California Community Colleges that permits a student to transfer from a community college to a UC or CSU campus without the need to complete additional lower division general education courses to satisfy university GE requirements after transfer. Miramar College will provide an IGETC or CSUGE-Breadth certification to one university campus when specifically requested by the student. This certification may include courses taken from other colleges, or credit earned through other means, such as Advanced Placement (AP) test credit. Students do not have “catalog rights” to a certification pattern. Additional information on certification rules that are specific to the IGETC and CSUGE-Breadth patterns are discussed later in those sections.

IGETC or CSUGE-Breadth certification also fulfills the requirements for a General Education Certificate (see page 210).

Students who transfer without certification may have to meet additional GE requirements at the university. This often means taking additional courses after transfer.

**CSU U.S. History, Constitution, and American Ideals Certification** (see page 123)

The California State University, before awarding a degree, requires students to complete courses or examinations that address American Institutions, the U.S. Constitution, and California government. This requirement may be fulfilled at a California Community College prior to transfer by completing a combination of courses that satisfies all three areas of the requirement. The requirement may also be completed at a CSU campus after transfer.

Certification of CSU U.S. History, Constitution, and American Ideals is not required prior to transfer. However, it is usually in the students’ best interest to complete this certification at the community college.

CSU U.S. History, Constitution, and American Ideals certification is described in more detail on page 123.
Transfer General Education Options

University of California and California State University

Intersegmental General Education Transfer Curriculum (IGETC) (Option 3)

About The IGETC Pattern
The Intersegmental General Education Transfer Curriculum (IGETC) is a general education pattern that will fulfill all lower-division general education requirements at all California State University (CSU) campuses and most University of California (UC) campuses/majors. It is also accepted by some private/independent or out of state universities. IGETC is usually recommended for students who intend to transfer to a UC campus, or who are not yet sure of their intended transfer university. Completion of the IGETC pattern is not an admission requirement for transfer to most UC or CSU campuses, nor is it the only way to fulfill the lower division GE requirements of a UC or CSU campus prior to transfer.

IGETC for STEM
Students pursuing an Associate Degree for Transfer in Biology are eligible to take IGETC for STEM, deferring two lower-division GE courses until after transfer. IGETC for STEM is applicable only to Biology majors in which the Transfer Model Curriculum explicitly indicates the availability of the option.

Students using IGETC for STEM may delay until after transfer:

a. One general education course in Area 3 (Arts and Humanities); and

b. One general education course in Area 4 (Social and Behavioral Sciences).

It is strongly recommended that students consult with a counselor to determine which general education pattern is most appropriate for their individual educational goals.

Additional IGETC Information and Restrictions

- Courses may be approved for more than one IGETC area. However, each course may be used to certify only one of the areas it is approved for.
- Students should apply for IGETC certification at the last community college attended prior to transfer. IGETC certification requests will be processed for students who have completed at least one course at a SDCCD college. Certification forms are available at the Counseling or Evaluations Office.
- AP credit and coursework completed at accredited U.S. colleges and universities may be used to fulfill some IGETC requirements. All such credit must be evaluated through the Evaluations office. Foreign coursework is not acceptable.
- All courses must be passed with a “C” or higher. Pass (P) grades are also acceptable. “C-“ is not acceptable.
- Students transferring to UC need not complete the Oral Communication requirement (Area 1C).
- Students transferring to CSU need not complete the Languages Other than English requirement.
- Some UC campuses do not allow use of IGETC for students who were previously enrolled at a UC campus.
- Some community college courses have limitations on the amount of credit awarded by the receiving university. See a counselor, the course description in the college catalog, or www.assist.org for more information.

IGETC is not recommended for the following transfer destinations:

- UC San Diego Eleanor Roosevelt College
- UC Berkeley Colleges of Business, Chemistry, Engineering, Natural Resources, Optometry
- UC Davis College of Engineering
- UC Irvine Schools of Engineering, Biological Sciences, Physical Sciences
- UC Riverside Colleges of Engineering, Natural and Agricultural Sciences
- UC Santa Barbara Colleges of Engineering, Creative Studies
- UC Los Angeles Schools of Engineering and Applied Science
### The IGETC Pattern

Colleges in parenthesis indicate where the course is approved for IGETC Requirements.
- C—City College
- M—Mesa College
- MMR—Miramar College

* Courses with asterisks are listed in more than one area but shall not be certified in more than one area.

+ Courses with pluses indicate transfer credit may be limited by either UC or CSU, or both. Please consult a counselor for additional information.

@ Courses with @ symbols indicate CSU-only requirements.

### Area 1—English Communication

2–3 courses, 6–9 semester/8–12 quarter units

#### Group A: English Composition

1 course, 3 semester/4–5 quarter units

<table>
<thead>
<tr>

### Area 5—Physical and Biological Sciences

At least 2 courses required, 7–9 semester/9–12 quarter units.

One Physical Science course and one Biological Science course; at least one must include a laboratory.

- One course in 5A (underlined courses include a lab component)
- One course in 5B (underlined courses include a lab component)
- One of the courses selected to fulfill the requirement for 5A or 5B must include a laboratory component or a separate course must be taken from 5C. If a separate laboratory course is taken from 5C, it must match one of the two lecture courses taken from 5A or 5B.

Area 6—Languages other than English

UC Requirement Only. In order to complete IGETC for the University of California system, students are required to demonstrate competence/proficiency in a language other than English equal to two years of high school study. Competence may be demonstrated through the following mechanisms:

1. Completion of two years of the same foreign language of high school level work with grades of “C” or better.

2. Completion of a course or courses at a college or university, with a grade of “C” or better in each course. Usually, one semester of college work in a language other than English is equivalent to two years of high school work.

Any one of the following course or courses completed with a grade of “C” or better, will fulfill the requirement.

</table>

Achieve a satisfactory score on the SAT Subject Test in languages other than English, as listed below. If the test was taken before May 1995, the first score is the minimum; if the test was taken after May 1995, the second score is the minimum:

- Chinese With Listening: not offered before 1995/520
- French/French With Listening: 500/540
- German/German With Listening: 500/510
- Hebrew (Modern): 500/470
- Italian: 500/520
- Japanese With Listening: 500/510
- Korean/Korean With Listening: not offered before 1995/500
- Latin: 500/530
- Spanish/Spanish With Listening: 500/520

3. Achieve a score of 3, 4 or 5 on a College Board Advanced Placement (AP) Examination in a language other than English.

4. Achieve a score of 5 or higher on an International Baccalaureate (IB) Higher Level Examination in a language other than English.
5. Satisfactorily complete a proficiency test administered by a community college, university or other college in a language other than English. The test must assess the student proficiency at a level equivalent to at least two years of high school language. The San Diego Community College District does not administer this test.

6. Complete, with grades of “C” or better, two years of formal schooling at the sixth-grade level or higher in an institution where the language of instruction is not English. If secondary school was completed in a non-English-speaking country and the language of instruction of the secondary school was not English, language other than English proficiency can be certified for IGETC without further evaluation. The student must present appropriate documentation of attendance at the secondary school.

7. Earn a passing grade on the international A level or O level exam in a language other than English.

8. If an appropriate achievement test is not available to assert proficiency, have competency verified by a faculty member associated with a California community college. Such verification requires that the college provide a document on letterhead asserting that the student’s proficiency in the language is equivalent to two years of high school study. See a counselor for more information. Only students who have no other means to verify foreign language proficiency may pursue this option. Students must petition for faculty member verification through the Evaluations Office.

Completion of courses above proficiency level, with grades of “C” or better, may also be used to meet the requirement. Special Topics and Civilization courses DO NOT meet this requirement. See a Counselor.

California State University General Education Breadth (CSUGE-B)

About the CSUGE-Breadth Pattern

The California State University General Education - Breadth (CSUGE-B) pattern is one option that allows California community college transfer students to fulfill the lower-division general education requirements of any California State University (CSU) campus. The curriculum consists of a 39-unit pattern with five areas of concentration.

It is strongly recommended that students consult with a counselor to determine which general education pattern is most appropriate for their individual educational goals.

Certification of CSUGE-Breadth Requirements

Official notification from a California community college that a transfer student has completed courses fulfilling lower-division general education requirements occurs through a process of “certification”. Certification is a legal agreement between the CSU and California Community Colleges.

It is the policy of the San Diego Community College District to provide certification of general education breadth requirements when such service is requested by the student. Certification of general education courses is generally requested when the CSUGE-Breadth pattern has been completed.

Additional CSUGE-Breadth Information and Restrictions

- Completion of the CSUGE-Breadth pattern is not an admission requirement nor does completion guarantee admission to any CSU campus or program.
- Certification is based on approved courses listed in the CSUGE-Breadth pattern that are completed in the San Diego Community College District or from other regionally accredited institutions.
- Students pursuing an Associate Degree for Transfer in Biology are eligible to take CSUGE-Breadth for STEM, deferring two lower-division GE courses until after transfer. CSUGE-Breadth
for STEM is applicable only to Biology majors in which the Transfer Model Curriculum explicitly indicates the availability of the option. Students using CSUGE-Breadth for STEM must complete:

a. All courses in Areas A, B, and E of the traditional GE Breadth curriculum; and

b. One course in Area C1 Arts and one course in Area C2 Humanities; and

c. Two courses in Area D from two different disciplines.

- Courses completed at a foreign college or university cannot be used to satisfy requirements for certification.
- Catalog rights do not apply to the CSUGE-Breadth pattern.
- Prior to certification, students must complete a minimum of 3 units of general education within the CSUGE-Breadth pattern or 12 units in residence at the San Diego Community College District.
- Official transcripts from all colleges and universities attended must be on file before submitting an application for certification. The application is available in the Evaluations Office and/or Counseling Office.
- The CSUGE-Breadth pattern is accepted by some California private and independent colleges and universities in satisfying lower division general education requirements.

For additional information, consult a counselor.

### The CSUGE-Breadth Pattern (Option 2)

The following information is based on the 2016–2017 agreement and is distributed as follows:

() Colleges in parenthesis indicate where the course is approved for CSUGE-B Requirements.

C—City College
M—Mesa College
MMR—Miramar College

* Courses with asterisks are listed in more than one area but shall not be certified in more than one area.

# Courses with the number sign are listed more than once in the same area, but will only be used for certification once.

Please note: Courses required in Oral Communication (Area A1), Written Communication (Area A2), Critical Thinking (Area A3), and Mathematics and Quantitative Reasoning (Area B4) must be completed with grades of “C” or better for admission to most CSU campuses and CSUGE-Breadth Certification. For additional information, consult a counselor.

### Area A. English Language Communication and Critical Thinking:

No fewer than nine semester units (12–15 quarter units) including one course in A1, one course in A2, and one course in A3.

**Area B: Scientific Inquiry and Quantitative Reasoning:**

No fewer than nine semester units (12–15 quarter units)

Including:

- One course in B1 (underlined courses include a lab component)
- One course in B2 (underlined courses include a lab component)
- One of the courses selected to fulfill the requirement for B1 or B2 must include a laboratory component or a separate course must be taken from B3. If a separate laboratory course is taken from B3, it must match one of the two lecture courses taken from B1 or B2.
- One course in B4

NOTES:

- Completion of the Advanced Placement examination in U.S. History with a score of 3 or higher will satisfy the requirement for the CSU American Institutions Area US-1 only.
- Completion of the Advanced Placement examination in U.S. Government & Politics with a score of 3 or higher will satisfy the requirement for Area US-2.
- Students who have completed the American Institutions requirement except for the California government portion must complete one course approved in Area US-3.
Area E. Lifelong Learning and Self-Development:
Three semester units (4–5 quarter units), not all in physical activity.

- PSYC 211 Learning (C,M,MMR)
- PSYC 230 Psychology of Lifespan Development (C,M,MMR)
- PSYC 245 Abnormal Psychology (C,M,MMR)
- RTVF 101 Media Law and Ethics (C)
- RTVF 162 Women in Film (C)
- SOCO 101 Principles of Sociology (C,M,MMR)
- SOCO 110 Contemporary Social Problems (C,M,MMR)
- SOCO 125 Sociology of the Family (C,M)
- SOCO 150 Sociology of Latinos/Latinas (C,M)
- SOCO 201 Advanced Principles of Sociology (C,M,MMR)
- SOCO 220 Introduction to Research Methods in Sociology (C,M,MMR)
- SOCO 223 Globalization and Social Change (C,M,MMR)
- SUST 101 Introduction to Sustainability (C,MMR)
- EXSC 125A Aerobic Dance I (C,M,MMR)
- EXSC 125B Aerobic Dance II (C,M,MMR)
- EXSC 125C Aerobic Dance III (C,M,MMR)
- EXSC 125D Aerobic Dance IV (C,M,MMR)
- EXSC 126A Cardio Conditioning I (C,M,MMR)
- EXSC 126B Cardio Conditioning II (C,M,MMR)
- EXSC 126C Cardio Conditioning III (C,M,MMR)
- EXSC 126D Cardio Conditioning IV (C,M,MMR)
- EXSC 134 Adapted Weight Training (C,M,MMR)
- EXSC 135A Individual Conditioning I - Fundamentals (C,M,MMR)
- EXSC 135B Individual Conditioning II - Beginning (C,M,MMR)
- EXSC 135C Individual Conditioning III - Intermediate (C,M,MMR)
- EXSC 135D Individual Conditioning IV - Advanced (C,M,MMR)
- EXSC 145A Yoga I - Fundamentals of Yoga (C,M,MMR)
- EXSC 145B Yoga II - Beginning Yoga (C,M,MMR)
- EXSC 145C Yoga III - Intermediate (C,M,MMR)
- EXSC 145D Yoga IV - Advanced Level (C,M,MMR)
- PSYC 111 Psychological/Social Aspects of Aging, Death and Dying (C,M)
- PSYC 112 Interpersonal Relations (M)
- PSYC 135 Marriage and Family Relations (C,M,MMR)
- PSYC 137 Human Sexual Behavior (C,M,MMR)
- PSYC 230 Psychology of Lifespan Development (C,M,MMR)

Note: Students who have completed at least 6 months of continuous active US military service have satisfied Area E. DD214 or military transcript must be on file.

CSU U.S. History, Constitution, and American Ideals Certification Courses

The California State University, before awarding a degree, requires students to complete courses or examinations that address:

1. The historical development of American institutions and ideals (Area US-1), and

2. The Constitution of the United States and the operation of representative democratic government under that Constitution (Area US-2), and
3. The process of California state and local government (Area US-3).

This requirement may be fulfilled at a California Community College prior to transfer by completing a combination of courses that satisfies all three areas of the requirement. The requirement may also be completed at a CSU campus after transfer. Courses approved in two US areas may be used to satisfy both areas.

Although this requirement is not part of the General Education requirements for CSU, all students must complete course work in U.S. History, Constitution and Government before graduation from a CSU campus. The courses may also be used to partially fulfill Area D of the CSU General Education Breadth Requirements.

A check mark \[ √ \] indicates course has been approved to meet the area

Note: Not required for Certification.

Other Transfer General Education Options

Some transfer students are best served by following a general education pattern other than the IGETC or CSUGE-Breadth patterns. These typically include students who fall into one of the following three categories:

1) Students entering high unit majors such as an engineering or science discipline.

Major preparation for the engineering and science fields typically consists of a high number of units. Most universities prefer (and some require) that these preparation for major courses be completed prior to transfer. Therefore, it may be more beneficial for students entering these majors to complete relatively fewer GE courses and more major preparation courses at the community college, while still meeting the minimum admission requirements of the university. Students should review the catalog or other published advising materials of the university and major to which they intend to transfer and then consult a Miramar counselor for assistance in selecting appropriate courses.

2) Students transferring to a private/independent or out-of-state university.

Some private/independent and out-of-state universities accept IGETC or CSUGE-Breadth, but most do not. Instead, each university has its own unique GE pattern.

Miramar College has established articulation agreements with many of these institutions. These agreements specify the courses students can complete at Miramar to fulfill the university’s GE requirements. They are available at www.sdmiramar.edu/transfer/articulation. For more information on transferring to a private/independent or out-of-state university, visit the Transfer Center or see a counselor.

3) Students who wish to complete the general education requirements of one specific university.

Some students decide to complete the GE requirements for one specific university, rather than the more universally applicable IGETC or CSUGE-Breadth patterns, for several reasons:

- Some universities and/or majors do not accept IGETC and instead suggest following the university’s own GE pattern.
- Some students know that they will attend only one university (such as those with a guarantee of transfer admission) and so plan to complete the specific GE pattern for that institution only.
- Some university-specific GE patterns require fewer total units than IGETC or CSUGE-Breadth.

Each university’s unique GE pattern can be found in the university catalog. In addition, some UC and CSU campuses have posted their unique general education patterns to the ASSIST website at www.assist.org.

Transfer Admission Guarantee (TAG)

Miramar College offers a number of Guarantee Admission Programs. Come to the Transfer Center (K1-306) or visit the website (www.sdmiramar.edu/transfer) for program requirements. Plan early as some agreements must be submitted at least a year in advance of the transfer semester/quarter.

The most popular Guarantee Admission programs are:

- San Diego State University Transfer Admission Guarantee (TAG)
- University of California, San Diego University Link Program (ULINK)
- AA-T, AS-T for CSU system (see counselor for details)
Other transfer programs include:
- UC Davis Transfer Admission Guarantee (TAG)
- UC Irvine Transfer Admission Guarantee (TAG)
- UC Merced Transfer Admission Guarantee (TAG)
- UC Riverside Transfer Admission Guarantee (TAG)
- UC Santa Barbara Transfer Admission Guarantee (TAG)
- UC Santa Cruz Transfer Admission Guarantee (TAG)

**Step 5: Applying to a University**

**About applying for admission**

Universities require you to apply and be admitted before you start attending school there. All students who apply must meet the minimum requirements (usually certain coursework requirements and a minimum transferable GPA). Some schools accept all transfer students who meet the minimum requirements, while others go through a selection process to determine which students will be offered admission.

**Application dates and deadlines**

Different systems have different dates and deadlines to apply. If you plan to attend a private/independent or out-of-state university, you should check with that school to find their application deadline and procedures. The following dates and deadlines apply to California public universities only:

### California State University

<table>
<thead>
<tr>
<th>Term of Transfer</th>
<th>Initial Filing Period</th>
</tr>
</thead>
<tbody>
<tr>
<td>Summer</td>
<td>February 1–28/29 of current year</td>
</tr>
<tr>
<td>Fall</td>
<td>October 1 – November 30 of preceding year</td>
</tr>
<tr>
<td>Winter</td>
<td>June 1–30 of preceding year</td>
</tr>
<tr>
<td>Spring</td>
<td>August 1–31 of preceding year</td>
</tr>
</tbody>
</table>

**University of California**

<table>
<thead>
<tr>
<th>Term of Transfer</th>
<th>Initial Filing Period</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fall Semester or Quarter</td>
<td>November 1–30 of preceding year</td>
</tr>
<tr>
<td>Winter Quarter</td>
<td>July 1–31 of preceding year</td>
</tr>
<tr>
<td>Spring Quarter</td>
<td>October 1–31 of preceding year</td>
</tr>
</tbody>
</table>

All campuses are open for any given Fall term. For Winter/Spring terms, students should verify that the specific campus accepts transfers for that specific term. Check [www.csumentor.edu](http://www.csumentor.edu) for CSU campuses and [www.universityofcalifornia.edu](http://www.universityofcalifornia.edu) for UC campuses.

Each campus accepts applications until the end of the filing period or until capacities are reached. If applying after the initial filing period check the campus websites to verify if the campus is still open.

**How to apply**

The UC and CSU systems strongly encourage all students to apply using the online application process. Not only does it make it easier to read and evaluate your application, but the websites also “check your work” to make sure you are not missing any required information before you submit your final application.

**The UC application is available at:**
[www.universityofcalifornia.edu/apply](http://www.universityofcalifornia.edu/apply)

**The CSU application is available at:**
[www.csumentor.edu/admissionapp/undergrad_apply.asp](http://www.csumentor.edu/admissionapp/undergrad_apply.asp)

**Step 6: Final Steps to Transfer**

Many universities require you to submit documents, take assessment exams, attend orientations, or meet other requirements before you enroll. It’s also a good idea to apply for your degree and General Education certification from Miramar College prior to transfer. You should do as much as you can now to make the transition to your university as smooth as possible.

**Petition to Graduate from Miramar**

Graduation from Miramar College is not automatic. You must petition at the Evaluations Office in K1-207 to receive your degree or certificate.
We recommend you petition to graduate even if you are only completing transfer coursework. Most transfer students are eligible to receive a General Education Certificate (see page 210) and/or an Associate degree in a transfer-related subject area (see page 86). You should petition to graduate during your second to last semester at Miramar.

**File for General Education (GE) Certification**

GE Certification is a legal agreement between Miramar College and a California public university (UC or CSU campus) that all of your lower division GE requirements have been completed. Certification can be awarded for completion or part of completion of the IGETC or CSUGE-Breadth patterns (for more information, see page 105). Some California private/independent institutions also accept IGETC or CSUGE-Breadth certification. IGETC or CSUGE-Breadth certification also fulfills the requirements for a General Education Certificate (see page 210). You should file for GE certification when you are enrolled in your final GE courses and know which university you will be attending. Apply at the Evaluations Office in K1-207.

**Attend Graduation**

You don't have to attend Miramar College graduation to transfer or to receive a degree, but it's a great way to celebrate and be publicly recognized for your achievement. You earned it! Information about the graduation ceremony is available on the Miramar College website at www.sdmiramar.edu/depts/stusvcs.

**Find Out How to Get There**

Are you using public transportation to commute to your new university? It’s a good idea to figure out your best route to the university now, before you start attending. Visit the campus.

**Submit Intent to Register and Transcripts**

After offering you admission, most universities require you to send a statement of intent to register (SIR), official transcripts, a deposit, and sometimes additional materials. Review your university admission paperwork for details. Information on ordering transcripts from the San Diego Community College District is available on Reg-e. Click on the transcript tab.

**Attend New Student Orientation**

Most universities offer a new student orientation day, where you learn about university services and requirements, get academic advising, register for classes, tour the campus, etc. Review your university admission paperwork for details.

**Complete Assessment Tests**

Some universities require transfer students to complete assessment tests either prior to enrollment or during their first year of attendance. Review your university admission paperwork for details.

**Find Housing**

Are you going to live on campus? If so, you will need to apply for campus housing. See your university admission paperwork or the university website for more information. If you are living off campus you may need to start searching for housing in the local community. Most universities have housing assistance offices to help you.

**Send Your Final Transcripts**

You are usually required to send your university a final official transcript after the end of your last regular semester prior to transfer. Information on ordering transcripts from the San Diego Community College District is available on Reg-e. Click on the transcript tab.

**Meet Immunization Requirements**

Most universities require you to provide documentation of immunizations against certain communicable diseases, like measles or rubella. Review your university admission paperwork for more information. Course Identification Numbering System (C-ID)

**Course Identification Numbering System (C-ID)**

The Course Identification Numbering System (C-ID) is a statewide numbering system independent from the course numbers assigned by local California community colleges. The purpose of a C-ID designation is to identify comparable courses within the California community college system and participating four-year institutions. When a C-ID number is listed in the catalog in association with a course, students can be assured that it will be accepted in lieu of a course bearing the same C-ID designation at another California community college. Many universities, including the University of California (UC) do not participate in the C-ID system. Therefore, students should always reference www.assist.org to confirm how each community college’s course will be accepted at a specific four-year college or university for transfer credit.

Program Description
The documentation of business activities is accomplished through accounting. Without accurate and timely accounting information businesses do not know their financial position, who owes them money, whom they owe money to, or what assets they have available for business processes, etc.

This program addresses the minimum skill levels to enter the technical and exacting world of accountancy. With the basic knowledge of financial and managerial accounting, computerized accounting applications, accounting terminology, and the process and flow of accounting, an individual is ready for entry level positions in service, retail, and manufacturing businesses.

Program Learning Outcomes
Students who complete the Accountancy program will be able to:

- Demonstrate an understanding of basic accounting terminology and the process by which transactions are analyzed, evaluated, and communicated into the financial statements.
- Demonstrate the ability to compute, record, and verify quantitative and qualitative information in order to maintain financial records.
- Create accurate, reliable, and relevant accounting documents and reports for decision makers using the information.
- Demonstrate effective use of accounting software applications considered applicable to the current accounting environment.
- Understand and practice high ethical standards with internal and external stakeholders.

Career Options
Career options include entry into the accounting profession in the fields of:
- Small business bookkeeping
- Accounts receivable
- Accounts payable
- Inventory control
- Cost accounting
- Payroll

Associate in Science for Transfer Degree: Administration of Justice  

18

Program Description

The Administration of Justice program provides professional education and training for students in Law Enforcement, Investigations, Contemporary Police Technologies, and Correctional Technologies. Specialized seminars and intensified course offerings are designed to meet all current training mandated and prescribed by law. The program offers weekend, morning, afternoon, night classes and online classes to accommodate student needs. Students who meet the academic requirements may obtain an Associate of Science degree or select from a variety of Certificates of Performance and Certificates of Achievement. The program is also designed to enhance general knowledge of the Administration of Justice System for the community at large.
Program Learning Outcomes
Students who complete the Administration of Justice program will be able to:

- Understand the three parts of the criminal justice system and how they interrelate.
- Demonstrate knowledge of the California Penal Code, the California Commission on Peace Officer Standards and Training regulations and appropriate department policies and procedures.
- Relate knowledge from several employment areas such as pre-employment testing, physical requirements, psychological evaluations and social factors.
- Use information of crime scene management and investigation, forensics analysis and information technology to conduct rudimentary criminal investigations.
- Analyze and evaluate the role of criminal sanctions in recidivism rates and the rehabilitation process of offenders.

Career Options
The following list is a small sample of the variety of city, county, state and federal career options available for the Administration of Justice major:

- Arson investigator
- Border Patrol officer
- Communications officer
- Community service officer
- Correctional officer
- Court Clerk
- Crime prevention specialist
- Customs agent
- Deputy Sheriff
- Evidence technician
- Marshal
- Parking enforcement
- Parole officer
- Police officer
- Postal inspector
- Private and industrial security officer
- Probation officer

Transfer Information
Common university majors related to the field of Administration of Justice include:

- Criminal Justice
- Law
- Public Administration

Students who plan to transfer to a four-year college or university in this discipline should consult with a counselor or visit the Transfer Center to determine the appropriate major preparation courses for their specific transfer institution and major. More information on transfer programs and procedures is available in the Transfer Guide section of the catalog.

Faculty

For graduation requirements see Associate Degree Requirements on page 86.

Electives as needed to meet minimum of 60 units required for the degree.
Associate in Science in Administration of Justice for Transfer Degree:

The Associate in Science in Administration of Justice for Transfer Degree is intended for students who plan to complete a bachelor’s degree in Criminal Justice or a related major in the California State University (CSU) system. Students who complete this degree and transfer to a participating CSU campus will be required to complete no more than 60 units after transfer to earn a bachelor’s degree. It may not be appropriate preparation for students transferring to a CSU campus that does not accept the degree. Students who plan to complete this degree should consult a counselor for additional information about participating CSU campuses as well as university admission, degree, and transfer requirements.

Total Units = 18

*Course also fulfills general education requirements for the CSU GE or IGETC pattern.

General Education: In addition to the courses listed above, students must complete one of the following general education options:

- The CSU GE pattern (page 116) is accepted by all CSU campuses and some private/independent or out of state universities. It is not accepted by the UC system.

It is strongly recommended that students consult with a counselor to determine which general education option is most appropriate for their individual educational goals.

Note: It is recommended that students select courses that meet lower division major preparation requirements for their transfer university.

Electives as needed to meet maximum of 60 CSU-transferable units required for the degree.

<td>Associate in Arts for Transfer Degree: Anthropology</td>
<td>19–21</td>
</tr>
</tbody>
</table>

Program Description

Anthropology is a scientific discipline that studies humans and human behavior. The subject is divided into five broad fields: physical, cultural, linguistic, applied anthropology, and archaeology. Physical anthropology is concerned with hominin evolution and the biological features of human populations. Cultural anthropology deals with cross-cultural studies of learned behavior, such as language, kinship, religion, food procurement, economics, and technology. Linguistic anthropology is the study of the origin and evolution of languages and how they are connected to people’s behavior. Applied anthropology applies anthropological theories, concepts, and skills to promote change. Archaeology is involved in the recovery of material remains of past peoples with the objective of reconstructing the past. As both a biological and social science, anthropology seeks to understand and describe humankind.

Program Learning Outcomes

Students who complete the Anthropology program will be able to:

- Think critically in reading, writing, and/or speaking about topics in Anthropology, thereby identifying problems, theses, arguments, evidence and conclusions.
• Write or speak about topics in Anthropology, thereby addressing problems, formulating theses, making arguments, analyzing and weighing evidence, and deriving conclusions.
• Demonstrate an ability to understand one’s role in society, take responsibility for one’s own actions, and make ethical decisions in complex situations.
• Articulate the varieties of biological and cultural adaptations, and demonstrate an understanding of cultural pluralism.

Transfer Information
Common university majors related to the field of Anthropology include:
• Anthropology
• Archaeology
• Biological Anthropology
• Global Studies
• Conflict Resolution Studies
• Peace Studies
• Ethnic Studies
• Women’s Studies
• Public Health
• Museum Studies

Students who plan to transfer to a four-year college or university in this discipline should consult with a counselor or visit the Transfer Center to determine the appropriate major preparation courses for their specific transfer institution and major. More information on transfer programs and procedures is available in the Transfer Guide section of the catalog.

Associate in Arts in Anthropology for Transfer Degree:
This degree is accepted by some but not all CSU campuses.

The Associate in Arts in Anthropology for Transfer Degree is intended for students who plan to complete a bachelor’s degree in Anthropology or a related major in the California State University (CSU) system. Students who complete this degree and transfer to a participating CSU campus will be required to complete no more than 60 units after transfer to earn a bachelor’s degree. It may not be appropriate preparation for students transferring to a CSU campus that does not accept the degree. Students who plan to complete this degree should consult a counselor for additional information about participating CSU campuses as well as university admission, degree, and transfer requirements.

Courses Required for the Major: Units
ANTH 102 Introduction to Physical Anthropology 3
ANTH 103 Introduction to Cultural Anthropology 3
ANTH 107 Introduction to Archaeology 3
MATH 119 Elementary Statistics or
PSYC 258 Behavioral Science Statistics 3

Select one to two courses (4–5 units) from the following:
ANTH 104 Laboratory in Physical Anthropology 1
BIOL 230 Human Anatomy 4
GEOL 100 Physical Geology 3
GEOL 101 Physical Geology Laboratory 1

Select one or more courses (3 units minimum) from the following:
ANTH 104 Laboratory in Physical Anthropology 1
BIOL 230 Human Anatomy 4
BLAS 140A History of the U.S., Black Perspectives 3
BLAS 140B History of the U.S., Black Perspectives 3
COMS 180 Intercultural Communication 3
FILI 100 Filipino American Experience 3
GEOG 102 Cultural Geography 3
GEOG 104 World Regional Geography 3
GEOL 100 Physical Geology 3
GEOL 101 Physical Geology Laboratory 1
HIST 120 Introduction to Asian Civilizations 3
HIST 121 Asian Civilizations in Modern Times 3
HUMA 106 World Religions 3
MUSI 109 World Music 3
SOCO 223 Globalization and Social Change 3

Total Units = 19–21

Note: It is recommended to select courses that meet lower division major preparation requirements for your transfer university.

General Education: In addition to the courses listed above, students must complete one of the following general education options:
• The IGETC pattern (page 106) is accepted by all CSU campuses and most UC campuses and majors. It is also accepted by some private/independent or out of state universities.
The CSU GE pattern (page 116) is accepted by all CSU campuses and some private/independent or out of state universities. It is not accepted by the UC system.

It is strongly recommended that students consult with a counselor to determine which general education option is most appropriate for their individual educational goals.

Electives as needed to meet maximum of 60 CSU-transferable units required for the degree.

### Art History

<th>Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>Associate in Arts for Transfer Degree:</td>
<td>18</td>
</tr>
<tr>
<td>Art History</td>
<td></td>
</tr>
</tbody>
</table>

### Program Description

Art History focuses on the development of the visual arts in the context of global history. The course options provide students with a strong foundation in the art of Western society as well as expose students to the art of Non-western cultures. The program aids students in developing critical thinking, writing and analysis skills in preparation for careers in a variety of art and non-art related fields. Students will develop an understanding of the artistic techniques and cultural factors that have shaped the various types of visual media throughout global history.

### Program Learning Outcomes

Students who complete the Art History Program will be able to:

- Identify the theoretical, cultural, and historical context of art
- Discuss the significance of visual expression and use of materials in art throughout history
- Critically analyze, interpret, and evaluate works of art
- Explain the social, religious, and political highlights of Western and Non-Western cultures and their effects on art forms from prehistoric to modern times
- Apply skills-based practice, art theory, and research methodologies to understand the creative process of art-making and compose visually effective images

### Transfer Information

Common university majors in the field of Art History include:

- Art
- Art History
- Art History/Administrative Studies
- Art History/Religious Studies
- History of Art and Architecture
- Museum Studies
- History of Art and Architecture
- History of Art and Visual Culture
- Visual and Public Art
- Visual Arts

Students planning to transfer to a four-year college or university should complete courses required for the university major and the general education pattern required by that transfer institution. See catalog TRANSFER INFORMATION section. Additional courses may be required to meet university lower-division requirements.

</thead>
<tbody>
<tr>
<td>Studio Arts</td>
<td>24</td>
</tr>
</tbody>
</table>

### Program Description

Art is the study of the arrangement of forms that affect the senses, communicate political, social, cultural, religious, or emotional ideas that manifest in scenes and through objects produced throughout the world. This field includes the study and design of both two-dimensional and three-dimensional art. The art program is designed to maximize transferable course units and to provide basic skills required for employment in art-related fields.

### Program Learning Outcomes

Students who complete the Art/Visual Studies program will be able to:

- Critically analyze, interpret, and evaluate works of art.
- Develop a foundation of art skills and a high level of craftspersonship by utilizing a variety of tools and technologies associated with the visual arts.
- Use a diverse range of global events to express personal ideas and opinions through artwork.
- Identify the theoretical, cultural and historical contexts of art.
- Demonstrate appropriate skills needed to articulate their conscious artistic intentions, and express coherent aesthetics.

### Transfer Information

Common university majors in this field include:

- Apparel Design and Merchandising
• Art
• Art Education
• Art History
• Creative Arts / Studies
• Design
• Graphic Communications
• Graphic Design
• Industrial Arts
• Interior Design
• Multimedia
• Photography
• Studio Art
• Textiles

Students who plan to transfer to a four-year college or university in this discipline should consult with a counselor or visit the Transfer Center to determine the appropriate major preparation courses for their specific transfer institution and major. More information on transfer programs and procedures is available in the Transfer Guide section of the catalog.

</tr>
</tbody>
</table>

**Total Units = 24**

**General Education:** In addition to the courses listed above, students must complete one of the following general education options:

- The IGETC pattern (page 108) is accepted by all CSU campuses and most UC campuses and majors. It is also accepted by some private/independent or out of state universities.
- The CSU GE pattern (page 116) is accepted by all CSU campuses and some private/independent or out of state universities. It is not accepted by the UC system.
It is strongly recommended that students consult with a counselor to determine which general education option is most appropriate for their individual educational goals.

**Note:** It is recommended that students select courses that meet lower division major preparation requirements for their transfer university.

**Electives as needed to meet maximum of 60 CSU-transferable units required for the degree.**

**Associate of Arts Degree: Art/Visual Studies**

The Associate of Arts degree with an area of emphasis in Art/Visual Studies is intended for students who plan to complete a bachelor’s degree at a transfer institution in an art-related major.

This degree is designed to accommodate the differing requirements of a wide variety of transfer institutions and major options. Because admission and major preparation requirements vary at each transfer institution, courses used to complete this degree should be selected with the assistance of a Miramar College counselor.

<table>
<thead>
<tr>
<th>Courses Required for the Major</th>
<th>Units</th>

| ARTF 195A Ceramics I | 3 |
| ARTF 198A Introduction to Printmaking I | 3 |
| ARTF 201A Life Drawing I | 3 |
| ARTF 201B Life Drawing II | 3 |
| CHIL 101 Human Growth and Development | 3 |
| CHIL 103 Lifespan Growth and Development | 3 |
| ENGL 209 Literary Approaches to Film | 3 |

**Total Units = 18**

**General Education:** In addition to the courses listed above, students must complete one of the general education options listed on page 87:

- The IGETC pattern (page 108) is accepted by all CSU campuses and most UC campuses and majors. It is also accepted by some private/independent or out of state universities.
- The CSU GE pattern (page 116) is accepted by all CSU campuses and some private/independent or out of state universities. It is not accepted by the UC system.
- The San Diego Community College District General Education pattern (page 92) may be appropriate for students transferring to a private/independent or out of state university or to a high-unit major. Students selecting this option should meet with a counselor to determine the appropriate General Education courses for their individual transfer goals.

It is strongly recommended that students consult with a counselor to determine which general education option is most appropriate for their individual educational goals.

**Electives as needed to meet minimum of 60 units required for the degree.**

Automotive Technology

Award Type                      Units
Certificate of Performance:
Advanced Emission Specialist    5–8
Certificate of Achievement:
Automotive Chassis               16
Automotive Electrical            16
Automotive Engine Performance    20
Automotive Transmissions         20
Associate of Science Degree:
Automotive Technology            40*

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

Program Description
The Automotive Technology program provides both classroom theory and extensive hands on (shop) entry-level employment training as well as professional upgrading to persons in the automotive industry. The program provides training for each of the areas tested for National Institute for Automotive Service Excellence (ASE) certification, and Bureau of Automotive Repair training for state licenses as well. Certificates of Achievement are offered in Automotive Chassis, Automotive Electrical, Automotive Engine Performance, and Automotive Transmissions. A Certificate of Performance is offered for Advanced Emissions Specialist.

The program emphasis is on various automotive manufacturer products. Specific NATEF Certified training in American Honda Motors and Toyota Motor Sales is available in designated courses. Students have the opportunity for internship training when available. If employed, student interns may work for a repair facility while concurrently receiving formal training in Automotive Technology coursework. Upon completion, the student may have the opportunity for full-time employment at that repair facility. While progressing through the training, students are strongly encouraged to obtain at least two Automotive Service Excellence (ASE) Certifications.

Program Learning Outcomes
Students who complete the Automotive Technology program will be able to:

• Accurately diagnose and repair light duty automotive systems and components.
• Identify workplace health and safety compliance using regulations published by the Occupational Safety and Health Administration, and the Environmental Protection Agency.
• Research automotive repair data, instructions, and specifications using printed material as well as computer database systems.

Career Options:
Employment may be found as an entry-level automotive technician in an automotive manufacturer dealership such as Honda/Acura or Toyota/Lexus, an independent repair garage, or automotive repair franchises.

Some of the many career options in the field of Automotive Technology include:

• Maintenance Technician
• Repair Technician
• Master Technician
• Shop Foreman
• Dispatcher
• Service Advisor
• Service Manager
• General Manager
• Shop Owner
• Warranty Administrator
• Parts Counter Associate
• Collision Repair Mechanical Technician
• Vehicle Sales

Some management-related career paths require study beyond the Associate Degree level.

**Recommended Electives:** Automotive Technology 270.

---

**Program Description**

Miramar College maintains a Federal Aviation Administration (FAA), Federal Aviation Regulation (FAR) Part 147 approved Aviation Maintenance Technician Program. A prerequisite of Math 38 or equivalent is required for admission. The program is 1900 hours, which represents 78 units and takes five semesters to complete. Students seeking the Airframe and/or Powerplant ratings are required to complete the minimum hours of instruction to meet the experience requirement of 14 CFR 65.77, eligibility to test for the Mechanics Certificate. To test for the Mechanic’s Certificate with Airframe and/or Powerplant Ratings, arrangements are made with the local FAA Flight Standards District Office to take the appropriate written examinations followed by the appropriate oral/practical examinations. This program prepares students for entry-level positions in the field of aviation maintenance. Flexible course selection and a variety of degrees and certificates are available to enable students to prepare for a variety of occupational goals.
Credit For Aviation Maintenance Technician—Airframe or Powerplant Rating

Pending Aviation Department review and approval, students who hold a valid FAA Airframe or Powerplant Rating may apply to the Aviation Maintenance Technology Department for a maximum of 35 units. The units granted with a grade of CR will be posted to the student’s transcript upon completion of the remaining Associate of Science Degree requirements.

Credit for Military Schools and Experience

Pending Aviation Department review and approval, students who have completed military technical schools recognized by the FAA may apply to the Aviation Maintenance Technology Department for a maximum of 15 units.

Credit for Work Experience

Students who have valid work experience in the aviation industry may challenge a maximum of 15 units. (See Challenge Procedure on page 23)

Program Learning Outcomes

Upon completion of the program, students will possess the knowledge and skills necessary to research, inspect, repair, and maintain aircraft in accordance with regulations, policies, and procedures set forth by the Federal Aviation Administration and the aeronautical manufacturers and maintenance organizations of the aviation industry.

Career Options

This program is primarily intended for students interested in aviation maintenance careers. The program also provides training for aircraft owners and operators who are interested in maintaining aircraft; experimental aircraft builders seeking to develop the skills required to meet FAA recognized construction standards; and those already employed in this industry seeking to upgrade their job skills.

Recommended Electives: Aviation 105; Aviation Maintenance Technology 75, 102G, 102H, 105B, 111C, 111D, 112C, 112D.

For graduation requirements see Associate Degree Requirements on page 86.

Electives as needed to meet minimum of 60 units required for the degree.

Students who intend to transfer to a four-year institution should select courses for their General Education requirements that are on the CSU General Education Breadth List.

### Associate of Science Degree: Aviation Maintenance Technology

#### Aviation General Studies
Prepares the student for employment in the aviation industry. This program DOES NOT meet the FAA minimum requirements for the Airframe
or Powerplant rating. This is also an ideal program for students who already have their Mechanic’s Certificate but wish to obtain a degree.

**Note:** Prerequisites may be waived depending on the student’s background.

### Courses Required for the Major:

<table>
<thead>
<tr>

<td>General Aviation Maintenance Technology Practices I</td>
<td>2</td>
</tr>
<tr>
<td>AVIM 102H</td>
<td>General Aviation Maintenance Technology Practices II</td>
<td>2</td>
</tr>
</tbody>
</table>

**Select 2 or more units from the following:**

#### General Curriculum:

- AVIM 109D Aircraft Fire Protection and Digital Logic 1
- AVIM 120 Basic D.C. Electronics Theory 3
- AVIM 121A Applied Basic D.C. Electronics 1.5

#### Airframe Curriculum:

- AVIM 103A Aircraft Wood, Fabric, Finishing and Composite Structures 3
- AVIM 104A Applied Aircraft Wood, Fabric, Finishing and Composite Structures 1.5
- AVIM 103B Aircraft Welding and Sheetmetal Structures 3
- AVIM 103C Aircraft Hydraulic Systems 3
- AVIM 104B Applied Aircraft Welding and Sheetmetal Structures 1.5
- AVIM 104C Applied Aircraft Hydraulic Systems 1
- AVIM 103D Aircraft Landing Gear Systems 3
- AVIM 104D Applied Aircraft Landing Gear Systems 1
- AVIM 105A Aircraft Cabin Atmosphere Control 1.5
- AVIM 106A Aircraft Cabin Atmosphere Control 0.5
- AVIM 105B Aircraft Assembly, Rigging and Inspection 1.5
- AVIM 106B Applied Aircraft Assembly, Rigging and Inspection 1
- AVIM 109A Airframe Electrical Systems 3
- AVIM 110A Applied Airframe Electrical Systems 1

#### Powerplant Curriculum:

- AVIM 107B Turbine Engines 3
- AVIM 108B Applied Turbine Engines 1
- AVIM 109B Powerplant Ignition Systems 2
- AVIM 110B Applied Powerplant Ignition Systems 0.5
- AVIM 109C Powerplant Electrical Systems 3
- AVIM 110C Applied Powerplant Electrical Systems 0.5
- AVIM 111C Reciprocating Engines I 3
- AVIM 112C Applied Reciprocating Engines I 2
- AVIM 111D Reciprocating Engines II 3
- AVIM 112D Applied Reciprocating Engines II 1
- AVIM 241 Aircraft Propeller Systems 3
- AVIM 242 Applied Aircraft Propeller Systems 1
- AVIM 249 Induction and Fuel Metering 3
- AVIM 250 Applied Induction and Fuel Metering 1
- AVIM 253 Lubrication, Cooling, and Exhaust 3
- AVIM 254 Applied Lubrication, Cooling, and Exhaust 1

**Total Units = 18**

For graduation requirements, see **Requirements for the Associate Degree** on page 86.

Electives as needed to meet minimum of 60 units required for the degree.

---

### Aviation Operations

**Award Type** | **Units**
---|---
Certificate of Performance: | |
Commercial Pilot | 6
Flight Instructor | 7
Helicopter Operations | 9
Instrument Pilot | 8–11
Private Pilot | 6
Team Resource Management | 9

**Certificate of Achievement:**

Aviation Operations Management 18
Professional Piloting 18–21

**Associate of Science Degree:**

Aviation Business Administration 27–30*
Professional Aeronautics 27–33*

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

---

### Program Description

The Aviation Operations Program integrates simulator flight training with rigorous academic study, providing a strong foundation for leadership positions within the aviation industry. The program emphasizes a combination of the technical fundamentals of flight, airport operations, human factors, group dynamics, and safety in order to enhance students’ development of situational awareness, critical thinking, and problem solving skills. Miramar College’s Aviation Operations
Program meets all requirements of the Federal Aviation Administration’s (FAA) Part 141 Pilot Ground School. Upon completion of the program, students are able to complete the FAA Airmen Knowledge Tests for multiple pilot certificates. Flexible course selection and multiple degree and certificate options are available to prepare the student for a variety of career paths in the aviation industry, including commercial pilot, airport management, unmanned systems, human factors, and many more.

Credit for FAA Pilot Certificates
Pending Aviation Operations Program Director review and approval, students who already possess the associated FAA pilot certificate or rating may challenge up to two of the following courses:

- Private Pilot Ground School (AVIA 101)
- Instrument Ground School (AVIA 195)
- Commercial Pilot Ground School (AVIA 201)
- Flight Instructor Ground School (AVIA 211)

Flight Training
Pending Aviation Operations Program Director review and approval, a student awarded a Miramar College Certificate of Performance for an academic phase of ground instruction (AVIA 101, 195, 201, 211) who subsequently earns the associated FAA certificate or rating can request that 3 units of credit be awarded for that flight training. As a result, it is possible for a student to earn up to 12 units at Miramar College for flight training.

Program Learning Outcomes
Students who complete the Aviation Operations program will be able to:

- Demonstrate preparedness to complete, or continued preparation for, the respective Federal Aviation Administration written examination.
- Demonstrate the knowledge, skills, abilities, and experience for employment in an aviation-related career field.

Career Options
The following is an abbreviated list of the myriad of career training options the Aviation Operations Program prepares its graduates to embark upon:

- Airline Management
- Airport Management
- Airport Security
- Air Traffic Control
- Border Patrol
- Commercial Airline Pilot
- Corporate Pilot
- Ag Pilot, Dispatcher
- Banner Towing
- Certificated Flight Instructor
- Airline Flight Operations
- Federal Aviation Administration
- Gate Agent
- Fixed Base Operator Management
- Flying Club Management
- Flight Attendant
- Flight Operations Supervisor
- Unmanned Aircraft Operations
- Transportation Security Administration

Some aviation-related career fields require study beyond the associate degree level. Students intending to transfer to a university in an aviation-related major should consider completing an associate degree in the Professional Aeronautics program.

Select one of the following leadership/management-related courses:
AVIA 128 Group Dynamics for High Risk Teams 3
ADJU 205 Leadership Theory and Practice 3
BUSE 201 Business Organization and Management 3

Total Units = 18

Note: FAA-issued Private Pilot certificate satisfies the AVIA 101 requirement.

Students satisfying requirements via FAA certificates must complete alternate coursework approved by the department in order to satisfy the requirement for 18 units in the major.

Associate of Science Degree: Aviation Business Administration

Courses Required for the Major: Units
AVIA 101 Private Pilot Ground School 3
AVIA 105 Introduction to Aviation and Aerospace 3
AVIA 125 Aviation and Airport Management 3
AVIA 133 Human Factors in Aviation 3
BUSE 119 Business Communications 3

Note: FAA-issued Private Pilot certificate satisfies the AVIA 101 requirement.

Select one of the following leadership/management-related courses:
AVIA 128 Group Dynamics for High Risk Teams 3
ADJU 205 Leadership Theory and Practice 3
BUSE 201 Business Organization and Management 3

Select one of the following business information systems-related courses:
CBTE 180 Microsoft Office 3
CBTE 210 Computers in Business 3
CISC 181 Principles of Information Systems 4

Select one of the following business economics-related courses:
ACCT 116A Financial Accounting 4
ACCT 116B Managerial Accounting 4
ADJU 205 Leadership Theory and Practice 3
BUSE 140 Business Law and the Legal Environment 3
BUSE 201 Business Organization and Management 3
CBTE 180 Microsoft Office 3
CBTE 210 Computers in Business 3
CISC 181 Principles of Information Systems 4
ECON 120 Principles of Macroeconomics 3
ECON 121 Principles of Microeconomics 3

Total Units = 27–30

Note: Courses must be taken for a letter grade if used to satisfy degree requirements.

For graduation requirements, see Requirements for the Associate Degree on page 86.

Electives as needed to meet minimum of 60 units required for the degree.

Certificate of Achievement: Professional Piloting

The Professional Piloting Certificate of Achievement, when combined with in-aircraft flight training, is designed to prepare a student for employment as an entry-level commercial pilot.

Courses Required for the Major: Units
AVIA 101 Private Pilot Ground School 3
AVIA 101L Private Pilot Flight Lab 1
AVIA 105 Introduction to Aviation and Aerospace 3
AVIA 133 Human Factors in Aviation 3
AVIA 195 Instrument Ground School 3
AVIA 195L Basic Instrument Flight Lab 1
AVIA 196L Advanced Instrument Flight Lab 1
or
AVIA 199 Instrument Ground School 4
AVIA 201 Commercial Pilot Ground School 3

Total Units = 18–21

Note: FAA-issued Private Pilot certificate satisfies the AVIA 101 and 101L requirements. FAA-issued Instrument Pilot certificate satisfies the AVIA 195, 195L, and 196L requirements. FAA-issued Commercial Pilot certificate satisfies the AVIA 201 requirement.

Students satisfying requirements via FAA certificates must complete alternate coursework approved by the department in order to satisfy the requirement for 18 units in the major.
For graduation requirements, see Requirements for the Associate Degree on page 86.

Electives as needed to meet minimum of 60 units required for the degree.

Associate of Science Degree: Professional Aeronautics

The Professional Aeronautics degree combines the requirements for the Professional Piloting Certificate of Achievement with additional academic coursework in preparation for upper division study in aeronautics or a related field.

Students satisfying requirements via FAA certificates may need to complete alternate coursework approved by the department in order to satisfy the requirement for 18 units in the major.

For graduation requirements, see Requirements for the Associate Degree on page 86.

Electives as needed to meet minimum of 60 units required for the degree.

Biology

Award Type Units
Associate of Science Degree: Biology Studies 18*

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

Program Description

The Biology program prepares students who are transferring to four year institutions to earn baccalaureate degrees in a wide array of majors in the biological sciences. The program curriculum focuses on the fundamental biological themes and processes of cellular, molecular, and organismal biology, the chemical foundation of life, physics, math, and general education. The program also emphasizes the scientific processes and laboratory experiences to gather, organize, analyze data, and
communicate results, as well as basic mathematical and statistical computations for exploring how organisms acquire and use energy to maintain homeostasis, how they reproduce, and how they interact with each other and adapt to their environment.

**Program Learning Outcomes**

Students who complete the Biology program will be able to:

- Apply the scientific method in order to explain natural phenomena and world.
- Gather, organize, and analyze data and illustrate results in graphical and appropriate formats.
- Use acquired knowledge of biology to evaluate current events.
- Communicate core concepts and processes central to biology using scientific terminology.

**Transfer Information**

Common university majors related to the field of Biology include:

- Agricultural Science
- Biochemistry
- Bioengineering and Technology
- Bioinformatics
- Biological Sciences
- Biophysics
- Botany and plant Sciences
- Cell Biology
- Conservation
- Developmental Biology
- Ecology
- Entomology
- Exercise Science
- Genetics
- Kinesiology
- Marine Biology
- Medical Sciences
- Microbiology
- Molecular Biology
- Natural Sciences
- Neuroscience
- Nursing
- Nutrition and Food Science
- Psychobiology
- Toxicology
- Zoology and Animal Sciences

Students who plan to transfer to a four-year college or university in this discipline should consult with a counselor or visit the Transfer Center to determine the appropriate major preparation courses for their specific transfer institution and major. More information on transfer programs and procedures is available in the Transfer Guide section of the catalog.

**Faculty**

- Patricia Flower S6-112Q 619-388-7489 pflower@sdccd.edu
- Buran Haidar S6-112S 619-388-7412 bhaidar@sdccd.edu
- Andrew Lowe S6-112P 619-388-7536 alowe@sdccd.edu

**Associate of Science Degree: Biology Studies**

The Associate of Science degree with an area of emphasis in Biology Studies is intended for students who plan to complete a bachelor’s degree at a transfer institution in a biology-related major.

This degree is designed to accommodate the differing requirements of a wide variety of transfer institutions and major options. Because admission and major preparation requirements vary at each transfer institution, courses used to complete this degree should be selected with the assistance of a Miramar College counselor.

**Courses Required for the Major:**

<table>

General Education: In addition to the courses listed above, students must complete one of the general education options listed on page 87:

- The IGETC pattern (page 106) is accepted by all CSU campuses and most UC campuses and majors. It is also accepted by some private/independent or out of state universities.
- The CSU GE pattern (page 116) is accepted by all CSU campuses and some private/independent or out of state universities. It is not accepted by the UC system.
- The San Diego Community College District General Education pattern (page 92) may be appropriate for students transferring to a private/independent or out of state university or to a high-unit major. Students selecting this option should meet with a counselor to determine the appropriate General Education courses for their individual transfer goals.

It is strongly recommended that students consult with a counselor to determine which general education option is most appropriate for their individual educational goals.

Electives as needed to meet minimum of 60 units required for the degree.

**Biology/Allied Health**

**Award Type** | **Units**
--- | ---
**Associate of Science Degree:** | 21*

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

**Program Description**
The Allied Health program prepares students and satisfies prerequisites for those entering nursing programs as well as allied health professions such as physical therapist, dental hygienist, medical technician, physician's assistant, and optometrist. This program includes core courses in Microbiology, Anatomy, Physiology and Chemistry.

**Program Learning Outcomes**
Students who complete the Biology/Allied Health program will be able to:

- Apply the scientific method in order to explain natural phenomena and world.
- Analyze and present biological data in a graphical format.
- Use acquired knowledge of biology to evaluate current events.
- Communicate core concepts central to biology using scientific terminology.

**Transfer Information**
Common university majors related to the field of Allied Health include:

- Nursing
- Health Science
- Public Health

Students who plan to transfer to a four-year college or university in this discipline should consult with a counselor or visit the Transfer Center to determine the appropriate major preparation courses for their specific transfer institution and major.

**Note:** Only one Biology (BIOL) course, from the above list may be used to satisfy SDCCD general education requirements.

For graduation requirements, see **Requirements for the Associate Degree** on page 86.

**Electives as needed to meet minimum of 60 units required for the degree.**

**Recommended Electives:** Biology 101*, 115, 130, 131, 180, 215*; Chemistry 130, 130L.

*Note: Only one Biology (BIOL) course, from the above list may be used to satisfy SDCCD general education requirements. BIOL 101 and 215 are not currently offered at Miramar College, but they are offered at City and/or Mesa College.

---

**Biotechnology**

**Award Type**

| Certificate of Performance: Applied Biotechnology–Molecular Biology | 8 |
| Certificate of Achievement: Biotechnology | 12 |
| Associate of Science Degree: Applied Biology Track | 35* |

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

**Program Description**

The Biotechnology program is intended to provide students with an intensive laboratory skills development experience to meet entry-level employment requirements in the biotechnology industry. Topics covered in the program include the fundamental chemical processes common in prokaryotic and eukaryotic biology, chemistry of bio-molecules (proteins, enzymes, nucleic acids and lipids), cellular and molecular biology, basic immunology, and classical and molecular genetics with an emphasis on gene expression and genetic engineering. The program courses address skills and techniques common to the biotechnology industry.

**Program Learning Outcomes**

Students who complete the Biotechnology program will be able to:

- Demonstrate proficiency with current scientific lab techniques.
- Demonstrate and apply the proper method of scientific notation when creating laboratory reports required for an entry level position in the Biotechnology field.

**Career Options**

The following list is a sample of the many career options available for students in the biotechnology program:

- Health Technician
- Biotechnology Technician
- Lab Assistant
Certificate of Performance: Applied Biotechnology–Molecular Biology*

Students may take the specific biotechnology courses and receive a Certificate of Performance authorized and issued by the academic department. It is not intended to nor will it be recognized as an official state approved program. It is intended to provide students with intensive laboratory skills development experience to meet entry-level employment requirements in the biotechnology industry.

Courses: Units
BIOL 132 Applied Biotechnology I 4
BIOL 133 Applied Biotechnology II 4
Total Units = 8

*A Certificate of Performance is a departmental award that does not appear on the student’s transcript. All courses must be completed within the San Diego Community College District.

Certificate of Achievement: Biotechnology

Courses Required for the Major: Units
BIOL 131 Introduction to Biotechnology 4
BIOL 132 Applied Biotechnology I 4
BIOL 133 Applied Biotechnology II 4
Total Units = 12

Associate of Science Degree: Biology

Applied Biology Track

Courses Required for the Major: Units
BIOL 107 General Biology – Lecture & Lab 4

BIOL 133 Applied Biotechnology II 4
CHEM 200 General Chemistry I – Lecture 3
CHEM 200L General Chemistry I – Lab 2
CHEM 201 General Chemistry II – Lecture 3

Total Units = 35

Note: Only one Biology (BIOL) course, from the above list may be used to satisfy SDCCD general education requirements.

**Students may complete this course requirement by challenge exam or other equivalent proof of computer/software proficiency certified by the CISC department.

For graduation requirements, see Requirements for the Associate Degree on page 86.

Electives as needed to meet minimum of 60 units required for the degree.

Recommended Electives: Biology 131; Physics 121A, 121B, 180A, 180B.

Business Administration

Award Type Units
Certificate of Achievement: Business Administration 26–29
Associate of Science Degree: Business Administration 26–29*

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

Associate in Science for Transfer Degree:
Business Administration 27

Program Description

Business managers plan, organize, direct, and oversee the activities needed to accomplish an organization’s mission. They ensure that vital resources - people, money, equipment, information, and work processes - are used effectively and efficiently. This program prepares students to complete a bachelor’s degree in Business Administration or a related major at a four-year university. The Business Administration major is offered by all campuses of the California State University (CSU) system, some campuses of the University of California (UC) system, and many private/independent or out-of-state universities.
Program Learning Outcomes
Students who complete the Business Administration Program will be able to:

- Perform fundamental accounting and financial management operations associated with business enterprise management.
- Develop business-related written materials such as letters, memoranda, case studies, or reports.
- Analyze and solve problems in business organizations.
- Use economic models and concepts to explain the behavior of business organizations, markets, and consumers.
- Evaluate business-related data using various mathematical techniques.

Transfer Information
Common university majors related to the field of Business Administration include:

- Accounting
- Business Administration
- Business Economics
- Business Information Systems
- Business Law
- Construction Management
- E-Business
- Economics
- Entrepreneurship
- Finance
- Financial Services
- Health Administration
- Hospitality Management
- Human Resources
- Industrial Engineering and Technology
- International Business
- Management
- Marketing
- Public Administration
- Real Estate

Students who plan to transfer to a four-year college or university in this discipline should consult with a counselor or visit the Transfer Center to determine the appropriate major preparation courses for their specific transfer institution and major. More information on transfer programs and procedures is available in the Transfer Guide section of the catalog.

Certificate of Achievement: Business Administration

The Business Administration certificate is intended for students who plan to complete a bachelor's degree at a transfer institution in a business-related major.

This certificate is designed to accommodate the differing requirements of a wide variety of transfer institutions and major option. Because admission and major preparation requirements vary at each transfer institution, courses used to complete this certificate should be selected with the assistance of a Miramar College counselor.

Courses Required for the Major: Units

<table>
<thead>
<tr>
<th>Course Code</th>

</tr>
</tbody>
</table>

Select at least three courses from the following:

- BUSE 100 Introduction to Business
- BUSE 119 Business Communications
- BUSE 140 Business Law and the Legal Environment
- BUSE 201 Business Organization and Management
- CISC 181 Principles of Information Systems
- MARK 100 Principles of Marketing

Select at least one course from the following:

- MATH 119 Elementary Statistics
- MATH 121 Basic Techniques of Applied Calculus I
- MATH 150 Calculus with Analytic Geometry I

Total Units = 26–29

1BUSE 100 is recommended as a first semester course.
Associate of Science Degree: Business Administration

The Business Administration degree is intended for students who plan to complete a bachelor’s degree at a transfer institution in a business-related major.

This degree is designed to accommodate the differing requirements of a wide variety of transfer institutions and major option. Because admission and major preparation requirements vary at each transfer institution, courses used to complete this degree should be selected with the assistance of a Miramar College counselor.

Courses Required for the Major: Units
- ACCT 116A Financial Accounting 4
- ACCT 116B Managerial Accounting 4
- ECON 120 Principles of Macroeconomics 3
- ECON 121 Principles of Microeconomics 3

Select at least three courses from the following:
- BUSE 100 1 Introduction to Business 3
- BUSE 119 Business Communications 3
- BUSE 140 Business Law and the Legal Environment 3
- BUSE 201 Business Organization and Management 3
- CISC 181 Principles of Information Systems 4
- MARK 100 Principles of Marketing 3

Select at least one course from the following:
- MATH 119 Elementary Statistics 3
- MATH 121 Basic Techniques of Applied Calculus I 3
- MATH 150 Calculus with Analytic Geometry I 5

Total Units = 26–29

1BUSE 100 is recommended as a first semester course.

Note: Only one Business (BUSE) course from the above list may be used to satisfy SDCCD general education requirements.

For graduation requirements, see Requirements for the Associate Degree on page 86.

Electives as needed to meet minimum of 60 units required for the degree.

Associate in Science in Business Administration for Transfer Degree:

The Associate in Science in Business Administration for Transfer Degree is intended for students who plan to complete a bachelor’s degree in Business Administration or a related major in the California State University (CSU) system. Students who complete this degree and transfer to a participating CSU campus will be required to complete no more than 60 units after transfer to earn a bachelor’s degree. It may not be appropriate preparation for students transferring to a CSU campus that does not accept the degree. Students who plan to complete this degree should consult a counselor for additional information about participating CSU campuses as well as university admission, degree, and transfer requirements.

Courses Required for the Major: Units
- BUSE 140 Business Law and the Legal Environment 3
- ACCT 116A Financial Accounting 4
- ACCT 116B Managerial Accounting 4
- CISC 181 Principles of Information Systems 4
- ECON 120 Principles of Macroeconomics 3
- ECON 121 Principles of Microeconomics 3
- MATH 119 Elementary Statistics or PSYC 258 Behavioral Science Statistics 3
- MATH 121 Basic Techniques of Applied Calculus I 3

Total Units = 27

Note: It is recommended to select courses that meet lower division major preparation requirements for your transfer university.

General Education: In addition to the courses listed above, students must complete one of the following general education options:

- The IGETC pattern (page 106) is accepted by all CSU campuses and most UC campuses and majors. It is also accepted by some private/independent or out of state universities.
- The CSU GE pattern (page 116) is accepted by all CSU campuses and some private/independent or out of state universities. It is not accepted by the UC system.

It is strongly recommended that students consult with a counselor to determine which general education option is most appropriate for their individual educational goals.

Electives as needed to meet maximum of 60 CSU-transferable units required for the degree.
Business Management

Award Type | Units
---|---
Certificate of Performance: | |
Loan Closer | 8
Loan Processor | 9
Loan Underwriter | 9
Certificate of Achievement: | |
Business Management | 35
Mortgage Brokerage & Banking | 18
Associate of Science Degree: | |
Business Management | 47*
Mortgage Brokerage & Banking | 27*

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

Program Description
Business managers plan, organize, direct, and oversee the activities needed to accomplish an organization's mission. They ensure that vital resources - people, money, equipment, information, and work processes - are used effectively and efficiently. This program prepares students for entry-level positions in the field of business management. Flexible course selection and a variety of degrees and certificates are available to enable students to prepare for a specific occupational goal.

Program Learning Outcomes
Students who complete the Business Management program will be able to:

- Develop business-related written materials such as letters, memoranda, case studies, reports, or documents specific to a particular career field.
- Evaluate and analyze business-related data using various mathematical techniques.
- Demonstrate applied skills required for a business-related career field.

Career Options
Some of the many career options in the field of Business Management include:

- Advertising Agent
- Entrepreneur
- Loan Officer
- Office Supervisor
- Operations/Production Manager
- Retail Manager
- Sales Representative
- Service Manager
- Small Business Owner
- Wholesale and Retail Buyer

Some business management-related career fields require study beyond the associate degree level. Students intending to transfer to a university in a business-related major should consider completing an associate degree in the Business Administration program.

</table>

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

---

**Program Description**

The Chemistry program fosters an understanding of the fundamental principles of chemistry in a variety of applications - medicine, health-care products, energy, food production, body metabolism, structural materials, microelectronics, and the environment. Students learn how chemical knowledge is derived, theorized, and applied in solving problems in everyday life. Students perform experiments in a modern chemistry laboratory under the guidance of experienced faculty. The curriculum is designed to meet the needs of students who wish to pursue a major in fields such as: (1) chemistry, biology, marine science, geology, physics, medicine, engineering, or technology; (2) paramedical or allied health science, including nursing, physical therapy, or nutrition; or (3) liberal arts. Courses will also meet general education requirements for both the two and four-year institutions.

**Program Learning Outcomes**

Students who complete the Chemistry program will be able to:

- Be proficient in the nomenclature, reactions, calculations, concepts, and theories common to first- and second-year general and organic chemistry courses at a level that is competitive with other students upon transfer to a 4-year college/university or entrance to a professional school.
- Successfully perform and communicate information related to experiments involving chemical equipment, measurement, and data collection.

---

**Transfer Information**

Common university majors related to the field of chemistry include:

- Chemistry
- Biochemistry
- Chemical Engineering
- Chemical Physics
- Environmental Chemistry

Students who plan to transfer to a four-year college or university in this discipline should consult with a counselor or visit the Transfer Center to determine the appropriate major preparation courses for their specific transfer institution and major. More information on transfer programs and procedures is available in the Transfer Guide section of the catalog.

---

**Associate of Science Degree: Chemistry Studies**

The Associate of Science degree with an area of emphasis in Chemistry Studies is intended for students who plan to complete a bachelor's degree at a transfer institution in a chemistry-related major.

This degree is designed to accommodate the differing requirements of a wide variety of transfer institutions and major options. Because admission and major preparation requirements vary at each transfer institution, courses used to complete this degree should be selected with the assistance of a Miramar College counselor.

**Courses Required for the Major:**

### General Education:
In addition to the courses listed above, students must complete one of the general education options listed on page 87:

- The IGETC pattern (page 108) is accepted by all CSU campuses and most UC campuses and majors. It is also accepted by some private/independent or out of state universities.
- The CSU GE pattern (page 116) is accepted by all CSU campuses and some private/independent or out of state universities. It is not accepted by the UC system.
- The San Diego Community College District General Education pattern (page 92) may be appropriate for students transferring to a private/independent or out of state university or to a high-unit major. Students selecting this option should meet with a counselor to determine the appropriate General Education courses for their individual transfer goals.

Electives as needed to meet minimum of 60 units required for the degree.

---

### Program Description

Child Development offers programs for career and transfer students. Certificates of Performance, Certificates of Achievement, and Associate Degree programs are available to students interested in a range of child development opportunities that meet the requirements for the State of California Child Development permits and the California State Department of Social Services, Title 22, Community Care Licensing.

### Program Learning Outcomes

Students who complete the Child Development program will be able to:

- Apply human development growth theories and principles to early childhood settings.
- Communicate effectively with children, families, staff, and the community.
- Plan and implement developmentally appropriate curriculum for children.

### Career Options

The San Diego Community College District offers certificates, degrees and transfer options in the
field of Child Development/Early Childhood Education. The FAMILY CHILD CARE Certificate offered at City, Mesa and Miramar and the HOME DAY CARE Certificate offered at Mesa provides skills and knowledge for child care in family settings. The FAMILY AND CHILD RELATIONS Certificate offered at Miramar prepares students to work with families and their children in educational settings and service related agencies. The INFANT/TODDLER CARE Certificate of Performance offers skills for working with children aged birth to three years. The SCHOOL AGE CHILD CARE Certificate of Performance offered at City and Mesa provides training for working with school age children. The ASSISTANT TEACHER Certificate of Achievement prepares an individual to work in public and private child care settings. The Certificate of Achievement options, ASSISTANT TEACHER, ASSOCIATE TEACHER, TEACHER, and MASTER TEACHER, prepares individuals for higher level instructional positions.

The ASSISTANT TEACHER, ASSOCIATE TEACHER, TEACHER, and MASTER TEACHER certificates meet the requirements for the State of California Child Development Permits. The Child Development Associate of Science Degrees prepare for teacher, master teacher, director, and site supervisory positions.

Students who plan to transfer to a four-year college or university in this discipline should consult with a counselor or visit the Transfer Center to determine the appropriate major preparation courses for their specific transfer institution and major. More information on transfer programs and procedures is available in the Transfer Guide section of the catalog.

**Select one of the following three options:**

- CHIL 160 Observing and Understanding Children 2
- CHIL 161 Observations and Issues in Child Development 2
- CHIL 165 Children with Special Needs 3

**Total Units = 35–38**

**Note:** Must select 2–4 units in CHIL 270 or 275.

#### Recommended Electives:

(Select from courses not already taken): Child Development 160, 161, 162, 165,

**Associate of Arts Degree: Human Development Studies**

The Associate of Arts degree with an area of emphasis in Human Development Studies is intended for students who plan to complete a bachelor’s degree at a transfer institution in a human development-related major. Common university majors in this field include: Child Development, Family and Consumer Studies, Gerontology, and Human Development.

This degree is designed to accommodate the differing requirements of a wide variety of transfer institutions and major options. Because admission and major preparation requirements vary at each transfer institution, courses used to complete this degree should be selected with the assistance of a Miramar College counselor.

**Total Units = 18**

**General Education:** In addition to the courses listed above, students must complete one of the general education options listed on page 87:

- The IGETC pattern (page 106) is accepted by all CSU campuses and most UC campuses and majors. It is also accepted by some private/independent or out of state universities.
- The CSU GE pattern (page 116) is accepted by all CSU campuses and some private/independent or out of state universities. It is not accepted by the UC system.
- The San Diego Community College District General Education pattern (page 92) may be appropriate for students transferring to a private/independent or out of state university or to a high-unit major. Students selecting this option should meet with a counselor to determine the appropriate General Education courses for their individual transfer goals.

It is strongly recommended that students consult with a counselor to determine which general education option is most appropriate for their individual educational goals.

**Electives as needed to meet minimum of 60 units required for the degree.**
Communication Studies

**Award Type**

**Units**

**Associate in Arts for Transfer Degree:**

Communication Studies  18–22

**Program Description**

Communication Studies is an academic discipline that deals with processes of human communication. It describes, explains, and depicts the various elements that influence communication such as age, gender, culture, settings, and circumstance. Courses in Communication Studies challenge students, broaden their views, and help them develop increased skill and awareness of communication practices. The primary role of Communication Studies is to help students acquire the communication skills that will equip them to live and work effectively, creatively, and responsibly in a variety of social contexts and in a variety of relationships.

**Program Learning Outcomes**

Students who complete the Communication Studies program will be able to:

- Apply appropriate communication skills across settings, purposes, and audiences.
- Practice critical thinking to develop innovative and well-founded perspectives related to the communicated message.
- Demonstrate the ability to effectively deliver formal and informal oral presentations to a variety of audiences in multiple contexts.
- Demonstrate the ability to construct effective written messages in various formats and styles to a variety of audiences.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

**Transfer Information**

Common university majors related to the field of Communication Studies include:

- Communication Studies
- Communication
- Communicative Disorders
- Digital Journalism
- Graphic Communications
- Health Communication
- Human Communication
- Journalism, Marketing
- Mass Communications
- Mass Media
- Organizational Communication
- Public Relations
- Speech Communication

Students who plan to transfer to a four-year college or university in this discipline should consult with a counselor or visit the Transfer Center to determine the appropriate major preparation courses for their specific transfer institution and major. More information on transfer programs and procedures is available in the Transfer Guide section of the catalog.

**Associate in Arts in Communication Studies for Transfer Degree**

**This degree is accepted by some but not all CSU campuses.**

The Associate in Arts in Communication Studies for Transfer Degree is intended for students who plan to complete a bachelor’s degree in Communication Studies or a related major in the California State University (CSU) system. Students who complete this degree and transfer to a participating CSU campus will be required to complete no more than 60 units after transfer to earn a bachelor’s degree. It may not be appropriate preparation for students transferring to a CSU campus that does not accept the degree. Students who plan to complete this degree should consult a counselor for additional information about participating CSU campuses as well as university admission, degree, and transfer requirements.
NOTE: Students intending to transfer to SDSU should consult a counselor and visit www.assist.org for guidance on appropriate transfer coursework.

**Total Units = 18–22**

*Course also fulfills general education requirements for the CSU GE or IGETC pattern.

Electives as needed to meet maximum of 60 CSU-transferable units required for the degree.

---

**Computer Business Technology**

**Award Type** | **Units**
--- | ---
Certificate of Performance: Administrative Assistant | 11
Website Designer | 11
Certificate of Achievement: Administrative Assistant | 20
Associate of Science Degree: Administrative Assistant | 33*
Occupational/Technical Studies (see page 212) | 18*

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

**Program Description**

The Computer Business Technology program provides theory and hands-on training in major office systems, webpage design, and technology used to enhance productivity and communications. Students are prepared through extensive coursework with the necessary skills and knowledge for initial employment in the field of business.

**Program Learning Outcomes**

Students who complete the Computer Business Technology program will be able to:

- Demonstrate proficiency in using software applications to enter data, format and organize data, complete calculations, graph data, create
templates, develop professional reports, forms, and queries, and produce professional looking presentations.

- Use graphical design principles such as desktop publishing and web site development to create and enhance electronic forms of communications.
- Perform various online business transactions including the use of different search techniques.
- Identify effective business communications skills.

**Career Options:**

Students who complete the Computer Business Technology program will be able to work in various positions upon graduation, such as:

- Entry-level administrative assistants
- Entry-level webpage designers
- Desktop publishers
- Word processors in a variety of occupations

**Faculty Office Telephone/Email**

</table>

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

### Program Description

The focus of the Computer and Information Sciences program is on the function and use of the computer. The program includes general study of computer languages as well as utilization and application of computer software.

### Program Learning Outcomes

Students who complete the Computer and Information Sciences program will be able to:

- Successfully follow a specification.
- Successfully create electronic documents.

### Career Options

The Computer and Information Sciences program prepares students with a basic understanding of programming principles, procedures and specifications. Students completing the program curriculum may also be qualified for entry-level employment in the area of computer support, application training and software testing.

| San Diego Transit General Mechanic                      | 37*    |

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

**Program Description**

The Diesel Technology program provides the student with an opportunity to master the manipulative and critical thinking skills required for success in servicing and maintaining Diesel, CNG, and LNG...
powered heavy duty commercial trucks, off-highway heavy equipment, stationary engines, and, marine craft.

The two-year curriculum has three tracks leading to a Certificate of Achievement, and two tracks leading to an Associate in Science degree. In addition, the diesel program offers Certificates of Performance in nine specialty areas. These certificates can be applied toward the Certificate of Achievement or the Associate in Science degree.

Program Learning Outcomes
Students who complete the Diesel Technology Program will be able to:

- Perform the manipulative and critical thinking skills when performing service work on heavy-duty vehicles, systems, and components using a variety of tools, equipment and instruments.
- Perform service procedures safely and implement workplace health and safety compliance using regulations published by the Occupational Safety and Health Administration, and the Environmental Protection Agency.
- Perform research, locate, and use heavy-duty service information, special instructions, and specifications with printed or web-based resources.

Career Options
Some of the many career options in the commercial truck industry include:

- Heavy-Duty Truck Technician
- CNG/ LNG Bus Technician
- Truck & Bus Fleet Service Technician
- Power Generation Technician
- Diesel Engine Overhaul Technician
- CNG/ LNG Engine Overhaul Technician

Some of the many career options in the heavy equipment industry include:

- Heavy-Equipment Technician
- Field Service Technician
- Field Service Lube Technician
- Marine Engine Technician

Some of the many career options in related industries include:

- Commercial Truck Inspector
- Service Writer/ Advisor
- Truck & Equipment Parts Sales Person

Some diesel-related career fields require area specific training in addition to the courses required in the HDTT, HET certificates.

Students intending to transfer to a university could consider the following related areas:

- Business Management
- Applied Engineering
- Engineering

Associate in Arts in Economics for Transfer Degree:

The Associate in Arts in Economics for Transfer Degree is intended for students who plan to complete a bachelor’s degree in Economics or a related major in the California State University (CSU) system. Students who complete this degree and transfer to a participating CSU campus will be required to complete no more than 60 units after transfer to earn a bachelor’s degree. It may not be appropriate preparation for students transferring to a CSU campus that does not accept the degree. Students who plan to complete this degree should consult a counselor for additional information about participating CSU campuses as well as university admission, degree, and transfer requirements.

**General Education:** In addition to the courses listed above, students must complete one of the following general education options:

- The IGETC pattern (page 108) is accepted by all CSU campuses and most UC campuses and majors. It is also accepted by some private/independent or out of state universities.
- The CSU GE pattern (page 116) is accepted by all CSU campuses and some private/independent or out of state universities. It is not accepted by the UC system.

It is strongly recommended that students consult with a counselor to determine which general education option is most appropriate for their individual educational goals.

Electives as needed to meet minimum of 60 CSU-transferable units required for the degree

This degree is accepted by some but not all CSU campuses.

**Emergency Medical Technician**

**Award Type** | **Units**
--- | ---
Certificate of Performance: Emergency Medical Technician | 7.5

**Program Description**

The EMT Program is designed to offer comprehensive education and skills-training in the provision of prehospital emergency care. Courses cover anatomy, physiology, pathophysiology, lifting and moving techniques, documentation, communication, lifespan development, obstetrics, disease processes, pharmacology, trauma, hazardous materials, disaster triage, basic life support and advanced airway management in accordance with National EMS Education Standards. Students must successfully complete EMGM 105A and EMGM 106 with a minimum final grade of 80% (B), complete 24-hours of clinical training, and pass the NREMT practical skills exam, to earn a course completion certificate. The course completion certificate is a requirement of eligibility to complete the NREMT Cognitive Examination for EMTs (certifying exam for EMTs in the State of California). San Diego Miramar College EMT Program is accredited through San Diego County Emergency Medical Services Agency.

- A current BLS for Healthcare Providers level CPR card is a prerequisite and may be fulfilled in EMGM 050 (CPR).
- Students must present proof of immunity to hepatitis B, measles, mumps, rubella, and varicella.
- Seasonal flu immunizations may be required.
- Must have a TB test within one-month of course start.
- Uniforms are required.

**Program Learning Outcomes**

Students who complete the Emergency Medical Technician program will be able to:

- Explain the roles, responsibilities, and legal aspects of the EMT practice.
- Apply knowledge of physical, psychosocial, and developmental characteristics of individuals throughout the life span to the provision of emergency medical care.
- Perform cardiopulmonary resuscitation (CPR), airway management, and defibrillation.
- Identify various types of medical emergencies, assess the body systems involved, and cite the appropriate emergency medical intervention and rationale.

**Career Options**

- Emergency Medical Technician
- Emergency Department Technician
- Paramedic
- Firefighter
- Nursing
- Physician Assistant
- Physician

| Associate in Arts for Transfer Degree: | 18 |
| English | |

Program Description

The English program provides a breadth of coursework that includes the study of the language and investigation of great works of literature, as well as the development of reading and writing expertise. It is devoted to advancing critical thinking and academic skills in the areas of reading, writing, and literature. In reading, classes focus on vocabulary expansion, comprehension, and methods for long term learning. Writing classes cover grammar, composition, creative writing and research. The English program also offers a variety of literature classes, including American and British Literature, literature and film, women in literature, and world literature.

The program is designed to prepare students for advanced work in the major, as well as transfer to four year institutions. For this goal, courses cover the freshmen and sophomore requirements for English majors, many of the GE requirements, including critical thinking, and preparation for English competency tests. Second, the program supports majors across the entire college curriculum where English is recognized as key to student success and students are advised to have successfully completed English prior to beginning studies in those areas. Third, the program provides the necessary courses for the Associate of Arts Degree.

Program Learning Outcomes

Students who complete the English program will be able to do the following:

- Comprehend information from a variety of texts.
- Integrate logical support, including informed opinion and fact, as well as personal interpretations, to develop complex ideas and opinions.
- Organize thoughts and ideas effectively and express them clearly in writing.
- Apply appropriate writing strategies, standard grammar, and conventional academic documentation to writings of various types and purposes.

Transfer Information

Common university majors related to the field of English include:

- Creative Writing
- English
- Ethnic Studies
- Language Studies
- Linguistics
- Literature

Students who plan to transfer to a four-year college or university in this discipline should consult with a counselor or visit the Transfer Center to determine the appropriate major preparation courses for their specific transfer institution and major. More information on transfer programs and procedures is available in the Transfer Guide section of the catalog.

The Associate of Arts degree with an area of emphasis in English/Literature Studies is intended for students who plan to complete a bachelor's degree at a transfer institution in an English- or literature-related major.

This degree is designed to accommodate the differing requirements of a wide variety of transfer institutions and major options. Because admission and major preparation requirements vary at each transfer institution, courses used to complete this degree should be selected with the assistance of a Miramar College counselor.

### General Education:

In addition to the courses listed above, students must complete one of the general education options listed on page 87:

- The IGETC pattern (page 106) is accepted by all CSU campuses and most UC campuses and majors. It is also accepted by some private/independent or out of state universities.
- The CSU GE pattern (page 116) is accepted by all CSU campuses and some private/independent or out of state universities. It is not accepted by the UC system.
- The San Diego Community College District General Education pattern (page 92) may be appropriate for students transferring to a private/independent or out of state university or to a high-unit major. Students selecting this option should meet with a counselor to determine the appropriate General Education courses for their individual transfer goals.

It is strongly recommended that students consult with a counselor to determine which general education option is most appropriate for their individual educational goals.

### Electives as needed to meet minimum of 60 units required for the degree.

### Associate in Arts in English for Transfer Degree:

This degree is accepted by some but not all CSU campuses.

The Associate in Arts for Transfer Degree in English is intended for students who plan to complete a bachelor’s degree in English or a related major in the California State University (CSU) system. Students who complete this degree and transfer to a participating CSU campus will be required to complete no more than 60 units after transfer to earn a bachelor’s degree. It may not be appropriate preparation for students transferring to a CSU campus that does not accept the degree. Students who plan to complete this degree should consult a counselor for additional information about
participating CSU campuses as well as university admission, degree, and transfer requirements.

### Courses Required for the Major:

| ENGL 205 | Critical Thinking and Intermediate Composition | 3 |
| ENGL 208 | Introduction to Literature | 3 |
| ENGL 215 | English Literature I: 800 – 1799 | 3 |
| ENGL 216 | English Literature II: 1800 – Present | 3 |

Select one course (three units) from the following: (It is recommended that students select courses that meet lower division major preparation requirements for their transfer university):

| ENGL 210 | American Literature I | 3 |
| ENGL 211 | American Literature II | 3 |

Select one course (three units minimum) from the following if not selected from above (It is recommended that students select courses that meet lower division major preparation requirements for their transfer university):

| ENGL 101 | Reading and Composition | 3 |
| ENGL 105 | Composition and Literature | 3 |
| ENGL 209 | Literary Approaches to Film | 3 |
| ENGL 210 | American Literature I | 3 |
| ENGL 211 | American Literature II | 3 |
| ENGL 220 | Masterpieces of World Literature I: 1500 BCE – 1600 CE | 3 |
| ENGL 221 | Masterpieces of World Literature II: 1600 – Present | 3 |
| ENGL 230 | Asian American Literature | 3 |
| ENGL 237 | Women in Literature | 3 |
| ENGL 249 | Introduction to Creative Writing I | 3 |

**Total Units = 18**

### General Education:

In addition to the courses listed above, students must complete one of the following general education options:

- The IGETC pattern (page 108) is accepted by all CSU campuses and most UC campuses and majors. It is also accepted by some private/independent or out of state universities.
- The CSU GE pattern (page 116) is accepted by all CSU campuses and some private/independent or out of state universities. It is not accepted by the UC system.

It is strongly recommended that students consult with a counselor to determine which general education option is most appropriate for their individual educational goals.

**Note:** It is recommended that students select courses that meet lower division major preparation requirements for their transfer university.

**Electives as needed to meet maximum of 60 CSU-transferable units required for the degree.**

### English for Speakers of Other Languages (ESOL)

#### Award Type

<table>
<thead>
<tr>
<th>Certificate of Performance: Advanced ESOL</th>
<th>Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>Total Units = 18</td>
<td></td>
</tr>
</tbody>
</table>

#### Program Description

The ESOL program develops foundational English language skills in reading, writing, listening, and speaking that apply directly to students’ academic, personal, and professional lives. Reading classes focus on vocabulary expansion, development of reading strategies for comprehension, and building background knowledge as well as knowledge of text structure, grammar, and vocabulary. In writing classes, students learn essential grammar and the writing process to produce clear, grammatical, organized, and well-developed writing at the sentence, paragraph, and essay level. Students in listening/speaking classes study American English pronunciation and intonation, and develop their competencies in grammatical structures related to oral/aural work. In all classes, students read, write, discuss, and think critically about information from a variety of sources.

#### Program Learning Outcomes

Students who complete the ESOL program will be able to:

- Write an essay with a thesis statement that is clear, direct, and answers the prompt.
- Write supporting paragraphs with major and minor details related to each topic sentence.
- Organize writing with unity and coherence.
- Speak, read, and write with a variety of complex sentence and grammatical structures with minimal errors that do not interfere with meaning.
• Express a clear and coherent opinion about a selected topic and provide at least two points of appropriate support for an opinion in a speech of three to five minutes.

**Transfer Information**

ESOL is not directly applicable to any particular college-level majors. Foreign-language students who place at Assessment skill level L40 or below must successfully complete ESOL 40 and ESOL 32 before enrolling in English 48 and English 49, which are pre-transfer level reading and writing courses. Students enrolled in the ESOL program who plan to transfer to a four-year college or university should consult with a counselor to determine the appropriate preparatory courses for their specific transfer institution and major. More information on transfer programs and procedures is available in the Transfer Guide section of the catalog.

**Associate in Arts for Transfer Degree:**

| Kinesiology | 22–24 |

**Note:** For Yoga certificates/degrees see page 233.

**Program Description**

The Exercise Science program provides a strong science-based foundation to effectively prepare students to transfer to a four-year university in a health, fitness, or nutrition-related discipline. With an emphasis on empowering and educating individuals to improve their overall health and well-being through physical activity and healthful nutrition, this program offers flexible course selection and multiple degree options designed to prepare students for a variety of career paths.

**Program Learning Outcomes**

Students who complete the Exercise Science program will be able to:

• Transfer into a Kinesiology (or related) program of study at a four-year institution.

• Explain the research-supported physiological and psychological benefits of physical activity.

• Describe and apply current nutritional guidelines to enhance physical health and well-being.

• Exhibit theoretical comprehension and competence in all health, exercise science, and nutrition discipline courses.

**Transfer Information**

Common university majors related to the field of Exercise Science include:

• Athletic Training

• Exercise Physiology

• Health Promotion

• Kinesiology
Students who plan to transfer to a four-year college or university in this discipline should consult with a counselor or visit the Transfer Center to determine the appropriate major preparation courses for their specific transfer institution and major. More information on transfer programs and procedures is available in the Transfer Guide section of the catalog.

### Associate of Science Degree: Exercise and Nutritional Sciences

The Associate of Science degree in Exercise and Nutritional Sciences is intended for students who plan to complete a bachelor's degree at a transfer institution in an exercise science, health, or nutrition-related major.

This degree is designed to accommodate the differing requirements of a wide variety of transfer institutions and major options. Because admission and major preparation requirements vary at each transfer institution, courses used to complete this degree should be selected with the assistance of a Miramar College counselor.

**Total Units = 18**

**General Education:** In addition to the courses listed above, students must complete one of the general education options listed on page 87:

- The IGETC pattern (page 106) is accepted by all CSU campuses and most UC campuses and majors. It is also accepted by some private/independent or out of state universities.
The CSU GE pattern (page 116) is accepted by all CSU campuses and some private/independent or out of state universities. It is not accepted by the UC system.

The San Diego Community College District General Education pattern (page 92) may be appropriate for students transferring to a private/independent or out of state university or to a high-unit major. Students selecting this option should meet with a counselor to determine the appropriate General Education courses for their individual transfer goals.

It is strongly recommended that students consult with a counselor to determine which general education option is most appropriate for their individual educational goals.

Electives as needed to meet minimum of 60 units required for the degree.

**Associate in Arts in Kinesiology for Transfer Degree:**

This degree is accepted by some but not all CSU campuses.

The Associate in Arts in Kinesiology for Transfer Degree is intended for students who plan to complete a bachelor’s degree in Kinesiology or a related major in the California State University (CSU) system. Students who complete this degree and transfer to a participating CSU campus will be required to complete no more than 60 units after transfer to earn a bachelor’s degree. It may not be appropriate preparation for students transferring to a CSU campus that does not accept the degree. Students who plan to complete this degree should consult a counselor for additional information about participating CSU campuses as well as university admission, degree, and transfer requirements.

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

Program Description

The Fire Protection Technology program offers degrees and certificates in a number of fields associated with the technology of fire protection, rescue, and public safety. The program provides theory and training necessary for successful performance in a variety of settings and positions. Emphasis is placed on modern methods of fire prevention, fire suppression, fire service management, open water lifeguarding, and public safety.

It is highly recommended for pre-employment fire technology students to concentrate on completing 100-level courses. Students planning to complete the California State Board of Fire Services Certification for Company Officer should complete the major coursework required for the Company Officer Certification degree or certificate.

San Diego City Basic Firefighter I Academy

The San Diego City Fire Department trains firefighter recruits in a 16-week, 13 unit Fire Academy that is operated in conjunction with Miramar College. In each Fire Academy, usually four to six recruits are selected by a lottery system from a pool of qualified candidates.
applicants. These “Open Enrollee” students earn no salary while in the Academy. To be eligible for the Open Enrollee lottery, applicants must be on the current San Diego Fire Department eligibility list and have a current Candidate Physical Ability Test (CPAT) card.

**Heartland Fire Training Regional Firefighter I Academy**

The Heartland Fire Academy trains pre-employment students in a 14-week, 9 unit California State Fire Marshal (CSFM), International Fire Service Accreditation Congress (IFSAC) accredited Fire Academy that is operated in conjunction with Miramar College. Students must meet the following requirements to be eligible to attend:

1. Possess a valid San Diego County EMT 1A and CPR card at the time of application; (EMGM 105A).
2. Possess Wildland S-130, S-190, and L-180 certificates (IFSAC once approved; FIPT 110A or equivalent).
3. Complete California Specialized Training Institute (CSTI) Hazmat First Responder Operations (FRO) with Weapons of Mass Destruction (WMD); (IFSAC once approved; FITP 323B).
4. Complete Confined Space Awareness (FIPT 322B).
5. Complete Basic Incident Command System (NIMS ICS 100 & 200; FIPT 324A; must be an in-person course).

Students must complete FIPT 381G Firefighter I Academy Skills Review and Certification at the conclusion of the Heartland Fire Training Regional Academy.

**CAL Fire/San Diego County Fire**

In order to be eligible for entry level employment, students must complete FIPT 101, 110A, 150A, 308C, 310A, and 308C in addition to EMGM 105A. These courses cover mandatory training requirements to be eligible for employment for most fire departments. The courses also prepare the student to enter a fire academy, depending upon the employer. Successful completion of these courses is required to apply to Cal Fire/San Diego County Fire and is highly suggested for entry level students. A full time student may complete all of these in as little as one semester.

Additional information may be obtained from the program’s website: www.MiramarFireTechnology.com

**Program Learning Outcomes**

Students who complete the Fire Protection Technology program will be able to:

- Identify minimum qualifications and entry level skills for firefighter hiring. The student will be able to describe the following elements: application process; written exam process; physical agility exam, oral interview, chief’s interview; background investigation; and fire fighter probationary process. Students will identify fire service history, culture and diversity.
- Demonstrate the ability to analyze, appraise and evaluate fire and emergency incidents and identify components of emergency management and fire fighter safety including: Size-up, report on conditions, Incident Command System; RECEO; 10 Standard Firefighting Orders; 18 Situations that Shout “Watch Out”; and common factors associated with injuries and line of duty deaths.
- Identify and comprehend laws, regulations, codes and standards that influence fire department operations, and identify regulatory and advisory organizations that create and mandate them, especially in the areas of fire prevention, building codes and ordinances, and firefighter health and safety.
- Analyze the causes of fire, determine extinguishing agents and methods, differentiate the stages of the fire and fire development, and compare methods of heat transfer.
- Calculate flow requirements for fire apparatus, diagram a pump and plumbing schematic for fire apparatus, and apply mathematic formulae to hydraulics problems.
- Identify and describe the apparatus used in the fire service, and the equipment and maintenance of fire apparatus and equipment.
- Identify and describe common types of building construction and conditions associated with structural collapse and firefighter safety. Differentiate between fire detection and fire suppression systems. Student will design and diagram a wet and dry fire protection system, and identify alarm system components and their operations.
Career Options
Some of the many career opportunities in the field of firefighting/lifeguarding include:

- Firefighter
- Fire Insurance Inspector
- Fire Investigator
- Fire Protection Engineer
- Fire Protection Systems Installer
- Emergency Medical Services Provider
- Hazardous Materials Technician
- Lifeguard

--- | ---
Certificate of Performance: Graphics-Visual Production | 15
Certificate of Achievement: Graphics | 36
Associate of Arts Degree: Graphics | 36*

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

Program Description
The Graphics program provides the graduate with the demonstrable skills, documented experience, a portfolio of evidence, and the personal confidence to enter a career in which the ability to create, produce, and effectively use graphic identity and communications is a critical requirement. The program is task-oriented, intended to provide “embedded skills” beneficial to most careers.

Program Learning Outcomes
- Create communications in typography and images using computers.
- Develop craftspersonship skills for building computer files for screen and print output.
- Evaluate and analyze the role of graphics in historical and contemporary societies.

Career Options
Careers in the field of Graphics include:
- Graphic Designer
- Pre-Press Technician
- Production Artist
- Photographer’s Digital Assistant
- Public Relations Sign and Tradeshow Displays
- Publications (newspaper, magazine, book)
- Advertising
- Gaming and Multimedia
- Animation
- Printing Trades
- Food Industry Marketing
- Financial/Business Services
- Medical/Legal (forensic) Support
- Business Information Management
- Religious Organization Non-profit Support and Fund-raising
- Museum and Gallery Staff
- Art and Graphic Supply Sales
- Art and Music Promotion
- Direct Marketing

Additionally, companies and organizations hire employees with skills to work on a variety of graphics needs including:
- Corporate Identity/Information
- Packaging Merchandising Labels and Stickers
- Imprinted Clothing
- Award and Incentive
- Product Imprinting
- Directories
- Cards

Certificate of Performance: Graphics-Visual Production*
This certificate prepares students to create and deploy images and typographically appropriate text in the myriad of graphic products such as documents, publications, screen pages, signs, and imprinted products. Graphic skills are necessary for promotion and information in almost every job. All courses in the certificate use a practical, skills-based methodology, both in teaching and assessment. The certificate is intended for all students.

**Associate of Arts Degree: Graphics**

This degree provides the graduate with the demonstrable skills, documented experience, a portfolio of evidence, and the personal confidence to enter a career in which the ability to create, produce, and effectively use graphic identity and communications is a critical requirement. The program is task-oriented, intended to provide “embedded skills” beneficial to most careers.

Associate in Arts for Transfer Degree:

| History                        | 18–20 |

Program Description

History is the study of human experience from the dawn of time to the present. It examines people, institutions, ideas and events of the past and the present. The primary objectives of the History program are: fulfillment of general education requirements for American Institutions, Humanities and Social Sciences; completion of the Associate of Arts degree; and preparation for transfer to four-year institutions and completion of general education requirements for students enrolled in four-year institutions.

The courses in this program emphasize a number of Program Learning Outcomes, primary being the development of critical thinking and communications skills to analyze problems, conceptualize theses, develop arguments, weigh evidence and derive conclusions; development of the ability to articulate the critical thinking outcomes through writing and/or speaking or by other modes of communication; and the development of an awareness of civic responsibilities and a thorough knowledge of global issues.

Program Learning Outcomes

Students who complete the History program will be able to:

- Demonstrate knowledge of key historical facts, values, and ideas that have shaped civilizations throughout history.
- Critically analyze primary and secondary sources in college-level essays, written assignments, and research papers.
- Demonstrate historical skills through written and verbal communication of arguments, analysis and conclusions of historical topics.

Transfer Information

Common university majors in this field include:

- History
- Liberal Studies
- Social and Behavioral Sciences
- International Studies
- Africana Studies
- Chicana/Chicano Studies
- Administrative Studies
- Renaissance Studies

Students who plan to transfer to a four-year college or university in this discipline should consult with a counselor or visit the Transfer Center to determine the appropriate major preparation courses for their specific transfer institution and major. More information on transfer programs and procedures is available in the Transfer Guide section of the catalog.

Most careers in history require education beyond the associate degree and some require a graduate degree. This is not a comprehensive list but some of the most common career options with history preparation include: archivist, business person, diplomatic corps, historian, journalist, lawyer, librarian, museum curator, park historian, professor, teacher and writer.

Associate in Arts in History for Transfer Degree:

This degree is accepted by some but not all CSU campuses.

The Associate in Arts in History for Transfer Degree is intended for students who plan to complete a bachelor’s degree in History or a related major in the California State University (CSU) system. Students who complete this degree and transfer to a participating CSU campus will be required to
complete no more than 60 units after transfer to earn a bachelor’s degree. It may not be appropriate preparation for students transferring to a CSU campus that does not accept the degree. Students who plan to complete this degree should consult a counselor for additional information about participating CSU campuses as well as university admission, degree, and transfer requirements.

*Course also fulfills general education requirements for the CSU GE or IGETC pattern.*

**General Education:** In addition to the courses listed above, students must complete one of the following general education options:

- The IGETC pattern (page 106) is accepted by all CSU campuses and most UC campuses and majors. It is also accepted by some private/independent or out of state universities.

- The CSU GE pattern (page 116) is accepted by all CSU campuses and some private/independent or out of state universities. It is not accepted by the UC system.

It is strongly recommended that students consult with a counselor to determine which general education option is most appropriate for their individual educational goals.

**Electives as needed to meet maximum of 60 CSU-transferable units required for the degree.**

**Associate of Arts Degree: Social and Behavioral Sciences**

The Associate of Arts degree with an area of emphasis in Social and Behavioral Sciences is intended for students who plan to complete a bachelor’s degree at a transfer institution in a social science-related major.

This degree is designed to accommodate the differing requirements of a wide variety of transfer institutions and major options. Because admission and major preparation requirements vary at each transfer institution, courses used to complete this degree should be selected with the assistance of a Miramar College counselor.

**General Education:** In addition to the courses listed above, students must complete one of the general education options listed on page 87:

- The IGETC pattern (page 108) is accepted by all CSU campuses and most UC campuses and majors. It is also accepted by some private/independent or out of state universities.
- The CSU GE pattern (page 116) is accepted by all CSU campuses and some private/independent or out of state universities. It is not accepted by the UC system.
- The San Diego Community College District General Education pattern (page 92) may be appropriate for students transferring to a private/independent or out of state university or to a high-unit major. Students selecting this option should meet with a counselor to determine the appropriate General Education courses for their individual transfer goals.

It is strongly recommended that students consult with a counselor to determine which general education option is most appropriate for their individual educational goals.

**Electives as needed to meet minimum of 60 units required for the degree.**
Humanities

Award Type | Units
---|---
Associate of Arts Degree: Humanities Studies | 18*

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

Associate in Arts for Transfer Degree: Philosophy | 18–20

Program Description
The study of humanities offers students a broad, interdisciplinary understanding of humankind’s cultural heritage. This study includes: history, literature, philosophy, religion, and the arts. The goal of this major is to provide an interdisciplinary understanding of ideas and forms of expression that exert a major influence on civilization. The humanities provide a broadly-based education for many careers.

Program Learning Outcomes
Students who complete the Humanities Program will be able to:
- Analyze the impact cultures and subcultures have on societal expectations and behaviors.
- Distinguish the uniqueness of a variety of cultures to develop an appreciation for these differences.
- Analyze historical occurrences and their impact on societal expectations and behaviors.

Students will be assessed through a combination of performance evaluations, written assignments, and written tests and quizzes.

Faculty | Office | Telephone/Email
---|---|---
Paula Carrier | H-1100 | 619-388-7518 pcarrier@sdccd.edu
Michael Lopez | H-214 | 619-388-7309 mwlopez@sdccd.edu

Career Options
Most careers related to this discipline require education beyond the associate degree level. Humanities degrees are for students who wish to base their careers on broad knowledge of American and world cultures. This major is applicable to posts in government, business, education, and the arts. Additional specialized training can lead to careers in foreign career service, museum work or teaching.

Transfer Information
Common university majors related to the field of Humanities include: Art History, Classics, Creative Writing, English, Film Studies, Geography, Humanities, Interdisciplinary Studies, Liberal Studies, Religious Studies.

Course Requirements for Transfer Students
Students who plan to transfer to a four-year college or university in this discipline should consult with a counselor or visit the Transfer Center to determine the appropriate major preparation courses for their specific transfer institution and major. Transfer students may also earn an Associate of Arts degree with an area of emphasis in Humanities Studies (see below). This degree is designed to accommodate the differing requirements of a wide variety of transfer institutions and major options in order to provide the most efficient path to transfer. More information on transfer programs and procedures is available in the Transfer Guide section of the catalog.

Associate of Arts Degree: Humanities Studies
The Associate of Arts degree with an area of emphasis in Humanities Studies is intended for students who plan to complete a bachelor’s degree at a transfer institution in a humanities-related major.

This degree is designed to accommodate the differing requirements of a wide variety of transfer institutions and major options. Because admission and major preparation requirements vary at each transfer institution, courses used to complete this degree should be selected with the assistance of a Miramar College counselor.

Total Units = 18–20

**General Education:** In addition to the courses listed above, students must complete one of the following general education options:

- The IGETC pattern (page 108) is accepted by all CSU campuses and most UC campuses and majors. It is also accepted by some private/independent or out of state universities.
- The CSU GE pattern (page 116) is accepted by all CSU campuses and some private/independent or out of state universities. It is not accepted by the UC system.

It is strongly recommended that students consult with a counselor to determine which general education option is most appropriate for their individual educational goals.

**Note:** It is recommended that students select courses that meet lower division major preparation requirements for their transfer university.

**Electives as needed to meet maximum of 60 CSU-transferable units required for the degree.**

**Human Development**
See “Child Development” on page 172.

---

**Interdisciplinary Studies**

**Award Type**

- **Certificate of Performance:**
  - Honors Global Competencies Certificate: 15–17
  - Sustainability: 17

- **Certificate of Achievement:**
  - CSU General Education – Breadth: 39–40
  - Intersegmental General Education Transfer (IGETC): 37–40

- **Associate of Science Degree:**
  - Occupational/Technical Studies: 18*

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

**Program Description**

Interdisciplinary Studies is a general term referring to instructional programs that incorporate coursework from a variety of different subject areas. The Interdisciplinary Studies program includes certificates and degrees designed to provide a broad exposure to a variety of subject areas. The program is designed to prepare students to transfer to a four-year university and/or to gain a broad exposure to a variety of subject areas.

**Program Learning Outcomes**

Students who complete a certificate or degree in the Interdisciplinary Studies Program will be able to:

- Demonstrate integrative and applied learning.
- Demonstrate critical inquiry, analysis, thinking, writing, and quantitative skills.
- Demonstrate knowledge of human cultures and the physical and natural world.
- Demonstrate intellectual and practical skills.
- Demonstrate personal and social responsibility.

**Transfer Information**

The Interdisciplinary Studies Program prepares students for various university majors and work in professional fields.

Students planning to transfer to a four-year college or university should complete courses required
for the university major and the general education pattern required by that transfer institution. Students should consult with a counselor or visit the Transfer Center to determine the appropriate major preparation courses for their specific transfer institution and major. More information on transfer programs and procedures is available in the Transfer Guide section of the catalog.

Faculty Office Telephone/Email
Mara Palma-Sanft M-107I 619-388-7501 mpalma@sdccd.edu

General Education Certificates

The Certificate of Achievement in CSU General Education - Breadth and the Certificate of Achievement in Intersegmental General Education Transfer (IGETC) are designed for students who intend to complete university general education requirements prior to transfer to a California State University (CSU) or University of California (UC) campus.

General education (GE) is a set of courses from a variety of different subject areas that every student must complete in order to earn a degree, regardless of major. The goal is to provide a well-rounded or “liberal” education and to develop the knowledge, skills, and attitudes that together help make up an educated person. The completion of GE prior to transfer is not required for admission to most universities. However, it is usually in the students’ best interest to complete an appropriate transfer GE pattern at the community college. This is because GE requirements that are not fulfilled prior to transfer must be completed later at the university, which often extends the time and expense of a university education.

Certificate of Achievement: CSU General Education – Breadth

The student will select courses that fulfill the CSU GE certification pattern detailed on page 116 of this catalog. CSU GE is accepted by all CSU campuses and some private / independent or out of state universities. CSU GE is not accepted by the UC system.

Total units = 39–40

Certificate of Achievement: Intersegmental General Education Transfer (IGETC)

The student will select courses that fulfill the IGETC certification pattern detailed on page 106 of this catalog. IGETC is accepted by all CSU campuses and most UC campuses and majors. It is also accepted by some private / independent or out of state universities.

Total units = 37–40

Other Interdisciplinary Degrees and Certificates

Certificate of Performance: Honors Global Competencies Certificate*

The Honors Global Competencies Certificate provides an interdisciplinary and systemic approach in order to prepare students for the highly diverse, technologically-rich, and multilingual global society in which we live. The Certificate offers students the opportunity to gain a global perspective through completion of coursework in intercultural competencies, communication skills, technology skills, and coping skills. This certificate helps students to transfer to four-year institutions in concert with the Honors designation. It prepares students for study and work in the world as a whole in professional fields such as international studies, intercultural studies, language studies, international business, international law, political science, comparative literature, environmental studies, history, technology, social sciences, humanities, teaching, and more.

PSYC 133 Psychology of Women  

Total Units = 15–17

This certificate will be offered through the Honors Programs at City, Mesa, and Miramar Colleges. All coursework except for foreign language must be done as an honors class or as an honors contract.

*A Certificate of Performance is a departmental award that does not appear on the student’s transcript. All courses must be completed within the San Diego Community College District.

Certificate of Performance: Sustainability*

This certificate provides students the tools to critically analyze the environmental, social, and economic issues related to sustainability.

Courses:  
- SUST 101 Introduction to Sustainability  
- BIOL 100 Natural History – Environmental Biology  
- ECON 120 Principles of Macroeconomics  
- PHIL 100 Logic and Critical Thinking  
- PHIL 102B Introduction To Philosophy: Values  
- BIOL 277D Service Learning -- on Campus  

Total Units = 17

*A Certificate of Performance is a departmental award that does not appear on the student’s transcript. All courses must be completed within the San Diego Community College District.

Associate of Science Degree: Occupational/Technical Studies

The Associate of Science degree with an area of emphasis in Occupational/Technical Studies is intended for students who plan to complete a bachelor’s degree at a transfer institution in an occupational- or technical-related major. Common university majors in this field include: Aviation and Aerospace Engineering, Aviation
Management, Criminal Justice / Justice Studies, Fire Protection Administration, Industrial Technology, Manufacturing Technology, and Vocational Education.

This degree is designed to accommodate the differing requirements of a wide variety of transfer institutions and major options. Because admission and major preparation requirements vary at each transfer institution, courses used to complete this degree should be selected with the assistance of a Miramar College counselor.

General Education: In addition to the courses listed above, students must complete one of the general education options listed on page 87:

- The IGETC pattern (page 106) is accepted by all CSU campuses and most UC campuses and majors. It is also accepted by some private/independent or out of state universities.
- The CSU GE pattern (page 116) is accepted by all CSU campuses and some private/independent or out of state universities. It is not accepted by the UC system.
- The San Diego Community College District General Education pattern (page 92) may be appropriate for students transferring to a private/independent or out of state university or to a high-unit major. Students selecting this option should meet with a counselor to determine the appropriate General Education courses for their individual transfer goals.

It is strongly recommended that students consult with a counselor to determine which general education option is most appropriate for their individual educational goals.

Electives as needed to meet minimum of 60 units required for the degree.

Legal Assistant
See “Paralegal” on page 220.

Mathematics

Award Type                      Units
Associate of Arts Degree:
Mathematics Studies             18*

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

Associate in Science for Transfer Degree:
Mathematics                     19

Program Description
Mathematics is the study of numbers, structures, and associated relationships using rigorously defined literal, numerical, and operations symbols. The mathematics curriculum includes courses that range from basic skills through differential equations. The basic skills and associate degree level courses provide students with the mathematical preparation necessary for study in other disciplines, as well as for degree and transfer requirements. Upon successful completion of this curriculum students may earn a mathematics degree and will have developed competence in mathematics through differential and integral calculus, providing an adequate background for employment in many technological and scientific areas as well as providing a firm foundation for students planning advanced study in mathematics, engineering, or physical sciences.

Program Learning Outcomes
Students who complete the Mathematics program will be able to:
• Apply mathematical skills to achieve academic and professional goals.
• Apply critical thinking in problem solving.
• Demonstrate sufficient mathematical knowledge for further academic study in mathematics or related disciplines.
• Analyze and solve mathematical problems in everyday life.

Transfer Information
Common university majors related to the field of mathematics include:

• Applied Mathematics
• Cognitive Science
• Mathematics
• Statistics

Students who plan to transfer to a four-year college or university in this discipline should consult with a counselor or visit the Transfer Center to determine the appropriate major preparation courses for their specific transfer institution and major. More information on transfer programs and procedures is available in the Transfer Guide section of the catalog.

General Education: In addition to the courses listed above, students must complete one of the general education options listed on page 87:

- The IGETC pattern (page 108) is accepted by all CSU campuses and most UC campuses and majors. It is also accepted by some private/independent or out of state universities.
- The CSU GE pattern (page 116) is accepted by all CSU campuses and some private/independent or out of state universities. It is not accepted by the UC system.
- The San Diego Community College District General Education pattern (page 92) may be appropriate for students transferring to a private/independent or out of state university or to a high-unit major. Students selecting this option should meet with a counselor to determine the appropriate General Education courses for their individual transfer goals.

It is strongly recommended that students consult with a counselor to determine which general education option is most appropriate for their individual educational goals.

Electives as needed to meet minimum of 60 units required for the degree.

Associate in Science in Mathematics for Transfer Degree:

The Associate in Science in Mathematics for Transfer Degree is intended for students who plan to complete a bachelor’s degree in Mathematics or a related major in the California State University (CSU) system. Students who complete this degree and transfer to a participating CSU campus will be required to complete no more than 60 units after transfer to earn a bachelor’s degree. It may not be appropriate preparation for students transferring to a CSU campus that does not accept the degree. Students who plan to complete this degree should consult a counselor for additional information about participating CSU campuses as well as university admission, degree, and transfer requirements.

Courses Required for the Major:  Units
MATH 119  Elementary Statistics*  3
MATH 150  Calculus with Analytic Geometry I*  5
MATH 151  Calculus with Analytic Geometry II*  4

Total Units = 19

*Course also fulfills general education requirements for the CSU GE or IGETC pattern.

General Education: In addition to the courses listed above, students must complete one of the following general education options:

- The IGETC pattern (page 106) is accepted by all CSU campuses and most UC campuses and majors. It is also accepted by some private/independent or out of state universities.
- The CSU GE pattern (page 116) is accepted by all CSU campuses and some private/independent or out of state universities. It is not accepted by the UC system.

It is strongly recommended that students consult with a counselor to determine which general education option is most appropriate for their individual educational goals.

Electives as needed to meet maximum of 60 units required for the degree.

Medical Laboratory Technology

Award Type  Units
Certificate of Performance:
Medical Laboratory Technician Training  12–13

Certificate of Achievement:
Medical Laboratory Technology  20

Associate of Science Degree:
Medical Laboratory Technology  20*

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

Program Description

The Medical Laboratory Technology (MLT) program prepares students for employment in clinical laboratories, industry, and biotechnology. The program curriculum integrates basic concepts, technical procedures, and laboratory exercises. This program provides practical experience for students to master the competencies, skills, and knowledge
required in the Medical Laboratory Technology profession.

Accredited by:
State of California Department of Health Services
National Association for the Accreditation of Clinical Laboratory Sciences

Note: Limited enrollment requires application process. Visit website for more information: www.sdmiramar.edu/instruction/mltt.

Program Learning Outcomes
Students who complete the Medical Laboratory Technology (MLT) program will be able to:

• Exhibit theoretical comprehension and competence in all MLT courses.

• Demonstrate entry level MLT skills in the following: Clinical Chemistry, Hematology, Urinalysis and Coagulation, Immunology and Immunohematology, and Microbiology.

• Demonstrate professionalism and awareness of their role in the delivery of health care to patients, such as respecting the rights of patients, colleagues and other health professionals as they perform duties within the constraints of legal, moral and ethical conduct.

• Exhibit positive attitudes in the areas of professionalism and commitment to delivering excellent health care.

Career Options
The MLT program is designed to educate and prepare students to sit for a national exam, which when passed will allow for immediate entry into a clinical lab environment as a Medical Laboratory Technician. The types of clinical labs include those in:

• community-based hospitals
• teaching hospitals
• private hospitals and clinics
• clinical research organization (CRO) support services.

The Certificate of Performance option is best for those seeking work in an unlicensed capacity.

Certificate of Performance: Medical Laboratory Technician Training*

The Certificate of Performance in Medical Laboratory Technician Training is designed to enhance or develop the skill sets of the medical laboratory technician or those seeking employment in the field of medical laboratory technology. The Certificate of Performance option is recommended for those seeking employment in an unlicensed capacity, for example in the biotechnology industry.

Music

Award Type Units
Certificate of Performance: Audio Production and Engineering 15
Associate of Arts Degree: Music Studies 18–20*

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

Program Description
The academic program in Audio Production and Engineering has been designed to provide students with the basic skills for engineering, recording, mixing and producing music for various music and audio industry recording fields. The program also provides students with skills in basic musicianship, theory, ear training and music business. The academic program in Music Studies provides students with basic musical skills required in the discipline in preparation for transfer to a four-year institution.

Program Learning Outcomes
Students who complete the Music program will be able to:
- Conduct an in depth analysis of contemporary music identifying genres from different periods as well as an analysis of music from historical and theoretical perspectives.
- Summarize societal issues associated with the production, dissemination, celebration and consumption of Music.
- Describe the relationship between technology using the technological tools applicable as it relates to music.

Career Options
Examples of entry level employment options after successful completion of the program include:
- Recording
- Mixing
- Composition
- Production of music for music CDs, film, video, music videos, jingles, radio, television and multimedia projects
- Audio visual technician
- Home theater audio consultant, designer and/or installer

This program also serves as a base for further education leading to careers such as digital audio technician, recording studio engineer, producer, sound re-enforcement engineer, synthesizer programmer, and retail music equipment sales.

Transfer Information
Common university majors in the field of Music Studies include:
- Creative Arts
- Music
- Music Business
- Music Education
- Ethnomusicology
- Music Performance
- Music Therapy

Students who plan to transfer to a four-year college or university in this discipline should consult with a counselor or visit the Transfer Center to determine the appropriate major preparation courses for their specific transfer institution and major. More information on transfer programs and procedures is available in the Transfer Guide section of the catalog.
Certificate of Performance: Audio Production and Engineering*

The Certificate of Performance in Audio Production and Engineering prepares students with a solid foundation in digital recording, mixing and mastering musical projects using state-of-the-art software and plug-ins. Students produce musical projects using Musical Instrument Digital Interface (MIDI) sequencing, as well as music for multimedia projects, film and video.

Total Units = 15

*A Certificate of Performance is a departmental award that does not appear on the student’s transcript. All courses must be completed within the San Diego Community College District.

The Certificate of Performance in Audio Production and Engineering includes only the core technology courses excluding the fundamental music skills courses and general education courses of the higher level programs.

Associate of Arts:

Music Studies

The Associate of Arts Degree with an area of emphasis in Music Studies is intended for students who plan to complete a bachelor’s degree at a transfer institution in an interdisciplinary music-related major.

The degree is designed to accommodate the differing requirements of a wide variety of transfer institution and major options. Because admission and major preparation requirements vary at each transfer institution, courses used to complete this degree should be selected with the assistance of a Miramar Counselor.

Courses Required for the Major:

<table>

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

Program Description

Paralegals assist attorneys in providing quality legal services to clients. The Paralegal program is designed to provide students with the knowledge and skills needed to assist lawyers in the practice of law.*

The curriculum focuses on building strong research, writing, and analytical skills, while stressing the ethical framework of the law. Upon completion of the program, students will be able to work in a variety of legal settings including law firms, corporations, and government agencies. All paralegal courses have a practical component, allowing students to practice the legal theories taught in the classroom.

The Paralegal program is approved by the American Bar Association.

*Paralegals may not provide legal services directly to the public, except as permitted by law. California prohibits the practice of law by non-lawyers.

Campus Residency

The Paralegal Program has been extremely cautious in its acceptance of transfer specialty credit from other institutions. All students must complete 18 units of major on Miramar’s campus. Accredited institutions that are ABA approved may transfer up to 12 credits towards their major. Legal courses taken more than 5 years may not meet the current curriculum requirements and/or the current laws and procedures and thus may not be accepted as transfer credit.
Academic Programs
The Paralegal program offers both an Associate in Science Degree and a Certificate of Achievement in compliance with the American Bar Association (ABA).

Program Learning Outcomes
Students who complete the Paralegal program will be able to:

- Recognize the ethical issues that arise in a legal work environment and apply rules of professional conduct to resolve them.
- Perform the duties of an entry level paralegal in a law firm or other legal work setting.
- Demonstrate written skills that paralegals use on the job.
- Apply basic principles of legal analysis.
- Use computers and other technology for document production, law office management, and trial preparation.
- Perform legal research using both printed and electronic sources.

Career Options
Paralegals work in a variety of businesses and other organizations, including:

- Law firms
- Court systems and offices
- Government agencies
- Corporate and business legal departments
- Insurance companies
- Financial institutions
- Real estate companies
- Health care facilities
- Community service agencies
- Consumer organizations

Opportunities also exist for graduates to continue their education at a four-year university.

Certificate of Achievement: Paralegal
This option is available only to students entering the program who have completed all general education core requirements through coursework received by either an Associate in Arts degree or a Bachelor’s degree. The Certificate of Achievement requires completion of the core courses (18 units) and legal elective courses (12 units) for a total of 30 units. Up to 6 units of approved law-related courses may be substituted for legal electives.

Total Units = 30

Other law-related classes may be accepted or substituted by petition or course substitution.

Additional general education and graduation requirements for the associate degree are listed in the Academic Requirements section of catalog. The associate degree requires a minimum of 60 units.

Personal Training

Program Description

Personal trainers design and deliver exercise programs for both individuals and small groups. With an understanding of anatomy, physiology, and human movement, they ensure a safe and effective exercise experience centered on improving physical health and wellness. Personal trainers must also understand human behavior and how to effectively motivate clients in order to enhance adherence to physical activity. This program prepares students for entry-level positions in the field of health and fitness and provides the necessary knowledge and skills needed to go on to earn a nationally accredited personal trainer certification.

Program Learning Outcomes

Students who complete the Personal Training program will be able to:
• Apply appropriate exercise science and kinesiology-related principles to design safe and effective exercise sessions.
• Demonstrate effective communication skills and teaching strategies when working one-on-one with clients.
• Instruct safe and effective exercise sessions for both individuals and small groups.

Career Options
The Personal Training program prepares its graduates for the following careers:
• Personal Trainer
• Fitness Specialist

Associate of Science Degree: Earth Science Studies | 18*
Pre-Engineering Studies | 23*

* and courses to meet graduation requirements, general education and electives as needed to meet the minimum of 60 units required for the degree.

Associate in Science for Transfer Degree: Physics 28

Program Description
Physical Science is the study of the physical environment, matter, and energy. Students learn the principles that form the foundations of non-living systems and gain an understanding and appreciation of the methodologies of science and investigative tools. The Physical Science program is designed to prepare students to transfer to a four-year university in a physical science-related discipline.

Program Learning Outcomes
Students who complete the Physical Sciences program will be able to:
• Demonstrate understanding of a physical phenomenon using scientific theory.
• Solve problems related to concepts in the physical sciences.
• Visualize important physical features of given physical phenomenon.
• Interpret scientific results collected by others and/or assess the validity of results collected in a physical science laboratory.

Transfer Information
Common university majors related to the field of Physical Science include:
• Astronomy
• Astrophysics
• Biophysics
• Chemical Physics
• Earth Sciences

Physical Education
See “Exercise Science” on page 194.
Students who plan to transfer to a four-year college or university in this discipline should consult with a counselor or visit the Transfer Center to determine the appropriate major preparation courses for their specific transfer institution and major. More information on transfer programs and procedures is available in the Transfer Guide section of the catalog.

**Total Units = 18**

**General Education:** In addition to the courses listed above, students must complete one of the general education options listed on page 87:

- The IGETC pattern (page 106) is accepted by all CSU campuses and most UC campuses and majors. It is also accepted by some private/independent or out of state universities.
• The CSU GE pattern (page 116) is accepted by all CSU campuses and some private/independent or out of state universities. It is not accepted by the UC system.

• The San Diego Community College District General Education pattern (page 92) may be appropriate for students transferring to a private/independent or out of state university or to a high-unit major. Students selecting this option should meet with a counselor to determine the appropriate General Education courses for their individual transfer goals.

It is strongly recommended that students consult with a counselor to determine which general education option is most appropriate for their individual educational goals.

Electives as needed to meet minimum of 60 units required for the degree.

Associate of Science: Pre-Engineering Studies

The Associate of Science degree with an area of emphasis in Pre-Engineering Studies is intended for students who plan to complete a bachelor’s degree at a transfer institution in an engineering-related major.

This degree is designed to accommodate the differing requirements of a wide variety of transfer institutions and major options. Because admission and major preparation requirements vary at each transfer Pre-Engineering institution, courses used to complete this degree should be selected with the assistance of a Miramar College counselor.

Courses Required for the Major: Units

Political Science

<table>
<thead>
<tr>
<th>Award Type</th>
<th>Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>Associate in Arts for Transfer Degree: Political Science</td>
<td>18</td>
</tr>
</tbody>
</table>

Program Description
Political science is the study of human behavior as it relates to political situations. It involves the examination of institutions, processes, people, ideas and policies. The study of political science develops critical thinking, cultural literacy, and other skills important for an active and informed citizenry.

The primary objectives of the Political Science program are to meet the American Institutions and general education requirements for associate and baccalaureate degrees. The political science program prepares students for a bachelor's degree in political science, which can lead to exciting careers in federal, state and local governments; law; business; international organizations; nonprofit associations and organizations; campaign management and polling; journalism; pre-collegiate education; electoral politics; research and university and college teaching.

Program Learning Outcomes
Students who complete the Political Science program will be able to:

- Comprehend information from a variety of sources.
- Integrate logical thinking, including informed fact and assessment, based upon theories and practices in the field, tying together classical and contemporary ideas of political theory and practice, including international relations, local and national government, interest groups and other modalities of the political landscape.
- Organize the comprehension of the fields of Political Science as expressed through written and oral sources.
- Apply appropriate learning and analysis theories within the field, explain these through writing and oral methodologies.
- Develop skills in problem solving, communication, critical thinking within the interrelationship of Political Science to other fields of the social sciences.

Transfer Information
Common university majors related to the field of Political Science include:

- Anthropology/Sociology
- Communications
- Criminal Justice
- History
- Journalism
- Philosophy
- Women's and Gender Studies
- Economics and Finance
- Ethnic Studies
- History
- International Business
- Latin American Studies
- Peace and Conflict Studies

Students who plan to transfer to a four-year college or university in this discipline should consult with a counselor or visit the Transfer Center to determine the appropriate major preparation courses for their specific transfer institution and major. More information on transfer programs and procedures is available in the Transfer Guide section of the catalog.
Associate in Arts in Political Science for Transfer Degree:

This degree is accepted by some but not all CSU campuses.

The Associate in Arts in Political Science for Transfer Degree is intended for students who plan to complete a bachelor’s degree in Political Science or a related major in the California State University (CSU) system.

Students who complete this degree and transfer to a participating CSU campus will be required to complete no more than 60 units after transfer to earn a bachelor’s degree. It may not be appropriate preparation for students transferring to a CSU campus that does not accept the degree. Students who plan to complete this degree should consult a counselor for additional information about participating CSU campuses as well as university admission, degree, and transfer requirements.

Program Description

Psychology is the scientific study of the human mind and its functions. This behavioral science emphasizes the understanding of thoughts, feelings, actions, and cognitive and behavioral characteristics of groups/individuals. The Psychology program is suited to meet the needs of transfer students who plan to major or minor in Psychology or related fields as well as two-year students.

Program Learning Outcomes

Students who complete the Psychology program will be able to:
• Demonstrate an understanding of the major principles, methods, and theories of psychology and will be assessed through a combination of performance evaluations, written assignments, and written exams, and quizzes.
• Using psychological theories and practices in the field, integrate logical thinking, including informed fact and assessment.
• Express through writing, comprehension of the field of psychology including major principles and ideas.
• Apply appropriate theories and analysis within the field through written and oral methodologies.
• Demonstrate skills in problem solving, communication, critical thinking, and interpret and discuss classical and contemporary theories of individual and social psychology.

Transfer Information
Common university majors in this field include:
• Psychology
• Behavioral Science
• Cognitive Science
• Social Work
• Biopsychology
• Child Development

Students who plan to transfer to a four-year college or university in this discipline should consult with a counselor or visit the Transfer Center to determine the appropriate major preparation courses for their specific transfer institution and major. More information on transfer programs and procedures is available in the Transfer Guide section of the catalog.

General Education: In addition to the courses listed above, students must complete one of the following general education options:

- The IGETC pattern (page 106) is accepted by all CSU campuses and most UC campuses and majors. It is also accepted by some private/independent or out of state universities.

- The CSU GE pattern (page 116) is accepted by all CSU campuses and some private/independent or out of state universities. It is not accepted by the UC system.

It is strongly recommended that students consult with a counselor to determine which general education option is most appropriate for their individual educational goals.

Note: It is recommended that students select courses that meet lower division major preparation requirements for their transfer university.

Electives as needed to meet maximum of 60 CSU-transferable units required for the degree.

**Sociology**

**Award Type**

| Associate in Arts for Transfer Degree: Sociology | 18 |

**Program Description**

Sociology is a behavioral science that is designed to provide students with a greater understanding of human interactions, social processes, culture, and social structures. It examines the tension that exists between structure, or social constraint, and agency, or individual free will, by analyzing both everyday social interactions and large social institutions. Sociologists study topics such as work, family, education, crime, gender, race, social class, the economy, politics and government, religion, sports, and social movements, understanding them through multiple perspectives. Sociology students will learn to apply the sociological perspective to the world around them. The Sociology Program is suited
to the needs of transfer students who wish to major or minor in Sociology or related fields, as well as students who wish to apply sociological principles to other areas of their lives.

Program Learning Outcomes
Students who complete the Sociology program will be able to:

• Be assessed through a combination of performance evaluations, written assignments, and written exams and quizzes.
• Integrate logical thinking, including informed fact and assessment, based upon theories and practices in the field, tying together classical and contemporary theories of social groups and modalities and their interrelatedness for both the group and the individual perspective.
• Organize the comprehension of the fields of Sociology as expressed through written and oral sources.
• Apply appropriate learning and analyze theories within the field, explaining these through written and oral methodologies.
• Develop skills in problem solving, communication, and critical thinking within the interrelationship of Sociology to other fields of the social sciences.

Transfer Information
Common university majors related to the field of Sociology include:

• Behavioral Science
• Community Studies
• Counseling
• Criminal Justice Administration
• Criminology
• Gender Studies
• Gerontology
• Law
• Policy Analysis
• Social Ecology
• Social Science
• Sociology
• Social Work
• Urban Studies and Planning
• Women's Studies

Students who plan to transfer to a four-year college or university in this discipline should consult with a counselor or visit the Transfer Center to determine the appropriate major preparation courses for their specific transfer institution and major. More information on transfer programs and procedures is available in the Transfer Guide section of the catalog.

General Education: In addition to the courses listed above, students must complete one of the following general education options:

- The IGETC pattern (page 108) is accepted by all CSU campuses and most UC campuses and majors. It is also accepted by some private/independent or out of state universities.
- The CSU GE pattern (page 116) is accepted by all CSU campuses and some private/independent or out of state universities. It is not accepted by the UC system.

It is strongly recommended that students consult with a counselor to determine which general education option is most appropriate for their individual educational goals.

Note: It is recommended that students select courses that meet lower division major preparation requirements for their transfer university.

Electives as needed to meet maximum of 60 CSU-transferable units required for the degree.

Yoga

Award Type Units

Certificate of Performance: Yoga Teacher 6.5 – 7

Program Description

Yoga teachers design and instruct yoga classes for participants of various ability levels. They ensure through diligent planning, intelligent sequencing, and the inclusion of appropriate progressions and regressions of poses that each class experience is safe, effective and enjoyable for all participants. This program fulfills the requirement for the 200-hour Registered Yoga Teacher (RYT) credential with Yoga Alliance and covers a wide range of topics, from the history and philosophy of yoga, to basic alignment principles and teaching methodologies.

Program Learning Outcomes

Students who complete the Yoga Teacher program will be able to:

- Design intelligently structured and sequenced yoga classes.
- Demonstrate appropriate teaching methodologies and effective communication skills while leading a varied group of yoga participants.
- Instruct appropriate progressions and regressions of yoga poses (asanas) to create a safe and effective multi-level class experience.

Career Options

The Yoga Teacher program prepares its graduates for the following careers:

- Yoga Teacher
- Group Fitness Instructor
- Meditation Teacher

Course Descriptions
General Course Information

Not all courses listed will be offered each semester, and San Diego Miramar College reserves the right to cancel any course if enrollment in such course is below a minimum number as set by the San Diego Community College District Board of Trustees. The hours indicated at the beginning of each course description, except where otherwise specified, denote the total number of clock hours the class meets each week.

Effective 2009–2010 catalog year (and each year thereafter), students must earn a grade of “C” or better in courses required for the major.

Students enrolled in occupational and health occupation programs must earn a grade of “C” or better in courses required for the major.

Only one course in a student’s major discipline may be used to meet the San Diego Community College district general education requirement.

Course Numbering System

The course numbering system has meaning with regard to level and transfer. See the description below:

- **1–49** Basic Skills or college preparatory courses. Credit does not apply toward the associate degree and is not intended for transfer to a four-year college or university. Final determination regarding the transfer of credit rests with the receiving institution.

- **50–99** Course credit applies toward the associate degree and is not intended for transfer to a four-year college or university. Final determination regarding the transfer of credit rests with the receiving institution.

- **100–299** Course credit applies toward the associate degree and is intended for transfer to a four-year college or university. (Some courses may be identified as associate degree applicable only. See catalog course description.) Final determination regarding the transfer of credit rests with the receiving institution.

- **300–391** Apprenticeship and in-service courses. See Catalog course description to determine credit for Associate Degree or Transfer.

- **392–399** Special Topics courses that employ a consistent disciplinary framework as described by a complete course outline of record, but utilize a specific focus area that may change from term to term may be offered in some disciplines. See the class schedule for specific titles and course details. (See catalog course description to determine credit for Associate Degree or Transfer.)

- **401-499** Upper division courses. Students must be admitted to a SDCCD college baccalaureate degree program.

Apprenticeship 345, 349, 349-D, DSPS 65, Field Experience/Internship 275, Independent Study 290, Individualized Instruction 296, Experimental Topics 18, 23, 63, 265, Tutoring 44, and Work Experience courses 270, 272 have Districtwide designated numbers.

Prerequisites, Corequisites, Limitations on Enrollment, and Advisories

All prerequisites, corequisites, and limitations on enrollment stated in the course descriptions listed in this catalog will be strictly enforced at the time of registration. Students who do not meet the prerequisite, corequisite, or other limitation according to the college’s records, will not be permitted to register for the course. Students are strongly advised to have all transcripts of prior college work and other documentation on file well in advance of registration. This will minimize registration delays. For more information see page 23.

**Students should plan their schedule early and see a counselor for assistance.**

Challenge Procedures

Students may challenge a prerequisite, corequisite or limitation on enrollment. Contact the Admissions Office to obtain a Petition to Challenge AT LEAST 10 working days prior to the start of the primary term/semester.

Generic Course Information

Any discipline or department may offer the courses listed below which do not appear individually in the catalog. If applicable to a particular subject area, it will be listed under the appropriate departmental heading (subject indicator) in the college class
schedule. For further information, please check with the instructor or department chair.

**Supervised Tutoring (044)**
Supervised tutoring courses are available in each discipline. To enroll in a supervised tutoring course, a student must be enrolled in a college or basic skills course in the respective discipline. The courses are designed to prepare the student to succeed in the corequisite or subsequent courses. Supervised tutoring may be taken four times, each time with a different corequisite. Credit does not apply to the associate degree.

**Experimental Topics (265)**
Experimental topics courses that examine an immediate specialized need or focused academic inquiry may be offered in some disciplines. See the class schedule for specific titles and course details.

**Special Topics Courses (392–399)**
Special topics courses that employ a consistent disciplinary framework as described by a complete course outline of record, but utilize a specific focus area that may change from term to term may be offered in some disciplines. See the class schedule for specific titles and course details. (See catalog course description to determine credit for Associate Degree or Transfer.)

**Work Experience (270)**
Program of on-the-job learning experiences for students employed in a job related to the major. Students may enroll in a maximum of 16 units of work experience in a lifetime, including a maximum of 6 units from General Work experience. Students may enroll in a maximum of 4 units per semester of Occupational Work experience. AA/AS; CSU.

**Service Learning**
Students gain hands-on experience in project planning, development, implementation and evaluation. Students meet weekly to receive support training and development opportunities regarding best practices in Service Learning. The service-learning options are as follows:

**Service Learning—High School Projects (277A)**
Students in this course develop and implement service-learning projects to help high school students under the supervision of college faculty and in cooperation with high school teachers, counselors and resource teachers. Projects may include collaboration with high school classes, educational projects for high school students, mentoring and shadowing. This course is intended for students from any discipline who are interested in project development, development of teaching skills or enhancement of communication and planning skills. Course segments may be taken in any order. The combined credit for all 277A discipline courses may not exceed three units. AA/AS; CSU.

**Service Learning—Elementary and Junior High School Projects (277B)**
Students in this course develop and implement service learning projects to help elementary and junior high school students under the supervision of college faculty and in cooperation with elementary and junior high school teachers, counselors and resource teachers. Projects may include collaboration with elementary and junior high school classes, educational projects for elementary and junior high school students, mentoring, and shadowing. This course is intended for students from any discipline who are interested in project development, development of teaching skills, or enhancement of communication and planning skills. Course segments may be taken in any order. The combined credit for all 277B discipline courses may not exceed three units. AA/AS; CSU.

**Service Learning—Community (277C)**
Students in this course develop and implement service-learning projects to help the college’s community under the supervision of college faculty and in cooperation with the staff of community organizations and agencies. Projects may include collaboration with off-campus community organizations and educational service oriented projects for the college’s community. This course is intended for students from any discipline who are interested in project development, development of teaching skills, or enhancement of communication and planning skills. Course segments may be taken in any order. The combined credit for all 277C discipline courses may not exceed three units. AA/AS; CSU.

**Service Learning—On Campus (277D)**
Students in this course develop and implement service-learning projects to help the college’s students under the supervision of college faculty and in cooperation with college counselors and staff. Projects may include collaboration with college
classes, educational projects for college students, mentoring, and shadowing. This course is intended for students from any discipline who are interested in project development, development of teaching skills, or enhancement of communication and planning skills. Course segments may be taken in any order. The combined credit for all 277D discipline courses may not exceed three units. AA/AS; CSU.

**Independent Study (290)**

This course is for students who wish to conduct additional research, a special project, or learning activities in a specific discipline/subject area and is not intended to replace an existing course in the discipline. In this course students will have a written contract with their instructor for activities such as: preparing problem analysis, engaging in primary research, preparing reports, and meeting with the instructor at specific intervals. AA/AS; CSU.

**Individualized Instruction (296)**

This course provides supplemental instruction to reinforce achievement of the learning objectives of a course in the same discipline under the supervision of the instructor of the designated course. Learning activities may employ a variety of self-paced multimedia learning systems, language labs, print and electronic resources, laboratory, or field research arrangements, to assist student in reaching specific learning objectives. This open entry/open exit course is offered concurrently with designated courses. AA/AS; CSU.

**Explanation of Terms**

Courses in the San Diego Community College District that are associate degree applicable and/or transfer to public four-year universities in California are identified at the end of each course description with the following statements:

**AA/AS: Associate Degree Applicable.** The course will apply toward the units required for the associate degree at San Diego Community College District colleges. The course is not intended for transfer to a four-year college or university. However, final determination of transfer credit rests with the receiving institution.

**CSU: California State University Applicable.** The course will apply toward the units required for the baccalaureate degree at the California State University system.

**UC: University of California Applicable.** The course will apply toward the units required for the baccalaureate degree at the University of California system.

**UC Transfer Limitation. See a counselor:** There may be limitations on the number of units that are applied from this course toward the total number of lower division units required for the baccalaureate degree at the University of California. Students should see a counselor concerning these limitations. The University of California limits the maximum amount of lower division credit that can be applied toward the baccalaureate degree in a variety of disciplines, including Journalism, Photography, Health, Business Administration, Architecture, Administration of Justice (Criminology) and Library Science.

**Field Trip: (FT)** A field trip may be required for this course. Detailed information concerning costs incurred will be provided by the instructor.

**Private Colleges/Independent/Out-of-State:**

Note regarding Private / Independent / Out-of-state institutions: San Diego Community College District courses that are designated as CSU or UC transferable may apply toward the total number of lower division units required for the baccalaureate degree at private, independent, and/or out-of-state colleges and universities, however, the final evaluation of course credit will be determined by the individual private, independent, or out-of-state institution.

**Exercise Science (formerly Physical Education) Classes/Intercollegiate Sports – Disclaimer**

Participation in all sports and exercise science (formerly Physical Education) activities involves certain inherent risks. Risks may include, but are not limited to, neck and spinal injuries that may result in paralysis or brain injury, injury to bones, joints, ligaments, muscles, tendons and other aspects of the muscular skeleton system; and serious injury, or impairment, to other aspects of the body and general health, including death. The San Diego Community College District, its officers, agents and employees are not responsible for the inherent risks associated with participation in physical education classes/intercollegiate sports. Students are strongly advised to consult a physician prior to participating in any exercise science (formerly Physical Education) activity.
UC Transfer and Exercise Science (formerly Physical Education) Courses

The University of California divides physical education courses into three categories: 1) Activity; 2) Theory, and 3) Academic/Scholarly. Credit for Activity courses is limited to four (4) units. Credit for Theory courses is limited to eight (8) units. No credit limitation is established for Academic/Scholarly courses. All UC-transferable exercise science (formerly Physical Education) courses and their associated unit limitations are listed on Web ASSIST at: www.assist.org.

UC Transfer and Variable Topics Courses

These courses are also called “Independent Studies”, “Special Studies”, “Special Topics”, “Field Work”, etc. Credit for variable topics courses is given only after a review of the scope and content of the course by the enrolling UC campus. This usually occurs after transfer and may require recommendations from faculty. Information about internships may also be presented for review, but credit for internships rarely transfers to UC. UC does not grant credit for variable topics courses in Journalism, Photography, Health, Business Administration, Architecture, Administration of Justice (Criminology) or Library Departments because of credit restrictions in these areas.

Course Identification Numbering System (C-ID)

The Course Identification Numbering System (C-ID) is a statewide numbering system independent from the course numbers assigned by local California community colleges. The purpose of a C-ID designation is to identify comparable courses within the California community college system and participating four-year institutions. When a C-ID number is listed in the catalog in association with a course, students can be assured that it will be accepted in lieu of a course bearing the same C-ID designation at another California community college. Many universities, including the University of California (UC) do not participate in the C-ID system. Therefore, students should always reference www.assist.org to confirm how each community college’s course will be accepted at a specific four-year college or university for transfer credit.

Accounting (ACCT)

102 Basic Accounting
3 hours lecture, 3 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 46 with a grade of “C” or better, or equivalent or Assessment Skill Level M40.

This course is a study in the theory and practice of the accounting process. Emphasis is placed on accounting transactions and bookkeeping. Topics include business documents; journals and ledgers; opening, adjusting and closing entries; and payroll. This course is intended for students interested in a practical approach to accounting. It can be used as preparation for the Certified Public Accountant (CPA) exam. (FT) AA/AS; CSU.

116A Financial Accounting
4 hours lecture, 4 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 46 with a grade of “C” or better, or equivalent or Assessment Skill Level M40.

This introductory course is an overview of financial accounting, why it is important, and how it is used by investors and creditors to make decisions. It covers the accounting information system, and the recording and reporting of business transactions with a focus on the accounting cycle, the applications of generally accepted accounting principles (GAAP), the classified financial statements, and statement analysis. Other topics include issues related to asset, liability, and equity valuation; revenue and expense recognition; cash flows; internal controls; and ethics. This course is intended for students majoring in accounting or other fields related to business administration. (FT) AA/AS; CSU; UC; C-ID ACCT 110.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
116B Managerial Accounting  
4 hours lecture, 4 units  
Grade Only

Prerequisite: Accounting 116A with a grade of “C” or better, or equivalent. 
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 46 with a grade of “C” or better, or equivalent or Assessment Skill Level M40. 
This course is a study of how managers use accounting information in decision-making, planning, directing operations, and controlling. The course focuses on cost terms and concepts, cost behavior, cost structure, and cost-volume-profit analysis. Other topics include profit planning, standard costs, operations and capital budgeting, cost control, and accounting for costs in manufacturing organizations. This course is intended for students majoring in accounting or other fields related to business administration. (FT) AA/AS; CSU; UC; C-ID ACCT 120.

120 Federal Income Tax  
3 hours lecture, 3 units  
Grade Only

Advisory: Completion of or concurrent enrollment in Accounting 116A with a grade of “C” or better, or equivalent. 
This course introduces tax concepts and tax laws that govern individuals who pay federal income taxes. Emphasis is placed on recognizing the social, economic, and political factors that Congress considers when they create tax laws. This course relates tax codes to the individual and identifies how tax planning skills can determine economic outcomes. In addition, it demonstrates and differentiates between tax avoidance and tax evasion. This course is intended for students majoring in Accounting or anyone interested in federal income tax concepts and laws. (FT) AA/AS; CSU.

121 California Income Tax  
1 hour lecture, 1 unit  
Grade Only

Advisory: Concurrent enrollment in: Accounting 120. 
This course is a study of California personal income taxation and tax planning. Emphasis is placed on tax concepts and related social economic issues rather than tax return preparation. The course distinguishes between California and Federal Income Tax requirements. This course is intended for all students interested in California income tax. AA/AS; CSU.

150 Computer Accounting Applications  
3 hours lecture, 3 units  
Grade Only

Advisory: Completion of or concurrent enrollment in Accounting 116A with a grade of “C” or better, or equivalent. 
This course illustrates how to use accounting computer programs in a commercial business enterprise. The main objective is to provide the student with a complete guide to creating and maintaining a proper accounting system while using a popular accounting software program (QuickBooks Pro) on a personal computer. The full accounting cycle and payroll is evaluated within a typical business environment. Business transactions are identified, labeled, recorded, and processed for both service and merchandise businesses. In addition, financial statements are constructed, evaluated, and reviewed for accuracy and completeness. This course is intended for students majoring in Accounting or those interested in computer accounting programs. (FT) AA/AS; CSU.

201A Intermediate Accounting I  
3 hours lecture, 3 units  
Grade Only

Prerequisite: Accounting 116A with a grade of “C” or better, or equivalent. 
This course introduces students to advanced theory and concepts with an emphasis on financial accounting standards and principles. Emphasis is placed on corporate financial statements. Topics include the acquisition, valuation, and disposition of assets as well as the identification and reporting of current liabilities. This course is intended for students majoring in Accounting and those interested in upgrading their accounting job/career skills. (FT) AA/AS; CSU.

201B Intermediate Accounting II  
3 hours lecture, 3 units  
Grade Only

Prerequisite: Accounting 201A with a grade of “C” or better, or equivalent. 
This course continues the study of advanced theory and concepts that was started in Accounting 201A. Emphasis is placed on the valuation and presentation of liabilities and stockholders’ equity, revenue recognition, leases and tax accounting. This
course is intended for students who are majoring in accounting. (FT) AA/AS; CSU.

270 Accounting Internship / Work Experience 60 – 300 hours other, 1–4 units Grade Only

Limitation on Enrollment: Must obtain an Add Code from the instructor for enrollment. This course provides on-the-job learning experiences for students employed in an accounting-related job or internship. Students develop workplace competencies, critical thinking skills, and problem solving abilities through the creation and achievement of job-related behavioral learning objectives. One unit of credit may be earned for each 75 hours of paid employment or 60 hours of volunteer work. This course may be taken up to four times. However, the combined maximum credit for all Work Experience courses from all subject areas may not exceed 16 units. This course is intended for students majoring in Accountancy or those interested in the accounting field. (FT) AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 236. Please refer to the class schedule and/or see the dean or department chair for availability.

Administration of Justice (ADJU)

Due to safety concerns, as well as minimum requirement by regulatory agencies, potential students should be aware applicable courses may require participants to demonstrate physically demanding skills, along with both verbal and nonverbal communication skills. The Department may impose physical qualifications for participation when a physical ability is validly deemed essential. If you have any concerns as to your ability to safely participate in these courses, please contact the Dean of Public Safety at 619-388-7860.

Students who believe they have sufficient grounds may challenge a prerequisite, corequisite, or limitation on enrollment in a specific course. See the challenge procedure in the college catalog.

Equivalent enrollment eligibility granted by SDCCD does not guarantee that state regulatory and licensing authorities will also grant equivalency for licensure or employment purposes.

101 Introduction to Administration of Justice 3 hours lecture, 3 units Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

Limitation on Enrollment: This course is not open to students with previous credit for Administration of Justice 101A, 101B or 101C.

This course introduces students to the philosophy and history of administration of justice. It provides an overview of crime, police problems, and the organization and jurisdiction of law enforcement agencies. Students survey professional career opportunities and qualifications. This course is intended for students majoring in Administration of Justice. (FT) AA/AS; CSU; UC; C-ID AJ 110.

102 Criminal Law I 3 hours lecture, 3 units Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

This course introduces students to the scope and source of criminal law and classification of crimes against persons, property, morals, and public welfare. Topics include classification and general elements of crime, the definitions of common and statutory law, acceptable evidence, types of intent, capacity to commit crimes, legal defenses, criminal culpability, parties to crime, laws of arrest, and Constitutional background. This course is intended for students majoring in Administration of Justice or anyone interested in criminal law. (FT) AA/AS; CSU; C-ID AJ 120.
106 Diversity and Community Relations
3 hours lecture, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
This course examines the complex, dynamic relationship between communities and the justice system in addressing crime and conflict. The course emphasizes the challenges and prospects of administering justice within a diverse multicultural population from the perspective of the individual peace officer as well as the broader perspective of the criminal justice system including the police, courts, and corrections. Subject matter emphasizes the major cultural groups in California and the community relations problems facing law enforcement personnel. This course is intended for students majoring in Administration of Justice or anyone interested in law enforcement community relations. (FT) AA/AS; CSU.

127A Physical Conditioning I
3 hours lab, 1 unit
Letter Grade or Pass/No Pass Option
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
Limitation on Enrollment: This course is not open to students with previous credit for Administration of Justice 147, 147A or Criminal Justice 120A.
This course is an introduction to physical conditioning skills and techniques used in public safety occupations. Topics include introductory-level stretching, cardiovascular, and strength conditioning exercises to develop physical skills required in criminal justice, fire protection, and other public safety fields. This course is intended for students preparing for employment in a public safety-related field. AA/AS; CSU.

127B Physical Conditioning II
2 hours lab, 1 unit
Letter Grade or Pass/No Pass Option
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Administration of Justice 127A with a grade of “C” or better, or equivalent.
This course provides introductory-level students with intermediate-level physical conditioning skills and techniques used in public safety occupations. Techniques and workout routines from the beginning course are expanded into a full beginning-level workout routine. Additional topics include the importance of fitness to lifelong well-being; injury prevention; and the relationship between physical fitness training and work tasks in criminal justice, fire protection, and related occupations. This course is intended for students preparing for employment in a public safety-related field. AA/AS; CSU.

127C Physical Conditioning III
3 hours lab, 1 unit
Letter Grade or Pass/No Pass Option
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Administration of Justice 127B with a grade of “C” or better, or equivalent.
This course provides beginning-level students with intermediate-level physical conditioning skills and techniques used in public safety occupations. Techniques and workout routines from the beginning course are expanded into task-specific exercises related to work requirements in public safety occupations. In addition, students are introduced to fitness self-assessments in several fundamental physical conditioning categories. Other topics include nutritional guidelines; injury prevention practices and treatment; and the importance of lifelong physical fitness practices in criminal justice, fire protection, and related occupations. This course is intended for students preparing for employment in a public safety-related field. AA/AS; CSU.

127D Physical Conditioning IV
3 hours lab, 1 unit
Letter Grade or Pass/No Pass Option
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Administration of Justice 127C with a grade of “C” or better, or equivalent.
This course provides intermediate-level students with advanced-level physical conditioning skills and techniques used in public safety occupations. Students integrate techniques and workout routines from the intermediate course to develop individual workout routines designed to meet the lifelong occupational requirements of a public safety field. Students also expand their self-assessment skills into a comprehensive fitness, nutrition, and health self-evaluation. This course is intended for students...
preparing for employment in a public safety-related field. AA/AS; CSU.

**128A Defensive Tactics I**

3 hours lab, 1 unit  
Grade Only  

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.  
Limitation on Enrollment: This course is not open to students with previous credit for Administration of Justice 148, 148A, Criminal Justice 121, or 121A.  
This course provides introductory-level skills and practice in protection against persons armed with dangerous weapons. Students are introduced to demonstration and drill in a limited number of control holds and take downs. In addition, related California Penal Code sections are introduced. This course is intended for students majoring in Administration of Justice or practicing peace officers. (FT) AA/AS; CSU.

**128B Defensive Tactics II**

3 hours lab, 1 unit  
Grade Only  

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Administration of Justice 128A with a grade of “C” or better, or equivalent.  
This course provides introductory-level students with beginning level skills and practice in protection against persons armed with dangerous weapons. Techniques from the introductory course are developed and expanded to include single subject searches during arrest and the restraint of single and multiple prisoners. In addition, students expand their knowledge of related California Penal Code sections. This course is intended for students majoring in Administration of Justice or practicing peace officers. (FT) AA/AS; CSU.

**128C Defensive Tactics III**

3 hours lab, 1 unit  
Grade Only  

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Administration of Justice 128B with a grade of “C” or better, or equivalent.  
This course provides beginning-level students with intermediate-level skills and practice in protection against persons armed with dangerous weapons. Techniques from the beginning course are developed and expanded to include multiple subject searches during arrest and the restraint of multiple prisoners. Other topics include the psychological and physiological effects of the use of force; the transportation of single and multiple prisoners; and an introduction to the use of the police baton. This course is intended for students majoring in Administration of Justice or practicing peace officers. (FT) AA/AS; CSU.

**128D Defensive Tactics IV**

3 hours lab, 1 unit  
Grade Only  

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Administration of Justice 128C with a grade of “C” or better, or equivalent.  
This course provides intermediate-level students with advanced-level skills and practice in protection against persons armed with dangerous weapons. Students learn to integrate techniques and concepts from the intermediate course in order to evaluate arrest and control situations, determine the appropriate use of force, and avoid illegal use of force. Other topics include advanced use of the police baton; liabilities arising from the use of force; and weapon retention and disarming. This course is intended for students majoring in Administration of Justice or practicing peace officers. (FT) AA/AS; CSU.

**140 Patrol Procedures**

3 hours lecture, 3 units  
Grade Only  

Advisory: English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Level R5 and W5.  
This course covers techniques and methods used by peace officers while on patrol. Topics include observation skills, perception, and recollection of facts. Students develop insight into prioritization of calls for service, crimes in progress, officer survival techniques, and handling of unusual incidents. This course is intended for students majoring in Administration of Justice. (FT) AA/AS; CSU.
160 Criminal Law II
3 hours lecture, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
This course is an introduction to dangerous weapons control laws, homicide, and miscellaneous offenses. Other topics include false imprisonment; kidnapping; sex crimes; public safety and morals; burglary; robbery and extortion; theft and embezzlement; controlled substance and alcohol abuse; forgery; arson; and Alcohol Beverage Control (ABC) laws. This course is intended for students majoring in Administration of Justice or anyone interested in criminal law. (FT) AA/AS; CSU.

161 Juvenile Procedures
3 hours lecture, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
This course provides an overview of the history, development, and organization of the juvenile justice system in the U.S. Topics include the organization, functions, and jurisdiction of juvenile agencies; juvenile law; the processing and detention of juveniles; juvenile dispositions, statutes, and court procedures; and the Constitutional protections extended to juveniles. This course is intended for students majoring in Administration of Justice or others interested in the juvenile justice system. (FT) AA/AS; CSU.

162 Criminal Investigation
3 hours lecture, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
This course is an introduction to the techniques, procedures, and ethical issues in crime scene investigations. Topics include the organization of the investigative process; crime scene searches; interviewing and interrogating; surveillance; sources of information; utility of evidence; scientific analysis of evidence; and the role of the investigator in the case development and trial processes. Students also learn how to collect and preserve physical evidence, gather information, and identify, collect, and preserve fingerprints. This course is intended for students majoring in Administration of Justice or anyone interested in the criminal investigations process. (FT) AA/AS; CSU; C-ID AJ 140.

167 Report Writing
3 hours lecture, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
This course covers the forms and formats of written communications in both civil and criminal areas of law enforcement. Students prepare written reports relative to crime scene investigation, evidence preservation, chain of evidence continuity, case history, case prosecution, data processing preparation, criminal records, and other types of law enforcement statistical material utilized in case preparation. This course is intended for students majoring in Administration of Justice or preparing for employment in a public safety-related occupation. (FT) AA/AS; CSU.

180 Drug Abuse and Law Enforcement
3 hours lecture, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
Limitation on Enrollment: This course is not open to students with previous credit for Administration of Justice 265.
This course offers students the opportunity to analyze and effectively address drug abuse issues that are encountered in law enforcement. Topics include drug laws and major drug categories, their effects, and associated types of paraphernalia. This course is intended for students majoring in Administration of Justice or anyone interested in drug abuse issues. (FT) AA/AS; CSU.

182 Street Gangs and Law Enforcement
3 hours lecture, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
Limitation on Enrollment: This course is not open to students with previous credit for Administration of Justice 265.
This course presents an overview of street gang issues. Topics include the history of gangs, gang dynamics, criminal activities, differences among gangs, narcotics involvement, and gang philosophy.
The course emphasizes the law enforcement perspective for involvement, intervention, prosecution, and intelligence gathering. This course is intended for students majoring in Administration of Justice or anyone interested in law enforcement. (FT) AA/AS; CSU.

190 Legal Aspects of Corrections
3 hours lecture, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
This course covers the historical framework, concepts, and precedents that guide correctional practice. Topics include the corrections environment, prisoners’ civil rights, and responsibilities and liabilities of corrections staff. This course is intended for current or prospective correctional officers. (FT) AA/AS; CSU.

191 Control and Supervision in Corrections
3 hours lecture, 3 units
Grade Only
Corequisite: Completion of or concurrent enrollment in Administration of Justice 194 with a grade of “C” or better, or equivalent.
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
This course introduces the methods, practices, and theory related to the custodial supervision of incarcerated persons in federal, state, and local correctional facilities. It also introduces issues of custodial control on a continuum from day-to-day institutional living through crisis situations. Students analyze the interaction between the offender and correctional employee and examine the skills related to effective communication and crisis intervention. Other topics include the effects of violence, overcrowding, gangs, substance abuse, legislation, and other factors that impact the offender, employee, and facility. This course is intended for current or prospective correctional officers. (FT) AA/AS; CSU.

192 Correctional Interviewing and Counseling
3 hours lecture, 3 units
Grade Only
Corequisite: Completion of or concurrent enrollment in Administration of Justice 194 with a grade of “C” or better, or equivalent.
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
This course introduces students to counseling and interviewing techniques available to practitioners in the field of corrections. Topics include how to collect, organize, and document pertinent information as well as how to plan, design, and conduct interviews. This course is intended for current or prospective correctional officers. (FT) AA/AS; CSU.

193 Concepts of Criminal Law
3 hours lecture, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
This course provides an overview of criminal law and its relationship to the administration of justice system. Students examine criminal statutes and criminal law in the correctional setting. They also explore crimes against persons, property, and the state. This course is intended for current or prospective correctional officers or anyone interested in U.S. criminal law. (FT) AA/AS; CSU; UC.

194 Introduction to Correctional Science
3 hours lecture, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
This course introduces students to the history and development of corrections. It emphasizes legal issues, general laws, and general operations in correctional institutions at the federal, state, and local levels. Other topics include the relationship between corrections and other components of the criminal justice system, alternatives to incarceration, contemporary correctional issues, and employment opportunities within the field. This course is intended for current or prospective correctional officers. (FT) AA/AS; CSU; C-ID AJ 200.
201 California Criminal Procedure
3 hours lecture, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 or W5.
This course introduces students to the origin, development, philosophy, and legal basis of criminal procedures in California. Students examine procedural statute law, state and Constitutional case law, the California court system, the California grand jury system, pretrial court procedures, adult trial procedures, juvenile court procedures, sentencing, and the appellate process. Topics include laws governing arrest, use of force, motions, rules of discovery, and applicable rules of evidence. This course is intended for students majoring in Administration of Justice or anyone interested in the criminal court process. (FT) AA/AS; CSU; C-ID AJ 122.

205 Leadership Theory and Practice
3 hours lecture, 3 units
Grade Only
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.
Limitation on Enrollment: This course is not open to students with previous credit for Administration of Justice 386 or Military Studies 110.
This course provides an interdisciplinary foundation in the field of leadership theory and practice. Students study the principles, definitions, and various models of leadership. Topics include the psychological, social, cultural, and physiological aspects of leadership such as traits, skills, styles, and processes; contingency, path-goal, and leader-member exchange theory; the mind-body relationship; and ethics. Students also develop a personal philosophy of leadership and its application to the workplace and everyday life. This course is designed for current or future leaders in public safety organizations, the armed forces, government, business, academia, and non-profit organizations. (FT) AA/AS; CSU; C-ID AJ 150.

230 Constitutional Law I
3 hours lecture, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
This course introduces the sources and limitations of government power contained in the U.S. Constitution. Students examine the contemporary interpretation and application of the Constitution as well as the historical underpinnings. The course explores how the U.S. Supreme Court has interpreted and applied the Constitution in the on-going effort to balance power in the following arenas: among branches of the federal government, between the federal government and states, and between the government and individual citizen. This course is intended for students majoring in Administration of Justice or anyone interested in U.S. law or law enforcement. (FT) AA/AS; CSU; UC.
290 Independent Study  
**Hours by Arrangement, 1–3 units**  
**Grade Only**  

*Limitation on Enrollment:* Must obtain an Add Code from instructor for registration.  
Investigation of a special area in the field of Administration of Justice. AA/AS; CSU.

300 First Aid  
**8–9 hours lecture, 0.5 units**  
**Grade Only**  

*Prerequisite:* Administration of Justice 381, 382, 383, and 384, each with a grade of “C” or better, or equivalent.  
This course provides first aid training for peace officers and other public safety personnel. Topics include communication, terminology, situation assessment, environmental emergencies, cardiopulmonary resuscitation, medical emergency childbirth, and the emotionally disturbed. This course is intended for practicing public safety personnel who need first aid training as outlined by the State of California regulations. (FT) AA/AS.

304A Intermediate Traffic Accident Investigation  
**24–48 hours lab, 0.5 units**  
**Grade Only**  

*Prerequisite:* Administration of Justice 304A, 381, 382, 383 and 384, each with a grade of “C” or better, or equivalent.  
*Advisory:* English 48, English 49 and Mathematics 34A, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5, W5 and M20.  
*Limitation on Enrollment:* This course is not open to students with previous credit for Administration of Justice 305.  
This P.O.S.T. certified course provides students with advanced traffic accident investigative skills and knowledge. Students learn how to determine the sequence of events that result in a traffic collision and how to document a collision. This course is intended for practicing law enforcement officers. (FT) AA/AS.

305A Advanced Traffic Accident Investigation  
**72–88 hours lab, 1.5 units**  
**Grade Only**  

*Prerequisite:* Administration of Justice 304A, 381, 382, 383 and 384, each with a grade of “C” or better, or equivalent.  
*Limitation on Enrollment:* This course is not open to students with previous credit for Administration of Justice 305.  
This course provides advanced traffic accident investigative skills and knowledge. Students learn how to determine the sequence of events that result in a traffic collision and how to document a collision. This course is intended for practicing law enforcement officers. (FT) AA/AS.

307A Traffic Enforcement Radar Certification  
**24–48 hours lab, 0.5 units**  
**Grade Only**  

*Prerequisite:* Administration of Justice 381, 382, 383 and 384, each with a grade of “C” or better, or equivalent.  
*Advisory:* Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.  
*Limitation on Enrollment:* This course is not open to students with previous credit for Administration of Justice 307.  
This Peace Officer Standards & Training (P.O.S.T) certified course covers the legal and technical use of radar equipment. Topics include radar history and theory, moving and stationary radar, equipment setup and calibration, target identification, and the detection of anomalous and spurious readings. This course is intended for practicing law enforcement officers. (FT) AA/AS.

310A Deputy Leadership Session 1: Leadership, Power, and Authority  
**24–27 hours lab, 0.5 units**  
**Grade Only**  

*Prerequisite:* Administration of Justice 381, 382, 383 and 384, each with a grade of “C” or better, or equivalent.  
This is the first in a series of eight courses designed to develop and enhance the leadership abilities of law enforcement officers.
law enforcement officers. Throughout the series emphasis is placed on leadership values, traits, and skills applicable to students’ professional and personal lives. Session 1 topics include leadership paradigms, values, loyalty, power, authority, and group attitudes. This course is intended for practicing law enforcement officers. (FT) AA/AS; CSU.

310B Deputy Leadership Session 2: Learning, Goal Setting, and Value Systems
24–27 hours lab, 0.5 units
Grade Only

Prerequisite: Administration of Justice 310A with a grade of “C” or better, or equivalent.
This is the second in a series of eight courses designed to develop and enhance the leadership abilities of law enforcement officers. Throughout the series emphasis is placed on leadership values, traits, and skills applicable to students’ professional and personal lives. Session 2 topics include adult learning theory, personal goal setting, value systems, loyalty, and management versus leadership. This course is intended for practicing law enforcement officers. (FT) AA/AS; CSU.

310C Deputy Leadership Session 3: Development, Integrity, and Ethics
24–27 hours lab, 0.5 units
Grade Only

Prerequisite: Administration of Justice 310B with a grade of “C” or better, or equivalent.
This is the third in a series of eight courses designed to develop and enhance the leadership abilities of law enforcement officers. Throughout the series emphasis is placed on leadership values, traits, and skills applicable to students’ professional and personal lives. Session 3 topics include development, integrity, ethics, the Pygmalion Effect, and empowerment. This course is intended for practicing law enforcement officers. (FT) AA/AS; CSU.

310D Deputy Leadership Session 4: Principles, Preferences, and Perspectives
24–27 hours lab, 0.5 units
Grade Only

Prerequisite: Administration of Justice 310C with a grade of “C” or better, or equivalent.
This is the fourth in a series of eight courses designed to develop and enhance the leadership abilities of law enforcement officers. Throughout the series emphasis is placed on leadership values, traits, and skills applicable to students’ professional and personal lives. Session 4 topics include principles, ethical perspectives, and management change. This course is intended for practicing law enforcement officers. (FT) AA/AS; CSU.

310E Deputy Leadership Session 5: Time Management, Motives, and Discipline
24–27 hours lab, 0.5 units
Grade Only

Prerequisite: Administration of Justice 310D with a grade of “C” or better, or equivalent.
This is the fifth in a series of eight courses designed to develop and enhance the leadership abilities of law enforcement officers. Throughout the series emphasis is placed on leadership values, traits, and skills applicable to students’ professional and personal lives. Session 5 topics include time management, motives, community leadership, discipline, organizational values, and personal moral conviction. This course is intended for practicing law enforcement officers. (FT) AA/AS; CSU.

310F Deputy Leadership Session 6: Trends, Change, and Group Dynamics
24–27 hours lab, 0.5 units
Grade Only

Prerequisite: Administration of Justice 310E with a grade of “C” or better, or equivalent.
This is the sixth in a series of eight courses designed to develop and enhance the leadership abilities of law enforcement officers. Throughout the series emphasis is placed on leadership values, traits, and skills applicable to students’ professional and personal lives. Session 6 topics include community trends, the nominal group technique, dynamics of change, and group dynamics. This course is intended for practicing law enforcement officers. (FT) AA/AS; CSU.

310G Deputy Leadership Session 7: Future Files, Politics, and Risk Taking
24–27 hours lab, 0.5 units
Grade Only

Prerequisite: Administration of Justice 310F with a grade of “C” or better, or equivalent.
This is the seventh in a series of eight courses designed to develop and enhance the leadership abilities of law enforcement officers. Throughout the series emphasis is placed on leadership values, traits, and skills applicable to students’ professional and personal lives. Session 7 topics include future files, economic and political issues, success, respect, and discipline. This course is intended for practicing law enforcement officers. (FT) AA/AS; CSU.
310H Deputy Leadership Session 8: Teams, Technology, and Program Effectiveness  
24–27 hours lab, 0.5 units  
Grade Only  
Prerequisite: Administration of Justice 310G with a grade of “C” or better, or equivalent.  
This is the last in a series of eight courses designed to develop and enhance the leadership abilities of law enforcement officers. Throughout the series emphasis is placed on leadership values, traits, and skills applicable to students’ professional and personal lives. Session 8 topics include effective team building, technology, group projects, and program effectiveness. This course is intended for practicing law enforcement officers. (FT) AA/AS; CSU.

312A Basic Supervisory Course  
72 - 88 hours lab, 1.5 units  
Grade Only  
Prerequisite: Administration of Justice 381, 382, 383 and 384, each with a grade of “C” or better, or equivalent.  
Limitation on Enrollment: This course is not open to students with previous credit for Administration of Justice 312.  
This course introduces law enforcement personnel to the duties and responsibilities of the first-line supervisor. Topics include theories of supervision as well as practical skills and techniques. This course is intended for practicing law enforcement officers. (FT) AA/AS.

313A Public Safety Dispatcher’s Basic Course  
120 - 135 hours lab, 2.5 units  
Grade Only  
Limitation on Enrollment: This course is not open to students with previous credit for Administration of Justice 313.  
This course provides the student with entry-level skills and knowledge relevant to public safety dispatchers. Topics include the California legal system; telephone and radio procedures; emergency medical dispatch functions; stress awareness; and critical incident response. This course is intended for current or future employees providing dispatch service for law enforcement personnel in agencies participating in the Peace Officer Standards and Training (P.O.S.T.) Public Safety Dispatcher Program. (FT) AA/AS.

314A Officer Safety and Field Tactics  
32 - 40 hours lab, 0.5 units  
Grade Only  
Prerequisite: Administration of Justice 381, 382, 383 and 384, each with a grade of “C” or better, or equivalent.  
Limitation on Enrollment: This course is not open to students with previous credit for Administration of Justice 314.  
This course provides safety and field tactics training for current public safety officers. Topics include weapons retention; new laws and legal research; civil liability; officer survival in field situations; high-risk vehicle stops; and shooting proficiency. This course is intended for practicing peace officers. (FT) AA/AS.

316 Baton Instructor Course  
48–54 hours lab, 1 unit  
Grade Only  
Prerequisite: Administration of Justice 381, 382, 383, 348, each with a grade of “C” or better, or equivalent POST Certification.  
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.  
This Peace Officer Standards & Training (POST)-certified course develops baton instruction skills. Students learn the teaching techniques of an all-encompassing impact weapon/control device program. This program enables students to give basic baton training with one set of techniques that is useful with a variety of impact weapons/control devices. Topics include techniques of instruction for the side handle, straight, and expandable baton; Orcutt Police Nunchaku (OPN); flashlight; and sap. This course meets Regional Baton Instructor application requirements. It is intended for practicing peace officers. (FT) AA/AS.

320 Semi-Automatic Pistol Training  
1.5 hours lab, 0.5 units  
Grade Only  
Prerequisite: Administration of Justice 323A or 381, 382, 383, and 384, each with a grade of “C” or better, or equivalent.  
This course is an introduction to the characteristics and use of the self-loading semi-automatic pistol.

(FT) = A field trip may be required for this course.  
AA/AS = Associate Degree Applicable  
CSU = California State University Applicable  
UC = University of California Applicable
Topics include firearms safety, use of force decision making, marksmanship skills, pistol operation, and pistol maintenance. Training occurs in both daylight and lowlight conditions using both basic and combat-oriented firing exercises. This course is intended for practicing law enforcement officers. (FT) AA/AS.

322A Basic Traffic Accident Investigation
8 hours lecture, 24–40 hours lab, 1 unit
Grade Only

**Prerequisite:** Administration of Justice 381, 382, 383 and 384, each with a grade of “C” or better, or equivalent.

**Advisory:** English 48, English 49 and Mathematics 38, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5, W5 and M30.

**Limitation on Enrollment:** This course is not open to students with previous credit for Administration of Justice 322.

This Peace Officer Standards & Training (P.O.S.T.) certified course provides the student with skills and knowledge to properly investigate and document traffic collisions. Students learn to write traffic collision-related notices of violations based on reasonable cause per California Vehicle Code Section 40600. Other topics include collision-related traffic laws, traffic accident investigation procedures, and court presentations. This course is intended for practicing law enforcement officers. (FT) AA/AS.

323A S.T.C. Certified Corrections Officer Core Course
552 - 621 hours lab, 11.5 units
Grade Only

**Limitation on Enrollment:** This course is not open to students with previous credit for Administration Of Justice 323.

This course provides entry-level training for correctional officers. It exceeds the minimum mandates of the California State Board of Corrections and is designed to introduce the student to the role of corrections in today’s society. Topics include facility operations, criminal law, ethics, inmate supervision, defensive tactics, and physical training. This course is intended for students entering initial employment as corrections officers. (FT) AA/AS.

324A S.T.C. Certified Supplemental Core Course
48 - 54 hours lab, 1 unit
Grade Only

**Prerequisite:** Administration of Justice 381, 382, 383, and 384, each with a grade of “C” or better, or equivalent POST Certification.

**Advisory:** English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Level R5 and W5.

**Limitation on Enrollment:** This course is not open to students with previous credit for Administration of Justice 324.

This Standards and Training for Corrections (S.T.C.) certified course provides entry level training for corrections officers who are peace officers and have completed the Peace Officer Standards & Training (POST) Basic Course. It emphasizes facility operations; inmate supervision and management; facility security; booking and releasing inmates; and emergency procedures. This course meets California State Board of Corrections mandates. It is intended for practicing peace officers. (FT) AA/AS.

327A Advanced Patrol Strategies
32 - 40 hours lab, 0.5 units
Grade Only

**Prerequisite:** Administration of Justice 381, 382, 383 and 384, each with a grade of “C” or better, or equivalent (POST Certification).

**Advisory:** English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

**Limitation on Enrollment:** This course is not open to students with previous credit for Administration of Justice 327.

This course provides updated training in advanced officer safety and field tactics. Topics include performance driving, survival firearms, and officer involved shootings. Students practice drills under varied weather and lighting conditions. This course is intended for practicing law enforcement officers. (FT) AA/AS.

330A POST Certified Field Training Officer Course
32 - 40 hours lab, 0.5 units
Grade Only

**Prerequisite:** Administration of Justice 381, 382, 383 and 384, each with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Administration of Justice 330.

This course introduces students to the field training program and provides them with the knowledge, skills, and abilities to function as Field Training Officers (FTOs). Topics include FTO roles; ethics; civil liability; instructional techniques; sexual harassment; leadership; documentation; officer safety; override and intervention; adult learning theory; and other related subjects. This course is designed for recently appointed FTOs from law enforcement agencies. AA/AS.

331A Advanced Officer Training/Field Operations

72–88 hours lab, 1.5 units

Prerequisite: Administration of Justice 381, 382, 383, and 384, each with a grade of “C” or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Administration of Justice 331.

This course is designed to provide updated training in the areas of field tactics, criminal law, and general patrol procedures for members of the Sheriff’s Department. It is intended for practicing deputies and sergeants who are being assigned to patrol stations for the first time or being reassigned to patrol after an absence of more than one year. (FT) AA/AS.

333B POST Certified Firearms Instructors Course

32–40 hours lab, 0.5 units

Prerequisite: Administration of Justice 381, 382, 383, and 384, each with a grade of “C” or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Administration of Justice 333 or 333A.

This course provides training for peace officer firearms instructors in the skills and knowledge to identify and assist peace officers with deficient firearms skills. Topics include firearms safety, liability encountered during training, basic firearms knowledge, course design, methods of instruction, lesson plans, and presentation strategies. Students also receive a special weapons orientation and preview new firearms accessories and equipment. This course is intended for practicing peace officers. (FT) AA/AS.

334 Law Enforcement Emergency Vehicle Operation

72–81 hours lab, 1.5 units

Prerequisite: Administration of Justice 384 with a grade of “C” or better, or equivalent.

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

This course provides law enforcement officers with a general knowledge of driving principles and vehicle dynamics. Students learn how to operate emergency vehicles safely during non-emergency, emergency, and pursuit driving situations. Topics include defensive driving and vehicle control principles; emergency driving and vehicle pursuit operations; and legal issues and liabilities. This course is intended for practicing law enforcement officers. (FT) AA/AS.
343A Peace Officer’s Guide to Internal Affairs
0–1 hour lecture, 7–15 hours lab, .2 units
Grade Only

Prerequisite: Administration of Justice 381, 382, 383 and 384, each with a grade of “C” or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Administration of Justice 343.
This course provides law enforcement officers with a thorough working knowledge of department Internal Affairs investigative procedures. Topics include Constitutional rights, the Peace Officer’s Bill of Rights, rules of conduct, investigative techniques, internal affairs case law, and employee representation. This course is intended for practicing law enforcement officers. (FT) AA/AS.

344 Strategies for Advanced Officers
24–27 hours lab, 0.5 units
Grade Only

Prerequisite: Administration of Justice 381, 382, 383, and 384, each with a grade of “C” or better, or equivalent.
This course covers the three fundamentals of tactical training: 1) Shooting principles and combat shooting scenarios where officers are faced with “shoot or no shoot” deadly force decision making; 2) Driving principles and vehicle dynamics to safely operate emergency vehicles during routine and emergency driving situations, and; 3) Arrest and control combative techniques that emphasize hand-to-hand fighting in the control of suspects who resist arrest. This course includes the use of impact weapons. It is intended for practicing law enforcement officers. AA/AS.

346 Juvenile Counselor Basic Core Course
128–144 hours lecture, 96–108 hours lab, 10 units
Grade Only

This course provides initial training for Department of Corrections Juvenile Counselors. Completion of this course certifies that the student has completed the entry-level training requirements for juvenile institution staff. Topics include limited duty peace officer training; codes and statutes; psychological, mental, and sociological issues; Cardiopulmonary Resuscitation (CPR); and first aid. This course is intended for students entering initial employment as Juvenile Counselors in correctional settings. (FT) AA/AS.

348A Essentials of Investigation
24–48 hours lab, 0.5 units
Grade Only

Prerequisite: Administration of Justice 381, 382, 383 and 384, each with a grade of “C” or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Administration of Justice 348.
This course refines and enhances the investigation skills of the law enforcement officer newly assigned to an investigative position or anticipating a transfer to investigations. Emphasis is on investigative techniques, legal issues affecting investigation, and officer safety. This course is intended for practicing law enforcement officers. (FT) AA/AS.

351 Chemical Agents Training for Peace Officers
8–9 total hours lecture, 0.5 units
Grade Only

Prerequisite: Administration of Justice 381, 382, 383, and 384, each with a grade of “C” or better, or equivalent.
This course trains peace officers in the use of liquid aerosol chemical agents. Topics include dispersion, effects, use of force, tactics, liability, and policies and procedures. The course addresses all Peace Officer Standards & Training (P.O.S.T.) mandated performance objectives. (FT) AA/AS.

357A 832 PC Laws of Arrest
4–4.5 hours lecture, 36–4.5 hours lab, 1 unit
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Administration of Justice 356A.
This course meets the Peace Officer Standards and Training (P.O.S.T.) requirements for the Laws of Arrest portion of Section 832 of the California Penal Code. Topics include professional orientation, ethics, administration of justice components, California court system, discretionary decision making, community relations, introduction to law, laws of arrest, laws of evidence, communications, investigations, arrest, and control. This course is intended for students preparing for employment as peace officers. AA/AS.
357B 832 PC Firearms
24–27 hours lab, 0.5 units
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Administration of Justice 356B. This course meets the Peace Officer Standards and Training (P.O.S.T) requirements for the Firearms portion of Section 832 of the California Penal Code. Topics include firearms safety; care, cleaning, and storage; shooting principles; laws of evidence; and range qualification procedures. This course is intended for students preparing for employment as peace officers. (FT) AA/AS.

359 Field Training Officer Update
4 hours lecture, 12 - 20 hours lab, 0.5 units
Grade Only

Prerequisite: Administration of Justice 381, 382, 383, and 384, each with a grade of “C” or better, or equivalent Basic POST Certified Academy. This course develops instructional skills and techniques for current police officers assigned as Field Training Officers (FTOs) who provide standardized training to newly assigned patrol officers. Topics include techniques of training; application of knowledge and skills in the field; methods of trainee feedback and evaluation; learning styles; and communication skills. This course is intended for practicing law enforcement officers. (FT) Not applicable to the Associate Degree.

361D Defensive Tactics Building Searches
1 hour lecture, 7 - 15 hours lab, .2 units
Grade Only

Prerequisite: Administration of Justice 381, 382, 383, and 384, each with a grade of “C” or better, or equivalent Basic POST Certified Academy. This course develops skills and techniques for current peace officers to search buildings for persons armed with dangerous weapons. Topics include officer mindset, approach to the target, types of entries, partner communication, officer responsibilities, and equipment considerations. This course is intended for practicing law enforcement officers. (FT) Not applicable to the Associate Degree.

361L Less-Lethal Munitions Training (LLMT)
1 hour lecture, 7 - 15 hours lab, .2 units
Grade Only

Prerequisite: Administration of Justice 323A with a grade of “C” or better, or equivalent Basic POST Certified Academy. This course provides training on the use of less-lethal munitions for federal enforcement officers. Topics include safety guidelines; history and development; terminology; legal issues; use of force guidelines; employment techniques; and documentation. This course is intended for practicing law enforcement officers. (FT) Not applicable to the Associate Degree.

361R Regional Officer Training
24 - 40 hours lab, 0.5 units
Grade Only

Prerequisite: Administration of Justice 323A with a grade of “C” or better, or equivalent S.T.C. Certified Correctional Officer Core Course Academy or Administration of Justice 381, 382, 383, 384, each with a grade of “C” or better, or equivalent Basic POST Certified Academy. This course is designed for peace officers, correctional personnel below the rank of middle management, and military law enforcement personnel. It meets the requirements of the California Commission on Peace Officer Standards and Training (POST), Title 15, Minimum Standards of Training for Local Corrections and Probation Officers (STC), and the California Legislature requiring special technical and skill proficiency training as specified in Section 13510, 6030-6043 of the California Penal Code and SB-924. Topics include new legislation and legal updates; emergency medical techniques; skill proficiency training in vehicle operations, firearms, and defensive tactics; and the application of law enforcement policy to typical public safety situations. Other topics related to the continued proficiency of law enforcement personnel may also be addressed. This course is intended for practicing law enforcement officers. (FT) Not applicable to the Associate Degree.
361S Continuing Professional Training for Sheriff Deputies

24 - 40 hours lab, 0.5 units
Grade Only

Prerequisite: Administration of Justice 323A with a grade of “C” or better, or equivalent STC Certified Correctional Officer Core Course Academy or Administration of Justice 381, 382, 383, and 384, each with a grade of “C” or better, or equivalent Basic POST Certified Academy.

This course provides advanced technical skill and proficiency training for practicing sheriff's deputies, including detention supervisors and correctional officers. Topics include the use of force, less-lethal munitions, driving techniques, and firearms. This course meets the requirements of Peace Officer Standards and Training (POST), Title 15, Minimum Standards of Training for Local Corrections and Probation Officers (STC) and the California Legislature requiring special technical and skill proficiency training as specified in Section 13510, 6030-6043 of the California Penal Code and SB-924. This course is intended for practicing law enforcement officers. (FT) Not applicable to the Associate Degree.

361T Block 20: Force Options / Internal Affairs for Correctional Deputies

1 - 4 hours lecture, 7 - 15 hours lab, .2 units
Grade Only

Prerequisite: Administration of Justice 265A with a grade of “C” or better, or equivalent, Administration of Justice 323A with a grade of “C” or better, or equivalent S.T.C. Certified Correctional Officer Core Course Academy or Administration of Justice 324A with a grade of “C” or better, or equivalent.

Limitation on Enrollment: Health and Safety. Must be free of injuries and on full duty status.

This course provides refresher training on defensive tactics, force options/transition techniques, and Internal Affairs investigations. Students participate in practical training exercises and scenarios, including defensive tactics and force transition drills. This course is intended for current correctional deputies including Peace Officers, Adult Corrections Officers, Juvenile Corrections Officers, and Supervisors. (FT) Not applicable to the Associate Degree.

363 Narcotics Investigation

72 - 88 hours lab, 1.5 units
Grade Only

Prerequisite: Administration of Justice 381, 382, 383, and 384, each with a grade of “C” or better, or equivalent Basic POST Certified Academy.

This course provides investigators with the knowledge, basic training, and skills to successfully investigate narcotics-related crimes. Students will be exposed to a variety of field exercises pertaining to the investigation and prosecution of narcotics-related crimes including undercover operations, case-making exercises, and court testimony. Topics include search warrants; search and seizure; drug identification; health and safety code laws; packaging, weights, and measures of controlled substances; undercover techniques; informant management; Colombian and Mexican drug trafficking organizations; entry and search considerations; asset forfeiture; clandestine laboratories; reverse sting investigations; medical aspects of addiction; surveillance techniques; rave and club drug investigations; and ethical issues in law enforcement. This course is intended for practicing peace officers assigned to investigative duties. (FT) AA/AS.

365a Assessment Tools Used on Adult Offender Populations

1 hour lab, 0.3 units
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Administration of Justice 365.

This course teaches students how to identify and assess levels of risk and criminogenic needs in offender populations. Students learn to administer the Federal Salient Factor (FSF), Level of Service Inventory (LSI) and Adult Substance User Survey (ASUS) instruments while using motivational interviewing techniques. Topics in this course may be of special interest to probation officers and other law enforcement officers, as well as treatment providers, court personnel, and victim advocates. (FT) AA/AS.

366 Radar-Laser Operator (LIDAR)

1 hour lecture, 7 - 15 hours lab, .2 units
Grade Only

Prerequisite: Administration of Justice 381, 382, 383, 384, each with a grade of “C” or better, or equivalent Basic POST Certified Academy.
This course prepares current law enforcement officers to operate radar- and laser-based vehicle speed measurement devices. Topics include scientific principles, operational considerations, device operation, and legal considerations. This course is intended for practicing law enforcement officers. (FT) Not applicable to the Associate Degree.

367 Traffic Collision Computer Aided Diagramming

4 hours lecture, 12 - 20 hours lab, 0.5 units

Prerequisite: Administration of Justice 381, 382, 383, and 384, each with a grade of “C” or better, or equivalent Basic POST Certified Academy.

This course teaches current law enforcement officers to prepare diagrams of traffic collision scenes using specialized computer software. Topics include manual and electronic data gathering, computer software functions, and collision scene diagram composition. This course is intended for practicing law enforcement officers. (FT) Not applicable to the Associate Degree.

368 Critical Incidents/Tactical Commander’s Course

24 - 40 hours lab, 0.5 units

Prerequisite: Administration of Justice 381, 382, 383, and 384, each with a grade of “C” or better, or equivalent Basic POST Certified Academy.

This course prepares current peace officers to serve as commanders during critical incidents. Topics include critical incident pre-planning, problem solving strategies, incident management, and communication. This course is intended for practicing peace officers functioning as first-line managers or above. (FT) AA/AS.

369 Drug Influence: 11550

1 hour lecture, 7 - 15 hours lab, .2 units

Prerequisite: Administration of Justice 381, 382, 383, and 384, each with a grade of “C” or better, or equivalent Basic POST Certified Academy.

This course provides an overview of illegal drug characteristics, effects, and detection from a law enforcement perspective. Topics include drug categories, characteristics, history, effects, packaging, and detection. Students also practice conducting drug test evaluations including standardized field sobriety tests. This course is intended for practicing law enforcement officers. (FT) Not applicable to the Associate Degree.

378 Defensive Tactics Instructor

72 - 88 hours lab, 1.5 units

Prerequisite: Administration of Justice 323A with a grade of “C” or better, or equivalent S.T.C. Certified Correctional Officer Core Course Academy or Administration of Justice 381, 382, 383, and 384, each with a grade of “C” or better, or equivalent Basic POST Certified Academy.

This course prepares current peace officers to serve as instructors for defensive tactics courses. Topics include presentation skills, civil liability, close quarters defensive tactics, restraint techniques, searches, takedown techniques, handgun retention, disarming techniques, use of the police baton, force option transitions, and edged weapon defense. This course is intended for practicing law enforcement officers. (FT) Not applicable to the Associate Degree.

379 Academy Instructor Certification Course (AICC)

32 - 40 hours lab, 0.5 units

Prerequisite: Administration of Justice 381, 382, 383, and 384, each with a grade of “C” or better, or equivalent Basic POST Certified Academy.

This course prepares current peace officers to serve as instructors for Peace Officer Standards and Training (POST)-certified courses in a law enforcement academy environment. Topics include instructor roles and responsibilities; adult learning fundamentals; lesson planning; instructional design; lesson delivery; instructional resources; presentation and facilitation skills; POST requirements, policies, procedures, and resources; and evaluation and testing protocol. This course is intended for practicing law enforcement officers. (FT) AA/AS.
381 POST Certified Regional Academy
Module 1
80 - 90 hours lecture, 480 - 540 hours lab, 15 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
This first module of a 4-phase modular instructional program introduces students to the current role of law enforcement in society. Other topics include identifying and classifying crimes; laws of arrest; evidence; report writing; vehicle operations; traffic enforcement; preliminary investigations; fitness; defensive tactics; and first aid. Module 1 exceeds the minimum peace officer training requirements of Section 832 of the California Penal Code. Students must complete the 4-module instructional program in sequence. This course is intended for students entering initial employment as peace officers. (FT) AA/AS.

382 POST Certified Regional Academy
Module 2
40 - 45 hours lecture, 96 - 108 hours lab, 4.5 units
Grade Only
Prerequisite: Administration of Justice 381 with a grade of “C” or better, or equivalent.
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
This peace officer orientation program module provides for the continued development of law enforcement skills and concepts acquired in Module 1. Topics include controlled substances; civil crisis management; arrest and control techniques; custody; hazardous materials; and information systems. Students must complete the 4-module instructional program in sequence. This course is intended for students entering initial employment as peace officers. (FT) AA/AS.

383 P.O.S.T. Certified Regional Academy
Module 3
26.5–30 hours lecture, 36–47 hours lab, 2 units
Grade Only
Prerequisite: Administration of Justice 382 with a grade of “C” or better, or equivalent.
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5.
This peace officer orientation program module provides for the continued development of law enforcement skills and concepts acquired in Modules 1 and 2. It introduces students to Welfare and Institutions (W&I) classifications, Alcoholic Beverage Control (ABC) laws, unusual occurrences, missing persons, and weapons violations. Students must complete the 4-module instructional program in succession. This course is intended for students entering initial employment as peace officers. (FT) AA/AS.

384 P.O.S.T. Certified Regional Academy
Module 4
2.5 hours lecture, 4.5 hours lab, 4 units
Grade Only
Prerequisite: Administration of Justice 383 with a grade of “C” or better, or equivalent.
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5.
This peace officer orientation program module provides for the continued development of law enforcement skills and concepts acquired in Modules 1, 2, and 3. It emphasizes topics related to officer survival, crimes in progress, combat situations, and preliminary investigations of missing persons and death cases. Students must complete the 4-module instructional program in sequence. This course is intended for students entering initial employment as peace officers. (FT) AA/AS.

392 Special Topics in Instructor Development
32–36 hours lecture, 96–108 hours lab, 0.1–4 units
Grade Only
Prerequisite: Administration of Justice 323 with a grade of “C” or better, or equivalent S.T.C. Certified Correctional Officer Core Course Academy; or Administration of Justice 384 with a grade of “C” or better, or equivalent Basic P.O.S.T. Certified Academy; or Administration of Justice 385 with a grade of “C” or better, or equivalent military law enforcement specialist training program.
This course is designed for peace officers, correctional personnel, and military law enforcement personnel seeking certification as an instructor in a law enforcement-related subject area. Instructional theory, principles, and techniques are taught from a variety of different focus areas that may vary from term to term. Focus areas may include defensive tactics instruction, field training officer instruction, firearms instruction, police baton instruction, non-lethal chemical agents instruction, or emergency vehicle instruction, among others. Focus areas are...
392S Special Topics in Instructor Development
1 hour lecture, 7 - 20.5 hours lab, 0.2 units
Grade Only
Prerequisite: Administration of Justice 323A with a grade of “C” or better, or equivalent S.T.C. Certified Correctional Officer Core Course Academy or Administration of Justice 381, 382, 383 and 384, each with a grade of “C” or better, or equivalent Basic POST Certified Academy.
This course is designed for peace officers, correctional personnel, and military law enforcement personnel seeking certification as instructors in a law enforcement related subject area. Instructional theory, principles, and techniques are taught from a variety of different focus areas that may vary from term to term. Focus areas may include defensive tactics instruction, field training officer instruction, firearms instruction, police baton instruction, non-lethal chemical agents instruction, or emergency vehicle instruction, among others. Focus areas are listed in the class schedule and student transcripts. This course is intended for practicing law enforcement officers. (FT) AA/AS.

393 Special Topics in Field Tactics
1–64 hours lecture, 7–119 hours lab, .2–4 units
Grade Only
Prerequisite: Administration of Justice 381, 382, 383, and 384 each with a grade of “C” or better, or equivalent or Administration of Justice 323 with a grade of “C” or better, or equivalent S.T.C. Certified Correctional Officer Core Course Academy or Administration of Justice 385 with a grade of “C” or better, or equivalent military law enforcement specialist training program.
This course is designed for practicing peace officers, correctional personnel, and military law enforcement personnel seeking professional training in field tactics. Fundamental skills and techniques used by law enforcement officers in the regular execution of their duties are taught from a variety of different focus areas that may vary from term to term. Focus areas may include new legislation and legal updates, social issues, special investigations, domestic violence intervention, hate crimes, sexual harassment, or cultural diversity, among others. Focus areas are listed in the class schedule and student transcripts. (FT) AA/AS.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 236. Please refer to the class schedule and/or see the dean or department chair for availability.

102 Introduction to Physical Anthropology
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.
This course is a survey of human evolution, variation and adaptation. Emphasis is placed on the study of primates, human heredity, variability of modern populations and fossil records of early hominids/hominins and hominoids. This course is intended for anthropology majors and all students interested in life and/or behavioral sciences. (FT) AA/AS; CSU; UC; C-ID ANTH 110.

103 Introduction to Cultural Anthropology

Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.
This course is a survey of cultural anthropology using a comparative, cross-cultural approach. Emphasis is placed on the study of how various peoples around the world have adapted to their environments and developed behaviors to meet their biological, economic, psychological, social and political needs. This course is intended for anthropology majors and all students interested in life and/or behavioral sciences. (FT) AA/AS; CSU; UC.

104 Laboratory in Physical Anthropology

Prerequisite: Anthropology 102 with a grade of “C” or better, or equivalent.
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.
This course is a practical study of biological anthropology. Students perform field and laboratory studies in genetics, human variation, human osteology, anthropometry, hominid/hominin evolution, comparative primate anatomy, primate behavior, and forensic anthropology. This course is intended for anthropology majors and all students interested in life and/or behavioral sciences. (FT) AA/AS; CSU; UC.

107 Introduction to Archaeology

Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.
This course is an introductory study of the history, methods and theory of archaeology. Emphasis is placed on the techniques of archaeological data collection and analysis, cultural innovations, reconstruction and interpretation of the past and Cultural Resource Management (CRM) work. This course is intended for students who are majoring in Anthropology. (FT) AA/AS; CSU; UC; C-ID ANTH 150.

270 Work Experience

Hours by Arrangement
(One unit of credit is earned for each 75 hours of paid employment or 60 hours of volunteer work.)
1–4 units
Grade Only
A program of on-the-job learning experiences for students employed in a job related to their major or their educational goals. The combined maximum credit for all work experience courses from all disciplines may not exceed 16 units. AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 236. Please refer to the class schedule and/or see the dean or department chair for availability.

50 Beginning Graphics, Communicating With Computers

1.5 hours lecture, 4.5 hours lab, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 or W5; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.
This course prepares students to produce effective computer-aided graphics. Topics include current techniques and workflows that create print and screen graphics for publication; promotion; web; mobile app; sign and display; packaging; imprinted goods; and business communications using Adobe® Creative Cloud® and Apple® computers. This course is intended for students majoring in Graphics or anyone interested in graphic design trade skills and capabilities. (FT) AA/AS.
158 Survey of Graphics Technology  
3 hours lecture, 3 units  
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.  
This course is an introduction to the field of graphics technology. It provides a context for studying the effects of changing graphics technology on our civilization and environment from the historic, cultural, and market perspectives. Students also relate the field of graphics to their personal lives and ambitions. This course is intended for students majoring in graphics or anyone interested in the fields of communications and marketing. (FT) AA/AS; CSU.

160 Vector Art 01: Illustration  
1.5 hours lecture, 4.5 hours lab, 3 units  
Grade Only

Advisory: English 48, English 49 and Mathematics 38, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5, W5 and M30. Art–Fine Art 150B with a grade of “C” or better, or equivalent.  
Limitation on Enrollment: This course is not open to students with previous credit for Digital Media 160.  
This course develops the linked skills of visualizing images as systems of shapes and the computerized techniques for creating those shapes. Students use Adobe Illustrator to create typography, information graphics, logos, and other computer-aided graphics. Students also train in efficient creation and manipulation of Bézier objects using pointer and keyboard-driven techniques to build images with the unique capabilities of vector graphics for pattern, precision, and relationships. This course in combination with ARTD 170 provides a comprehensive overview of computer imaging technology. This course is intended for students majoring in Graphics or anyone interested in the field of graphics. (FT) AA/AS; CSU.

160A Vector Art 01: Illustration Tools  
0.75 hours lecture, 2.25 hours lab, 1.5 units  
Grade Only

Advisory: English 48, English 49 and Mathematics 38, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5, W5 and M30. Art–Fine Art 150B with a grade of “C” or better, or equivalent.  
Limitation on Enrollment: This course is not open to students with previous credit for Digital Media 160.  
This course is intended for students majoring in Graphics or anyone interested in the field of graphics. (FT) AA/AS; CSU.

160B Vector Art 01: Illustration Tasks  
0.75 hours lecture, 2.25 hours lab, 1.5 units  
Grade Only

Advisory: English 48, English 49 and Mathematics 38, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5, W5 and M30. Art–Fine Art 150A and 150B, each with a grade of “C” or better, or equivalent.  
Advisory: Completion of or concurrent enrollment in: Digital Media 160A with a grade of “C” or better, or equivalent.  
Limitation on Enrollment: This course is not open to students with previous credit for Digital Art 160.  
This course further develops the skills introduced in ARTD 160A. Students use Adobe Illustrator to produce information graphics such as maps, charts, diagrams, and signs; text illustration; and symbols such as icons, logos, and glyphs. Students also repurpose vector graphics for a variety of practical applications in print and screen media for publication, promotion, web, sign and display, packaging, imprinted goods, and business.

(FT) = A field trip may be required for this course.  
AA/AS = Associate Degree Applicable  
CSU = California State University Applicable  
UC = University of California Applicable
communications. This course is intended for students majoring in Graphics or anyone interested in the field of graphics, business, or art. (FT) AA/AS; CSU.

**170 Raster Art 01: Image Editing**

*1.5 hours lecture, 4.5 hours lab, 3 units Grade Only*

*Advisory:* English 48, English 49 and Mathematics 38, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5, W5 and M30. Art–Fine Art 150B with a grade of “C” or better, or equivalent.  

*Limitation on Enrollment:* This course is not open to students with previous credit for the combination of Digital Media 170A and 170B. This course introduces students to the production processes for creating and editing raster graphics, primarily using Photoshop. Students learn the computer program, eye-hand skills, workflows, and application of computer graphics tools used to edit and repurpose images for various screen and print jobs in promotional and informational publications, web applications, sign and display, packaging, imprinted goods, and business communications. This course is intended for students majoring in Graphics or those seeking a foundation in digital photographic editing. (FT) AA/AS; CSU.

**170A Raster Art 01A: Image Editing Tools**

*0.75 hours lecture, 2.25 hours lab, 1.5 units Grade Only*

*Advisory:* English 48, English 49 and Mathematics 38, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5, W5 and M30. Art–Fine Art 150B with a grade of “C” or better, or equivalent.  

*Limitation on Enrollment:* This course is not open to students with previous credit for Digital Media 170. This course introduces students to the production processes for creating and editing raster graphics, primarily using Photoshop. Students learn the computer program, eye-hand skills, and workflows used to edit and repurpose images for various screen and print jobs in promotional and informational publications, web applications, sign and display, packaging, imprinted goods, and business communications. This course is intended for students majoring in Graphics or those seeking a foundation in digital photographic editing. (FT) AA/AS; CSU.

**170B Raster Art 01B: Image Editing Tasks**

*12–13.5 hours lecture, 36–4.5 hours lab, 1.5 units Grade Only*

*Advisory:* English 48, English 49 and Mathematics 38, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5, W5 and M30. Art–Fine Art 150A and 150B, each with a grade of “C” or better, or equivalent.  

*Advisory:* Completion of or concurrent enrollment in: Digital Media 170A with a grade of “C” or better, or equivalent.  

*Limitation on Enrollment:* This course is not open to students with previous credit for Digital Media 170. This course further develops the skills introduced in ARTD 170A for creating and editing raster graphics primarily using Photoshop. Students focus on the application of computer graphics tools to screen and print jobs in promotional and informational publications, web applications, sign and display, packaging, imprinted goods, and business communications. This course is intended for students majoring in Graphics or those seeking enhancement of digital photographic editing skills. (FT) AA/AS; CSU.

**180 Composition 01: Page Building Tools**

*1.5 hours lecture, 4.5 hours lab, 3 units Grade Only*

*Advisory:* English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 or W5; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30; Art–Fine Art 150A and Digital Media 160, each with a grade of “C” or better, or equivalent or Digital Media 160A, 160B and 170, each with a grade of “C” or better, or equivalent or Digital Media 170A, 170B and Art–Graphic Design 106, each with a grade of “C” or better, or equivalent.  

This course is an introduction to building distinctive, attractive, and meaningful pages composed with typographic, raster art, and vector graphic elements. Students produce effective graphic solutions for the current local market: periodicals, web sites, direct marketing, and corporate or institutional communications. Major topics include page structure (grids based on international screen and press standards) and readability (layouts based on human factors) using composition software such as InDesign®, Dreamweaver®, and Keynote®/PowerPoint®. This course is intended for students majoring in Graphics or those seeking a foundation in page design. (FT) AA/AS; CSU.
181 Projects 01: Multi-modal Productions
1.5 hours lecture, 4.5 hours lab, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30; Art-Fine Art 150B, Digital Media 160A, 160B, 170A, 170B and Art-Graphic Design 106, each with a grade of “C” or better, or equivalent.
This course teaches students to design and execute systematic graphics projects based on research, according to a schedule, and guided by an approval process. Students use a full range of graphics techniques to communicate a shared vision to a certain audience for a determined result. The course emphasizes self-discipline in time management and project coordination. This course is intended for students majoring in Graphics or anyone creating or managing graphics-intensive projects. (FT) AA/AS; CSU.

190 Ethical Business Practices for Creative Services
1.5 hours lecture, 4.5 hours lab, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30; Digital Media 50 or Art-Fine Art 150B, each with a grade of “C” or better, or equivalent.
This course prepares students in the creative arts for the business world. Basic business types are surveyed using examples from the local market, including a review of current requirements for licensing, taxes, contracts, billing, and practice management. Students also learn basic database skills for designing and implementing the accounting, promotional, management, and publication tasks needed for studio- or client-based work. Students’ graphics and business skills are integrated and applied to sales, advertising, direct marketing, and public relations both for their own and their clients’ benefit. This course is intended for students majoring in Graphics or anyone preparing to enter the creative services industry. (FT) AA/AS; CSU.

192 Graphic Business Promotion: Creative Services Career Management
1.5 hours lecture, 4.5 hours lab, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30. Art-Fine Art 150B with a grade of “C” or better, or equivalent.
This course prepares students to identify and obtain entry-level positions in the creative services industry. Students learn to self-assess their work-related assets and liabilities, research job markets, and identify employment opportunities. Other topics include the development of self-promotion tools such as portfolios and résumés, networking, interpersonal work skills, and career paths. This course is intended for students majoring in Graphics or anyone preparing to enter the creative services industry. (FT) AA/AS; CSU.
This course provides a survey of contemporary art and architecture examining theoretical and cultural influences on art from the late 20th century to present. The course is designed for students interested in contemporary art history, as well as for art majors who are focusing on contemporary design, painting, sculpture or ceramics. (FT) AA/AS; CSU; UC.

109 Modern Art
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6; Art–Fine Art 110 and 111, each with a grade of “C” or better, or equivalent.
This course provides a survey of modern art and architecture examining theoretical and cultural influences on art from the mid-19th century to mid-20th century. The course is designed for students interested in modern art history, as well as for art majors who are focusing on modern design, painting, sculpture or ceramics. (FT) AA/AS; CSU; UC.

110 Art History: Prehistoric to Gothic
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.
This course is a survey of the visual arts in western civilization from prehistory through the Gothic period. Emphasis is placed on representative art and architecture from Mesopotamia, Iran, Egypt, the Aegean, Etruscan, Rome and Greece. This course is intended for art majors and all students interested in art history, the humanities and culture. (FT) AA/AS; CSU; UC.

111 Art History: Renaissance to Modern
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Level R6 and W6.
This course is a survey of the visual arts in western civilization from the Renaissance to the Modern era. Emphasis is placed on representative art and architecture from the Renaissance, Mannerism, Baroque, Rococo, Neo-Classicism, Romanticism, Impressionism, Post-Impressionism, and Modernism eras. This course is intended for art majors and all students interested in art history, the humanities and culture. (FT) AA/AS; CSU; UC; C-ID ARTH 120.

113 Arts of Africa, Oceania, and the Americas
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.
This course is an introduction to the visual arts produced by selected peoples of Africa, Oceania, and the Americas from the prehistoric to contemporary periods. The topics covered in the course are representative of the art and architecture produced by groups from Africa, Oceania and the Americas emphasizing how art is representative of the cultural, religious, social, or political orientation of each region. This course is designed for art and art history majors and all who are interested in the humanities. (FT) AA/AS; CSU; UC Transfer Limitation: Fine Art (ARTF) 113 and 120 combined: maximum credit, one course.

125 Art History: Arts of the Asian Continent
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.
This course provides a survey of paintings, sculpture, architecture, and associated fine arts from India, China, Japan, and other countries throughout the Asian continent. It emphasizes the social, religious, and political highlights of each culture and their effects on art forms from prehistoric to modern times. This course is designed not only for art students, but also for those who are interested in history, religion, philosophy, humanities, and cultural enrichment. (FT) AA/AS; CSU; UC.

150A Two-Dimensional Design
2 hours lecture, 4 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Level R6 and W6.
This course is an introduction to two-dimensional space and form. Emphasis is placed on ways of organizing visual space into vivid and coherent images. This course is designed for students beginning a study of art and/or related disciplines. (FT) AA/AS; CSU; UC; C-ID ARTS 100.
150B Beginning Graphic Design  
2 hours lecture, 4 hours lab, 3 units  
Letter Grade or Pass/No Pass Option  
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Level R6 and W6; Art–Fine Art 150A with a grade of “C” or better, or equivalent.  
This course is an introductory class in graphic communication which uses the computer as a tool for building and editing images. Students address problems of visual form and organization, but with an emphasis in this course on visual constructions which convey information, and on type and text as graphic components of those constructions. This course would be useful for anyone interested in computer graphic design applications. (FT) AA/AS; CSU; UC.

151 Three-Dimensional Design  
2 hours lecture, 4 hours lab, 3 units  
Letter Grade or Pass/No Pass Option  
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.  
Advisory: Completion of or concurrent enrollment in Art–Fine Art 150A with a grade of “C” or better, or equivalent.  
This course is an introduction to three-dimensional space and form. Emphasis is placed on organizing visual space into valid and coherent structures. This course is designed for students beginning the study of art and/or related disciplines. (FT) AA/AS; CSU; UC; C-ID ARTS 101.

155A Freehand Drawing I  
2 hours lecture, 4 hours lab, 3 units  
Letter Grade or Pass/No Pass Option  
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.  
This is an introductory course designed to develop the student’s ability to perceive and translate visual relationships from 3-dimensional (3-D) space into 2-dimensional (2-D) drawings. Emphasis is placed on the use of art theory, basic art elements and compositional strategies to create pictorial space and compose original images based on observation. This course is intended for art majors and all students interested in learning freehand drawing whether or not they have previous art experience. (FT) AA/AS; CSU; UC; C-ID ARTS 110.

155B Freehand Drawing II  
2 hours lecture, 4 hours lab, 3 units  
Letter Grade or Pass/No Pass Option  
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6 and Art–Fine Art 155A with a grade of “C” or better, or equivalent.  
This course is an intermediate course in which students apply art principles and theory to create solutions to particular problems of graphic representation and expression. Emphasis is placed on visual analysis and inquiry in creating pictorial space and applying drawing media. Students are introduced to the use of interdisciplinary art forms and image making and explore New Genres as a means of continued intellectual and artistic development. This course is intended for art and graphic art students. (FT) AA/AS; CSU; UC; C-ID ARTS 205.

165A Composition in Painting I  
2 hours lecture, 4 hours lab, 3 units  
Letter Grade or Pass/No Pass Option  
Prerequisite: Art–Fine Art 155A with a grade of “C” or better, or equivalent.  
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6 and Art–Fine Art 150A and Art–Fine Art 152, each with a grade of “C” or better, or equivalent.  
This course is an introduction to oil and acrylic painting methods and techniques. Emphasis is placed on composition, color, and application of general design principles. A variety of subject matter, such as still-life, landscape, portrait and non-objective subjects, and a variety of stylistic approaches such as cubism, collage, realism and expressionism are explored. This course is designed to develop students’ creative abilities and critical thinking in visual terms. This course is intended for students majoring in art and those who wish to improve their artistic skills. (FT) AA/AS; CSU; UC; C-ID ARTS 210.

(FT) = A field trip may be required for this course.  
AA/AS = Associate Degree Applicable  
CSU = California State University Applicable  
UC = University of California Applicable
165B Composition in Painting II  
2 hours lecture, 4 hours lab, 3 units  
Letter Grade or Pass/No Pass Option  
Prerequisite: Art–Fine Art 165A with a grade of “C” or better, or equivalent.  
This course is the second semester of introduction to oil and acrylic painting methods and techniques. Emphasis is placed on the concepts of pictorial space, composition, and color. The course is designed to further develop students’ creative abilities and critical thinking through the construction of images designed to address specific pictorial problems and goals. This course is intended for students majoring in art and those who wish to improve their artistic skills. (FT) AA/AS; CSU; UC.

165C Composition in Painting III  
2 hours lecture, 4 hours lab, 3 units  
Letter Grade or Pass/No Pass Option  
Prerequisite: Art–Fine Art 165B with a grade of “C” or better, or equivalent.  
This course is the third semester of introduction to oil and acrylic painting methods and techniques. Emphasis is placed on composition, color, and application of general design principles at a more advanced level of creativity and sophistication. This course is designed to develop students’ creative abilities and critical thinking in visual terms through the use of individual assignments tailored to students’ skills. This course is intended for students majoring in art and those who wish to improve their artistic skills. (FT) AA/AS; CSU; UC.

165D Composition in Painting IV  
2 hours lecture, 4 hours lab, 3 units  
Letter Grade or Pass/No Pass Option  
Prerequisite: Art–Fine Art 165C with a grade of “C” or better, or equivalent.  
This course is the fourth and final semester of introduction to oil and acrylic painting methods and techniques. Emphasis is placed on contemporary methods and theories related to conceptualism and new genre. Students produce large format and mural scale paintings. This course is designed to develop students’ creative abilities and critical thinking in visual terms through the use of individual assignments tailored to students’ skills. This course is intended for students majoring in art and those who wish to improve their artistic skills. (FT) AA/AS; CSU; UC.

170A Contemporary Crafts I  
2 hours lecture, 4 hours lab, 3 units  
Letter Grade or Pass/No Pass Option  
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6; Art–Fine Art 150A with a grade of “C” or better, or equivalent.  
This course teaches students techniques, methods and processes to produce a variety of crafts. Students develop projects using various media including ceramics, wood, fibers, glass, plastic and metal. Students explore design principles, expressive quality and individual ideas. This course is intended for students pursuing careers or future studies in Studio Arts, Applied Design or Industrial Arts. (FT) AA/AS; CSU; C-ID ARTS 280.

170B Contemporary Crafts II  
2 hours lecture, 4 hours lab, 3 units  
Letter Grade or Pass/No Pass Option  
Prerequisite: Art–Fine Art 170A with a grade of “C” or better, or equivalent.  
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.  
This course continues the study of various crafts media at an intermediate level. Emphasis is placed on individual exploration and expression. This course is intended for students pursuing careers or future studies in Studio Art, Applied Design or Industrial Design. (FT) AA/AS; CSU.

170C Contemporary Crafts III  
1.5 hours lecture, 4.5 hours lab, 3 units  
Letter Grade or Pass/No Pass Option  
Prerequisite: Art–Fine Art 170B with a grade of “C” or better, or equivalent.  
This course continues the study of various crafts media at an advanced level. Emphasis is placed on structured development of media and preparation of work for public exhibition. This course is intended for students pursuing careers or future studies in Studio Art, Applied Design or Industrial Design. Provides advanced studies in two areas with structured development of the media. (FT) AA/AS; CSU.

195A Ceramics I  
2 hours lecture, 4 hours lab, 3 units  
Letter Grade or Pass/No Pass Option  
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.  
This course is an introductory level ceramics course in which students design and construct hand-built and wheel-thrown ceramic objects. This course is
designed for art majors and all students interested in developing ceramic skills. (FT) AA/AS; CSU; UC.

195B Ceramics II
2 hours lecture, 4 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Art–Fine Art 195A with a grade of "C" or better, or equivalent.
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Level R6 and W6.
This course is an intermediate level ceramics course in which students design and construct wheel thrown and hand-built ceramic objects. Emphasis is placed on form and surface enrichment. This course is designed for art majors for students interested in developing ceramic skills. (FT) AA/AS; CSU; UC.

195C Ceramics III
2 hours lecture, 4 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Art–Fine Art 195B with a grade of “C” or better, or equivalent.
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
This is an advanced level ceramics course in which students design and construct wheel thrown and handbuilt ceramic forms selecting an area of focus emphasizing form and surface enrichment. Students develop, mix, and use clay and glazes as well as load and fire gas and electric kilns. This course is intended for art majors and all students interested in developing ceramics skills. (FT) AA/AS; CSU; UC.

198A Introduction to Printmaking I
2 hours lecture, 4 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Advisory: Art–Fine Art 150A and Art–Fine Art 155A, each with a grade of “C” or better or equivalent and English 101, with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.
This course is an introduction to the basic printmaking media of intaglio, relief, and monoprinting. Emphasis is placed on the techniques for creating and printing plates. Students investigate papers, select for properties, analyze aesthetic strategies for image making, and practice the principles of editioning and print conservation. This course is designed for art majors and all students interested in printmaking. (FT) AA/AS; CSU; UC.

198B Introduction to Printmaking II
2 hours lecture, 4 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Art–Fine Art 198A with a grade of "C" or better, or equivalent.
This course is the second semester in basic printmaking media. Emphasis is placed on increasingly complex processes, such as photo intaglio, collagraph, and reduction color relief. Students apply aesthetic criteria in analyzing their creative choices and examine contemporary printmaking in world cultures. This course is designed for art and art history majors and all students interested in printmaking. (FT) AA/AS; CSU; UC.

198C Introduction to Printmaking III
2 hours lecture, 4 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Art–Fine Art 198B with a grade of “C” or better, or equivalent.
This course is the third semester in printmaking media. Emphasis is placed on the development of a personal visual language through the application of advanced print processes, such as multiple-plate intaglio, double drop printing, mezzotint, and white ground. Students experiment with combining print processes to create a cohesive body of artwork for presentation. This course is designed for art and art history majors and all students interested in printmaking. (FT) AA/AS; CSU; UC.

210A Life Drawing I
2 hours lecture, 4 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Art–Fine Art 155A with a grade of “C” or better, or equivalent.
Advisory: Art–Fine Art 150A with a grade of “C” or better, or equivalent; English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.
This is a basic course in drawing the human form as a sequence of studies from live models. Accurate and expressive translations of the mass as two-dimensional drawings are refined in a variety of achromatic media. This course is designed for students who are majoring in fine art and is also a

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
relevant foundation for those that are interested in disciplines that use the human form such as animation and fashion design. (FT) AA/AS; CSU; UC; C-ID ARTS 200.

210B Life Drawing II
2 hours lecture, 4 hours lab, 3 units
Grade Only
Prerequisite: Art–Fine Art 210A with a grade of "C" or better, or equivalent.
This course is an intermediate course in drawing the human form as a sequence of studies from live models. Students work with color and experiment with concepts related to figure drawing. This course is designed for students who are majoring in fine art and is also a relevant foundation for those that are interested in disciplines that use the human form such as animation and fashion design. (FT) AA/AS; CSU; UC.

220A Life Sculpture I
32–36 hours lecture, 64–71 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Advisory: Art–Fine Art 150A and Art–Fine Art 151, each with a grade of "C" or better, or equivalent.
This is an introduction to the naturalistic and dynamic representation of the human body.
Students sculpt from observation of live, nude models in poses of extended duration. In the process, students come to understand seeing as a learned skill. This course is intended for transfer students planning to major in art and for all students interested in the problems inherent in representing what they see. (FT) AA/AS; CSU; UC.

220B Life Sculpture II
32–36 hours lecture, 64–71 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Art–Fine Art 220A with a grade of "C" or better, or equivalent.
Advisory: Art–Fine Art 150A and Art–Fine Art 151, each with a grade of "C" or better, or equivalent.
This course continues the introduction to naturalistic and dynamic representation of the human body, done from observation of live models in poses of extended duration. This course is intended for transfer students planning to major in art and for all students interested in developing skills of naturalistic representation. (FT) AA/AS; CSU; UC.

220C Life Sculpture III
32–36 hours lecture, 64–71 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Art–Fine Art 220B with a grade of "C" or better, or equivalent.
Advisory: Art–Fine Art 150A and Art–Fine Art 151, each with a grade of "C" or better, or equivalent.
In this course students learn to extend their skill in representing the human figure convincingly in three dimensions to naturalistic representation in more than one style. This course is intended for transfer students planning to major in art and for all students interested in developing sophisticated skills of naturalistic representation. (FT) AA/AS; CSU; UC.

270 Work Experience
60 - 300 hours other, 1-4 units
Grade Only
Limitation on Enrollment: Must obtain an Add Code from Work Experience Coordinator for enrollment.
This course provides on-the-job learning experiences for students employed in an art-related job or internship. Students develop workplace competencies, critical thinking skills, and problem solving abilities through the creation and achievement of job-related behavioral learning objectives. One unit of credit may be earned for each 75 hours of paid employment or 60 hours of volunteer work. This course may be taken up to four times. However, the combined maximum credit for all Work Experience courses from all subject areas may not exceed 16 units. This course is intended for students majoring or interested in the field of fine art. (FT) AA/AS; CSU.

280A 2-Dimensional Art Studio Lab
3 hours lab, 1 unit
Pass/No Pass
This course is a supervised studio laboratory in 2-dimensional media. Emphasis is placed on technical refinement of personal drawing and painting skills. This course is designed for fine art majors. (FT) AA/AS; CSU.

280C Ceramics Studio Lab
3 hours lab, 1 unit
Pass/No Pass
Corequisite: Art–Fine Art 195A, 195B, 197A or 197B.
This course is a supervised studio laboratory in ceramics. Emphasis is placed on technical refinement
of personal ceramic skills. This course is designed for fine arts majors. Students must demonstrate increased proficiency with each repetition. AA/AS; CSU.

280D Digital Art Studio Lab

3 hours lab, 1 unit
Pass/No Pass

Corequisite: Art-Fine Art 231 or Art-Fine Art 232 or Art-Fine Art 233.
This is a supervised studio laboratory in digital art and graphic design. Emphasis is placed on the technical refinement of digital imaging skills. This course is designed for fine art majors. AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 236. Please refer to the class schedule and/or see the dean or department chair for availability.

Art–Graphic Design (ARTG)

106 Typography

1.5 hours lecture, 4.5 hours lab, 3 units
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Art–Graphic Design 265A.
This beginning course covers the selection, styles, terminology, classifications, spacing, layout, and history of typography. Emphasis is placed on problem solving skills and analyzing concepts to solve typographic problems. Traditional hand rendering skills and computer software are used to develop effective typographic design. This course is intended for students majoring in graphic design and anyone interested in typography. (FT) AA/AS; CSU; UC.

118 Graphic Design History

3 hours lecture, 3 units
Grade Only

This course examines graphic design as a vital component of each culture and period in human history. Great minds in design, breakthrough technologies, and important design movements are covered in their historical context. This course is intended for students majoring in graphic design and anyone interested in design history. (FT) AA/AS; CSU; UC.

124 Page Layout

1.5 hours lecture, 4.5 hours lab, 3 units
Grade Only

Advisory: Art–Graphic Design 106 and 125, each with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Art–Commercial Art 124.
This course is a study of design layout for two dimensional graphic projects, such as business systems, brochures, advertisements, and posters. The primary tool is the computer, but traditional methods are also used. Topics include grids, principles and procedures of effective layout. This course is intended for graphic design majors and anyone interested in page layout. (FT) AA/AS; CSU; UC.

126 Intermediate Digital Media

1.5 hours lecture, 4.5 hours lab, 3 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Level R5 and W5; Art–Graphic Design 125 with a grade of “C” or better, or equivalent.
This course is an intermediate level survey course which explores the principles of digital media utilized for visual communication. Instruction will incorporate the primary hardware and software utilized in the digital media industry today. This course is intended for students majoring in graphic arts or anyone interested in digital media. (FT) AA/AS; CSU.

133 Intermediate Graphic Design II (Identity Systems and Packaging)

1.5 hours lecture, 4.5 hours lab, 3 units
Grade Only

Advisory: Art–Graphic Design 106 and Art–Graphic Design 125, each with a grade of “C” or better, or equivalent.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
This intermediate course covers the application of design principles to the production of logos and marks. Students learn to use type in current marks, create design briefs, and use branding in the development of package designs. Traditional and computer approaches are covered. This course is intended for graphic design majors and anyone interested in logo and packaging design. (FT) AA/AS; CSU.

**270 Work Experience in Graphic Design**  
*60 - 300 hours other, 1-4 units*  
**Grade Only**  

*Limitation on Enrollment:* Must obtain an Add Code from Work Experience Coordinator for enrollment. This course provides on-the-job learning experiences for students employed in a graphic design-related job or internship. Students develop workplace competencies, critical thinking skills, and problem solving abilities through the creation and achievement of job-related behavioral learning objectives. One unit of credit may be earned for each 75 hours of paid employment or 60 hours of volunteer work. This course may be taken up to four times. However, the combined maximum credit for all Work Experience courses from all subject areas may not exceed 16 units. This course is intended for students majoring or interested in the field of graphic design. (FT) AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 236. Please refer to the class schedule and/or see the dean or department chair for availability.

---

**Astronomy (ASTR)**

**101 Descriptive Astronomy**  
*3 hours lecture, 3 units*  
**Letter Grade or Pass/No Pass Option**  

*Advisory:* English 48, English 49 and Mathematics 34A, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5, W5 and M20. This course is an introductory survey of contemporary astronomy. Topics covered include the solar system, stars and stellar evolution, the Milky Way galaxy and cosmology. This course is designed for students planning to take advanced courses in the physical and earth sciences and for transfer students planning to major in astronomy. (FT) AA/AS; CSU; UC.

**111 Astronomy Laboratory**  
*3 hours lab, 1 unit*  
**Letter Grade or Pass/No Pass Option**  

*Corequisite:* Completion of or concurrent enrollment in Astronomy 101 with a grade of “C” or better, or equivalent. This laboratory course features exercises and experiments covering the range of topics in astronomy. The course deals with the foundations of astronomy, and may include telescopes, planetary astronomy, stellar astronomy and galactic astronomy. Indoor exercises may involve computer simulations. Outdoor exercises may be required. This course is designed for students interested in astronomy. (FT) AA/AS; CSU; UC Transfer Limitation: Astronomy (ASTR) 109 and 111 combined: maximum credit, one course.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 236. Please refer to the class schedule and/or see the dean or department chair for availability.

---

**Automotive Technology (AUTO)**

**51T Honda/Toyota Quick Service Lube, Pre-Delivery Inspection Technician**  
*2 hours lecture, 6 hours lab, 4 units*  
**Pass/No Pass**  

*Advisory:* Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30 and Automotive Technology 53 with a grade of “C” or better, or equivalent.  

*Advisory:* Completion of or concurrent enrollment in English 35 with a grade of “C” or better, or equivalent or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4.  

This course provides an overview of Honda- and Toyota-specific automotive quick services and new/used vehicle preparation. Topics include vehicle inspections, preparing estimates, changing fluids
and filters, proper hazardous waste disposal, minor electrical repairs, and road-testing techniques using Honda/Toyota information systems, forms, and maintenance/repair procedures. Students learn how to inspect and evaluate vehicle systems to determine if advanced levels of repairs are needed. They also learn how to identify and operate necessary equipment and tools. This course is intended for automotive technology students seeking Honda Professional Automotive Career Training (PACT) or Toyota Technician (T-TEN) certification. (FT) AA/AS.

53 Introduction to Automotive Technology

1.75 hours lecture, 3.75 hours lab, 3 units

Grade Only

Advisory: Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.
Advisory: Completion of or concurrent enrollment in: English 35 or English 42 or English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4.
Limitation on Enrollment: This course is not open to students with previous credit for Auto Technology 112 or the combination of Auto Technology 53A, 53B and 53C.

This course provides an overview of the automotive industry, a basic understanding of how each system within an automobile works, and automotive safety procedures. Topics include the use of basic automotive hand, power, and lifting tools; major measuring instruments; automobile diagnostics; and other devices and procedures used by automotive technicians. This course is intended for beginning automotive technology students or anyone interested in the automotive industry. (FT) AA/AS.

56 Engine and Related Systems

2 hours lecture, 6 hours lab, 4 units

Grade Only

Prerequisite: Automotive Technology 51T with a grade of “C” or better, or equivalent.
Advisory: English 35 with a grade of “C” or better, or equivalent or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.

This course provides a detailed study of Honda- and Toyota-specific internal combustion engines and related systems. Students learn how to disassemble Honda/Toyota engines; identify and measure parts; and reassemble engines properly. Other topics include fuel, electrical, cooling, and lubrication systems. This course is designed to prepare students for the Automotive Service Excellence (ASE) A1 certification and is intended for automotive technology students seeking Honda Professional Automotive Career Training (PACT) or Toyota Technician (T-TEN) certification. (FT) AA/AS.

61 Basic Electricity and Electrical Systems Fundamentals

2 hours lecture, 6 hours lab, 4 units

Grade Only

Advisory: English 35 with a grade of “C” or better, or equivalent or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30; Automotive Technology 53 with a grade of “C” or better, or equivalent.

This course covers basic electrical principles; body wiring; and starting and charging systems. Topics include the construction, operation, and function of automotive electrical components. This course is intended for students majoring in automotive technology or others interested in automotive electrical systems. (FT) AA/AS.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
61T Honda/Toyota Basic Electricity and Electrical Systems Fundamentals
2 hours lecture, 6 hours lab, 4 units
Grade Only
Prerequisite: Automotive Technology 51T with a grade of “C” or better, or equivalent.
Advisory: English 35 with a grade of “C” or better, or equivalent or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.
This course covers basic electrical principles and Honda- and Toyota-specific body wiring, starting, and charging systems. Topics include the construction, operation, and function of electrical components for Honda and Toyota vehicles. This course is intended for automotive technology students seeking Honda Professional Automotive Career Training (PACT) or Toyota Technician (T-TEN) certification. (FT) AA/AS.

62T Honda/Toyota Advanced Electrical
2 hours lecture, 6 hours lab, 4 units
Grade Only
Prerequisite: Automotive Technology 61T with a grade of “C” or better, or equivalent.
Advisory: English 35 with a grade of “C” or better, or equivalent or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.
This course prepares students to diagnose and repair complex electrical/electronic systems used in Honda and Toyota automobiles. Topics include a review of the principles of electrical systems, electrical devices, the use of test equipment to diagnose malfunctions, and the examination of various Honda/Toyota computerized control systems. The course emphasizes the development of a systematic diagnostic and repair procedure. Also included is an introduction to Honda/Toyota hybrid vehicle operation, safety, service, and emergency response. This course prepares students for the Automotive Service Excellence (ASE) A6 certification and is intended for automotive technology students seeking Honda Professional Automotive Career Training (PACT) or Toyota Technician (T-TEN) certification. (FT) AA/AS.

62 Advanced Electrical
2 hours lecture, 6 hours lab, 4 units
Grade Only
Prerequisite: Automotive Technology 61 with a grade of “C” or better, or equivalent.
Advisory: English 35 with a grade of “C” or better, or equivalent or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30 and Automotive Technology 53 with a grade of “C” or better, or equivalent.
This course prepares students to diagnose and repair complex electrical/electronic systems used in modern automobiles. Topics include a review of the principles of electrical circuits, the study of electrical devices, the use of test equipment to diagnose malfunctions, and the examination of various computerized control systems. The course emphasizes the development of a systematic diagnostic and repair procedure. Also included is an introduction to hybrid vehicle operation, safety, service, and emergency response. This course prepares students for the Automotive Service Excellence (ASE) A6 certification and is intended for automotive technology students seeking Honda Professional Automotive Career Training (PACT) or Toyota Technician (T-TEN) certification. (FT) AA/AS.

65 Engine Performance
2 hours lecture, 6 hours lab, 4 units
Grade Only
Corequisite: Completion of or concurrent enrollment in: Automotive Technology 61 with a grade of “C” or better, or equivalent.
Advisory: Automotive Technology 53 and 56 with a grade of “C” or better; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30 and English 35 or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4.
Advisory: Completion of or concurrent enrollment in: Automotive Technology 62 with a grade of “C” or better, or equivalent.
This course covers engine management basics, including an overview of common sensors and their functions, ignition systems, fuel systems, and air induction and exhaust systems. Students are also introduced to engine diagnosis procedures. This course prepares students for the Automotive Service Excellence (ASE) A8 certification and is intended for students majoring in automotive technology. (FT) AA/AS.
65T Honda/Toyota Engine Performance
2 hours lecture, 6 hours lab, 4 units
Grade Only
Prerequisite: Automotive Technology 56T and 61T, each with a grade of “C” or better, or equivalent.
Corequisite: Completion of or concurrent enrollment in Automotive Technology 62T with a grade of “C” or better, or equivalent.
Advisory: English 35 with a grade of “C” or better, or equivalent or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.
This course covers Honda/Toyota engine management basics. Topics include an overview of sensors and their functions; ignition systems; fuel systems; and air induction and exhaust systems. Students are also introduced to Honda/Toyota-specific engine diagnosis procedures. This course prepares students for the Automotive Service Excellence (ASE) A8 certification and is intended for automotive technology students seeking Honda Professional Automotive Career Training (PACT) or Toyota Technician (T-TEN) certification. (FT) AA/AS.

67T Honda/Toyota Advanced Engine Performance
2 hours lecture, 6 hours lab, 4 units
Grade Only
Prerequisite: Automotive Technology 62T and Automotive Technology 65T, each with a grade of “C” or better, or equivalent.
Advisory: English 35 or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.
This course builds on skills learned in the Honda/Toyota Engine Performance course with an emphasis on engine diagnostics. Topics include an in-depth study of Honda/Toyota system monitors; engine misfire; oxygen (O2) and Air Fuel (A/F) sensors; fuel systems; and emission control systems. This course prepares students for the Automotive Service Excellence (ASE) L-1 certification and is intended for automotive technology students seeking Honda Professional Automotive Career Training (PACT) or Toyota Technician (T-TEN) certification. (FT) AA/AS.

67 Advanced Engine Performance
2 hours lecture, 6 hours lab, 4 units
Grade Only
Prerequisite: Automotive Technology 61 with a grade of “C” or better, or equivalent.
Advisory: English 35 with a grade of “C” or better, or equivalent or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Level R4 and W4; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30; Automotive Technology 62, 53 and 65, each with a grade of “C” or better, or equivalent.
This course builds on skills learned in the Engine Performance course with an emphasis on engine diagnostics. Topics include an in-depth study of system monitors, engine misfire, oxygen (O2) and Air Fuel (A/F) sensors, fuel systems, and emission control systems. This course prepares students for the Automotive Service Excellence (ASE) L-1 certification and is intended for students majoring in automotive technology. (FT) AA/AS.

69 Climate Control Systems
2 hours lecture, 6 hours lab, 4 units
Grade Only
Advisory: English 35 or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30. Automotive Technology 53 and 61, each with a grade of “C” or better, or equivalent.
Advisory: Completion of or concurrent enrollment in Automotive Technology 62 with a grade of “C” or better, or equivalent.
This course introduces students to automotive climate control systems. Topics include heating, ventilation, and air conditioning (HVAC) systems and related components. Students diagnose and repair common problems with climate control systems including manual, electronic and vacuum controls; evacuation and recharging of air conditioning; and component replacement. Other topics include safety, environmental concerns, and Environmental

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Protection Agency (EPA) 609 Refrigerant Handling License requirements. This course prepares students for the Automotive Service Excellence (ASE) A7 certification and is intended for students majoring in automotive technology. (FT) AA/AS.

**69T Honda/Toyota Climate Control Systems**  
2 hours lecture, 6 hours lab, 4 units  
*Grade Only*  

**Prerequisite:** Automotive Technology 61T with a grade of “C” or better, or equivalent.  
**Corequisite:** Completion of or concurrent enrollment in Automotive Technology 62T with a grade of “C” or better, or equivalent.  
**Advisory:** English 35 or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.  
This course introduces students to Honda- and Toyota-specific climate control systems, including Heating, Ventilation, and Air Conditioning (HVAC) systems and related components. Students diagnose and repair common problems with climate control systems, including manual, electronic and vacuum controls; evacuation and recharging of air conditioning; and component replacement. Other topics include safety and environmental concerns; Environmental Protection Agency (EPA) 609 Refrigerant Handling License requirements; and Honda/Toyota hybrid vehicle climate control systems. This course prepares students for the Automotive Service Excellence (ASE) A7 certification and is intended for students majoring in automotive technology. (FT) AA/AS.

**72T Honda/Toyota Manual Drive Train and Axles**  
2 hours lecture, 6 hours lab, 4 units  
*Grade Only*  

**Prerequisite:** Automotive Technology 61T with a grade of “C” or better, or equivalent.  
**Corequisite:** Completion of or concurrent enrollment in Automotive Technology 62T with a grade of “C” or better, or equivalent.  
**Advisory:** English 35 or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.  
This course familiarizes students with Honda- and Toyota-specific manual transmissions, final drives, and transaxles. Topics include clutch assemblies, manual transmissions, manual transaxes, transfer cases, and rear-wheel, 4-wheel, and all-wheel drive systems. This course prepares students for the Automotive Service Excellence (ASE) A3 certification and is intended for students majoring in automotive technology seeking Honda Professional Automotive Career Training (PACT) or Toyota Technician (T-TEN) certification. (FT) AA/AS.

**74 Automatic Transmissions/Axles**  
2 hours lecture, 6 hours lab, 4 units  
*Grade Only*  

**Advisory:** English 35 or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30; Automotive Technology 53, 61, and 62, each with a grade of “C” or better, or equivalent.  
**Advisory:** Completion of or concurrent enrollment in Automotive Technology 67 with a grade of “C” or better, or equivalent.  
This course covers the principles and operation of hydraulically and electronically controlled transmissions and transaxles. Topics include hydraulics, components, power flow, and the development of a systematic approach to diagnosis and repair. This course prepares students for the
Automotive Service Excellence (ASE) A2 certification and is intended for students majoring in automotive technology. (FT) AA/AS.

74T Honda/Toyota Automatic Transmissions/ Axles
2 hours lecture, 6 hours lab, 4 units
Grade Only
Prerequisite: Automotive Technology 65T with a grade of “C” or better, or equivalent.
Corequisite: Completion of or concurrent enrollment in Automotive Technology 67T with a grade of “C” or better, or equivalent.
Advisory: English 35 or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.
This course covers the principles and operation of Honda- and Toyota-specific hydraulically and electronically controlled transmissions and transaxles. Topics include hydraulics, components, power flow, and the development of a systematic approach to diagnosis and repair. This course prepares students for the Automotive Service Excellence (ASE) A2 certification and is intended for automotive technology students seeking Honda Professional Automotive Career Training (PACT) or Toyota Technician (T-TEN) certification. (FT) AA/AS.

76 Automotive Brake Systems
2 hours lecture, 6 hours lab, 4 units
Grade Only
Prerequisite: Automotive Technology 61T with a grade of “C” or better, or equivalent.
Corequisite: Completion of or concurrent enrollment in Automotive Technology 62T with a grade of “C” or better, or equivalent.
Advisory: English 35 or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.
This course teaches students brake system diagnosing and replacement procedures. Topics include inspection and measurement of Honda/Toyota brake components; resurfacing brake drums and disc rotors; hydraulics, wheel cylinders, disc calipers, and master cylinders; brake bleeding; adjustment and repair of drum/disc brakes; and diagnosis of power assist units and computer controlled brake systems. This course prepares students for the Automotive Service Excellence (ASE) A5 certification and California Brake Adjuster C license and is intended for automotive technology students seeking Honda Professional Automotive Career Training (PACT) or Toyota Technician (T-TEN) certification. (FT) AA/AS.

78 Suspension, Steering and Handling
2 hours lecture, 6 hours lab, 4 units
Grade Only
Prerequisite: Automotive Technology 61 with a grade of “C” or better, or equivalent.
Advisory: English 35 or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30; Automotive Technology 53 with a grade of “C” or better, or equivalent.
Advisory: Completion of or concurrent enrollment in Automotive Technology 62 with a grade of “C” or better, or equivalent.
This course teaches students suspension, steering and handling systems. Topics include inspection and measurement of suspension and steering components; repair and adjustment of shock absorbers and struts; repair and adjustment of front and rear suspension components; and diagnosis of power assist steering systems. This course prepares students for the Automotive Service Excellence (ASE) A6 certification and is intended for students majoring in automotive technology. (FT) AA/AS.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
This course covers the theory and repair of automotive suspension, steering, and handling systems. Topics include the design and operation of all components of suspension, steering, four-wheel steering, tires and wheels, and four-wheel alignment of late-model automobiles and light-duty trucks. This course prepares students for Automotive Service Excellence (ASE) A4 certification. (FT) AA/AS.

**78T Honda/Toyota Suspension, Steering and Handling**

2 hours lecture, 6 hours lab, 4 units  
**Grade Only**

**Prerequisite:** Automotive Technology 51T with a grade of “C” or better, or equivalent.  
**Corequisite:** Completion of or concurrent enrollment in Automotive Technology 61T with a grade of “C” or better, or equivalent.  
**Advisory:** English 35 or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.

This course covers the theory and repair of automotive suspension, steering, and handling systems. Topics include the design and operation of all components of suspension, steering, four-wheel steering, tire and wheel, and four-wheel alignment of Honda/Toyota automobiles and light-duty trucks. This course prepares students for Automotive Service Excellence (ASE) A4 certification and is intended for automotive technology students seeking Honda Professional Automotive Career Training (PACT) or Toyota Technician (T-TEN) certification. (FT) AA/AS.

**86 BAR Specified Diagnostic, Repair, and Level 2 Inspection Training**

2 hours lecture, 6 hours lab, 4 units  
**Grade Only**

**Advisory:** English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 34A with a grade of “C” or better, or equivalent or Assessment Skill Level M20.  
**Limitation on Enrollment:** This course is not open to students with previous credit for Automotive Technology 85 or the combination of Automotive Technology 65 and 67.

This course provides Bureau of Automotive Repair (BAR) Specified Diagnostic and Repair training and Level 2 Procedures training. Students develop a high level of competency in the diagnosis and repair of Smog Check failures, including electrical/electronic systems and engine and emission control performance. Students with at least two years of engine performance repair experience who successfully complete this course may apply to the BAR for approval to take the state Smog Check Repair Technician License examination. Students also develop the knowledge, skills, and abilities needed to perform Smog Check inspections. Students who successfully complete this course meet the BAR training requirements to take the Smog Check Inspector state licensing examination. This course is intended for current or future automotive technicians. (FT) AA/AS.

**270 Work Experience**

60–300 hours other, 1–4 units  
**Grade Only**

A program of on-the-job learning experiences for students employed in a job related to their major or their educational goal. The combined maximum credit for all work experience courses from all disciplines may not exceed 16 units. AA/AS.

**This discipline may offer specialized instruction in one or more of the following areas:** Supervised Tutoring (044), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 236. Please refer to the class schedule and/or see the dean or department chair for availability.
flight; airplane instruments, engines, and systems; airports; air traffic control and airspace; Federal Aviation Regulations (FARs); aircraft performance; aeromedical factors and decision making; weather and weather services; navigation; and cross country flight planning. This course, combined with AVIA 133 (Human Factors in Aviation), fulfills all requirements for the Federal Aviation Administration (FAA) Private Pilot Knowledge Test. This course is intended for students majoring in Aviation Operations or those pursuing a private pilot's license. (FT) AA/AS; CSU.

101L Private Pilot Flight Lab
3 hours lab, 1 unit
Grade Only
Corequisite: Completion of or concurrent enrollment in Aviation 101 with a grade of “C” or better, or equivalent or FAA-issued Private Pilot Certificate. Advisory: Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30. Advisory: Completion of or concurrent enrollment in Aviation 133 with a grade of “C” or better, or equivalent.
Designed for the beginning pilot, this lab provides a hands-on introduction to basic airplane operations, procedures, regulations, and techniques using a flight simulator. Topics include ground operations, flight maneuvers, airplane control, flight by reference to instruments, and communications. This course is intended for students majoring in Aviation Operations or those pursuing a private pilot’s license. (FT) AA/AS; CSU.

105 Introduction to Aviation and Aerospace
3 hours lecture, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30. This course provides an introduction to the aviation and aerospace industry. Topics include an overview of aviation history, regulation, and legislation; U.S. air carriers; aviation operations; aviation employment and career paths; and future developments. This course is intended for students majoring in Aviation Operations or anyone interested in the aviation industry. (FT) AA/AS; CSU.

115 Aviation Weather
3 hours lecture, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30. This course is an introduction to atmospheric science, including applications to flight. Topics include the composition and structure of the atmosphere, atmospheric pressure, air circulation, winds, turbulence, precipitation, air masses, severe weather, clouds, air stability, and climate. Through examination of these topics, students gain an understanding of the scientific method and the methodologies of scientific investigation used to explain and predict weather phenomena. Other topics include the relationships between meteorology, technology, and economics; global climate change; and the interpretation and use of aviation weather charts, briefs, reports, and forecasts. This course is intended for students majoring in Aviation Operations or anyone interested in weather phenomena. (FT) AA/AS; CSU; UC.

125 Aviation and Airport Management
3 hours lecture, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30. Limitation on Enrollment: This course is not open to students with previous credit for Aviation 120. This course introduces students to the major aspects of aviation and airport management. Topics include the airport-airway system; airport planning and development; aviation operations and management; community relations; governing regulations; security; and careers. This course is intended for students majoring in Aviation Operations or those interested in the aviation industry. (FT) AA/AS; CSU.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
128 Group Dynamics for High Risk Teams
3 hours lecture, 3 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
This course introduces students to the fundamentals of Team Resource Management (TRM), an error management strategy now applied in a wide array of high-risk industries that is designed for technical teams operating in high-stress environments. In this course, students become familiar with TRM processes as a way to expose and manage team errors as they shape authority relations in a dynamic context thereby honing skills of observation, analytic problem solving, and critical thinking. This course is intended for students majoring in Aviation Operations or anyone interested in leadership and group dynamics. (FT) AA/AS; CSU.

133 Human Factors in Aviation
3 hours lecture, 3 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
Advisory: Completion of or concurrent enrollment in Aviation 101 with a grade of “C” or better, or equivalent.
This course is about decision-making and the causes of human error. Students learn to identify, assess, and mitigate potential hazards by analyzing the physiological, psychological, and sociological factors contributing to accidents in aviation and other high-risk fields. Topics include human factors theories and models; Crew Resource Management (CRM); flight physiology; health and lifestyle choices; hazardous attitudes, mental, and emotional states; cognitive processes; communication; group dynamics; social norms; organizational culture; leadership; and decision-making. Students integrate these concepts into strategies designed to reduce errors, manage risk, develop safe habits, and make effective decisions throughout their professional and personal lives. This course is intended for students majoring in Aviation Operations or anyone interested in the field of aviation safety. (FT) AA/AS; CSU.

151 Helicopter Ground School
3 hours lecture, 3 units
Grade Only

Corequisite: Completion of or concurrent enrollment in Aviation 101 with a grade of “C” or better, or equivalent.
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.
This course provides an introduction to helicopter operations and careers. Topics include the aerodynamic principles of helicopter flight; helicopter instruments, engines, and systems; helicopter performance and operating characteristics; airports, airspace, weather, weather services, and navigation as they pertain to helicopter operations; and increased aeronautical knowledge. This course, combined with AVIA 101 (Private Pilot Ground School) and AVIA 133 (Human Factors in Aviation), fulfills all requirements for the FAA Helicopter Private Pilot Knowledge Test. It is intended for students majoring in Aviation Operations or those seeking helicopter pilot qualification. (FT) AA/AS; CSU.

195 Instrument Ground School
3 hours lecture, 3 units
Grade Only

Prerequisite: Aviation 101 with a grade of “C” or better, or equivalent or FAA-issued Private Pilot Certificate.
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30; Aviation 101L with a grade of “C” or better, or equivalent or FAA-issued Private Pilot Certificate.
Advisory: Concurrent enrollment in Aviation 195L.
Advisory: Completion of or concurrent enrollment in Aviation 133 with a grade of “C” or better, or equivalent.
This course provides an introduction to basic Instrument Flight Rules (IFR) procedures, regulations, and techniques. Topics include airplane instruments and instrument flying techniques, IFR airspace and air traffic control procedures, pertinent Federal Aviation Regulations (FAR), IFR weather and weather services, aeromedical factors and decision making in instrument conditions, and IFR flight planning. This course is intended for students majoring in Aviation
Operations or anyone interested in flight training. (FT) AA/AS; CSU.

195L Basic Instrument Flight Lab
3 hours lab, 1 unit
Grade Only

Prerequisite: Aviation 101 and Aviation 101L, each with a grade of “C” or better, or equivalent or FAA-issued Private Pilot Certificate.
Corequisite: Completion of or concurrent enrollment in Aviation 195 with a grade of “C” or better, or equivalent or FAA-issued Instrument Pilot Certificate.
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30; Aviation 133 with a grade of “C” or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Aviation 196. This laboratory course provides an introduction to basic Instrument Flight Rules (IFR) procedures, regulations, and techniques through the use of an airplane flight simulator. Designed for the private pilot, this course provides an introduction to airplane instruments and instrument flying techniques, flight into IFR airspace and air traffic control procedures, pertinent Federal Aviation Regulations (FARs), IFR weather and weather services, aeromedical factors and decision making in instrument conditions, and IFR flight planning. It is intended for students majoring in Aviation Operations or anyone interested in flight training. (FT) AA/AS; CSU.

196L Advanced Instrument Flight Lab
3 hours lab, 1 unit
Grade Only

Prerequisite: Aviation 195 and Aviation 195L, each with a grade of “C” or better, or equivalent or FAA-issued Instrument Pilot Certificate.
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30; Aviation 133 with a grade of “C” or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Aviation 200. This laboratory course provides advanced study and practice in basic Instrument Flight Rules (IFR) procedures, regulations, and techniques through the use of an airplane flight simulator. Designed for students seeking instrument flight certification, this course provides advanced practice in airplane instruments and instrument flying techniques, flight into IFR airspace, instrument navigation, and instrument approach procedures. It is intended for students majoring in Aviation Operations or anyone interested in flight training. (FT) AA/AS; CSU.

201 Commercial Pilot Ground School
3 hours lecture, 3 units
Grade Only

Prerequisite: Aviation 101 with a grade of “C” or better, or equivalent FAA-issued Private Pilot Certificate.
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30; Aviation 133 with a grade of “C” or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Aviation 200. This course provides an overview of the aeronautical knowledge and job requirements for a commercial pilot. Topics include advanced study of aerodynamics; large and multi-engine aircraft systems; performance and weight and balance; air traffic control and airspace, Federal Aviation Regulations (FARs); aeromedical factors and decision making; weather and weather services; and international flight planning, navigation, and procedures. This course, combined with AVIA 133 (Human Factors in Aviation), fulfills all requirements for the Federal Aviation Administration (FAA) Commercial Pilot Knowledge Test. This course is intended for students majoring in Aviation Operations or those seeking commercial pilot qualification. (FT) AA/AS; CSU.

211 Flight Instructor Ground School
3 hours lecture, 3 units
Grade Only

Corequisite: Completion of or concurrent enrollment in Aviation 195 and 201, each with a grade of “C” or better, or equivalent, or FAA-issued Commercial Pilot Certificate.
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30; Aviation 133 with a grade of “C” or better, or equivalent.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Assessment Skill Level M30 and Aviation 128 with a grade of "C" or better, or equivalent. 
*Advisory:* Concurrent enrollment in Aviation 211L or 215L, each with a grade of "C" or better, or equivalent. 
*Advisory:* Completion of or concurrent enrollment in Aviation 133 with a grade of "C" or better, or equivalent. 
**Limitation on Enrollment:** This course is not open to students with previous credit for Aviation 212. This course provides an introduction to methods of flight instruction by integrating learning theory with an in-depth study of aeronautical science. Topics include optimum adult learning environments and instructional techniques pertaining to the principles of flight; aircraft systems and performance; Federal Aviation Regulations (FARs); aeromedical factors; weather; and navigation. When combined with AVIA 133 (Human Factors in Aviation) and AVIA 211L (Basic Visual Flight Instructor Lab) or AVIA 215L (Basic Instrument Flight Instructor Lab), this course fulfills all requirements for the Federal Aviation Administration (FAA) Fundamentals Of Instruction (FOI), Certified Flight Instructor (CFI), and/or Advanced Ground Instructor (AGI) pilot knowledge tests. It is intended for students majoring in Aviation Operations or those seeking qualification as a flight instructor. (FT) AA/AS; CSU.

**211L Basic Visual Flight Instructor Lab**

3 hours lab, 1 unit

*Corequisite:* Completion of or concurrent enrollment in Aviation 211 with a grade of "C" or better, or equivalent. 
*Advisory:* Aviation 128 and 201, each with a grade of "C" or better, or equivalent or FAA-issued Commercial Pilot Certificate. English 48, English 49 and Mathematics 38, each with a grade of "C" or better, or equivalent or Assessment Skill Levels R5, W5 and M30. 
*Advisory:* Completion of or concurrent enrollment in Aviation 133 with a grade of "C" or better, or equivalent. 
**Limitation on Enrollment:** This course is not open to students with previous credit for Aviation 212. This course provides an introduction to applied methods of Visual Flight Rules (VFR) flight instruction. The course utilizes a flight simulator lab in which students practice applied flight instruction techniques under the direct supervision of a Certified Flight Instructor. When combined with AVIA 133 (Human Factors in Aviation) and AVIA 211 (Flight Instructor Ground School), this course fulfills all requirements for the Federal Aviation Administration (FAA) Fundamentals Of Instruction (FOI), Certified Flight Instructor (CFI), and/or Advanced Ground Instructor (AGI) pilot knowledge tests. It is intended for students majoring in Aviation Operations or those seeking qualification as a flight instructor. (FT) AA/AS; CSU.

**215L Basic Instrument Flight Instructor Lab**

3 hours lab, 1 unit

*Prerequisite:* Aviation 196L with a grade of "C" or better, or equivalent. 
*Corequisite:* Completion of or concurrent enrollment in Aviation 211 with a grade of "C" or better, or equivalent. 
*Advisory:* English 47A or English 48 and English 49, each with a grade of "C" or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 38 with a grade of "C" or better, or equivalent or Assessment Skill Level M30; Aviation 128 and Aviation 201, each with a grade of "C" or better, or equivalent. 
This course provides an introduction to applied methods of Instrument Flight Rules (IFR) flight instruction. The course utilizes a flight simulator lab in which students practice applied flight instruction techniques under the direct supervision of a Certified Flight Instructor – Instrument (CFII). It is intended for students majoring in Aviation Operations or those seeking qualification as a flight instructor. (FT) AA/AS; CSU.

**216L Advanced Instrument Flight Instructor Lab**

3 hours lab, 1 unit

*Prerequisite:* Aviation 215L with a grade of "C" or better, or equivalent. 
*Advisory:* English 47A or English 48 and English 49, each with a grade of "C" or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 38 with a grade of "C" or better, or equivalent or Assessment Skill Level M30; Aviation 128 and Aviation 201, each with a grade of "C" or better, or equivalent. 
This course provides advanced study of applied methods of Instrument Flight Rules (IFR) flight instruction. The course utilizes a flight simulator lab in which students practice applied flight instruction techniques under the direct supervision of a Certified Flight Instructor - Instrument (CFII).
It is intended for students majoring in Aviation Operations or those seeking qualification as a flight instructor. (FT) AA/AS; CSU.

**228 Group Dynamics II**

*3 hours lecture, 3 units  
Grade Only*

**Prerequisite:** Aviation 128 with a grade of “C” or better, or equivalent.  
**Advisory:** English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.  
This aviation course offers students the opportunity to continue developing “reflective-practitioner” skills, building on learning experienced in AVIA 128.  
Emphasizing an error management strategy called Team Resource Management, students explore further the nature of “roles” and the impact of group processes as a way to expose and manage team errors. The course also addresses how professionals in high-risk fields such as aviation might increase their awareness of the dynamics of authority relations, factors affecting the act of authorizing, and the interdependent nature of leadership in aviation while assisting participants to learn how to manage anxiety and continue to think and function in stressful situations. This course is intended for students majoring in Aviation Operations or anyone interested in leadership and group dynamics. (FT) AA/AS; CSU.

**270 Aviation Operations Internship / Work Experience**

*60 - 300 hours other, 1-4 units  
Grade Only*

**Limitation on Enrollment:** Must obtain an Add Code from the instructor for enrollment.  
This course provides on-the-job learning experiences for students employed in an aviation-related job or internship. Students develop workplace competencies, critical thinking skills, and problem solving abilities through the creation and achievement of job-related behavioral learning objectives. One unit of credit may be earned for each 75 hours of paid employment or 60 hours of volunteer work. This course may be taken up to four times. However, the combined maximum credit for all Work Experience courses from all subject areas may not exceed 16 units. This course is intended for students majoring in Aviation Operations or those interested in the aviation field. (FT) AA/AS; CSU.

**277D Aviation Service Learning -- on Campus**

*3–9 hours other, 1–3 units  
Grade Only*

**Prerequisite:** Aviation 105 and 101 or 133, each with a grade of “C” or better, or equivalent.  
**Advisory:** English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.  
**Limitation on Enrollment:** Must obtain an Add Code from the instructor for enrollment.  
Students in this course develop and implement service learning projects related to the Aviation (AVIA) subject area to help the college’s community under the supervision of college faculty and in cooperation with the staff of community organizations and agencies. Projects may include collaboration with college AVIA classes, education projects for college students, mentoring, or shadowing. Students gain hands-on experience in project planning, development, implementation and evaluation. Students meet weekly to receive support training and development opportunities regarding best practices in Service Learning. The combined credit for all 277D discipline courses may not exceed three units. (FT) AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 236. Please refer to the class schedule and/or see the dean or department chair for availability.

### Aviation Maintenance Technology (AVIM)

**52 Survey of Aviation Industry**

*1 hour lecture, 1.5 hours lab, 1.5 units  
Letter Grade or Pass/No Pass Option*

**Advisory:** English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.

(FT) = A field trip may be required for this course.  
AA/AS = Associate Degree Applicable  
CSU = California State University Applicable  
UC = University of California Applicable
This course introduces students to the aviation and aerospace industry and provides them with fundamental knowledge for further study in the field. Topics include the evolution, history, and structure of the aviation and aerospace industry as well as the rules and regulations governing aviation operations. Students review the current state of the industry, future directions in the field, and career options and training requirements. The course also provides students with a hands-on introduction to basic aviation maintenance skills. This course is intended for students interested in the aviation and aerospace industry. (FT) AA/AS.

101G General Aviation Technology Theory I
6 hours lecture, 6 units
Grade Only

Prerequisite: Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.
Advisory: English 47A or English 48 and English 49 with a grade of “C” or better, or equivalent or Assessment Skill Level R5 and W5.
Limitation on Enrollment: This course is not open to students with previous credit for Aviation Maintenance Technology 100, 101A, or 101B.
This course introduces the theory of basic aerodynamics. Students learn about aircraft nomenclature and structure; stability; primary and secondary flight controls; and fixed and rotary wing principles of operation. Other topics include Federal Aviation Administration (FAA) and manufacturers’ aircraft specifications; data sheets; manuals; publications; and related Federal Aviation Regulations (FARs), forms, and records. The course also covers weight and balance theory and ground operation and servicing. This course is intended for students majoring in Aviation Maintenance. (FT) AA/AS; CSU.

101H General Aviation Technology Theory II
6 hours lecture, 6 units
Grade Only

Corequisite: Completion of or concurrent enrollment in: Aviation Maintenance Technology 101G with a grade of “C” or better, or equivalent.
Advisory: English 47A or English 48 and English 49 with a grade of “C” or better, or equivalent or Assessment Skill Level R5 and W5.
Limitation on Enrollment: This course is not open to students with previous credit for Aviation Maintenance Technology 50, 100L, 100S, 102A, 102B, or 102E.
This course provides practical training in the use of basic aviation maintenance hand and power tools. Students learn about safety wiring, twist drills, torque methods, Federal Aviation Administration (FAA) forms and publications, and aircraft weight and balance. The content of this course meets the minimum requirements of Federal Aviation Regulation (FAR) Part 147; Appendix B; Subjects C, F, H, I, J, K, and L. This course is intended for students majoring in Aviation Maintenance. (FT) AA/AS; CSU.

102G General Aviation Maintenance Technology Practices I
6 hours lab, 2 units
Grade Only

Corequisite: Completion of or concurrent enrollment in: Aviation Maintenance Technology 101G with a grade of “C” or better, or equivalent.
Advisory: English 47A or English 48 and English 49 with a grade of “C” or better, or equivalent or Assessment Skill Level R5 and W5.
Limitation on Enrollment: This course is not open to students with previous credit for Aviation Maintenance Technology 50, 100L, 100S, 102C, 102D, or 102E.
This course provides practical training in aircraft fuel and instrument systems, materials, and blueprints. Topics include materials and processes;
aircraft hardware; corrosion control; drafting; and blueprint reading. The content of this course meets the minimum requirements of Federal Aviation Regulation (FAR) Part 147; Appendix B; Subjects B, D, E, and G and Part 147; Appendix C, Section II, Subjects D and F. This course is intended for students majoring in Aviation Maintenance. (FT) AA/AS; CSU.

103A Aircraft Wood, Fabric, Finishing and Composite Structures
3 hours lecture, 3 units
Grade Only
Prerequisite: Aviation Maintenance Technology 101G, 101H, 102G, and 102H, each with a grade of “C” or better, or equivalent.
This course is a study of the design, inspection, servicing, testing, and repair of aircraft wood, composite, plastic enclosures, interior furnishings, and seatbelts. This course is intended for students majoring in Aviation Maintenance Technology or those seeking a Federal Aviation Administration (FAA) Mechanics Certificate with Airframe rating. (FT) AA/AS; CSU.

103B Aircraft Welding and Sheetmetal Structures
3 hours lecture, 3 units
Grade Only
Prerequisite: Aviation Maintenance Technology 101G, 101H, 102G, and 102H, each with a grade of “C” or better, or equivalent.
This course is a study of the design, inspection, servicing, testing, and repair of aircraft sheet metal and welded structures. Topics include identifying and selecting specific aluminum and steel alloys; selecting appropriate fasteners; and using gas and electric arc welding equipment. This course is intended for students majoring in Aviation Maintenance Technology or those seeking a Federal Aviation Administration (FAA) Mechanics Certificate with Airframe rating. (FT) AA/AS; CSU.

103C Aircraft Hydraulic Systems
3 hours lecture, 3 units
Grade Only
Prerequisite: Aviation Maintenance Technology 101G, 101H, 102G, and 102H, each with a grade of “C” or better, or equivalent.
This course is a study of the design, inspection, servicing, testing, and repair of aircraft hydraulic and pneumatic components and systems. Topics include safety considerations, fluid types, seal types, component parts, and troubleshooting issues. This course is intended for students majoring in Aviation Maintenance Technology or those seeking a Federal Aviation Administration (FAA) Mechanics Certificate with Airframe rating. (FT) AA/AS; CSU.

103D Aircraft Landing Gear Systems
3 hours lecture, 3 units
Grade Only
Prerequisite: Aviation Maintenance Technology 101G, 101H, 102G and 102H, each with a grade of “C” or better, or equivalent.
This course is a study of landing gear systems including retraction systems, shock struts, brakes, wheels, tires, and steering systems. Topics include the inspection, check, service, and repair of speed and take-off warning systems, electrical brake controls, anti-skid systems, and landing gear position indicating and warning systems. This course is intended for students majoring in Aviation Maintenance Technology or those seeking a Federal Aviation Administration (FAA) Mechanics Certificate with Airframe rating. (FT) AA/AS; CSU.

104A Applied Aircraft Wood, Fabric, Finishing and Composite Structures
4.5 hours lab, 1.5 units
Grade Only
Corequisite: Completion of or concurrent enrollment in Aviation Maintenance Technology 103A with a grade of “C” or better, or equivalent.
This applied course is a study of the design, inspection, servicing, testing, and repair of aircraft wood, composite, plastic enclosures, interior furnishings, and seatbelts. The content of this course meets the minimum requirements of Federal Aviation Regulation (FAR) Part 147, Appendix C, Section I: Subjects A, B, C, D: 11, 12, 13. This course is intended for students majoring in Aviation Maintenance Technology or those seeking a Federal Aviation Administration (FAA) Mechanics Certificate with Airframe rating. (FT) AA/AS; CSU.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
104B Applied Aircraft Welding and Sheetmetal Structures
4.5 hours lab, 1.5 units
Grade Only

Corequisite: Completion of or concurrent enrollment in Aviation Maintenance Technology 103B with a grade of “C” or better, or equivalent.
This applied course is a study of the design, inspection, servicing, testing, and repair of aircraft sheet metal and welded structures. Topics include gas and electric arc welding; sheet metal layout, bending, and assembly techniques; and conventional and special fasteners. The content of this course meets the minimum requirements of Federal Aviation Regulation (FAR) Part 147, Appendix C, Section I: Subjects D: 14, 15, 16; E. This course is intended for students majoring in Aviation Maintenance Technology or those seeking a Federal Aviation Administration (FAA) Mechanics Certificate with Airframe rating. (FT) AA/AS; CSU.

104C Applied Aircraft Hydraulic Systems
3 hours lab, 1 unit
Grade Only

Corequisite: Completion of or concurrent enrollment in Aviation Maintenance Technology 103C with a grade of “C” or better, or equivalent.
This applied course is a study of the design, inspection, servicing, testing, and repair of aircraft hydraulic and pneumatic components and systems. Topics include safety considerations, fluid types, seal types, component parts, and troubleshooting issues. The content of this course meets the minimum requirements of Federal Aviation Regulation (FAR) Part 147, Appendix C, Section I: Subject B. This course is intended for students majoring in Aviation Maintenance Technology or those seeking a Federal Aviation Administration (FAA) Mechanics Certificate with Airframe rating. (FT) AA/AS; CSU.

104D Applied Aircraft Landing Gear Systems
3 hours lab, 1 unit
Grade Only

Corequisite: Completion of or concurrent enrollment in Aviation Maintenance Technology 103D with a grade of “C” or better, or equivalent.
This applied course teaches students to operate, inspect, check, service, and repair landing gear retraction systems, shock struts, brakes, wheels, tires, and steering systems. Other topics include the inspection, check, service, and repair of speed and take-off warning systems and components; electrical brake controls; anti-skid systems; and landing gear position and warning systems. The content of this course meets the minimum requirements of Federal Aviation Regulation (FAR) Part 147, Appendix C, Section II: Subjects A, H. This course is intended for students majoring in Aviation Maintenance Technology or those seeking a Federal Aviation Administration (FAA) Mechanics Certificate with Airframe rating. (FT) AA/AS; CSU.

105A Aircraft Cabin Atmosphere Control
1.5 hours lecture, 1.5 units
Grade Only

Prerequisite: Aviation Maintenance Technology 101G, 101H, 102G, 102H, each with a grade of “C” or better, or equivalent.
This course is a study of the design, inspection, maintenance, and repair of cabin atmosphere control systems and aircraft protection systems. Topics include heating, cooling, pressurization, oxygen, and ice and rain systems and components. This course is intended for students majoring in Aviation Maintenance Technology or those seeking a Federal Aviation Administration (FAA) Mechanics Certificate with Airframe rating. (FT) AA/AS; CSU.

105B Aircraft Assembly, Rigging and Inspection
1.5 hours lecture, 1.5 units
Grade Only

Prerequisite: Aviation Maintenance Technology 101G, 101H, 102G, 102H, each with a grade of “C” or better, or equivalent.
This course is a study of fixed and rotary wing aircraft assembly techniques. Topics include aircraft alignment, balance and rigging of movable surfaces, jacking of aircraft, and aircraft inspections for conformity and airworthiness. This course is intended for students majoring in Aviation Maintenance Technology or those seeking a Federal Aviation Administration (FAA) Mechanics Certificate with Airframe rating. (FT) AA/AS; CSU.

106A Aircraft Cabin Atmosphere Control
1.5 hours lab, 0.5 units
Grade Only

Corequisite: Completion of or concurrent enrollment in Aviation Maintenance Technology 105A with a grade of “C” or better, or equivalent.
This applied course teaches students how to operate, maintain, and repair heating, cooling, air conditioning, pressurization, oxygen, and ice and rain control systems and components. The content of this course meets the minimum requirements of
Federal Aviation Regulation (FAR) Part 147, Appendix C, Section II: Subjects C., I. This course is intended for students majoring in Aviation Maintenance Technology or those seeking a Federal Aviation Administration (FAA) Mechanics Certificate with Airframe rating. (FT) AA/AS; CSU.

106B Applied Aircraft Assembly, Rigging and Inspection

3 hours lab, 1 unit
Grade Only

Corequisite: Completion of or concurrent enrollment in Aviation Maintenance Technology 105B with a grade of “C” or better, or equivalent. This applied course teaches students to apply fixed and rotary wing aircraft assembly techniques in an aircraft maintenance shop environment. Topics include aircraft alignment; balance and rigging of movable surfaces; aircraft jacking procedures; and aircraft inspections for conformity and airworthiness. The content of this course meets the minimum requirements of Federal Aviation Regulation (FAR) Part 147 Appendix C; Section I: Subjects F., G. This course is intended for students majoring in Aviation Maintenance Technology or those seeking a Federal Aviation Administration (FAA) Mechanics Certificate with Airframe rating. (FT) AA/AS; CSU.

107B Turbine Engines

3 hours lecture, 3 units
Grade Only

Prerequisite: Aviation Maintenance Technology 101G, 101H, 102G, 102H, each with a grade of “C” or better, or equivalent.
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 34A with a grade of “C” or better, or equivalent or Assessment Skill Level M20.

This course is a study of the theory of operation, design, overhaul, inspection, servicing, repair, and troubleshooting of turbine engines. Topics include turbojet, turbofan, turboprop, and turboshaft aircraft powerplants and their related subsystems. The content of this course meets the minimum requirements of Federal Aviation Regulation (FAR) Part 147, Appendix D, Section 2: Subjects F. 20 and 22; G. 24 and 25; H 26, 27, and 28; L; and M. This course is intended for students majoring in Aviation Maintenance Technology or those seeking a Federal Aviation Administration (FAA) Mechanics Certificate with Powerplant rating. (FT) AA/AS; CSU.

108A Airframe Electrical Systems

3 hours lecture, 3 units
Grade Only

Prerequisite: Aviation Maintenance Technology 101G, 101H, 102G, 102H, 120 and 121A, each with a grade of “C” or better, or equivalent.
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 34A with a grade of “C” or better, or equivalent or Assessment Skill Level M20.

This course is a study of the design, installation, and operation of alternating and direct current systems. Topics include communication and navigation systems; wiring; control circuits; switches; indicators; electrical power generation and control; circuit protection devices; and other electronic systems likely to be encountered by an aircraft technician. This course is intended for students majoring in Aviation Maintenance Technology or those seeking

108B Applied Turbine Engines

3 hours lab, 1 unit
Grade Only

Corequisite: Completion of or concurrent enrollment in Aviation Maintenance Technology 107B with a grade of “C” or better, or equivalent.
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 34A with a grade of “C” or better, or equivalent or Assessment Skill Level M20.

This course covers the practical application of the theory of operation, design, overhaul, inspection, servicing, repair, and troubleshooting of turbine engines. Topics include turbojet, turbofan, turboprop, and turboshaft aircraft powerplants and their related subsystems. The content of this course meets the minimum requirements of Federal Aviation Regulation (FAR) Part 147, Appendix C; Section I: Subjects F., G. This course is intended for students majoring in Aviation Maintenance Technology or those seeking a Federal Aviation Administration (FAA) Mechanics Certificate with Powerplant rating. (FT) AA/AS; CSU.
a Federal Aviation Administration (FAA) Mechanics Certificate with Airframe rating. (FT) AA/AS; CSU.

109B Powerplant Ignition Systems

2 hours lecture, 2 units
Grade Only

Prerequisite: Aviation Maintenance Technology 101G, 101H, 102G, 102H, each with a grade of “C” or better, or equivalent.
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 34A with a grade of “C” or better, or equivalent or Assessment Skill Level M20.

This course is a study of the design, installation, and operation of powerplant ignition systems. Topics include magnetos, spark plug harnesses, spark plugs, solid-state exciters, turbine igniters, and other ignition systems likely encountered by an aircraft maintenance technician. This course is intended for students majoring in Aviation Maintenance Technology or those seeking a Federal Aviation Administration (FAA) Mechanics Certificate with Powerplant rating. (FT) AA/AS; CSU.

109C Powerplant Electrical Systems

3 hours lecture, 3 units
Grade Only

Prerequisite: Aviation Maintenance Technology 101G, 101H, 102G, 102H, 120, and 121A, each with a grade of “C” or better, or equivalent.
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 34A with a grade of “C” or better, or equivalent or Assessment Skill Level M20.

This course is a study of the design, installation, and operation of both direct and alternating powerplant electrical current systems. Topics include lead acid and nickel cadmium batteries; wiring; control circuits; switches; indicators; electrical power generation and control; circuit protection devices; and other electrical systems likely encountered by an aircraft maintenance technician. This course is intended for students majoring in Aviation Maintenance Technology or those seeking a Federal Aviation Administration (FAA) Mechanics Certificate with Powerplant rating. (FT) AA/AS; CSU.

109D Aircraft Fire Protection and Digital Logic

1 hour lecture, 1 unit
Grade Only

Prerequisite: Aviation Maintenance Technology 101G, 101H, 102G, 102H, each with a grade of “C” or better, or equivalent.
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 34A with a grade of “C” or better, or equivalent or Assessment Skill Level M20.

This airframe and powerplant course covers all aspects of fire protection systems. Topics include system design, maintenance practices, extinguishing systems, digital logic systems, and basic computer applications used in the aircraft industry. This course meets the minimum requirements of Federal Aviation Regulation (FAR) Part 147, Appendix C, Section II: Subject J; and Appendix D, Section II: Subject B. This course is intended for students majoring in Aviation Maintenance Technology or those seeking a Federal Aviation Administration (FAA) Mechanics Certificate with Airframe and/or Powerplant rating. (FT) AA/AS; CSU.

110A Applied Airframe Electrical Systems

3 hours lab, 1 unit
Grade Only

Corequisite: Completion of or concurrent enrollment in Aviation Maintenance Technology 109A with a grade of “C” or better, or equivalent.
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 34A with a grade of “C” or better, or equivalent or Assessment Skill Level M20.

This course is an applied study of the design, installation, troubleshooting, repair, and operation of both direct and alternating current systems. Topics include communication and navigation systems; wiring; control circuits; switches; indicators; electrical power generation and control; circuit protection devices; and other electronic systems likely encountered by an aircraft maintenance technician. The content of this course meets the minimum requirements of Federal Aviation Regulation (FAR) Part 147 Appendix C; Section II: Subjects E and G. This course is intended for students majoring in Aviation Maintenance Technology or those seeking a Federal Aviation Administration (FAA) Mechanics Certificate with Airframe rating. (FT) AA/AS; CSU.
110B Applied Powerplant Ignition Systems
1.5 hours lab, 0.5 units
Grade Only
Corequisite: Completion of or concurrent enrollment in Aviation Maintenance Technology 109B with a grade of “C” or better, or equivalent.
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 34A with a grade of “C” or better, or equivalent or Assessment Skill Level M20.
This course is an applied study of the design, installation, servicing, troubleshooting, repair, and operation of powerplant ignition systems. Topics include magnetos, spark plug harnesses, spark plugs, solid-state exciters, turbine igniters, and other ignition systems likely encountered by an aircraft maintenance technician. This course meets the requirements of Federal Aviation Regulation (FAR) Part 147, Appendix D; Section II: Subject E. This course is intended for students majoring in Aviation Maintenance Technology or those seeking a Federal Aviation Administration (FAA) Mechanics Certificate with Powerplant rating. (FT) AA/AS; CSU.

110C Applied Powerplant Electrical Systems
1.5 hours lab, 0.5 units
Grade Only
Corequisite: Completion of or concurrent enrollment in Aviation Maintenance Technology 109C with a grade of “C” or better, or equivalent.
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 34A with a grade of “C” or better, or equivalent or Assessment Skill Level M20.
This course is an applied study of the design, installation, troubleshooting, repair, and operation of both direct and alternating current systems. Topics include lead acid and nickel cadmium battery maintenance; wiring; control circuits; switches; indicators; electrical power generation and control; circuit protection devices; and other electrical systems likely encountered by an aircraft maintenance technician. This course meets the requirements of Federal Aviation Regulation (FAR) Part 147, Appendix D; Section II: Subjects A & C. This course is intended for students majoring in Aviation Maintenance Technology or those seeking a Federal Aviation Administration (FAA) Mechanics Certificate with Powerplant rating. (FT) AA/AS; CSU.

111C Reciprocating Engines I
3 hours lecture, 3 units
Grade Only
Prerequisite: Aviation Maintenance Technology 101G, 101H, 102G, 102H, each with a grade of “C” or better, or equivalent.
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 34A with a grade of “C” or better, or equivalent or Assessment Skill Level M20.
This course is a study of the theory of operation, design, overhaul, inspection, and repair of aircraft reciprocating powerplants. It is intended for students majoring in Aviation Maintenance Technology or those seeking a Federal Aviation Administration (FAA) Mechanics Certificate with Powerplant rating. (FT) AA/AS; CSU.

111D Reciprocating Engines II
3 hours lecture, 3 units
Grade Only
Prerequisite: Aviation Maintenance Technology 101G, 101H, 102G, 102H, each with a grade of “C” or better, or equivalent.
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 34A with a grade of “C” or better, or equivalent or Assessment Skill Level M20.
This course is a study of aircraft reciprocating powerplant systems and operations. Topics include the check, repair, servicing, installation, removal, and inspection of aircraft reciprocating powerplants. This course is intended for students majoring in Aviation Maintenance Technology or those seeking a Federal Aviation Administration (FAA) Mechanics Certificate with Powerplant rating. (FT) AA/AS; CSU.

112C Applied Reciprocating Engines I
6 hours lab, 2 units
Grade Only
Corequisite: Completion of or concurrent enrollment in Aviation Maintenance Technology 111C with a grade of “C” or better, or equivalent.
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or...
Assessment Skill Levels R5 and W5; Mathematics 34A with a grade of “C” or better, or equivalent or Assessment Skill Level M20.

This course is an applied study of the theory of operation, overhaul, inspection, and repair of aircraft reciprocating powerplants. The content of this course meets the minimum requirements of Federal Aviation Regulation (FAR) Part 147, Appendix D, Section I: Subjects A: 1, 2. This course is intended for students majoring in Aviation Maintenance Technology or those seeking a Federal Aviation Administration (FAA) Mechanics Certificate with Powerplant rating. (FT) AA/AS; CSU.

112D Applied Reciprocating Engines II

3 hours lab, 1 unit
Grade Only

Corequisite: Completion of or concurrent enrollment in Aviation Maintenance Technology 111D with a grade of “C” or better, or equivalent.

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent. Mathematics 34A with a grade of “C” or better, or equivalent or Assessment Skill Level M20.

This course is an applied study of powerplant systems and operations. Topics include the operation, installation, removal, inspection, repair, servicing, check, and troubleshooting of powerplant installations. The content of this course meets the minimum requirements of Federal Aviation Regulation (FAR) Part 147, Appendix D, Section I: Subjects A: 3, 4; C: 8. This course is intended for students majoring in Aviation Maintenance Technology or those seeking a Federal Aviation Administration (FAA) Mechanics Certificate with Powerplant rating. (FT) AA/AS; CSU.

121A Applied Basic D.C. Electronics

4.5 hours lab, 1.5 units
Grade Only

Prerequisite: Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.

Corequisite: Completion of or concurrent enrollment in Aviation Maintenance Technology 120 with a grade of “C” or better, or equivalent.

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

Limitation on Enrollment: This course is not open to students with previous credit for Electronic Systems 124 or 124L or Electricity 111 or 111L.

This course provides instruction in practical applications of direct current electronics theory. Topics include atomic theory, direct current concepts, series, parallel, and circuit analysis, magnetism, and electromagnetism. The course emphasizes the proper use of multimeters and the troubleshooting of direct current circuits. This course meets the minimum requirements of Federal Aviation Regulation (FAR) Part 147, Appendix B, Subject A. It is intended for students majoring in Aviation Maintenance Technology or those seeking a Federal Aviation Administration (FAA) Mechanics Certificate with Airframe or Powerplant rating. (FT) AA/AS; CSU.

203 Advanced Composites

3 hours lecture, 3 units
Grade Only

Corequisite: Completion of or concurrent enrollment in Aviation Maintenance Technology 204 with a grade of “C” or better, or equivalent.

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 or W5.

This course focuses on advanced composite aircraft maintenance and fabrication. Topics include reinforcements, resins, and core materials used in bonded structures. Students also learn about repair strategies and post-cure inspection. This course is intended for students seeking knowledge and skills in aircraft composites. (FT) AA/AS; CSU.
204 Advanced Composites Laboratory  
3 hours lab, 1 unit  
Grade Only  
Corequisite: Completion of or concurrent enrollment in Aviation Maintenance Technology 203 with a grade of “C” or better, or equivalent.  
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 or W5.  
This course provides application of composite aircraft component maintenance and fabrication techniques. Topics include reinforcements, resins, and core materials used in bonded structures. Students also perform post-cure inspection and use approved fasteners. This course is intended for students seeking knowledge and skills in aircraft composites. (FT) AA/AS; CSU.

205 Advanced Aircraft Metal Forming and Welding  
3 hours lecture, 3 units  
Grade Only  
Corequisite: Completion of or concurrent enrollment in Aviation Maintenance Technology 206 with a grade of “C” or better, or equivalent.  
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.  
This course focuses on traditional hand- and machine-forming of aircraft sheet metal. It covers welding of various aircraft metals using traditional and modern welding techniques and strategies. This course is intended for students seeking advanced knowledge and skills in aircraft fabrication and repair. (FT) AA/AS; CSU.

206 Advanced Sheet Metal Forming and Welding Laboratory  
3 hours lab, 1 unit  
Grade Only  
Corequisite: Completion of or concurrent enrollment in: Aviation Maintenance Technology 205 with a grade of “C” or better, or equivalent.  
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.  
This course provides a practical application of traditional hand- and machine-forming of aircraft sheet metal. It encompasses the application of various welding techniques based on different aircraft metals. Students also learn to perform post-weld inspections. This course is intended for students seeking advanced knowledge and skills in aircraft fabrication and repair. AA/AS; CSU.

241 Aircraft Propeller Systems  
3 hours lecture, 3 units  
Grade Only  
Prerequisite: Aviation Maintenance Technology 101G, 101H, 102G, 102H, each with a grade of “C” or better, or equivalent.  
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 34A with a grade of “C” or better, or equivalent or Assessment Skill Level M20.  
Limitation on Enrollment: This course is not open to students with previous credit for Aviation Maintenance Technology 107A.  
This course is a study of aircraft propellers. Topics include propeller aerodynamics, theory of operation, inspection, checks, troubleshooting, and maintenance of reciprocating and turboprop controllable-pitch propellers and propeller components. This course is intended for students majoring in Aviation Maintenance Technology or those seeking a Federal Aviation Administration (FAA) Mechanics Certificate with Powerplant rating. (FT) AA/AS; CSU.

242 Applied Aircraft Propeller Systems  
3 hours lab, 1 unit  
Grade Only  
Corequisite: Completion of or concurrent enrollment in Aviation Maintenance Technology 241 with a grade of “C” or better, or equivalent.  
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 34A with a grade of “C” or better, or equivalent or Assessment Skill Level M20.  
Limitation on Enrollment: This course is not open to students with previous credit for Aviation Maintenance Technology 108A.  
The course is an applied study of the installation, removal, inspection, repair, service, and troubleshooting of propellers and propeller system components. The content of this course meets the minimum requirements of Federal Aviation

(FT) = A field trip may be required for this course.  
AA/AS = Associate Degree Applicable  
CSU = California State University Applicable  
UC = University of California Applicable
Regulation (FAR) Part 147, Appendix D, Section II: Subject K. It is intended for students majoring in Aviation Maintenance Technology or those seeking a Federal Aviation Administration (FAA) Mechanics Certificate with Powerplant rating. (FT) AA/AS; CSU.

249 Induction and Fuel Metering  
3 hours lecture, 3 units  Grade Only
Prerequisite: Aviation Maintenance Technology 101G, 101H, 102G, 102H, each with a grade of “C” or better, or equivalent.
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 34A with a grade of “C” or better, or equivalent or Assessment Skill Level M20.
Limitation on Enrollment: This course is not open to students with previous credit for Aviation Maintenance Technology 111A.
This course is a study of aircraft induction systems. Topics include the theory of operation, design, overhaul, inspection, servicing, repair, and troubleshooting of normally aspirated, turbocharged, and supercharged induction systems, fuel metering systems, anti-detonation systems, and fuel controls in aircraft powerplants. This course is intended for students majoring in Aviation Maintenance Technology or those seeking a Federal Aviation Administration (FAA) Mechanics Certificate with Powerplant rating. (FT) AA/AS; CSU.

250 Applied Induction and Fuel Metering  
3 hours lab, 1 unit  Grade Only
Corequisite: Completion of or concurrent enrollment in Aviation Maintenance Technology 249 with a grade of “C” or better, or equivalent.
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 34A with a grade of “C” or better, or equivalent or Assessment Skill Level M20.
Limitation on Enrollment: This course is not open to students with previous credit for Aviation Maintenance Technology 111A.
This applied course covers aircraft induction systems. Topics include the theory of operation, design, overhaul, inspection, servicing, repair, and troubleshooting of normally aspirated, turbocharged, and supercharged induction systems, fuel metering systems, anti-detonation systems, and fuel controls in aircraft powerplants. The content of this course meets the minimum requirements of Federal Aviation Regulation (FAR) Part 147, Appendix D, Section II: Subjects F: 20, 21, 22; G: 24, 25; and H: 26, 27, 28. This course is intended for students majoring in Aviation Maintenance Technology or those seeking a Federal Aviation Administration (FAA) Mechanics Certificate with Powerplant rating. (FT) AA/AS; CSU.

253 Lubrication, Cooling, and Exhaust  
3 hours lecture, 3 units  Grade Only
Prerequisite: Aviation Maintenance Technology 101G, 101H, 102G, 102H, each with a grade of “C” or better, or equivalent.
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 34A with a grade of “C” or better, or equivalent or Assessment Skill Level M20.
Limitation on Enrollment: This course is not open to students with previous credit for Aviation Maintenance Technology 111B.
This course is a study of aircraft lubrication, cooling, and exhaust systems. Topics include inspection, checks, service, repair, and maintenance of aircraft wet and dry sump oil systems; liquid and air powerplant cooling systems; open and collected exhaust powerplant systems; and the identification and selection of lubricants. This course is intended for students majoring in Aviation Maintenance Technology or those seeking a Federal Aviation Administration (FAA) Mechanics Certificate with Powerplant rating. (FT) AA/AS; CSU.

254 Applied Lubrication, Cooling, and Exhaust  
3 hours lab, 1 unit  Grade Only
Corequisite: Completion of or concurrent enrollment in Aviation Maintenance Technology 253 with a grade of “C” or better, or equivalent.
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 34A with a grade of “C” or better, or equivalent or Assessment Skill Level M20.
Limitation on Enrollment: This course is not open to students with previous credit for Aviation Maintenance Technology 112B.
This applied course covers aircraft lubrication, cooling, and exhaust system theory. Topics include inspection, checks, service, repair, and maintenance
of aircraft wet and dry sump oil systems; liquid and air powerplant cooling systems; open and collected exhaust powerplant systems; and the identification and selection of lubricants. The content of this course meets the minimum requirements of Federal Aviation Regulation (FAR) Part 147, Appendix D, Section II: Subjects D: 14, 15, 16; I: 29, 30; and J: 31, 32a, 32b. It is intended for students majoring in Aviation Maintenance Technology or those seeking a Federal Aviation Administration (FAA) Mechanics Certificate with Powerplant rating. (FT) AA/AS; CSU.

270 Aviation Maintenance Technology Internship / Work Experience
60 - 300 hours other, 1-4 units
Grade Only

Limitation on Enrollment: Must obtain an Add Code from the instructor for enrollment. This course provides on-the-job learning experiences for students employed in an aviation maintenance technology-related job or internship. Students develop workplace competencies, critical thinking skills, and problem solving abilities through the creation and achievement of job-related behavioral learning objectives. One unit of credit may be earned for each 75 hours of paid employment or 60 hours of volunteer work. This course may be taken up to four times. However, the combined maximum credit for all Work Experience courses from all subject areas may not exceed 16 units. This course is intended for students majoring in Aviation Maintenance Technology or those interested in the aeronautics field. (FT) AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 236. Please refer to the class schedule and/or see the dean or department chair for availability.

Banking and Finance (BAN K)

102 Mortgage Brokerage and Banking
4 hours lecture, 4 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 46 with a grade of “C” or better, or equivalent or Assessment Skill Level M40.

This course is an introduction to the mortgage brokerage and banking industry. Students learn the history, concepts, vocabulary, loan products and product flow of the mortgage banking industry as well as the functions of the many participants in a loan transaction. Other topics include information on the state of the economy and its effects on real estate lending and the secondary markets. In addition, the legal and financial impacts of fraud within the industry are discussed. Throughout the course, emphasis is placed on the importance of follow-through, quality customer service, and ethics as they relate to the mortgage brokerage and banking industry. Course content relates specifically to California regulations. This course is intended for students interested in real estate, banking, and finance. (FT) AA/AS; CSU.

104 Principles of Loan Processing
4 hours lecture, 3 hours lab, 5 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.

Advisory: Completion of or concurrent enrollment in Banking and Finance 102 with a grade of “C” or better, or equivalent.

This practical, hands-on course teaches the basics of loan processing from application to submission for Conventional and Government loans. Topics include applicable laws; qualifying and preliminary tax analysis; fraud detection; and how to obtain sufficient documentation for underwriters. Additionally, students will learn the importance of setting time priorities, quality customer service, follow-through, and ethics as they relate to the mortgage banking industry. Course content relates specifically to California regulations for residential 1-4 unit properties. This course is intended for students interested in real estate, banking, and finance. (FT) AA/AS; CSU.
106 Loan Underwriting

5 hours lecture, 5 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30. 

Advisory: Completion of or concurrent enrollment in Banking and Finance 102 and 104, each with a grade of “C” or better, or equivalent. 

This course introduces Federal Housing Administration (FHA), Veterans Administration (VA), Conventional, and other loan underwriting processes. Other topics include the place of underwriting in the mortgage process; underwriting components, risks, comparative state laws, rules, and regulations; appraisal review and analysis; and quality control and the fundamental importance of ethics in loan underwriting. Course content relates specifically to California regulations for residential 1-4 unit properties. This course is intended for students interested in real estate, banking, and finance. (FT) AA/AS; CSU.

108 Principles of Loan Closing

3 hours lecture, 3 hours lab, 4 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30 and Banking and Finance 106 with a grade of “C” or better, or equivalent. 

This course provides an analysis of loan documentation, including investor requirements, and the steps required to effectively close a loan. Other topics include escrow and its function; title insurance and its function; the interaction between escrow and title companies; loan guarantees and insurance; lock requirements and conditions; loan shipping; review of loan documents; and the fundamental importance of ethics as it pertains to loan closing. Course content relates specifically to California regulations. This course is intended for students interested in real estate, banking, and finance. (FT) AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 236. Please refer to the class schedule and/or see the dean or department chair for availability.

Biology (BIOL)

100 Natural History – Environmental Biology

3 hours lecture, 3 hours lab, 4 units
Letter Grade or Pass/No Pass Option

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5. 

This course is an introduction to the basic principles of ecology. Emphasis is placed on the biological systems and plants and animals of Southern California through lecture, laboratory and field trips. Topics include the nature of the physical environment, terrestrial and aquatic ecosystems, evolution and biodiversity, species interactions, and human impacts on natural systems. This course is intended for students interested in environmental biology. (FT) AA/AS; CSU; UC Transfer Limitation: Biology (BIOL) 100 and 120 combined: maximum credit, one course.

107 General Biology – Lecture and Laboratory

3 hours lecture, 3 hours lab, 4 units
Grade Only

Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6 or English 105 with a grade of “C” or better, or equivalent; Mathematics 46 with a grade of “C” or better, or equivalent or Assessment Skill Level M40. 

Limitation on Enrollment: This course is not open to students with previous credit for Biology 105, Biology 106, Biology 210A, or Biology 210B. 

This course is an examination of living organisms and their environment. The lecture and laboratory are intended for students planning on taking more advanced courses in the Life Sciences, or students majoring in Education, Child Development, Physiological Psychology or related areas. Topics include the fundamental chemical and physical processes common to all living organisms, the interactions between organisms and their environment, classical and molecular genetics, metabolism, plant and animal anatomy and physiology, animal behavior, evolution, cellular and molecular biology, and the experimental and cognitive processes used to examine these fields.
115 Marine Biology

3 hours lecture, 3 hours lab, 4 units
Grade Only

Advisory: English 101 or English 105, each with a grade of “C” or better, or equivalent or Assessment Skill Level R6 and W6.

This course is a study of marine biology. Emphasis is placed on marine organisms, their natural history and special adaptations to the ocean environment. Topics include the marine environment, plankton, marine plants, marine invertebrates, fishes, marine birds, marine reptiles, and marine mammals. Students participate in several field trips to local marine habitats and museums. This course is intended for all students interested in marine biology. (FT) AA/AS; CSU; UC.

130 Human Heredity

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option

Advisory: English 101 or English 105, with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.

This course introduces students to the concepts and applications of human heredity. It deals with both classical Mendelian genetics and modern molecular genetics. Topics include gamete formation, human karyotypes, genetic crosses, sex-linked inheritance, structure and function of DNA and RNA, gene expression, transcription and translation, genetic engineering, and population genetics. This course is designed for students interested in biology and human heredity. (FT) AA/AS; CSU; UC.

131 Introduction to Biotechnology

3 hours lecture, 3 hours lab, 4 units
Grade Only

Advisory: English 49 with a grade of “C” or better, or equivalent or Assessment Skill Level W5.

This course is a general examination of biology as it relates to the field of biotechnology. Topics include the fundamental chemical processes common in prokaryotic and eukaryotic biology, chemistry of bio-molecules (proteins, enzymes, nucleic acids and lipids), cellular and molecular biology, basic immunology, and classical and molecular genetics with an emphasis on gene expression and genetic engineering. The laboratory addresses basic skills and techniques common to the biotechnology industry. Topics include the measurement of activity and quantity of proteins, growth and manipulation of bacteria, genetic engineering and antibody methods. This course is intended for students majoring in applied biology and as a general education option for all students. (FT) AA/AS; CSU; UC.

132 Applied Biotechnology I

2 hours lecture, 6 hours lab, 4 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 46 with a grade of “C” or better, or equivalent or Assessment Skill Level M40; Chemistry 152, Chemistry 152L or Chemistry 100 and Chemistry 100L, each with a grade of “C” or better, or equivalent.

This course provides students with entry-level skills common to the biotechnology industry, such as aseptic techniques, laboratory safety, and biological media and solution preparation. Other topics include microbial growth, solutions, buffers, separation of cellular components, and macromolecules. This course is intended for students preparing for a career in biotechnology. (FT) AA/AS; CSU.

133 Applied Biotechnology II

2 hours lecture, 6 hours lab, 4 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 46 with a grade of “C” or better, or equivalent or Assessment Skill Level M40; Biology 132 or Biology 210A, each with a grade of “C” or better, or equivalent; Chemistry 100 and Chemistry 100L or Chemistry 152 and Chemistry 152L, each with a grade of “C” or better, or equivalent.

In this advanced biotechnology training course, students learn about transformation, restriction analysis of Deoxyribonucleic Acid (DNA), protein analysis, and immunological applications. In the lab, students practice mastering current techniques used in the biotechnology industry. This course
Biology (BIOL)

134 Introduction to the Biotechnology Lab  
3 hours lab, 1 unit  
Letter Grade or Pass/No Pass Option  
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.  
Limitation on Enrollment: This course is not open to students with previous credit for Biology 131 Introduction to Biotechnology.  
This course examines biology laboratory technology as it relates to the field of biotechnology. The laboratory addresses basic skills and techniques common to the biotechnology industry including the measurement of activity and quantity of proteins; growth and manipulation of bacteria; genetic engineering; polymerase chain reaction; and antibody methods. In addition to hands-on skills, the course provides context for how and why these techniques are used in the industry. This course is intended for students majoring in Applied Biology or Allied Health, or those seeking careers in the biotechnology industry. (FT) AA/AS; CSU.

135 Biology of Human Nutrition  
3 hours lecture, 3 units  
Letter Grade or Pass/No Pass Option  
Advisory: English 48, English 49 and Mathematics 34A, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5, W5 and M20.  
This is an introductory course that relates biological principles to human nutrition. This course integrates concepts from biology, biochemistry, microbiology, physiology, and psychology to explain the interaction between nutrients and the human body. The scientific process used to establish nutrient requirements, address dietary fads, and correlate diet and health is explored. Topics include food composition and diet analysis; digestion, absorption and nutrient utilization; psychological and cultural aspects of diet; food value, cost, and sustainable food production; world food and population issues; and nutritional needs at different stages of life. This course is intended for all that want to learn about how diet and nutrition impact their own health, as well as the health of the global population and the environment. (FT) AA/AS; CSU; UC.

160 Elements of Human Anatomy and Physiology  
3 hours lecture, 3 hours lab, 4 units  
Letter Grade or Pass/No Pass Option  
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.  
Limitation on Enrollment: This course is not open to students with previous credit for Biology 230 or 235.  
This course is an introduction to the structure and functions of the human body. Emphasis is placed on the human body systems including the integumentary, skeletal, muscular, nervous, endocrine, reproductive, cardiovascular, lymphatic, respiratory, excretory, and digestive systems. This course is designed for students preparing for allied health occupations such as radiological technician, physical therapist assistant, and medical laboratory technician, as well as students interested in learning about the human body. AA/AS; CSU.

180 Plants and People  
3 hours lecture, 3 units  
Letter Grade or Pass/No Pass Option  
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.  
This is an introductory course that examines the interdependence of humans and plants. This course is intended for all that want to learn about the uses of plants, especially those students with an interest in biology, anthropology, environmental sciences, and/or agriculture. Emphasis is on plant ecology as well as the basic biology of plant groups that provide us with food, medicine, recreation, decoration, and material goods as well as those that produce stimulating, intoxicating, or harmful effects. Basic principles of taxonomy, cell structure, plant physiology, plant anatomy, ecology and genetics are explored as they relate to these plants. Current environmental and economic issues and the role of molecular genetics in future plant development and the importance of genetic diversity are also examined. (FT) AA/AS; CSU; UC Transfer Limitation: Credit will only be granted for either Biology (BIOL) 180 or 215 and 250 combined. No Credit for Biology (BIOL) 180, 215 or 250 if taken after 210A or 210B.

205 General Microbiology  
3 hours lecture, 6 hours lab, 5 units  
Grade Only  
Prerequisite: Biology 107, Chemistry 100 and Chemistry 100L, each with a grade of “C” or better, or equivalent or Chemistry 152 and Chemistry 152L, each with a grade of “C” or better, or equivalent.
This introductory course covers fundamental aspects of microbiology including taxonomy, structure, physiology, reproduction, genetics, control, immunology, diversity, and host-symbiont relationships. Lab work emphasizes basic techniques for culturing, staining, counting, and identifying microorganisms. This course is intended for students pursuing careers in allied health fields and may meet entry requirements for these allied health fields. (FT) AA/AS; CSU; UC.

**210A Introduction to the Biological Sciences I**  
3 hours lecture, 3 hours lab, 4 units  
Grade Only

*Prerequisite:* Chemistry 152 and Chemistry 152L, each with a grade of “C” or better, or equivalent completed within five years of enrollment in BIOL 210A and Mathematics 96 with a grade of “C” or better, or equivalent or Assessment Skill Level M50 completed within five years of enrollment in BIOL 210A.  
*Advisory:* English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.  
*Advisory:* Concurrent enrollment in Chemistry 200 and Chemistry 200L, each with a grade of “C” or better, or equivalent.  
This course covers biological chemistry, cell structure and function, cellular metabolism, classical and molecular genetics, and the molecular basis of evolutionary biology. This is the first semester of a two-semester sequence designed for biological science and pre-professional majors. (FT) AA/AS; CSU; UC.

**210B Introduction to the Biological Sciences II**  
3 hours lecture, 3 hours lab, 4 units  
Letter Grade or Pass/No Pass Option

*Prerequisite:* Biology 210A with a grade of “C” or better, or equivalent.  
*Advisory:* English 101 with a grade of “C” or better, or equivalent or Assessment Skill Level R6 and W6.  
This course covers the three Domains of life, including the phylogenetic relationships of major groups of organisms. Topics include adaptive radiation, anatomy, physiology, development, behavior, and ecology. This is the second semester of a two-semester sequence designed for biological science and pre-professional majors. (FT) AA/AS; CSU; UC; C-ID BIOL 140.

**230 Human Anatomy**  
2 hours lecture, 6 hours lab, 4 units  
Grade Only

*Prerequisite:* Biology 107, 160 or 210A, each with a grade of “C” or better, or equivalent.  
*Advisory:* English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.  
This course is a systems approach to the study of human body structure from the microscopic level of organization to the gross level. Students relate body structures to their functions by studying histological slides and photomicrographs, anatomical models and charts, and mammalian dissection that may include using prosector cadavers for studying and testing. This course is intended to meet the requirements of students in the fields of nursing, physical therapy, recreational therapy, occupational therapy, athletic training, chiropractic, psychology, physical education, and biology or those who wish to extend their knowledge of the human body beyond the scope of introductory biology. (FT) AA/AS; CSU; UC; C-ID BIOL 110B.

**231 Media Experiences in Human Anatomy**  
1 hour lecture, 1 unit  
Pass/No Pass

*Corequisite:* Biology 230.  
This course is self-paced study of anatomy through the use of computer software, microscope slides, anatomical models, and graphics. This course is intended to meet the requirements of students in the fields of nursing, physical therapy, recreational therapy, occupational therapy, athletic training, chiropractic, psychology, physical education, and biology or those who wish to extend their knowledge of the human body beyond the scope of introductory biology. AA/AS; CSU.

**232 Experience in Human Dissection**  
3 hours lab, 1 unit  
Letter Grade or Pass/No Pass Option

*Prerequisite:* Biology 230 with a grade of “C” or better, or equivalent.  
*Advisory:* Biology 230 completed within five years of enrollment in Biology 232. Preregistration counseling with instructor is highly recommended.

(FT) = A field trip may be required for this course.  
AA/AS = Associate Degree Applicable  
CSU = California State University Applicable  
UC = University of California Applicable
This course provides a supervised study and actual experience in human dissection. Topics include dissection techniques and human anatomy. This course is intended for students pursuing careers in nursing, medicine, and other allied health professions. (FT) AA/AS; CSU.

235 Human Physiology

3 hours lecture, 3 hours lab, 4 units
Letter Grade or Pass/No Pass Option

Prerequisite: Biology 107 with a grade of “C” or better, or equivalent.
Advisory: Biology 230, Chemistry 100 and Chemistry 100L, each with a grade of “C” or better, or equivalent.

This course is an introductory study of human body functions. Emphasis is placed on the nervous, endocrine, muscular, cardiovascular, immune, digestive, respiratory, urinary and reproductive systems. This course is intended for students majoring in nursing, allied health, psychology, biology and physical education. (FT) AA/AS; CSU; UC.

BIOL 277D Service Learning -- On Campus

48–162 hours other, 1–3 units
Grade only

Advisory: English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

Limitation on Enrollment: Must obtain an add code from the instructor for enrollment.

Students in this course develop and implement service learning projects to help the college’s community under the supervision of college faculty and in cooperation with the staff of community organizations and agencies. Projects may include collaboration with college classes, education projects for college students, mentoring and shadowing. Students gain hands-on experience in project planning, development, implementation and evaluation. Students meet weekly to receive support training and development opportunities regarding best practices in Service Learning. This course is intended for students from any discipline who are interested in project development, development of teaching skills, or enhancement of communication and planning skills. Course segments may be taken in any order. The combined credit for all 277D discipline courses may not exceed three units. (FT) AA/AS; CSU.

290 Independent Study

3–9 hours other, 1–3 units
Letter Grade or Pass/No Pass Option

Limitation on Enrollment: Must obtain an Add Code from the instructor for enrollment.
A student may sign up for 1 to 3 units each semester for a maximum of 6 units. For advanced students in biology who wish to continue with a special investigation. The course consists of individualized research problems, conferences with the instructor at prearranged intervals and a final report on the work completed. This course may be taken four times with different content for a maximum of six units. AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 236. Please refer to the class schedule and/or see the dean or department chair for availability.

Black Studies (BLAS)

140A History of the U.S., Black Perspectives

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

This course is a survey of United States History from the Colonial period to 1877 with emphasis on African American experiences and contributions. Course content focuses on political, social, economic, and cultural development of the country. This course is intended for all students interested in the history of the U.S. from an African American perspective. (FT) AA/AS; CSU; UC Transfer Limitation: History (HIST) 109-1 10, 141-142, 150-151, Black Studies (BLAS) 140A-140B and/or Chicano Studies (CHIC) 141A-141B combined: maximum credit, one series.

140B History of the U.S., Black Perspectives

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
This course is a survey of the history of the United States from Reconstruction to the present with emphasis on African American experience and contributions. Course content focuses on political, social, economic, cultural, and intellectual trends, the persistence of racism, and the struggle for full equality for all Americans. This course is intended for all students interested in the history of the U.S. from an African American perspective. AA/AS; CSU; UC Transfer Limitation: History (HIST) 109-110, 141-142, 150-151, Black Studies (BLAS) 140A-140B and/or Chicano Studies (CHIC) 141A-141B combined: maximum credit, one series.

Class sections of the following courses utilize a variety of reading and/or research materials from a Black perspective. See page 328 for complete English course descriptions and page 309 for complete Communication Studies course descriptions. Refer to the class schedule under the particular subject listing for designated sections.

English

43  English Review
49  Basic Composition (This course is no longer degree applicable)
101  Reading and Composition
105  Composition and Literature
205  Critical Thinking and Intermediate Composition

Communication Studies

103  Oral Communication

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 236. Please refer to the class schedule and/or see the dean or department chair for availability.

Business (BUSE)

100 Introduction to Business

3 hours lecture, 3 units
Grade Only

Advisory: Business 92 or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4. This introductory course for both business and non-business majors provides a broad understanding of the business community, including how culture; society; economic systems; legal, international, political, and financial institutions; and human behavior interact to affect a business organization’s policy and practices within the U.S. and a global society. Topics include business functions and terminology; organizational structure and design; leadership; human resource management; organized labor practices; marketing; organizational communication; technology; entrepreneurship; legal, accounting, and financial practices; the stock and securities market; and occupational choices. This course is intended for students majoring in Business or anyone interested in the function and role of the business community. (FT) AA/AS; CSU; UC; C-ID BUS 110.

101 Business Mathematics

3 hours lecture, 3 units
Grade Only

Advisory: English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4; Mathematics 92 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.

This course provides a comprehensive study of business mathematics and reviews basic mathematics such as decimals, fractions, and percentages. Topics include bank services; payroll; the mathematics of buying and selling; interest and loans, taxes; insurance; depreciation; and other business computations. This course is intended for students majoring in business or others who work or intend to work in a business setting such as managers, supervisors, or work team members. (FT) AA/AS; CSU.

115 Statistics for Business

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option

Prerequisite: Mathematics 92 or Mathematics 96, each with a grade of “C” or better, or equivalent or Assessment Skill Levels M45 or M50.

This course is a study of statistical analysis. Emphasis is placed on the use of descriptive statistics,
probability, confidence intervals, hypothesis testing, analysis of variance, and regression and correlation analyses as aids for business decision making. This course is designed for students majoring in business or economics. (FT) AA/AS; CSU; UC Transfer Limitation: BUSE 115, BIOL 200, MATH 119 and PSYC 258 combined: maximum credit, one course.

**119 Business Communications**  
3 hours lecture, 3 units  
Grade Only  
Prerequisite: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6. This course applies the principles of effective and ethical communication to the creation of letters; memos; emails; and written and oral reports for a variety of business situations. The course emphasizes the development, analysis, organization, and composition of various types of professional-level written messages, analytical reports, and business presentations using word processing and presentation-graphics software. Other topics include interpersonal communication, electronic media, and international/cross-cultural communication. This course is intended for students majoring in business and for others working in a business environment. (FT) AA/AS; CSU; C-ID BUS 115.

**120 Personal Financial Management**  
3 hours lecture, 3 units  
Grade Only  
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.  
Limitation on Enrollment: This course is not open to students with previous credit for Consumer Studies 110. This course is a study of the theories and techniques for managing personal income. Students will be equipped with the necessary financial literacy skills enabling them to manage their personal finances as well as making sound lifelong financial decisions. Students will examine their personal relationships with money, explore and develop understanding of psychological, social and physiological context that influence and impact financial decisions. Emphasis is placed on financial goal setting, culminating in the development of a personal financial plan as well as a personal career plan. Topics include practical methods for gaining maximum advantages from income through budgeting, income generation, efficient spending, and effective use of credit, savings, budgeting, insurance, real estate, investments and protection of assets. Investment portfolios and retirement and estate planning are also discussed. This course is designed for all students interested in personal finance. (FT) AA/AS; CSU.

**140 Business Law and the Legal Environment**  
3 hours lecture, 3 units  
Grade Only  
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Business 92 with a grade of “C” or better, or equivalent. This course introduces students to the legal system, the laws that govern business in America, and the principles underlying fundamental legal concepts. Topics include judicial and administrative systems; ethics; contracts; torts; bankruptcy; agency; business organizations and ownership types; government agencies and regulation; protection of intellectual property interest; and the international business environment. This course is intended for students majoring in business and for others interested in business law. (FT) AA/AS; CSU; UC; C-ID BUS 120, BUS 125.

**150 Human Relations in Business**  
3 hours lecture, 3 units  
Grade Only  
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5. This course introduces students to human behavior as it relates to business. Topics include leadership, communication, status, decision making, motivation, and personnel problems. This course is intended for students majoring in business and others who work or intend to work in a business setting such as managers, supervisors, and work team members. (FT) AA/AS; CSU.

**155 Managing the Small Business**  
3 hours lecture, 3 units  
Grade Only  
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30 or Business 101 with a grade of “C” or better, or equivalent.
This course is a study of the elements involved in successfully operating a small business. Topics include human resource management, marketing for small business, and legal issues. This course is intended for students majoring in Business or anyone interested in owning or operating a small business. (FT) AA/AS; CSU.

157 Developing a Plan for the Small Business
3 hours lecture, 3 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30 or Business 101 with a grade of “C” or better, or equivalent.

This course prepares students to write an effective business plan. Emphasis is placed on the key decisions facing the entrepreneur, including financing, marketing, and business location. This course is designed for students majoring in Business or planning to start their own business. (FT) AA/AS; CSU.

201 Business Organization and Management
3 hours lecture, 3 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

This course covers business organization and management fundamentals. Topics include business planning, leadership, productivity, managerial ethics, and corporate social responsibility. This course is intended for students majoring in business and for others who work or intend to work in a business setting such as managers and supervisors. (FT) AA/AS; CSU.

270 Business Internship / Work Experience
60 - 300 hours other, 1-4 units
Grade Only

Limitation on Enrollment: Must obtain an Add Code from the instructor for enrollment.

This course provides on-the-job learning experiences for students employed in a business-related job or internship. Students develop workplace competencies, critical thinking skills, and problem solving abilities through the creation and achievement of job-related behavioral learning objectives. One unit of credit may be earned for each 75 hours of paid employment or 60 hours of volunteer work. This course may be taken up to four times. However, the combined maximum credit for all Work Experience courses from all subject areas may not exceed 16 units. This course is intended for students majoring in Business or those interested in the business field. (FT) AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 236. Please refer to the class schedule and/or see the dean or department chair for availability.

Chemistry (CHEM)

100 Fundamentals of Chemistry
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option

Prerequisite: Mathematics 46 or 92, each with a grade of “C” or better, or equivalent or Assessment Skill Levels M40 or M45.

Corequisite: Completion of or concurrent enrollment in Chemistry 100L with a grade of “C” or better, or equivalent.

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5.

Limitation on Enrollment: This course is not open to students with previous credit for or concurrent enrollment in Chemistry 200 or 152.

This course is an introductory study of the language and tools of chemistry. Basic concepts of the structure, properties, interactions of matter and energy are studied, both qualitatively and quantitatively. Emphasis is placed on matter, chemical changes, chemical conversions, chemical bonding, and acid-base chemistry. This course is intended for students majoring in nursing, nutrition, or animal health technology and provides a foundation for further coursework in chemistry, in particular for introductory organic chemistry. (FT) AA/AS; CSU; UC Transfer Limitation: Chemistry
(CHEM) 100, 100L, 111, 111L and 152, 152L combined: maximum credit, four units. No credit will be given for 100, 100L, 111, 111L or 152, 152L if taken after CHEM 200.

111 Chemistry in Society
3 hours lecture, 3 units
Grade Only

Advisory: English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Chemistry 111L with a grade of “C” or better, or equivalent.
This is an introductory chemistry course for non-science majors. The course emphasizes conceptual topics in chemistry and scientific thinking. Students learn to understand how society uses chemistry-based technologies and how to analyze current trends or news involving chemistry. Topics include a basic understanding of matter and energy, physical and chemical changes, the atom, nuclear chemistry, bonding, acids and bases, organic chemistry, and biochemistry. Current issues in environmental chemistry such as energy resources, air and water pollution are explored. Students discuss the effects and controversy surrounding the use of different forms of energy. In addition, current issues in organic and biochemistry are examined including trends in diets, certain medicines and drugs, and personal care items. Students planning on taking further courses in chemistry should take Chemistry 100 or Chemistry 152. (FT) AA/AS; CSU; UC

Transfer Limitation: Chemistry (CHEM) 100, 100L, 111, 111L and 152, 152L combined: maximum credit, four units. No credit will be given for 100, 100L, 111, 111L or 152, 152L if taken after CHEM 200.

111L Chemistry in Society Laboratory
3 hours lab, 1 unit
Grade Only

Corequisite: Completion of or concurrent enrollment in Chemistry 111 with a grade of “C” or better, or equivalent.
Advisory: English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
This laboratory course is intended for non-science majors. It is designed to illustrate the principles of chemistry presented in Chemistry 111 in order for the student to understand how chemistry is used in our society. Experiments explore not only basic concepts in chemistry such as matter, energy, and the atom, but also explore real world applications of chemistry. This includes performing experiments related to the chemistry of the environment, household products, and biochemistry. Students learn how to work safely within the laboratory. Students who need to take further chemistry courses should enroll in Chemistry 152L or Chemistry 100L. (FT) AA/AS; CSU; UC Transfer
130 Introduction to Organic and Biological Chemistry

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Chemistry 100 and 100L, or Chemistry 152 and 152L, each with a grade of “C” or better, or equivalent.
Corequisite: Completion of or concurrent enrollment in Chemistry 130L with a grade of “C” or better, or equivalent.
This is a one-semester course that introduces the basic physical, chemical and structural features of organic and biological compounds. Topics such as bonding, saturated and unsaturated hydrocarbons, the chemistry of organic functional groups, and the properties of important biological compounds such as carbohydrates, fats, and proteins are covered. The importance of these compounds in our daily lives is emphasized. This course is designed for nursing, nutrition, and allied health majors. (FT) AA/AS; CSU; UC Transfer Limitation: Chemistry (CHEM) 130, 130L and 231, 231L combined: maximum credit, one course (with Lab).

130L Introduction to Organic and Biological Chemistry Laboratory

3 hours lab, 1 unit
Letter Grade or Pass/No Pass Option
Prerequisite: Chemistry 100 and 100L, or Chemistry 152 and 152L, each with a grade of “C” or better, or equivalent.
Corequisite: Completion of or concurrent enrollment in Chemistry 130 with a grade of “C” or better, or equivalent.
This is a one-semester laboratory course that illustrates the principles presented in Chemistry 130. Students are introduced to common organic chemistry laboratory equipment, fundamental organic and biochemical reactions, tests and techniques. Techniques covered include chromatography, recrystallization, and distillation. Tests and reactions of common organic functional groups, carbohydrates, fats, and amino acids are covered. Synthesis of a medicinal compound such as aspirin or a nitrogen-based analgesic is also covered. This course is designed for nursing, nutrition, and allied health majors. (FT) AA/AS; CSU; UC Transfer Limitation: Chemistry (CHEM) 130, 130L and 231, 231L combined: maximum credit, one course (with Lab).

152 Introduction to General Chemistry

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Mathematics 96 with a grade of “C” or better, or equivalent or Assessment Skill Level M50.
Corequisite: Completion of or concurrent enrollment in Chemistry 152L with a grade of “C” or better, or equivalent.
Advisory: English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
Limitation on Enrollment: This course is not open to students with previous credit for Chemistry 151. This is a one-semester preparatory course in chemistry consisting of an intensive study of the principles of inorganic and physical chemistry in preparation for General Chemistry. Topics include atomic structure, chemical nomenclature, periodicity, chemical equations, stoichiometry, solutions, and gas laws. Emphasis is placed on problem solving and chemical calculations. This course is intended for those students majoring in one of the natural sciences, engineering, or related curricula who need to take General Chemistry. (FT) AA/AS; CSU; UC Transfer Limitation: Chemistry (CHEM) 100, 100L, 111, 111L and 152, 152L combined: maximum credit, four units. No credit will be given for 100, 100L, 111, 111L or 152, 152L if taken after CHEM 200.
Limitation on Enrollment: This course is not open to students with previous credit for Chemistry 151. This course is a one-semester laboratory in the principles of inorganic and physical chemistry in preparation for General Chemistry. Topics include chemical measurement, significant figures, laboratory safety, laboratory techniques, chemical reactions and stoichiometry. Emphasis is placed on problem solving, data analysis and chemical calculations. This course is intended for students majoring in one of the natural sciences, engineering or related curricula who need to take General Chemistry. (FT) AA/AS; CSU; UC Transfer Limitation: Chemistry (CHEM) 100, 100L, 111, 111L and 152, 152L combined: maximum credit, four units. No credit will be given for 100, 100L, 111, 111L or 152, 152L if taken after CHEM 200.

200 General Chemistry I – Lecture
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Mathematics 96 with a grade of “C” or better, or equivalent or Assessment Skill Level M50; Chemistry 152 and Chemistry 152L, each with a grade of “C” or better, or equivalent.
Corequisite: Completion of or concurrent enrollment in Chemistry 200L with a grade of “C” or better, or equivalent.
This is the first course in a two course sequence in general chemistry. Emphasis is placed on the principles and laws of inorganic chemistry, including quantitative, mathematical problem-solving. Topics include chemical equations, stoichiometry, atomic theory, and its relationship to periodicity of the elements, bonding theories, molecular geometry, solution chemistry, liquids, solids, and the gas laws. This course is intended for science majors and all students interested in chemistry. (FT) AA/AS; CSU; UC; C-ID CHEM 110; C-ID CHEM 120S (CHEM 200, 200L, 201, 201L).

200L General Chemistry I – Laboratory
6 hours lab, 2 units
Letter Grade or Pass/No Pass Option
Prerequisite: Chemistry 152 and Chemistry 152L, each with a grade of “C” or better, or equivalent; Mathematics 96 with a grade of “C” or better, or equivalent or Assessment Skill Level M50.
Corequisite: Completion of or concurrent enrollment in Chemistry 200 with a grade of “C” or better, or equivalent.
This is the first semester laboratory course in a two course sequence in general chemistry. Emphasis is placed on laboratory experiments that illustrate the fundamental principles and laws of chemical behavior and the properties of matter, including quantitative, mathematical problem-solving. Topics include techniques of data analysis, chemical formulas, equations, stoichiometry and maintenance of a laboratory notebook. This course is intended for science majors and all students interested in chemistry. (FT) AA/AS; CSU; UC; C-ID CHEM 120S (CHEM 200, 200L, 201, 201L).

201 General Chemistry II – Lecture
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Chemistry 200 and Chemistry 200L, each with a grade of “C” or better, or equivalent; Mathematics 96 with a grade of “C” or better, or equivalent or Assessment Skill Level M50.
Corequisite: Completion of or concurrent enrollment in Chemistry 201L with a grade of “C” or better, or equivalent.
This course is the second course in a two course sequence in general chemistry and is intended for students majoring in science or satisfying prerequisites for professional schools. The course covers the principles of physical and inorganic chemistry with an emphasis on quantitative, mathematical problem solving. Topics in the course include chemical kinetics, chemical equilibrium, acid-base theory, thermochemistry, thermodynamics, electrochemistry, coordination chemistry and nuclear chemistry. The course also includes an introduction to organic chemistry. (FT) AA/AS; CSU; UC; C-ID CHEM 120S (CHEM 200, 200L, 201, 201L).

201L General Chemistry II – Laboratory
6 hours lab, 2 units
Letter Grade or Pass/No Pass Option
Prerequisite: Chemistry 200 and Chemistry 200L, each with a grade of “C” or better, or equivalent; Mathematics 96 with a grade of “C” or better, or equivalent or Assessment Skill Level M50.
Corequisite: Completion of or concurrent enrollment in Chemistry 201 with a grade of “C” or better, or equivalent.
This is the second semester laboratory course of a two course sequence in general chemistry. Emphasis is placed on laboratory experiments that illustrate the fundamental principles and laws of chemical behavior and the properties of matter, including quantitative, mathematical problem-solving. Topics include techniques of data analysis, chemical kinetics,
chemical equilibrium, acids, bases, and salts, thermochemistry, electrochemistry, coordination chemistry. Computer skills are introduced and applied to data analysis, laboratory simulations, and computer interfacing with laboratory equipment. (FT) AA/AS; CSU; UC; C-ID CHEM 120S (CHEM 200, 200L, 201, 201L).

231 Organic Chemistry I - Lecture
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Chemistry 201 and Chemistry 201L, each with a grade of “C” or better, or equivalent.
Corequisite: Completion of or concurrent enrollment in Chemistry 231L with a grade of “C” or better, or equivalent.
Advisory: English 101 or English 105, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.
This course is the first semester of a one-year course in organic chemistry. Major themes include, but are not limited to, bonding, molecular structure, isomerism, conformational analysis, nomenclature, reaction mechanisms, and synthesis. Emphasis is placed on the reactions of aliphatic compounds, such as alkanes, cycloalkanes, alkenes, alkynes, alkyl halides, and alcohols. Organic chemistry literature and spectral interpretation using techniques, such as infrared and nuclear magnetic spectroscopies, are introduced to support the above topics. This course is designed for students pursuing a degree in the chemical sciences or training in chemical technology, as well as other transfer students who need organic chemistry as part of preparation for majors, such as molecular biology, premedical, predental, and pharmacy. (FT) AA/AS; CSU; UC Transfer Limitation: Chemistry (CHEM) 130, 130L and 231, 231L combined: maximum credit, one course (with lab); C-ID CHEM 160S (CHEM 231, 231L, 233, 233L).

231L Organic Chemistry I - Laboratory
6 hours lab, 2 units
Letter Grade or Pass/No Pass Option
Prerequisite: Chemistry 201 and Chemistry 201L, each with a grade of “C” or better, or equivalent.
Corequisite: Completion of or concurrent enrollment in Chemistry 231 with a grade of “C” or better, or equivalent.
Advisory: English 101 or English 105, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.
This laboratory course is designed to illustrate the principles presented in the first semester of organic chemistry. Emphasis is placed on the determination of physical properties and the separation, purification and identification of organic compounds. This course acquaints students with the equipment, glassware, techniques and safe practices specific to the organic chemistry laboratory. Techniques, such as measurement of physical constants, recrystallization, extraction, distillation and chromatography are used in the synthesis and/or characterization of selected classes of organic compounds, such as alkanes, alkenes, alkynes, alkyl halides, and alcohols. The organic chemistry literature and spectral interpretation using techniques, such as infrared and nuclear spectroscopies, are introduced to support the above topics. This course is designed for students pursuing a degree in the chemical sciences or training in chemical technology, as well as other transfer students who need organic chemistry as part of preparation for majors, such as molecular biology, premedical, predental, and pharmacy. (FT) AA/AS; CSU; UC Transfer Limitation: Chemistry (CHEM) 130, 130L and 231, 231L combined: maximum credit, one course (with lab); C-ID CHEM 160S (CHEM 231, 231L, 233, 233L).

233 Organic Chemistry II - Lecture
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Chemistry 231 and Chemistry 231L, each with a grade of “C” or better, or equivalent.
Corequisite: Completion of or concurrent enrollment in Chemistry 233L with a grade of “C” or better, or equivalent.
This course is the second semester of a one-year sequence in organic chemistry. Major themes include, but are not limited to, molecular structure, molecular behavior, nomenclature, reaction mechanisms, and synthesis. Emphasis is placed on the reactions of selected classes of organic compounds, such as alcohols, ethers, aldehydes, ketones, carboxylic acids and their derivatives, amines, benzenoid and heterocyclic aromatics and their derivatives, carbohydrates, lipids, amino acids and their bio-organic compounds. The study of these molecules provides a backdrop for exploring the factors that govern particular transformations.
within a synthetic sequence. The use of print and electronic media and the interpretation of spectroscopic information (such as infrared, nuclear magnetic resonance, and ultraviolet-visible spectroscopies, and mass spectrometry) for the analysis and differentiation of molecular structures is continued. This course is designed for students pursuing a degree in the chemical sciences or training in chemical technology, as well as other transfer students who need organic chemistry as part of preparation for majors, such as molecular biology, premedical, predental, and pharmacy. (FT) AA/AS; CSU; UC; C-ID CHEM 160S (CHEM 231, 231L, 233, 233L).

233L Organic Chemistry II - Laboratory
6 hours lab, 2 units
Letter Grade or Pass/No Pass Option
Prerequisite: Chemistry 231 and Chemistry 231L, each with a grade of “C” or better, or equivalent.
Corequisite: Completion of or concurrent enrollment in Chemistry 233 with a grade of “C” or better, or equivalent.
This course is designed to illustrate the principles presented in the second semester of organic chemistry. Emphasis is placed on synthesis, purification and/or characterization of selected classes of organic compounds, including but not limited to aromatics, alcohols, aldehydes and ketones, carboxylic acids, amines, and simple examples of bio-organic molecules. Additional emphasis is placed on multi-step synthetic pathways and product identification using selected methods of qualitative organic analysis such as wet chemical and advanced spectroscopic techniques. Variation of scale from micro- to macro-quantities, and more advanced separation and analytical techniques, distinguish the level of this course from the first semester of organic chemistry laboratory. This course is designed for students pursuing a degree in the chemical sciences or training in chemical technology, as well as other transfer students who need organic chemistry as part of preparation for majors, such as molecular biology, premedical, predental, and pharmacy. (FT) AA/AS; CSU; UC; C-ID CHEM 160S (CHEM 231, 231L, 233, 233L).

251 Quantitative Analytical Chemistry
3 hours lecture, 6 hours lab, 5 units
Letter Grade or Pass/No Pass Option
Prerequisite: Chemistry 201 and 201L, each with a grade of “C” or better, or equivalent.
Corequisite: Completion of or concurrent enrollment in Mathematics 122 or 150, each with a grade of “C” or better, or equivalent.
Advisory: English 101 or English 105, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.
This is a course in quantitative analysis. Major topics include theory and practice of gravimetric and volumetric methods of chemical analysis and introduction to instrumental methods of analysis with a focus on precision and accuracy of experimental data. This course is intended for students majoring in chemistry or biochemistry and others who need the course for career advancement. (FT) AA/AS; CSU; UC.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 236. Please refer to the class schedule and/or see the dean or department chair for availability.

Child Development (CHIL)

89 Childcare as a Business
1 hour lecture, 1 unit
Grade Only
Advisory: English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4; Mathematics 34A with a grade of “C” or better, or equivalent or Assessment Skill Level M20.
This course provides an overview of appropriate record keeping and business practices necessary to effectively run a daycare business. Topics include the enrollment of children; parent-caregiver relationships; contracts and legal considerations; fee collection; budgets; and reimbursement of food costs. Students explore a variety of business settings including family daycare, franchise, and individual ownership. This course is intended for students planning to operate a childcare business as well as currently practicing child development professionals. (FT) AA/AS.
101 Human Growth and Development
3 hours lecture, 3 units
Grade Only
Advisory: English for Speakers of Other Languages 45 or English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
This course examines the interrelationship among the physical, cognitive, and psychosocial growth and development of individuals from conception through adolescence. Emphasis is placed on positive relationships with family members, peers, and other significant individuals. Topics include theories and philosophies of human development and cross-cultural patterns. Students observe children and educational programs. This course is a core requirement for the State of California Child Development Permit and the State of California Community Care Licensing, Title XXII. (FT) AA/AS; CSU; UC Transfer Limitation: Child Development (CHIL) 101 and 103 combined: maximum credit, one course.

103 Lifespan Growth and Development
3 hours lecture, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
This course is a study of human development from conception to death. Topics include theories of human development, including the physical, socio-emotional, and cognitive stages from prenatal through adulthood and aging. Students explore the interrelationship of the family’s role and its influences throughout life. They also perform behavioral observations of various life stages. This course is intended for child development professionals or anyone interested in the study of human development. (FT) AA/AS; CSU; UC Transfer Limitation: Child Development (CHIL) 101 and 103 combined: maximum credit, one course.

111 Curriculum: Music/Motor Skills
3 hours lecture, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
This course is a study of music and perceptual motor activities in child development from infancy through kindergarten. Emphasis is placed on basic teaching techniques and suitable materials and equipment for toddlers and preschool children. This course is designed for students who have an interest in working with children ages 0–5 in early childhood environments. (FT) AA/AS; CSU.

121 Creative Art
3 hours lecture, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
This course introduces the creative process and experience in early childhood education programs. Emphasis is placed on creative development, art curriculum activities, basic teaching skills, guidance techniques, equipment, and materials. Students select appropriate activities for a variety of age and maturity levels based on child development theories and concepts. This course is intended for students majoring in Child Development or others interested in the creative process in early childhood education. (FT) AA/AS; CSU.

131 Curriculum: Language/Science
3 hours lecture, 3 units
Grade Only
Advisory: English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Level R5 and W5.
Limitation on Enrollment: This course is not open to students with previous credit for Child Development 133 or 135.
This course is an introductory study of the function of language, math and science learning in early childhood educational programs. Emphasis is placed on the development of language and science curriculum activities, basic teaching skills, guidance techniques, equipment and materials. Students select appropriate activities for a variety of age groups and maturity levels based on child development theories and concepts. This course is designed for Child Development majors and may be used to partially fulfill requirements for Title 22 licensing and child development permits. (FT) AA/AS; CSU.
133 Curriculum: Language and Literature
3 hours lecture, 3 units
Grade Only
Advisory: English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4.
Limitation on Enrollment: This course is not open to students with previous credit for Child Development 131.
This course introduces the function of language and literature in early childhood educational programs. It emphasizes the development of language and literature curriculum activities; basic teaching skills; guidance techniques; equipment and materials; and opportunities to assist learning among English Language Learners. Students select appropriate activities for a variety of age groups and maturity levels based on child development theories and concepts. This course is intended for students interested in licensing, child development permits, transfer, or general interest in working with children. (FT) AA/AS; CSU.

135 Curriculum: Science and Math
3 hours lecture, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.
Limitation on Enrollment: This course is not open to students with previous credit for Child Development 131.
This course examines the development and significance of science and math concepts for young children. Emphasis is placed on the planning and implementation of developmentally appropriate science and math activities, basic teaching skills, guidance techniques, equipment and materials for various age and maturity levels. This course is designed for all students interested in working with children and may be used for licensing and child development permits. (FT) AA/AS; CSU.

141 The Child, Family and Community
3 hours lecture, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
This course is a study of the dynamics of human development and socialization in a culturally pluralistic society. Emphasis is placed on the influences of contemporary family living and cultural patterns on the child, school-family relationships, and community resources and services that support and strengthen families. This course is a core requirement for California Child Development teacher/director center permits as well as for the Title 22 licensing childcare centers requirements. This course is designed for all students interested in child development and multi-cultural and behavioral studies. (FT) AA/AS; CSU.

151 Program Planning
3 hours lecture, 3 units
Grade Only
Prerequisite: Child Development 101 with a grade of “C” or better, or equivalent and one of the following: Child Development 111, 121, 131, 133, 135, 153, with a grade of “C” or better, or equivalent.
Corequisite: Child Development 270.
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.
This course focuses on planning the preschool learning environment to promote optimal development. Emphasis is placed on curriculum planning, guidance, safety, record keeping, observation techniques, project planning, and classroom management. Students enrolled in this course must be concurrently working in a preschool learning environment under the supervision of a person holding a Child Development Master Teacher Permit or the equivalent. This course is intended for students pursuing teaching careers in early care and education settings and partially fulfills State of California Permit and Title 22 teacher requirements. (FT) AA/AS; CSU.

160 Observing and Understanding Children
1 hour lecture, 3 hours lab, 2 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5.
Limitation on Enrollment: Health and Safety, TB clearance within the last year is required.
This course focuses on behavioral patterns and growth processes of young children through observations and supervised participation in the campus Child Development Center. The course emphasizes the principles of observing, interpreting, and guiding children’s behavior. Topics include children’s developmental, safety, and nutritional...
needs. This course is intended for students majoring in child development and parents of children enrolled in the campus child development center. This course partially fulfills the specialization requirements for the State of California Master Teacher Permit. (FT) AA/AS; CSU.

161 Observations and Issues in Child Development
1 hour lecture, 3 hours lab, 2 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5.
Limitation on Enrollment: Health and Safety. TB clearance within the last year is required.
This course explores current issues in child development and how these issues influence both the child and family. The course emphasizes effective communication skills, positive guidance techniques, kindergarten readiness skills, and appropriate classroom activities. This course is intended for students majoring in child development and parents of children enrolled in the campus child development center. This course partially fulfills the specialization requirements for the State of California Master Teacher Permit. (FT) AA/AS; CSU.

162 Observing and Guiding Child Behavior
3 hours lecture, 3 units
Grade Only
Advisory: English 47A and English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
This course explores various behavior management techniques; interpersonal communication; and ideas and suggestions to assist caregivers in guiding a child’s behavior. Students apply developmental, cultural, and communication principles in combination with observations of real situations. The focus is on children from birth through age 10. This course partially fulfills the specialization requirements for the State of California Master Teacher Permit. It is intended for students who plan careers in early childhood and family support programs. (FT) AA/AS; CSU.

165 Children With Special Needs
3 hours lecture, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
This course is a survey of education for children with special needs. Emphasis is placed on the types and characteristics of special needs as well as on the methods for integrating children with special needs into inclusive educational settings. Topics include the history of special education legislation, current educational compliance requirements and community resources available to parents, teachers and other professionals. This course is designed for professionals and parents who work with children with special needs. This course partially fulfills the specialization requirement for the State of California Master Teacher Permit. (FT) AA/AS; CSU.

166 Special Needs Curriculum
3 hours lecture, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
This course is an in-depth study of curriculum for children with special needs. Emphasis is placed on the concept of full inclusion of children with special needs into school/community settings and on related educational strategies and adaptive equipment. This course is designed for parents, teachers, nurses, social workers, and paraprofessionals employed in schools, day care centers, and child development programs. This course partially meets the specialization requirements for the Master Teacher Permit. (FT) AA/AS; CSU.

175 Infant–Toddler Growth and Development
3 hours lecture, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
This course examines typical and atypical physical, social, emotional, and intellectual growth of the infant and toddler. The selection and maintenance of appropriate play materials and equipment for indoor and outdoor environments is discussed. Appropriate observations and visitations to the community

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
are required. This course meets State of California Title 22 licensing regulations for teachers in infant toddler settings and fulfills the Infant/Toddler specialization requirement for the State of California Master Teacher Permit when taken in addition to Child Development 176. It is intended for students majoring in child development, parents, or those interested in infant/toddler care. (FT) AA/AS; CSU.

176 Principles of Infant/Toddler Caregiving
3 hours lecture, 3 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5. This course is a study of the principles of infant/toddler care, including all aspects of infant and toddler development. Students learn to plan appropriate indoor and outdoor curriculum and environments. Other topics include health, nutrition and safety for the very young as well as licensing regulations, staff interactions, parent participation, and program development. This course meets State of California Title 22 licensing regulations for teachers in infant toddler settings and fulfills the Infant/Toddler specialization requirement for the State of California Master Teacher Permit when taken in addition to Child Development 175. It is intended for students majoring in child development, parents, or those interested in infant/toddler care. (FT) AA/AS; CSU.

180 Nutrition, Health and Safety for Children
3 hours lecture, 3 units
Grade Only

Advisory: English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4. This course is a survey of the nutritional, health, and safety needs of children from infant/toddlers through preschool age. Topics include but are not limited to the planning and execution of environments and activities that promote safety, balanced diet, and overall health for children. Students also learn the fundamentals of pediatric first aid and cardiopulmonary resuscitation (CPR). This course meets the Title XXII, fifteen hour, Health and Safety Training requirement, including signs and symptoms of child abuse. It is intended for students majoring in child development and practicing child development professionals. (FT) AA/AS; CSU.

188 Violence in the Lives of Children and Families
3 hours lecture, 3 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5. This course examines the causes and effects of violence in the lives of children and families. Emphasis is placed on the skills needed for conflict resolution and on the environmental set-ups and curricula that promote peaceful, cooperative, and nonviolent play and interactions. Other topics include the history, current legislation, reporting responsibilities, and identification of abuse. This course is designed for parents, teachers, nurses, and other child care professionals who wish to learn strategies for understanding and responding to the various forms of stress and violence that affect children today. (FT) AA/AS; CSU.

202 Administration of Early Childhood Programs
3 hours lecture, 3 units
Grade Only

Prerequisite: Child Development 101 and 141, each with a grade of “C” or better, or equivalent.

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30; Child Development 111 and 121 or 131, each with a grade of “C” or better, or equivalent.

This course is an overview of early childhood education program administration. Topics include theoretical perspectives on early childhood education, licensing regulations, funding sources, budgetary considerations, personnel management, curriculum development, and teacher selection. The course meets State of California Title 22 licensing regulations for site supervisors. It also partially fulfills State of California matrix requirements for Program Director and Site Supervisor Permits. This course is intended for anyone seeking a position as a site supervisor or center director. (FT) AA/AS; CSU.

210 Supervision of Early Childhood Programs
3 hours lecture, 3 units
Grade Only

Prerequisite: Child Development 141 and 151, each with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Child Development 201 or 2018.

This course is a study of the supervisory tools and techniques required to organize and evaluate early childhood programs. Emphasis is placed on supervisory functions, in-service staff training, educational philosophies, program and staff evaluation, models of parent education and involvement, and supportive services. This course is designed for students who intend to go into supervisory positions in early childhood education, and it partially fulfills the State of California Child Development Permit Matrix requirement for supervisors and directors and also meets the State of California Title 22 licensing regulations for directors. (FT) AA/AS; CSU.

215 Adult Supervision and Mentoring in Early Childhood Settings
3 hours lecture, 3 units Grade Only

Prerequisite: Child Development 151 with a grade of “C” or better, or equivalent.
This course is a study of the methods and principles of supervising adults in early childhood settings. Students study effective models for guiding and evaluating adults, developing positive communication skills and recognizing the role of mentors in teaching environments. This course is designed for students who supervise other adults in classrooms while simultaneously providing appropriate settings for young children. This course partially meets the requirements for the Master Teacher Permit, Site Supervisor and Program Director permits issued by the California Commission on Teacher Credentialing. AA/AS.

270 Work Experience
60–300 hours other, 1–4 units Grade Only

This course is for Child Development students to acquire on-the-job training within an early care and education facility and partially fulfills State of California Permit and Title 22 teacher requirements. The combined maximum credit for all work experience course work from all disciplines may not exceed 16 units. (FT) AA/AS; CSU.

275 Supervised Field Study
3–9 hours lab, 1–3 units Grade Only

Corequisite: Child Development 151.
Advisory: Child Development 160 with a grade of “C” or better, or equivalent.
This directed field study course provides students with an opportunity to apply classroom information in a practical setting with supervision from faculty as well as field-site supervisors. Intended for students who plan to teach or supervise in early childhood settings, this course partially fulfills the State of California requirement for experience. (FT) AA/AS; CSU.

280 Environmental Rating Scale
1 hour lecture, 1 unit Grade Only

Advisory: English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4.
This course provides students with an introduction to the Early Childhood Environmental Rating Scale (ECERS) administration, scoring system, profile, and improvement plan. The course focuses on environmental evaluation and program improvement. Students learn how to evaluate the quality of child care programs and increase the quality of care through practical improvements. This course is intended for child development professionals currently working in the field as well as students seeking professional development, child development permits, employment opportunities, or anyone with general interest in working with children. (FT) AA/AS; CSU.

291 Child Development Lab Practicum
3 - 12 hours lab, 1-4 units Grade Only

Advisory: English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4; Child Development 160 or 161, each with a grade of “C” or better, or equivalent W4
This course provides supervised practical experience at the campus child development lab to supplement child development courses and related curriculum.
Through on-site training, students gain practical knowledge in curriculum development; guidance strategies; observation; and child growth and development. This course is intended for students who plan careers in early childhood education and family support agencies for parents who seek strategies and techniques for guiding children. The course may be used toward the field experience component for the State of California Child Development Permit. (FT) AA/AS; CSU.

291A Child Development Center Practicum
3 hours lab, 1 unit
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
This course provides directed laboratory experience in the campus Child Development Center. Students become familiar with the operating policies and procedures of a preschool program and observe and access the development of children. This course may be used toward the experience component for the State of California Child Development Permit. It is intended for students who plan careers in early childhood and family support programs and for parents who seek practical experience in guiding and teaching children. (FT) AA/AS; CSU.

291C Child Development Center Practicum
3 hours lab, 1 unit
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
This course provides directed laboratory experience in the campus Child Development Center. Students explore teaching practices that enhance children’s learning in the classroom and assist in the planning and implementation of developmentally appropriate activities. This course may be used toward the experience component for the State of California Child Development Permit. It is intended for students who plan careers in early childhood and family support programs and for parents who seek practical experience in guiding and teaching children. (FT) AA/AS; CSU.

291B Child Development Center Practicum
3 hours lab, 1 unit
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
This course provides directed laboratory experience in the campus Child Development Center. Students examine appropriate safety, health, and nutritional practices in a preschool setting with an emphasis on implementation with young children. This course may be used toward the experience component for the State of California Child Development Permit. It is intended for students who plan careers in early childhood and family support programs and for parents who seek practical experience in guiding and teaching children. (FT) AA/AS; CSU.

291D Child Development Center Practicum
3 hours lab, 1 unit
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
This course provides directed laboratory experience in the campus Child Development Center. Students examine the role of routines and transitional activities in the organization and structure of an early child development setting. The class emphasizes positive guidance and discipline for young children. This course may be used toward the field experience component for the State of California Child Development Permit. It is intended for students who plan careers in early childhood and family support programs and for parents who seek practical experience in guiding and teaching children. (FT) AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 236. Please refer to the class schedule and/or see the dean or department chair for availability.
**Communication Studies (COMS)**

99 Voice and Diction for Non-Native Speakers of English
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4 or English for Speakers of Other Languages 40 with a grade of “C” or better, or equivalent.
*Limitation on Enrollment:* This course is not open to students with previous credit for Speech Communications 99.
The course provides instruction and practice in American English vocal standards and communication skills. Topics include American English standards of pronunciation, listening comprehension, ear-training techniques, effective use of vocal variables of voice-rate, pitch force and quality, vocabulary building, conversation with correct use of grammar, sentence structures, common American idioms, pronunciation, and reading. This course is intended for non-native speakers of English who want to learn and practice American English vocal standards. (FT) AA/AS.

103 Oral Communication
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Level R5 and W5.
*Limitation on Enrollment:* This course is not open to students with previous credit for Speech Communications 103.
This course is an introduction to speechmaking. Emphasis is placed on the skills required to organize and deliver a variety of types of speeches. Students give several speeches with and without visual aids. This course is designed for Communication Studies majors and for anyone interested in honing their speech skills. (FT) AA/AS; CSU; UC; C-ID COMM 110.

135 Interpersonal Communication
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 48 and 49, each with a grade of “C” or better, or equivalent or Assessment Skill Level R5 and W5.
*Limitation on Enrollment:* This course is not open to students with previous credit for Speech Communications 135.
This course is a study of effective interpersonal skill development and practice in oral and written communication. Emphasis is placed on the personal, situational, and cultural influences of interaction. Topics include human perception, interpersonal dynamics, listening, conflict management, and verbal and nonverbal symbol systems. The course is intended for students who communicate in one-on-one situations, including communication, fashion, allied health, public service and business majors. This course is also intended for students who are interested in further development of effective interpersonal skills in work, volunteer, and personal environments. (FT) AA/AS; CSU; UC; C-ID COMM 130.

160 Argumentation
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Communication Studies 103 with a grade of “C” or better, or equivalent
*Limitation on Enrollment:* This course is not open to students with previous credit for Speech Communications 160.
This course is a study of argumentation. Emphasis is placed on research, analysis of propositions, testing of evidence, construction of the brief, and preparation for presentation of constructive and refutation cases. This course is designed for communications studies majors and anyone interested in argumentation and debate. (FT) AA/AS; CSU; UC; C-ID COMM 120.

180 Intercultural Communication
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
*Limitation on Enrollment:* This course is not open to students with previous credit for Speech Communications 180.
This course is a study of communication between members of differing cultures, including the influence of cultures, languages, and social (FT) = A field trip may be required for this course. AA/AS = Associate Degree Applicable CSU = California State University Applicable UC = University of California Applicable
patterns on how members of groups relate among themselves and with members of different ethnic and cultural groups. Topics include social psychological variables; verbal and nonverbal language systems; cross-cultural communication breakdowns; and conflict resolution. Students apply the principles of intercultural communication to contemporary cross-cultural and global communication issues. This course is designed for students majoring in communication studies or other fields that require cross-cultural contact and/or awareness of cultural distinctions. (FT) AA/AS; CSU; UC; C-ID COMM 150.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 236. Please refer to the class schedule and/or see the dean or department chair for availability.

### Computer and Information Sciences (CISC)

#### 181 Principles of Information Systems

3 hours lecture, 3 hours lab, 4 units

**Grade Only**

**Advisory:** English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

This course is an introduction to basic principles and theory relating to problem solving and analysis in business organizations using computers and software packages. Emphasis is placed on computer organization, data processing systems, decision support systems, and systems analysis. Business software is reviewed with an emphasis on spreadsheet systems including hands-on spreadsheet applications. This course is intended for the transfer student planning to major in business, economics, or social science. (FT) AA/AS; CSU; UC.

#### 186 Visual Basic Programming

3 hours lecture, 3 hours lab, 4 units

**Grade Only**

**Prerequisite:** Computer and Information Sciences 181 with a grade of “C” or better, or equivalent.

**Advisory:** English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

This course is an introduction to programming using Visual Basic. It covers the fundamentals of event oriented programming in a Windows environment. Topics include the use and programming of a mouse, windows, forms, menus, dialog boxes, icons, buttons, text fields, files, graphics, and other components of a Windows environment in Visual Basic. This course is intended for students majoring in computer science or anyone interested in computer programming. (FT) AA/AS; CSU; UC.

#### 190 Java Programming

3 hours lecture, 3 hours lab, 4 units

**Grade Only**

**Advisory:** English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Level R5 and W5. Mathematics 34A with a grade of “C” or better, or equivalent or Assessment Skill Level M20. Computer and Information Sciences 186 with a grade of “C” or better, or equivalent.

This course is an introduction to programming using Java. The course covers the fundamentals of object-oriented programming utilizing the Java programming language for general purpose business programs and interactive World Wide Web-based Internet programs. This course is intended for students majoring in computer and information sciences or anyone interested in the Java programming language. (FT) AA/AS; CSU; UC.

#### 192 C/C++ Programming

3 hours lecture, 3 hours lab, 4 units

**Grade Only**

**Advisory:** English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Level R5 and W5; Computer and Information Sciences 186 with a grade of “C” or better, or equivalent.

This course presents basic programming concepts using the C++ programming language. The organization of standard Input/Output (I/O) classes is emphasized. Structured- and object-oriented programming techniques are presented and used to design and implement a variety of programming problems. This course is intended for students majoring in computer science or anyone interested in computer programming. (FT) AA/AS; CSU; UC.
290 Independent Study

Hours by Arrangement, 1–3 units
Grade Only

Limitation on Enrollment: Must obtain an Add Code from instructor for registration.

Typically for advanced students in Computer and Information Sciences who wish to pursue special problems and projects related to the area. The student will meet with the instructor at specific intervals and will be expected to accomplish primary research, problem analysis and report preparation relating to an approved project or course of study. AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 236. Please refer to the class schedule and/or see the dean or department chair for availability.

Computer Business Technology (CBTE)

Formerly Office Information Systems (OFCE)

Note: CBTE course numbers differ from the OFCE course numbers.

114 Introduction to Microsoft Windows

0.75 hours lecture, 0.75 hours lab, 1 unit
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Computer Business Technology 94, 101 or 103, each with a grade of “C” or better, or equivalent.

This course is an overview of the features of the Microsoft Windows operating system and environment. Students learn to use and customize the start menu; work with Windows accessory programs; manage storage drives; work with folders and files; create shortcuts; and customize the desktop. This course is designed for students intending to use Microsoft Windows for academic, professional and/or personal purposes. (FT) AA/AS; CSU.

120 Beginning Microsoft Word

1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Computer Business Technology 94, 101 or 103, each with a grade of “C” or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Computer Business Technology 120A or 120B.

This course is an introduction to document formatting using Microsoft Word. Students create fliers, letters, memos, reports and office documents. Topics include mail merge and table basics. This course is designed for students intending to use Microsoft Word for academic, professional and/or personal purposes. (FT) AA/AS; CSU.

122 Intermediate Microsoft Word

2 hours lecture, 3 hours lab, 3 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Computer Business Technology 94, 101 or 103 and 120, each with a grade of “C” or better, or equivalent.

This intermediate-level course introduces advanced features and text editing tools of Microsoft Word. Students create reference documents, online forms and newsletters. Topics include the use of macros and collaboration and integration tools. This course is designed for students intending to use Microsoft Word for academic, professional and/or personal purposes. (FT) AA/AS; CSU.

127 Introduction to PowerPoint

1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Computer Business Technology 94 or 114, each with a grade of “C” or better, or equivalent.

This course provides students with the basic knowledge of how to create, modify, and present PowerPoint slide shows. Students add and

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
modify both text and graphics; insert and modify information graphics and multimedia; apply, modify, and create master pages; apply, modify, and create templates. Students integrate other Microsoft programs with PowerPoint. This course is designed for students and professionals acquiring or updating basic skills in creating and editing professional presentations. (FT) AA/AS; CSU.

128 Comprehensive Microsoft PowerPoint
2 hours lecture, 3 hours lab, 3 units
Letter Grade or Pass/No Pass Option

Advisory: Computer Business Technology 101, 102 or 103 and 114, each with a grade of “C” or better, or equivalent; English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

Limitation on Enrollment: This course is not open to students with previous credit for Computer Business Technology 126.

This course is a comprehensive hands-on study of the skills required to plan, develop, and deliver PowerPoint presentations on a computer and the Internet. Emphasis is placed on adding and modifying text, graphics, sound, video, and effects such as transitions and custom slide animations. Other topics include adding, modifying and creating templates; adding, importing, and formatting data for tables and charts; customizing presentations; adding interactivity features; and incorporating PowerPoint with other applications. This course is intended for all students and professionals who wish to acquire skills in digital presentations. (FT) AA/AS; CSU.

143 Intermediate Microsoft Excel
2 hours lecture, 3 hours lab, 3 units

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Computer Business Technology 103 and 114, each with a grade of “C” or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Computer Business Technology 140A or 140.

This course is designed for students preparing for a career or job in which a competency in intermediate-to-advanced Excel functions is required to perform daily tasks. Students receive hands-on instruction on charts, PivotTables, PivotCharts, functions, formulas, data validation, autofilters, what-if analyses, templates, macros, Visual Basic for applications, and integration of Excel with other programs. (FT) AA/AS; CSU.

152 Beginning Microsoft Access
1.5 hours lecture, 1.5 hours lab, 2 units

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Computer Business Technology 94, 101, 102 or 103 and 114, each with a grade of “C” or better, or equivalent.

This course introduces students to the fundamentals of Microsoft Access. Topics include creating, modifying, and sorting database tables; creating queries; creating and enhancing custom forms and reports; modifying the database structure; and importing and exporting data to other programs. This course is intended for students majoring in a computer business technology field, professionals acquiring or updating basic skills in creating and editing professional databases, or anyone interested in learning the fundamental functions of Access. (FT) AA/AS; CSU.

153 Intermediate Microsoft Access
2.5 hours lecture, 1.5 hours lab, 3 units

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Computer Business Technology 94, 101, 102 or 103 and 114, each with a grade of “C” or better, or equivalent.
This course is an intermediate level study of Microsoft Access and its use as a relational database management system on a personal computer. Topics include designing relational databases; creating tables, queries, forms and reports; entering data; finding and modifying records; importing from and exporting to other programs; using field properties; understanding the use of Structured Query Language (SQL) in Access; creating and running macros for automating tasks; and planning and designing user interfaces. This course is designed for students and professionals acquiring or updating skills in creating and editing Access databases. (FT) AA/AS; CSU.

162 Web Page Creation
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and WS; Computer Business Technology 114 and 161, each with a grade of “C” or better, or equivalent. This course provides a hands-on approach to creating web pages for an intranet or website. Students learn to use Hypertext Markup Language (HTML), wizards, and templates to create web pages with links and graphics and multimedia enhancements. Students will use basic Cascading Style Sheet (CSS). This course is intended for students majoring in Computer Business Technology and professionals seeking a basic knowledge of HTML. (FT) AA/AS; CSU.

165 Webpage Creation with Dreamweaver
2.5 hours lecture, 1.5 hours lab, 3 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and WS; Computer Business Technology 101, 114, and 161, each with a grade of “C” or better, or equivalent. This course is a hands-on study of webpage creation. Students use a HyperText Markup Language (HTML) editor to create HTML and Cascading Style Sheets (CSS). Other topics include adding behaviors; using templates and library items; and embedding hypertext links, video, graphics, and multimedia files. This course is designed for students and professionals acquiring or updating skills in creating and editing simple webpages. (FT) AA/AS; CSU.

170 Desktop Publishing
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Computer Business Technology 101 and 114, each with a grade of “C” or better, or equivalent. This course is designed for students interested in preparing or upgrading skills for a career or job in which desktop publishing competencies are required. Topics include text and table frames, WordArt, images, graphic accents, and Web page functions. (FT) AA/AS; CSU.

180 Microsoft Office
2 hours lecture, 3 hours lab, 3 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Computer Business Technology 94, 101, or 114 and 161, each with a grade of “C” or better, or equivalent. This course is intended for students majoring in Computer Business Technology and professionals seeking a basic knowledge of Microsoft Office Professional suite for personal and/or professional purposes. Emphasis is placed on word processing, spreadsheet, database, and presentations, and the integration of data within and between the programs. (FT) AA/AS; CSU.

205 Records Management
3 hours lecture, 3 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Computer Business Technology 94 or 101, each with a grade of “C” or better, or equivalent. This course covers the fundamentals of traditional and electronic records management. Topics include indexing and the major filing methods; selection of systems, equipment, and supplies; design, control, and maintenance of inactive records; and the role of records management and the records manager in the information industry. This course is designed to prepare students for employment in the field of...
Consumer Studies (CONF)

210 Computers in Business
3 hours lecture, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
This course is an introduction to the role and use of computers, computer technology, and electronic communication in business environments. Emphasis is placed on privacy, security, information management, and ethical issues. This course is designed for students and professionals interested in the use and role of technology in business environments. (FT) AA/AS; CSU.

270 Work Experience
60 - 300 hours other, 1-4 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Computer Business Technology 103 and 161, each with a grade of “C” or better, or equivalent.
This course is designed to extend occupational learning through employment and to complement classroom instruction with on-the-job training. The goals and learning objectives will be designed by the student cooperatively with the employer and work experience instructor/coordinator. The combined maximum credit for all work experience courses from all disciplines may not exceed 16 units. This course is intended for students interested in the field of computer business technology. (FT) AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 236. Please refer to the class schedule and/or see the dean or department chair for availability.

Consumer Studies (CONF)

110 Personal Financial Management
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.
This course is a study of the theories and techniques for managing personal income. Emphasis is placed on financial goal setting, culminating in the development of a personal financial plan. Topics include practical methods for gaining maximum advantages from income through efficient spending, effective use of credit, savings, budgeting, insurance, and investment. Stock portfolios and retirement planning are also discussed. This course is designed for anyone interested in developing personal financial management skills. (FT) AA/AS; CSU.

Dance (DANC)

135A Jazz Dance I
0.5–.75 hours lecture, 1.5–2.25 hours lab, 1–1.5 units
Letter Grade or Pass/No Pass Option
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5.
Limitation on Enrollment: This course is not open to students with previous credit for Dance 135.
This course is an introduction to Jazz dance. Emphasis is placed on fundamental Jazz dance technique, vocabulary and performance concepts. This course is designed for dance majors and all students interested in Jazz dance. When this course is offered for three hours a week the additional time is utilized in the practice and perfection of turns and combinations. (FT) AA/AS; CSU; UC.
135B Jazz Dance II  
0.75 hours lecture, 2.25 hours lab, 1.5 units  
Letter Grade or Pass/No Pass Option  
Advisory: English 47A or English 48 and English 49,  
each with a grade of “C” or better, or equivalent, or  
Assessment Skill Levels R5 and W5; Dance 135A with  
a grade of “C” or better, or equivalent.  
This course is the second in a series of Jazz dance  
courses. Emphasis is placed on beginning Jazz  
dance technique, turns, rhythms and styles. This  
course is designed for dance majors and all students  
interested in Jazz dance. (FT) AA/AS; CSU; UC.

135C Jazz Dance III  
0.75 hours lecture, 2.25 hours lab, 1.5 units  
Letter Grade or Pass/No Pass Option  
Advisory: English 47A or English 48 and English 49,  
each with a grade of “C” or better, or equivalent, or  
Assessment Skill Levels R5 and W5; Dance 135B with  
a grade of “C” or better, or equivalent.  
This course is the third in a series of Jazz dance  
courses. Emphasis is placed on intermediate Jazz  
dance technique, turns, rhythms and styles. This  
course is designed for dance majors and all students  
interested in Jazz dance. (FT) AA/AS; CSU; UC.

135D Jazz Dance IV  
0.75 hours lecture, 2.25 hours lab, 1.5 units  
Letter Grade or Pass/No Pass Option  
Advisory: English 47A or English 48 and English 49,  
each with a grade of “C” or better, or equivalent, or  
Assessment Skill Levels R5 and W5; Dance 135C with  
a grade of “C” or better, or equivalent.  
This course is the fourth in a series of Jazz dance  
courses. Emphasis is placed on advanced Jazz  
dance technique, turns, rhythms and styles. This  
course is designed for dance majors and all students  
interested in Jazz dance. (FT) AA/AS; CSU; UC.

140B Modern Dance II  
0.75 hours lecture, 2.25 hours lab, 1.5 units  
Letter Grade or Pass/No Pass Option  
Advisory: English 47A or English 48 and English 49,  
each with a grade of “C” or better, or equivalent, or  
Assessment Skill Levels R5 and W5; Dance 140A with  
a grade of “C” or better, or equivalent.  
This course is the second in a series of Modern  
dance courses. Emphasis is placed on beginning  
dance vocabulary, concepts and techniques.  
Students manipulate elements of choreography  
and are introduced to basic anatomy. Topics  
include perspectives on Modern dance history and  
techniques with a focus on second generation dance  
artists and an introduction to African-American  
artists. This course is designed for dance majors  
and all students interested in Modern dance. (FT) AA/AS;  
CSU; UC.

140C Modern Dance III  
0.75 hours lecture, 2.25 hours lab, 1.5 units  
Letter Grade or Pass/No Pass Option  
Advisory: English 47A or English 48 and English 49,  
each with a grade of “C” or better, or equivalent, or  
Assessment Skill Levels R5 and W5; Dance 140B with  
a grade of “C” or better, or equivalent.  
This course is the third in a series of Modern dance  
courses. Emphasis is placed on intermediate dance  
vocabulary, concepts, techniques, and anatomy.  
Students manipulate elements of choreography  
and rhythmic studies in movement. Topics include  
perspectives on Modern dance history and  
techniques with a focus on third generation Modern  
dance artists and an introduction to post-modern  
concepts. This course is designed for dance majors  
and all students interested in Modern dance. (FT)  
AA/AS; CSU; UC.

140A Modern Dance I  
0.5–.75 hours lecture, 1.5–2.25 hours lab,  
1–1.5 units  
Letter Grade or Pass/No Pass Option  
Advisory: English 47A or English 48 and English 49,  
each with a grade of “C” or better, or equivalent, or  
Assessment Skill Levels R5 and W5.  
Limitation on Enrollment: This course is not open to  
students with previous credit for Physical Education  
140 or Dance 140.  
This course is an introduction to Modern dance.  
Emphasis is placed on fundamental Modern dance  
vocabulary, concepts, and techniques. Students are  
introduced to basic elements of choreography and  
history of early Modern dance contributors. This  
course is designed for dance majors and all students  
interested in Modern dance. When this course is  
offered for three hours a week the additional time  
is utilized in the practice and perfection of style,  
rhythms and variations. (FT) AA/AS; CSU; UC.
140D Modern Dance IV
0.75 hours lecture, 2.25 hours lab, 1.5 units
Letter Grade or Pass/No Pass Option
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5; Dance 140C with a grade of “C” or better, or equivalent.
This course is the fourth in a series of Modern dance courses. Emphasis is placed on intermediate-advanced dance vocabulary, concepts, technique, and anatomy. Students manipulate and refine elements of choreography and rhythmic studies in movement. Topics include perspectives on Modern dance history and techniques with a focus on contemporary Modern dance artists. This course is designed for dance majors and all students interested in Modern dance. (FT) AA/AS; CSU; UC.

Digital Film Production (DFLM)

101 Introduction to Film
3 hours lecture, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
This course introduces students to the narrative, thematic, and aesthetic aspects of cinema. It examines a wide variety of films and emphasizes styles of directors as well as aspects of characterization and themes. Topics include the artistic quality of film and the development of technical methods used by filmmakers to present their ideas. This course is intended for anyone interested in cinema or film production. (FT) AA/AS; CSU; UC.

102 The American Cinema
3 hours lecture, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
This introductory film studies course brings Hollywood film making into clear focus as a unique economic, industrial, aesthetic, and cultural institution. It explores how American films work technically, artistically, and culturally through encounters with the works of such directors as John Ford, Howard Hawks, and Martin Scorsese. This course is intended for anyone interested in cinema or film production. (FT) AA/AS; CSU; UC.

Diesel Technology (DIES)

90 Forklift Operation
0.5 hours lecture, 1.5 hours lab, 1 unit
Grade Only
Advisory: English 35 or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Level R4 and W4; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.
This course covers the theory, principles, and operation of forklifts. Topics include forklift safety, use and operation, load handling, preventive maintenance and upkeep, problem identification. This course is designed to prepare students for the Occupational Safety and Health Administration (OSHA) Forklift Certification. (FT) AA/AS.

100 Introduction to Diesel Technology
2 hours lecture, 2 units
Grade Only
Advisory: English 35 or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.
This beginning class introduces students to the field of diesel-powered trucks and equipment maintenance and service. Students learn about the common types of diesel-powered trucks and equipment, shop safety, industrial fasteners, hydraulic fittings, technician tool requirements, service shop organization and procedures, and measuring tools. Students also receive an overview of the Miramar College Diesel Technology program. This course is intended for students majoring in Diesel Technology or those interested in the industry. (FT) AA/AS; CSU.

101 Heavy Duty Truck, Advanced Transportation, Equipment Preventive Maintenance and Inspections
1 hour lecture, 3 hours lab, 2 units
Grade Only
Corequisite: Completion of or concurrent enrollment in Diesel Technology 100 with a grade of “C” or better, or equivalent.
Advisory: English 35 or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30. This course covers the fundamental skills necessary for preventive maintenance on trucks and other heavy duty equipment. Students learn to perform inspection and maintenance procedures on heavy duty trucks, alternative fueled trucks, and heavy equipment. Topics include the theory of maintenance practices; industry-related Material Safety Data Sheets (MSDS) and hazardous materials (HAZMAT) documentation; California Biannual Inspection of Terminal (B.I.T.); heavy duty shop tools and equipment usage; and service literature usage. This course is designed for students interested in the commercial diesel and alternative fuel industry. (FT) AA/AS; CSU.

102 Heavy Duty Truck and Heavy Equipment Heating and Air Conditioning
1 hour lecture, 3 hours lab, 2 units
Corequisite: Completion of or concurrent enrollment in Diesel Technology 100 with a grade of “C” or better, or equivalent.
Advisory: English 35 with a grade of “C” or better, or equivalent or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30. This course covers the fundamental skills necessary for diagnosing and servicing heavy duty truck and heavy equipment heating, ventilation, and air conditioning (HVAC) systems. Students learn the fundamental operation, diagnosis, and repair of HVAC systems. Topics include HVAC safety, theory of operation, use of HVAC diagnostic tools, and repair procedures. This course is designed for students interested in the commercial diesel vehicle industry. (FT) AA/AS; CSU.

105 Measuring Tools and Applied Mathematics
1 hour lecture, 3 hours lab, 2 units
Corequisite: Completion of or concurrent enrollment in Diesel Technology 100 with a grade of “C” or better, or equivalent.
Advisory: English 35 or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30. Students learn the fundamental skills necessary to perform major overhaul operations on Detroit Diesel engines. Topics include theory of operation; construction and application; use of diesel repair shop equipment and tools; and dynamometer performance testing. This course is designed for students who intend to develop foundational skills applicable to the diesel repair industry. (FT) AA/AS; CSU.

121 Diesel Engines A
4 hours lecture, 9 hours lab, 7 units
Corequisite: Completion of or concurrent enrollment in Diesel Technology 100 with a grade of “C” or better, or equivalent.
Advisory: English 35 or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30. Limitation on Enrollment: This course is not open to students with previous credit for Diesel Technology 110 or Diesel Technology 120. This course covers the care and use of precision measuring tools and common shop measuring tools. Students also learn industry-standard mathematical concepts and applications related to the diesel service industry. This course is intended for students majoring in Diesel Technology. (FT) AA/AS; CSU.

122 Diesel Engines B
4 hours lecture, 9 hours lab, 7 units
Corequisite: Completion of or concurrent enrollment in Diesel Technology 100 with a grade of “C” or better, or equivalent.
Advisory: English 35 or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.
Limitation on Enrollment: This course is not open to students with previous credit for Diesel Technology 120.

Students learn the fundamental skills necessary to perform major overhaul operations on Caterpillar diesel engines. Topics include theory of operation; construction and application; use of diesel repair shop equipment and tools; and dynamometer performance testing. This course is designed for students who intend to develop foundational skills applicable to the diesel repair industry. (FT) AA/AS; CSU.

123 Diesel Engines C

1 hour lecture, 3 hours lab, 2 units

Corequisite: Completion of or concurrent enrollment in Diesel Technology 100 with a grade of “C” or better, or equivalent.

Advisory: English 35 or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.

Limitation on Enrollment: This course is not open to students with previous credit for Diesel Technology 127.

Students learn the fundamental skills necessary to evaluate and repair engine components and accessories including cylinder blocks. Students also learn how to remove and install engines. This course is designed for students who intend to develop foundational skills applicable to the diesel repair industry. (FT) AA/AS; CSU.

124 Diesel Engines D

4 hours lecture, 9 hours lab, 7 units

Corequisite: Completion of or concurrent enrollment in Diesel Technology 100 with a grade of “C” or better, or equivalent.

Advisory: English 35 or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.

Limitation on Enrollment: This course is not open to students with previous credit for Diesel Technology 110 or 121.

Students learn the fundamental skills necessary to perform major overhaul operations on Detroit Diesel engines. Topics include theory of operation; construction and application; and the use of diesel repair shop equipment and tools. This course is designed for students who have prior experience in the diesel repair industry. (FT) AA/AS; CSU.

125 Diesel Engines I

3 hours lecture, 3 hours lab, 4 units

Corequisite: Completion of or concurrent enrollment in Diesel Technology 100 with a grade of “C” or better, or equivalent.

Advisory: English 35 or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.

Limitation on Enrollment: This course is not open to students with previous credit for Diesel Technology 110.

Students learn the fundamental skills necessary to perform major overhaul operations on Detroit Diesel engines. Topics include theory of operation; construction and application; and the use of diesel repair shop equipment and tools. This course is designed for students who have prior experience in the diesel repair industry. (FT) AA/AS; CSU.

126 Diesel Engines II

3 hours lecture, 3 hours lab, 4 units

Corequisite: Completion of or concurrent enrollment in Diesel Technology 100 with a grade of “C” or better, or equivalent.

Advisory: English 35 or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.

Limitation on Enrollment: This course is not open to students with previous credit for Diesel Technology 120, 201A or 122.

Students learn the fundamental skills necessary to perform major overhaul operations on Caterpillar diesel engines. Topics include theory of operation; construction and application; and the use of diesel repair shop equipment and tools. This course is designed for students who have prior experience in the diesel repair industry. (FT) AA/AS; CSU.
128 Diesel Engines III
3 hours lecture, 3 hours lab, 4 units

**Grade Only**

*Corequisite:* Completion of or concurrent enrollment in Diesel Technology 100 with a grade of “C” or better, or equivalent.

*Advisory:* English 35 or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.

*Limitation on Enrollment:* This course is not open to students with previous credit for Diesel Technology 124.

Students learn the fundamental skills necessary to perform major overhaul operations on Cummins diesel engines. Topics include theory of operation; construction and application; and the use of diesel repair shop equipment and tools. This course is designed for students who have prior experience in the diesel repair industry. (FT) AA/AS; CSU.

131 Alternative-Fueled Engine Overhaul
3 hours lecture, 3 hours lab, 4 units

**Grade Only**

*Corequisite:* Completion of or concurrent enrollment in Diesel Technology 100 with a grade of “C” or better, or equivalent.

*Advisory:* English 35 or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.

This course covers the fundamental skills necessary to perform major overhaul operations on alternative-fueled engines. Topics include theory of operation; construction and application; and the use of repair shop tools and equipment associated with large bore alternative-fueled engines. This course is designed for students who have prior experience in the diesel industry. (FT) AA/AS; CSU.

135 Applied Failure Analysis
3 hours lecture, 3 units

**Grade Only**

*Advisory:* English 35 or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.

This course introduces students to the fundamental principles involved in failure analysis of heavy duty diesel engine components. Students also learn problem solving techniques based on basic metallurgy concepts, different types of metals, metal forming processes, analysis of fractures, and identification of component wear characteristics. This course is designed for students interested in the commercial diesel and alternative fuel industry. (FT) AA/AS; CSU.

137 Diesel Fuel Injection Systems
1 hour lecture, 3 hours lab, 2 units

**Grade Only**

*Corequisite:* Completion of or concurrent enrollment in Diesel Technology 100 with a grade of “C” or better, or equivalent.

*Advisory:* English 35 or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.

This course covers the theory, principles of operation, laboratory practice, servicing, and maintenance procedures for diesel engine fuel systems used on heavy duty diesel trucks and equipment. Students learn fundamental skills required to repair high-pressure type and electronically controlled fuel systems. Topics include pump timing; nozzle and unit-injector replacement; and cylinder cutout procedures. Students also learn the proper use of electronic tooling used in the diesel industry. This course is intended for students majoring in Diesel Technology. (FT) AA/AS; CSU.

137A Advanced Diesel Fuel Injection Systems
1 hour lecture, 3 hours lab, 2 units

**Grade Only**

*Prerequisite:* Diesel Technology 137 and 144, each with a grade of “C” or better, or equivalent.

*Advisory:* English 35 or English 42, each with a grade of “C” or better, or equivalent or Assessment Skill Level R4 and English 43 with a grade of “C” or better, or equivalent or Assessment Skill Level W4; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.

This course concentrates on the electronically controlled fuel injection systems of Caterpillar, Cummins, and Detroit Diesel engines. Students perform independently while learning system...
design, analysis, and mechanical adjustments. Students learn how to use electronic service tools to access and set programmable system features and electronic diagnostic tools to troubleshoot system malfunctions. This course is intended for students interested in advanced diesel technology systems.

(FT) AA/AS; CSU.

138 Electrical Systems
2 hours lecture, 3 hours lab, 3 units
Grade Only

Corequisite: Completion of or concurrent enrollment in Diesel Technology 100 with a grade of “C” or better, or equivalent.

Advisory: English 35 or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.

Limitation on Enrollment: This course is not open to students with previous credit for Diesel Technology 130 or 215.

This course covers the theory, principles of operation, laboratory practice, servicing, and maintenance procedures for diesel truck and equipment electrical systems. Topics include starting, charging, cab, and chassis systems. Students learn principles, practices, maintenance, and troubleshooting of batteries; starters; alternators; and truck and trailer wiring systems. This course is intended for students majoring in Diesel Technology. (FT) AA/AS; CSU.

144 Electronics for Diesel Technology
2 hours lecture, 3 hours lab, 3 units
Grade Only

Advisory: English 35 or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.

This course covers basic electrical and electronic theory related to heavy duty diesel powered equipment. Topics include basic electrical theory, series circuits, parallel circuits, circuit testing, and component identification. Students also learn the function and operation of electronic sensors. This course is intended for students majoring in Diesel Technology. (FT) AA/AS; CSU.

155 Air Brake Systems
2 hours lecture, 3 hours lab, 3 units
Grade Only

Corequisite: Completion of or concurrent enrollment in Diesel Technology 100 with a grade of “C” or better, or equivalent.

Advisory: English 35 or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.

Limitation on Enrollment: This course is not open to students with previous credit for Diesel Technology 140 or 214.

This course covers the theory, laboratory practice, principles of operation, overhaul, and servicing of heavy duty transportation and equipment air brake systems. Topics include servo type brakes, foundation type brakes, S-cam brakes, wedge brakes, disc brakes, air compressors, air reservoir systems, piping, control valves, switches, anti-lock, brake service procedures, reuseability guidelines, and actuators used in heavy duty transportation and equipment air systems. This course is intended for students majoring in Diesel Technology. (FT) AA/AS; CSU.

160 Heavy Duty Manual Transmissions
2 hours lecture, 3 hours lab, 3 units
Grade Only

Corequisite: Completion of or concurrent enrollment in Diesel Technology 100 with a grade of “C” or better, or equivalent.

Advisory: English 35 or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.

Limitation on Enrollment: This course is not open to students with previous credit for Diesel Technology 130 or 211A.

This course covers the theory, laboratory practice, principles of operation, overhaul, maintenance, and troubleshooting of heavy duty manual transmissions for heavy duty transportation (HDT) vehicles using accepted industry standards and procedures. Topics include transmission types, powerflow, disassembly, component inspection, reassembly, reusability guidelines, air shift systems, troubleshooting procedures, and gear ratio calculations for manual transmissions used on Class 6 through Class 8 trucks. This course is designed for students majoring in
165 Truck Automatic Transmissions
2 hours lecture, 3 hours lab, 3 units
Corequisite: Completion of or concurrent enrollment in Diesel Technology 100 with a grade of “C” or better, or equivalent.
Advisory: English 35 or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.
This course covers the theory, laboratory practice, principles of operation, overhaul, maintenance, and troubleshooting of heavy duty automatic transmissions for heavy duty transportation (HDT) vehicles using accepted industry standards and procedures. Topics include transmission types and powerflow, torque converter types and powerflow, disassembly, component inspection, reassembly, reusability guidelines, transmission shift control systems, troubleshooting procedures, and planetary gear ratio calculations for automatic transmissions used on Class 6 through Class 8 trucks. This course is designed for students majoring in diesel technology or those interested in the heavy duty transportation industry. (FT) AA/AS; CSU.

175 Truck Chassis R&R
2 hours lecture, 3 hours lab, 3 units
Corequisite: Completion of or concurrent enrollment in Diesel Technology 100 with a grade of “C” or better, or equivalent.
Advisory: English 35 or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.
Limitation on Enrollment: This course is not open to students with previous credit for Diesel Technology 130 or 140.
This course covers the theory, laboratory practice, and principles of component removal, overhaul, and servicing of heavy duty clutches used in heavy duty transportation (HDT). Students learn how to use specialized and general shop equipment and hand tools to remove and replace (R&R) components of heavy duty transportation units. Other topics include the operation, installation, and troubleshooting of single and multiple disc clutches. This course is intended for students majoring in Diesel Technology. (FT) AA/AS; CSU.
steering, suspension, and driveline systems used on Class 6 through Class 8 trucks. Topics include caster, camber, toe-in, basic alignment, steering systems, driveline systems, and suspension systems used on commercial trucks. Students learn common industry methods to perform vibration analysis, steering, suspension, and driveline system adjustments and repairs. This course is designed for students majoring in diesel technology or those interested in the off-highway heavy equipment industry. (FT) AA/AS; CSU.

200 Mobile Hydraulic Systems
2 hours lecture, 3 hours lab, 3 units
Grade Only
Corequisite: Completion of or concurrent enrollment in Diesel Technology 100 with a grade of “C” or better, or equivalent.
Advisory: English 35 or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.
This course covers the theory, principles of operation, laboratory practice, servicing, and maintenance procedures for diesel truck and equipment hydraulic systems. Topics include hydraulic schematics, reservoirs, pumps, actuators, valves, piping, and fittings. Students learn how to use standard industry procedures, hydraulic schematics, and test equipment for diagnosing, analyzing, and repairing heavy duty transportation (HDT) mobile hydraulic systems and components. This course is intended for students majoring in Diesel Technology. (FT) AA/AS; CSU.

210 Brakes, Final Drives and Steering Systems
2 hours lecture, 3 hours lab, 3 units
Grade Only
Corequisite: Completion of or concurrent enrollment in Diesel Technology 100 with a grade of “C” or better, or equivalent.
Advisory: English 35 or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.
This course covers the principles and practices in the operation and servicing of heavy equipment brakes, final drive systems, and steering systems. This course is designed for students interested in the off-highway diesel equipment industry. (FT) AA/AS; CSU.

220 Undercarriage
2 hours lecture, 3 hours lab, 3 units
Grade Only
Corequisite: Completion of or concurrent enrollment in Diesel Technology 100 with a grade of “C” or better, or equivalent.
Advisory: English 35 or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.
This course covers the fundamentals of operation, wear analysis, preventive maintenance, and major service of track-type undercarriages. This course is designed for students interested in the off-highway heavy equipment industry. (FT) AA/AS; CSU.

230 Heavy Equipment Transmissions
2 hours lecture, 3 hours lab, 3 units
Grade Only
Corequisite: Completion of or concurrent enrollment in Diesel Technology 100 with a grade of “C” or better, or equivalent.
Advisory: English 35 or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.
This course covers the theory, laboratory practice, principles of operation, overhaul, maintenance, and troubleshooting of heavy equipment powershift transmissions (HET) using accepted industry standards and procedures. Topics include transmission types and powerflow; torque converter types and powerflow; disassembly; component inspection; reassembly; reusability guidelines; transmission shift control systems; troubleshooting procedures; and planetary gear ratio calculations for automatic transmissions used on off-highway heavy equipment. This course is designed for students majoring in diesel technology or those interested in the off-highway heavy equipment industry. (FT) AA/AS; CSU.

240 Equipment Chassis R&R
2 hours lecture, 3 hours lab, 3 units
Grade Only
Corequisite: Completion of or concurrent enrollment in Diesel Technology 100 with a grade of “C” or better, or equivalent.
Advisory: English 35 or English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4; Mathematics
38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.
This course covers the theory, laboratory practice, and principles of component removal, overhaul, and servicing of heavy duty clutches used in heavy duty transportation (HDT). Students learn how to use specialized and general shop equipment and hand tools to remove and replace (R&R) components on heavy equipment. Other topics include the operation, installation, and troubleshooting of single and multiple disc clutches. This course is intended for students majoring in Diesel Technology. (FT) AA/AS; CSU.

270 Work Experience
60 - 300 hours other, 1-4 units Grade only
This work experience course of supervised employment is designed to assist students to acquire career awareness, work habits, attitudes and skills related to the student’s college major. Credit may be accrued at the rate of 1 to 8 units per semester for a total of 16 units. Additionally, students must work 75 paid hours or 60 non-paid hours per unit earned. This course is intended for students majoring in Diesel Technology or those interested in the diesel powered equipment industry. (FT) AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 236. Please refer to the class schedule and/or see the dean or department chair for availability.

Disability Support Programs and Services (DSPS)
Courses listed under DSPS have been designed for students with disabilities. Additional classes are offered at City and Mesa campuses. See appropriate catalog.

21 Accessible Computing Lab
1.5 - 6 hours lab, 0.5-2 units Pass/No Pass
Limitation on Enrollment: This course is not open to students with previous credit for Disability Support Programs and Services 76. This course teaches students how to use necessary adaptive hardware or software for computer access. Individualized training is provided for all instructional modules. This course is intended for students who would benefit from adaptive computer access. Not applicable to the Associate Degree.

40 Individual Assessment and Educational Planning
0.5 hours lecture, 0.5 units Pass/No Pass only
Limitation on Enrollment: This course is not open to students with previous credit for Disabled Students Programs and Services 50. This course teaches students about their individual learning aptitude as compared to measured academic achievement. Students use standardized achievement and aptitude assessment instruments in accordance with the California Community College Learning Disabilities Eligibility Model to create a learning profile related to community college academic demands. Other topics include individual cognitive processing strengths and weaknesses, compensatory learning strategies, study skills, and disability management. This course is intended for students who believe they may have a learning disability or those interested in exploring issues related to learning aptitudes. (FT) Not applicable to the Associate Degree.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 236. Please refer to the class schedule and/or see the dean or department chair for availability.

Economics (ECON)
120 Principles of Macroeconomics
3 hours lecture, 3 units Grade only
Prerequisite: Mathematics 92 or Mathematics 96, each with a grade of “C” or better or equivalent

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
or Assessment Skill Level M45, M50 or higher, or
math assessment that verifies Intermediate Algebra
competency, or any college level Intermediate
Algebra course or higher completed with a grade of
“C” or better.
Advisory: English 48 and English 49, each with a
grade of “C” or better, or equivalent or Assessment
Skill Levels R5 and W5.
This course is an introduction to aggregate
economic analysis. Topics include market systems,
aggregate measures of economic activity,
macroeconomic equilibrium, money and financial
institutions, monetary and fiscal policy, international
economics and economic growth. This course
is intended for business majors and all students
interested in macroeconomics. (FT) AA/AS; CSU; UC;
C-ID ECON 202.

121 Principles of Microeconomics
3 hours lecture, 3 units
Grade Only
Prerequisite: Mathematics 92 or Mathematics 96,
each with a grade of “C” or better or equivalent
or Assessment Skill Level M45, M50 or higher or
math assessment that verifies Intermediate Algebra
competency, or any college level Intermediate
Algebra course or higher completed with a grade of
“C” or better.
Advisory: English 48 and English 49, each with a
grade of “C” or better, or equivalent or Assessment
Skill Levels R5 and W5.
This course is an introduction to economic analysis of
specific decision-making sectors in the economy
(micro analysis). Sectors include households,
firms and government. Topics covered include
productivity and costs for individual firms, industry
types, the labor market, anti-trust issues, income
distribution, and environmental externalities. This
course is intended for business majors and all
students interested in microeconomics. (FT) AA/AS; CSU; UC;
C-ID ECON 201.

This discipline may offer specialized instruction in
one or more of the following areas: Supervised
Tutoring (044), Experimental Topics (265),
Independent Study (290), Individualized Instruction
(296), Service Learning (277), or Work Experience
(270). Detailed course descriptions are listed on
page 236. Please refer to the class schedule and/or
see the dean or department chair for availability.

Education (EDUC)

100 Tutor Training
0.5 hours lecture, 1.5 hours lab, 1 unit
Pass/No Pass Only
Advisory: English 48 and English 49 and Mathematics
34A, each with a grade of “C” or better, or equivalent,
or Assessment Skill Levels R5, W5 and M20.
Limitation on Enrollment: Student must have
completed a minimum of 12 units of college credit
with an accumulated grade point average of 3.0 or
better in subject area he/she will tutor.
This course prepares college-level students for
tutoring adult/college students. Student trainees
learn about tutoring methods as well as how to use
appropriate written and mediated instructional
materials. The course includes supervised tutoring
practice. (FT) AA/AS; CSU.

This discipline may offer specialized instruction in
one or more of the following areas: Supervised
Tutoring (044), Experimental Topics (265),
Independent Study (290), Individualized Instruction
(296), Service Learning (277), or Work Experience
(270). Detailed course descriptions are listed on
page 236. Please refer to the class schedule and/or
see the dean or department chair for availability.

Emergency Medical
Technician (EMGM)

50 CPR for Health Care Providers
0.5 hours lecture, 0.5 units
Pass/No Pass
Advisory: English 47A or English 48 and English
49 with a grade of “C” or better, or equivalent or
Assessment Skill Level R5 and W5.
This course covers basic cardio-pulmonary
resuscitation (CPR) based on current American Heart
Association standards. Topics include one-person,
two-person, child, and infant CPR as well as foreign
body airway obstruction; bag-valve-mask and
mouth-to-mouth ventilation; and automated external
defibrillator (AED) use. This course is intended for
current or prospective health care providers. (FT)
AA/AS.
105A Emergency Medical Technician – National Registry
6 hours lecture, 3 hours lab, 7 units
Grade Only
Corequisite: Completion of or concurrent enrollment in Emergency Medical Technician 106 with a grade of “C” or better, or equivalent.
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Level RS and W5.
Limitation on Enrollment: This course is not open to students with previous credit for Fire Protection Technology 130 or Emergency Medical Technician 105.
Limitation on Enrollment: Health and Safety. Students must have a current Healthcare Provider Level CPR Card, immunization record, and a current TB test within 30 days of course start.
This course covers the techniques of emergency medical care and transportation of the sick and injured within the responsibilities of the Emergency Medical Technician (EMT). The course content is based upon the State of California Emergency Medical Services (EMS) Authority requirements referenced in Title 22, Division 9, Chapter 2, Article L of the California Administrative Code. Course approval is with the San Diego County Emergency Medical Services. Upon successful completion, the student will be eligible to take the National Registry EMT Cognitive Examination for Emergency Medical Technician. This course is intended for students preparing for a career as an EMT, paramedic, firefighter, nurse, physician assistant, or medical doctor. (FT) AA/AS; CSU.

106 Emergency Medical Technician – Defibrillation/Combitute
0.25 hours lecture, 0.75 hours lab, 0.5 units
Grade Only
Prerequisite: San Diego County Division of Emergency Medical Services Policy D-320 requirement: Current BLS-C level certification in CPR approved by the American Heart Association or the American Red Cross.
Limitation on Enrollment: This course is not open to students with previous credit for Fire Protection Technology 136.
This course covers the skills required to integrate the use of the Automated External Defibrillator (AED), Esophageal/Tracheal Airway Device “Combitube®,” and Laryngeal/Tracheal Airway “King®” in the prehospital care/management of the victim of cardiac/respiratory arrest. Topics include skill proficiency in basic life support; airway management; use of the AED; and intubation utilizing a San Diego Emergency Medical Services Authority (EMSA)-approved perilaryngeal airway adjunct. This course is intended for practicing Emergency Medical Technicians (EMTs), students seeking initial EMT certification, or others working in the healthcare field. Students must be employed with an approved provider agency in order to utilize the airway in the provision of care. (FT) AA/AS; CSU.

296 Individualized Instruction in Emergency Medical Technology
3 hours lab, 1 unit
Letter Grade or Pass/No Pass Option
Corequisite: Emergency Medical Technician 105A or Emergency Medical Technician 350.
This course provides supplemental instruction to reinforce achievement of the learning objectives of a course in the same discipline under the supervision of an instructor for the designated course. Learning activities may employ a variety of self-paced multimedia learning systems, language labs, print and electronic resources, laboratory, or field research arrangements, to assist students in reaching specific learning objectives. This open entry/open exit course is offered concurrently with designated courses. This course is intended for students currently enrolled in a related course or preparing for a licensing or certification exam. (FT) AA/AS; CSU.

350 Recertification Course for San Diego County EMT
0.5 hours lecture, 1.5 hours lab, 1 unit
Grade Only
Prerequisite: Emergency Medical Technician 105A with a grade of “C” or better, or equivalent EMT certificate.
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels RS and W5.
This 32-hour non-associate degree course provides San Diego County certified Emergency Medical
Technician-1 Basic students a review of didactic knowledge and practical skills required to recertify, in compliance with State of California regulations. Topics include a review of current San Diego Emergency Medical Service (EMS) treatment guidelines; anatomy; patient assessment; recognition and treatment of life threatening emergencies; emergency childbirth; behavioral emergencies; ambulance operations; triage; and disaster scene management and environmental emergencies. Upon successful completion, students are eligible to recertify through San Diego County Emergency Medical Services and/or the National Registry of Emergency Medical Technicians. This course is intended for practicing Emergency Medical Technicians. (FT) Not applicable to the Associate Degree.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 236. Please refer to the class schedule and/or see the dean or department chair for availability.

English for Speakers of Other Languages (ESOL)

The English for Speakers of Other Languages Program is designed to prepare students to read, write, speak and listen at a level that enables them to succeed in college courses.

The program consists of four levels and the student is assigned a level based on the result of his/her placement test.

The first level, L19, is a combined skills class in a lecture/lab format. Students who successfully complete this course are at the intermediate-low level. Some students at the beginning level may find ESOL 19A difficult. For these students, counselors are available to discuss options and resources, including classes at Continuing Education.

The second and third levels, L20 and L30, are made up of three courses. The grammar-writing component is a six-unit course; the reading and listening/speaking components are three units each.

The fourth level, L40, is a single course in reading and writing. Students who successfully score at the assessment skill level L40 on the ESOL placement exam and successfully complete ESOL 40 can read and write at an advanced level, and are prepared to take English courses one level below transfer (ENGL 48 & 49). Students who score lower than level L40 on the placement exam must complete ESOL 40 and ESOL 32 to be able to read and write at an advanced level and be prepared to take English courses one level below transfer (ENGL 48 & 49).

19A Transitional English For ESOL Students
9 hours lecture, 9 units
Letter Grade or Pass/No Pass Option
Advisory: Assessment Skill Level L19. Students are advised to take the ESOL placement test prior to enrollment and perform at level 19.
Limitation on Enrollment: This course is not open to students with previous credit for English 7 or English 58 or English For Speakers of Other Languages 19A. This course prepares students to read, write, listen, and speak at the intermediate-low ESOL level to facilitate successful participation in a college setting. This course emphasizes development of reading and writing skills in academic contexts, focusing heavily on the production of complete sentences with minimal errors and basic paragraph and composition development. This course is intended for non-native speakers of English who read, write, listen, and speak at a high-beginning level. (FT) Not applicable to the Associate Degree.

20 Writing for Non-native Speakers of English I
6 hours lecture, 6 units
Letter Grade or Pass/No Pass Option
REQUISITES:
Prerequisite: English for Speakers of Other Languages 19A with a grade of “C” or better, or equivalent or Assessment Skill Level L20.
Limitation on Enrollment: This course is not open to students with previous credit for English 8 or English 60.
This course in writing and grammar prepares students to write at the intermediate-mid ESOL level. Students learn to write compositions which may include paragraphs, essays, and other types of texts. Other topics include critical reasoning in writing, critical reading and understanding for a variety of texts, academic study skills, and grammatical structures in the production and editing of compositions so that errors will not obscure meaning or distract the reader. This course is intended for non-native speakers of English.
preparing for college-level coursework. (FT) Not applicable to the Associate Degree.

21 Reading for Non-native Speakers of English I

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: English for Speakers of Other Languages 19A with a grade of “C” or better, or equivalent or Assessment Skill Level L20.

This course prepares students to read at the intermediate-mid ESOL level. In this course, students learn reading strategies and apply them as they read a variety of texts. Students practice identifying text organization, vocabulary, and grammar to facilitate comprehension. Students also begin to use information from class readings in discussion, critical thinking, and writing. This course is intended for non-native speakers of English preparing for college-level coursework. (FT) Not applicable to the Associate Degree.

22 Listening and Speaking for Non-native Speakers of English I

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: English for Speakers of Other Languages 19A with a grade of “C” or better, or equivalent or Assessment Skill Level L20.

This course prepares students to understand spoken English and to speak at the intermediate-mid ESOL level. In this course, students continue to develop communicative competence through listening to and participating in a variety of communicative activities. Topics include grammatical structures specifically related to oral/aural course work to make connections between structure and communicative needs. In addition, students discuss, write about and critically analyze information from oral and written sources. This course is intended for non-native speakers of English preparing for college-level coursework. (FT) Not applicable to the Associate Degree.

30 Writing for Non-native Speakers of English II

6 hours lecture, 6 units
Letter Grade or Pass/No Pass Option
Prerequisite: English for Speakers of Other Languages 20 and 21, each with a grade of “C” or better, or equivalent or Assessment Skill Level L30.

Limitation on Enrollment: This course is not open to students with previous credit for English 9 or 61. This course in writing and grammar prepares students to write at the intermediate-high ESOL level. In this course, students learn to write paragraphs, essays and other types of texts that communicate a basic awareness of critical reasoning and the components of the academic essay and other types of writing. To achieve these goals, students learn and apply knowledge of syntax and grammatical structures in the production and editing of compositions so that errors will not obscure meaning or distract the reader. Students also read academic texts and apply study skills necessary for success in further academic studies. This course is intended for non-native speakers of English who wish to improve their writing skills. Not applicable to the Associate Degree.

31 Reading for Non-native Speakers of English II

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: English for Speakers of Other Languages 21 with a grade of “C” or better, or equivalent or Assessment Skill Level L30.

This course prepares students to read at the intermediate-high ESOL level. In this course, students continue to develop reading skills needed for academic and workplace success. To achieve these goals, students read a variety of texts and apply appropriate reading strategies to facilitate comprehension. In addition, students engage in activities to build background knowledge as well as knowledge of text structure, grammar and vocabulary. Students also use information from class reading in class discussion, critical thinking and writing. (FT) Credit does not apply to the associate degree.
English (ENGL)

Basic Skills Courses
All courses at this level are offered for college credit. Credit for these courses will not apply toward the associate degree but will count toward the determination of a student’s workload and eligibility for financial aid.

35 Vocational English
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English for Speakers of Other Languages 40 with a grade of “C” or better, or equivalent or Assessment Skill Level R4 and W4.
This course prepares students for successful writing in a variety of career/technical subject areas. It is designed for students seeking a vocational certificate rather than an associate degree or transfer to a university. The course emphasizes writing for vocational careers. Writing products include memos, faxes, emails, resumes, letters, and research reports. Students develop listening and reading skills that are necessary for success in vocational careers. (FT) Not applicable to the Associate Degree.

Reading
42 College Reading and Study Skills I
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: Assessment Skill Level R3. This course is designed for native speakers of English. ESL students should enroll in English for Speakers of Other Languages 19, 20, 21, 22, 30, 31, 32 or 40 as recommended by the placement test for non-native English speakers.
Limitation on Enrollment: This course is not open to students with previous credit with a “C” or better in English 265B or English 47A.
Limitation on Enrollment: This course is not open to students with previous credit for English 55.
This course is designed for students who need to improve their reading skills in order to succeed in college courses. In this course, students practice the reading process by reading extensively and intensively, and develop confidence and enjoyment in reading. Students also read and respond to a variety of materials, including non-fiction and textbook assignments, and learn strategies for
reading difficult material to facilitate comprehension and critical thinking. In addition, students develop writing, vocabulary, discussion, and study skills. (FT) Not applicable to the Associate Degree.

48 College Reading and Study Skills II
(formerly English 56)

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option

Prerequisite: English 42 with a grade of “C” or better, or equivalent or Assessment Skill Level R4 or English for Speakers of Other Languages 40 with a grade of “C” or better, or equivalent with Assessment Skill Level L40 or English for Speakers of Other Languages 40 with a grade of “C” or better, or equivalent and English for Speakers of Other Languages 32 with a grade of “C” or better, or equivalent or Assessment Skill Level L40.

Limitation on Enrollment: Course not open to students with a C or better in English 265B, English 47A, English 56, or English for Speakers of Other Languages 45.

This course is designed for students who need to develop advanced reading skills to succeed in transfer level courses. In this course, students focus on academic reading and study skills and practice strategies to improve reading comprehension and critical thinking. Students also build writing, vocabulary, discussion and study skills to accurately express information and reflect the meaning of class readings. (FT) Not applicable to the Associate Degree.

Writing

43 English Review

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option

Advisory: Assessment Skill Level W3 or English 42 with a grade of “C” or better, or equivalent or Assessment Skill Level R4. This course is designed for native speakers of English. ESL students should enroll in English for Speakers of Other Languages 19, 20, 21, 22, 30, 31, 32, or 40 as recommended by the placement test for non-native English speakers.

Limitation on Enrollment: This course is not open to students with previous credit with a “C” or better in English 265B or English 47A.

Limitation on Enrollment: This course is not open to students with previous credit for English 50.

This course is designed to prepare students to write successfully at the transfer level. In this course students practice the writing process in the production and editing of essays. Students also review grammatical and mechanical structures as needed to support the successful expression of meaning. In addition, students read and think critically using a variety of texts which are the basis for writing and class discussion. A District-wide, timed-writing examination, holistically graded by English instructors, is part of the final course grade. (FT) Not applicable to the Associate Degree.

49 Basic Composition
(formerly English 51)

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option

Prerequisite: English 43 with a “C” or better, or equivalent or Assessment Skill Level W4 or English for Speakers of Other Languages 40 with a grade of “C” or better, or equivalent with Assessment Skill Level L40, or English for Speakers of Other Languages 40 and English for Speakers of Other Languages 32, each with a grade of “C” or better, or equivalent or Assessment Skill Level L40.

Limitation on Enrollment: Course not open to students with a C or better in English 265B, English 47A, English 51, or English for Speakers of Other Languages 45.

This course is designed to prepare students to write successfully at the transfer level. In this course students practice the writing process as well as knowledge of grammatical structures to compose clear and complete sentences, paragraphs, and basic compositions (which may include short essays). Students also read texts as the basis for writing and develop critical thinking skills necessary for success in college courses. (FT) Not applicable to the Associate Degree.

English Courses
(Also see Humanities, page 375)

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
101 Reading and Composition

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option

Prerequisite: English for Speakers of Other Languages 45, English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5 or English 37A, 37B or 64, each with a grade of “C” or better, or equivalent.

This course is designed for transfer-level students or for those who want to develop competence in college level reading and composition. Students read, analyze, discuss and think critically using a variety of works and sources. Based on these activities, students write essays, fully documented research projects, and other types of texts for various purposes and audiences. This written work, which demonstrates effective, logical, and precise expression of ideas, totals at least 6,000 graded words. Designated sections of this course may be taught from a specific cultural perspective. (FT) AA/AS; CSU; UC; C-ID ENGL 100.

105 Composition and Literature

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option

Prerequisite: English for Speakers of Other Languages 45, English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5, or English 37A, 37B or 64, each with a grade of “C” or better, or equivalent.

This is a composition course using literature as a background for improving writing skills. Students discuss the general nature and elements of literature and literary criticism by reading and analyzing representative works of fiction, drama, and poetry. Based on this subject matter, students are required to write a variety of critical papers, including a research paper, comprising at least 6,000 graded words. This course is intended for students majoring in English or those students interested in literature and in developing strong critical and analytical writing skills. Designated sections of this course may be taught from a specific cultural perspective. (FT) AA/AS; CSU; UC.

205 Critical Thinking and Intermediate Composition

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option

Prerequisite: English 101 or English 105, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.

This intermediate-level college reading and writing course uses the principles of rhetoric to build research and critical thinking skills required for success at four-year institutions. Emphasis is placed on reading, evaluating and writing argumentative prose. Students locate, evaluate and integrate outside sources into their writing assignments, which total at least 8,000 words for the semester. This course is intended for students majoring in English and all students interested in improving critical thinking and writing skills. (FT) AA/AS; CSU; UC; C-ID ENGL 105.

208 Introduction to Literature

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option

Prerequisite: ENGL 101 or English 105, each with a grade of “C” or better, or equivalent Assessment Skill Levels R6 and W6.

This course provides an inquiry into the basic nature of literature and is designed for students with a general interest as well as those majoring in the field. Students read and analyze representative literary works in fiction, non-fiction, poetry, and drama from various cultures and periods, applying practical critical techniques in essays, reports, and exams. (FT) AA/AS; CSU; UC; C-ID ENGL 120.

209 Literary Approaches to Film

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option

Prerequisite: English for Speakers of Other Languages 45, English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

Advisory: English 101 or English 105, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.

This course is a study of film from a literary perspective. Emphasis is placed on reading and writing about film, film analysis, and cultural impact. Topics include film composition, genre, and literary criticism. This course is designed for English majors and all students interested in literature and/or film. (FT) AA/AS; CSU; UC.
210 American Literature I
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: English 101 or English 105, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.
This course is a survey of American literature from its beginning to the late 19th century, including representative works from the Colonial Period (1588–1765), the New Republic (1765–1829), the American Renaissance (1829–1860), and the beginnings of Realism (1860–1880). Students critically analyze and discuss diverse authors of these periods, addressing relevant historical, social, political, philosophical, aesthetic, cultural, and religious issues. This course is intended for English majors and anyone interested in American Literature. (FT) AA/AS; CSU; UC; C-ID ENGL 130.

211 American Literature II
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: English 101 or English 105, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.
A survey of American Literature from the late 19th century to the present, which includes representative works from the Age of Realism (1865–1914), the Modernist Period (1914–1945), and the Postmodern Era (1950–present). Students critically analyze, in essays and research papers, authors, specific works, and other topics as assigned. This course is intended for students majoring in English and those interested in English Literature. (FT) AA/AS; CSU; UC; C-ID ENGL 165.

215 English Literature I: 800–1799
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: English 101 or English 105, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.
This course offers a survey of British literature from the Anglo-Saxon period to the pre-Romantic period (approximately 800 to 1799), including representative works from the Old and Middle English periods, the Renaissance and the Elizabethans, the Cavalier, Metaphysical, and Puritan periods, the Restoration and the Neoclassical periods. Students read and discuss the major authors of these periods, addressing relevant social, political, cultural, and religious issues. Students critically analyze, in essays and research papers, authors, specific works, and other topics as assigned. This course is intended for English majors and all students interested in literature. (FT) AA/AS; CSU; UC; C-ID ENGL 160.

216 English Literature II: 1800 – Present
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: English 101 or English 105, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.
This course offers a survey of British literature from the Romantic period to the 21st century (approximately 1800 to the present) including representative works from the pre-Romantic and Romantic periods; the Victorian and later Victorian period; the Modern period; the Postmodern period; the postcolonial era; and the contemporary era. Students read and discuss the major authors of these periods, addressing relevant social, political, cultural, and religious issues. Students also critically analyze, in essays and research papers, authors, specific works, and other topics as assigned. This course is intended for students majoring in English and those interested in English Literature. (FT) AA/AS; CSU; UC; C-ID ENGL 165.

220 Masterpieces of World Literature I:
1500 BCE – 1600 CE
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: English 101 or English 105, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.
This course offers a survey of world literature in translation, from the ancient world through the European renaissance (approximately 2150 BCE–1600 CE), including the established classic literature of the Near East, Tibet, Greece and Rome, India, China, Japan, Africa, the Islamic world, and Europe. Students read and discuss a variety of authors from these regions, and address relevant social, cultural, and religious issues. Students critically analyze, in essays and papers, specific authors, works, themes, and other topics as assigned.
221 Masterpieces of World Literature II: 1600 – Present

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option

Prerequisite: English 101 or English 105, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.
This course offers a survey of world literature in translation, from the close of the European renaissance through the present time, including the literature of Asia, Europe, North America, Central America, South America, Africa and the Islamic world. Students read and discuss a variety of authors from these regions, and address relevant social, religious, and cultural issues. Students critically analyze, in essays and papers, specific authors, works, themes, and other topics as assigned. This course is intended for English majors and anyone interested in World Literature. (FT) AA/AS; CSU; UC; C-ID ENGL 140.

230 Asian American Literature

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option

Prerequisite: English 101 or English 105, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.
This course is a survey of Asian American literature. The relationship between identity and the creative work of prominent Asian American writers is explored, as well as the ways in which Asian American writers have been influenced by various artistic, cultural, linguistic, and socio-political forces. Students are introduced to prominent Asian American texts and encouraged to analyze through writing and discussion the defining conversations and controversies in Asian American literary history. This course is intended for all students interested in Asian American Literature and Asian American Studies. (FT) AA/AS; CSU; UC.

237 Women in Literature

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option

Prerequisite: English for Speakers of Other Languages 45, English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

Advisory: English 101 or English 105, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.
This course is an introduction to images of women in literature and to women writers. Students read from a variety of genres including stories, poetry, novels, and essays, written by women and men from a range of social, cultural, and ethnic backgrounds. This course is intended for students majoring in English or anyone interested in literature. (FT) AA/AS; CSU; UC.

249 Introduction to Creative Writing I

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option

Prerequisite: English 101 or English 105, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.
Limitation on Enrollment: This course is not open to students with previous credit for English 249A or English 249B.
This course is an introduction to creative writing with a focus on fiction and poetry. Students use the basic elements of poetry and fiction writing to analyze the works of professional writers, to create original pieces, and to critique the work of their peers as well as their own. This course is intended for students majoring in English and all students interested in fiction and fiction writing. (FT) AA/AS; CSU; UC.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 236. Please refer to the class schedule and/or see the dean or department chair for availability.

Exercise Science (EXSC)

Exercise Science (formerly Physical Education) Classes/Intercollegiate Sports – Disclaimer

Participation in all sports and physical education activities involves certain inherent risks.

Risks may include, but are not limited to, neck and spinal injuries that may result in paralysis or brain injury, injury to bones, joints, ligaments, muscles,
tendons and other aspects of the muscular skeleton system; and serious injury, or impairment, to other aspects of the body and general health, including death. The San Diego Community College District, its officers, agents and employees are not responsible for the inherent risks associated with participation in physical education classes/intercollegiate sports.

Students are strongly advised to consult a physician prior to participating in any physical education activity.

Exercise Science (formerly Physical Education) classes are offered at the beginning, intermediate and advanced levels.

**Swimming**

**113A Swimming I**

2–3 hours lab, 0.5–1 unit

*Grade Only*

*Advisory:* English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

*Limitation on Enrollment:* This course is not open to students with previous credit for Physical Education 155 or 155W.

This course is the first in a series of swimming courses. Emphasis is placed on fundamental swimming technique and water safety skills. This is an entry level course for novice swimmers. When this course is offered for three hours per week, the additional time is utilized for skill development. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

**113B Swimming II**

2–3 hours lab, 0.5–1 unit

*Grade Only*

*Advisory:* English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Exercise Science 113A with a grade of “C” or better, or equivalent.

*Limitation on Enrollment:* This course is not open to students with previous credit for Physical Education 155X.

This course is the second in a series of swimming courses. Emphasis is placed on the development of swimming strokes, open turns, entering the water, and aquatic emergency situations. This course is intended for beginning level swimmers with some aquatic experience. When this course is offered for three hours per week, the additional time is utilized for skill development. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

**113C Swimming III**

2–3 hours lab, 0.5–1 unit

*Grade Only*

*Advisory:* English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Exercise Science 113B with a grade of “C” or better, or equivalent.

*Limitation on Enrollment:* This course is not open to students with previous credit for Physical Education 155Y.

This course is the third in a series of swimming courses. Emphasis is placed on intermediate swim stroke development, open turns, head first water entry, and pool and open water emergency response. This course is intended for intermediate level swimmers. When this course is offered for three hours per week, the additional time is utilized for skill development. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

**113D Swimming IV**

2–3 hours lab, 0.5–1 unit

*Grade Only*

*Advisory:* English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Exercise Science 113C with a grade of “C” or better, or equivalent.

*Limitation on Enrollment:* This course is not open to students with previous credit for Physical Education 155Z.

This course is the fourth in a series of swimming courses. Emphasis is placed on advanced swimming techniques, turns, finishes, and racing starts, swim propulsion and drag theories, and aquatic survival and safety skills. This course is intended for advanced swimmers. When this course is offered for three hours per week, the additional time is utilized for skill development. (FT) AA/AS; CSU. UC Transfer Limitation. See a Counselor.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
**Aerobic**

**114A Aquatic Fitness I**  
2–3 hours lab, 0.5–1 unit  
Grade Only  
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5.  
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 106.  
This course is an introduction to cardiovascular fitness through aquatic activities. Topics include aquatic fitness testing, timed swims, proper warm-up and cool-down, principles of swimming propulsion, and introductory safety. This course is intended for those starting at an entry level of cardiovascular fitness. When this course is offered for three hours per week, the additional time is utilized for skill development and increased cardiovascular conditioning. (FT) AA/AS; CSU.

**114B Aquatic Fitness II**  
2–3 hours lab, 0.5–1 unit  
Grade Only  
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5; Exercise Science 114A with a grade of “C” or better, or equivalent.  
This course is the second in a series of aquatic fitness courses. This course provides instruction and conditioning for various beginning level aquatic activities. Topics include beginning personal aquatic workout design and implementation, aquatic interval training, heart rate monitoring, using a pace clock, and safety concerns and techniques. This course is intended for those starting at a beginning level of cardiovascular fitness. When this course is offered for three hours per week, the additional time is utilized for skill development and increased cardiovascular conditioning. (FT) AA/AS; CSU.

**114C Aquatic Fitness III**  
2–3 hours lab, 0.5–1 unit  
Grade Only  
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5; Exercise Science 114B with a grade of “C” or better, or equivalent.  
This course is the third in a series of aquatic fitness courses. This course provides instruction and conditioning for various intermediate level aquatic activities. Topics include analysis of personal health and lifestyle, intermediate level workout design, goal setting and motivation, body specific training for an aquatic environment, individual aquatic activities, and intermediate training types and safety concerns. This course is intended for those starting at an intermediate level of cardiovascular fitness. When this course is offered for three hours per week, the additional time is utilized for skill development and increased cardiovascular conditioning. (FT) AA/AS; CSU.

**114D Aquatic Fitness IV**  
2–3 hours lab, 0.5–1 unit  
Grade Only  
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5; Exercise Science 114C with a grade of “C” or better, or better or equivalent.  
This course is the fourth in a series of aquatic fitness courses. This course provides instruction and conditioning for various advanced aquatic activities. Topics include components of aquatic fitness, advanced workout design, aquatic training for specific races, strokes and events, aquatic training with advanced equipment, advanced aquatic conditioning terminology and nutrition and hydration principles. This course is intended for those starting at an advanced level of cardiovascular fitness. When this course is offered for three hours per week, the additional time is utilized for skill development and increased cardiovascular conditioning. (FT) AA/AS; CSU.

**115A Water Exercise I**  
2–3 hours lab, 0.5–1 unit  
Grade Only  
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5.  
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 156.  
This course provides students with introductory level knowledge and practice in the fundamental elements of fitness through the application of water resistance and buoyancy. Emphasis is placed on fundamental techniques of water exercise for cardiorespiratory fitness, muscular strength, endurance and flexibility. This course is the first in a series of four water exercise courses. It is intended for students seeking to develop introductory
physical fitness habits or low impact/rehabilitative physical fitness exercise techniques. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

**115B Water Exercise II**

2–3 hours lab, 0.5–1 unit

Grade Only

**Advisory:** English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5; Exercise Science 115A with a grade of “C” or better, or equivalent. This course provides introductory level students with beginning level knowledge and practice in the fundamental elements of fitness through the application of water resistance and buoyancy. Emphasis is placed on a variety of water exercises for cardiorespiratory fitness, muscular strength, endurance and flexibility. This course is the second in a series of four water exercise courses. It is intended for students seeking to develop beginning physical fitness habits or low impact/rehabilitative physical fitness exercise techniques. (FT) AA/AS; CSU.

**115C Water Exercise III**

2–3 hours lab, 0.5–1 unit

Grade Only

**Advisory:** English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5; Exercise Science 115B with a grade of “C” or better, or equivalent. This course provides beginning level students with intermediate level knowledge and practice in the fundamental elements of fitness through the application of water resistance and buoyancy. Emphasis is placed on flexibility. Also included is a variety of water exercises for cardiorespiratory fitness, muscular strength, and endurance. This course is the third in a series of four water exercise courses. It is intended for students seeking to develop intermediate physical fitness habits or low impact/rehabilitative physical fitness exercise techniques. (FT) AA/AS; CSU.

**115D Water Exercise IV**

2–3 hours lab, 0.5–1 unit

Grade Only

**Advisory:** English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5; Exercise Science 115C with a grade of “C” or better, or equivalent. This course provides intermediate level students with advanced level knowledge and practice in the fundamental elements of fitness through the application of water resistance and buoyancy. Emphasis is placed on muscular strength/endurance. Also included is a variety of water exercises for cardiorespiratory fitness and flexibility. This course is the fourth in a series of four water exercise courses. It is intended for students seeking to develop advanced physical fitness habits or low impact/rehabilitative physical fitness exercise techniques. (FT) AA/AS; CSU.

**124A Aerobic and Core Conditioning I**

2–3 hours lab, 0.5–1 unit

Pass/No Pass Only

**Advisory:** English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

**Limitation on Enrollment:** This course is not open to students with previous credit for Physical Education 153 or 153W.

This course provides students with introductory level knowledge and practice in attaining and maintaining aerobic and core conditioning fitness levels. Instruction will emphasize cardiovascular fitness as well as core fitness through individual and circuit training. This course is the first in a series of four aerobic and core conditioning courses. It is intended for students seeking to develop introductory physical fitness habits. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

**124B Aerobic and Core Conditioning II**

2–3 hours lab, 0.5–1 unit

Pass/No Pass Only

**Advisory:** English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Exercise Science 124A with a grade of “C” or better, or equivalent.

**Limitation on Enrollment:** This course is not open to students with previous credit for Physical Education 153X.

This course provides introductory level students with beginning knowledge and practice in attaining and maintaining aerobic and core conditioning fitness levels. Other topics include a variety of core fitness tests, stability ball
exercise routines, and beginning level aerobic and core conditioning program design. This course is the second in a series of four aerobic and core conditioning courses. It is intended for students seeking to develop beginning physical fitness habits. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

124C Aerobic and Core Conditioning III
2–3 hours lab, 0.5–1 unit
Pass/No Pass Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Exercise Science 124B with a grade of “C” or better, or equivalent. Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 153Y.

This course provides beginning level students with intermediate knowledge and practice in attaining and maintaining aerobic and core conditioning fitness levels. Instruction will emphasize intermediate cardiovascular fitness as well as core fitness through individual and circuit training. Other topics include fitness level assessment and conditioning for the treadmill; continuous, interval, and fartlek aerobic conditioning elements; beginning plyometric exercises; coronal and oblique plane movements; and clinical evaluations such as blood pressure and blood lipid tests. This course is the third in a series of four aerobic and core conditioning courses. It is intended for students seeking to develop intermediate physical fitness habits. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

124D Aerobic and Core Conditioning IV
2–3 hours lab, 0.5–1 unit
Pass/No Pass Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Exercise Science 124C with a grade of “C” or better, or equivalent. Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 153Z.

This course provides intermediate students with advanced knowledge and practice in attaining and maintaining aerobic and core conditioning fitness levels. Instruction will emphasize advanced cardiovascular fitness as well as core fitness through individual and circuit training. Other topics include cardiovascular and core fitness assessment data comparison; advanced core fitness assessments including plyometric tests; cardiovascular interval and sprint training; advanced plyometric training involving lateral movement; dietary analysis; and identification and incorporation of dietary modifications. This course is the fourth in a series of four aerobic and core conditioning courses. It is intended for students seeking to develop advanced physical fitness habits. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

125A Aerobic Dance I
2–3 hours lab, 0.5–1 unit
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 103 or Physical Education 103W.

This course is an introduction to all forms of Aerobic Dance and movement. Emphasis is placed on fundamental Aerobic Dance technique, vocabulary, and performance concepts. This course is the first in a series of four aerobic dance courses. It is designed for all students interested in Aerobics as a cardiovascular, movement-oriented sport. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

125B Aerobic Dance II
2–3 hours lab, 0.5–1 unit
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Exercise Science 125A with a grade of “C” or better, or equivalent. Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 103X.

This course provides introductory level students with knowledge and practice in more complicated beginning Aerobic Dance principles. Emphasis is placed on beginning Aerobic Dance technique, vocabulary, strength, and performance concepts. Other topics include additional dance vocabulary, expanded use of weights, and sports nutrition. This course is the second in a series of four aerobic dance courses. It is designed for all students interested in Aerobics as a cardiovascular, movement-oriented sport. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.
125C Aerobic Dance III
2–3 hours lab, 0.5–1 unit
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Exercise Science 125B with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 103Y.
This course provides beginning level students with knowledge and practice in intermediate level, complex forms of Aerobic Dance, its variations, and directional changes. Cardio Kickboxing technique and plyometric moves are added for a diverse, dynamic workout. Emphasis is placed on intermediate level Aerobic Dance technique, vocabulary, and performance concepts. This course is the third in a series of four aerobic dance courses. It is designed for all students interested in Aerobics as a cardiovascular, movement-oriented sport, and who have taken the beginning level version of this class. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

125D Aerobic Dance IV
2–3 hours lab, 0.5–1 unit
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Exercise Science 125C with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 103Z.
This course provides intermediate level students with knowledge and practice in complex forms of advanced Aerobic Dance and its variations, such as Zumba and Cardio Kickboxing. Emphasis is placed on advanced levels of Aerobic Dance technique, vocabulary, and performance concepts. Other topics include advanced principles of body alignment such as movement combinations and jumps; advanced level plies such as sliding and jumping; and plyometrics. This course is the fourth in a series of four aerobic dance courses. It is designed for all students interested in Aerobics as a cardiovascular, movement-oriented sport, and who have taken the intermediate level version of this class. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

126A Cardio Conditioning I
2–3 hours lab, 0.5–1 unit
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 123 or 123W.
This course provides instruction in the basic skills necessary to improve aerobic fitness, cardiovascular health, muscular endurance/strength, and static flexibility. Topics include fitness terminology, identifying individual fitness level and areas to improve, basic exercise programming, proper warm up/cooldown and resting/exercise heart rate. This class is designed for students interested in a healthy lifestyle as well as Kinesiology majors. When the course is offered three hours per week, the additional time is utilized for increasingly strenuous cardiovascular activities. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

126B Cardio Conditioning II
2–3 hours lab, 0.5–1 unit
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Exercise Science 126A with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 123X.
This course provides instruction in exercise programming through moderately intense activities including cross training, basic boxing, plyometrics, speed and agility, core stability, dynamic flexibility and nutrition. This course is designed to provide students the opportunity to continue the fundamental principles of physical fitness and their impact on life-long health and wellness. When the course is offered three hours per week, the additional time is utilized for increasingly strenuous cardiovascular activities. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
126C Cardio Conditioning III
2–3 hours lab, 0.5–1 unit
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Exercise Science 126B with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 123Y.
This course is designed to provide students the opportunity to develop and implement a personalized fitness plan to help them pursue their lifelong commitment to life-long health and wellness. Topics include goal setting, training zones, and body specific training principles through moderate/highly intense activities. This class is designed for students interested in a healthy lifestyle as well as Kinesiology majors. When the course is offered three hours per week, the additional time is utilized for increasingly strenuous cardiovascular activities. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

126D Cardio Conditioning IV
2–3 hours lab, 0.5–1 unit
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Exercise Science 126C with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 123Z.
This course is the fourth in a series of Cardio Conditioning courses. Students develop, analyze and implement advanced group fitness plans. Topics include agility and jump training, running, sports cross training, advanced core training, stress management and nutrition. Data gathering and assessment methods are also covered. This class is designed for students interested in a healthy lifestyle as well as Kinesiology majors. When the course is offered three hours per week, the additional time is utilized for increasingly strenuous cardiovascular activities. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

130A Indoor Cycling I
2 - 3 hours lab, 0.5-1 unit
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Exercise Science 130A with a grade of “C” or better, or equivalent.
This course is the first in a series of Indoor Cycling courses. This course provides instruction in the basic fundamentals necessary to improve indoor cycling techniques and improve cardiovascular/aerobic fitness. Topics include cycling terminology and ergonomics, overall fitness evaluation, various indoor cycling exercise regimens, and goal setting programs for individual health and fitness benefits. This class is designed for students interested in cardiovascular fitness improvement through indoor cycling (spinning). (FT) AA/AS; CSU; UC.

130B Indoor Cycling II
2 - 3 hours lab, 0.5-1 unit
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Exercise Science 130A with a grade of “C” or better, or equivalent.
This course is the second in a series of Indoor Cycling courses. Emphasis is based on beginning to intermediate cycling techniques, heart rate calculations, fitness evaluations, and cardiovascular training and program design. Beginning level principles of physiology are explored including how to train to elicit a desired physiological response. This class is designed for students interested in aerobic fitness improvement through indoor cycling as well as Kinesiology majors. (FT) AA/AS; CSU; UC.

Anaerobic

134 Adapted Weight Training
2–3 hours lab, 0.5–1 unit
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5.
Limitation on Enrollment: A physician’s medical release form is required. This course is not open to students with previous credit for Physical Education 182.
This course is designed for students with disabilities as an introduction to progressive resistance training. Emphasis is placed on developing cardiorespiratory and muscle endurance, muscle strength and flexibility and a healthy body composition.
through individualized safe and beneficial exercise programming. The course includes exercises that focus on relaxation, joint mobility, body maintenance, and activities for daily living. A physician’s medical release is required. AA/AS; CSU; UC Transfer Limitation. See a Counselor.

135A Individual Conditioning I – Fundamentals
2–3 hours lab, 0.5–1 unit
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5. Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 132 or Physical Education 132W.
This course provides individually programmed instruction in the fundamental skills and techniques of strength training and aerobic activity. The positive impact of physical education on health and wellness is explored and emphasized. This course is of particular interest to students wishing to enter the fields of sports medicine and athletics, as well as to students seeking to improve overall fitness. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

135B Individual Conditioning II – Beginning
2–3 hours lab, 0.5–1 unit
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Exercise Science 135A with a grade of “C” or better, or equivalent. Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 132X.
This course provides individually programmed instruction in the beginning level skills of the 5 components of fitness. Students will learn proper body mechanics for basic movement patterns utilizing a variety of different training modalities. Beginning level principles of physiology will be explored including how to train to elicit a desired physiological response. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

135C Individual Conditioning III – Intermediate
2–3 hours lab, 0.5–1 unit
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Exercise Science 135B with a grade of “C” or better, or equivalent. Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 132Y.
This course provides individually programmed instruction in the intermediate principles of the 5 components of fitness. Students will learn basic anatomy and build upon the principles of physiology learned in previous levels of this course to create both individual workouts and a long term workout plan to meet individualized conditioning goals. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

135D Individual Conditioning IV – Advanced
2–3 hours lab, 0.5–1 unit
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Exercise Science 135C with a grade of “C” or better, or equivalent. Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 132Z.
This course provides individually programmed instruction in the advanced principles of the 5 components of fitness. Students will learn how to instruct others in proper movement patterns and body mechanics for several strength training and cardiovascular training modalities. Students will utilize their knowledge of the advanced principles of anatomy and physiology to create a workout plan for another individual, identifying modifications and variations of exercises depending on the unique needs of the subject they are designing a workout for. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
136A Off-Season Conditioning for Sport I  
2–3 hours lab, 0.5–1 unit  
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.  
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 165 or 191.  
This course is designed to enhance the physical and mental skills needed to participate in intercollegiate sports activities. Emphasis is placed on weight training, running, skill development games, and individual development for sport. When this course is offered for one unit the additional time is utilized in the practice and perfection of individual sport-specific skills. This course is intended for intercollegiate athletes. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

136B Off-Season Conditioning for Sport II  
2–3 hours lab, 0.5–1 unit  
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Exercise Science 136A with a grade of “C” or better, or equivalent.  
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 165 or 191.  
This course provides intercollegiate athletes with individually programmed coaching in the fundamental skills of sports-specific training and aerobic conditioning. Through progressive inquiry and practice, students demonstrate more advanced levels of athletic performance. When this course is offered for one unit the additional time is utilized in the development and implementation of sport-specific exercise programs. This course is intended for intercollegiate athletes. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

139A Weight Training I  
2–3 hours lab, 0.5–1 unit  
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.  
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 166 or 166W.  
This course is an introduction to progressive resistive training. Instruction includes proper methods of weight training, use of weight training machines, cardio exercise equipment, lifting of free weights and warm up/cool down. Instruction also includes charting exercises, introduction to major muscle groups and the weight training exercises to improve strength and range of motion. This class is designed for students interested in a healthy lifestyle as well as exercise science majors. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

139B Weight Training II  
2–3 hours lab, 0.5–1 unit  
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Exercise Science 139A with a grade of “C” or better, or equivalent.  
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 166X.  
This course is the second in a series of four courses in progressive resistive weight training. Emphasis is placed on alternative training methods including circuit and interval training, hill climbing and fat burning. This course includes basic nutrition to help build muscle and/ or reduce body weight utilized in student development of a personal fitness program. This class is designed for students interested in a healthy lifestyle as well as exercise science majors. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

139C Weight Training III  
2–3 hours lab, 0.5–1 unit  
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Exercise Science 139B with a grade of “C” or better, or equivalent.  
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 166Y.  
This course is the third in a series of four courses in progressive resistive weight training. Emphasis is placed on the use of the weight training machines, cardio exercise equipment and Olympic lifts. This course covers alternate methods of resistive training including medicine balls, plyo balls, bosu balls, elastic cords and TRX belts. This class is designed for students interested in a healthy lifestyle as well as exercise science majors. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.
139D Weight Training IV
2–3 hours lab, 0.5–1 unit
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Exercise Science 139C with a grade of “C” or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 166Z.

This course is the fourth in a series of four courses in progressive resistive weight training. This course covers the proper use of weight lifting machines, cardio exercise equipment and alternate methods of resistive training and lifting of the free weights. This class is designed for students interested in a healthy lifestyle as well as exercise science majors. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

140A Boot Camp I
2 - 3 hours lab, 0.5-1 unit
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

This course provides instruction in the fundamental skills necessary to improve core stability, strength and performance for all levels of fitness. Topics include physical readiness testing, proper exercise technique, and the importance of building a strong foundation. This class is designed for students interested in building a strong attachment to the ground surface so that more demanding movements can be accomplished without compromising form. (FT) AA/AS; CSU; UC.

140B Boot Camp II
2 - 3 hours lab, 0.5-1 unit
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Exercise Science 140A with a grade of “C” or better, or equivalent.

This course provides students with the fundamental skills necessary to improve unilateral strength and increase performance through moderately intense activities. Topics include core stability, targeted functional training and various training models and fitness plans. (FT) AA/AS; CSU; UC.

145A Yoga I – Fundamentals of Yoga
2–3 hours lab, 0.5–1 unit
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5.

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 168.

This is the first of four levels of classes relating to yoga. This course is an introduction to fundamental yoga practices and principles. Instruction includes learning the fundamentals of yoga postures. The students will also gain a fundamental understanding of the practices of relaxation techniques and breathing practices. This course is designed for students who want to increase health, longevity and who are interested in understanding the importance of the fitness aspect of their life. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

145B Yoga II – Beginning Yoga
2–3 hours lab, 0.5–1 unit
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5; Exercise Science 145A with a grade of “C” or better, or equivalent.

This is the second of four levels of classes relating to yoga. This course is an introduction to fundamentals of basic yoga practices and principles. Instruction includes basic yoga postures, guided relaxations, and breathing practices, as well as some basic stress reduction techniques. This course is designed for students interested in utilizing basic yoga and stress reduction techniques to help increase their health and longevity. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
145C Yoga III – Intermediate
2–3 hours lab, 0.5–1 unit
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5; Exercise Science 145B with a grade of “C” or better, or equivalent. This is the third of four levels of classes relating to yoga. This course will cover intermediate yoga practices and principles including some intermediate inversions. Instruction includes intermediate yoga postures, guided relaxations, basic inversions, breathing practices, and basic partner yoga as well as stress reduction techniques and nutritional analysis. This course is designed for students interested in learning about both fitness and nutrition. The students will utilize intermediate yoga to help increase their health and longevity. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

Martial Arts

147A Kickboxing I – Fundamental
2–3 hours lab, 0.5–1 unit
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5. Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 233. This course is a study and practice of Muay Thai kickboxing at the fundamental level. Emphasis is placed on fundamental kickboxing terminology, safety, physical fitness, controlled sparring, and line combinations. This course is intended for all students interested in the fundamentals of kickboxing with respect to the Muay Thai discipline. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.
148A Martial Arts I – Fundamental  
2–3 hours lab, 0.5–1 unit  
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5.  
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 232.  
This course is a study and practice of martial arts at the fundamental level. Emphasis is placed on fundamental martial arts terminology, safety, self-defense, etiquette, punches, blocks, strikes, kicks, stances, pressure points, and Kata/forms. This course is intended for all students interested in the fundamentals of martial arts with respect to the International Okinawan Goju-Ryu Karate-Do Federation (IOGKF). (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

148B Martial Arts II – Beginning  
2–3 hours lab, 0.5–1 unit  
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5; Exercise Science 148A with a grade of “C” or better, or equivalent. This course is a study and practice of martial arts at the beginning level. Emphasis is placed on beginning level martial arts terminology, safety, self-defense, etiquette, punches, blocks, strikes, kicks, stances, pressure points, and Kata/forms. This course is intended for all students interested in the fundamentals of martial arts with respect to the International Okinawan Goju-Ryu Karate-Do Federation (IOGKF). (FT) AA/AS; CSU.

148C Martial Arts III – Intermediate  
2–3 hours lab, 0.5–1 unit  
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5; Exercise Science 145D with a grade of “C” or better, or equivalent. This course is a study and practice of martial arts at the intermediate level. Emphasis is placed on intermediate level martial arts terminology, safety, self-defense, etiquette, punches, blocks, strikes, kicks, stances, pressure points, and Kata/forms. This course is intended for all students interested in the fundamentals of martial arts with respect to the International Okinawan Goju-Ryu Karate-Do Federation (IOGKF). (FT) AA/AS; CSU.

148D Martial Arts IV – Advanced  
2–3 hours lab, 0.5–1 unit  
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5; Exercise Science 148C with a grade of “C” or better, or equivalent. This course is a study and practice of martial arts at the advanced level. Emphasis is placed on advanced level martial arts terminology, safety, self-defense, etiquette, punches, blocks, strikes, kicks, stances, pressure points, and Kata/forms. This course is intended for all students interested in the fundamentals of martial arts with respect to the International Okinawan Goju-Ryu Karate-Do Federation (IOGKF). (FT) AA/AS; CSU.

Badminton

154A Badminton I  
2–3 hours lab, 0.5–1 unit  
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.  
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 108.  
This course provides instruction and court experience in the skills, strategies and rules necessary to play badminton at the novice level. Instruction includes the basic strokes, vocabulary and sportsmanship. This course is intended for novice level badminton players. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

154B Badminton II  
2–3 hours lab, 0.5–1 unit  
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Exercise Science 154A with a grade of “C” or better, or equivalent. This course is the second of four courses in badminton. Emphasis is placed on beginning level skills, shots, serves, footwork and strategies. This

(FT) = A field trip may be required for this course.  
AA/AS = Associate Degree Applicable  
CSU = California State University Applicable  
UC = University of California Applicable
Exercise Science (EXSC)

154C Badminton III

2–3 hours lab, 0.5–1 unit  
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Exercise Science 154B with a grade of “C” or better, or equivalent. This course is the third of four courses in badminton. Emphasis is placed on intermediate level skills, shots, serves, footwork and strategies for singles and doubles play. This course is intended for kinesiology majors and all students interested in incorporating the game of badminton into an active lifestyle. (FT) AA/AS; CSU.

154D Badminton IV

2–3 hours lab, 0.5–1 unit  
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Exercise Science 154C with a grade of “C” or better, or equivalent. This course is the fourth of four courses in badminton. Emphasis is placed on advanced level skills and strategies for singles and doubles tournament play. This course is intended for kinesiology majors and all students interested in incorporating the game of badminton into an active lifestyle. (FT) AA/AS; CSU.

Basketball

158A Basketball I

2–3 hours lab, 0.5–1 unit  
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5.  
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 112.  
This course introduces students to the game of basketball. Instruction includes basic individual offensive and defensive fundamental skills, history of the game, terminology, rules, etiquette, proper warm-up and cool down and safety. Emphasis is placed on games using less than full teams and half court situations. This course is designed for anyone who has an interest in playing basketball. When this course is offered for three hours per week, the additional time is utilized on individual development of technique and performance. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

158B Basketball II

2–3 hours lab, 0.5–1 unit  
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5; Exercise Science 158A with a grade of “C” or better, or equivalent. This course provides students the opportunity to improve individual beginning skills and introduces individual offensive moves and team concepts. Topics include transition basketball, team offense and defense as well as theories of basketball conditioning. Emphasis is placed on 5-5 play and full court situations and strategies of team play. This class is designed for those with a basic knowledge and ability to play basketball. When this course is offered for three hours per week, the additional time is utilized on individual development of technique and performance. (FT) AA/AS; CSU.

158C Basketball III

2–3 hours lab, 0.5–1 unit  
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5; Exercise Science 158B with a grade of “C” or better, or equivalent. This course provides students the opportunity to improve individual intermediate skills through self analysis of strengths and weaknesses and introduces full court pressure play. Students are expected to write programs to improve individual skills. Topics include full court zone and man pressure, full court offense and specialty plays. Emphasis is placed on skill work drills, 5-5 play and full court situations. This class is designed for those that have above an intermediate knowledge and skill level in basketball. When this course is offered for three hours per week, the additional time is utilized on individual analysis of technique and performance. (FT) AA/AS; CSU.

158D Basketball IV

2–3 hours lab, 0.5–1 unit  
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5; Exercise Science 158C with a grade of “C” or better, or equivalent.
This course provides students the opportunity to develop technical skills necessary to coach the game of basketball and stresses the development of advanced skills and team play. Topics include analysis of team play, writing a practice plan, how to scout an opponent and evaluation of individual play. Emphasis is placed on skill work drills and full court tournament play. This class is designed for those that have an intermediate knowledge of basketball and possess an advanced skill level. When this course is offered for three hours per week, the additional time is utilized on individual analysis of technique and performance. (FT) AA/AS; CSU.

**Soccer**

**174A Soccer I**

*2–3 hours lab, 0.5–1 unit Grade Only*

*Advisory:* English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

*Limitation on Enrollment:* This course is not open to students with previous credit for Physical Education 149 or 149W.

This course provides instruction in basic soccer skill technique, strategies, etiquette and rules necessary to play soccer at the novice level. Topics include basic dribbling, heading and collection with the soccer ball. Students also define, apply and interpret the basic rules and safety procedures within the game of soccer. This class is designed for students interested in an active lifestyle as well as kinesiology majors. When this course is offered for three hours per week, the additional time is utilized for skills development and application of strategies to game situations. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

**174B Soccer II**

*2–3 hours lab, 0.5–1 unit Grade Only*

*Advisory:* English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Exercise Science 174A with a grade of “C” or better, or equivalent.

*Limitation on Enrollment:* This course is not open to students with previous credit for Physical Education 149X.

This course provides instruction in individual soccer techniques, tactics, and physical skills necessary to play soccer at the intermediate level. Topics include shooting from both close and far distances, lofted passing techniques and offensive heading of the soccer ball. Students also define, apply and interpret methods of creating space, both offensively and defensively as an individual player. This class is designed for students interested in an active lifestyle as well as kinesiology majors. When the course is offered for 3 hours per week, the additional time is utilized for skills development and application of strategies in game situations. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

**174C Soccer III**

*2–3 hours lab, 0.5–1 unit Grade Only*

*Advisory:* English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Exercise Science 174B with a grade of “C” or better, or equivalent.

*Limitation on Enrollment:* This course is not open to students with previous credit for Physical Education 149Y.

This course provides instruction in individual soccer techniques, tactics, and physical skills necessary to play soccer at the intermediate level. Topics include shooting from both close and far distances, lofted passing techniques and offensive heading of the soccer ball. Students also define, apply and interpret methods of creating space, both offensively and defensively as an individual player. This class is designed for students interested in an active lifestyle as well as kinesiology majors. When the course is offered for 3 hours per week, the additional time is utilized for skills development and application of strategies in game situations. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

**174D Soccer IV**

*2–3 hours lab, 0.5–1 unit Grade Only*

*Advisory:* English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Exercise Science 174C with a grade of “C” or better, or equivalent.

*Limitation on Enrollment:* This course is not open to students with previous credit for Physical Education 149Z.

(FT) = A field trip may be required for this course.

AA/AS = Associate Degree Applicable

CSU = California State University Applicable

UC = University of California Applicable
This course provides instruction in team soccer techniques, tactics, and physical skills necessary to play soccer at the advanced level. Topics include building the offensive through the back, playing through the midfield and attacking from the central and flank positions. Students also define and apply methods of zonal defending and defending various systems of play as a team. This class is designed for students interested in an active lifestyle as well as kinesiology majors. When this course is offered for three hours per week, the additional time is utilized for skills development and application of strategies to game situations. This course in advanced soccer is designed for all students interested in increasing both skill level and game experience. Instruction includes soccer techniques, skills, strategies, etiquette and rules necessary to play soccer at the advanced level. When the course is offered for 3 hours per week, the additional time is utilized for skills development and application of strategies in game situations. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

**Softball**

**176A Softball I**

2–3 hours lab, 0.5–1 unit  
Grade Only

*Advisory:* English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5.  
*Limitation on Enrollment:* This course is not open to students with previous credit for Physical Education 151.  
This course provides instruction to develop the fundamental skills of throwing, catching, running, hitting, and rules of play of softball as well as individual and team skill development and strategies involved in competitive game situations. This course is intended for all students interested in softball. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

**176B Softball II**

2–3 hours lab, 0.5–1 unit  
Grade Only

*Advisory:* English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5; Exercise Science 176A with a grade of “C” or better, or equivalent.  
This course provides instruction to continue the development of the beginning skills of throwing, catching, running, hitting, and rules of play of softball as well as individual and team skill development and strategies involved in competitive game situations. This course is intended for all students interested in softball. (FT) AA/AS; CSU.

**176C Softball III**

2–3 hours lab, 0.5–1 unit  
Grade Only

*Advisory:* English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5; Exercise Science 176B with a grade of “C” or better, or equivalent.  
This course provides instruction to develop the intermediate skills of throwing, catching, running, hitting, and rules of play of softball, as well as, individual and team skill development and strategies involved in competitive game situations. This course is intended for all students interested in softball. (FT) AA/AS; CSU.

**176D Softball IV**

2–3 hours lab, 0.5–1 unit  
Grade Only

*Advisory:* English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5; Exercise Science 176C with a grade of “C” or better, or equivalent.  
This course provides instruction to develop the advanced skills of throwing, catching, running, hitting and rules of play of softball, as well as, advanced individual and team skill development and strategies involved in competitive game situations. This course is intended for all students interested in softball. (FT) AA/AS; CSU.

**Tennis**

**178A Tennis I**

2–3 hours lab, 0.5–1 unit  
Grade Only

*Advisory:* English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5.  
*Limitation on Enrollment:* This course is not open to students with previous credit for Physical Education 159 and 159W.  
This course is the first in a series of four courses in tennis. Emphasis is placed on introductory level skills, strokes, strategies, rules and etiquette. This course is intended for kinesiology majors and all students interested in incorporating the game of tennis into an active lifestyle. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.
**178B Tennis II**

**2–3 hours lab, 0.5–1 unit**  
**Grade Only**

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Exercise Science 178A with a grade of “C” or better, or equivalent.  

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 159Z.

This course is the second in a series of four courses in tennis. Emphasis is placed on beginning level skills, strokes, strategies, rules and etiquette as they relate to tournament play. This course is intended for kinesiology majors and all students interested in incorporating the game of tennis into an active lifestyle. All objectives are covered in this course whether offered for 0.5 or 1.0 unit. When this course is offered for three hours per week, the additional time is utilized for skill development. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

**178C Tennis III**

**2–3 hours lab, 0.5–1 unit**  
**Grade Only**

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Exercise Science 178B with a grade of “C” or better, or equivalent.  

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 159Y.

This course is the third in a series of four courses in tennis. Emphasis is placed on intermediate level skills, strokes, strategies, rules and etiquette as they relate to league and tournament play. This course is intended for kinesiology majors and all students interested in incorporating the game of tennis into an active lifestyle. All objectives are covered in this course whether offered for 0.5 or 1.0 unit. When this course is offered for three hours per week, the additional time is utilized for skill development. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

**178D Tennis IV**

**2–3 hours lab, 0.5–1 unit**  
**Grade Only**

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Exercise Science 178C with a grade of “C” or better, or equivalent.  

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 159Z.

This course is the fourth in a series of four courses in tennis. Emphasis is placed on advanced skills, strokes, strategies, rules and etiquette as they relate to singles and doubles tournament play. This course is intended for kinesiology majors and all students interested in incorporating the game of tennis into an active lifestyle. All objectives are covered in this course whether offered for 0.5 or 1.0 unit. When this course is offered for three hours per week, the additional time is utilized for skill development and strategies. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

**182A Volleyball I**

**2–3 hours lab, 0.5–1 unit**  
**Grade Only**

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.  

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 161.

This course is the first of four courses in volleyball. Emphasis is placed on introductory level skills, basic rules, strategies and etiquette. This course is intended for kinesiology majors and all students interested in incorporating the sport of volleyball into an active lifestyle. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

**182B Volleyball II**

**2–3 hours lab, 0.5–1 unit**  
**Grade Only**

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Exercise Science 182A with a grade of “C” or better, or equivalent.  

The course is the second of four courses in volleyball. Emphasis is placed on beginning level skills and offensive and defensive systems as they relate to team play. This course is intended for kinesiology
majors and all students interested in incorporating the sport of volleyball into an active lifestyle. (FT) AA/AS; CSU.

**182C Volleyball III**

2–3 hours lab, 0.5–1 unit

*Grade Only*

*Advisory:* English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Exercise Science 182B with a grade of “C” or better, or equivalent. This course is the third of four courses in volleyball. Emphasis is placed on intermediate level individual offensive and defensive skills. Topics include offensive team systems and options, and defensive theory and team systems as they relate to league play. This course is intended for kinesiology majors and all students interested in incorporating the sport of volleyball into an active lifestyle. (FT) AA/AS; CSU.

**182D Volleyball IV**

2–3 hours lab, 0.5–1 unit

*Grade Only*

*Advisory:* English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Exercise Science 182C with a grade of “C” or better, or equivalent. This course is the fourth of four courses in volleyball. Emphasis is placed on advanced level individual offensive and defensive skills. Topics include diversified offensive and defensive team systems as they relate to intercollegiate and international level volleyball. This course is intended for kinesiology majors and all students interested in incorporating the sport of volleyball into an active lifestyle. (FT) AA/AS; CSU.

**Water Polo**

**184A Water Polo I**

2–3 hours lab, 0.5–1 unit

*Grade Only*

*Advisory:* English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5. *Limitation on Enrollment:* This course is not open to students with previous credit for Physical Education 163. This course is an introduction to water polo. Emphasis is placed on fundamental water polo techniques and introductory level skills, including picking up a ball in the water, passing, receiving, shooting, dribbling, and playing in a game. Other topics include introductory level offensive and defensive positioning and movements; team strategies; and rules of play. This course is the first in a series of four water polo courses. It is intended for students interested in the sport of water polo. (FT) AA/AS; UC Transfer Course Limitation. See a Counselor.

**184B Water Polo II**

2–3 hours lab, 0.5–1 unit

*Grade Only*

*Advisory:* English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5; Exercise Science 184A with a grade of “C” or better, or equivalent. This course provides introductory level students with beginning level knowledge and practice in the sport of water polo. Emphasis is placed on beginning level water polo techniques and skills, including picking up a ball in the water, passing, receiving, shooting, dribbling, and playing in a game. Other topics include beginning level offensive and defensive positioning and movements; team strategies; and rules of play. This course is the second in a series of four water polo courses. It is intended for students interested in the sport of water polo. (FT) AA/AS; CSU.

**184C Water Polo III**

2–3 hours lab, 0.5–1 unit

*Grade Only*

*Advisory:* English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5; Exercise Science 184A with a grade of “C” or better, or equivalent. This course provides beginning level students with intermediate level knowledge and practice in the sport of water polo. Emphasis is placed on intermediate level water polo techniques and skills, including picking up a ball in the water, passing, receiving, shooting, dribbling, and playing in a game. Other topics include intermediate level offensive and defensive positioning and movements; team strategies; and rules of play. This course is the third in a series of four water polo courses. It is intended for students who have been playing water polo for more than 6 months. (FT) AA/AS; CSU.

**184D Water Polo IV**

2–3 hours lab, 0.5–1 unit

*Grade Only*

*Advisory:* English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or
Intercollegiate Athletics

204 Intercollegiate Basketball I
96–175 hours lab, 2–3.5 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5.
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 204.
This course is intended for the first season of intercollegiate competition. Basketball skills and game strategies are at a more advanced level of participation than those of an introductory course in basketball. This course may be taken two times for credit. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

205 Intercollegiate Basketball II
96–175 hours lab, 2–3.5 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5.
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 205.
This course is intended for the second season of intercollegiate competition. Basketball skills and game strategies are at the advanced levels of participation. This course may be taken two times for credit. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

214 Intercollegiate Soccer I
96–175 hours lab, 2–3.5 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5.
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 214.
This is a course in which students competing in their first intercollegiate soccer season learn and practice the techniques and strategies necessary for successful participation. The topics covered are fundamental through advanced skills as well as offensive and defensive strategies. This course is offered separately for men and women in the fall semester. This course may be taken two times for credit. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

215 Intercollegiate Soccer II
96–175 hours lab, 2–3.5 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5.
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 215.
This is a course in which students competing in their second intercollegiate soccer season learn and practice the techniques and strategies necessary for successful participation. Those topics covered are fundamental through advanced skills as well as offensive and defensive strategies. This course is offered separately for both men and women in the fall semester. This course may be taken two times for credit. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

Assessment Skill Levels R5 and W5; Exercise Science 184C with a grade of “C” or better, or equivalent. This course provides intermediate level students with advanced level knowledge and practice in the sport of water polo. Emphasis is placed on advanced level water polo techniques and skills, including passing, receiving, shooting, dribbling, and playing in a game. Other topics include advanced level offensive and defensive positioning and movements; team strategies; and rules of play. This course is the fourth in a series of four water polo courses. It is intended for students who have been playing water polo for more than 12 months. (FT) AA/AS; CSU.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
216 Intercollegiate Softball I
96–175 hours lab, 2–3.5 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5.
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 216.
This course is designed for students competing in their first intercollegiate softball season. Students will learn and practice the techniques and strategies necessary for successful participation. Those topics covered are fundamental through advanced softball skills and offensive and defensive strategies. Students must demonstrate increased softball skill proficiency and skill attainment with each repetition. This course is offered in the spring semester and may be taken two times for credit. (FT) AA/AS; CSU; UC
Transfer Course Limitation. See a Counselor.

220 Intercollegiate Tennis I
96–175 hours lab, 2–3.5 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Exercise Science 178D with a grade of “C” or better, or equivalent or previous competitive tennis experience.
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 220.
This is a course for students competing in their first intercollegiate tennis season. This course is offered in the spring semester for men and women and may be taken two times for credit. Students must demonstrate increased proficiency and skill attainment with each repetition. (FT) AA/AS; CSU; UC
Transfer Limitation. See a Counselor.

221 Intercollegiate Tennis II
96–175 hours lab, 2–3.5 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Exercise Science 220 with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 221.
This is a course for students competing in their second intercollegiate tennis season. This course is offered in the spring semester for men and women and may be taken two times for credit. Students must demonstrate increased proficiency and skill attainment with each repetition. (FT) AA/AS; CSU; UC.

224 Intercollegiate Volleyball I
96–175 hours lab, 2–3.5 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Exercise Science 182A with a grade of “C” or better, or equivalent and/or previous competitive volleyball experience.
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 224.
This is the first course in intercollegiate volleyball competition. Topics include analyses of team offensive and defensive systems. This course is designed to prepare advanced volleyball students for intercollegiate competition. This course is offered in the fall and spring semester and may be taken two times for credit. Students must demonstrate increased proficiency and skill attainment with each repetition. (FT) AA/AS; CSU; UC.

225 Intercollegiate Volleyball II
96–175 hours lab, 2–3.5 units
Grade Only
Advisory: English 47A and English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Exercise Science 224 with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 225.
This is the second course in intercollegiate volleyball competition. This course is offered in the fall and spring semester and may be taken two times for credit. Students must demonstrate increased proficiency and skill attainment with each repetition. (FT) AA/AS; CSU; UC.

226 Intercollegiate Water Polo I
96–175 hours lab, 2–3.5 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5.
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 226.
This course is designed for men and women participating in intercollegiate water polo competition. Topics include fundamental techniques of water polo, individual and team offensive tactics, individual and team defensive tactics, and rules of play. This course is designed to improve student proficiency and skill level with each repetition and may be taken two times for credit. It is intended for intercollegiate athletes. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

227 Intercollegiate Water Polo II
96–175 hours lab, 2–3.5 units
Grade Only
Prerequisite: Exercise Science 226 with a grade of “C” or better, or equivalent.
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5.
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 227.
This course is designed for men and women participating in intercollegiate water polo competition. Topics include advanced techniques of water polo, advanced individual and team offensive tactics, advanced individual and team defensive tactics, and further study in rules of play. This course is designed to improve student proficiency and skill level with each repetition and may be taken two times for credit. It is intended for intercollegiate athletes. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

231A Theories and Strategies of Basketball I
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5.
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 251A.
This course covers the theoretical concepts necessary for students to compete successfully in their first intercollegiate basketball season. Topics include mechanical analysis of fundamental through advanced basketball skills, offensive and defensive strategies, statistics, rules, and officiating. Separate sections of this course are offered for men and women. The course is intended for intercollegiate athletes. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

231B Theories and Strategies of Basketball II
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only
Prerequisite: Exercise Science 231A with a grade of “C” or better, or equivalent.
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5.
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 251B.
This course covers advanced theoretical concepts and techniques for intercollegiate basketball competition. Topics include advanced team strategies, efficient basketball conditioning techniques, goals for game preparation, and leadership qualities for basketball. Concepts of team building and social skills necessary for success at the intercollegiate level are also emphasized. Separate sections of this course are offered for men and women. The course is intended for intercollegiate athletes. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.

234A Theories and Strategies of Soccer I
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5.
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 257A.
This course covers the theoretical concepts necessary for students to compete successfully in their first intercollegiate soccer season. Topics include mechanical analysis of fundamental through advanced soccer skills, offensive and defensive strategies, statistics, rules, and officiating. Separate sections of this course are offered for men and women. The course is intended for intercollegiate athletes. (FT) AA/AS; CSU; UC Transfer Limitation. See a Counselor.
234B Theories and Strategies of Soccer II
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only

Prerequisite: Exercise Science 234A with a grade of “C” or better, or equivalent.
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5.
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 257B.

This course covers advanced theoretical concepts and techniques for intercollegiate soccer competition. Topics include advanced team strategies, efficient conditioning techniques, goals for game preparation, and leadership qualities. Concepts for team building and social skills necessary for success at the intercollegiate level are emphasized. Separate sections of this course are offered for men and women. The course is intended for intercollegiate athletes. (FT) AA/AS; CSU; UC

Fitness Specialist Certificate Courses

270 Personal Trainer Internship / Work Experience
60 - 300 hours other, 1-4 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 270.

This course provides on-the-job learning experiences for students employed in a personal training-related job or internship. Students develop workplace competencies, critical thinking skills, and problem solving abilities through the creation and achievement of job-related behavioral learning objectives. One unit of credit may be earned for each 75 hours of paid employment or 60 hours of volunteer work. This course may be taken up to four times. However, the combined maximum credit for all Work Experience courses from all subject areas may not exceed 16 units. This course is intended for students majoring in Personal Training or those interested in the fitness industry. (FT) AA/AS; CSU.

280 Applied Exercise Physiology
2 hours lecture, 2 units
Grade Only

Advisory: Mathematics 46 with a grade of “C” or better, or equivalent or Assessment Skill Level M40 and English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 280.

This course is an introduction to how the body functions under conditions of exercise stress and
how fitness behaviors affect health and wellness. Emphasis is placed on muscular, cardiorespiratory, and other physiological processes that occur as a result of exercise conditioning, as well as their effects on disease risk. This course is intended for students seeking certification as personal trainers. (FT) AA/AS; CSU.

281 Applied Kinesiology
2 hours lecture, 2 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 281.

This course is a study of movement as it relates to exercise under both normal and injury conditions. Students learn the practical implications of exercise on bones, joints, nerves, and muscles. Emphasis is placed on applying body alignment, range of motion, stabilization, and acceleration principles to the development of exercise programs. This course is intended for students seeking certification as personal trainers. (FT) AA/AS; CSU.

282 Techniques of Weight Training
2 hours lecture, 2 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 282.

This course is an introduction to teaching techniques in weight training. Topics include anatomy, physiology, training sequences, equipment options, safety factors, and contraindications. This course is intended for students seeking certification as personal trainers. (FT) AA/AS; CSU.

283 Exercise and Fitness Assessment
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 283.

This course is designed for the student in the Fitness Specialist Certificate Program to develop the skills necessary to assess and evaluate exercise and fitness parameters. Topics include cardiorespiratory endurance, muscular strength and endurance, flexibility, body fat, pulmonary function, and blood pressure and evaluate the results. Emphasis is placed on determining the appropriate test, conducting the test, evaluating the results, and creating an exercise program. (FT) AA/AS; CSU.

284 Fitness and Sports Nutrition
2 hours lecture, 2 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 284.

This course covers the basic principles of nutrition and the ramifications of nutrition on sports activities. Topics include general nutrition, nutritional considerations for optimal sports performance, and weight control. This course is intended for students seeking certification as personal trainers. (FT) AA/AS; CSU.

285 Exercise for Special Populations
2 hours lecture, 2 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

Limitation on Enrollment: This course is not open to students with previous credit for Physical Education 285.

This course presents exercise implications for special populations related to age, medical condition, and level of fitness. Emphasis is placed on cardiac conditions; diabetes; obesity; physical disabilities; Human Immunodeficiency Virus (HIV) and Acquired Immune Deficiency Syndrome (AIDS); asthma; and sensory impairments. Issues and barriers to exercise are included for each of the following groups: seniors; children; athletes; the mentally impaired; and pregnant and postpartum women. This course

(FT) = A field trip may be required for this course. AA/AS = Associate Degree Applicable CSU = California State University Applicable UC = University of California Applicable
is intended for students seeking certification as personal trainers. (FT) AA/AS; CSU.

**286 Techniques of Exercise Leadership**

*1.75 hours lecture, 0.75 hours lab, 2 units Grade Only*

*Advisory:* English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

*Limitation on Enrollment:* This course is not open to students with previous credit for Physical Education 286.

This course provides students with the principles and techniques involved in teaching group exercise and developing a personal trainer/client relationship. Emphasis is placed on client assessment, communication skills, program design, exercise adherence, teaching strategies, and professional responsibility and liability. This course is intended for students seeking certification as personal trainers. (FT) AA/AS; CSU.

**288 Fitness Specialist Internship Lecture**

*1 hour lecture, 1 unit Grade Only*

*Prerequisite:* Exercise Science 280, 281 and 283, each with a grade of “C” or better, or equivalent.

*Advisory:* English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5.

*Advisory:* Concurrent enrollment in Exercise Science 270 with a grade of “C” or better, or equivalent.

*Limitation on Enrollment:* This course is not open to students with previous credit for Physical Education 287, 288 or Exercise Science 287.

This course is designed to provide students in the Fitness Specialist Certificate Program with practical experience in the field of exercise and fitness. Emphasis is placed on participant screening, evaluation, and exercise program design, self-marketing, fitness specialist/client relationships and professional responsibility in a fitness setting. (FT) AA/AS; CSU.

**290 Independent Study**

*3 hours other, 1 unit Letter Grade or Pass/No Pass Option*

*Limitation on Enrollment:* Must obtain an Add Code from the instructor for enrollment. This course is not open to students with previous credit for Physical Education 290.

For students who wish to study special problems in Physical Education. AA/AS; CSU.

**Exercise Science (formerly Physical Education) Theory Classes**

**241B Introduction to Kinesiology**

*3 hours lecture, 3 units Grade Only*

*Advisory:* English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5.

*Limitation on Enrollment:* This course is not open to students with previous credit for Physical Education 241B.

This is an introductory course covering the professional career options, history, basic philosophy and principles of Kinesiology. Additionally a nutritional component covers the current and emerging issues in foods and nutrition. This course is of interest to anyone exploring opportunities in the fields of health, wellness, physical activity, nutrition and sport. This course is required for Kinesiology majors. (FT) AA/AS; CSU; UC; C-ID KIN 100.

**242B Care and Prevention of Injuries**

*3 hours lecture, 3 units Grade Only*

*Advisory:* English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5.

*Limitation on Enrollment:* This course is not open to students with previous credit for Physical Education 242, 242B or Exercise Science 289.

This course covers the theory and practice of emergency field care and basic athletic first aid. Topics include prevention and care of common athletic injuries, bandaging and/or taping techniques. This course is designed for students interested in athletic training, coaching of sports and majoring in Physical Education, Kinesiology and Exercise Science. (FT) AA/AS; CSU; UC.

**292 Yoga Teacher Training Essentials**

*2 hours lecture, 3 hours lab, 3 units Grade Only*

*Advisory:* English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4.

*Advisory:* Completion of or concurrent enrollment in Exercise Science 145A, 145B, 145C or 145D, each with a grade of “C” or better, or equivalent.

This course serves as an introduction to the fundamental concepts of yoga necessary to further one’s personal practice and to instruct beginner
level yoga classes. Students will investigate and develop an in-depth understanding of the eight limbs of yoga, with a specific focus on the yamas, niyamas, asanas and pranayama as a foundation for teaching yoga. Additional topics include the history and philosophy of yoga, introduction to Sanskrit, anatomy and biomechanics of yoga, asana classification, types of yoga, introduction to the yoga sutras and basic alignment principles. This course partially fulfills the requirement for the 200-hour Registered Yoga Teacher (RYT) credential with Yoga Alliance. It is intended for students seeking certification as a Registered Yoga Teacher, current yoga teachers, group fitness instructors, health coaches, personal trainers, or other health and fitness professionals. (FT) AA/AS; CSU.

293 Yoga Teacher Training Progressive Methodologies

2 hours lecture, 3 hours lab, 3 units
Grade Only
Corequisite: Completion of or concurrent enrollment in Exercise Science 292 with a grade of “C” or better, or equivalent.
Advisory: English 42 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R4 and W4.
Advisory: Completion of or concurrent enrollment in Exercise Science 145A, 145B, 145C or 145D, each with a grade of “C” or better, or equivalent.
This course provides students with the class blueprint and teaching tools from which to develop and implement all-levels yoga classes. With a focus on instructional methods, students will explore and practically apply the concept of intelligent sequencing for leading purposeful vinyasa-based yoga class experiences. Other topics include verbal and nonverbal communication strategies; student learning styles; meditation; asana progressions and regressions; introduction to physical adjustments; energetic anatomy; lifestyle and ethics for yoga teachers; and the business of yoga. This course partially fulfills the requirement for the 200-hour Registered Yoga Teacher (RYT) credential with Yoga Alliance. It is intended for students seeking certification as a Registered Yoga Teacher, current yoga teachers, group fitness instructors, health coaches, personal trainers, or other health and fitness professionals. (FT) AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 236. Please refer to the class schedule and/or see the dean or department chair for availability.

Filipino (FILI)

100 Filipino American Experience

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 47A or English 48 and English 49 with a grade of “C” or better, or equivalent or Assessment Skill Level R5 and W5.
This course is a sociological overview of Filipino Americans. Students analyze current Filipino American perspectives by discussing the history of the Philippines, factors contributing to immigration to the U.S., and aspects of the integration experiences that may be unique to Filipino Americans. This course is intended for anyone interested in the history and experiences of Filipino Americans. (FT) AA/AS; CSU; UC.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 236. Please refer to the class schedule and/or see the dean or department chair for availability.

Fire Protection Technology (FIPT)

Due to safety concerns, as well as minimum requirement by regulatory agencies, potential students should be aware applicable courses may require participants to demonstrate physically demanding skills, along with both verbal and nonverbal communication skills. The Department may impose physical qualifications for participation when a physical ability is validly

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
deemed essential. If you have any concerns as to your ability to safely participate in these courses, please contact the Dean of Public Safety at 619-388-7860.

**Students who believe they have sufficient grounds may challenge a prerequisite, corequisite, or limitation on enrollment in a specific course. See the challenge procedure in the college catalog. Equivalent enrollment eligibility granted by SDCCD does not guarantee that state regulatory and licensing authorities will also grant equivalency for licensure or employment purposes.**

**100D Fire Department Testing Procedures**

**3 hours lecture, 3 units**

**Grade Only**

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

This course assists students in preparing for the process of competing for an entry-level firefighter position. The course includes simulated written exams, oral interviews and a variety of physical ability tests, including the Candidate Physical Ability Test (CPAT), Biddle, and other firefighter physical ability examinations. Topics include general knowledge of firefighter principles considered for written tests, interview techniques, principles of exercise, and task-specific exercise training. This course is intended for students preparing to enter a firefighter academy, fire academy graduates and students who are interested in sharpening their skills for entry-level fire department testing procedures. (FT) AA/AS; CSU.

**101 Fire Protection Organization**

**3 hours lecture, 3 units**

**Grade Only**

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 34A with a grade of “C” or better, or equivalent or Assessment Skill Level M20.

**Limitation on Enrollment:** This course is not open to students with previous credit for Fire Technology 101.

This course introduces students to the philosophy and history of fire protection as well as to career opportunities in fire protection and related fields. Topics include fire loss analysis; the organization and function of public and private fire protection services and systems; the fire department as part of local government; laws and regulations affecting the fire service; fire service nomenclature; basic fire chemistry and physics; and fire strategy and tactics. This course is intended for students majoring in Fire Technology or anyone interested in fire protection. (FT) AA/AS; CSU.

**102 Fire Prevention Technology**

**3 hours lecture, 3 units**

**Grade Only**

Advisory: English 47A or English 48 and English 49 with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

This course provides fundamental information about the history and philosophy of fire prevention and the organization and operation of fire prevention bureaus. Other topics include the use of fire codes; the identification and correction of fire hazards; and the relationships among fire prevention, fire safety education, and fire detection and suppression systems. This course is intended for students majoring in Fire Technology. (FT) AA/AS; CSU.

**103 Fire Protection Equipment and Systems**

**3 hours lecture, 3 units**

**Grade Only**

Advisory: English 47A or English 48 and English 49 with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

This course provides students with an overview of fire protection equipment and systems. Topics include the design and operational features of fire detection and alarm systems; heat and smoke control systems; special protection and sprinkler systems; water supply for fire protection; and portable fire extinguishers. This course is intended for students majoring in Fire Technology. (FT) AA/AS; CSU.

**104 Building Construction for Fire Protection**

**3 hours lecture, 3 units**

**Grade Only**

Advisory: English 47A or English 48 and English 49 with a grade of “C” or better, or equivalent or Assessment Skill Level R5 and W5.

This course introduces building-construction components that relate to fire safety. Students learn about key building inspection factors such as construction and structure design; pre-planning fire operations; and operating at fires. Other topics include the development and evolution of building and fire codes in relation to past fires in residential, commercial, and industrial occupancies. This course
is intended for students majoring in Fire Technology. (FT) AA/AS; CSU.

105 Fire Behavior and Combustion
3 hours lecture, 3 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

This course introduces students to the theory and fundamentals of fire behavior including how fires start; how and why they spread; and how they are controlled. Topics include fire chemistry and physics; fire characteristics of materials; extinguishing agents; and fire control techniques. This course is intended for students majoring in Fire Technology or anyone interested in fire science. (FT) AA/AS; CSU.

106 Truck Company Operations
3 hours lecture, 3 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

This course introduces students to the planning and operation of truck companies at fires and other emergencies. Topics include truck company equipment; personnel requirements; and truck company responsibilities that relate to the strategies, tactics, and specialized skills required for truck company operations. This course is intended for students majoring in Fire Technology. (FT) AA/AS; CSU.

107 Fire Fighting Tactics and Strategy
3 hours lecture, 3 units
Grade Only

Advisory: English 47A or English 48 and English 49 with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

This course provides an in-depth analysis of the principles of fire control through utilization of personnel, equipment, pre-planning fire problems, and extinguishing agents on the fire ground. Topics include a review of fire chemistry, methods of fire attack, and basic fire fighting tactics and strategy. This course is intended for students majoring in Fire Technology. (FT) AA/AS; CSU.

109 Fire Service Hydraulics
3 hours lecture, 3 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.

Limitation on Enrollment: This course is not open to students with previous credit for Fire Technology 151.

This course introduces students to hydraulics laws and formulas as they relate to fire service. Students perform calculations to assure adequate water pressures and volumes used for fire department operations. Other topics include the principles of fluid pressure; fire pump operation and design; hose line construction and capability; and community water supply capabilities. This course is intended for students majoring in Fire Technology. (FT) AA/AS; CSU.

110A Wildland Fire Control
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

Limitation on Enrollment: This course is not open to students with previous credit for Fire Protection Technology 110.

This course provides students with a fundamental knowledge of the factors affecting wildland fires including fuel, weather, topography, prevention, fire behavior, and public education. Students also learn about control techniques common to all agencies involved in wildland fire control. Course content includes certification in S-130 and S-190; students are required to complete manipulative wildland training sessions to certify in S-130. The course emphasizes the requirements of the California State Board of Fire Services Certified Firefighter I training (Wildland), International Fire Service Accreditation Congress standards and Professional Qualifications (ProBoard) requirements. This course is intended for students majoring in Fire Technology. (FT) AA/AS; CSU.
111 Fire Apparatus and Equipment
3 hours lecture, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49 with a grade of “C” or better, or equivalent or Assessment Skill Level R5 and W5.
This course introduces students to the specifications, design, construction features, and operational capabilities of mobile and fixed firefighting apparatus. Topics include the effective deployment, utilization, and performance of pumps, ladder trucks, and related specialized equipment under emergency conditions. This course is intended for students majoring in Fire Technology. (FT) AA/AS; CSU.

115 Low Angle Rope Rescue
1.5 hours lab, 0.5 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
Limitation on Enrollment: This course is not open to students with previous credit for Fire Technology 115.
This California Fire Training and Education System course equips students with the information, techniques, and methods needed for utilizing rope, webbing, hardware friction devices, and litters in low angle rescue situations. Topics include rappelling; rope and related equipment; anchor systems; safety lines; stretcher lashing and rigging; mechanical advantage systems; and single line/tow line rescue systems. This course is intended for firefighters, lifeguards, and other emergency response personnel. (FT) AA/AS; CSU.

120 Firefighter Safety and Survival
3 hours lecture, 3 units
Grade Only
This course provides students with the basic principles and history related to the national firefighter life safety initiatives, with a focus on the need for cultural and behavior change throughout the emergency services. Topics include assessment of fire dangers; common fire situations; risk abatement; personal preparation for unforeseen fire emergencies; roles and responsibilities in educating the public on fire safety; and development of a survival attitude. Students learn problem-solving techniques for increased situational awareness and self-reliance in emergencies. This course is intended for students majoring in Fire Technology; practicing firefighters and other emergency service personnel; or anyone with an interest in fire safety. (FT) AA/AS; CSU.

121 Vertical Rescue
1 hour lecture, 1.5 hours lab, 1.5 units
Grade Only
Prerequisite: Fire Protection Technology 150A and 150B, each with a grade of “C” or better, or equivalent.
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Level R5 and W5.
Limitation on Enrollment: This course is not open to students with previous credit for Fire Technology 121.
This course offers advanced training in making vertical rescues. Students learn about current methods of rappelling, cliff rescue, raising and lowering victims, and high-rise rope rescue. Students practice at various locations within the community. This course is intended for students majoring in Open Water Lifeguarding and for current or future emergency services personnel. (FT) AA/AS; CSU.

150A Introduction to Fire Suppression and Maintenance Manipulative Tasks (Beginning)
4.5 hours lab, 1.5 units
Grade Only
Limitation on Enrollment: This course is not open to students with previous credit for Fire Technology 100A or Fire Protection Technology 100A.
This course introduces the applied operation and maintenance of basic rescue and fire suppression apparatus and equipment. Topics include ropes, ladders, and other equipment; forcible entry techniques; search and rescue; and physical fitness training. This course is intended for students majoring in the field of fire technology or those interested in a career in the fire service. (FT) AA/AS; CSU.

150B Introduction to Fire Suppression and Maintenance Manipulative Tasks (Intermediate)
4.5 hours lab, 1.5 units
Grade Only
Prerequisite: Fire Protection Technology 150A with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Fire Technology 100B or Fire Protection Technology 100B.
This course provides intermediate-level instruction in the operation and maintenance of fire service equipment. Topics include extinguishers and protective equipment; hose, nozzles, and fittings; hose evolutions; fire service ladders; and salvage and overhaul procedures. The course is designed at an intermediate level within the guidelines of training for Firefighter I certification as specified by the California Fire Service Training and Education Division of the Office of the state Fire Marshal. This course is intended for students majoring in the field of fire technology or those interested in a career in the fire service. (FT) AA/AS; CSU.

150C Introduction to Fire Suppression and Maintenance Manipulative Tasks (Advanced)
4.5 hours lab, 1.5 units
Grade Only

Prerequisite: Fire Protection Technology 150B with a grade of “C” or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Fire Science 100C or Fire Protection Technology 100C.

This course provides advanced instruction in the operation and maintenance of fire service equipment. Topics include extinguishers and protective equipment, hose, nozzles, fittings, hose evolutions, fire service ladders, and salvage and overhaul procedures. This course is designed at an advanced level to facilitate students’ qualification for the manipulative training portion of Firefighter I as specified by the California Fire Service Training and Education Division of the State Fire Marshal’s Office. This course is intended for students majoring in the field of fire technology or those interested in a career in the fire service. (FT) AA/AS; CSU.

160 Introduction to Open Water Lifeguarding
2 hours lecture, 3 hours lab, 3 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

Limitation on Enrollment: Health and Safety.

Must pass the minimum swimming standard as established by the City of San Diego Lifeguard Service.

This introductory level course provides foundations in the theoretical background, procedures, and manipulative skills necessary for service as an ocean and inland beach lifeguard. Topics include lifeguarding history; training; education; standardized procedures; environmental protection; ethics; physical and biological characteristics of the beach environment; rescue techniques; facilities and equipment; recordkeeping; public relations; and legal issues. The content of the course follows United States Lifesaving Association standards. This course is intended for students currently employed or seeking employment as open water lifeguards. (FT) AA/AS; CSU.

168 Lifeguard Beach Management
3.5 hours lecture, 3.5 units
Grade Only

Prerequisite: Fire Protection Technology 160 with a grade of “C” or better, or equivalent.

This advanced course provides lifeguard beach management training for those aspiring to supervise or act as lead ocean lifeguard personnel. Topics include resource and equipment deployment strategies; water observation and beach coverage systems and methods; and lifeguard resource and personnel coordination. This course is intended for practicing lifeguards. (FT) AA/AS; CSU.

309B Emergency Medical Care of the Sick and Injured
48–54 hours lab, 1 unit
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Fire Protection Technology 309A.

This course trains students in the emergency medical skills needed by public safety personnel. Topics include emergency care procedures, such as examining the victim; observing surroundings; determining case histories; maintaining an airway; performing resuscitation and cardiopulmonary resuscitation (CPR); controlling bleeding; and treating cerebrovascular injuries, shock, and seizures. Students also learn about childbirth; manual lifts and carries; and improvising and providing transportation. This course meets present public safety emergency care requirements. (FT) AA/AS.
311A Swiftwater Rescue Technician I  
24–36 hours lab, 0.5 units  
Grade Only  
**Prerequisite:** Fire Protection Technology 160 with a grade of “C” or better, or equivalent.  
**Advisory:** English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.  
**Limitation on Enrollment:** This course is not open to students with previous credit for Fire Protection Technology 311M.  
This course is an intensive three-day training in swiftwater rescue skills. Course format consists of one day of classroom instruction followed by two days of developing and practicing water rescue skills. Emphasis is on developing self-rescue skills in swift moving water. Other topics include water dynamics, hazards and obstacles, basic rescue equipment, technical rope systems, and in-water contact rescue. This course is intended for practicing lifeguards or other emergency services personnel. (FT) AA/AS.

320A Command 1A  
8–10 hours lecture, 24–30 hours lab, 1 unit  
Grade Only  
**Advisory:** English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.  
**Limitation on Enrollment:** This course is not open to students with previous credit for Fire Technology 222A or Fire Protection Technology 200A or 222A.  
This course provides the fire company officer with information and experience in command and control techniques used at the scene of a structure fire emergency. It provides an in-depth analysis of the principles of fire control including utilization of personnel and equipment, fire problem pre-planning, and the use of extinguishing agents on the fire ground. Other topics include the principles of command; command safety and the risk management process; and post-incident actions. This course is intended for practicing firefighters and others interested in firefighting command and control. (FT) AA/AS.

320B Fire Command 1B  
8–10 hours lecture, 24–30 hours lab, 1 unit  
Grade Only  
**Advisory:** English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.  

320C Command 1C  
8–10 hours lecture, 24–30 hours lab, 1 unit  
Grade Only  
**Advisory:** English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.  
**Limitation on Enrollment:** This course is not open to students with previous credit for Fire Protection Technology 200C.  
This course introduces fire company officers to the wildland urban interface (WUI) fire fighting environment. Topics include the WUI environment; fire behavior forecasting; and WUI operation principles; safety and survival; and incident operations. This course is intended for practicing firefighters or others interested in fire fighting command and control. (FT) AA/AS.

321B Driver Operator - Pumping  
20 - 22.5 hours lecture, 12 - 13.5 hours lab, 1.5 units  
Grade Only  
**Advisory:** English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.  
**Limitation on Enrollment:** This course is not open to students with previous credit for Fire Technology 110, 210B or Fire Protection Technology 210B.  
This course meets the technical and practical requirements for using fire department pumper. Topics include fire apparatus pumping specifications; testing; design and construction features; performance factors; and field hydraulics. This course is intended for current or future firefighters. (FT) AA/AS.
321D Driver Operator - Driving
4–5 hours lecture, 36–43 hours lab, 1 unit
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

Limitation on Enrollment: This course is not open to students with previous credit for Fire Technology 110, Fire Technology 210A, Fire Protection Technology 210A or 321A. Health and Safety. Students must possess a valid California driver’s license with a Class C Firefighter endorsement. This course meets the technical and driving requirements established by the State Fire Marshal for fire emergency vehicles. Topics include state code requirements for emergency vehicles; fire apparatus specifications and design; construction features; performance factors; basic inspection and maintenance of fire apparatus; and driving and placement exercises of pumper. This course is intended for current or future firefighters. (FT) AA/AS.

322A Auto Extrication
4–4.5 hours lecture, 12–13.5 hours lab, 0.5 units
Pass/No Pass

Limitation on Enrollment: This course is not open to students with previous credit for Fire Protection Technology 312 or 312A. This course provides students with hands-on experience in the procedures and systems utilized during automobile extrication. Topics include auto extrication techniques; types of hand and power tools; window removal; door opening; roof removal; seat pulling; stabilization of vehicles; and victim rescue. This course is intended for practicing firefighters and other emergency response personnel. (FT) AA/AS.

322B Confined Space Rescue Awareness
1 hour lecture, 7 hours lab, 0.2 units
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Fire Protection Technology 308B or 308C. This course provides an introduction to the hazards, equipment, and operational positions of safe and legal confined space entry. It also includes a review of California Division of Occupational Safety and Health (Cal-OSHA) regulations with regard to permit-required confined spaces. This course is intended for personnel with confined spaces within their areas of responsibility, including current or future public safety personnel. (FT) AA/AS.

323B Hazmat Emergency Response First Responder Operational
24–27 hours lab, 0.5 units
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Fire Protection Technology 306A. This course provides students with a fundamental knowledge of the factors affecting operating procedures at a hazardous materials (hazmat) incident. It is intended to improve the capabilities of the first responder to respond to a hazmat event in a safe and competent manner, within the typical resource and capability limits at the “operational” level. The course emphasizes the requirements of the California State Board of Fire Services Certified Firefighter I training (Hazmat Operations), International Fire Service Accreditation Congress (IFSAC) standards, and Professional Qualifications (ProBoard) requirements. It also meets the First Responder Operational Hazmat Emergency Response certified course requirements of California Code of Regulations (CCR) Title 19, Division 2, Chapter 1, Subchapter 2, Sections 2510-2560. This course is intended for current or future public safety personnel. (FT) AA/AS.

323C Hazardous Materials Incident Commander
4 hours lecture, 12–20 hours lab, 0.5 units
Grade Only

Advisory: Fire Protection Technology 381F with a grade of “C” or better, or equivalent. This course provides the tools a person needs to assume control of an emergency response to a hazardous materials incident. Topics include hazard assessment, risk management, legal compliance, and protective action implementation. Instructional methods include class activities, case studies and tabletop exercises with emphasis on applied decision making. This course is intended for practicing firefighters seeking advancement to the company officer level. (FT) AA/AS.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
324A Basic Incident Command System (NIMS ICS 100 & 200)
4–4.5 hours lecture, 12–13.5 hours lab, 0.5 units
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Fire Protection Technology 310A.
This course covers the first two levels of Incident Command System (ICS) training: ICS 100 and 200. ICS 100 introduces the ICS and provides the foundation for higher level ICS training. ICS 100 topics include the history, features, principles, and organizational structure of the ICS as well as the relationship between the ICS and the National Incident Management System (NIMS). ICS 200 prepares students to operate efficiently during an incident or event within the ICS, including functioning in an ICS supervisory position. This course is intended for students majoring in Fire Technology and those preparing for entrance to a Firefighter I fire training academy. (FT) AA/AS.

324B I-300: Intermediate ICS
8–9 hours lecture, 0.5 units
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Fire Protection Technology 310B.
This course consists of Incident Command System (ICS) Training Modules 7-11. It expands on the Basic ICS and Standardized Emergency Management System (SEMS) by providing more description and detail of the organization and operation of the ICS. Topics include management of resources, duties of all positions, and examples of how the essential principles are used in incident or event planning. This course is intended for practicing emergency response personnel. (FT) AA/AS.

324C I-400: Advanced ICS
16–18 hours lecture, 1 unit
Grade Only

Limitation on Enrollment: This course is not open to students with previous credit for Fire Protection Technology 310C.
This course consists of Incident Command System (ICS) Training Modules 12-15. It expands on the ICS and Standardized Emergency Management System (SEMS) by providing more description and detail of the organization and operation of the ICS. Topics include large scale organization development, roles and relationships of primary staff, considerations related to large and complex incident or event management, area command, and the importance of interagency coordination. This course is intended for practicing emergency response personnel. (FT) AA/AS.

324D Intermediate Wildland Fire Behavior S-290
32–44 hours lab, 0.5 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Level R5 and W5.

Limitation on Enrollment: This course is not open to students with previous credit for Fire Protection Technology 310O.
This classroom-based skills course prepares prospective supervisors to undertake safe and effective fire management operations. This second course in a series continues developing fire behavior prediction knowledge and skills. Students also focus on fire environment differences and local conditions. This course is intended for practicing firefighters. (FT) AA/AS.

326A Training Instructor 1A: Cognitive Lesson Delivery
32–40 hours lab, 0.5 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

Limitation on Enrollment: This course is not open to students with previous credit for Fire Technology 226, Fire Protection Technology 226, 204B or 206A.
This course provides training for prospective instructors within the fire technology field. Topics include the identification of training needs; course objectives and content; levels of instruction, student objectives; vocational lesson plan development; and instructional techniques for vocational subjects. This course is required for students preparing for Fire Officer and/or teaching in the State Fire Marshal System. It is intended for practicing firefighters or students majoring in Fire Protection Technology. (FT) AA/AS; CSU.

326B Training Instructor 1B: Psychomotor Lesson Delivery
32–40 hours lab, 0.5 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
Limitation on Enrollment: This course is not open to students with previous credit for Fire Technology 225, Fire Protection Technology 225, Fire Protection Technology 204A or Fire Protection Technology 206B.

This California State Fire Academy course prepares students to provide training within their fire departments or to teach community college fire technology courses. Topics include identification of training needs, course objectives, and content; establishment of levels of instruction and measurable student objectives; the psychology of learning; and evaluation of effectiveness. This course is required for students preparing for Fire Officer and/or teaching in the State Fire Marshal System. It is intended for practicing firefighters or students majoring in Fire Protection Technology. (FT) AA/AS; CSU.

326C Training Instructor 1C: Instructional Development Techniques

32–40 hours lab, 0.5 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

Limitation on Enrollment: This course is not open to students with previous credit for Fire Protection Technology 206C.

This third course in a three-course series provides students the opportunity to develop, receive feedback, and finalize instructional materials as well as deliver two teaching demonstrations. Topics include lesson-plan development, ancillary components, and tests in accordance with the latest concepts in vocational education. This course is intended for active firefighters who wish to teach in the California State Fire Marshal System and work as Training Officers. (FT) AA/AS; CSU.

327A Fire Investigation 1A: Fire Origin and Cause Determination

32–40 hours lab, 0.5 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

Limitation on Enrollment: This course is not open to students with previous credit for Fire Technology 224, Fire Protection Technology 203A, or Fire Protection Technology 224.

This course introduces students to arson investigation. Topics include the causes of fires; recognizing and preserving evidence; interviewing witnesses and suspects; and giving court testimony. This course is part of the California State Fire Academy curriculum and satisfies the National Fire Protection Association standards for Fire Officer I. (FT) AA/AS; CSU.

327B Fire Investigation 1B: Techniques of Fire Investigation

32–40 hours lab, 0.5 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

Limitation on Enrollment: This course is not open to students with previous credit for Fire Technology 244, Fire Protection Technology 203B, or Fire Protection Technology 244.

This course expands upon the fire investigation concepts introduced in Fire Investigation 1A. Topics include investigative report writing; interviewing and interrogation techniques; evidence collection and preservation procedures; and flame spread characteristics within buildings. This course is part of the California State Fire Academy curriculum and satisfies the National Fire Protection Association standards for Fire Officer I. (FT) AA/AS; CSU.

328A Fire Management I

40 hours lecture, 2 units
Grade Only

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

Limitation on Enrollment: This course is not open to students with previous credit for Fire Technology 229, Fire Protection Technology 201 or 229.

This course prepares or enhances the first line supervisor’s ability to supervise subordinates. It introduces key management concepts and practices utilized in the California Fire Service. Topics include decision making, time management, leadership styles, personnel evaluations, and counseling guidelines. This course is intended for current or prospective future firefighters. (FT) AA/AS.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
330A Fire Prevention I  
32–36 hours lab, 0.5 units  
Grade Only  
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

This course provides an overview of fire prevention codes and ordinances, inspection practices, and key hazards. Topics include the Fire Company Officer’s role in fire prevention, the relationship between life safety and building construction, the elements of a quality company inspection program, and how to address complex hazards encountered during an inspection. This course is part of the California State Fire Training curriculum. It is intended for current firefighters seeking training as entry-level Fire Company Officers. (FT) AA/AS.

332A Confined Space Rescue Technician
32–40 hours lab, 0.5 units  
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.  
Limitation on Enrollment: This course is not open to students with previous credit for Fire Protection Technology 308A.

This advanced rescue system course focuses on removing victims trapped in exceedingly difficult and/or large-scale entrapments. Students learn how to use specialized equipment and follow proper operating procedures. The course emphasizes the history, philosophy, organization, and operation of a confined space rescue; code reference; identification and correction of confined space rescue hazards; and the relationship between fire rescue safety education and monitoring systems. This course is intended for practicing fire service officers, lifeguards, or others seeking advanced rescue training. (FT) AA/AS.

332B Rescue Systems 1: Basic Rescue Skills
32–40 hours lab, 0.5 units  
Grade Only
Limitation on Enrollment: This course is not open to students with previous credit for Fire Technology 243 or Fire Protection Technology 243.

This course provides training in heavy rescue techniques to fire service and other emergency personnel. Students learn how to use rescue equipment, construct rescue systems, package rescuers, and manage rescue scenes. Topics include the construction and/or use of spar lashing, gin poles, A-frames, tripods, block and tackle systems, cribbing and wedges, and shores. This course is intended for practicing firefighters and other emergency personnel. (FT) AA/AS.

340 Company Officer 2A: Human Resource Management for Company Officers
32–44 hours lab, 0.5 units  
Grade Only
Advisory: Fire Protection Technology 381F with a grade of “C” or better, or equivalent.

This course provides information on the use of human resources to accomplish assignments. Topics include evaluating member performance; supervising personnel; and integrating health and safety plans, policies, and procedures into daily activities as well as the emergency scene. This course is intended for practicing firefighters seeking advancement to the company officer level. (FT) AA/AS.

341 Company Officer 2B: General Administration Functions for Company Officers
4 hours lecture, 12–20 hours lab, 0.5 units  
Grade Only
Advisory: Fire Protection Technology 381F with a grade of “C” or better, or equivalent.

This course provides information on general administrative responsibilities of a fire company officer. Other topics include the implementation of department policies and procedures as well as conveying the fire department’s role, image, and mission to the public. This course is intended for practicing firefighters seeking advancement to the company officer level. (FT) AA/AS.

342 Company Officer 2C: Fire Investigation and Inspection for Company Officers
32–44 hours lab, 0.5 units  
Grade Only
Advisory: Fire Protection Technology 381F with a grade of “C” or better, or equivalent.

This course provides information on conducting inspections; identifying hazards and addressing violations; performing a fire investigation to determine preliminary cause; and securing the incident scene and preserving evidence. This course is intended for practicing firefighters seeking advancement to the company officer level. (FT) AA/AS.
343 Company Officer 2D: All Risk Command Operations for Company Officers  
32–44 hours lab, 0.5 units  
Grade Only  
Advisory: Fire Protection Technology 323C and 381F, each with a grade of “C” or better, or equivalent. This course prepares students to conduct a variety of command operations. Topics include incident size-up; initial plans of action involving single and multiunit operations for various types of emergency incidents; situation mitigation utilizing agency safety procedures; pre incident planning; and post-incident analysis. This course is intended for practicing firefighters seeking advancement to the company officer level. (FT) AA/AS.

344 Company Officer 2E: Wildland Incident Operations for Company Officers  
32–44 hours lab, 0.5 units  
Grade Only  
Advisory: Fire Protection Technology 324D, 343, and 381F, each with a grade of “C” or better, or equivalent. This course provides information on Wildland Urban Interface (WUI) command operations. Topics include evaluating and reporting incident conditions; analyzing incident needs; developing and implementing a plan of action to deploy incident resources; suppressing a wildland fire; establishing an incident command post; creating an Incident Action Plan (IAP); and completing incident records and reports. This course is intended for practicing firefighters seeking advancement to the company officer level. (FT) AA/AS.

345 Instructor I: Instructional Methodology  
32–44 hours lab, 0.5 units  
Grade Only  
Advisory: Fire Protection Technology 381F with a grade of “C” or better, or equivalent. This course covers fundamental principles and techniques of instruction with an emphasis on applied instruction in the fire service. Topics include course outline and lesson plan development; instructional aids; classroom environment management; legal and ethical issues; and instructor accountability and liability. This course is intended for practicing firefighters seeking advancement to the company officer level. (FT) AA/AS.

350 Chief Fire Officer 3  
8–9 hours lecture, 96–108 hours lab, 2.5 units  
Grade Only  
This course provides the student with a basic knowledge of the requirements of Fire Chief. Topics include human resource management, budget and fiscal responsibilities, general administration functions, and emergency services delivery functions. This course meets the requirements for Fire Chief by combining the four California State Fire Marshal Fire Chief Officer courses. It is intended for current Battalion Chiefs and Company Officers aspiring to promote to Battalion Chief and above. (FT) Not Applicable to the Associate Degree.

360A Advanced Open Water Lifeguard Training  
168–190 hours lab, 3.5 units  
Pass/No Pass  
Prerequisite: Fire Protection Technology 160 or Fire Protection Technology 363, each with a grade of “C” or better, or equivalent. Limitation on Enrollment: Health and Safety. Must be sponsored by a Regional Lifeguard Agency. This course is not open to students with previous credit for Fire Protection Technology 260 or Fire Protection Technology 360. This advanced level course trains current seasonal lifeguards for year-round positions. Topics include municipal rules and regulations, equipment operation, lifesaving procedures, law enforcement, emergency management, report writing, and leadership. Content of the course follows the standards of the United States Lifesaving Association. This course is intended for current seasonal lifeguards sponsored by a Regional Lifeguard Agency. (FT) AA/AS.

361 Current Issues and Skills Maintenance for Professional Firefighters  
4–40 hours lecture, 12–40 hours lab, 0.5–2.5 units  
Grade Only  
Prerequisite: Fire Protection Technology 381F with a grade of “C” or better, or equivalent.

(FT) = A field trip may be required for this course.  
AA/AS = Associate Degree Applicable  
CSU = California State University Applicable  
UC = University of California Applicable
This course assesses, updates, and improves the knowledge, skills, and abilities of individual fire fighters and fire crews. It meets the requirements of the International Fire Service Training Association, Occupational Safety and Health Administration (OSHA), California Title 22, California State Fire Marshall, and San Diego Fire Department Training Division. Subjects include recent legislation and legal updates; technical subjects addressing social issues and skill proficiency training in fireground and rescue operations; emergency vehicle operations; hazardous materials training; and the Incident Command System. This course is intended for practicing firefighters. (FT) Not Applicable to Associate Degree.

362A Inservice Fire Training Modules
192–240 hours lab, 4 units
Pass/No Pass

Prerequisite: Fire Protection Technology 381F with a grade of “C” or better, or equivalent Firefighter I card.

Limitation on Enrollment: This course is not open to students with previous credit for Fire Protection Technology 265 or 362.

This inservice fire training course updates, improves, and assesses the knowledge, skills, and abilities of fire crews. Students complete Emergency Medical Technician (EMT)-1 recertification and wildland/urban interface training. Other topics include hazardous materials, weapons of mass destruction, Motor Vehicle Incident (MVI) / Mass Casualty Incident (MCI) training, Aircraft Rescue Firefighting (ARFF), and incident command position responsibilities. This course is intended for practicing firefighters. (FT) Not applicable to the Associate Degree.

362B In-service Lifeguard Training Modules
192–240 hours lab, 4 units
Pass/No Pass

Prerequisite: Fire Protection Technology 160 with a grade of “C” or better, or equivalent.

This in-service lifeguard training course updates, improves, and assesses the knowledge, skills, and abilities of current lifeguard personnel, including Emergency Medical Technician (EMT)-1B recertification. Topics include water rescue and drowning prevention, beach management and law enforcement, leadership, vessel rescue, maritime enforcement, marine firefighting, swift water rescue, Self-Contained Underwater Breathing Apparatus (SCUBA) rescue, technical rope rescue, Hazardous Materials (HAZMAT) handling, weapons of mass destruction, and multiple victim/mass casualty incident command. This course is intended for practicing open water lifeguards. (FT) Not applicable to the Associate Degree.

363 Refresher, Open Water Lifeguard
30–47 hours lab, 0.5 units
Pass/No Pass

Limitation on Enrollment: This course is not open to students with previous credit for maximum credit for Fire Protection Technology 160R. This refresher course covers the basic skills of returning lifeguards and builds on those skills in preparation for the upcoming season. Students also complete the requirements for lifeguard recertification in Open Water Emergency Medical training. This course is intended for practicing open water lifeguards. (FT) Not applicable to the Associate Degree.

364 Marine Firefighting
8–9 hours lecture, 24–39 hours lab, 1 unit
Grade Only

Limitation on Enrollment: Health and Safety. Must be sponsored by a regional lifeguard agency. This California Department of Boating and Waterways course provides students with firsthand knowledge of the hazards of marine fire fighting. Students experience the actual conditions of fighting boat fires under controlled conditions. This course is intended for practicing ocean lifeguards. (FT) AA/AS.

365 All Terrain Vehicle Operations - Lifeguards
4–6 hours lecture, 12–18 hours lab, 0.5 units
Grade Only

Limitation on Enrollment: Health and Safety. Must be sponsored by a regional lifeguard agency. This course provides training in the operation and responsibilities of All Terrain Vehicles (ATVs) used in beach lifeguard operations. Topics include terminology; legal considerations; basic maintenance; riding operations; and pre- and post-operation inspections. This course is intended for practicing lifeguards. (FT) AA/AS.

366 Seamanship – Rescue Boat Handling
4–4.5 hours lecture, 36–40.5 hours lab, 1 unit
Grade Only

Prerequisite: Fire Protection Technology 160 with a grade of “C” or better, or equivalent.

Advisory: English 47A or English 48 and English 49 with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
Limitation on Enrollment: Health and Safety. To be eligible for this class, students must pass a San Diego City Lifeguard Service swim test, 500-meter swim in ten (10) minutes or less, and be employed as an ocean lifeguard or have a need to operate a rescue boat.

Limitation on Enrollment: This course is not open to students with previous credit for Fire Protection Technology 162.

This 40-hour California Department of Boating and Waterways course provides manipulative training in handling emergency rescue boats under varying conditions. These conditions include emergency response operations, towing, offshore operations, and search and rescue. This course is intended for current open water lifeguards or other public safety personnel needing to operate a rescue boat. (FT) AA/AS; CSU.

366A Personal Watercraft Operations
32–40 hours lab, 0.5 units
Grade Only

Prerequisite: Fire Protection Technology 160 with a grade of “C” or better, or equivalent.
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

Limitation on Enrollment: Health and Safety. Students must be sponsored by a lifeguard agency. This course is not open to students with previous credit for Fire Protection Technology 63 or 163.

This course trains open-water lifeguards in the operation and crew responsibilities of the personal water craft (PWC). Topics include boating law, safety, technology, maintenance, and operation. This course is intended for qualified open-water lifeguards only. (FT) AA/AS.

367A Scuba for Emergency Services I
4–4.5 hours lecture, 60–67.5 hours lab, 1.5 units
Grade Only

Limitation on Enrollment: Health and Safety. Must pass the minimum swimming standards as established by the City of San Diego Lifeguard Service.

Limitation on Enrollment: This course is not open to students with previous credit for Fire Protection Technology 167A.

This course teaches students with open-water lifeguard experience to use the Self-Contained Underwater Breathing Apparatus (scuba). Other topics include scuba history, equipment, physics, physiology, environment, and safety. Students experience six pool training sessions and six open-water scuba dives. This course is intended for practicing public safety personnel. (FT) AA/AS.

367B Scuba for Emergency Services II
8–9 hours lecture, 24–27 hours lab, 1 unit
Grade Only

Prerequisite: Fire Protection Technology 367A with a grade of “C” or better, or equivalent.

Limitation on Enrollment: Health and Safety. Must pass the minimum swimming standards as established by the City of San Diego Lifeguard Service. This course is not open to students with previous credit for Fire Protection Technology 167B.

This course teaches students with open-water lifeguard and Self-Contained Underwater Breathing Apparatus (scuba) experience to become part of a dive rescue team. Other topics include advanced search and rescue theory, evidence handling, information gathering, and treatment of divers needing medical aid. Students experience one pool-dive training session and six open-water scuba dives. This course is intended for practicing public safety personnel with scuba experience. (FT) AA/AS.

380W Basic Wildland Firefighter Academy
16–18 hours lecture, 72–81 hours lab, 2.5 units
Grade Only

This California Department of Forestry (CDF)/United States Forest Service (USFS) Firefighter I Basic Academy course introduces students to knowledge and skills related to wildland fire control. Topics emphasize the safe and efficient performance of tasks expected of wildland firefighters. This course is intended for students currently employed or seeking employment as firefighters. (FT) AA/AS.

381F Heartland Fire Training Regional Firefighter I Academy
432–486 hours lab, 9 units
Grade Only

Prerequisite: Emergency Medical Technician 105A with a grade of “C” or better, or equivalent EMT certificate.
Advisory: Fire Protection Technology 101, 110A,

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
150A, 323B, 324A and 332A, each with a grade of “C” or better, or equivalent.

**Limitation on Enrollment:** Health and Safety. Must have passed the Firefighter Entrance Exam. Must have a current Candidate Physical Abilities Test (CPAT) card or equivalent.

This course provides students with the theory, techniques, and psychomotor skills needed to be a firefighter. Topics include the fire service’s role in society; principles of fire behavior; firefighter health and safety; fire equipment operation and maintenance; and fire fighting tasks and techniques. The course emphasizes the requirements of the California State Board of Fire Services Certified Firefighter I training, International Fire Service Accreditation Congress (IFSAC) standards and Professional Qualifications (ProBoard) requirements. This course combined with FIPt 381G Firefighter I Academy Skills Review and Certification satisfies all training requirements for the IFSAC Firefighter I certification. It is intended for students currently employed or seeking employment as firefighters.

(FT) AA/AS; CSU.

### 381G Firefighter I Academy Skills Review and Certification

**72–95 hours lab, 1.5 units**

**Grade Only**

**Advisory:** Fire Protection Technology 381F with a grade of “C” or better, or equivalent.

This course reinforces, combines, and integrates the skills learned in the basic fire academy in accordance with the State Fire Marshal Firefighter 1 curriculum. Students are provided the opportunity to take the National Capstone tests for International Fire Service Accreditation Congress (IFSAC) and National Board on Fire Services Professional Qualifications (ProBoard) certifications. Successful completion of this course provides the student with the opportunity to apply for employment as a firefighter in the state of California and outside of California with those states that offer reciprocity. This course is intended for students currently employed or seeking employment as firefighters.

(FT) AA/AS; CSU.

### 381S San Diego City Basic Firefighter I Academy

**624–702 hours lab, 13 units**

**Grade Only**

**Prerequisite:** Emergency Medical Technician 105A with a grade of “C” or better, or equivalent EMT certificate.

**Advisory:** Fire Protection Technology 101, 110,

150A, 323B, 324A and 332A, each with a grade of “C” or better, or equivalent.

**Limitation on Enrollment:** Health and Safety. Must have passed the Firefighter Entrance Exam. Must have a current Candidate Physical Abilities Test (CPAT) card or equivalent.

This course provides students with the theory, techniques, and psychomotor skills needed to be a firefighter in the San Diego Fire-Rescue Department (SDFD). Topics include the fire service’s role in society; principles of fire behavior; firefighter health and safety; fire equipment operation and maintenance; basic fire fighting tasks and techniques; and SDFD-specific policies and procedures. The course emphasizes the requirements of the California State Board of Fire Services Certified Firefighter I training, International Fire Service Accreditation Congress (IFSAC) standards, and Professional Qualifications (ProBoard) requirements. This course satisfies all training requirements for the IFSAC Firefighter I certification. It is intended for San Diego City Fire Recruits or San Diego Miramar College open enrollee students who have successfully passed the San Diego City Fire Recruit Entrance Exam. Open enrollees are selected through the “open enrollee lottery” before each academy. (FT) AA/AS.

### 392L Special Topics in Fire Management

**24–243 hours lab, 0.5–4.5 units**

**Grade Only**

**Advisory:** English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

**Limitation on Enrollment:** This course is not open to students with previous credit for Fire Protection Technology 392.

This course provides students with sound management principles needed for the transition from supervisor to manager in the fire service. Management principles and practices are taught from a variety of different focus areas that may vary from term to term. Focus areas may include: human relations, group dynamics, conflict resolution, financial planning, budget preparation and control, diversity management, and labor relations, among others. Focus areas are listed in the class schedule and student transcripts. This course is intended for practicing firefighters.

(FT) AA/AS.
393L Special Topics in Hazardous Materials
24–243 hours lab, 0.5–4.5 units
Grade Only
This course provides students with sound information and practices in dealing with hazardous materials incidents. Hazardous material principles and practices are taught from a variety of different focus areas that may vary from term to term. Focus areas may include: Hazardous Materials Incident Commander, Hazardous Materials Technician, Hazardous Materials Safety Officer, Hazardous Materials Specialist, Hazardous Materials Decontamination, Hazardous Materials Mitigation, or Hazardous Materials Weapons of Mass Destruction, among others. Focus areas are listed in the class schedule and student transcripts. This course is intended for practicing firefighters. (FT) AA/AS.

394L Special Topics in Firefighting Tactics
24–243 hours lab, 0.5–4.5 units
Grade Only
Limitation on Enrollment: This course is not open to students with previous credit for Fire Protection Technology 394.
This course provides professional training in various kinds of firefighting tactics and related activities. Fundamental skills and techniques used by firefighters in the regular execution of their duties are taught from a variety of different focus areas that may vary from term to term. Focus areas may include various kinds of firefighting tactics, vehicle or equipment operation, or firefighter safety and survival, among others. Focus areas are listed in the class schedule and student transcripts. This course is intended for practicing firefighters. (FT) AA/AS.

395L Special Topics in Open Water Lifeguarding
24–216.5 hours lab, 0.5–4.5 units
Grade Only
Limitation on Enrollment: This course is not open to students with previous credit for Fire Protection Technology 395.
This course provides open water lifeguards with training in various kinds of lifeguarding practices. Fundamental skills and techniques used by lifeguards in the regular execution of their duties are taught from a variety of different focus areas that may vary from term to term. Focus areas may include various kinds of lifeguarding techniques, vehicle or equipment operation, or emergency management, among others. Focus areas are listed in the class schedule and student transcripts. This course is intended for practicing open water lifeguards. (FT) AA/AS.

392S Special Topics in Fire Management
1 hour lecture, 7–2.5 hours lab, 0.2 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
This course provides students with sound management principles needed for the transition from supervisor to manager in the fire service. Management principles and practices are taught from a variety of different focus areas that may vary from term to term. Focus areas may include: human relations, group dynamics, conflict resolution, financial planning, budget preparation and control, diversity management, and labor relations, among others. Focus areas are listed in the class schedule and student transcripts. This course is intended for practicing firefighters. (FT) AA/AS.

393S Special Topics in Hazardous Materials
1 hour lecture, 7–20.5 hours lab, 0.2 units
Grade Only
This course provides students with information and practices in dealing with hazardous materials incidents. Hazardous material principles and practices are taught from a variety of different focus areas that may vary from term to term. Focus areas may include: Hazardous Materials Incident Commander, Hazardous Materials Technician, Hazardous Materials Safety Officer, Hazardous Materials Specialist, Hazardous Materials Decontamination, Hazardous Materials Mitigation, or Hazardous Materials Weapons of Mass Destruction, among others. Focus areas are listed in the class schedule and student transcripts. This course is intended for practicing firefighters. (FT) AA/AS.

394S Special Topics in Firefighting Tactics
1 hour lecture, 7–20.5 hours lab, 0.2 units
Grade Only
This course provides professional training in various kinds of firefighting tactics and related activities. Fundamental skills and techniques used by firefighters in the regular execution of their duties
are taught from a variety of different focus areas that may vary from term to term. Focus areas may include various kinds of firefighting tactics, vehicle or equipment operation, or firefighter safety and survival, among others. Focus areas are listed in the class schedule and student transcripts. This course is intended for practicing firefighters. (FT) AA/AS.

**395S Special Topics in Open Water Lifeguarding**

1 hour lecture, 7–20.5 hours lab, 0.2 units

**Grade Only**

This course provides open water lifeguards with training in various kinds of lifeguarding practices. Fundamental skills and techniques used by lifeguards in the regular execution of their duties are taught from a variety of different focus areas that may vary from term to term. Focus areas may include various kinds of lifeguarding techniques, vehicle or equipment operation, or emergency management, among others. Focus areas are listed in the class schedule and student transcripts. This course is intended for practicing open water lifeguards. (FT) AA/AS.

**This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 236. Please refer to the class schedule and/or see the dean or department chair for availability.**

**101 Physical Geography**

3 hours lecture, 3 units

**Letter Grade or Pass/No Pass Option**

**Advisory:** English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

This course examines the major world patterns of the physical environment. The course covers the fundamental information and processes dealing with the earth’s atmosphere, climate, landforms, natural vegetation, water, and soils, along with the appropriate use of maps and charts. This course is of interest to anyone seeking an understanding of the Earth’s physical processes and mechanisms or Social Science majors. (FT) AA/AS; CSU; UC; C-ID GEOG 110.

**101L Physical Geography Laboratory**

3 hours lab, 1 unit

**Grade Only**

**Corequisite:** Completion of or concurrent enrollment in: Geography 101 with a grade of “C” or better, or equivalent.

**Advisory:** English 48 and English 49 and Mathematics 34A, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5, W5 and M20.

This course requires practical observations and applications of the geographic grid, atlases and topographic maps, weather and climate, natural vegetation and soils, and landforms. Exercises are designed to supplement Physical Geography 101. (FT) AA/AS; CSU; UC; C-ID GEOG 111.

**102 Cultural Geography**

3 hours lecture, 3 units

**Letter Grade or Pass/No Pass Option**

**Advisory:** English 101 or English 105, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.

This course is an introduction to thematic cultural geography. Emphasis is placed on population, race, language, religion, settlement patterns, political organization, economic activities, industry, and the regional distribution of these elements. This course is for students interested in thematic cultural geography or Social Science majors. (FT) AA/AS; CSU; UC; C-ID GEOG 120.

**104 World Regional Geography**

3 hours lecture, 3 units

**Letter Grade or Pass/No Pass Option**

**Advisory:** English 101 or English 105, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.

This course is a survey of the world’s major geographical regions, including Europe, North America, Latin America, Africa, Australia, Oceania, and South, East, and Southeast Asia. Emphasis is placed on the historical, environmental, cultural, economic, and technological factors that impact these geographical areas. This course is intended for students majoring in Geography and all students interested in world geography. (FT) AA/AS; CSU; UC; C-ID GEOG 125.
Health Education (HEAL)

101 Health and Life-Style 3 hours lecture, 3 units  
Letter Grade or Pass/No Pass Option  
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

This course is a survey of Earth’s major physical systems, including the lithosphere, hydrosphere, atmosphere, and Earth’s place in the solar system. Emphasis is placed on a synthesis of pertinent topics in geology, physical geography, oceanography, meteorology, and astronomy. This course is intended for those with a general interest in the Earth sciences. (FT) AA/AS; CSU; UC; C-ID GEOL 120.

111 The Earth Through Time 3 hours lecture, 3 hours lab, 4 units  
Letter Grade or Pass/No Pass Option  
Advisory: English 101 or English 105, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30 and Geology 100 or Geology 104, each with a grade of “C” or better, or equivalent.

This course covers the principles of historical geology. Topics include the origin and evolution of Earth and its biosphere, plate tectonics, stratigraphy, paleontology, and geologic dating. This course is intended for students with a general interest in geoscience, as well as those majoring in geology, earth science, or geological engineering. (FT) AA/AS; CSU; UC; C-ID GEOL 111.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 236. Please refer to the class schedule and/or see the dean or department chair for availability.

Geology (GEOL)

100 Physical Geology 3 hours lecture, 3 units  
Letter Grade or Pass/No Pass Option  
Advisory: English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

Advisory: Concurrent enrollment in Geology 101 with a grade of “C” or better, or equivalent.

Physical Geology is the science of the Earth, the materials of which it is composed, and the processes that are acting upon it. Topics include plate tectonics and earth’s internal structure, the formation and classification of minerals and rocks, geologic structures, and geologic processes of the earth’s surface and subsurface. This course is intended for students with a general interest in the geological sciences as well as those majoring in geology, earth science, or geological engineering. (FT) AA/AS; CSU; UC; C-ID GEOL 100.

101 Physical Geology Laboratory 3 hours lab, 1 unit  
Letter Grade or Pass/No Pass Option  
Corequisite: Completion of or concurrent enrollment in Geology 100 with a grade of “C” or better, or equivalent.

Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Level R5 and W5.

This laboratory course is a practical study of mineral and rock identification, landforms, topographic/geologic map interpretation, and geologic structures. This course is intended for students with a general interest in the geological sciences as well as those majoring in geology, earth science, or geological engineering. (FT) AA/AS; CSU; UC; C-ID GEOL 100L.

104 Earth Science 3 hours lecture, 3 units  
Letter Grade or Pass/No Pass Option  
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 236. Please refer to the class schedule and/or see the dean or department chair for availability.
This course covers aspects of mental, emotional, social, environmental, spiritual and physical health. Emphasis is placed on knowledge for development of attitude, understanding, and practice of a preventive life style for healthy living and optimal wellness. Specific instructional areas include chronic diseases, physical activity, nutrition, weight management, birth control methods, human sexuality, alcohol, tobacco and illicit chemical use, stress, and factors that contribute to wellness and longevity. Experience in personal health assessment and the changing of health behaviors is stressed. This course is of interest to all students seeking a healthy lifestyle, and to those pursuing a teaching credential. Satisfies State of California Health Education requirement for teaching credential. (FT) AA/AS; CSU; UC.

195 Health Education For Teachers
2 hours lecture, 2 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
Limitation on Enrollment: This course is not open to students with previous credit for Health Education 190.
This course overviews health-related issues and problems in the kindergarten through 12th grade. Topic areas include behavior modification, stress symptoms and management, physical activity, nutrition, cardiovascular disease, sexually transmitted diseases, illicit substance abuse, alcohol and nicotine use and misuse. This course satisfies the State of California Health Education requirement for the K-12 Teaching Credential. This course is intended for prospective K-12 teachers. AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 236. Please refer to the class schedule and/or see the dean or department chair for availability.

History (HIST)

100 World History I
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.
This course examines the growth of civilizations and the interrelationships of peoples of Europe, Asia, Africa and the Americas from the birth of civilization to the eve of the Modern Era. Topics in social, intellectual, economic, and political history are covered. This course is intended for history majors and all students interested in a global historical perspective. (FT) AA/AS; CSU; UC.

101 World History II
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.
This course examines the comparative history of the world’s civilizations in Africa, the Americas, Asia, and Europe from the dawn of the modern era (1600) to the present. Topics in social, intellectual, economic, and political history are covered. This course is intended for history majors as well as anyone seeking a global historical perspective. (FT) AA/AS; CSU; UC; C-ID HIST 160.

105 Introduction to Western Civilization I
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Level R6 and W6.
This course is an historical survey of Western Civilization from the early human communities through early modernism. The course is designed to introduce students to the ideas, attitudes, and institutions basic to Western Civilization through primary and secondary source material. This course is intended for students majoring in history as well as any student seeking a broad historical perspective. (FT) AA/AS; CSU; UC; C-ID HIST 170.

106 Introduction to Western Civilization II
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels W6 and R6.
This course is an historical survey of Western Civilization from early modernism to the present. Students are introduced to the ideas, attitudes, and institutions basic to Western Civilization. Topics include the political structures, social structures, forms of cultural expression, and patterns of change during key periods of Western history. This course is intended for history majors as well as any student seeking a broad historical perspective. (FT) AA/AS; CSU; UC; C-ID HIST 180.

109 History of the United States I
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6. This course, which covers the history of the United States from its colonial origins through the period of Reconstruction, provides an overview of the diverse peoples who interacted, settled, and influenced the history of the nation and its developing economic, social, and political institutions. Students are required to analyze a variety of materials, think critically, and write thesis-based essays. This course is intended for all students interested in United States history. AA/AS; CSU; UC Transfer Limitation: History (HIST) 109-110, 141-142, 150-151, Black Studies (BLAS) 140A-140B, and/or Chicano Studies (CHIC) 141A-141B combined: maximum credit, one series.

110 History of the United States II
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6. This course, which covers the history of the United States from Reconstruction to the present, provides an overview of the diverse peoples who influenced the history of the nation and its maturing economic, social, and political institutions. Students are required to analyze a variety of materials, think critically, and write thesis-based essays. This course is intended for all students interested in United States history. AA/AS; CSU; UC Transfer Limitation: History (HIST) 109-110, 141-142, 150-151, Black Studies (BLAS) 140A-140B and/or Chicano Studies (CHIC) 141A-141B combined: maximum credit, one series.
and gender roles. This course is intended for all students interested in Asian history and culture. (FT) AA/AS; CSU; UC.

121 Asian Civilizations in Modern Times

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Level R6 and W6.
This course examines the evolution of the distinct cultures, thought, and institutions in East, South, and Southeast Asia from the sixteenth century to the present through critical investigations into the impact of modernization on the political, social, economic, and cultural dimensions of these societies. Emphasis is placed on topics such as the first encounters with Western powers, the evolution of Western imperialism, the rise of nationalist movements and independent nation states, and their evolution and progress to the present. This course is intended for all students interested in Asian history and culture. (FT) AA/AS; CSU; UC.

141 Women in United States History I

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Level R6 and W6.
This course covers the history of the United States from its colonial origins through the period of Reconstruction with a special emphasis on the history and role of women. Topics include the diverse contributions of women that influenced the history of the nation and its developing economic, social, and political institutions. The course requires students to analyze a variety of materials, think critically, and write thesis-based essays. This course is intended for students interested in history or women’s studies. (FT) AA/AS; CSU.

142 Women in United States History II

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.
This course covers the history of the United States from Reconstruction to the present with a special emphasis on the history and role of women. Topics include the diverse peoples who influenced the history of the nation and its maturing economic, social and political institutions. This course requires students to analyze a variety of materials, think critically, and write thesis-based essays. It is intended for students interested in history or women’s studies. (FT) AA/AS; CSU Transfer Limitation: History (HIST) 109-110, 141-142, 150-151, Black Studies (BLAS) 140A-140B and/or Chicano Studies (CHIC) 141A-141B combined: maximum credit, one series.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 236. Please refer to the class schedule and see the dean or department chair for availability.
and operation of the U.S. intelligence community and the use of intelligence in national decision-making. Other topics include intelligence support of Homeland Security measures, counterintelligence, accountability and civil liberties, and intelligence activities of other governments. This course is intended for students employed or seeking employment with the Department of Homeland Security as well as anyone interested in the role of intelligence agencies in U.S. government. (FT) AA/AS; CSU.

120 Transportation and Border Security  
3 hours lecture, 3 units  
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5. This course provides an in-depth view of modern border and transportation security. Topics include security for seaports, ships, aircraft, trains, trucks, pipelines, and busses. The course focuses on the analysis of legal, economic, political, and cultural aspects of transportation security. This course is intended for students employed or seeking employment with the Department of Homeland Security as well as anyone interested in the field of transportation security. (FT) AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 236. Please refer to the class schedule and/or see the dean or department chair for availability.

Humanities (HUMA)

101 Introduction to the Humanities I  
3 hours lecture, 3 units  
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6. This interdisciplinary course is designed for students interested in meeting general education requirements in humanities. The course develops students’ understanding and appreciation of humankind’s cultural heritage from the Upper Paleolithic (ca. 40,000 BCE) to approximately 1400 CE. A survey is made of the literature, philosophy, music, painting, architecture, and sculpture of both Western and non-Western civilizations. (FT) AA/AS; CSU; UC.

102 Introduction to the Humanities II  
3 hours lecture, 3 units  
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6. This interdisciplinary course is designed for students interested in meeting general education requirements in humanities. The course develops students’ understanding and appreciation of humankind’s cultural heritage from approximately 1400CE to the present time. A survey is made of the literature, philosophy, music, painting, architecture, and sculpture of both Western and non-Western civilizations. (FT) AA/AS; CSU; UC.

106 World Religions  
3 hours lecture, 3 units  
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent, or Assessment Skill Levels R6 and W6. This course is an introduction to the basic elements of the religions of the world, their similarities and differences, and their impact on believers and society. The course includes a study of the historical development, doctrines, rituals, sects, and scriptures of the major religions of the world. Some analysis of ancient religious traditions and tribal religious beliefs and practices may be included. This course is intended for all students interested in humanities and the study of world religions. (FT) AA/AS; CSU; UC.

201 Mythology  
3 hours lecture, 3 units  
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6. This course introduces students to the major images and themes of the myths of widely separated peoples of the world throughout history. By analyzing various archetypal patterns found in the great civilizations and tribal cultures of the world,
students understand both the uniqueness of each culture’s world view and the commonality of human mythological conceptions. Literature and the arts are used to demonstrate these cultures’ mythic ideas. This course is meant for students in the Humanities and for those interested in the myths of the world.

(FT) AA/AS; CSU; UC.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 236. Please refer to the class schedule and/or see the dean or department chair for availability.

Journalism (JOUR)

202 Introduction to Mass Communication
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.

Limitation on Enrollment: This course is not open to students with previous credit for Radio and Television 200.

This course is a survey of mass communication in the United States. Emphasis is placed on the historical and contemporary impact of the media on society and culture as well as on the ways that social institutions shape the media. Students examine media related issues as they relate to social and cultural constructs, economics, technology, law and ethics, and social issues. This course is designed for journalism majors and all students interested in the relationship between mass media and society.

(FT) AA/AS; CSU; UC Transfer Limitation: Digital Journalism (DJRN) 100 and Journalism (JOUR) 202 combined: maximum credit, one course; C-ID JOUR 100.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 236. Please refer to the class schedule and/or see the dean or department chair for availability.

Legal Assistant (LEGL)

100A Introduction to Paralegalism
1 hour lecture, 1 unit
Grade Only
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Level R6 and W6.

Limitation on Enrollment: This course is not open to students with previous credit for Legal Assistant 100, Business 180 or Administration of Justice 105.

This introductory course for students entering the paralegal program provides an overview of the paralegal’s role in the workplace and legal system. Topics include controversies within the profession; ethics and responsibilities; sources of law; legal research technology; and an introduction to federal and state court systems. This course is intended for students majoring in Paralegal. (FT) AA/AS; CSU.

100B Legal Procedures
2 hours lecture, 2 units
Grade Only
Prerequisite: Legal Assistant 100A with a grade of “C” or better, or equivalent.

Limitation on Enrollment: This course is not open to students with previous credit for Legal Assistant 100, Administration of Justice 105, or Business 180.

This core course provides an overview of the various legal specialties offered within the paralegal program. Topics include litigation; torts; bankruptcy; family law; contract law; corporate law; trusts and wills; federal court practices and procedures; legal writing; immigration; and legal research. Students learn specialized legal terminology and technology. This course is intended for students majoring in Paralegal. (FT) AA/AS; CSU.

105 Legal Research
3 hours lecture, 3 units
Grade Only
Corequisite: Completion of or concurrent enrollment in Legal Assistant 100A with a grade of “C” or better, or equivalent.

Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.

Limitation on Enrollment: This course is not open to students with previous credit for Administration of Justice 107 or Business 181.

This core course introduces students to legal research. Topics include research methods, primary and secondary sources, official and unofficial
opinions, binding and persuasive authority, the Shepard’s system of validating cases and statutes, Internet research, and an introduction to LexisNexis and Westlaw. This course is intended for students majoring in Paralegal. (FT) AA/AS; CSU.

106 Computer Assisted Legal Research (CALR)
1 hour lecture, 1 unit
Grade Only

Prerequisite: Legal Assistant 105 with a grade of “C” or better, or equivalent.
This course provides students with hands-on experience in performing legal research using the computer. Students learn to identify research issues and find legal references and information using the Internet, Loislaw, Lexis/Nexis, and other sources. This course is intended for students majoring in Paralegal or those interested in legal research. (FT) AA/AS; CSU.

110 Legal Writing & Communications
3 hours lecture, 3 units
Grade Only

Corequisite: Completion of or concurrent enrollment in Legal Assistant 105 with a grade of “C” or better, or equivalent.
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.
Limitation on Enrollment: This course is not open to students with previous credit for Administration of Justice 108 or Business 182.
This core course covers legal writing and oral communication. Topics include case analysis, legal reasoning, brief writing, legal memoranda, reports, and correspondence. This course is intended for students majoring in Paralegal. (FT) AA/AS; CSU.

115 Civil Litigation – Procedures
3 hours lecture, 3 units
Grade Only

Corequisite: Completion of or concurrent enrollment in Legal Assistant 100A with a grade of “C” or better, or equivalent.
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.
Limitation on Enrollment: This course is not open to students with previous credit for Legal Assistant 109 or Business 183.
This course introduces students to the civil litigation process. Students examine the basic principles of civil procedures as applicable to both plaintiffs and defendants in the California court system. Other topics include jurisdiction, venue, discovery and preparation of pleadings. This course is intended for students majoring in Paralegal. (FT) AA/AS; CSU.

120 Tort Law
3 hours lecture, 3 units
Grade Only

Corequisite: Completion of or concurrent enrollment in Legal Assistant 100A with a grade of “C” or better, or equivalent.
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.
Limitation on Enrollment: This course is not open to students with previous credit for Administration of Justice 110 or Business 184.
This core course introduces students to the broad area of civil wrongs and their appropriate remedies. Topics include tort law principles in the traditional areas of intentional torts, negligence, strict liability, product liability, nuisance, and commonly employed defenses. This course is intended for students majoring in Paralegal. (FT) AA/AS; CSU.

140 Law Office Management and Technology
3 hours lecture, 3 units
Grade Only

Corequisite: Completion of or concurrent enrollment in: Legal Assistant 100A with a grade of “C” or better, or equivalent.
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Level R6 and W6.
This course examines systems and procedures for law office management and administration. Students learn how paralegals use computer systems and legal software applications to make their jobs easier and improve their value to employers. Topics include file management, personnel issues, computer systems, timekeeping and billing, case management/calendaring/docket control, litigation support, and legal ethics. This course is intended for students majoring in Paralegal or others interested in law office management and administration. (FT) AA/AS; CSU.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
145 Federal Court Practices and Procedures
3 hours lecture, 3 units
Grade Only
Corequisite: Completion of or concurrent enrollment in: Legal Assistant 100A with a grade of "C" or better, or equivalent.
Advisory: Legal Assistant 105 with a grade of "C" or better, or equivalent and English 101 with a grade of "C" or better, or equivalent or Assessment Skill Level R6 and W6.
Limitation on Enrollment: This course is not open to students with previous credit for Administration of Justice 112 or Business 186.
This course presents the legal practices and procedures utilized in federal court. Topics include criminal, civil, bankruptcy, and appellate procedures. The course emphasizes rules of practice to help students develop the skills legal assistants utilize in law offices. This course is intended for students majoring in Paralegal. (FT) AA/AS; CSU.

150 Criminal Litigation and Procedure
3 hours lecture, 3 units
Grade Only
Corequisite: Completion of or concurrent enrollment in: Legal Assistant 100A with a grade of "C" or better, or equivalent.
Advisory: English 101 with a grade of "C" or better, or equivalent or Assessment Skill Level R6 and W6.
Limitation on Enrollment: This course is not open to students with previous credit for Administration of Justice 113 or Business 187.
This course provides students with an understanding of criminal litigation practice and procedure. Topics include the criminal court system, criminal investigation and prosecution, discovery and investigation, pre-trial motions, trial preparation and procedures, and post-trial motions and relief. This course is intended for students majoring in Paralegal. (FT) AA/AS; CSU.

155 Employment Law
3 hours lecture, 3 units
Grade Only
Corequisite: Completion of or concurrent enrollment in: Legal Assistant 100A with a grade of "C" or better, or equivalent.
Advisory: Legal Assistant 105 or 110 with a grade of "C" or better, or equivalent and English 101 with a grade of "C" or better, or equivalent or Assessment Skill Level R6 and W6.
This course provides an overview of the legal relationship between employer and employee. It also provides a basic understanding of employment-related laws and the impact those laws have on employers and employees. Students learn about both the federal and state regulatory environment as it applies to employment law. Topics include pre-employment concerns, legal aspects of the employer/employee relationship, discrimination issues and actions, terminations, and ethical issues in employment law. This course is intended for students majoring in Paralegal. (FT) AA/AS; CSU.

160 Bankruptcy Law
3 hours lecture, 3 units
Grade Only
Corequisite: Completion of or concurrent enrollment in: Legal Assistant 100A with a grade of "C" or better, or equivalent.
Advisory: English 101 with a grade of "C" or better, or equivalent or Assessment Skill Level R6 and W6.
Limitation on Enrollment: This course is not open to students with previous credit for Business 265: Bankruptcy Law.
This course is a specialty elective in the Legal Assistant program that focuses on bankruptcy law and procedures. Topics include commencement of a case; preparation of schedules; operation and liquidation procedures; adversary matters; litigation in bankruptcy court; and debtors' and creditors' rights and obligations. This course is intended for students majoring in Paralegal. (FT) AA/AS; CSU.

165 Family Law
3 hours lecture, 3 units
Grade Only
Corequisite: Completion of or concurrent enrollment in: Legal Assistant 100A with a grade of "C" or better, or equivalent.
Advisory: English 101 with a grade of "C" or better, or equivalent or Assessment Skill Level R6 and W6.
Limitation on Enrollment: This course is not open to students with previous credit for Business 265: Family Law.
This course is a specialty elective in the Legal Assistant program that focuses on domestic relations law and its application to family situations. Topics include formation of the marital relationship; dissolution; child custody and support; adoption; abortion; paternity; and domestic violence. This course is intended for students majoring in Paralegal. (FT) AA/AS; CSU.
170 Corporate Law
3 hours lecture, 3 units
Grade Only
Corequisite: Completion of or concurrent enrollment in: Legal Assistant 100A with a grade of “C” or better, or equivalent.
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Level R6 and W6.
Limitation on Enrollment: This course is not open to students with previous credit for Business 265: Corporate Law.
This course introduces students to the various forms of business enterprises, including sole proprietorships, partnerships, and corporations. The course focuses on the legal steps and forms needed to create, maintain, and dissolve each type of business with an emphasis on corporations. This course is intended for students majoring in Paralegal. (FT) AA/AS; CSU.

175 Estates, Trusts, and Wills
3 hours lecture, 3 units
Grade Only
Corequisite: Completion of or concurrent enrollment in: Legal Assistant 100A with a grade of “C” or better, or equivalent.
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Level R6 and W6.
This course is an introduction to the responsibilities and duties that paralegals perform under estate attorney supervision. Topics include estate administration legal principles; terminology; and procedural steps, including current federal and state tax consequences. This course is intended for students majoring in Paralegal or others interested in estate administration. (FT) AA/AS; CSU.

180 Contract Law
3 hours lecture, 3 units
Grade Only
Corequisite: Completion of or concurrent enrollment in: Legal Assistant 100A with a grade of “C” or better, or equivalent.
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.
This course provides students with the knowledge and skills for drafting and interpreting different types of contracts. Topics include elements of a contract, performance and breach issues, defenses to formation and enforcement, contract remedies, and third party contracts. This course is intended for students majoring in Paralegal. (FT) AA/AS; CSU.

200 Elder Law
3 hours lecture, 3 units
Grade Only
Corequisite: Completion of or concurrent enrollment in: Legal Assistant 100A with a grade of “C” or better, or equivalent.
Advisory: Legal Assistant 105 or 110 with a grade of “C” or better, or equivalent and English 101 with a grade of “C” or better, or equivalent or Assessment Skill Level R6 and W6.
This legal specialty elective focuses on legal issues that affect older people. Topics include financial and estate planning; health care; personal planning and protection; and consumer protection. This course is intended for students majoring in Paralegal or those seeking employment in law firms handling elder law and senior care housing facilities. (FT) AA/AS; CSU.

205 Environmental Law
3 hours lecture, 3 units
Grade Only
Corequisite: Completion of or concurrent enrollment in: Legal Assistant 100A with a grade of “C” or better, or equivalent.
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Level R6 and W6.
This legal specialty elective introduces students to the emerging field of environmental law through a critical review of basic legal concepts and their social, economic, and environmental effects. Topics include various sources of environmental law; legal remedies, planning acts; environmental protection acts; environmental assessment acts; and hearing boards and their operation. This course is intended for students majoring in Paralegal. (FT) AA/AS; CSU.

210 Immigration Law
3 hours lecture, 3 units
Grade Only
Corequisite: Completion of or concurrent enrollment in: Legal Assistant 100A with a grade of “C” or better, or equivalent.
Advisory: Legal Assistant 105 with a grade of “C” or better, or equivalent and English 101 with a grade of “C” or better, or equivalent or Assessment Skill Level R6 and W6.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
This course provides an overview of the laws of immigration and naturalization. Topics include the history of immigration, the evolution of this country’s policies toward aliens, and the interplay of the three administrative agencies which administer immigration and naturalization laws: the Justice Department, Labor Department, and State Department. This course is intended for students majoring in Paralegal or anyone interested in immigration law. (FT) AA/AS; CSU.

215 Administrative Law

3 hours lecture, 3 units
Grade Only

Corequisite: Completion of or concurrent enrollment in Legal Assistant 100A with a grade of “C” or better, or equivalent.

Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6. This legal specialty course presents basic concepts of administrative law and procedure in federal and state agencies, with emphasis on the paralegal’s role in the administrative process. Students learn both formal and informal advocacy techniques, including representing clients before administrative bodies. Substantive topics include administrative delegation of power, rule making, agency discretionary powers, remedies, and judicial review. Procedural topics include agency operation; adjudication; hearing preparation; and administrative and judicial appeals. This course is intended for students majoring in Paralegal or anyone interested in administrative law. (FT) AA/AS; CSU.

220 Intellectual Property Law

3 hours lecture, 3 units
Grade Only

Corequisite: Completion of or concurrent enrollment in Legal Assistant 100A with a grade of “C” or better, or equivalent.

Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6. This legal specialty course provides the student with an in-depth analysis of the law pertaining to the fields of intellectual property: trademarks, copyrights, patents, trade secrets, and unfair competition. The methods by which each topic is created and protected will also be explored. This course is intended for students majoring in Paralegal or anyone interested in intellectual property law. (FT) AA/AS; CSU.

225 Real Estate Law

3 hours lecture, 3 units
Grade Only

Corequisite: Completion of or concurrent enrollment in Legal Assistant 100A with a grade of “C” or better, or equivalent.

Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6. This legal specialty elective course is an introduction to real estate law and practice. Topics include property rights; types of land ownership/estates; the effects of easements and rights-of-way on title and use of real estate; agreements for leasing; agreements for sale; financing; conveyancing; title insurance; settlement procedures; recording; and post-closing matters that deal with residential, commercial, condominiums, and planned communities. Ethics will be discussed throughout the course in relation to specific scenarios that may occur during the practice of real estate law. This course is intended for students majoring in Paralegal or anyone interested in real estate law. (FT) AA/AS; CSU.

270 Paralegal Internship / Work Experience

60 - 300 hours other, 1-4 units
Grade Only

Corequisite: Completion of or concurrent enrollment in: Legal Assistant 100B with a grade of “C” or better, or equivalent.

A program of applied learning experiences for students employed in a paralegal-related job or internship under the supervision of an attorney in a law office, government agency, or other legal setting. One unit of credit is earned for each 75 hours of paid employment or 60 hours of volunteer work. The combined maximum credit for all Work Experience courses from all disciplines may not exceed 16 units. This course is intended for students majoring in Paralegal or those interested in the legal field. (FT) AA/AS; CSU.

290 Independent Study

3–9 hours other, 1–3 units
Pass/No Pass

Limitation on Enrollment: Must obtain an Add Code from the instructor for enrollment.

This course is for students who wish to conduct additional research, a special project, or learning activities in a specific discipline/subject area and is not intended to replace an existing course in the discipline. In this course students will have a written contract with their instructor for activities such as:
preparing problem analysis, engaging in primary research, preparing reports, and meeting with the instructor at specific intervals. AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 236. Please refer to the class schedule and/or see the dean or department chair for availability.

Library Science (LIBS)

101 Information Literacy and Research Skills
1 hour lecture, 1 unit
Letter Grade or Pass/No Pass Option
Advisory: English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5; or English 37A, English 37B, or English 64 each with a grade of “C” or better, or equivalent.
This course is an overview of information resources and the skills required to use them effectively. Students learn how to use library resources such as electronic indexes and databases, online services, and the Internet, as well as learn to develop strategies for conducting research. This course is intended for students who wish to acquire skills that enable them to find information for academic research, career demands, and/or lifelong learning. (FT) AA/AS; CSU; UC.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 236.

Lifeguarding
See Fire Protection Technology (FIPT), page 355.

Marketing (MARK)

100 Principles of Marketing
3 hours lecture, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
This course is an overview of the foundations, principles, processes, and goals of marketing. Topics include ethics and social responsibility; global marketing and world trade; corporate marketing strategies; and emerging technologies. Marketing strategies include product planning, development, pricing, distribution, and promotion. This course is intended for students majoring in business or others working in a business environment such as managers and supervisors. (FT) AA/AS; CSU.

270 Work Experience
Hours by Arrangement
One unit of credit is earned for each 75 hours of paid employment or 60 hours of volunteer work.)
1–4 units
Grade Only
A program of on-the-job learning experiences for students employed in a job related to their major or their educational goals. The combined maximum credit for all work experience courses from all disciplines may not exceed 16 units. AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 236. Please refer to the class schedule and/or see the dean or department chair for availability.
Basic Skills Courses

All courses at this level are offered for college credit. Credit for these courses will not apply toward the associate degree but will count toward the determination of a student’s workload and eligibility for financial aid.

15A Prealgebra Refresher

3 hours lab, 1 unit
Pass/No Pass

This course is intended for students who have completed the math assessment with a level of M20 (prealgebra) and wish to improve their placement level; students who have successfully completed Prealgebra but need more review; or students who unsuccessfully attempted Beginning Algebra and need review of Prealgebra skills. The course consists of personalized computer assisted instruction to refresh those concepts identified as needed for each student. Successful completion of this course may serve as a basis for a petition to challenge a Prealgebra prerequisite. This course will not replace a failing grade in Prealgebra. Not Applicable to Associate Degree.

15B Elementary Algebra and Geometry Refresher

3 hours lab, 1 unit
Pass/No Pass

This course is intended for those students who have completed the math assessment with a level of M30 (beginning algebra and geometry) and wish to improve their placement level; students who have successfully completed Beginning Algebra but need more review; or students who unsuccessfully attempted Intermediate Algebra and need review of Prealgebra skills. The course consists of personalized computer assisted instruction to refresh those concepts identified as needed for each student. Successful completion of this course may serve as a basis for a petition to challenge a Beginning Algebra prerequisite. This course will not replace a failing grade in Prealgebra. Not Applicable to Associate Degree.

15C Intermediate Algebra and Geometry Refresher

3 hours lab, 1 unit
Pass/No Pass

This course is intended for those students who have completed the math assessment with a level of M40 (intermediate algebra and geometry) and wish to improve their placement level; students who have successfully completed Intermediate Algebra but need more review; or students who unsuccessfully attempted a transfer level math class and need review of Intermediate Algebra and Geometry skills. The course consists of personalized computer assisted instruction to refresh those concepts identified as needed for each student. Successful completion of this course may serve as a basis for a petition to challenge an Intermediate Algebra prerequisite. This course will not replace a failing grade in Intermediate Algebra. Not Applicable to Associate Degree.

15D Geometry Refresher

3 hours lab, 1 unit
Pass/No Pass

This course is intended for those students who have completed a high school geometry course or for those students who have completed Intermediate Algebra and Geometry and need to review geometric principles prior to taking Math for Elementary Teachers or Trigonometry. The course consists of personalized computer assisted instruction to refresh those concepts identified as needed for each student. (FT) Not Applicable to Associate Degree.

15E Trigonometry Refresher

3 hours lab, 1 unit
Pass/No Pass

This course is intended for those students who have completed the math assessment with a level of M50 who need to review their Trigonometry knowledge prior to taking Precalculus or Calculus. Students begin at the level of their original placement and, working at their own pace, may improve their placement up to M60 (precalculus level). The course consists of personalized computer assisted instruction to refresh those concepts identified as needed for each student. (FT) Not applicable to the Associate Degree.
15F College Algebra Refresher
3 hours lab, 1 unit
Pass/No Pass
This course is intended for those students who have completed the math assessment with a level of M50 and need to review their College Algebra skills prior to taking a Calculus sequence. The course consists of personalized computer assisted instruction to refresh those concepts identified as needed for each student. Successful completion of this course may serve as a basis for a petition to challenge a College Algebra prerequisite. Students wishing to challenge Pre-calculus must also show competence in Trigonometry. (FT) Not applicable to the Associate Degree.

34A Basic Mathematics and Study Skills
4 hours lecture, 4 units
Letter Grade or Pass/No Pass Option
(Formerly Mathematics 32)
Advisory: English 42 with a grade of “C” or better, or equivalent or Assessment Skill Level R4 or English for Speakers of Other Languages 31 with a grade of “C” or better, or equivalent or Assessment Skill Level L40.
Limitation on Enrollment: This course is not open to students with previous credit for Mathematics 32. This course is an introduction to fundamental concepts of arithmetic. Emphasis is placed on addition, subtraction, multiplication, division and exponentiation on whole numbers, fractions, and decimals. Topics also include simple percents and ratios, systems of measurement, and applications of these topics. Students learn basic study skills necessary for success in mathematics courses. This course is intended for students preparing for Prealgebra. (FT) Not applicable to the Associate Degree.

38 Pre-Algebra and Study Skills
(Formerly Mathematics 35)
4 hours lecture, 4 units
Letter Grade or Pass/No Pass Option
Prerequisite: Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M20.
Advisory: Completion of or concurrent enrollment in English 48 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Level R5 and W4.
Limitation on Enrollment: This course is not open to students with previous credit for Mathematics 35. Elementary algebra and geometry serves as the foundation for other math courses and is the first of a two-course integrated sequence in algebra and geometry intended to prepare students for transfer level mathematics. This course covers the real number system; writing, simplifying, solving and graphing of linear equations in one variable; solving linear inequalities in one variable; solving systems of linear equations in two variables; algebraic operations with polynomial expressions and factoring; functions; operations involving rational expressions and related equations; and geometric properties of lines, angles, and triangles. It is intended for students preparing for higher-level geometry and algebra courses. (FT) Not Applicable to Associate Degree, basic skills.

47A Beginning Algebra and Practical Descriptive Statistics
3 hours lecture, 3 hours lab, 4 units
Grade Only
Prerequisite: Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Advisory: Completion of or concurrent enrollment in English 43 and English 48, each with a grade of “C” or better, or equivalent or Assessment Skill Level W4 and RS.

This course is the first of a two course sequence in the study of statistical methods integrated with algebraic tools to prepare students to analyze processes encountered in society and the workplace. The course covers an introduction to algebra and descriptive statistics in an integrated approach. Topics include data collection, organizing and interpreting data graphically, qualitative and quantitative data sets, measures of central tendency and measures of dispersion, bivariate data and scatter plots, linear functions and their graphs, nonlinear functions and their graphs, and applying technology to calculate various types of regressions. Students are expected to implement technology to perform calculations to organize data in order to make statistical conclusions. This sequence of courses is intended for students that are not planning on majoring in a science, technology, engineering, or mathematics related discipline. (FT) Not applicable to Associate Degree.

**Associate Degree Courses**

**96 Intermediate Algebra and Geometry**

<table>
<thead>
<tr>
<th>5 hours lecture, 5 units</th>
</tr>
</thead>
</table>

**Letter Grade or Pass/No Pass Option**

Prerequisite: Mathematics 46 with a grade of “C” or better, or equivalent or Assessment Skill Level M40.

Advisory: English 48 and English 43, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W4.

Intermediate Algebra and Geometry is the second of a two-course integrated sequence in algebra and geometry. This course covers systems of equations and inequalities, radical and quadratic equations, quadratic functions and their graphs, complex numbers, nonlinear inequalities, exponential and logarithmic functions, conic sections, sequences and series, and solid geometry. The course also includes application problems involving these topics. This course is intended for students preparing for transfer-level mathematics courses. (FT) AA/AS.

**Transfer Level Courses**

**104 Trigonometry**

| 3 hours lecture, 3 units |

**Letter Grade or Pass/No Pass Option**

Prerequisite: Mathematics 96 with a grade of “C” or better, or equivalent or Assessment Skill Level M50.

This course is a study of the numerical, analytical, and geometric properties of right and oblique triangles, of trigonometric and inverse trigonometric functions, and their applications. The course content includes right angle trigonometry, radian measure, circular functions, graphs of circular functions and their inverses, trigonometric identities, equations involving trigonometric and inverse trigonometric functions, an introduction of the complex plane, vectors and their operations, and the trigonometric form of complex numbers. This course is designed as a preparation for calculus and it is intended for the transfer student planning to major in mathematics, engineering, economics, or disciplines included in the physical or life sciences. (FT) AA/AS; CSU.

**115 Gateway to Experimental Statistics**

| 3 hours lecture, 3 hours lab, 4 units |

**Grade Only**

Prerequisite: Mathematics 47A with a grade of “C” or better, or equivalent Statway I.

Advisory: Completion of or concurrent enrollment in English 43 and English 48, each with a grade of “C” or better, or equivalent or Assessment Skill Levels W4 and R5 or English 47A with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5. This course is a second in the study of statistical methods integrated with algebraic tools to prepare students to analyze these processes encountered in society and the workplace. The course covers a review of functions, their geometric properties, counting principles and probability rules, probability distribution functions, sampling, and inferential statistics of one and two variable data sets. Students are expected to implement technology to perform calculations to analyze data and make statistical conclusions. This sequence of courses is intended for students that are not planning on majoring in a science, technology, engineering or mathematics related discipline. (FT) AA/AS; CSU; UC Transfer Limitation: Mathematics 115, 119, BIOL 200 and PSYC 258 combined: maximum credit, one course. Students must complete both Statway courses UC-transferable for students applying to UC for Fall 2016 and later. Please see a Counselor.
116 College and Matrix Algebra
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Mathematics 96 with a grade of "C" or better, or equivalent or Assessment Skill Level M50.
This course is designed to strengthen the algebra skills of students seeking Business or Natural Science degrees who are required to take an applied calculus course. Topics in the course include the theory of functions; graphing functions; exponential and logarithmic functions; solving equations involving algebraic, exponential and logarithmic functions; solving systems of linear equations; matrix algebra; modeling; and applications problems. Analytical reading and problem solving skills are required for success in this course. (FT) AA/AS; CSU; UC Transfer Limitation: Mathematics (MATH) 116 and 141 combined: maximum credit, one course.

118 Math for the Liberal Arts Student
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Mathematics 92 or Mathematics 96, each with a grade of "C" or better, or equivalent or Assessment Skill Levels M45 or M50.
Advisory: English 101 with a grade of "C" or better, or equivalent or Assessment Skill Levels R6 and W6.
This course covers a selection of topics from logical reasoning, quantitative literacy, the history of mathematics, statistics, probability, number theory, problem-solving techniques, and applications of mathematics to the liberal arts curriculum. Emphasis is placed on the development of an understanding and life long appreciation for critical thinking and mathematical problem solving. This is a general education mathematics course designed for students majoring in the liberal arts. (FT) AA/AS; CSU.

119 Elementary Statistics
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Mathematics 92 or Mathematics 96, each with a grade of “C” or better, or equivalent or Assessment Skill Levels M45 or M50.
This course covers descriptive and inferential statistics. The descriptive portion analyzes data through graphs, measures of central tendency and spread. Other statistical practices utilize basic probability, binomial and normal distributions, estimation of population parameters, hypothesis testing, linear regression and correlation. Analytical reading and problem solving are required for success in this course. This course is intended for students interested in statistical analysis or need a transfer math course. (FT) AA/AS; CSU; UC Transfer Limitation: Mathematics (MATH) 119, Biology (BIOL) 200 or Psychology (PSYC) 258 combined: maximum credit, one course.

121 Basic Techniques of Applied Calculus I
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Mathematics 116 with a grade of “C” or better, or equivalent
This course examines the study of calculus using numerical, graphical, and analytical methods to analyze calculus problems encountered in real-world applications in business, natural/life sciences, and social sciences. Topics include limits, derivatives, and integrals of algebraic, exponential, and logarithmic functions, curve sketching, optimization, and areas under and between curves and partial derivatives and optimization of multivariable functions. This is the first course in a sequence of mathematics courses for students intending to major in business, economics, or natural and social sciences. (FT) AA/AS; CSU; UC Transfer Limitation: Mathematics (MATH) 121 and 150 combined: maximum credit, one course; C-ID MATH 140.

122 Basic Techniques of Calculus II
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Mathematics 121 with a grade of “C” or better, or equivalent.
This second course in a math sequence covers methods of integration, multivariable functions and optimization problems, differential equations, Taylor series development and application, derivatives and integrals of trigonometric functions, and their usage in solving problems encountered in real-world applications in business, life and social sciences and economics. This course is intended for students majoring in business, natural science, social science and economics. (FT) AA/AS; CSU; UC Transfer Limitation: Mathematics (MATH) 122 and 151 combined: maximum credit, one course.
141 Precalculus  
5 hours lecture, 5 units  
**Letter Grade or Pass/No Pass Option**  
*Prerequisite:* Mathematics 104 with a grade of “C” or better, or equivalent.  
This course is a study of numerical, analytical, and graphical properties of functions. The course content includes polynomial, rational, irrational, exponential, logarithmic, and trigonometric functions. Additional topics include: inverse functions, complex numbers, polar coordinates, matrices, conic sections, sequences, series and the binomial theorem. This course is designed as a preparation for calculus and is intended for the transfer student planning to major in mathematics, engineering, economics, or disciplines included in the physical or life sciences. (FT) AA/AS; CSU; UC Transfer Limitation: Mathematics (MATH) 1 16 and 141 combined: maximum credit, one course.

150 Calculus with Analytic Geometry I  
5 hours lecture, 5 units  
**Letter Grade or Pass/No Pass Option**  
*Prerequisite:* Mathematics 141 with a grade of “C” or better, or equivalent.  
This course is an introduction to university-level calculus requiring a strong background in algebra and trigonometry. The topics of study include analytic geometry, limits, differentiation and integration of algebraic and transcendental functions, and applications of derivatives and integrals. Emphasis is placed on calculus applications involving motion, optimization, graphing, and applications in the physical and life sciences. This course incorporates the use of technology. Analytical reading and problem solving are strongly emphasized in this course. This course is intended for students majoring in mathematics, computer science, physics, chemistry, engineering, or economics. AA/AS; CSU; UC Transfer Limitation: Mathematics (MATH) 121 and 150 combined: maximum credit, one course.

210A Concepts of Elementary School Mathematics I  
3 hours lecture, 3 units  
**Grade Only**  
*Prerequisite:* Mathematics 96 with a grade of “C” or better, or equivalent, or Assessment Skill Level M50.  
*Advisory:* English 101 with a grade of “C” or better, or equivalent, or Assessment Skill Levels R6 and W6; or English 105 with a grade of “C” or better, or equivalent.  
This course is a study of the mathematical concepts needed for teaching elementary school mathematics with emphasis on number and function. This course promotes an appreciation of the importance of logical thinking and applications of mathematics in problem solving and critical thinking. It studies the basic computational skills, but also requires the understanding and explanation of the basic mathematical concepts and the connections between them. It is designed especially for students preparing for credentials in elementary education. Analytical reading and problem solving are required for success in this course. (FT) AA/AS; CSU; UC Transfer Limitation: Mathematics (MATH) 210A and 210B combined: maximum credit, one course.

210B Concepts of Elementary School Mathematics II  
3 hours lecture, 3 units  
**Grade Only**  
*Prerequisite:* Mathematics 210A with a grade of “C” or better, or equivalent.  
*Advisory:* English 101 or English 105, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.  
This course is the second course in a one-year sequence in the study of the mathematical concepts needed for teaching elementary school mathematics with emphasis on geometry, transformational geometry, and measurement. This course also
promotes an appreciation of the importance of logical thinking and applications of mathematics in problem solving and critical thinking. It studies the understanding and explanation of the basic mathematical concepts and the connections between them. It is designed especially for students preparing for credentials in elementary education. Analytical reading and problem solving are required for success in this course. (FT) AA/AS; CSU; UC

Transfer Limitation: Mathematics (MATH) 210A and 210B combined: maximum credit, one course.

245 Discrete Mathematics
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Mathematics 122 or Mathematics 151, each with a grade of “C” or better, or equivalent.
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.
This course is an introduction to the theory of discrete mathematics and introduces elementary concepts in logic, set theory, and number theory. The topics covered include propositional and predicate logic, methods of proof, set theory, Boolean algebra, number theory, equivalence and order relations, and functions. This forms a basis for for upper division courses in mathematics and computer science, and is intended for the transfer student planning to major in these disciplines. (FT) AA/AS; CSU; UC.

252 Calculus with Analytic Geometry III
4 hours lecture, 4 units
Grade Only
Prerequisite: Mathematics 151 with a grade of “C” or better, or equivalent.
This course includes the algebra and geometry of 2 and 3 dimensional Euclidean vectors, the algebra and calculus of multivariable functions including composition of functions, limits, continuity, partial differentiation, gradients, higher order derivatives, the chain rule, constrained and unconstrained optimization including Lagrange's theorem, multiple integrals, integrals over paths and surfaces, and integral theorems of vector analysis. This course is intended as a general introduction to the theory and applications of multivariable calculus. This course is essential for most upper division courses in mathematics and forms part of the foundation for engineering and physics. The course is intended for the students interested and/or planning to major in mathematics, physics, astronomy, engineering, computer science, physical chemistry, operational research, or economics. (FT) AA/AS; CSU; UC.

254 Introduction to Linear Algebra
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Mathematics 151 with a grade of “C” or better, or equivalent.
This course serves as an introduction to the theory and applications of elementary linear algebra, and is the basis for most upper division courses in mathematics. The topics covered in this course include matrix algebra, Gaussian Elimination, systems of equations, determinants, Euclidean and general vector spaces, linear transformations, orthogonality and inner product spaces, bases of vector spaces, the Change of Basis Theorem, eigenvalues, eigenvectors, the rank and nullity of matrices and introduction to linear transformations. This course is intended for the transfer student planning to major in mathematics, physics, engineering, computer science, operational research, economics, or other sciences. (FT) AA/AS; CSU; UC.

255 Differential Equations
3 hours lecture, 3 units
Grade Only
Prerequisite: Mathematics 252 and Mathematics 254, each with a grade of “C” or better, or equivalent.
This course covers first order and higher order equations and their applications. Topics include linear first order and higher order equations, homogeneous and nonhomogeneous equations with constant or variable coefficients, and systems of ordinary differential equations. Methods used to solve equations include substitution methods, integrating factors, reduction of order, variation of parameters, power series solutions, and Laplace transforms. This course is intended as an introduction to the theory and applications of differential equations and is the basis for many upper division courses in engineering, physics, and mathematics. It is intended for the transfer student planning to major in mathematics, engineering, operational research, physics, or other physical science. (FT) AA/AS; CSU; UC.
This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 236. Please refer to the class schedule and/or see the dean or department chair for availability.

Medical Laboratory Technician Training (MLTT)

51 Directed Clinical Practice in Clinical Chemistry
160 hours other, 2 units
Prerequisite: Medical Laboratory Technician Training 201, 202 and 203, each with a grade of “C” or better, or equivalent. All prerequisites must be completed within five years prior to enrollment.
Limitation on Enrollment: Health and Safety. Certified Phlebotomy Technician Level I (CPT-1 License CA). Must obtain an Add Code from the instructor for enrollment. Required to verify CPT-1 License and clinical placement.
This course provides clinical laboratory practice and experience in the laboratory of general and specialized chemistry. Various instrumentation, as well as bench and manual methods, will be introduced. Emphasis is placed on technique, accuracy and precision. This practicum will take place at a clinical affiliate site that will be assigned by the Medical Laboratory Technician Training Program Director. This course is intended for students majoring in Medical Laboratory Technology. (FT) AA/AS.

52 Directed Clinical Practice in Clinical Hematology, Urinalysis and Coagulation
160 hours other, 2 units
Prerequisite: Medical Laboratory Technician Training 201, 202, and 203, each with a grade of “C” or better, or equivalent. All prerequisites must be completed within five years prior to enrollment.
Limitation on Enrollment: Health and Safety. Certified Phlebotomy Technician Level I (CPT-1 License CA). Must obtain an Add Code from the instructor for enrollment. Required to verify CPT-1 License and clinical placement.
This course provides laboratory practice and experience in the laboratory of hematology, urinalysis and coagulation. Various instrumentation, as well as bench and manual methods, will be introduced. Emphasis is placed on technique, accuracy and precision. This practicum will take place at a clinical affiliate site that will be assigned by the Medical Laboratory Technician Training Program Director. This course is intended for students majoring in Medical Laboratory Technology. (FT) AA/AS.

53 Directed Clinical Practice in Clinical Immunology and Immunohematology
160 hours other, 2 units
Prerequisite: Medical Laboratory Technician Training 201, 202, and 203, each with a grade of “C” or better, or equivalent. All prerequisites must be completed within five years prior to enrollment.
Limitation on Enrollment: Health and Safety. Certified Phlebotomy Technician Level I (CPT-1 License CA). Must obtain an Add Code from the instructor for enrollment. Required to verify CPT-1 License and clinical placement.
This course provides clinical laboratory practice and experience in the laboratory of serology and blood banking, including syphilis serology and general immunology. Various instrumentation, as well as bench and manual methods, will be introduced. Emphasis is placed on technique, accuracy and precision. This practicum will take place at a clinical affiliate site that will be assigned by the Medical Laboratory Technician Training Program Director. This course is intended for students majoring in Medical Laboratory Technology. (FT) AA/AS.

54 Directed Clinical Practice in Clinical Microbiology
160 hours other, 2 units
Prerequisite: Medical Laboratory Technician Training 201, 202, 203, each with a grade of “C” or better, or equivalent. All prerequisites must be completed within five years prior to enrollment.
Limitation on Enrollment: Health and Safety. Certified Phlebotomy Technician Level I (CPT-1 License CA). Must obtain an Add Code from the instructor for enrollment. Required to verify CPT-1 License and clinical placement.
This course provides laboratory practice and experience in the clinical laboratory of microbiology. Various instrumentation, as well as bench and manual methods, will be introduced. Emphasizes technique, accuracy and precision. This practicum
will take place at a clinical affiliate site that will be assigned by the Medical Laboratory Technician Training Program Director. This course is intended for students majoring in Medical Laboratory Technology. (FT) AA/AS.

201 Clinical Chemistry and Urinalysis
1 hour lecture, 9 hours lab, 4 units
Grade Only

Prerequisite: Biology 107 or Biology 131, each with a grade of “C” or better, or equivalent; Chemistry 130, Chemistry 130L, Biology 230, and Biology 235, each with a grade of “C” or better, or equivalent completed within seven years prior to enrollment.
Advisory: English 101 and Mathematics 96, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R6, W6 and M50.
Limitation on Enrollment: Must obtain an Add Code from the instructor for enrollment. Required to verify recency of prerequisite coursework.
This course introduces the theory and practice underlying the basic methodologies used in clinical chemistry and urinalysis. Lecture covers an introduction to components of body fluids such as blood and urine, basic principles of the clinical laboratory, quality control and quality assurance, patient confidentiality and safe handling practices of body fluids. Laboratory covers principles and theories of clinical chemistry with an emphasis on methodologies, specimen handling, measurement, and data analysis. This course is intended for students majoring in Medical Laboratory Technology or those wanting to update their medical laboratory skill set. (FT) AA/AS; CSU.

202 Clinical Hematology and Immunology
2 hours lecture, 6 hours lab, 4 units
Grade Only

Prerequisite: Biology 107 or Biology 131, each with a grade of “C” or better, or equivalent; Chemistry 130, Chemistry 130L, Biology 230, and Biology 235, each with a grade of “C” or better, or equivalent completed within seven years prior to enrollment.
Advisory: English 101 and Mathematics 96, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R6, W6 and M50.
Limitation on Enrollment: Must obtain an Add Code from the instructor for enrollment. Required to verify recency of prerequisite coursework.
This course introduces the theory and methods used in clinical microbiology laboratory. Lecture covers an introduction to the dynamics of infectious disease including clinical, epidemiologic, and therapeutic features of clinically relevant organisms. Laboratory covers principles and techniques commonly used in the identification of clinically relevant microorganisms. This course is intended for students majoring in Medical Laboratory Technology or those wanting to update their medical laboratory skill set. (FT) AA/AS; CSU.

203 Clinical Microbiology
2 hours lecture, 6 hours lab, 4 units
Grade Only

Prerequisite: Biology 107 or Biology 131, each with a grade of “C” or better, or equivalent; Chemistry 130, Chemistry 130L, Biology 230, and Biology 235, each with a grade of “C” or better, or equivalent completed within seven years prior to enrollment.
Advisory: English 101 and Mathematics 96, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R6, W6 and M50.
Limitation on Enrollment: Must obtain an Add Code from the instructor for enrollment. Required to verify recency of prerequisite coursework.
This course introduces the theory and methods used in clinical microbiology laboratory. Lecture covers an introduction to the dynamics of infectious disease including clinical, epidemiologic, and therapeutic features of clinically relevant organisms. Laboratory covers principles and techniques commonly used in the identification of clinically relevant microorganisms. This course is intended for students majoring in Medical Laboratory Technology or those wanting to update their medical laboratory skill set. (FT) AA/AS; CSU.
Music (MUSI)

100 Introduction to Music
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Level R5 and W5.
This course is designed to develop aural and analytical musical skills. Emphasis is placed on conceptual, contextual, and stylistic elements of music from various periods and cultures, and encompassing a range of genres and styles. This course is designed to support students in all majors who are interested in satisfying the general education requirements for Arts and Humanities. (FT) AA/AS; CSU; UC; C-ID MUS 100.

103 History of Rock Music
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
This course surveys the origins and development of rock and roll music from the early 1950s to the present including the pre-1950s roots of rock music. The course focuses on the evolution of different styles within the genre as well as the social, political, economic and cultural contexts of rock music. Additionally, basic musical concepts such as pitch, rhythm and form are introduced and applied to the music under consideration. This course is intended for all students interested in music. (FT) AA/AS; CSU; UC.

108 The Business of Music
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: Completion of or concurrent enrollment in English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.
This course is a comprehensive survey of the music business. Course content emphasizes the various areas of the music business, the functions of each area and the relationships between the areas. Topics include songwriting; music publishing; copyrighting; music licensing; unions and guilds; agents and managers; artists and management; the record industry; artists’ recording contracts; studios and engineers; and music in radio, television and advertising. This course is intended for students majoring in music or anyone interested in the music industry. (FT) AA/AS; CSU.

109 World Music
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
This music survey course explores the music cultures of Asia; the Middle East; Africa; Central and South America; the Caribbean; and other areas with resident populations in San Diego. Musical practices and perspectives from several music cultures are studied with an emphasis on understanding and appreciation from non-ethnocentric viewpoints. Listening perception is developed through lectures and multimedia presentations. This course is intended for students majoring in music or anyone interested in music and culture. (FT) AA/AS; CSU.

110 Music for Elementary School Teachers
2.5 hours lecture, 1.5 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
This course prepares students to teach music as part of the curriculum in the elementary school classroom, the preschool or day-care program. Students develop an understanding of musical concepts primarily by singing and playing an instrument, and practice using lesson plans for teaching these concepts to children. (FT) AA/AS; CSU.

111 Jazz – History and Development
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Level R6 and W6.
This course is a survey of the history and development of jazz in the United States. Emphasis is placed on the origins of jazz, the variety of styles that developed throughout the twentieth and twenty-first centuries, current trends and outstanding performers and composers. This course is intended for students majoring in music and all students interested in the history of jazz. (FT) AA/AS; CSU; UC.
116A College Piano I
1.5 hours lecture, 1.5 hours lab, 2 units
Letter Grade or Pass/No Pass Option
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
Limitation on Enrollment: This course is not open to students with previous credit for Music 115A. This course is an introduction to theoretical and practical piano and keyboard skills. Emphasis is placed on developing repertoire, articulations, sight reading, transposition, harmonization, and consistency of tempo. This course is designed for music majors and all students interested in developing fundamental piano and keyboard skills. (FT) AA/AS; CSU; UC.

116B College Piano II
1.5 hours lecture, 1.5 hours lab, 2 units
Letter Grade or Pass/No Pass Option
Prerequisite: Music 116A with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Music 115B. This is the second course in the college piano sequence. Emphasis is placed on basic piano and keyboard experience through music reading, notation, scales, chords and their inversions, transposition, and sight-reading. Students play a repertoire of beginning and intermediate songs and piano literature, with emphasis on keyboard harmony. This course is designed for music majors and all students interested in developing fundamental piano and keyboard skills. (FT) AA/AS; CSU; UC.

120 Beginning Voice Class
1.5 hours lecture, 1.5 hours lab, 2 units
Letter Grade or Pass/No Pass Option
Advisory: English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
Limitation on Enrollment: This course is not open to students with previous credit for Music 120A. Beginning Voice Class is an introductory study of efficient vocal production and performance. Beginning exercises for breath management, extending the vocal range, increasing vocal resonance and volume, and singing in an expressive manner are introduced. Vocal exercises and solos are performed to demonstrate these skills. Choral singers, all music majors and students considering music as a major benefit from this class. (FT) AA/AS; CSU; UC.

132A Classical Guitar I
0.5 hours lecture, 1.5 hours lab, 1 unit
Letter Grade or Pass/No Pass Option
Advisory: Music 150A with a grade of “C” or better, or equivalent.
This is the first of a two-semester sequence of courses that present the study of classical guitar. The beginning course introduces basic skills to students who have had little or no experience with the guitar. This course focuses on developing right and left-hand technique and sight-reading. Lectures are followed by practical application on the instrument. The course is intended for students who are interested in learning the fundamentals of classical guitar and elementary music skills. (FT) AA/AS; CSU; UC.

132B Classical Guitar II
0.5 hours lecture, 1.5 hours lab, 1 unit
Letter Grade or Pass/No Pass Option
Prerequisite: Music 132A with a grade of “C” or better, or equivalent.
This is the second in a two-semester sequence of study of classical guitar. In this course students are introduced to a set of broad-ranging technical skills including mastery of the fretboard, chord chart reading, and sight-reading. This course also introduces level-appropriate literature, including works from several periods and styles, with an emphasis on interpretation skills. Lectures are followed by practical application on the instrument. Students apply the skills and techniques developed in this class in live performances. This course is intended for students who are interested in learning classical guitar and music skills. (FT) AA/AS; CSU; UC.

135A College Guitar I
1.5 hours lecture, 1.5 hours lab, 2 units
Grade Only
This course is an introductory study of the theoretical and practical applications of guitar skills. Emphasis is placed on skill development in understanding, playing, reading, writing and analyzing music via the guitar. Students are
encouraged to internalize intervals, major and minor scales, triads, 7th chords, basic chord progressions and rhythms. This course is designed to prepare guitar students for guitar proficiency requirements at four-year institutions and all students interested in learning and developing fundamental theoretical and practical guitar skills. (FT) AA/AS; CSU; UC.

**135B College Guitar II**

1.5 hours lecture, 1.5 hours lab, 2 units  
**Grade Only**

*Prerequisite:* Music 135A with a grade of “C” or better, or equivalent.

This course is the second in a two-semester sequence study of the theoretical and practical applications of guitar skills. Emphasis is placed on beginning to intermediate skill development in understanding, reading, writing and analyzing music via the guitar. Students are encouraged to internalize intervals, major and minor scales, triads, 7th chords, and basic chord progressions in higher positions of the guitar. This course is designed to prepare guitar students for guitar proficiency requirements at four-year institutions and all students interested in learning and developing theoretical and practical guitar skills. (FT) AA/AS; CSU; UC.

**150A Basic Musicianship**

3 hours lecture, 3 units  
**Letter Grade or Pass/No Pass Option**

*Advisory:* English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

This course is the study and practice of musical literacy. Emphasis is placed on the development of perceptions in sight and sound as related to the symbols of rhythmic, melodic, and harmonic notation. Topics include skill development in notating notes, intervals, scales, key signatures, rhythms, and chords. Students identify terms used to indicate navigation, tempo and dynamics. This course is designed for music majors and musicians. (FT) AA/AS; CSU; UC; C-ID MUS 110.

**158A Music Theory I**

4 hours lecture, 4 units  
**Letter Grade or Pass/No Pass Option**

*Prerequisite:* Music 150A with a grade of “C” or better, or equivalent.

*Advisory:* Concurrent enrollment in Music 268A.

This course is a study of music, including structural, historical and stylistic analysis of music of Western classical music, World music, jazz, and popular music. The class will discuss the cultural, social and technical significance of the musical literature, examining rhythms, intervals, chords, cadences, melodies, phrases, notes and scales. Students will develop four-part writing skills using diatonic triads and seventh chords, and learn how to read and compose with figured bass, lead sheet chord symbols and standard musical notation. The history of notation and practice will be discussed as students develop skills in notation software and handwritten notation. This course is intended for music majors. (FT) AA/AS; CSU; UC.

**158B Music Theory II**

4 hours lecture, 4 units  
**Letter Grade or Pass/No Pass Option**

*Prerequisite:* Music 158A with a grade of “C” or better, or equivalent.

*Advisory:* Concurrent enrollment in: Music 268B.

This course series continues in its study of diatonic music including the structural, historical and stylistic analysis of music of Western classical music, World music, jazz, and popular music. The class will discuss the cultural, social and technical significance of the musical literature, examining how melody, structure, harmony, and chord progressions, have an impact on the listener. The course will include analysis of Baroque and Classical pieces of music and an examination of large-scale events and form. The course will also include identifying, creating, and composing with the modes of the major scale. Students will continue to develop four-part writing skills using triads and seventh chords, non-harmonic tones, suspensions, retardations, figured bass, 6/4 chords, modulations and tonicizations. The history of notation and practice will be discussed as students develop skills in notation software and handwritten notation. This course is intended for music majors. (FT) AA/AS; CSU; UC; C-ID MUS 130.

**190 The Electronic Music Studio**

2.5 hours lecture, 1.5 hours lab, 3 units  
**Letter Grade or Pass/No Pass Option**

*Advisory:* English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.

*Advisory:* Completion of or concurrent enrollment in Music 150A with a grade of “C” or better, or equivalent.

This course is a study of simple electronic and acoustic theory as it applies to sequencing Musical Instrument Digital Interface (MIDI), hard disk recording and other computer music applications.
Students design and create projects using microphones, recorders, mixing boards, synthesizers, and samplers. This course is designed for all students interested in making electronic music in a recording studio. (FT) AA/AS; CSU.

201 Recording Arts
2.5 hours lecture, 1.5 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Music 190 with a grade of “C” or better, or equivalent.
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5.
Advisory: Completion of or concurrent enrollment in Music 150A with a grade of “C” or better, or equivalent.
This course is a study of advanced acoustics and electronic theory as applied to recording, mixing, and sound processing. Emphasis is placed on the various applications of advanced recording, microphone use, and mixing, such as editing, effects processing, music concrete composition, and other techniques for music composition. This course is intended for advanced music students who work with recording equipment. (FT) AA/AS; CSU.

202 Computer Music
2.5 hours lecture, 1.5 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Music 190 with a grade of “C” or better, or equivalent.
Advisory: English 48 and English 49, each with a grade of “C” or better, or equivalent, or Assessment Skill Levels R5 and W5; and Music 150A with a grade of “C” or better, or equivalent.
This course is a study of the application of contemporary digital technology to the practice of music performance and composition. The emphasis of this course is on the acquisition of computer skills to access and manipulate musical data via MIDI and other digital formats. These skills allow students to digitally sample sounds, control synthesizers and samplers, synchronize computers to tape, sequence music, transcribe and print musical scores and conceive new techniques for music composition. This course is designed for students who are interested in continuing their education in the Electronic Music Studio. (FT) AA/AS; CSU.

204 Audio System Design and Maintenance
2 hours lecture, 3 hours lab, 3 units
Grade Only
Prerequisite: Music 190 and Music 201, each with a grade of “C” or better, or equivalent.
In this course, students learn to design, operate and maintain audio systems. Lessons and assignments target commercial and residential audio systems and their design, function, installation, operation and maintenance. This course is intended for students majoring in Audio Production and Engineering or anyone interested in the operation and maintenance of audio systems. (FT) AA/AS; CSU.

205A Projects in Electronic Music
2.5 hours lecture, 1.5 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Music 190 with a grade of “C” or better, or equivalent.
Advisory: Music 150A with a grade of “C” or better, or equivalent.
In this course, students expand their portfolio to include music projects/productions for various media applications. Students analyze the nature of sound, sound production, sound enhancement, and the resulting music created. This course is intended for advanced music students working in the electronic music studio. (FT) AA/AS; CSU.

205B Projects in Electronic Music
2.5 hours lecture, 1.5 hours lab, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Music 190 with a grade of “C” or better, or equivalent.
In this course, students create a portfolio of music recordings and/or productions in an electronic music studio. Assigned projects incorporate composition, arranging, engineering, and/or production applications in a variety of media environments. Students analyze the nature of sound, sound production, sound enhancement, and the resulting music created. This course is intended for advanced music students working in the electronic music studio. (FT) AA/AS; CSU.
209A Electronic Music Studio Internship I
3 hours lab, 1 unit
Grade Only
Prerequisite: Music 190 with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Music 209. Tryout or Audition.
This course is designed to provide advanced music students with the opportunity to develop skills through assisting beginning and intermediate level music students in the Electronic Music Studio (EMS) lab. Emphasis is placed on assisting students with security, scheduling and safety procedures. This course is designed for advanced EMS music students. (FT) AA/AS; CSU.

209B Electronic Music Studio Internship II
3 hours lab, 1 unit
Grade Only
Prerequisite: Music 209 or Music 209A, each with a grade of “C” or better, or equivalent.
Limitation on Enrollment: Tryout or Audition.
This course is designed to provide advanced music students with the opportunity to develop skills through assisting beginning and intermediate level music students in the Electronic Music Studio (EMS) lab. Emphasis is placed on assisting students with proper protocol, skills and knowledge learned in the electronic music studio courses. This course is designed for advanced EMS music students. (FT) AA/AS; CSU.

209C Electronic Music Studio Internship III
3 hours lab, 1 unit
Grade Only
Prerequisite: Music 209B with a grade of “C” or better, or equivalent.
Limitation on Enrollment: Tryout or Audition.
This course is designed to provide advanced music students with the opportunity to develop skills through assisting beginning and intermediate level music students in the Electronic Music Studio (EMS) lab. Emphasis is placed on troubleshooting and resolving technical problems. This course is designed for advanced EMS music students. (FT) AA/AS; CSU.

209D Electronic Music Studio Internship IV
3 hours lab, 1 unit
Grade Only
Prerequisite: Music 209C with a grade of “C” or better, or equivalent.
Limitation on Enrollment: Tryout or Audition.
This course is designed to provide advanced music students with the opportunity to develop skills through assisting beginning and intermediate level music students in the Electronic Music Studio (EMS) lab. Emphasis is placed on the elements necessary for effective professional work in a recording studio. This course is designed for skilled advanced EMS music students. (FT) AA/AS; CSU.

216 College Piano III
1.5 hours lecture, 1.5 hours lab, 2 units
Letter Grade or Pass/No Pass Option
Prerequisite: Music 115B or Music 116B, each with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Music 215B.
This course is an intensive study of practical and theoretical keyboard techniques. Emphasis is placed on music reading, notation, scales, chords, harmonization and sight-reading. Students play intermediate level piano literature and four-part scores. This course is designed for music majors and all students who want to deepen their piano skills. (FT) AA/AS; CSU; UC.

252 Concert Jazz Band
3 - 9 hours lab, 1-3 units
Letter Grade or Pass/No Pass Option
Limitation on Enrollment: Tryout or Audition.
A selected group of limited membership devoted to the preparation and performance of the best contemporary jazz and stage band literature. Designed to meet the needs of the student desiring to enter the field of professional stage band work, but open to qualified students of any department of the college. The group gives public concerts and supplies music for college functions. Attendance at rehearsals and performances is an integral part of this course. This course may be taken four times for credit. Course content differs each semester. (FT) AA/AS; CSU; UC.

258A Music Theory III
4 hours lecture, 4 units
Letter Grade or Pass/No Pass Option
Prerequisite: Music 158B with a grade of “C” or better, or equivalent.
Advisory: Concurrent enrollment in Music 269A.
This course is the third in a four semester sequence. It includes a detailed study of compositional techniques and structure in the music of the 18th and 19th centuries. The emphasis is on further development of analysis and writing.
skills using chromatic harmonies including secondary dominants, secondary leading tone chords, chromatic thirds, modulations, expanded tonicization, modal borrowing, modal mixture, altered predominants and altered dominant chords. The course includes analysis and writing of two-part tonal counterpoint and the analysis of Sonata form, binary and ternary forms. This course is designed for the student pursuing music as a major or for the student interested in enhancing technical knowledge of music. (FT) AA/AS; CSU; UC.

258B Music Theory IV
4 hours lecture, 4 units
Letter Grade or Pass/No Pass Option
Prerequisite: Music 258A with a grade of “C” or better, or equivalent.
Advisory: Concurrent enrollment in Music 269B. This course is the fourth of a four semester sequence. It includes a detailed structural analysis and study of compositional techniques in the music of the 19th, 20th and 21st centuries. The emphasis is on the study and composition of music using the new compositional techniques that emerged in the music of the late 19th and early 20th centuries including non-functional harmony, polytonality, atonality, serial techniques and jazz. The course includes analysis of music by Wagner, Debussy, Bartok, Stravinsky and Schoenberg. This course is designed for the student pursuing music as a major or for the student interested in enhancing technical knowledge of music. (FT) AA/AS; CSU; UC.

268A Beginning Ear Training Laboratory I
3 hours lab, 1 unit
Letter Grade or Pass/No Pass Option
Prerequisite: Music 150A with a grade of “C” or better, or equivalent.
Corequisite: Completion of or concurrent enrollment in Music 158A with a grade of “C” or better, or equivalent.
The course is designed to facilitate perception, performance and identification of melodic, harmonic and rhythmic patterns in music. This course consists of sight singing scales, melodies, and rhythms, notating melodies, harmonies, and rhythms, and identifying chords and intervals. The emphasis is on the development of basic skills in sight singing and dictation: the sight singing and notating of short diatonic melodies containing seconds, thirds, fourths, fifths and octaves, the identification of major, minor, augmented and diminished triads in root position, harmonic dictation of primary triads in major keys, and rhythmic dictation with duple, triple and quadruple subdivisions of the beat. This course is designed for the student pursuing music as a major or for the student interested in enhancing technical knowledge and skills. (FT) AA/AS; CSU; UC.

268B Beginning Ear Training Laboratory II
3 hours lab, 1 unit
Letter Grade or Pass/No Pass Option
Prerequisite: Music 268A with a grade of “C” or better, or equivalent.
This course is the second of a four-course sequence in ear training. Emphasis is placed on continued development of skill in sight singing major and minor melodies which contain seconds, thirds, fourths, fifths, sixths, sevenths, octaves and the tritone; melodic dictation containing triadic arpeggiation; harmonic identification of all diatonic triads in root position and inversions and in major and minor keys; rhythmic dictation with duple, triple, and quadruple subdivisions of the beat in simple and compound meters; notation of two-part and four-part dictation; and identification of errors in melodic phrases. This course is designed for the student pursuing music as a major or for the student interested in enhancing technical knowledge and skills. (FT) AA/AS; CSU; UC.

269A Advanced Ear Training Laboratory III
3 hours lab, 1 unit
Letter Grade or Pass/No Pass Option
Prerequisite: Music 268B with a grade of “C” or better, or equivalent.
This course is the third semester of a four semester series. Emphasis is on continued development of skills in sight singing melodies which contain all intervals; melodic dictation of longer phrases which contain modulations; harmonic identification of all diatonic seventh chords and harmonic dictation of chorale phrases which modulate; rhythmic dictation with quarter and eighth beat values and in simple and compound meters; and identification of all triads in all inversions and seventh chords in root position. This course is designed for the student pursuing a music major or the student interested in enhancing technical knowledge and skills. (FT) AA/AS; CSU; UC.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
269B Advanced Ear Training Laboratory IV
3 hours lab, 1 unit
Letter Grade or Pass/No Pass Option
Prerequisite: Music 269A with a grade of “C” or better, or equivalent.
This course is the fourth semester of a four semester series. Emphasis is on continued development of skills in sight singing melodies which contain all intervals, larger leaps, modality, and non-diatonic tones; melodic dictation of longer phrases which contain modulations, modality, and non-diatonic tone; harmonic identification of all diatonic seventh chords and harmonic dictation of chorale phrases which modulate, and contain secondary dominants, secondary leading tone chords, augmented sixth and neapolitan sixth chords; rhythmic dictation with quarter, eighth, and sixteenth note value, ties, and rests in simple and compound meters; and identification of all triads and seventh chords in all inversions; two-part dictation and error detection. This course is designed for the student pursuing music as a major or for the student interested in enhancing technical knowledge and skills. (FT) AA/AS; CSU; UC.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 236. Please refer to the class schedule and/or see the dean or department chair for availability.

Nutrition (NUTR)

150 Nutrition
3 hours lecture, 3 units
Grade Only
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Level R6 and W6; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30. This course is a study of the scientific concepts of nutrition relating to the functioning of nutrients within the human body. Emphasis is placed on nutritional needs throughout the life cycle, food source of nutrients, and current nutritional issues. Students utilize computer technology to analyze dietary intake and evaluate nutritional status. Included is a personal dietary analysis indicating nutritional issues. Students operated computer assisted program available. This course is intended for students majoring in nutrition and all students interested in the science of nutrition. (FT) AA/AS; CSU; UC Transfer Limitation: Nutrition (NUTR) 150 and 155 combined: maximum credit, one course; C-ID NUTR 110.

153 Cultural Foods
3 hours lecture, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5. Limitation on Enrollment: This course is not open to students with previous credit for Culinary Arts/Culinary Management 150. This course examines the regional, ethnic, cultural, religious, historical and social influences on food patterns and cuisine, as well as how food is viewed as an expression of cultural diversity. Traditional foods of geographic areas and cultures, geographic factors in food availability, global food issues, dietary habits, religious influences and an overview of nutritional problems of ethnic groups are discussed and assessed. Connection is drawn between major historical events and how and why these events affected and defined the culinary traditions of different societies. Also presented are nutrition consequences of ethnic food choices, sanitation and safety practices, and applications of food and nutrition services. This course is for students interested in a career in nutrition, dietary service supervisor certificate, culinary, hospitality management, and those with an interest in ethnic cuisine. (FT) AA/AS; CSU; UC.

155 Advanced Nutrition
3 hours lecture, 3 units
Grade Only
Prerequisite: Nutrition 150, Biology 107, Chemistry 100 and Chemistry 100L, each with a grade of “C” or better, or equivalent. Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6. This course is an in-depth study of the functioning of nutrients in the basic life processes from a biochemical and cellular approach. Emphasis is placed on the investigation of certain diets in relation to disease, current legislation relating to nutritional issues, and consumer nutritional practices. This course is intended for Nutrition and Allied Health majors. (FT) AA/AS; CSU; UC.
170 Nutrition and Fitness
3 hours lecture, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.
This course is a practical study of sports and nutrition. Emphasis is placed on the role of nutrition and enhanced performance. Students evaluate their nutritional needs during various stages of exercise. Topics include carbohydrate loading, use of supplements, determination of body composition. This course is intended for nutrition majors, athletes and all students interested in health and fitness. (FT) AA/AS; CSU.

180 Nutrition and Diet Therapy
3 hours lecture, 3 units
Grade Only
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Level R6 and W6; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.
This course is a study of the concepts of nutrition in relationship to diet therapy. Emphasis is placed on nutrition assessments of individuals with various diseases and/or conditions and related therapeutic diets. Topics include nutritional support for patients who cannot or will not eat and drug/nutrient interactions. This course is intended for nutrition and allied health majors. (FT) AA/AS; CSU.

Office Information Systems (OFCE)
See Computer Business Technology (CBTE), page 311.

Paralegal
See Legal Assistant (LEGL), page 376.
101 Symbolic Logic

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option

Prerequisite: Philosophy 100 with a grade of “C” or better, or equivalent.
Advisory: English 101 and Mathematics 96, each with a grade of “C” or better, or equivalent or Assessment Skill Levels W6, R6 and M50.

This course is a study of the elements of symbolic logic, sentential calculus and quantification theory. Topics include identity, definite descriptions, natural deduction and structure of language. This course is intended for philosophy majors and students pursuing studies in computer science. (FT) AA/AS; CSU; UC; C-ID PHIL 210.

102A Introduction To Philosophy: Reality and Knowledge

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option

Advisory: English 101 or English 105, with a grade of “C” or better, or equivalent, or Assessment Skill Levels R6 and W6.

This course is an introductory study of the aims, methods, types and problems of philosophy and philosophical inquiry. Emphasis is placed on the nature of reality and knowledge. Materials for this survey of philosophy may draw from classical and contemporary thinkers. Students are encouraged to articulate, analyze, and evaluate their own beliefs/positions in the context of meaningful philosophical inquiry. This course is intended for anyone concerned with human existence and humanity’s place in the universe. (FT) AA/AS; CSU; UC; C-ID PHIL 100.

102B Introduction To Philosophy: Values

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option

Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6 or English 105 with a grade of “C” or better, or equivalent.

This course provides an introductory study of the aims, methods, types and problems of philosophy focusing on values and their place in an individual’s daily life. Materials for this survey may be drawn from classical and contemporary thinkers. Students are encouraged to articulate, analyze, and evaluate their own beliefs/positions in the context of meaningful philosophical inquiry regarding value theory. This course is for anyone interested in the origin.
and justification of values and their application to everyday life. (FT) AA/AS; CSU; UC; C-ID PHIL 120.

104A History Of Western Philosophy
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 or English 105, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.

This course is an introduction to the issues and problems exemplified in the process of meaningful philosophical activity related to the history of western philosophy from the pre-Socratics to the close of the Medieval age. Students in this course survey representative theories and philosophical reflections related to the history of early western philosophy. Students are encouraged to engage in independent research, analysis and formulation. This course is intended for students pursuing studies in History and Humanities, and anyone interested in the history of western philosophy. (FT) AA/AS; CSU; UC.

107 Reflections on Human Nature
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6 or English 105 with a grade of “C” or better, or equivalent.

This course is an introductory study of the issues and problems exemplified in the process of meaningful philosophical activity relating to the topic of human nature. Students in this course survey representative theories and philosophical reflections relating to the notions of human nature, the individual person, and human characteristics in general. Material for this survey may be drawn from classical and contemporary thinkers or scientific and religious orientations. Students are encouraged to engage in independent research, analysis and formulation. This course is intended for students pursuing studies in behavioral and/or social sciences. (FT) AA/AS; CSU; UC.

205 Critical Thinking and Writing in Philosophy
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: English 101 with a grade of “C” or better, or equivalent, or Assessment Skill Levels R6 and W6; or English 105 with a grade of “C” or better, or equivalent.

This critical thinking and writing seminar in Philosophy is designed to enhance the student’s critical thinking, writing, and research skills in preparation for upper division academic activity. Issues addressed in this class may involve various areas of human experience and aspiration: metaphysical, cosmological, scientific, political, ethical, aesthetic, and religious. Together with the application of basic principles of deduction and induction, special attention is given to identifying and avoiding fallacies in reasoning and to techniques and aids to research, reasoning, and writing. (FT) AA/AS; CSU; UC.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 236. Please refer to the class schedule and/or see the dean or department chair for availability.
101 Survey of Physical Science Laboratory
3 hours lab, 1 unit
Letter Grade or Pass/No Pass Option
Corequisite: Completion of or concurrent enrollment in Physical Science 100 with a grade of “C” or better, or equivalent.
Advisory: Completion of or concurrent enrollment in English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 or W5; Mathematics 46 with a grade of “C” or better, or equivalent or Assessment Skill Level M40.
This course introduces students to the physical science laboratory and is designed to demonstrate the fundamental concepts of astronomy, geology, chemistry, physics and/or the earth sciences. Emphasis is placed on scientific method and collaborative learning. This course is designed for all students interested in the physical sciences. (FT) AA/AS; CSU; UC Transfer Limitation: No credit if taken after a college level course in Chemistry or Physics.

105 Physical Science for Elementary Education
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 48, English 49 and Mathematics 46, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5, W5 and M40.
This course is an introductory survey of fundamental concepts in physics and chemistry. Emphasis is placed on the ways in which physical science principles are relevant to societal issues, such as energy use and environmental sustainability. This course is especially designed for those interested in teaching science in a primary school setting in which students must understand scientific methodologies and master content in the physical sciences. (FT) AA/AS; CSU; UC Transfer Limitation: PHYN 105 and 215 combined: maximum credit, one course.

120 The Oceans
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.
This course is a study of the major features and processes of the world’s oceans. Emphasis is placed on the origin and history of ocean basins, atmospheric and ocean circulation, and the dynamics of waves, tides, and coastlines. Students explore the oceans as a resource for people and analyze and evaluate human impacts on marine environments. This course is intended for all students interested in the world’s oceans. (FT) AA/AS; CSU; UC.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 236. Please refer to the class schedule and/or see the dean or department chair for availability.

125 General Physics
4 hours lecture, 3 hours lab, 5 units
Letter Grade or Pass/No Pass Option
Prerequisite: Mathematics 104 or Mathematics 116 with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Physics 120A, 124A, 125A, 181A or 195.
This course is an introductory survey of the concepts and principles of physics. Emphasis is placed on developing an understanding of the properties of matter, mechanics, heat and sound. This course is intended for students taking liberal arts and/or pre-professional courses that do not require physics with calculus. (FT) AA/AS; CSU; UC Transfer Limitation: Physics (PHYS) 120A-120B, 121A-121B, 124A-124B, 125-126, 180A-180B, 181A-181B, 195A-195B-195C and 195-196-197 combined: maximum credit, one series; C-ID PHYS 105.

126 General Physics II
4 hours lecture, 3 hours lab, 5 units
Letter Grade or Pass/No Pass Option
Prerequisite: Physics 125 with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Physics 120B, 124B, 125B, 181B, 195B or 196.
This second course in a two-part introductory survey explores the concepts and principles of physics. Topics include electricity, magnetism, light, and modern physics. This course is intended for students taking liberal arts and/or pre-professional courses that do not require physics with calculus.

180A General Physics I
4 hours lecture, 4 units
Letter Grade or Pass/No Pass Option
Prerequisite: Mathematics 116 with a grade of “C” or better, or equivalent.
Corequisite: Completion of or concurrent enrollment in: Mathematics 121 with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Physics 120A and 125A or credit or concurrent enrollment in Physics 124A.
This course is an introductory survey of the concepts and principles of physics. Emphasis is placed on developing an understanding of the properties of matter, mechanics, heat and sound in order to make calculations and solve fundamental physics problems. (FT) AA/AS; CSU; UC Transfer Limitation: Physics (PHYS) 120A-120B, 121A-121B, 124A-124B, 125-126, 180A-180B, 181A-181B, 195A-195B-195C and 195-196-197 combined: maximum credit, one series.

180B General Physics II
4 hours lecture, 4 units
Letter Grade or Pass/No Pass Option
Prerequisite: Physics 180A with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Physics 120B and 125B or credit or concurrent enrollment in Physics 124B.
This course is an introductory survey of the concepts and principles of physics. Emphasis is placed on developing an understanding of the properties of electricity, magnetism, light and modern physics in order to make calculations and solve fundamental physics problems. (FT) AA/AS; CSU; UC Transfer Limitation: Physics (PHYS) 120A-120B, 121A-121B, 124A-124B, 125-126, 180A-180B, 181A-181B, 195A-195B-195C and 195-196-197 combined: maximum credit, one series.

181A General Physics Laboratory I
3 hours lab, 1 unit
Letter Grade or Pass/No Pass Option
Corequisite: Completion of or concurrent enrollment in: Physics 180A with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Physics 121A. This laboratory course is a hands-on study of the properties of matter, mechanics, heat and sound through laboratory experiments. This course is designed for students interested in the physical sciences. (FT) AA/AS; CSU; UC Transfer Limitation: Physics (PHYS) 120A-120B, 121A-121B, 124A-124B, 125-126, 180A-180B, 181A-181B, 195A-195B-195C and 195-196-197 combined: maximum credit, one series.

181B General Physics Laboratory II
3 hours lab, 1 unit
Letter Grade or Pass/No Pass Option
Prerequisite: Physics 180A with a grade of “C” or better, or equivalent.
Corequisite: Completion of or concurrent enrollment in: Physics 180B with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Physics 121B. This laboratory course is a hands-on study of the principles of electricity, magnetism, light and modern physics through laboratory experiments. This course is designed for students interested in the physical sciences. (FT) AA/AS; CSU; UC Transfer Limitation: Physics (PHYS) 120A-120B, 121A-121B, 124A-124B, 125-126, 180A-180B, 181A-181B, 195A-195B-195C and 195-196-197 combined: maximum credit, one series.

195 Mechanics
4 hours lecture, 3 hours lab, 5 units
Letter Grade or Pass/No Pass Option
Prerequisite: Mathematics 150 with a grade of “C” or better, or equivalent.
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
Advisory: Completion of or concurrent enrollment in Mathematics 151 with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Physics 195A and Physics 196A.
This is the first of a three semester calculus-based general physics sequence designed for scientists.

(FT) = A field trip may be required for this course.
AA/AS = Associate Degree Applicable
CSU = California State University Applicable
UC = University of California Applicable
Political Science (POLI)

101 Introduction to Political Science
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of "C" or better, or equivalent or Assessment Skill Levels R6 and W6.
This course is an introduction to the field of Political Science. Emphasis is placed on the concepts and methodologies used in the study of political institutions, political participation, public opinion, and the international political system. Topics also include a survey of political theory and the history of American political ideology and culture. This course is intended for students majoring in Political Science and those interested in the field of political science. (FT) AA/AS; CSU; UC; C-ID POLS 150.

102 The American Political System
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of "C" or better, or equivalent or Assessment Skill Levels R6 and W6.
This comprehensive survey course provides an in-depth study of the American political system. National and California systems of government are studied from the perspective of constitutional frameworks and political institutions, processes, issues, and policies. Other topics include political participation; political parties and interest groups; social movements and minorities; civil liberties; and the role of political ideology, culture, and the mass media in shaping public opinion and policymaking. This course is intended for transfer students, political science majors, or students interested in the American political system. (FT) AA/AS; CSU; UC; C-ID POLS 110.
103 Comparative Politics
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Level W6 and R6. Limitation on Enrollment: This course is not open to students with previous credit for Political Science 130. This course is an introduction to comparative politics. Emphasis is placed on analyses of various political systems using the fundamental concepts and methodologies of comparative politics. This course is designed for political science majors and anyone interested in comparative and/or international politics. (FT) AA/AS; CSU; UC; C-ID POLS 130.

140 Contemporary International Politics
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6. This course is a study of world politics including the various approaches to international relations and international political economy. Emphasis is placed on the roles of nationalism, nation-states, transnationalism and international organizations in the making of contemporary world politics as well as on issues of national security, power and diplomacy, economic competition, international law and the environment. This course is intended for students majoring in political science or anyone with an interest in world politics. (FT) AA/AS; CSU; UC; C-ID POLS 140.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 236. Please refer to the class schedule and/or see the dean or department chair for availability.

101 General Psychology
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.

This course is a survey of the concepts, principles and terminology of psychology as a science. Emphasis is placed on introducing students to the diverse areas that make up the field of psychology, preparing students for further study in the behavioral sciences and providing students with greater insight into human behavior. This course is designed for students planning to take advanced courses in the Social and Behavioral Sciences and/or students majoring in Psychology. (FT) AA/AS; CSU; UC Transfer Limitation: Psychology (PSYC) 101 and Black Studies (BLAS) 104 combined: maximum credit, one course; C-ID PSY 110.

123 Adolescent Psychology
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6. This course is an exploration of an explosive period in human development. Topics include the physical, cognitive, and emotional development of the adolescent. Students study the stresses experienced during the teenage years and investigate methods of coping with the individual adolescent. This course is intended for students interested in psychology or human development. AA/AS; CSU; UC Transfer Limitation: No Credit for Psychology (PSYC) 121 or 123 if taken after 230.

133 Psychology of Women
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6. This course is a study of the psychology of women, the nature of women’s lives, and the various roles that women play. Emphasis is placed on an historical, ethnic and cross-cultural treatment of women in the United States and abroad. Topics include women’s sexuality, health, life span development and socio-political status in the world today. This course is intended for Psychology and Women’s Studies majors. (FT) AA/AS; CSU; UC.
135 Marriage and Family Relations
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6. This course is a study of the behaviors related to courtship, engagement, marriage, and family life. Emphasis is placed on the historical, cross-cultural, and social perspectives of families. Topics include interpersonal communication, economic management, and sexuality as they relate to the family. This course is intended for Psychology and Child Development majors and all students interested in the psychology of interpersonal communication. (FT) AA/AS; CSU; UC.

137 Human Sexual Behavior
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6. This course is a study of the psychological, social, and physiological dimensions of human sexual behavior. Emphasis is placed on the diversity of human sexual development and current research. This course is designed for psychology majors and all students interested in human sexual behavior and related issues. (FT) AA/AS; CSU; UC Transfer Limitation: Psychology (PSYC) 137 and Black Studies (BLAS) 165 combined: maximum credit, one course.

155 Introduction to Personality
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent, or Assessment Skill Levels R6 and W6. This course is a survey of the fundamental personality theories within the field of psychology. Emphasis is placed on the personal life experiences of each of the major personality theorists, their research methods and approaches to the study and understanding of personality, and the applications of their theories. This course is designed for psychology majors and anyone seeking a stronger understanding of psychological theory. (FT) AA/AS; CSU; UC.

166 Introduction to Social Psychology
3 hours lecture, 3 units
Grade Only
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6. Social psychology examines how individuals are influenced by their social environment. Special attention is given to social cognition and perception, self-justification, conformity, group dynamics, prejudice, aggression, prosocial behavior and applied social psychology. Emphasis will be placed on developing critical and integrative ways of thinking about theory and research in social psychology. This course is for anyone who is interested in the subject of social psychology. (FT) AA/AS; CSU; UC; C-ID PSY 170.

201 Academic and Career Opportunities in Psychology
1 hour lecture, 1 unit
Pass/No Pass
Prerequisite: Psychology 101 with a grade of “C” or better, or equivalent. Advisory: 30 units of college course work. This course is a study of career options in the field of Psychology. Emphasis is placed on the identification of career-related strengths and interests and information on post-baccalaureate options in psychology and related fields. This course is designed for students interested in majoring in psychology. (FT) AA/AS; CSU.

211 Learning
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Psychology 101 with a grade of “C” or better, or equivalent. Limitation on Enrollment: This course is not open to students with previous credit for Psychology 210. This course is a study of the basic principles and research in animal and human learning. Topics include scientific versus nonscientific approaches to behavior studies, operant and respondent conditioning, observational and cognitive learning, and motivation as related to self-control. This course is designed for students majoring in psychology or interested in the field. AA/AS; CSU; UC.

230 Psychology of Lifespan Development
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Psychology 101 with a grade of “C” or better, or equivalent. This course is a study of the psychological development of humans in all their sociocultural diversity from conception to death. Emphasis is placed on the major theoretical paradigms related to growth and change and the variety of factors that
shape similarities and differences in life. This course is intended for students majoring in psychology. (FT) AA/AS; CSU; UC.

245 Abnormal Psychology

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.
This course is a comprehensive survey of the troubled patterns of abnormal behavior. Emphasis is placed on the theoretical models as they relate to assessment, diagnoses, etiology, treatment, and prognosis of psychopathologies. Topics also include legal and ethical issues related to abnormal psychology. This course is designed for psychology majors and all students interested in abnormal psychology. (FT) AA/AS; CSU; UC.

255 Introduction to Psychological Research

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Psychology 101 and Psychology 258, each with a grade of “C” or better, or equivalent or Mathematics 119 with a grade of “C” or better, or equivalent or Biology 200 with a grade of “C” or better, or equivalent.
This course is an introduction to scientific methodology in psychology. Emphasis is placed on descriptive, experimental, and applied research. Students use the American Psychological Association writing style for empirical report writing. This course is intended for psychology majors and majors with components of the research process. AA/AS; CSU; UC; C-ID PSY 200.

258 Behavioral Science Statistics

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Mathematics 92 with a grade of “C” or better, or equivalent or Assessment Skill Level M45 or Mathematics 96 with a grade of “C” or better, or equivalent or Assessment Skill Level M50.
Advisory: English 101 with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.
This course is an introductory study of statistics for the Behavioral Sciences. Emphasis is placed on acquainting students with the concepts underlying statistical methods and research approaches, basic statistical analyses, and principles. Topics include data collection; descriptive and inferential statistics; sampling distributions; measures of central tendency, dispersion, relative standing, and relationship; probability; prediction; hypothesis evaluation; and tests for treatment effects. This course is intended for students majoring in the behavioral/social sciences or those interested in applied statistics. (FT) AA/AS; CSU; UC Transfer Limitation: Business (BUSE) 115, Mathematics (MATH) 115, 119, Biology (BIOL) 200 or Psychology (PSYC) 258 combined: maximum credit, one course; C-ID SOCI 125.

259 Behavioral Science Statistics Laboratory

3 hours lab, 1 unit
Letter Grade or Pass/No Pass Option
Corequisite: Psychology 258.
This laboratory course offers students practice in using statistical analysis software for the behavioral sciences. Emphasis is placed on data entry, graphing, hypothesis testing and statistical analyses. This course is intended for psychology and other behavior science majors and anyone interested in using statistical analysis software for research purposes. (FT) AA/AS; CSU.

260 Introduction to Physiological Psychology

3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Psychology 101 with a grade of “C” or better, or equivalent.
This course is a study of the biological bases of behavioral and cognitive processes. Emphasis is placed on neuroanatomy and neurophysiology as a means for understanding how basic neurological processes impact perception, movement, consciousness, sexuality, hunger, emotions, and mental disorders. This course is designed for students majoring in Psychology and all students interested in physiological psychology. (FT) AA/AS; CSU; UC; C-ID PSY 150.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 236. Please refer to the class schedule and/or see the dean or department chair for availability.
101 Real Estate Principles
3 hours lecture, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.
This course is a study of the economics and transfer of land ownership. Emphasis is placed on the roles and responsibilities of the broker, the owner and the purchaser in the buying and selling of property. This course is designed for students majoring in real estate and anyone interested in the principles of real estate. This course is required to sit for the California Real Estate License. (FT) AA/AS; CSU.

105 Legal Aspects of Real Estate I
3 hours lecture, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
This course is a study of California Real Estate law. Emphasis is placed on the practical application of the law to legal problems arising from real estate transactions; statutory enactment and case law; legal instruments; zoning ordinances; and city and county planning decisions. This course applies toward the State’s educational requirements for the broker’s examination and as an elective for the salesperson’s license. This course is intended for current or future real estate professionals. (FT) AA/AS; CSU.

110 Principles of Real Estate Appraisal I
3 hours lecture, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.
This course is a study of basic appraisal principles, market analysis, and highest and best use. Topics include an overview of real property concepts and characteristics; legal consideration; value influences; real estate finance; types of value; economic principles; real estate markets and analysis; and ethics in appraisal practice. Course content also includes the tools needed to properly collect and analyze market data including market segmentation and disaggregation; supply side analysis; demand analysis; and highest and best use. This course is intended for current or future real estate professionals. (FT) AA/AS; CSU.

115 Real Estate Finance I
3 hours lecture, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 96 with a grade of “C” or better, or equivalent or Assessment Skill Level M50.
This course is a study of real estate finance. Emphasis is placed on the types of real estate lenders, the sources of income for lending purposes, and buyer qualifications. This course is designed for students majoring in real estate and for anyone interested in real estate finance. (FT) AA/AS; CSU.

120 Real Estate Practice
3 hours lecture, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 38 with a grade of “C” or better, or equivalent or Assessment Skill Level M30.
This course examines the principles of real estate practice as they pertain to day-to-day operations in a real estate office. Topics include listings, valuations, prospecting, selling, financing, exchanges, taxation, and specialized brokerage operations. Professional and ethical activities are stressed. This course applies toward the State’s educational requirements for the broker’s examination and as an elective for the salesperson’s license. It is intended for current or future real estate professionals. (FT) AA/AS; CSU.

125 Real Estate Economics
3 hours lecture, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 96 with a grade of “C” or better, or equivalent or Assessment Skill Level M50.
This course deals with trends and factors that affect the value of real estate; the nature and classification of land economics; the development of property, construction, and subdivision; economic values.
and real estate evaluation; real estate cycles and business fluctuations; residential market trends; and real property and special purpose property trends. This course applies toward the State’s educational requirements for the broker’s examination and as an elective for the salesperson’s license. It is intended for current or future real estate professionals. (FT) AA/AS; CSU.

140 Real Estate Appraisal II
3 hours lecture, 3 units
Grade Only
Advisory: English 47A or English and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Mathematics 96 with a grade of “C” or better, or equivalent or Assessment Skill Level M50.
This course examines appraisal principles and procedures for complex properties, emphasizing income producing properties. Highest and best use, market analysis, lease analysis, and depreciation estimates are also considered. This course applies as an elective toward the State’s educational requirements for the broker’s examination and toward the educational requirements for various appraisal licenses issued by the State’s Office of Real Estate Appraisers (OREA). It is intended for current or future real estate professionals. (FT) AA/AS; CSU.

151 Real Estate Computer Applications
3 hours lecture, 3 units
Grade Only
Advisory: English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5.
This introductory course covers basic computer hardware, functions, software, and Internet resources available to enhance productivity for real estate professionals. The course introduces students to a myriad of general and commercial software products designed or adapted for use in the real estate industry. Emphasis is placed on Internet tools and resources for the California Real Estate Salesperson and Broker. This course applies toward the state’s educational requirements for the California Real Estate Salesperson and Real Estate Broker license. It is intended for current or future real estate professionals. (FT) AA/AS; CSU.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 236. Please refer to the class schedule and/or see the dean or department chair for availability.
201 Advanced Principles of Sociology  
3 hours lecture, 3 units  
**Letter Grade or Pass/No Pass Option**

*Advisory:* English 101 with a grade of "C" or better, or equivalent or Assessment Skill Level R6 and W6. 
This course is a study of the origins of sociological theory. Principal contributors are presented and examined in detail, with special attention to their model of human action, the nature of empirical fact, and implications for public policy. With an emphasis on critical analyses of science and the humanities, this course is designed to provide a standard theory foundation for transfer students majoring in the arts, sciences, or social sciences. AA/AS; CSU; UC.

220 Introduction to Research Methods in Sociology  
3 hours lecture, 3 units  
**Grade Only**

*Prerequisite:* Sociology 101 with a grade of “C” or better, or equivalent.

*Advisory:* English 47A or English 48 and English 49, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R5 and W5; Psychology 258 with a grade of “C” or better, or equivalent. 
This course introduces students to the fundamental elements of sociological research. Topics include the role of theory in research, issues of ethics, key steps of research design, a review of data collection methods, quantitative and qualitative analyses, and development of a research report. This course is intended for students majoring in Sociology or other fields of social science. (FT) AA/AS; CSU; UC; C-ID SOCI 120.

223 Globalization and Social Change  
3 hours lecture, 3 units  
**Letter Grade or Pass/No Pass Option**

*Advisory:* English 101 with a grade of “C” or better, or equivalent, or Assessment Skill Levels R6 and W6; Sociology 101 with a grade of “C” or better, or equivalent.

This course evaluates the social and political changes brought on by globalization among industrialized, industrializing, and underdeveloped nations. It presents arguments and theories for and against globalization and supplements with empirical examples. The course is useful for those considering careers in law, politics, business, teaching, and non-profit organizations dealing with human rights issues, political advocacy, and international affairs. (FT) AA/AS; CSU; UC.

This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 236. Please refer to the class schedule and/or see the dean or department chair for availability.

Spanish (SPAN)

101 First Course in Spanish  
5 hours lecture, 5 units  
**Letter Grade or Pass/No Pass Option**

*Advisory:* English 43 with a grade of “C” or better, or equivalent or Assessment Skill Level W4. 

*Limitation on Enrollment:* This course is not open to students with previous credit for or concurrent enrollment in Spanish 100. 
This interactive course introduces students to the Spanish language and the cultures of the Spanish speaking world. Students use basic Spanish language structures and vocabulary to speak, listen, read, and write in cultural context at the novice level. This course is intended for all students interested in gaining proficiency in the Spanish language for academic purposes and/or personal enrichment. (FT) AA/AS; CSU; UC Transfer Limitation: Corresponds to two years of high school study; C-ID SPAN 100.

102 Second Course in Spanish  
5 hours lecture, 5 units  
**Letter Grade or Pass/No Pass Option**

*Prerequisite:* Spanish 101 with a grade of “C” or better, or equivalent or two years of high school Spanish with a grade of ‘C’ or better, or equivalent.

*Advisory:* English 43 with a grade of “C” or better, or equivalent or Assessment Skill Level W4. 

*Limitation on Enrollment:* This course is not open to students with previous credit for or concurrent enrollment in Spanish 100. 
This interactive course is the second in the Spanish language series. Students use increasingly complex Spanish language structures to speak, listen, read, and write in cultural context at the novice-high level. This course is intended for all students interested in gaining proficiency in the Spanish language for academic purposes and/or personal enrichment. (FT) AA/AS; CSU; UC; C-ID SPAN 110.
201 Third Course in Spanish
5 hours lecture, 5 units
Letter Grade or Pass/No Pass Option
Prerequisite: Spanish 102 with a grade of “C” or better, or equivalent or three years of high school Spanish.
This interactive course is the third in the Spanish language series. Students use increasingly complex language structures and vocabulary to develop the functional competence required to communicate beyond survival needs and to discuss and express opinions on abstract topics related to the arts, lifestyle, linguistics, and literature at the intermediate level. This course is intended for students majoring in Spanish and anyone interested in gaining proficiency in the Spanish language for academic purposes and/or personal enrichment. (FT) AA/AS; CSU; UC Transfer Limitation: Spanish (SPAN) 201-202 and Chicano Studies (CHIC) 203-204 combined: maximum credit, one series; C-ID SPAN 200.

202 Fourth Course in Spanish
5 hours lecture, 5 units
Letter Grade or Pass/No Pass Option
Prerequisite: Spanish 201 with a grade of “C” or better, or equivalent.
Limitation on Enrollment: This course is not open to students with previous credit for Spanish 200.
This interactive course is the fourth in the Spanish language series. Emphasis is placed on the use of complex language structures and vocabulary to communicate beyond casual conversation and to express opinions and offer hypothetical possibilities related to abstract issues and plans, cultural norms and values, and interpersonal relationships. Students are encouraged to think critically by analyzing linguistic structures and making cross cultural comparisons related to the Spanish speaking world. This course is intended for students majoring in Spanish and anyone interested in gaining proficiency in the Spanish language for academic purposes and/or personal enrichment. (FT) AA/AS; CSU; UC Transfer Limitation: Spanish (SPAN) 201-202 and Chicano Studies (CHIC) 203-204 combined: maximum credit, one series; C-ID SPAN 210.

210 Conversation and Composition Spanish I
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Spanish 102 with a grade of “C” or better, or equivalent.
This course further develops oral comprehension and fluency as well as written communication at a mid-intermediate level in Spanish through culturally relevant materials. Students increase vocabulary, dramatize everyday topics of conversation, interpret and describe materials, and compare and contrast Latin American and Spanish cultures with U.S. culture both orally and in writing. Writing strategies are emphasized and literature is introduced. This course is intended for students who want to enhance their skills in the Spanish language. (FT) AA/AS; CSU; UC.

211 Conversation and Composition Spanish II
3 hours lecture, 3 units
Letter Grade or Pass/No Pass Option
Prerequisite: Spanish 210 with a grade of “C” or better, or equivalent.
This course further develops oral comprehension and fluency as well as written communication at an advanced intermediate level in Spanish through culturally relevant materials. Students further increase vocabulary, dramatize everyday topics of conversation, interpret and describe materials, and compare and contrast Latin American and Spanish cultures with U.S. culture, both orally and in writing. Pre-reading strategies introduced in Spanish 210 are used as a basis upon which to build course emphasis in reading. More literature is introduced. This course is intended for students who want to further enhance their skills in Spanish. (FT) AA/AS; CSU; UC.

296 Individual Instruction in Spanish
1.5–6 hours lab, 0.5–2 units
Pass/No Pass Only
Limitation on Enrollment: Concurrent enrollment in a designated Spanish course is required. The instructor of the related course will supply Add Code to the student, which permits registration in the course. This is a supplementary course designed to reinforce student achievement of the learning objectives and is offered concurrently with a designated Spanish course. Learning activities may employ a variety of self-paced multimedia systems or laboratory or field research arrangements to assist students in reaching the specific learning objectives in the concurrent Spanish course. AA/AS; CSU.
This discipline may offer specialized instruction in one or more of the following areas: Supervised Tutoring (044), Experimental Topics (265), Independent Study (290), Individualized Instruction (296), Service Learning (277), or Work Experience (270). Detailed course descriptions are listed on page 236. Please refer to the class schedule and/or see the dean or department chair for availability.

Special Education
(See Disability Support Programs and Services, page 323)

Speech Communications
(See Communication Studies, page 309)

Sustainability (SUSt)

101 Introduction to Sustainability
3 hours lecture, 3 units
Grade Only
Advisory: English 101 or English 101, each with a grade of “C” or better, or equivalent or Assessment Skill Levels R6 and W6.
This course introduces students to an interdisciplinary examination of the theory and practices of sustainability. Sustainability can be defined as meeting the needs of the present generation without compromising the ability of future generations to meet their own needs. Topics include restoring ecological and environmental health, creating economic welfare, and ensuring social justice. This course is intended for students interested in Sustainability, Environmental Ethics, and Peace Studies. (FT) AA/AS; CSU; UC.

102 Second Course in Tagalog
5 hours lecture, 5 units
Letter Grade or Pass/No Pass Option
Prerequisite: Tagalog 101 with a grade of “C” or better, or equivalent.
Advisory: Concurrent enrollment in: Tagalog 296.
This course in Tagalog is the second in its language sequence. This course reinforces Filipino culture and Tagalog language concepts studied in the first semester course and introduces additional Filipino cultural and language structures at the low-intermediate level. This interactive course builds on the basic Tagalog language structures and adds new structures through speaking, listening, reading, and writing at the low-intermediate level of grammar mastery. (FT) AA/AS; CSU; UC.

201 Third Course in Tagalog
5 hours lecture, 5 units
Letter Grade or Pass/No Pass Option
Prerequisite: Tagalog 102 with a grade of “C” or better, or equivalent.
This is an intermediate course and is the third in its language sequence. In this interactive course, students use the language through speaking, listening, reading, and writing at the intermediate level. More complex language structures and vocabulary for communication are examined and explored. (FT) AA/AS; CSU; UC.

Work Experience (WORK)

OCCUPATIONAL WORK EXPERIENCE is a program of on-the-job learning experiences for students employed in jobs related to an occupationally oriented major. The goals and course assignments
for completion of the courses are formulated with industry under the direction of the college instructor assigned to teach Work Experience 270. The grading system is the same as for other subjects offered by the college, and the time spent for preparation and training is comparable. Adequate records are maintained to determine satisfactory progress and attendance.

270 Occupational Work Experience

60 - 300 hours other, 1-4 units
Grade Only

Limitation on Enrollment: Must obtain an Add Code from Work Experience Coordinator for enrollment. This course provides on-the-job learning experiences for students employed in a job or internship related to an occupational major. Students develop workplace competencies, critical thinking skills, and problem solving abilities through the creation and achievement of job-related behavioral learning objectives. One unit of credit may be earned for each 75 hours of paid employment or 60 hours of volunteer work. This course may be taken up to four times. However, the combined maximum credit for all Work Experience courses from all subject areas may not exceed 16 units. This course is intended for students majoring or interested in an occupational field of study. AA/AS; CSU.

272 General Work Experience

Hours by Arrangement
(One unit of credit is earned for each 75 hours of paid employment or 60 hours of volunteer work.)
1–3 units
Grade Only

Limitation on Enrollment: Must obtain an Add Code from Work Experience Coordinator for enrollment. A program of on-the-job learning experiences designed to assist the student in developing occupational effectiveness. Employment need not be related to a vocational or occupational major. This course may be taken for a maximum of six units. However, the combined maximum credit for all work experience courses from all disciplines may not exceed 16 units. AA/AS; CSU.
